3. Member States shall devote the necessary funding to Eurosur in order to ensure its good functioning.

<sup>(1)</sup> Regulation (EU) 2018/1240 of the European Parliament and of the Council of 12 September 2018 establishing a European Travel Information and Authorisation System (ETIAS) and amending Regulations (EU) No 1077/2011, (EU) No 515/2014, (EU) 2016/399, (EU) 2016/1624 and (EU) 2017/2226 (OJ L 236, 19.9.2018, p. 1).

*Article 7***Resources for specific actions**

2. The Commission shall be empowered to adopt delegated acts in accordance with Article 17 for the revision of the specific actions listed in Annex II, if deemed appropriate, including in the context of the mid-term review. 3. The additional amounts under this Article shall be allocated to the Member States concerned in the individual financing decision approving or revising their national programme in accordance with the procedure laid down in Article 14 of Regulation (EU) No 514/2014.

*Article 8***Resources in the framework of the mid-term review**

1. In order to allocate the amount indicated in point (c) of Article 6 (1), by 1 June 2017 the Commission shall take into account the burden of Member States in border management, including search and rescue activities which may arise during border surveillance operations at sea and assessment reports drawn up as part of the Schengen evaluation and monitoring mechanism, and threat levels at the external borders for the period 2017-2020, as well as factors that affected security at the external borders in 2014-2016. That amount shall be distributed between Member States on the basis of the weighing of the following categories of borders, taking into account paragraph 6 of this Article:
  - (a) 45 % for external maritime borders;
  - (b) 38 % for external land borders;
  - (c) 17 % for airports.
2. For the external maritime and land borders the calculation of the amount shall be based on the length of sections of the external border multiplied by a threat level (minimum, normal, medium, high) for each border section, as follows:
  - (a) coefficient 0,5 for minimum threat;
  - (b) coefficient 1 for normal threat;
  - (c) coefficient 3 for medium threat;
  - (d) coefficient 5 for high threat.

**▼B**

3. For the airports, the allocation shall be calculated for each Member State as follows:

- (a) 50 % on the basis of the number of persons crossing the external borders;
- (b) 50 % on the basis of the number of third-country nationals refused entry at the external borders.

4. In accordance with the Frontex Agency's risk analysis report and in consultation with the Frontex Agency, and, where relevant, other Union agencies, the Commission shall determine threat levels for each external border section of the Member States for the period 2017-2020. The threat levels shall be based on the following factors:

- (a) burden in border management at the external borders;
- (b) factors that affected security at the external borders of the Member States in the period 2014-2016;
- (c) changes in Union policies, for example visa policies;
- (d) possible future trends in migratory flows and risks of unlawful activities related to the irregular crossing of persons of the external borders; and
- (e) likely political, economic and social developments in third countries, and in particular, neighbouring countries.

Before issuing its report determining the threat levels, the Commission shall hold an exchange of views with the Member States.

5. For the purpose of the distribution of resources under paragraph 1:

- (a) the line between the areas referred to in Article 1 of Council Regulation (EC) No 866/2004 <sup>(1)</sup>, but not the maritime border north of that line, shall be taken into account even though it does not constitute an external land border for as long as Article 1 of Protocol No 10 on Cyprus to the 2003 Act of Accession remains applicable;
- (b) the expression 'external maritime borders' shall mean the outer limit of the territorial sea of the Member States as defined in accordance with Articles 4 to 16 of the United Nations Convention on the Law of the Sea. However, in cases where long range operations are required on a regular basis in order to prevent unauthorised border crossings, that expression shall mean the outer limit of high threat areas. Those outer limits shall be determined by taking into account the relevant data on these operations in 2014-2016 as provided by the Member States in question.

<sup>(1)</sup> Council Regulation (EC) No 866/2004 of 29 April 2004 on a regime under Article 2 of Protocol No 10 to the Act of Accession (OJ L 161, 30.4.2004, p. 128).

**▼B**

6. Moreover, following invitation from the Commission by 1 June 2017, Member States may receive an additional allocation, provided that it is earmarked as such in the national programme and is to be used to achieve specific actions to be established in the light of the priorities of the Union at that time.

7. The additional amounts under this Article shall be allocated to the Member States concerned in an individual financing decision approving or revising their national programme in accordance with the procedure laid down in Article 14 of Regulation (EU) No 514/2014.

*Article 9***National programmes**

1. The national programme to be prepared, taking into account the outcome of the policy dialogue referred to in Article 13 of Regulation (EU) No 514/2014, under the Instrument and the one to be prepared under Regulation (EU) No 513/2014 shall be proposed to the Commission as one single national programme for the Fund and in accordance with Article 14 of Regulation (EU) No 514/2014.

2. Under the national programmes to be examined and approved by the Commission pursuant to Article 14 of Regulation (EU) No 514/2014, Member States shall, within the objectives referred to in Article 3 of this Regulation and taking into account the outcome of the policy dialogue referred to in Article 13 of Regulation (EU) No 514/2014, pursue in particular objectives from the following:

- (b) supporting and expanding the existing capacity at national level in visa policy and in the management of the external borders, as well as supporting and expanding measures within the area of free movement relating to the management of external borders, bearing in mind in particular, new technology, developments and/or standards in relation to the management of migration flows;
- (c) supporting the further development of the management of migration flows by consular and other services of the Member States in third countries, including the setting up of consular cooperation mechanisms with a view to facilitating legitimate travel in accordance with Union law or the law of the Member State concerned and preventing illegal immigration into the Union;
- (d) reinforcing integrated border management by testing and introducing new tools, interoperable systems and working methods which aim to enhance information exchange within the Member State or to improve inter-agency cooperation;
- (e) developing projects with a view to ensuring a uniform and high level of control of the external border in accordance with common Union standards and aiming at increased interoperability of border management systems between Member States;

**▼B**

- (f) supporting actions, after consulting the Frontex Agency, aimed at promoting further harmonisation of border management and in particular technological capabilities, in accordance with common Union standards;
- (g) ensuring the correct and uniform application of the Union *acquis* on border control and visas in response to weaknesses identified at Union level, as shown by results established in the framework of the Schengen evaluation and monitoring mechanism;
- (h) building the capacity to face upcoming challenges, including present and future threats and pressures at the external borders, taking into account in particular the analyses carried out by relevant Union agencies.

3. In pursuit of the objectives referred to in paragraph 2, Member States may support actions in, and in relation to, third countries under their national programmes, including through information-sharing and operational cooperation.

4. The Commission shall consult the Frontex Agency on draft national programmes, in particular on the activities financed under the operating support, submitted by the Member States in order to develop complementarity between the mission of the Frontex Agency and the responsibilities of the Member States for the control and surveillance of external borders as well as to ensure consistency and to avoid cost inefficiency.

#### *Article 10*

#### **Operating support under the national programmes of the Member States**

1. A Member State may use up to 40 % of the amount allocated under the Instrument to its national programme to finance operating support to the public authorities responsible for accomplishing the tasks and services which constitute a public service for the Union.

- (a) compliance with the Union *acquis* on borders and visas;
