1. The payment institution's own funds, shall not fall below the amount of initial capital as referred to in Article 7 or the amount of own funds as calculated in accordance with Article 9 of this Directive, whichever is the higher.

2. Member States shall take the necessary measures to prevent the multiple use of elements eligible for own funds where the payment institution belongs to the same group as another payment institution, credit institution, investment firm, asset management company or insurance undertaking. This paragraph shall also apply where a payment institution has a hybrid character and carries out activities other than providing payment services.

3. If the conditions laid down in Article 7 of Regulation (EU) No 575/2013 are met, Member States or their competent authorities may choose not to apply Article 9 of this Directive to payment institutions which are included in the consolidated supervision of the parent credit institution pursuant to Directive 2013/36/EU.

*Article 9***Calculation of own funds**

1. Notwithstanding the initial capital requirements set out in Article 7, Member States shall require payment institutions, except those offering only services as referred to in point (7) or (8), or both, of Annex I, to hold, at all times, own funds calculated in accordance with one of the following three methods, as determined by the competent authorities in accordance with national legislation:

▼B

Method A

The payment institution's own funds shall amount to at least 10 % of its fixed overheads of the preceding year. The competent authorities may adjust that requirement in the event of a material change in a payment institution's business since the preceding year. Where a payment institution has not completed a full year's business at the date of the calculation, the requirement shall be that its own funds amount to at least 10 % of the corresponding fixed overheads as projected in its business plan, unless an adjustment to that plan is required by the competent authorities.

Method B

The payment institution's own funds shall amount to at least the sum of the following elements multiplied by the scaling factor k defined in paragraph 2, where payment volume (PV) represents one twelfth of the total amount of payment transactions executed by the payment institution in the preceding year:

(a) 4,0 % of the slice of PV up to EUR 5 million;

plus

(b) 2,5 % of the slice of PV above EUR 5 million up to EUR 10 million;

plus

(c) 1 % of the slice of PV above EUR 10 million up to EUR 100 million;

plus

(d) 0,5 % of the slice of PV above EUR 100 million up to EUR 250 million;

plus

(e) 0,25 % of the slice of PV above EUR 250 million.

Method C

The payment institution's own funds shall amount to at least the relevant indicator defined in point (a), multiplied by the multiplication factor defined in point (b) and by the scaling factor k defined in paragraph 2.

(a) The relevant indicator is the sum of the following:

(i) interest income;

(ii) interest expenses;

(iii) commissions and fees received; and

(iv) other operating income.

Each element shall be included in the sum with its positive or negative sign. Income from extraordinary or irregular items shall not be used in the calculation of the relevant indicator. Expenditure on the outsourcing of services rendered by third parties may reduce the relevant indicator if the expenditure is incurred from an undertaking subject to supervision under this Directive. The relevant

▼B

indicator is calculated on the basis of the 12-monthly observation at the end of the previous financial year. The relevant indicator shall be calculated over the previous financial year. Nevertheless own funds calculated according to Method C shall not fall below 80 % of the average of the previous 3 financial years for the relevant indicator. When audited figures are not available, business estimates may be used.

- (b) The multiplication factor shall be:
- (i) 10 % of the slice of the relevant indicator up to EUR 2,5 million;
 - (ii) 8 % of the slice of the relevant indicator from EUR 2,5 million up to EUR 5 million;
 - (iii) 6 % of the slice of the relevant indicator from EUR 5 million up to EUR 25 million;
 - (iv) 3 % of the slice of the relevant indicator from EUR 25 million up to 50 million;
 - (v) 1,5 % above EUR 50 million.
2. The scaling factor k to be used in Methods B and C shall be:
- (a) 0,5 where the payment institution provides only the payment service as referred to in point (6) of Annex I;
 - (b) 1 where the payment institution provides any of the payment services as referred to in any of points (1) to (5) of Annex I.
3. The competent authorities may, based on an evaluation of the risk-management processes, risk loss data base and internal control mechanisms of the payment institution, require the payment institution to hold an amount of own funds which is up to 20 % higher than the amount which would result from the application of the method chosen in accordance with paragraph 1, or permit the payment institution to hold an amount of own funds which is up to 20 % lower than the amount which would result from the application of the method chosen in accordance with paragraph 1.

*Article 10***Safeguarding requirements****▼M1**

1. Member States or competent authorities shall require payment institutions which provide payment services as referred to in points (1) to (6) of Annex I to this Directive and electronic money institutions as defined in Article 2, point (1), of Directive 2009/110/EC to safeguard all funds which have been received from the payment service users or through another payment service provider for the execution of payment transactions, in either of the following ways:
- (a) funds shall not be commingled at any time with the funds of any natural or legal person other than payment service users on whose behalf the funds are held and, where they are still held by the payment institution or electronic money institution and not yet delivered to the payee or transferred to another payment service provider by the end of the business day following the day when the funds have been received, they shall be deposited in a separate

account in a credit institution or in a central bank at the discretion of that central bank, or invested in secure, liquid low-risk assets as defined by the competent authorities of the home Member State; and they shall be insulated in accordance with national law in the interest of the payment service users against the claims of other creditors of the payment institution or electronic money institution, in particular in the event of insolvency;

- (b) funds shall be covered by an insurance policy or some other comparable guarantee from an insurance company or a credit institution, which does not belong to the same group as the payment institution or electronic money institution itself, for an amount equivalent to that which would have been segregated in the absence of the insurance policy or other comparable guarantee, payable in the event that the payment institution or electronic money institution is unable to meet its financial obligations.

▼ B

2. Where a payment institution is required to safeguard funds under paragraph 1 and a portion of those funds is to be used for future payment transactions with the remaining amount to be used for non-payment services, that portion of the funds to be used for future payment transactions shall also be subject to the requirements of paragraph 1. Where that portion is variable or not known in advance, Member States shall allow payment institutions to apply this paragraph on the basis of a representative portion assumed to be used for payment services provided such a representative portion can be reasonably estimated on the basis of historical data to the satisfaction of the competent authorities.

*Article 11***Granting of authorisation**

1. Member States shall require undertakings other than those referred to in points (a), (b), (c), (e) and (f) of Article 1(1) and other than natural or legal persons benefiting from an exemption pursuant to Article 32 or 33, who intend to provide payment services, to obtain authorisation as a payment institution before commencing the provision of payment services. An authorisation shall only be granted to a legal person established in a Member State.

2. Competent authorities shall grant an authorisation if the information and evidence accompanying the application complies with all of the requirements laid down in Article 5 and if the competent authorities' overall assessment, having scrutinised the application, is favourable. Before granting an authorisation, the competent authorities may, where relevant, consult the national central bank or other relevant public authorities.

3. A payment institution which, under the national law of its home Member State is required to have a registered office, shall have its head office in the same Member State as its registered office and shall carry out at least part of its payment service business there.

4. The competent authorities shall grant an authorisation only if, taking into account the need to ensure the sound and prudent management of a payment institution, the payment institution has robust governance arrangements for its payment services business, which include a clear organisational structure with well-defined, transparent and consistent lines of responsibility, effective procedures to identify, manage, monitor and report the risks to which it is or might

▼B

be exposed, and adequate internal control mechanisms, including sound administrative and accounting procedures; those arrangements, procedures and mechanisms shall be comprehensive and proportionate to the nature, scale and complexity of the payment services provided by the payment institution.

5. Where a payment institution provides any of the payment services as referred to in points (1) to (7) of Annex I and, at the same time, is engaged in other business activities, the competent authorities may require the establishment of a separate entity for the payment services business, where the non-payment services activities of the payment institution impair or are likely to impair either the financial soundness of the payment institution or the ability of the competent authorities to monitor the payment institution's compliance with all obligations laid down by this Directive.

6. The competent authorities shall refuse to grant an authorisation if, taking into account the need to ensure the sound and prudent management of a payment institution, they are not satisfied as to the suitability of the shareholders or members that have qualifying holdings.

7. Where close links as defined in point (38) of Article 4(1) of Regulation (EU) No 575/2013 exist between the payment institution and other natural or legal persons, the competent authorities shall grant an authorisation only if those links do not prevent the effective exercise of their supervisory functions.

8. The competent authorities shall grant an authorisation only if the laws, regulations or administrative provisions of a third country governing one or more natural or legal persons with which the payment institution has close links, or difficulties involved in the enforcement of those laws, regulations or administrative provisions, do not prevent the effective exercise of their supervisory functions.

9. An authorisation shall be valid in all Member States and shall allow the payment institution concerned to provide the payment services that are covered by the authorisation throughout the Union, pursuant to the freedom to provide services or the freedom of establishment.

*Article 12***Communication of the decision**

Within 3 months of receipt of an application or, if the application is incomplete, of all of the information required for the decision, the competent authorities shall inform the applicant whether the authorisation is granted or refused. The competent authority shall give reasons where it refuses an authorisation.

2. The competent authority shall give reasons for any withdrawal of an authorisation and shall inform those concerned accordingly.
3. The competent authority shall make public the withdrawal of an authorisation, including in the registers referred to in Articles 14 and 15.

*Article 14***Registration in the home Member State**

Branches of payment institutions shall be entered in the register of the home Member State if those branches provide services in a Member State other than their home Member State.

2. The public register shall identify the payment services for which the payment institution is authorised or for which the natural or legal person has been registered. Authorised payment institutions shall be listed in the register separately from natural and legal persons benefiting from an exemption pursuant to Article 32 or 33. The register shall be publicly available for consultation, accessible online, and updated without delay.
3. Competent authorities shall enter in the public register any withdrawal of authorisation and any withdrawal of an exemption pursuant to Article 32 or 33.

The technical requirements shall ensure that modification of the information is only possible by the competent authority and EBA.

EBA shall submit those draft regulatory technical standards to the Commission by 13 January 2018.

*Article 54***Changes in conditions of the framework contract**

1. Any changes in the framework contract or in the information and conditions specified in Article 52 shall be proposed by the payment service provider in the same way as provided for in Article 51(1) and no later than 2 months before their proposed date of application. The payment service user can either accept or reject the changes before the date of their proposed date of entry into force.

▼B

Where applicable in accordance with point (6)(a) of Article 52, the payment service provider shall inform the payment service user that it is to be deemed to have accepted those changes if it does not notify the payment service provider before the proposed date of their entry into force that they are not accepted. The payment service provider shall also inform the payment service user that, in the event that the payment service user rejects those changes, the payment service user has the right to terminate the framework contract free of charge and with effect at any time until the date when the changes would have applied.

2. Changes in the interest or exchange rates may be applied immediately and without notice, provided that such a right is agreed upon in the framework contract and that the changes in the interest or exchange rates are based on the reference interest or exchange rates agreed on in accordance with point (3)(b) and (c) of Article 52. The payment service user shall be informed of any change in the interest rate at the earliest opportunity in the same way as provided for in Article 51(1), unless the parties have agreed on a specific frequency or manner in which the information is to be provided or made available. However, changes in interest or exchange rates which are more favourable to the payment service users, may be applied without notice.

3. Changes in the interest or exchange rate used in payment transactions shall be implemented and calculated in a neutral manner that does not discriminate against payment service users.

*Article 55***Termination**

1. The payment service user may terminate the framework contract at any time, unless the parties have agreed on a period of notice. Such a period shall not exceed 1 month.

2. Termination of the framework contract shall be free of charge for the payment service user except where the contract has been in force for less than 6 months. Charges, if any, for termination of the framework contract shall be appropriate and in line with costs.

3. If agreed in the framework contract, the payment service provider may terminate a framework contract concluded for an indefinite period by giving at least 2 months' notice in the same way as provided for in Article 51(1).

4. Charges for payment services levied on a regular basis shall be payable by the payment service user only proportionally up to the termination of the contract. If such charges are paid in advance, they shall be reimbursed proportionally.

5. The provisions of this Article are without prejudice to the Member States' laws and regulations governing the rights of the parties to declare the framework contract unenforceable or void.

▼ B

6. Member States may provide for more favourable provisions for payment service users.

*Article 56***Information before execution of individual payment transactions**

- (e) the debit value date or the date of receipt of the payment order.

2. A framework contract shall include a condition that the payer may require the information referred to in paragraph 1 to be provided or made available periodically, at least once a month, free of charge and in an agreed manner which allows the payer to store and reproduce information unchanged.

3. However, Member States may require payment service providers to provide information on paper or on another durable medium at least once a month, free of charge.

▼B*Article 58***Information for the payee on individual payment transactions**

1. After the execution of an individual payment transaction, the payee's payment service provider shall provide the payee without undue delay in the same way as laid down in Article 51(1) with all of the following information:

TITLE IV

**RIGHTS AND OBLIGATIONS IN RELATION TO THE PROVISION
AND USE OF PAYMENT SERVICES**

CHAPTER 1

Common provisions*Article 61***Scope**

1. Where the payment service user is not a consumer, the payment service user and the ►C1 payment service provider may agree that Article 62(1), Article 64(3), and Articles 72, 74, 76, 77, 80, 89 and 90 ◀ do not apply in whole or in part. The payment service user and the payment service provider may also agree on time limits that are different from those laid down in Article 71.
2. Member States may provide that Article 102 does not apply where the payment service user is not a consumer.
3. Member States may provide that provisions in this Title are applied to microenterprises in the same way as to consumers.
4. This Directive shall be without prejudice to Directive 2008/48/EC, other relevant Union law or national measures regarding conditions for granting credit to consumers not harmonised by this Directive that comply with Union law.

*Article 62***Charges applicable**

1. The payment service provider shall not charge the payment service user for fulfilment of its information obligations or corrective and

▼B

preventive measures under this Title, ►C1 unless otherwise specified in Article 79(1), Article 80(5) and Article 88(4). ◀ Those charges shall be agreed between the payment service user and the payment service provider and shall be appropriate and in line with the payment service provider's actual costs.

2. Member States shall require that for payment transactions provided within the Union, where both the payer's and the payee's payment service providers are, or the sole payment service provider in the payment transaction is, located therein, the payee pays the charges levied by his payment service provider, and the payer pays the charges levied by his payment service provider.

3. The payment service provider shall not prevent the payee from requesting from the payer a charge, offering him a reduction or otherwise steering him towards the use of a given payment instrument. Any charges applied shall not exceed the direct costs borne by the payee for the use of the specific payment instrument.

4. In any case, Member States shall ensure that the payee shall not request charges for the use of payment instruments for which interchange fees are regulated under Chapter II of Regulation (EU) 2015/751 and for those payment services to which Regulation (EU) No 260/2012 applies.

5. Member States may prohibit or limit the right of the payee to request charges taking into account the need to encourage competition and promote the use of efficient payment instruments.

*Article 63***Derogation for low value payment instruments and electronic money**

1. In the case of payment instruments which, according to the framework contract, solely concern individual payment transactions not exceeding EUR 30 or which either have a spending limit of EUR 150, or store funds which do not exceed EUR 150 at any time, payment service providers may agree with their payment service users that:

- (a) point (b) of Article 69(1), points (c) and (d) of Article 70(1), and Article 74(3) do not apply if the payment instrument does not allow its blocking or prevention of its further use;
- (b) Articles 72 and 73, and Article 74(1) and (3), do not apply if the payment instrument is used anonymously or the payment service provider is not in a position for other reasons which are intrinsic to the payment instrument to prove that a payment transaction was authorised;
- (c) by way of derogation from Article 79(1), the payment service provider is not required to notify the payment service user of the refusal of a payment order, if the non-execution is apparent from the context;

▼B

- (d) by way of derogation from Article 80, the payer may not revoke the payment order after transmitting the payment order or giving consent to execute the payment transaction to the payee;
- (e) by way of derogation from Articles 83 and 84, other execution periods apply.

2. For national payment transactions, Member States or their competent authorities may reduce or double the amounts referred to in paragraph 1. They may increase them for prepaid payment instruments up to EUR 500.

3. Articles 73 and 74 of this Directive shall apply also to electronic money as defined in point (2) of Article 2 of Directive 2009/110/EC, except where the payer's payment service provider does not have the ability to freeze the payment account on which the electronic money is stored or block the payment instrument. Member States may limit that derogation to payment accounts on which the electronic money is stored or to payment instruments of a certain value.

*CHAPTER 2**Authorisation of payment transactions**Article 64***Consent and withdrawal of consent**

1. Member States shall ensure that a payment transaction is considered to be authorised only if the payer has given consent to execute the payment transaction. A payment transaction may be authorised by the payer prior to or, if agreed between the payer and the payment service provider, after the execution of the payment transaction.

2. Consent to execute a payment transaction or a series of payment transactions shall be given in the form agreed between the payer and the payment service provider. Consent to execute a payment transaction may also be given via the payee or the payment initiation service provider.

In the absence of consent, a payment transaction shall be considered to be unauthorised.

3. Consent may be withdrawn by the payer at any time, but no later than at the moment of irrevocability in accordance with Article 80. Consent to execute a series of payment transactions may also be withdrawn, in which case any future payment transaction shall be considered to be unauthorised.

4. The procedure for giving consent shall be agreed between the payer and the relevant payment service provider(s).

▼B*Article 65***Confirmation on the availability of funds**

1. Member States shall ensure that an account servicing payment service provider shall, upon the request of a payment service provider issuing card-based payment instruments, immediately confirm whether an amount necessary for the execution of a card-based payment transaction is available on the payment account of the payer, provided that all of the following conditions are met:

- (a) the payment account of the payer is accessible online at the time of the request;
- (b) the payer has given explicit consent to the account servicing payment service provider to respond to requests from a specific payment service provider to confirm that the amount corresponding to a certain card-based payment transaction is available on the payer's payment account;
- (c) the consent referred to in point (b) has been given before the first request for confirmation is made.

2. The payment service provider may request the confirmation referred to in paragraph 1 where all of the following conditions are met:

- (a) the payer has given explicit consent to the payment service provider to request the confirmation referred to in paragraph 1;
- (b) the payer has initiated the card-based payment transaction for the amount in question using a card based payment instrument issued by the payment service provider;
- (c) the payment service provider authenticates itself towards the account servicing payment service provider before each confirmation request, and securely communicates with the account servicing payment service provider in accordance with point (d) of Article 98(1).

3. In accordance with Directive 95/46/EC, the confirmation referred to in paragraph 1 shall consist only in a simple 'yes' or 'no' answer and not in a statement of the account balance. That answer shall not be stored or used for purposes other than for the execution of the card-based payment transaction.

4. The confirmation referred to in paragraph 1 shall not allow for the account servicing payment service provider to block funds on the payer's payment account.

5. The payer may request the account servicing payment service provider to communicate to the payer the identification of the payment service provider and the answer provided.

▼B

6. This Article does not apply to payment transactions initiated through card-based payment instruments on which electronic money as defined in point (2) of Article 2 of Directive 2009/110/EC is stored.

*Article 66***Rules on access to payment account in the case of payment initiation services**

1. Member States shall ensure that a payer has the right to make use of a payment initiation service provider to obtain payment services as referred to in point (7) of Annex I. The right to make use of a payment initiation service provider shall not apply where the payment account is not accessible online.

2. When the payer gives its explicit consent for a payment to be executed in accordance with Article 64, the account servicing payment service provider shall perform the actions specified in paragraph 4 of this Article in order to ensure the payer's right to use the payment initiation service.

3. The payment initiation service provider shall:

- (a) not hold at any time the payer's funds in connection with the provision of the payment initiation service;
- (b) ensure that the personalised security credentials of the payment service user are not, with the exception of the user and the issuer of the personalised security credentials, accessible to other parties and that they are transmitted by the payment initiation service provider through safe and efficient channels;
- (c) ensure that any other information about the payment service user, obtained when providing payment initiation services, is only provided to the payee and only with the payment service user's explicit consent;
- (d) every time a payment is initiated, identify itself towards the account servicing payment service provider of the payer and communicate with the account servicing payment service provider, the payer and the payee in a secure way, in accordance with point (d) of Article 98(1);
- (e) not store sensitive payment data of the payment service user;
- (f) not request from the payment service user any data other than those necessary to provide the payment initiation service;
- (g) not use, access or store any data for purposes other than for the provision of the payment initiation service as explicitly requested by the payer;
- (h) not modify the amount, the payee or any other feature of the transaction.

▼B

4. The account servicing payment service provider shall:
 - (a) communicate securely with payment initiation service providers in accordance with point (d) of Article 98(1);
 - (b) immediately after receipt of the payment order from a payment initiation service provider, provide or make available all information on the initiation of the payment transaction and all information accessible to the account servicing payment service provider regarding the execution of the payment transaction to the payment initiation service provider;
 - (c) treat payment orders transmitted through the services of a payment initiation service provider without any discrimination other than for objective reasons, in particular in terms of timing, priority or charges vis-à-vis payment orders transmitted directly by the payer.

5. The provision of payment initiation services shall not be dependent on the existence of a contractual relationship between the payment initiation service providers and the account servicing payment service providers for that purpose.

*Article 67***Rules on access to and use of payment account information in the case of account information services**

1. Member States shall ensure that a payment service user has the right to make use of services enabling access to account information as referred to in point (8) of Annex I. That right shall not apply where the payment account is not accessible online.

2. The account information service provider shall:
 - (a) provide services only where based on the payment service user's explicit consent;
 - (b) ensure that the personalised security credentials of the payment service user are not, with the exception of the user and the issuer of the personalised security credentials, accessible to other parties and that when they are transmitted by the account information service provider, this is done through safe and efficient channels;
 - (c) for each communication session, identify itself towards the account servicing payment service provider(s) of the payment service user and securely communicate with the account servicing payment service provider(s) and the payment service user, in accordance with point (d) of Article 98(1);
 - (d) access only the information from designated payment accounts and associated payment transactions;

▼B

(e) not request sensitive payment data linked to the payment accounts;

(f) not use, access or store any data for purposes other than for performing the account information service explicitly requested by the payment service user, in accordance with data protection rules.

3. In relation to payment accounts, the account servicing payment service provider shall:

(a) communicate securely with the account information service providers in accordance with point (d) of Article 98(1); and

(b) treat data requests transmitted through the services of an account information service provider without any discrimination for other than objective reasons.

4. The provision of account information services shall not be dependent on the existence of a contractual relationship between the account information service providers and the account servicing payment service providers for that purpose.

*Article 68***Limits of the use of the payment instrument and of the access to payment accounts by payment service providers**

1. Where a specific payment instrument is used for the purposes of giving consent, the payer and the payer's payment service provider may agree on spending limits for payment transactions executed through that payment instrument.

2. If agreed in the framework contract, the payment service provider may reserve the right to block the payment instrument for objectively justified reasons relating to the security of the payment instrument, the suspicion of unauthorised or fraudulent use of the payment instrument or, in the case of a payment instrument with a credit line, a significantly increased risk that the payer may be unable to fulfil its liability to pay.

3. In such cases the payment service provider shall inform the payer of the blocking of the payment instrument and the reasons for it in an agreed manner, where possible, before the payment instrument is blocked and at the latest immediately thereafter, unless providing such information would compromise objectively justified security reasons or is prohibited by other relevant Union or national law.

4. The payment service provider shall unblock the payment instrument or replace it with a new payment instrument once the reasons for blocking no longer exist.

▼B

5. An account servicing payment service provider may deny an account information service provider or a payment initiation service provider access to a payment account for objectively justified and duly evidenced reasons relating to unauthorised or fraudulent access to the payment account by that account information service provider or that payment initiation service provider, including the unauthorised or fraudulent initiation of a payment transaction. In such cases the account servicing payment service provider shall inform the payer that access to the payment account is denied and the reasons therefor in the form agreed. That information shall, where possible, be given to the payer before access is denied and at the latest immediately thereafter, unless providing such information would compromise objectively justified security reasons or is prohibited by other relevant Union or national law.

The account servicing payment service provider shall allow access to the payment account once the reasons for denying access no longer exist.

6. In the cases referred to in paragraph 5, the account servicing payment service provider shall immediately report the incident relating to the account information service provider or the payment initiation service provider to the competent authority. The information shall include the relevant details of the case and the reasons for taking action. The competent authority shall assess the case and shall, if necessary, take appropriate measures.

*Article 69***Obligations of the payment service user in relation to payment instruments and personalised security credentials**

1. The payment service user entitled to use a payment instrument shall:

- (a) use the payment instrument in accordance with the terms governing the issue and use of the payment instrument, which must be objective, non-discriminatory and proportionate;
- (b) notify the payment service provider, or the entity specified by the latter, without undue delay on becoming aware of the loss, theft, misappropriation or unauthorised use of the payment instrument.

2. For the purposes of point (a) of paragraph 1, the payment service user shall, in particular, as soon as in receipt of a payment instrument, take all reasonable steps to keep its personalised security credentials safe.

*Article 70***Obligations of the payment service provider in relation to payment instruments**

1. The payment service provider issuing a payment instrument shall:

- (a) make sure that the personalised security credentials are not accessible to parties other than the payment service user that is

▼B

entitled to use the payment instrument, without prejudice to the obligations on the payment service user set out in Article 69;

- (b) refrain from sending an unsolicited payment instrument, except where a payment instrument already given to the payment service user is to be replaced;
- (c) ensure that appropriate means are available at all times to enable the payment service user to make a notification pursuant to point (b) of Article 69(1) or to request unblocking of the payment instrument pursuant to Article 68(4); on request, the payment service provider shall provide the payment service user with the means to prove, for 18 months after notification, that the payment service user made such a notification;
- (d) provide the payment service user with an option to make a notification pursuant to point (b) of Article 69(1) free of charge and to charge, if at all, only replacement costs directly attributed to the payment instrument;
- (e) prevent all use of the payment instrument once notification pursuant to point (b) of Article 69(1) has been made.

2. The payment service provider shall bear the risk of sending a payment instrument or any personalised security credentials relating to it to the payment service user.

*Article 71***Notification and rectification of unauthorised or incorrectly executed payment transactions**

1. The payment service user shall obtain rectification of an unauthorised or incorrectly executed payment transaction from the payment service provider only if the payment service user notifies the payment service provider without undue delay on becoming aware of any such transaction giving rise to a claim, including that under Article 89, and no later than 13 months after the debit date.

The time limits for notification laid down in the first subparagraph do not apply where the payment service provider has failed to provide or make available the information on the payment transaction in accordance with Title III.

2. Where a payment initiation service provider is involved, the payment service user shall obtain rectification from the account servicing payment service provider pursuant to paragraph 1 of this Article, without prejudice to Article 73(2) and Article 89(1).

*Article 72***Evidence on authentication and execution of payment transactions**

1. Member States shall require that, where a payment service user denies having authorised an executed payment transaction or claims that the payment transaction was not correctly executed, it is for the payment service provider to prove that the payment transaction was authenticated, accurately recorded, entered in the accounts and not affected by a technical breakdown or some other deficiency of the service provided by the payment service provider.

If the payment transaction is initiated through a payment initiation service provider, the burden shall be on the payment initiation service provider to prove that within its sphere of competence, the payment transaction was authenticated, accurately recorded and not affected by a technical breakdown or other deficiency linked to the payment service of which it is in charge.

2. Where a payment service user denies having authorised an executed payment transaction, the use of a payment instrument recorded by the payment service provider, including the payment initiation service provider as appropriate, shall in itself not necessarily be sufficient to prove either that the payment transaction was authorised by the payer or that the payer acted fraudulently or failed with intent or gross negligence to fulfil one or more of the obligations under Article 69. The payment service provider, including, where appropriate, the payment initiation service provider, shall provide supporting evidence to prove fraud or gross negligence on part of the payment service user.

*Article 73***Payment service provider's liability for unauthorised payment transactions**

1. Member States shall ensure that, without prejudice to Article 71, in the case of an unauthorised payment transaction, the payer's payment service provider refunds the payer the amount of the unauthorised payment transaction immediately, and in any event no later than by the end of the following business day, after noting or being notified of the transaction, except where the payer's payment service provider has reasonable grounds for suspecting fraud and communicates those grounds to the relevant national authority in writing. Where applicable, the payer's payment service provider shall restore the debited payment account to the state in which it would have been had the unauthorised payment transaction not taken place. This shall also ensure that the credit value date for the payer's payment account shall be no later than the date the amount had been debited.

2. Where the payment transaction is initiated through a payment initiation service provider, the account servicing payment service provider shall refund immediately, and in any event no later than by the end of the following business day the amount of the unauthorised payment transaction and, where applicable, restore the debited payment account to the state in which it would have been had the unauthorised payment transaction not taken place.

▼B

If the payment initiation service provider is liable for the unauthorised payment transaction, it shall immediately compensate the account servicing payment service provider at its request for the losses incurred or sums paid as a result of the refund to the payer, including the amount of the unauthorised payment transaction. In accordance with Article 72(1), the burden shall be on the payment initiation service provider to prove that, within its sphere of competence, the payment transaction was authenticated, accurately recorded and not affected by a technical breakdown or other deficiency linked to the payment service of which it is in charge.

3. Further financial compensation may be determined in accordance with the law applicable to the contract concluded between the payer and the payment service provider or the contract concluded between the payer and the payment initiation service provider if applicable.

*Article 74***Payer's liability for unauthorised payment transactions**

1. By way of derogation from Article 73, the payer may be obliged to bear the losses relating to any unauthorised payment transactions, up to a maximum of EUR 50, resulting from the use of a lost or stolen payment instrument or from the misappropriation of a payment instrument.

The first subparagraph shall not apply if:

- (a) the loss, theft or misappropriation of a payment instrument was not detectable to the payer prior to a payment, except where the payer has acted fraudulently; or
- (b) the loss was caused by acts or lack of action of an employee, agent or branch of a payment service provider or of an entity to which its activities were outsourced.

The payer shall bear all of the losses relating to any unauthorised payment transactions if they were incurred by the payer acting fraudulently or failing to fulfil one or more of the obligations set out in Article 69 with intent or gross negligence. In such cases, the maximum amount referred to in the first subparagraph shall not apply.

Where the payer has neither acted fraudulently nor intentionally failed to fulfil its obligations under Article 69, Member States may reduce the liability referred to in this paragraph, taking into account, in particular, the nature of the personalised security credentials and the specific circumstances under which the payment instrument was lost, stolen or misappropriated.

2. Where the payer's payment service provider does not require strong customer authentication, the payer shall not bear any financial losses unless the payer has acted fraudulently. Where the payee or the

▼B

payment service provider of the payee fails to accept strong customer authentication, it shall refund the financial damage caused to the payer's payment service provider.

3. The payer shall not bear any financial consequences resulting from use of the lost, stolen or misappropriated payment instrument after notification in accordance with point (b) of Article 69(1), except where the payer has acted fraudulently.

If the payment service provider does not provide appropriate means for the notification at all times of a lost, stolen or misappropriated payment instrument, as required under point (c) of Article 70(1), the payer shall not be liable for the financial consequences resulting from use of that payment instrument, except where the payer has acted fraudulently.

*Article 75***Payment transactions where the transaction amount is not known in advance**

1. Where a payment transaction is initiated by or through the payee in the context of a card-based payment transaction and the exact amount is not known at the moment when the payer gives consent to execute the payment transaction, the payer's payment service provider may block funds on the payer's payment account only if the payer has given consent to the exact amount of the funds to be blocked.

2. The payer's payment service provider shall release the funds blocked on the payer's payment account under paragraph 1 without undue delay after receipt of the information about the exact amount of the payment transaction and at the latest immediately after receipt of the payment order.

*Article 76***Refunds for payment transactions initiated by or through a payee**

1. Member States shall ensure that a payer is entitled to a refund from the payment service provider of an authorised payment transaction which was initiated by or through a payee and which has already been executed, if both of the following conditions are met:

- (a) the authorisation did not specify the exact amount of the payment transaction when the authorisation was made;
- (b) the amount of the payment transaction exceeded the amount the payer could reasonably have expected taking into account the previous spending pattern, the conditions in the framework contract and relevant circumstances of the case.

▼B

At the payment service provider's request, the payer shall bear the burden of proving such conditions are met.

The refund shall consist of the full amount of the executed payment transaction. The credit value date for the payer's payment account shall be no later than the date the amount was debited.

▼C1

Without prejudice to paragraph 3 of this Article, Member States shall ensure that, in addition to the right referred to in the first subparagraph of this paragraph, for direct debits as referred to in Article 1 of Regulation (EU) No 260/2012, the payer has an unconditional right to a refund within the time limits laid down in Article 77 of this Directive.

▼B

2. However, for the purposes of point (b) of the first subparagraph of paragraph 1, the payer shall not rely on currency exchange reasons if the reference exchange rate agreed with its payment service provider in accordance with point (d) of Article 45(1) and point (3)(b) of Article 52 was applied.

3. It may be agreed in a framework contract between the payer and the payment service provider that the payer has no right to a refund where:

- (a) the payer has given consent to execute the payment transaction directly to the payment service provider; and
- (b) where applicable, information on the future payment transaction was provided or made available in an agreed manner to the payer for at least 4 weeks before the due date by the payment service provider or by the payee.

4. For direct debits in currencies other than euro, Member States may require their payment service providers to offer more favourable refund rights in accordance with their direct debit schemes provided that they are more advantageous to the payer.

*Article 77***Requests for refunds for payment transactions initiated by or through a payee**

1. Member States shall ensure that the payer can request the refund referred to in Article 76 of an authorised payment transaction initiated by or through a payee for a period of 8 weeks from the date on which the funds were debited.

2. Within 10 business days of receiving a request for a refund, the payment service provider shall either refund the full amount of the payment transaction or provide a justification for refusing the refund and indicate the bodies to which the payer may refer the matter in accordance with Articles 99 to 102 if the payer does not accept the reasons provided.

▼B

The payment service provider's right under the first subparagraph of this paragraph to refuse the refund shall not apply in the case set out in the fourth subparagraph of Article 76(1).

*CHAPTER 3**Execution of payment transactions*

Section 1

Payment orders and amounts transferred*Article 78***Receipt of payment orders**

1. Member States shall ensure that the time of receipt is when the payment order is received by the payer's payment service provider.

The payer's account shall not be debited before receipt of the payment order. If the time of receipt is not on a business day for the payer's payment service provider, the payment order shall be deemed to have been received on the following business day. The payment service provider may establish a cut-off time near the end of a business day beyond which any payment order received shall be deemed to have been received on the following business day.

2. If the payment service user initiating a payment order and the payment service provider agree that execution of the payment order shall start on a specific day or at the end of a certain period or on the day on which the payer has put funds at the payment service provider's disposal, the time of receipt for the purposes of Article 83 is deemed to be the agreed day. If the agreed day is not a business day for the payment service provider, the payment order received shall be deemed to have been received on the following business day.

*Article 79***Refusal of payment orders**

1. Where the payment service provider refuses to execute a payment order or to initiate a payment transaction, the refusal and, if possible, the reasons for it and the procedure for correcting any factual mistakes that led to the refusal shall be notified to the payment service user, unless prohibited by other relevant Union or national law.

The payment service provider shall provide or make available the notification in an agreed manner at the earliest opportunity, and in any case, within the periods specified in Article 83.

The framework contract may include a condition that the payment service provider may charge a reasonable fee for such a refusal if the refusal is objectively justified.

2. Where the payment transaction is initiated by a payment initiation service provider or by or through the payee, the payer shall not revoke the payment order after giving consent to the payment initiation service provider to initiate the payment transaction or after giving consent to execute the payment transaction to the payee.

3. However, in the case of a direct debit and without prejudice to refund rights the payer may revoke the payment order at the latest by the end of the business day preceding the day agreed for debiting the funds.

4. In the case referred to in Article 78(2) the payment service user may revoke a payment order at the latest by the end of the business day preceding the agreed day.

5. After the time limits laid down in paragraphs 1 to 4, the payment order may be revoked only if agreed between the payment service user and the relevant payment service providers. In the case referred to in paragraphs 2 and 3, the payee's agreement shall also be required. If agreed in the framework contract, the relevant payment service provider may charge for revocation.

*Article 81***Amounts transferred and amounts received**

▼B

2. However, the payee and the payment service provider may agree that the relevant payment service provider deduct its charges from the amount transferred before crediting it to the payee. In such a case, the full amount of the payment transaction and charges shall be separated in the information given to the payee.

3. If any charges other than those referred to in paragraph 2 are deducted from the amount transferred, the payment service provider of the payer shall ensure that the payee receives the full amount of the payment transaction initiated by the payer. Where the payment transaction is initiated by or through the payee, the payment service provider of the payee shall ensure that the full amount of the payment transaction is received by the payee.

2. This Section applies to payment transactions not referred to in the paragraph 1, unless otherwise agreed between the payment service user and the payment service provider, with the exception of Article 87, which is not at the disposal of the parties. However, if the payment service user and the payment service provider agree on a longer period than that set in Article 83, for intra-Union payment transactions, that longer period shall not exceed 4 business days following the time of receipt as referred to in Article 78.

*Article 83***Payment transactions to a payment account**

1. Member States shall require the payer's payment service provider to ensure that after the time of receipt as referred to in Article 78, the amount of the payment transaction will be credited to the payee's payment service provider's account by the end of the following business day. That time limit may be extended by a further business day for paper-initiated payment transactions.

▼B

2. Member States shall require the payment service provider of the payee to value date and make available the amount of the payment transaction to the payee's payment account after the payment service provider has received the funds in accordance with Article 87.

3. Member States shall require the payee's payment service provider to transmit a payment order initiated by or through the payee to the payer's payment service provider within the time limits agreed between the payee and the payment service provider, enabling settlement, as far as direct debit is concerned, on the agreed due date.

*Article 84***Absence of payee's payment account with the payment service provider**

Where the payee does not have a payment account with the payment service provider, the funds shall be made available to the payee by the payment service provider who receives the funds for the payee within the time limit laid down in Article 83.

*Article 85***Cash placed on a payment account**

Where a consumer places cash on a payment account with that payment service provider in the currency of that payment account, the payment service provider shall ensure that the amount is made available and value dated immediately after receipt of the funds. - (b) a currency conversion between the euro and a Member State currency or between two Member State currencies.

The obligation laid down in this paragraph shall also apply to payments within one payment service provider.

3. Member States shall ensure that the debit value date for the payer's payment account is no earlier than the time at which the amount of the payment transaction is debited to that payment account.

Section 3

Liability

Article 88

Incorrect unique identifiers

1. If a payment order is executed in accordance with the unique identifier, the payment order shall be deemed to have been executed correctly with regard to the payee specified by the unique identifier.

2. If the unique identifier provided by the payment service user is incorrect, the payment service provider shall not be liable under Article 89 for non-execution or defective execution of the payment transaction.

3. However, the payer's payment service provider shall make reasonable efforts to recover the funds involved in the payment transaction. The payee's payment service provider shall cooperate in those efforts also by communicating to the payer's payment service provider all relevant information for the collection of funds.

In the event that the collection of funds under the first subparagraph is not possible, the payer's payment service provider shall provide to the payer, upon written request, all information available to the payer's payment service provider and relevant to the payer in order for the payer to file a legal claim to recover the funds.

4. If agreed in the framework contract, the payment service provider may charge the payment service user for recovery.

5. If the payment service user provides information in addition to that specified in point (a) of Article 45(1) or point (2)(b) of Article 52, the payment service provider shall be liable only for the execution of payment transactions in accordance with the unique identifier provided by the payment service user.

▼B*Article 89***Payment service providers' liability for non-execution, defective or late execution of payment transactions**

1. Where a payment order is initiated directly by the payer, the payer's payment service provider shall, without prejudice to Article 71, Article 88(2) and (3), and Article 93, be liable to the payer for correct execution of the payment transaction, unless it can prove to the payer and, where relevant, to the payee's payment service provider that the payee's payment service provider received the amount of the payment transaction in accordance with Article 83(1). In that case, the payee's payment service provider shall be liable to the payee for the correct execution of the payment transaction.

Where the payer's payment service provider is liable under the first subparagraph, it shall, without undue delay, refund to the payer the amount of the non-executed or defective payment transaction, and, where applicable, restore the debited payment account to the state in which it would have been had the defective payment transaction not taken place.

The credit value date for the payer's payment account shall be no later than the date on which the amount was debited.

Where the payee's payment service provider is liable under the first subparagraph, it shall immediately place the amount of the payment transaction at the payee's disposal and, where applicable, credit the corresponding amount to the payee's payment account.

The credit value date for the payee's payment account shall be no later than the date on which the amount would have been value dated, had the transaction been correctly executed in accordance with Article 87.

Where a payment transaction is executed late, the payee's payment service provider shall ensure, upon the request of the payer's payment service provider acting on behalf of the payer, that the credit value date for the payee's payment account is no later than the date the amount would have been value dated had the transaction been correctly executed.

In the case of a non-executed or defectively executed payment transaction where the payment order is initiated by the payer, the payer's payment service provider shall, regardless of liability under this paragraph, on request, make immediate efforts to trace the payment transaction and notify the payer of the outcome. This shall be free of charge for the payer.

2. Where a payment order is initiated by or through the payee, the payee's payment service provider shall, without prejudice to Article 71, Article 88(2) and (3), and Article 93, be liable to the payee for correct

Where the payee's payment service provider is liable under this subparagraph, it shall immediately re-transmit the payment order in question to the payment service provider of the payer.

In the case of a late transmission of the payment order, the amount shall be value dated on the payee's payment account no later than the date the amount would have been value dated had the transaction been correctly executed.

In addition, the payment service provider of the payee shall, without prejudice to Article 71, Article 88(2) and (3), and Article 93, be liable to the payee for handling the payment transaction in accordance with its obligations under Article 87. Where the payee's payment service provider is liable under this subparagraph, it shall ensure that the amount of the payment transaction is at the payee's disposal immediately after that amount is credited to the payee's payment service provider's account. The amount shall be value dated on the payee's payment account no later than the date the amount would have been value dated had the transaction been correctly executed.

►C1 In the case of a non-executed or defectively executed payment transaction for which the payee's payment service provider is not liable under the first and third subparagraphs, the payer's payment service provider shall be liable to the payer. ◀ Where the payer's payment service provider is so liable he shall, as appropriate and without undue delay, refund to the payer the amount of the non-executed or defective payment transaction and restore the debited payment account to the state in which it would have been had the defective payment transaction not taken place. The credit value date for the payer's payment account shall be no later than the date the amount was debited.

The obligation under the fourth subparagraph shall not apply to the payer's payment service provider where the payer's payment service provider proves that the payee's payment service provider has received the amount of the payment transaction, even if execution of payment transaction is merely delayed. If so, the payee's payment service provider shall value date the amount on the payee's payment account no later than the date the amount would have been value dated had it been executed correctly.

In the case of a non-executed or defectively executed payment transaction where the payment order is initiated by or through the payee, the payee's payment service provider shall, regardless of liability under this paragraph, on request, make immediate efforts to trace the payment transaction and notify the payee of the outcome. This shall be free of charge for the payee.

▼B

3. In addition, payment service providers shall be liable to their respective payment service users for any charges for which they are responsible, and for any interest to which the payment service user is subject as a consequence of non-execution or defective, including late, execution of the payment transaction.

*Article 90***Liability in the case of payment initiation services for non-execution, defective or late execution of payment transactions**

1. Where a payment order is initiated by the payer through a payment initiation service provider, the account servicing payment service provider shall, without prejudice to Article 71 and Article 88(2) and (3), refund to the payer the amount of the non-executed or defective payment transaction and, where applicable, restore the debited payment account to the state in which it would have been had the defective payment transaction not taken place.

The burden shall be on the payment initiation service provider to prove that the payment order was received by the payer's account servicing payment service provider in accordance with Article 78 and that within its sphere of competence the payment transaction was authenticated, accurately recorded and not affected by a technical breakdown or other deficiency linked to the non-execution, defective or late execution of the transaction.

2. If the payment initiation service provider is liable for the non-execution, defective or late execution of the payment transaction, it shall immediately compensate the account servicing payment service provider at its request for the losses incurred or sums paid as a result of the refund to the payer.

Any financial compensation additional to that provided for under this Section may be determined in accordance with the law applicable to the contract concluded between the payment service user and the payment service provider.

*Article 92***Right of recourse****▼C1**

1. Where the liability of a payment service provider under Articles 73, 89 and 90 is attributable to another payment service provider or to an intermediary, that payment service provider or intermediary shall compensate the first payment service provider for any losses incurred or sums paid under Articles 73, 89 and 90. That shall include compensation where any of the payment service providers fail to use strong customer authentication.

▼B

2. Further financial compensation may be determined in accordance with agreements between payment service providers and/or intermediaries and the law applicable to the agreement concluded between them.

*Article 93***Abnormal and unforeseeable circumstances**

No liability shall arise under Chapter 2 or 3 in cases of abnormal and unforeseeable circumstances beyond the control of the party pleading for the application of those circumstances, the consequences of which would have been unavoidable despite all efforts to the contrary, or where a payment service provider is bound by other legal obligations covered by Union or national law.
