#### *Article 2*

### TITLE I

#### **GENERAL PRINCIPLES**

#### *Article 3*

Respect for the democratic principles and human rights as proclaimed in the United Nations Universal Declaration of Human Rights of 1948 and as defined in the Convention for the Protection of Human Rights and Fundamental Freedoms of 1950, in the Helsinki Final Act and the Charter of Paris for a New Europe, respect for international law principles, including full cooperation with the International Criminal Tribunal for the former Yugoslavia (ICTY) and its residual mechanism, the International Criminal Court, and respect for the rule of law as well as the principles of market economy as reflected in the Document of the Bonn Conference on Economic Cooperation of the Conference on Security Cooperation in Europe, shall form the basis of the policies of the EU and of Kosovo and constitute essential elements of this Agreement.

#### *Article 4*

Kosovo commits to abide by international law and instruments, in particular, but not only, related to the protection of human and fundamental rights, to the protection of persons belonging to minorities, and without discrimination on any ground.

#### *Article 5*

Kosovo commits to continued engagement towards a visible and sustainable improvement in relations with Serbia and to effective cooperation with the Common Security and Defence Policy mission while in place, as further defined in Article 13. These commitments constitute essential principles of this Agreement and shall underpin the development of relations and cooperation between the Parties. In case of the non-compliance by Kosovo with these commitments, the EU may take measures it deems appropriate, including suspending all or part of this Agreement.

*Article 6*

The Parties reaffirm that the most serious crimes of concern to the international community as a whole should not go unpunished and that prosecution of these crimes should be ensured by taking measures at domestic and international level.

In this respect, Kosovo undertakes, in particular, to fully cooperate with the ICTY and its residual mechanism, and all other investigations and prosecutions conducted under international auspices.

Kosovo also undertakes to abide by the Rome Statute of the International Criminal Court and in this respect to take the necessary steps for its implementation at domestic level.

*Article 7*

The development of regional cooperation and good neighbourly relations as well as respect for human rights, including the rights of persons belonging to minorities, are central to the SAP. The conclusion and the implementation of this Agreement takes place within the framework of the SAP and are based on Kosovo's own merits.

*Article 8*

Kosovo commits to continue to foster cooperation and good neighbourly relations in the region including an appropriate level of mutual concessions concerning the movement of persons, goods, capital and services as well as the development of projects of common interest in a wide range of areas, including the rule of law. This commitment constitutes a key factor in the development of relations and cooperation between the Parties, thus contributing to regional stability.

*Article 9*

The association shall be progressively and fully realised over a period of 10 years.

The Stabilisation and Association Council (hereinafter referred to as 'SAC') established under Article 126 shall review, on an annual basis, the implementation of this Agreement and the adoption and implementation by Kosovo of legal, administrative, institutional and economic reforms. This review shall be carried out in the light of the preamble and in accordance with the general principles of this Agreement. It shall be consistent with the mechanisms established under the SAP, notably the progress report on the SAP.

On the basis of this review, the SAC will issue recommendations and may take decisions.

Where the review identifies particular difficulties, they may be referred to the dispute settlement mechanisms established under this Agreement.

No later than the fifth year after the entry into force of this Agreement, the SAC shall make a thorough review of the implementation of this Agreement. On the basis of this review the SAC shall evaluate progress made by Kosovo and may take decisions governing the ensuing process of association. Similar steps shall be taken by the SAC before the end of the tenth year after the entry into force of this Agreement. If warranted by the results of the review, the SAC may take a decision to extend the period set out in the first paragraph by not more than five years. In the absence of such decisions by the SAC, this Agreement shall continue to be implemented as agreed herein.

The aforementioned review shall not apply to the free movement of goods, for which a specific schedule is provided for in Title IV.

2. As provided for in Article 5, Kosovo commits to continued engagement towards a visible and sustainable improvement in relations with Serbia. This process shall ensure that both can continue on their respective European paths, while avoiding that either can block the other in these efforts, and should gradually lead to the comprehensive normalisation of relations between Kosovo and Serbia, in the form of a legally binding agreement, with the prospect of both being able to fully exercise their rights and fulfil their responsibilities.

1. The EU and Kosovo shall refrain from any measure or practice of an internal fiscal nature establishing, whether directly or indirectly, discrimination between the products of one Party and like products originating in the territory of the other Party. Where such a measure or practice already exists, the EU and Kosovo, as appropriate, shall repeal or abolish it.

2. Products exported to the territory of one of the Parties shall not benefit from repayment of internal indirect taxation in excess of the amount of indirect taxation imposed on them.

##### *Article 40*

#### **Duties of a fiscal nature**

The provisions concerning the abolition of customs duties on imports shall also apply to customs duties of a fiscal nature.

*Article 41***Customs unions, free trade areas, cross-border/boundary arrangements**

1. This Agreement shall not preclude the maintenance or establishment of customs unions, free trade areas or arrangements for cross-border/boundary trade except in so far as they alter the trade arrangements provided for in this Agreement.
2. During the transitional period specified in Article 20, this Agreement shall not affect the implementation of the specific preferential arrangements governing the movement of goods either laid down in cross-border/boundary Agreements previously concluded between one or more Member States and Kosovo or resulting from the bilateral conventions specified in Title III concluded by Kosovo in order to promote regional trade.
3. Consultations between the Parties shall take place within the SAC concerning the Agreements referred to in paragraphs 1 and 2 and, where requested, on other major issues related to their respective trade policies towards third countries. In particular in the event of a third country acceding to the EU, such consultations shall take place so as to ensure that account is taken of the mutual interests of the EU and Kosovo as set out in this Agreement.

*Article 42***Dumping and subsidy**

1. This Agreement shall not prevent any of the Parties from taking trade defence action in accordance with paragraph 2 of this Article and with Article 43.
2. If one of the Parties finds that dumping and/or countervailable subsidisation is taking place in trade with the other Party, that Party may take appropriate measures against this practice consistent with the WTO Agreement on Implementation of Article VI of the GATT 1994 or the WTO Agreement on Subsidies and Countervailing Measures and the respective internal legislation related to those agreements.

*Article 43***Safeguards clause**

1. The parties agree that the rules and principles of Article XIX GATT 1994 and the WTO Agreement on Safeguards are applied.
2. Notwithstanding paragraph 1, the importing Party may take appropriate bilateral safeguard measures under the conditions and in accordance with the procedures laid down in this Article, where any product of one Party is being imported into the territory of the other Party in such increased quantities and under such conditions as to cause or threaten to cause:
  - (a) serious injury to the domestic industry of like or directly competitive products in the territory of the importing Party;  
or
  - (b) serious disturbances in any sector of the economy or difficulties which could bring about serious deterioration in the economic situation of a region of the importing Party.
3. Bilateral safeguard measures directed at imports from the other Party shall not exceed what is necessary to remedy the problems, as defined in paragraph 2, which have arisen as a result of application of this Agreement. The safeguard measure adopted shall consist of a suspension in the increase or in the reduction of the margins of preferences provided for under this Agreement for the product concerned up to a maximum limit corresponding to the basic duty referred to in Article 20, paragraph 4(a) and (b) and paragraph 5, for the same product. Such measures shall contain clear elements progressively leading to their elimination at the end of the set period, at the latest, and shall not be taken for a period exceeding two years.

In very exceptional circumstances, measures may be extended for a further period of maximum two years. No bilateral safeguard measure shall be applied to the import of a product that has previously been subject to such a measure for a period of time equal to that during which such measure had been previously applied, provided that the period of non-application is at least two years since the expiry of the measure.

4. In the cases specified in this Article, before taking the measures provided for therein or, in the cases to which paragraph 5(b) of this Article applies, as soon as possible, the EU or Kosovo shall supply the SAC with all relevant information required for a thorough examination of the situation, with a view to seeking a solution acceptable to the Parties.

5. For the implementation of the paragraphs 1, 2, 3 and 4 the following provisions shall apply:
- (a) The problems arising from the situation referred to in this Article shall be immediately referred for examination to the SAC, which may take any decisions needed to put an end to such problems.

If the SAC or the exporting Party has not taken a decision putting an end to the problems, or no other satisfactory solution has been reached within 30 days of the matter being referred to the SAC, the importing Party may adopt the appropriate measures to remedy the problem in accordance with this Article. In the selection of safeguard measures, priority must be given to those which least disturb the functioning of the arrangements established in this Agreement. Safeguard measures shall preserve the level/margin of preference granted under this Agreement.

- (b) Where exceptional and critical circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Party concerned may, in the situations specified in this Article, apply forthwith provisional measures necessary to deal with the situation and shall inform the other Party immediately thereof.

The safeguard measures shall be notified immediately to the SAC and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances so permit.

6. In the event of the EU, or Kosovo, subjecting imports of products liable to give rise to the problems referred to in this Article to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows, it shall inform the other Party.

#### Article 44

#### **Shortage clause**

1. Where compliance with this Title leads to:
- (a) critical shortage, or threat thereof, of foodstuffs or other products essential to the exporting Party; or
- (b) re-export to a third country of a product against which the exporting Party maintains quantitative export restrictions, export duties or measures or charges having equivalent effect, and where the situations referred to above give rise, or are likely to give rise to major difficulties for the exporting Party,

that Party may take appropriate measures under the conditions and in accordance with the procedures laid down in this Article.

2. In the selection of measures, priority must be given to those which least disturb the functioning of the arrangements in this Agreement. Such measures shall not be applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination where the same conditions prevail, or a disguised restriction on trade, and shall be eliminated when conditions no longer justify their maintenance.

3. Before taking the measures provided for in paragraph 1 or, as soon as possible in cases to which paragraph 4 applies, the EU or Kosovo shall supply the SAC with all relevant information, with a view to seeking a solution acceptable to the Parties. The SAC may agree on any means needed to put an end to the difficulties. If no agreement is reached within 30 days of the matter being referred to the SAC, the exporting Party may apply measures under this Article on the exportation of the product concerned.

4. Where exceptional and critical circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the EU or Kosovo may apply forthwith the precautionary measures necessary to deal with the situation and shall inform the other Party immediately thereof.

5. Any measures applied pursuant to this Article shall be immediately notified to the SAC and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their elimination as soon as circumstances so permit.

#### Article 45

#### **State monopolies**

With regard to state monopolies of a commercial character, Kosovo shall ensure that, by the entry into force of this Agreement, no discrimination regarding the conditions under which goods are procured and marketed exists between nationals of the Member States and Kosovo citizens.

*Article 46***Rules of origin**

Except as otherwise stipulated in this Agreement, Protocol III lays down the rules of origin for the implementation of this Agreement.

*Article 47***Restrictions authorised**

This Agreement shall not preclude prohibitions or restrictions on imports, exports or goods in transit justified on grounds of public morality, public policy or public security; the protection of health and life of humans, animals or plants; the protection of treasures of artistic, historic or archaeological value or the protection of intellectual, industrial and commercial property, or rules relating to gold and silver. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the Parties.

*Article 48***Failure to provide administrative cooperation**

1. The Parties agree that administrative cooperation is essential for the implementation and the control of the preferential treatment granted under this Title and underline their commitment to combating irregularities and fraud in customs and related matters.
2. Where a Party has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud under this Title, that Party (referred to in this Article as 'the Party concerned') may temporarily suspend the relevant preferential treatment of the product(s) concerned in accordance with this Article.
3. For the purpose of this Article a failure to provide administrative cooperation means, inter alia:
  - (a) a repeated failure to respect the obligations to verify the originating status of the product(s) concerned;
  - (b) a repeated refusal or undue delay in carrying out and/or communicating the results of subsequent verification of the proof of origin;
  - (c) a repeated refusal or undue delay in obtaining authorisation to conduct administrative cooperation missions to verify the authenticity of documents or accuracy of information relevant to the granting of the preferential treatment in question.

For the purpose of this Article, a finding of irregularities or fraud may be made, inter alia, where there is a rapid increase, without satisfactory explanation, in imports of goods exceeding the usual level of production and export capacity of the other Party, which is linked to objective information concerning irregularities or fraud.

4. The application of a temporary suspension shall be subject to the following conditions:
  - (a) the Party which has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud shall immediately notify the Stabilisation and Association Committee of its finding, together with the objective information, and enter into consultations with the other Party within the Stabilisation and Association Committee, on the basis of all relevant information and objective findings, with a view to reaching a solution acceptable to both Parties.
  - (b) Where the Parties have entered into consultations within the Stabilisation and Association Committee under point (a) and have failed to agree on an acceptable solution within three months following the notification, the Party concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned. A temporary suspension shall be notified to the Stabilisation and Association Committee immediately.
  - (c) Temporary suspensions under this Article shall be limited to the minimum necessary to protect the financial interests of the Party concerned. They shall not exceed a period of six months, which may be renewed. Temporary suspensions shall be notified immediately after their adoption to the Stabilisation and Association Committee. They shall be subject to periodic consultations within the Stabilisation and Association Committee, in particular with a view to their termination as soon as the conditions for their application no longer prevail.
5. At the same time as the notification to the Stabilisation and Association Committee under paragraph 4(a), the Party concerned shall publish a notice to importers in its Official Journal. The notice to importers should indicate for the product concerned that there is a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud.

*Article 49*

In case of error by the competent authorities in the proper management of the preferential system at export, and in particular in the application of Protocol III where this error leads to consequences in terms of import duties, the Party facing such consequences may request the SAC to examine the possibilities of adopting all appropriate measures with a view to resolving the situation.

Such measures shall not be used as a means of avoiding the Party's obligations under this Agreement.

3. Nothing in this Agreement shall be construed to require a Party to disclose information relating to the affairs and accounts of individual customers or any confidential or proprietary information in the possession of public entities.

#### Article 54

1. Articles 51 and 52 do not preclude the application by a Party of particular rules concerning the establishment and operation in its territory of branches of companies of another Party not incorporated in the territory of the first Party, which are justified by legal or technical differences between such branches as compared to branches of companies incorporated in its territory or, as regards financial services, for prudential reasons.

2. The difference in treatment shall not go beyond what is strictly necessary as a result of such legal or technical differences or, as regards financial services, for prudential reasons.

### CHAPTER II

#### **Supply of services**

#### Article 55

1. An EU company established in the territory of Kosovo or a Kosovo company established in the EU shall be entitled to employ, or have employed by one of its subsidiaries or branches, in accordance with the legislation in force in the host territory of establishment, in the territory of the EU and of Kosovo respectively, employees who are nationals of the EU or citizens of Kosovo respectively, provided that such employees are key personnel as defined in paragraph 2 and that they are employed exclusively by companies, subsidiaries or branches.

2. Key personnel of the abovementioned companies hereinafter referred to as 'organisations' are 'intra-corporate transferees' as defined in point (c) in the following categories, provided that the organisation is a legal person and that the persons concerned have been employed by it or have been partners in it (other than as majority shareholders), for at least the year immediately preceding such movement:

- (c) An 'intra-corporate transferee' is defined as a natural person working within an organisation in the territory of a Party, and being temporarily transferred in the context of the pursuit of economic activities in the territory of the other Party; the organisation concerned must have its principal place of business in the territory of a Party and the transfer be to an establishment (branch, subsidiary) of that organisation, effectively pursuing like economic activities in the territory of the other Party.
3. The entry into and the temporary presence within the territory of the EU or in Kosovo of Kosovo citizens and EU nationals respectively shall be permitted when these representatives of companies are persons working in a senior position, as defined in paragraph 2(a), within a company, and are responsible for the setting up of an EU subsidiary or branch of a Kosovo company or of a Kosovo subsidiary or branch of an EU company in a Member State or in Kosovo respectively, when:

  - (b) the company has its principal place of business outside the EU or Kosovo, respectively, and has no other representative, office, branch or subsidiary in that Member State or in Kosovo respectively.

#### Article 56

In order to make it easier for EU nationals and citizens of Kosovo to take up and pursue regulated professional activities in Kosovo and in the EU respectively, within two years from the entry into force of this Agreement, the SAC shall examine which steps are necessary for the mutual recognition of qualifications. It may take all necessary measures to that end.

#### Article 57

Six years from entry into force of this Agreement, the SAC shall establish the modalities to extend the provisions of this chapter to EU nationals and citizens of Kosovo with a view to the temporary entry and stay of service suppliers established as self-employed in a territory of a Party and who have concluded a bona fide contract to supply services with a final consumer in that Party, requiring their presence on a temporary basis in that Party in order to fulfil the contract to provide services.

#### Article 58

1. The EU and Kosovo undertake, in accordance with paragraphs 2 and 3, to take the necessary steps to allow progressively the supply of services by EU companies, Kosovo companies or by EU nationals or citizens of Kosovo which are established in the territory of a Party other than that of the person for whom the services are intended.
2. In step with the liberalisation process referred to in paragraph 1, the Parties shall permit the temporary movement of natural persons providing the service or who are employed by the service provider as key personnel as defined in Article 55, including natural persons who are representatives of an EU or Kosovo company or an EU national or Kosovo citizen and are seeking temporary entry for the purpose of negotiating for the sale of services or entering into agreements to sell services for that service provider, where those representatives will not be engaged in making direct sales to the general public or in supplying services themselves.
3. After five years from the entry into force of this Agreement, the SAC shall take the measures necessary to progressively implement paragraphs 1 and 2. Account shall be taken of the progress achieved by Kosovo in its approximation of laws with the EU *acquis*.

#### Article 59

1. The Parties shall not take any measures or actions which render the conditions for the supply of services by EU nationals or companies and Kosovo citizens or companies which have their place of permanent residence or establishment in a Party other than that of the person for whom the services are intended significantly more restrictive as compared to the situation existing on the day preceding the day of entry into force of this Agreement.
2. If one Party is of the view that measures introduced by the other Party since the entry into force of this Agreement result in a situation which is significantly more restrictive in respect of the supply of services as compared with the situation existing at the date of entry into force of this Agreement, such Party may request the other Party to enter into consultations.

#### Article 60

With regard to supply of transport services between the EU and Kosovo, the following provisions shall apply:

- (1) With regard to air transport, the conditions of mutual market access shall be dealt with by the Multilateral Agreement on the Establishment of the European Common Aviation Area.
- (2) With regard to land transport, the conditions of mutual market access and transit traffic in road transport shall be dealt with by the Treaty establishing the Transport Community.
- (3) Kosovo shall adapt its legislation, including administrative, technical and other rules, to that of the EU existing at any time in the field of air and land transport insofar as it furthers liberalisation purposes and mutual access to markets of the Parties and facilitates the movement of passengers and of goods.
- (4) Kosovo commits to abide by any international conventions relating to road safety, while paying particular attention to the agreed comprehensive network of the South East Europe Transport Observatory (SEETO).
- (5) This Chapter shall not apply to maritime services.

#### CHAPTER III

2. The Parties agree to grant unrestricted access to EU transit traffic through Kosovo and to Kosovo transit traffic through the EU with effect from the date of entry into force of this Agreement.
3. If, as a result of the rights granted under paragraph 2 of this Article, transit traffic by EU hauliers increases to such a degree as to cause or threaten to cause serious harm to road infrastructure and/or traffic fluidity on the axes, and under the same circumstances problems arise on EU territory close to the border/boundary of Kosovo, the matter shall be submitted to the SAC in accordance with Article 128 of this Agreement. The Parties may propose exceptional temporary, non-discriminatory measures as are necessary to limit or mitigate such harm.
4. The Parties shall refrain from taking any unilateral action that might lead to discrimination between carriers or vehicles from the EU and carriers or vehicles from Kosovo. The Parties shall take all steps necessary to facilitate road transport to or through the territory of the other Party.

*Article 63***Simplification of formalities**

With regard to transactions on the capital and financial account of balance of payments, from the entry into force of this Agreement, the Parties shall ensure the free movement of capital relating to direct investments made in companies formed in accordance with the applicable legislation and investments made in accordance with Chapter I of Title V, and the liquidation or repatriation of these investments and of any profit stemming therefrom.
2. With regard to transactions on the capital and financial account of balance of payments, from the entry into force of this Agreement, the Parties shall ensure the free movement of capital relating to credits related to commercial transactions or to the provision of services, including financial loans and credits, in which a resident of one of the Parties is participating. This Article does not cover portfolio investment, notably the acquisition of shares on the capital market solely with the intention of making a financial investment without any intention to influence the management and control of the undertaking.
3. Kosovo shall, within five years from the entry into force of this Agreement, grant national treatment to EU nationals acquiring real estate on its territory.
4. Without prejudice to paragraph 1, the Parties shall not introduce any new restrictions on the movement of capital and current payments between residents of the EU and Kosovo and shall not make the existing arrangements more restrictive.
5. Without prejudice to this Article and to Article 64, where, in exceptional circumstances, movements of capital cause, or threaten to cause, serious difficulties for the operation of exchange rate policy or monetary policy in the EU or Kosovo, the EU and Kosovo, respectively, may take safeguard measures with regard to movements of capital between the EU and Kosovo for a period not exceeding six months if such measures are strictly necessary.
6. The Parties shall consult each other with a view to facilitating the movement of capital between the EU and Kosovo in order to promote the objectives of this Agreement.

*Article 66*

1. During the first year following the date of entry into force of this Agreement, Kosovo shall take measures permitting the creation of the necessary conditions for the further gradual application of EU rules on the free movement of capital.

2. This Title shall not apply to activities that in the territory of either of the Parties are connected, even occasionally, with the exercise of official authority.

*Article 68*

1. For the purpose of this Title, nothing in this Agreement shall prevent the Parties from applying their laws and regulations regarding entry and stay, employment, working conditions, establishment of natural persons and supply of services, notably insofar as the granting, renewal or refusal of a residence permit is concerned, provided that, in so doing, they do not apply them in such a manner as to nullify or impair the benefits accruing to either Party under the terms of a specific provision of this Agreement and the EU *acquis*. This provision shall be without prejudice to the application of Article 67.

2. This Title shall not apply to measures affecting natural persons seeking access to the employment market of either Party, nor shall it apply to measures regarding citizenship, residence or employment on a permanent basis.

*Article 69*

Companies which are controlled and exclusively owned jointly by EU companies or EU nationals and by Kosovo companies or citizens of Kosovo shall also be covered by this Title.

*Article 70*

1. The Most-Favoured-Nation treatment granted in accordance with this Title shall not apply to the tax advantages that the Parties are providing or will provide in the future on the basis of Agreements designed to avoid double taxation or other tax arrangements.

2. This Title shall not be construed to prevent the adoption or enforcement by the Parties of any measure aimed at preventing the avoidance or evasion of taxes pursuant to the tax provisions of Agreements to avoid double taxation and other tax arrangements or domestic fiscal legislation.

3. This Title shall not be construed to prevent the Parties, when applying the relevant provisions of their fiscal legislation, from distinguishing between taxpayers who are not in identical situations, in particular as regards their place of residence.

*Article 71*

1. The Parties shall endeavour wherever possible to avoid the imposition of restrictive measures, including measures relating to imports, for balance of payments purposes. A Party adopting such measures shall present as soon as possible to the other Party a timetable for their removal.

2. Where one or more Member States or Kosovo is in serious balance of payments difficulties, or facing imminent threat thereof, the EU and Kosovo may, in accordance with the conditions established under the WTO Agreement, adopt restrictive measures, including measures relating to imports, which shall be of limited duration and shall not go beyond what is strictly necessary to remedy the balance of payments situation. The EU and Kosovo shall inform the other Party forthwith.

*Article 72*

This Title shall be progressively adjusted, notably in the light of requirements arising from Article V of the GATS.

1. The Parties recognise the importance of the approximation of the existing legislation in Kosovo to that of the EU and of its effective implementation. Kosovo shall endeavour to ensure that its existing law and future legislation will gradually be made compatible with the EU *acquis*. Kosovo shall ensure that existing law and future legislation will be properly implemented and enforced.

2. This approximation shall start on the date of signature of this Agreement, and shall gradually extend to all the elements of the EU *acquis* referred to in this Agreement by the end of the transitional period defined in Article 9.

3. Approximation will, at an early stage, focus on fundamental elements of the EU *acquis* in the field of the Internal Market, and in the field of Freedom, Security and Justice, as well as on trade-related areas. At a further stage, Kosovo shall focus on the remaining parts of the EU *acquis*.

Approximation shall be carried out on the basis of a programme to be agreed between the European Commission and Kosovo.

4. Kosovo shall also define, in agreement with the European Commission, the modalities for the monitoring of the implementation of approximation of legislation and law enforcement actions to be taken, including efforts by Kosovo to reform its judiciary to implement its overall legal framework.

#### Article 75

### Competition and other economic provisions

1. The following are incompatible with the proper functioning of this Agreement, insofar as they may affect trade between the EU and Kosovo:

- (a) all Agreements between undertakings, decisions by associations of undertakings and concerted practices between undertakings which have as their object or effect the prevention, restriction or distortion of competition;
- (b) abuse by one or more undertakings of a dominant position in the territories of the EU or of Kosovo as a whole or in a substantial part thereof;
- (c) any state aid which distorts or threatens to distort competition by favouring certain undertakings or certain products.

2. Any practices contrary to this Article shall be assessed on the basis of criteria arising from the application of the competition rules applicable in the EU, in particular from Articles 101, 102, 106 and 107 of the Treaty on the Functioning of the European Union and interpretative instruments adopted by the EU institutions.

3. The Parties shall ensure that an operationally independent authority is entrusted with the powers necessary for the full application of paragraph 1(a) and (b) of this Article, regarding private and public undertakings and undertakings to which special rights have been granted.

4. Kosovo shall ensure that an operationally independent authority is entrusted with the powers necessary for the full application of paragraph 1(c). This authority shall have, *inter alia*, the powers to authorise state aid schemes and individual aid grants in conformity with paragraph 2, as well as the powers to order the recovery of state aid that has been unlawfully granted.

5. The EU on one side and Kosovo on the other side shall ensure transparency in the area of state aid, *inter alia*, by providing to the other Party a regular annual report, or equivalent, following the methodology and the presentation of the EU survey on state aid. Upon request by one Party, the other Party shall provide information on particular individual cases of state aid.

6. Kosovo shall establish a comprehensive inventory of aid schemes instituted and shall align such aid schemes with the criteria referred to in paragraph 2 within a period of no more than three years from the entry into force of this Agreement.

7. (a) For the purposes of applying paragraph 1(c), the Parties recognise that during the first five years after the entry into force of this Agreement, any state aid granted by Kosovo shall be assessed taking into account the fact that Kosovo shall be regarded as an area identical to those areas of the EU described in Article 107(3)(a) of the Treaty on the Functioning of the European Union.

(b) Within four years from the entry into force of this Agreement, Kosovo shall submit to the European Commission its GDP per capita figures harmonised at NUTS II level. *Article 125*

In order to permit optimum use of the resources available, the Parties shall ensure that EU financial assistance is given in close coordination with that from other sources such as the Member States, non-EU countries and international financial institutions.

Before so doing, except in cases of special urgency, it shall supply the SAC with all relevant information required for a thorough examination of the situation with a view to seeking a solution acceptable to the Parties.

In the selection of measures, priority must be given to those which least disturb the functioning of this Agreement. These measures shall be notified immediately to the SAC and shall be the subject of consultations, if the other Party so requests, within the SAC, the Stabilisation and Association Committee or any other body set up on the basis of Article 130 and Article 131.

Where a Party considers that a measure adopted by the other Party, or a failure of the other Party to act, constitutes a breach of its obligations under this Agreement, the formal request that the dispute be resolved shall give the reasons for this opinion and indicate, as the case may be, that the Party may adopt measures as provided for in Article 136(4).

2. The Parties shall endeavour to resolve the dispute by entering into good faith consultations within the SAC and other bodies as provided in paragraph 3, with the aim of reaching as soon as possible a mutually acceptable solution.

As long as the dispute is not resolved, it shall be discussed at every meeting of the SAC, unless the arbitration procedure as provided for in Protocol V has been initiated. A dispute shall be deemed to be resolved when the SAC has taken a binding decision to settle the matter as provided for in Article 136(3), or when it has declared that there is no longer a dispute.

Consultations on a dispute can also be held at any meeting of the Stabilisation and Association Committee or any other relevant committee or body set up on the basis of Articles 130 and 131, as agreed between the Parties or at the request of any of the Parties. Consultations may also be held in writing.

All information disclosed during the consultations shall remain confidential.

4. For matters within the scope of application of Protocol V, any Party may submit the matter in dispute for settlement through arbitration in accordance with that Protocol, when the Parties have failed to resolve the dispute within two months after the initiation of the dispute settlement procedure in accordance with paragraph 1 of this Article.

2. In the EU, the geographical indications for Kosovo, which are to be established and listed in Appendix 1, Part B:
- (a) shall be protected for wines, spirit drinks and aromatised wines originating in Kosovo, and
- (b) shall not be used otherwise than under the conditions provided for by the laws and regulations of Kosovo.
3. The Parties shall take all measures necessary, in accordance with this Agreement, for the reciprocal protection of the names referred to in Article 4(a), second indent, and 4(b), which are used for the description, labelling and presentation of wines, spirit drinks and aromatised wines originating in the territory of the Parties. To that end, each Party shall make use of the appropriate legal means referred to in Article 23 of the TRIPS Agreement to ensure an effective protection and prevent geographical indications from being used to identify wines, spirit drinks and aromatised wines not covered by the indications or the descriptions concerned.
4. The geographical indications referred to in Article 4 shall be reserved exclusively for the products originating in the territory of the Party to which they apply and may be used only under the conditions laid down in the laws and regulations of that Party.
5. The geographical indications referred to in Article 4 shall be protected against:
- (a) any direct or indirect commercial use of a protected name:
- for comparable products not compliant with the product specification of the protected name, or
  - in so far as such use exploits the reputation of a geographical indication;
- (b) any misuse, imitation or evocation, even if the true origin of the product or service is indicated or if the protected name is translated or accompanied by an expression such as 'style', 'type', 'method', 'as produced in', 'imitation', 'flavour', 'like' or similar;
- (c) any other false or misleading indication as to the provenance, origin, nature or essential qualities on the description, presentation, or labelling of the product liable to convey a false impression as to its origin;
- (d) any other practice liable to mislead the consumer as to the true origin of the product.
6. If geographical indications listed in Appendix 1 are homonymous, protection shall be granted to each indication provided that it has been used in good faith. The Parties shall mutually decide the practical conditions of use under which the homonymous geographical indications will be differentiated from each other, taking into account the need to ensure equitable treatment of the producers concerned and that consumers are not misled.
7. If a geographical indication listed in Appendix 1 is homonymous with a geographical indication for a third country, Article 23(3) of the TRIPS Agreement applies.
8. This Agreement shall in no way prejudice the right of any person to use, in the course of trade, that person's name or the name of that person's predecessor in business, except where such name is used in such a manner as to mislead consumers.
9. Nothing in this Agreement shall oblige a Party to protect a geographical indication of the other Party listed in Appendix 1 which is not or ceases to be protected in its country of origin or which has fallen into disuse in that country.

10. On the entry into force of this Agreement, the Parties shall no longer deem that the protected geographical names listed in Appendix 1 are customary in the common language of the Parties as a common name for wines, spirit drinks and aromatised wines as provided for in Article 24(6) of the TRIPS Agreement.

##### **Protection of traditional terms**

1. In Kosovo, the traditional terms for the EU listed in Appendix 2:
  - (a) shall not be used for the description or presentation of wine originating in Kosovo; and

2. Kosovo shall take the measures necessary, in accordance with this Agreement, for the protection of the traditional terms referred to in Article 4 and used for the description and presentation of wines originating in the territory of the EU. To that end, Kosovo shall provide appropriate legal means to ensure an effective protection and prevent traditional terms from being used to describe wine not entitled to those traditional terms, even where the traditional terms used are accompanied by expressions such as 'kind', 'type', 'style', 'imitation', 'method' or the like.
3. The protection of a traditional term shall apply only:
  - (a) to the language or languages in which it appear(s) in Appendix 2 and not in translation; and

1. The responsible offices of the Parties shall refuse the registration of a trade mark for a wine, spirit drink or aromatised wine which is identical with, or similar to, or contains or consists of a reference to a geographical indication protected under Article 4 of Title I of this Agreement if its use would lead to any of the situations referred to in Article 6(5).
2. The responsible offices of the Parties shall refuse the registration of a trade mark for a wine which contains or consists of a traditional term protected under this Agreement if the wine in question is not one for which the traditional term is reserved as indicated in Appendix 2.
3. Kosovo shall adopt the necessary measures to amend all trade marks so as to fully remove all reference to EU geographical indications protected under Article 4 of Title I of this Agreement. All said references shall be removed upon the entry into force of this Agreement.

#### *Article 9*

##### **Exports**

The Parties shall take all steps necessary to ensure that, where wines, spirit drinks and aromatised wines originating in a Party are exported and marketed outside that Party, the protected geographical indications referred to in Article 4(a), second indent, and 4(b) and in the case of wines, the traditional terms of that Party referred to in Article 4(a)(iii) are not used to describe and present such products which originate in the other Party.

### PROTOCOL III

#### Concerning the concept of 'originating products'

##### Article 1

##### Applicable rules of origin

For the purpose of implementing this Agreement, Appendix 1 and the relevant provisions of Appendix 2 to the Regional Convention on pan-Euro-Mediterranean preferential rules of origin <sup>(1)</sup> (hereinafter referred to as 'the Regional Convention'), shall apply.

All references to the 'relevant agreement' in Appendix 1 to the Regional Convention and in the relevant provisions of Appendix 2 to the Regional Convention shall be construed so as to mean this Agreement.

##### Article 2

##### Cumulation

Notwithstanding Articles 16(5) and 21(3) of Appendix 1 to the Regional Convention, where cumulation involves only EFTA States, the Faroe Islands, the EU, Turkey and the participants in the SAP, the proof of origin may be a movement certificate EUR.1 or an origin declaration.

##### Article 3

##### Dispute settlement

Where disputes arise in relation to the verification procedures of Article 32 of Appendix 1 to the Regional Convention which cannot be settled between the customs authorities requesting the verification and the customs authorities responsible for carrying out this verification, they shall be submitted to the SAC.

In all cases the settlement of disputes between the importer and the customs authorities of the place of import shall take place under the legislation of the latter.

##### Article 4

##### Amendments to the Protocol

The SAC may decide to amend this Protocol.

##### Article 5

##### Withdrawal from the Regional Convention

1. Should either the EU or Kosovo give notice in writing to the depositary of the Regional Convention of their intention to withdraw from the Regional Convention in accordance with Article 9 thereof, the EU and Kosovo shall immediately enter into negotiations on rules of origin for the purpose of implementing the Agreement.
2. Until the beginning of the application of such newly negotiated rules of origin, the rules of origin contained in Appendix 1 to the Regional Convention and, where appropriate, the relevant provisions of Appendix 2 to the Regional Convention, applicable at the moment of withdrawal, shall continue to apply to this Agreement. However, as of the moment of withdrawal, the rules of origin contained in Appendix 1 to the Regional Convention and, where appropriate, the relevant provisions of Appendix 2 to the Regional Convention shall be construed so as to allow bilateral cumulation between the EU and Kosovo only.

## Section I

**Arbitration procedure***Article 3***Initiation of the arbitration procedure**

1. Where the Parties have failed to resolve the dispute, the complaining Party may under the conditions of Article 137 of this Agreement, submit a request in writing for the establishment of an arbitration panel to the Party complained against as well as to the Stabilisation and Association Committee.
2. The complaining Party shall state in its request the subject-matter of the dispute and, as the case may be, the measure adopted by the other Party, or the failure to act, which it considers to be in breach of the provisions referred to in Article 2.

*Article 4***Composition of the arbitration panel**

1. An arbitration panel shall be composed of three arbitrators.
2. Within 10 days of the date of the submission of the request for the establishment of an arbitration panel to the Stabilisation and Association Committee, the Parties shall consult in order to reach an agreement on the composition of the arbitration panel.
3. In the event that the Parties are unable to agree on the composition of the arbitration panel within the time frame referred to in paragraph 2, either Party may request the chairperson of the Stabilisation and Association Committee, or his delegate, to select all three members by lot from the list established under Article 15, one among the individuals proposed by the complaining Party, one among the individuals proposed by the Party complained against and one among the arbitrators selected by the Parties to act as chairperson.

In case the Parties agree on one or more of the members of the arbitration panel, any remaining members shall be appointed in accordance with the same procedure.

4. The selection of the arbitrators by the chairperson of the Stabilisation and Association Committee, or his delegate, shall be done in the presence of a representative of each Party.
5. The date of establishment of the arbitration panel shall be the date on which the chairperson of the panel is informed of the appointment in common agreement between the Parties of the three arbitrators or, as the case may be, the date of their selection in accordance with paragraph 3.
6. Where a Party considers that an arbitrator does not comply with the requirements of the Code of Conduct referred to in Article 18, the Parties shall consult and, if they so agree, replace the arbitrator and select a replacement pursuant to paragraph 7. Where the Parties fail to agree on the need to replace an arbitrator, the matter shall be referred to the chairperson of the arbitration panel, whose decision will be final.

Where a Party considers that the chairperson of the arbitration panel does not comply with the Code of Conduct referred to in Article 18, the matter shall be referred to one of the remaining members of the pool of arbitrators selected to act as chairperson, his name being drawn by lot by the chairperson of the Stabilisation and Association Committee, or his delegate, in the presence of a representative of each Party, unless otherwise agreed between the Parties.

7. If an arbitrator is unable to participate in the proceeding, withdraws or is replaced pursuant to paragraph 6, a replacement shall be selected within five days in accordance with the selection procedures followed to select the original arbitrator. The panel proceedings will be suspended for the period taken to carry out this procedure.

*Article 5***Arbitration panel ruling**

1. The arbitration panel shall notify its ruling to the Parties and to the Stabilisation and Association Committee within 90 days from the date of the establishment of the arbitration panel. Where it considers that this deadline cannot be met, the chairperson of the panel must notify the Parties and the Stabilisation and Association Committee in writing, stating the reasons for the delay. Under no circumstances should the ruling be issued later than 120 days from the date of the establishment of the panel.

Under no circumstance should it take longer than 100 days from the date of the establishment of the panel. The arbitration panel may give a preliminary ruling within 10 days of its establishment on whether it deems the case to be urgent.
3. The ruling shall set out the findings of fact, the applicability of the relevant provisions of this Agreement and the basic rationale behind any findings and conclusions that it makes. The ruling may contain recommendations on the measures to be adopted for compliance with it.

4. The complaining Party may withdraw its complaint by written notification to the chairperson of the arbitration panel, the Party complained against and the Stabilisation and Association Committee, at any time before the ruling is notified to the Parties and the Stabilisation and Association Committee. Such withdrawal is without prejudice to the complaining Party's right to introduce a new complaint regarding the same measure at a later point in time.

5. The arbitration panel shall, at the request of both Parties, suspend its work at any time for a period not exceeding 12 months. Once the period of 12 months has been exceeded, the authority for the establishment of the panel will lapse, without prejudice to the right of the complaining Party to request at a later stage the establishment of a panel on the same measure.

## Section II

### Compliance

#### Article 6

#### **Compliance with the arbitration panel ruling**

Each Party shall take any measure necessary to comply with the arbitration panel ruling, and the Parties will endeavour to agree on the reasonable period of time to comply with the ruling.

#### Article 7

#### **Reasonable period of time for compliance**

1. No later than 30 days after the notification of the arbitration panel ruling to the Parties, the Party complained against shall notify the complaining Party of the time it will require for compliance (hereinafter referred to as 'reasonable period of time'). Both parties shall endeavour to agree on the reasonable period of time.

2. If there is disagreement between the Parties on the reasonable period of time to comply with the arbitration panel ruling, the complaining Party may request the Stabilisation and Association Committee, within 20 days of the notification made under paragraph 1, to reconvene the original arbitration panel to determine the length of the reasonable period of time. The arbitration panel shall notify its ruling within 20 days from the date of the submission of the request.

3. In the event of the original panel, or some of its members, being unable to reconvene, the procedures set out in Article 4 shall apply. The time-limit for notifying the ruling remains 20 days from the date of the panel's establishment.

#### Article 8

#### **Review of any measure taken to comply with the arbitration panel ruling**

1. The Party complained against shall notify the other Party and the Stabilisation and Association Committee before the end of the reasonable period of time of any measure that it has taken to comply with the arbitration panel ruling.

2. In the event that there is disagreement between the Parties concerning the compatibility of any measure notified under paragraph 1 of this Article, with the provisions referred to in Article 2, the complaining Party may request the original arbitration panel to rule on the matter. Such request shall explain why the measure is not in conformity with this Agreement. Once re-convened, the arbitration panel shall issue its ruling within 45 days of the date of its re-establishment.

3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures laid down in Article 4 shall apply. The time-limit for notifying the ruling remains 45 days from the date of the panel's establishment.

#### Article 9

#### **Temporary remedies in case of non-compliance**

1. If the Party complained against fails to notify any measure taken to comply with the arbitration panel ruling before the expiry of the reasonable period of time, or if the arbitration panel rules that the measure notified under Article 8(1) is not in conformity with that Party's obligations under this Agreement, the Party complained against shall, if so requested by the complaining Party, present an offer for temporary compensation.

2. If no agreement on compensation is reached within 30 days of the end of the reasonable period of time, or of the arbitration panel ruling under Article 8 that a measure taken to comply is not in conformity with this Agreement, the complaining Party shall be entitled, upon notification to the other Party and to the Stabilisation and Association Committee, to suspend the application of benefits granted under the provisions referred to in Article 2 of this Protocol at a level equivalent to the adverse economic impact caused by the violation. The complaining Party may implement the suspension 10 days after the date of the notification, unless the Party complained against has requested arbitration under paragraph 3.

3. If the Party complained against considers that the level of suspension is not equivalent to the adverse economic impact caused by the violation, it may request, in writing and before the expiry of the ten-day period referred to in paragraph 2, that the chairperson of the original arbitration panel reconvene the original arbitration panel. The arbitration panel shall notify its ruling on the level of the suspension of benefits to the Parties and to the Stabilisation and Association Committee within 30 days of the date of the submission of the request. Benefits shall not be suspended until the arbitration panel has issued its ruling, and any suspension shall be consistent with the ruling of the arbitration panel.

4. The suspension of benefits shall be temporary and shall be applied only until any measure found to violate this Agreement has been withdrawn or amended so as to bring it into conformity with this Agreement, or until the Parties have agreed to settle the dispute.

#### Article 10

##### **Review of any measure taken to comply after the suspension of benefits**

1. The Party complained against shall notify the other Party and the Stabilisation and Association Committee of any measure it has taken to comply with the ruling of the arbitration panel and of its request for an end to the suspension of benefits applied by the complaining Party.

2. If the Parties do not reach an agreement on the compatibility of the notified measure with this Agreement within 30 days of the date of the submission of the notification, the complaining Party may request, in writing, that the chairperson of the original arbitration panel rule on the matter. Such request shall be notified simultaneously to the other Party and to the Stabilisation and Association Committee. The arbitration panel ruling shall be notified within 45 days of the date of the submission of the request. If the arbitration panel rules that any measure taken to comply is not in conformity with this Agreement, the arbitration panel will determine whether the complaining party can continue the suspension of benefits at the original or at a different level. If the arbitration panel rules that any measure taken to comply is in conformity with this Agreement, the suspension of benefits shall be terminated.

3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures laid down in Article 4 shall apply. The period for notifying the ruling remains 45 days from the date of the panel's establishment.

*Article 14***Arbitration panel decisions and rulings**

1. All decisions of the arbitration panel, including the adoption of the ruling, shall be taken by majority vote.
2. All rulings of the arbitration panel shall be binding on the Parties. They shall be notified to the Parties and to the Stabilisation and Association Committee, which shall make them publicly available unless it decides by consensus not to do so.

*Article 16***Relation with WTO obligations**

In the event of the accession of Kosovo to the World Trade Organisation (WTO), should objective circumstances so permit, the following shall apply:

- (a) Arbitration panels set up under this Protocol shall not adjudicate disputes on each Party's rights and obligations under the Agreement establishing the World Trade Organisation;
- (b) The right of either Party to have recourse to the dispute settlement provisions of this Protocol shall be without prejudice to any action in the WTO framework, including dispute settlement action. However, where a Party has, with regard to a particular measure, instituted a dispute settlement proceeding, either under Article 3(1) of this Protocol or under the WTO Agreement, it may not institute a dispute settlement proceeding regarding the same measure in the other forum until the first proceeding has ended. For the purposes of this paragraph, dispute settlement proceedings under the WTO Agreement are deemed to be initiated by a Party's request for the establishment of a panel under Article 6 of the Understanding on Rules and Procedures Governing the Settlement of Disputes of the WTO;
- (c) This Protocol shall not preclude a Party from implementing the suspension of obligations authorised by a WTO Dispute Settlement Body.

*Article 17***Time-limits**

1. All time-limits laid down in this Protocol shall be counted in calendar days from the day following the act or fact to which they refer.

2. Any time-limit referred to in this Protocol may be extended by mutual agreement of the Parties.

*JOINT DECLARATION*

The European Union (hereinafter referred to as the 'EU') recalls the obligation of those countries that have established a customs union with the EU to align their trade regime to the one of the EU, and for some of them, to conclude preferential agreements with trade partners having preferential trade agreements with the EU.

In this context, the parties note that Kosovo shall start negotiations with those countries which:

- (a) have established a customs union with the EU; and
- (b) whose products do not benefit from the tariff concessions under this Agreement,

with a view to concluding a bilateral agreement establishing a free trade area consistent with Article XXIV of the General Agreement on Tariffs and Trade 1994 (GATT 1994). Kosovo shall start negotiations as soon as possible with a view to having the above mentioned agreements entering into force as quickly as possible.
