of 26 February 1997

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Directive 76/769/EEC of 27 July 1976 on the approximation of the laws, regulations and administrative provisions of the Member States relating to restrictions on the marketing and use of certain dangerous substances and preparations⁽¹⁾, as last amended by Commission Directive 96/55/EC⁽²⁾, and in particular Article 2a thereof, introduced by Council Directive 89/678/EEC⁽³⁾,

Whereas the Council and the Representatives of the Governments of the Member States, meeting within the Council, adopted Decision 90/238/Euratom, ECSC, EEC⁽⁴⁾ concerning a 1990 to 1994 action plan in the context of the 'Europe against Cancer' programme;

Whereas Directive 94/60/EC⁽⁵⁾ of the European Parliament and Council, amending for the 14th time Directive 76/769/EEC prohibited with certain exemptions the placing on the market for use by the general public of substances classified as carcinogenic, mutagenic and toxic to reproduction in categories 1 or 2 (CMRs) by adding such substances to Annex I of Directive 76/769/EEC;

Whereas Annex I to Directive 76/769/EEC already contained substances classified CMR to which Directive 94/60/EC did not apply;

Whereas placing on the market for use by the general public of these CMRs and preparations containing these CMRs should also be prohibited with certain exceptions;

Whereas the restrictions laid down by this Directive take into account the current state of knowledge and techniques regarding safer alternatives;

Whereas this Directive does not affect Community legislation laying down minimum requirements for the protection of workers contained in Council Directive

89/391/EEC⁽⁶⁾ and in individual Directives based thereon, in particular Council Directive 90/394/EEC⁽⁷⁾;

Whereas the measures provided for in this Directive are in accordance with the opinion of the Committee for the adaptation to technical progress of the Directives on the removal of technical barriers to trade in dangerous substances and preparations,

HAS ADOPTED THIS DIRECTIVE:
