REGULATIONS

REGULATION (EU) No 1021/2013 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

of 9 October 2013

(Text with EEA relevance)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Articles 43(2) and 114(1) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Economic and Social Committee (1),

Acting in accordance with the ordinary legislative procedure (2),

Whereas:

(2) In particular, Directives 2000/36/EC, 2001/111/EC, 2001/113/EC and 2001/114/EC confer powers on the Commission to adopt measures necessary for the implementation of those Directives relating to adaptation to technical progress. Such measures are currently subject to the regulatory procedure with scrutiny in the case of Directive 2000/36/EC, and to the regulatory procedure in the case of Directives 2001/111/EC, 2001/113/EC and 2001/114/EC. It is appropriate, following the entry into force of the Treaty of Lisbon, to align that conferral of powers to Article 290 TFEU and the scope of those powers should be reviewed.

(3) The Annexes to Directives 2000/36/EC, 2001/111/EC and 2001/113/EC contain technical elements which might have to be adapted or updated in order to take

account of developments in relevant international standards. However, Directives 2000/36/EC and 2001/111/EC do not confer on the Commission appropriate powers to promptly amend the Annexes thereto in order to take account of such developments. Therefore, in order to ensure the consistent implementation of Directives 2000/36/EC and 2001/111/EC, additional powers to amend Sections C and D of Annex I to Directive 2000/36/EC and Part B of the Annex to Directive 2001/111/EC should be delegated to the Commission to take account of developments in relevant international standards. Furthermore, Directive 2001/113/EC confers on the Commission powers to bring that Directive into line with developments in relevant international standards in accordance with the regulatory procedure. It is appropriate, following the entry into force of the Treaty of Lisbon, to align that conferral of powers to Article 290 TFEU and the scope of those powers should be reviewed.

(4) Therefore, in order to take account of technical progress and developments in relevant international standards, the power to adopt acts in accordance with Article 290 TFEU should be delegated to the Commission in respect of the following: amending Sections C and D of Annex I to Directive 2000/36/EC; amending Part B of the Annex to Directive 2001/111/EC; and amending Annex II and Part B of Annex III to Directive 2001/113/EC. It is of particular importance that the Commission carry out appropriate consultations during its preparatory work, including at expert level. The Commission, when preparing and drawing up delegated acts, should ensure a simultaneous, timely and appropriate transmission of relevant documents to the European Parliament and to the Council.

(5) Following the adoption of Regulation (EC) No 178/2002 of the European Parliament and of the Council of 28 January 2002 laying down the general principles and requirements of food law, establishing the European Food Safety Authority and laying down procedures in matters of food safety (1), which applies to all stages of production, processing and distribution of food and feed at Union and national level, general Union provisions on foodstuffs apply directly to the products covered by Directives 1999/4/EC, 2000/36/EC, 2001/111/EC, 2001/113/EC and 2001/114/EC. It is therefore no longer necessary for the Commission to have the powers to align the provisions of those Directives to the general Union provisions on foodstuffs. The provisions conferring such powers should therefore be deleted.

(6) This Regulation is limited to aligning the existing conferral of powers on the Commission under Directives 1999/4/EC, 2000/36/EC, 2001/111/EC, 2001/113/EC and 2001/114/EC to Article 290 TFEU and, where appropriate, to reviewing the scope of those powers.

Since it remains the case that the objectives of those Directives cannot be sufficiently achieved by the Member States and can therefore be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty on European Union. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve its objectives.

(8) Since the amendments made to Directives 1999/4/EC, 2000/36/EC, 2001/111/EC, 2001/113/EC and 2001/114/EC concern Commission powers only, they do not need to be transposed by the Member States,
