

COMMISSION IMPLEMENTING REGULATION (EU) No 908/2014**of 6 August 2014****laying down rules for the application of Regulation (EU) No 1306/2013 of the European Parliament and of the Council with regard to paying agencies and other bodies, financial management, clearance of accounts, rules on checks, securities and transparency**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 1306/2013 of the European Parliament and of the Council of 17 December 2013 on the financing, management and monitoring of the common agricultural policy and repealing Council Regulations (EEC) No 352/78, (EC) No 165/94, (EC) No 2799/98, (EC) No 814/2000, (EC) No 1290/2005 and (EC) No 485/2008 ⁽¹⁾, and in particular Articles 8(2), 9(2), 23, 36(6), 46(5) and (6), 50(2), 53(1), 57(2), 62(2), 66(4), 88, 104, 114 thereof,

Whereas:

- (1) Regulation (EU) No 1306/2013 lays down the basic rules on the financing, management and monitoring of the Common Agricultural Policy, including on the accreditation of paying agencies and coordinating bodies, financial management and clearance procedures, control systems and penalties including scrutiny of transaction, securities and transparency. In order to ensure that the new legal framework established by that Regulation functions smoothly and applies uniformly, the Commission has been empowered to adopt certain rules in those areas. The new rules should replace the relevant provisions of Commission Regulations (EC) No 601/94 ⁽²⁾, (EC) No 4/2004 ⁽³⁾, (EC) No 883/2006 ⁽⁴⁾, (EC) No 884/2006 ⁽⁵⁾, (EC) No 885/2006 ⁽⁶⁾, (EC) No 259/2008 ⁽⁷⁾ and Implementing Regulation (EU) No 282/2012 ⁽⁸⁾. Regulations (EC) No 883/2006, (EC) No 884/2006, (EC) No 885/2006 and Implementing Regulation (EU) No 282/2012 were repealed by Commission Delegated Regulation (EU) No 907/2014 ⁽⁹⁾. For the sake of clarity and legal certainty, Regulations (EC) No 601/94, (EC) No 4/2004 and (EC) No 259/2008 should be repealed by this Regulation.
- (2) Paying agencies should only be accredited by Member States if they comply with certain minimum criteria established at Union level as referred to in Article 1(2) of Delegated Regulation (EU) No 907/2014. Those accreditation criteria are set out in Annex I to Delegated Regulation (EU) No 907/2014. Rules should be laid down regarding the procedures for issuing, reviewing and withdrawing the accreditation of paying agencies and coordination bodies.

⁽⁹⁾ Commission Delegated Regulation (EU) No 907/2014 of 11 March 2014 supplementing Regulation (EU) No 1306/2013 of the European Parliament and of the Council with regard to paying agencies and other bodies, financial management, clearance of accounts, securities and use of euro (see page 18 of this Official Journal).

- (3) Member States should keep their paying agencies under constant supervision. They should establish a system for the exchange of information to report and keep the competent authorities informed on suspected cases of non-compliance. A procedure should be put in place by which Member States are to deal with such cases, which should include the obligation to draw up a plan to remedy any identified deficiencies within a set time limit. In respect of expenditure effected by paying agencies whose accreditation is maintained by their Member State even though they have failed to implement such a plan within the set time limit the Commission should have the possibility to decide to pursue the deficiencies through the conformity clearance procedure provided for in Article 52 of Regulation (EU) No 1306/2013.
- (4) Pursuant to point (b) of the first subparagraph of Article 7(3) of Regulation (EU) No 1306/2013, the persons in charge of accredited paying agencies are required to draw up management declarations as to the completeness, accuracy and veracity of the accounts and the proper functioning of the internal control systems, as well as to the legality and regularity of the underlying transactions. Rules should be laid down as regards the content and format of such management declarations.
- (5) The rules for the functioning of the coordinating bodies referred to in Article 7(4) of Regulation (EU) No 1306/2013, as well as the tasks of the certification bodies referred to in Article 9 of that Regulation should be laid down. In addition, the content of the certificates and reports to be drawn up by the certification bodies should be specified in order to ensure that they are of assistance to the Commission in the clearance of accounts procedure.
- (6) In order to ensure the proper management of the appropriations entered in the budget of the Union for the European Agricultural Guarantee Fund (EAGF) and the European Agricultural Fund for Rural Development (EAFRD) ('the Funds'), paying agencies should keep separate accounts relating exclusively to payments made and revenues assigned from and to each Fund. To this end, the accounts kept by paying agencies should clearly show, for each of the Funds, the expenditure effected and revenue assigned under Article 4(1), Article 5 and Article 43 of Regulation (EU) No 1306/2013, and allow this expenditure and revenue to be linked to the resources made available to them under the Union budget.
- (7) The common agricultural policy is financed in euro, while allowing Member States which have not adopted the euro to make payments to beneficiaries in their national currency. To enable all the expenditure and revenue to be consolidated, it is therefore necessary to provide that relevant paying agencies must be able to provide data relating to the expenditure and revenue in both euro and the currency in which the expenditure was incurred and the revenue received.
- (8) The expenditure co-financed by the Union budget and the national budgets as support for rural development under the EAFRD is based on programmes broken down into measures, specific contribution rate and focus area. In accordance with the principle of sound financial management, that expenditure should be monitored and entered into the accounts on this basis so that all operations can be identified by programme, measure, specific contribution rates and focus areas. Doing so will ensure, that correspondence between the expenditure effected and the financial resources assigned can be verified. In that context the elements to be taken into account by the paying agencies should be specified. In particular, paying agencies should clearly show the origin of public and Union Funds in the accounts in relation to the financing effected. In addition, the amounts to be recovered from beneficiaries and the amounts which have been recovered should be identified and shown in relation to the original operations.
- (9) Member States mobilise the resources needed to finance EAGF expenditure referred to in Article 4(1) of Regulation (EU) No 1306/2013 before the Commission finances that expenditure in the form of monthly reimbursements of the expenditure effected. Alternatively, Member States receive an advance payment for EAFRD expenditure to be later cleared with the annual financial clearance pursuant to Article 51 of Regulation (EU) No 1306/2013. To ensure sound management of financial flows Member States should gather the information necessary to demonstrate the completeness, accuracy and veracity of the expenditure effected for these monthly reimbursements and keep it at the Commission's disposal as and when expenditure and revenue are effected or transmit it to the Commission at regular intervals. The information should be provided to the Commission by Member States at intervals adapted to the management method of each Fund. Providing information at such intervals should not affect the obligation of the Member States to keep the complete information gathered for the proper monitoring of expenditure at the Commission's disposal for verification.

- (10) The general obligations on paying agencies regarding the keeping of accounts cover the data required for the management and control of Union Funds. However, those obligations do not cover requirements as regards the reimbursement of expenditure and the details that must be provided to the Commission in order to obtain such reimbursement. The information and details relating to expenditure to be financed by the Funds which must be sent to the Commission at regular intervals should therefore be specified. Notifications of information by Member States to the Commission must enable it to use the information sent directly and as effectively as possible for the management of the Funds accounts and the relevant payments. To achieve this objective, all information to be made available or to be communicated between the Member States and the Commission should be sent electronically.
- (11) Under point (c) of the first subparagraph of Article 102(1) of Regulation (EU) No 1306/2013, for measures relating to operations financed by the Funds, declarations of expenditure, which also act as payment requests, must also be sent to the Commission accompanied by the requisite information. To allow Member States and the paying agencies to draw up those declarations of expenditure in accordance with harmonised rules, and to allow the Commission to take payment requests into consideration, the conditions under which that expenditure may be taken into account under the respective EAGF and EAFRD budgets should be laid down. Such conditions should specify the rules that apply to the recording of expenditure and revenue, in particular the assigned revenue and any corrections to be made, and to their actual declaration.
- (12) Where, on the basis of the declarations of expenditure received from the Member States under the EAGF, the total advance commitments which could be authorised under Article 170(3) of Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council ⁽¹⁾ exceeds 75 % of the appropriations for the current financial year, the Commission is required to reduce those amounts. In accordance with the principle of sound financial management, that reduction must be shared among all Member States proportionally, on the basis of the declarations of expenditure received from them. To allocate the available appropriations fairly among the Member States, provision should be made for monthly payments under the EAGF to be reduced by a percentage, laid down for each chapter, of the declarations of expenditure submitted by each Member State and for the balance not used in a given month to be reallocated by Commission decisions in subsequent monthly payments.
- (13) After approving the monthly payments, the Commission should place at the Member States' disposal the resources necessary to cover expenditure to be financed by the Funds, in accordance with practical arrangements and conditions to be laid down on the basis of information communicated to the Commission by Member States and the information systems set up by the Commission.
- (14) A condition for the reimbursement of public intervention expenditure incurred by paying agencies is the inclusion in their declarations of expenditure, of the values and amounts booked during the month following the month to which the public storage operations relate. In order to ensure that the reimbursement procedure runs smoothly, it is necessary to specify how such information, which is necessary to calculate costs and expenditure, is to be notified to the Commission.
- (15) In accordance with Article 3(3) of Delegated Regulation (EU) No 907/2014, public intervention stock accounting must make it possible to ascertain both the amount of Union financing paid out and the situation of intervention stocks. To that end, paying agencies should be required to keep separate stock accounts and financial accounts, containing the elements necessary to monitor stocks and ensure the financial management of expenditure and revenue generated by public intervention measures.
- (16) With respect to public intervention storage measures, paying agencies are required to record in their accounts elements relating to quantities, values and certain averages. However, there exist circumstances in which certain operations and expenditure should not be entered in the accounts, or should be booked in accordance with specific rules. In order to ensure equal treatment and protect the Union's financial interests, such circumstances should be specified, including where applicable the arrangements for entering the operations and expenditure in the accounts.

⁽¹⁾ Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union and repealing Council Regulation (EC, Euratom) No 1605/2002 (OJ L 298, 26.10.2012, p. 1).

- (17) The date on which the different elements of expenditure and revenue resulting from public intervention storage measures are to be entered in the accounts depends on the type of operation to which they relate and can be determined under the applicable sectoral agricultural legislation. In this context, it is necessary to adopt a general rule specifying the different elements that are to be entered in the accounts on the date on which the physical operation resulting from the intervention measure takes place, and specifying the special cases to be taken into consideration.
- (18) In the interest of sound financial management, Member States should provide the Commission with forecasts of the amounts still to be funded by the EAFRD for an agricultural financial year and estimates of funding requests for the following financial year. That information should be sent to the Commission in sufficient time to enable it to meet its obligations, and in any event twice a year, not later than 31 January and 31 August each year.
- (19) In accordance with Article 36(6) of Regulation (EU) No 1306/2013, the deadlines for drawing up the declarations of expenditure on operations under the EAFRD must be set. In view of the specific characteristics of the accounting rules which apply to the EAFRD, the use of prefinancing and the financing of the measures by calendar year, provision should be made for that expenditure to be declared at intervals adapted to these specific conditions.
- (20) Exchanges of information and documents between Member States and the Commission, and the provision and notification of information from the Member States to the Commission are generally carried out electronically. In order to improve the way such exchanges of information relating to the Funds are dealt with and to extend their use, information systems were set up in accordance with Regulation (EC) No 883/2006. Such systems should continue to be used and further implemented after informing the Member States via the Committee on the Agricultural Funds.
- (21) The conditions under which information is processed by those information systems and the form and content of documents which have to be communicated under Regulation (EU) No 1306/2013 have to be adjusted frequently in line with changes to the applicable rules or management requirements. Uniform rules for the presentation of the relevant documents to be sent in by Member States should also be laid down. To achieve those objectives and to simplify procedures and ensure that the information systems concerned can be made operational rapidly, the form and content of the documents should be laid down on the basis of standardised models and protocols, which should be adapted and updated by the Commission after informing the Committee on the Agricultural Funds.
- (22) Pursuant to Article 58 of Regulation (EU) No 1306/2013, Member States through their paying agencies are responsible for the management and control of the Funds' expenditure. The data on financial operations should therefore be communicated or entered in the information systems and updated under the responsibility of the paying agencies, by the paying agencies themselves or the bodies to which that function has been delegated, where applicable via the accredited coordinating body.
- (23) Certain documents or declarations provided for in the first subparagraph of Article 102(1) of Regulation (EU) No 1306/2013 or the Commission acts adopted for the purposes of that Article require the signature of an authorised person or the approval of a person at one or more of the stages of the procedure in question. In such cases, the information systems set up for the communication of those documents should make it possible to identify each person unambiguously and provide reasonable assurance that the contents of the documents, including as regards the stages of the procedure, cannot be altered. That should apply, in particular, as regards the declarations of expenditure and the management declaration attached to the annual accounts referred to in point (c)(iii) of the first subparagraph of Article 102(1) of Regulation (EU) No 1306/2013 and the documents communicated by electronic means under these procedures.
- (24) Pursuant to point (e) of Article 58(1) of Regulation (EU) No 1306/2013, Member States through their paying agencies are responsible for recovering undue payments plus interest. In order to ensure an effective and proper application of those provisions, it is appropriate to lay down harmonised rules as regards the interest applicable to

the recovery of undue payments. Without prejudice to points (a) and (b) of the first subparagraph of Article 54(3) of Regulation (EU) No 1306/2013, the obligation for the Member States to recover undue amounts can be executed in different ways. Without prejudice to any other enforcement action provided for in national law, an effective and cost-efficient means of debt recovery is to deduct any outstanding amounts from future payments to the debtor, once the debt has been established in accordance with national legislation. It should therefore be compulsory for Member States to apply that debt recovery method and common conditions for its application should be laid down.

- (25) Detailed provisions should be laid down for both the procedure for the clearance of accounts provided for in Article 51 of Regulation (EU) No 1306/2013 and the conformity clearance procedure provided for in Article 52 of that Regulation, including a mechanism whereby the resulting amounts are, as the case may be, deducted from or added to one of the subsequent payments made to Member States by the Commission.
- (26) With respect to the clearance of accounts procedure provided for in Article 51 of Regulation (EU) No 1306/2013, it is necessary to specify the content of the paying agencies' annual accounts and to establish a date for the transmission of those accounts and other relevant documents to the Commission. The period during which paying agencies must keep the supporting documents regarding all expenditure and assigned revenues at the disposal of the Commission should also be clarified. Moreover, it should be specified that the Commission establishes the form and content of the accounting information to be forwarded by paying agencies.
- (27) In order to ensure that in normal cases the conformity clearance procedure is concluded within a reasonable period of time, it is appropriate to lay down specific time periods for the different stages of the procedure to be respected by the Commission and Member States. At the same time, however, it should be possible for the Commission to extend those time periods where necessary in view of the complexity of a case under investigation. The conformity clearance procedure should give Member States the right to adversarial proceedings and properly assess the information necessary for the Funds' risk evaluation.
- (28) In accordance with Article 59(5) of Regulation (EU) No 1306/2013, Member States are required to ensure a minimum level of on-the-spot checks needed for an effective management of the risk. However, Member States are allowed, under their responsibility, to reduce the minimum level of those on-the-spot checks when the management and control systems have been found to function properly and the error rates remain at an acceptable level. While the necessary minimum levels of on-the-spot checks are to be provided for in the sectoral agricultural legislation, horizontal rules regarding the possibility of reducing the minimum level of on-the-spot checks, applicable to all measures financed by the Funds, and the applicable conditions, should be laid down. In addition to these horizontal rules, the sectoral agricultural legislation may provide for additional rules.
- (29) It is further appropriate to lay down rules concerning the performance by Member States of the scrutiny of transactions referred to in Article 80 of Regulation (EU) No 1306/2013, in particular the selection of undertakings, rate and the calendar for the scrutiny.
- (30) In accordance with Chapter III of Title V of Regulation (EU) No 1306/2013 on the scrutiny of transactions, Member States have to send to the Commission a number of communications. As the standardisation of the form and content of such communications facilitates their use and ensures a uniform approach, it is appropriate to adopt detailed rules as to their form and content. Furthermore, rules on the conservation of commercial documents, on the joint actions involving mutual assistance referred to in Article 83 of Regulation (EU) No 1306/2013, as well as on the special departments referred to in Article 85 of that Regulation should be laid down.
- (31) Delegated Regulation (EU) No 907/2014 lays down rules supplementing the legal framework on securities, in particular as regards the requirement to lodge a security, the conditions applying to securities, as well as rules on lodging, releasing and forfeiting a security. To ensure a uniform application of those rules, provisions should be laid down on the form and the procedures for lodging and releasing a security, as well as on the exchange of information and the communications required in that respect.

- (32) In accordance with Chapter IV of Title VII of Regulation (EU) No 1306/2013 on transparency, Member States are required to publish annually the beneficiaries of the Funds, and, inter alia, the amounts received by each beneficiary under each of those Funds. To that end, and in accordance with Article 111 of Regulation (EU) No 1306/2013, the form of that publication should be laid down. That publication should not go further than what is necessary in order to reach the transparency objectives pursued.
- (33) The publication should be in accordance with the information held by paying agencies in their books and records and should concern payments received in the preceding financial year. The information should be presented to the public in a clear, harmonised and searchable manner by 31 May.
- (34) Pursuant to point (c) of the first subparagraph of Article 111(1) of Regulation (EU) No 1306/2013, the amounts of payment corresponding to each measure financed by the Funds received by a beneficiary are to be published. However, to ensure the respect of the obligation laid down in Article 112 of that Regulation, it is also necessary to set the thresholds below which the name of beneficiaries will not be published.
- (35) In accordance with point (b) of the first subparagraph of Article 111(1) of Regulation (EU) No 1306/2013 the publication of the beneficiaries of the Funds is required to identify the municipality in which a beneficiary is resident or is registered. This information should also be made available in respect of beneficiaries that are natural persons and whose names are not to be published in accordance with Article 112 of that Regulation. However, if, due to the limited number of beneficiaries residing or registered in a given municipality, the publication of the municipality would have the effect of identifying a beneficiary that is a natural person provisions should be laid down to avoid disproportionate and unnecessary violations of privacy.
- (36) Publication of the information should be implemented via the internet in the form of a search tool which ensures that the public at large is in the position to consult it. The search tool should permit to search on the basis of certain criteria and the results of the search should be presented in an easily accessible form.
- (37) To comply with applicable data protection requirements, beneficiaries of the Funds should be informed of the publication of their data before the publication takes place. The information should be provided to the beneficiaries through the application forms for aid or when the data are collected. As regards expenditure incurred in the financial years 2014 and 2015, in so far as information relating to beneficiaries is not available at the time the personal data is collected, beneficiaries should still be informed within a reasonable period of time before publication actually takes place.
- (38) In order to facilitate public access to the data published, Member States should establish websites containing information relating to beneficiaries of Funds and the thresholds referred to in Article 112 of Regulation (EU) No 1306/2013. In view of the different organisational structures within Member States, they should determine which body is responsible for setting up and maintaining the single website and publishing the data. The Commission should set up a website that contains links to the Member States' websites.
- (39) Article 10 of this Regulation should apply to expenditure incurred and assigned revenue received by Member States as from 16 October 2014 in order to provide for the continuity of reporting within the same financial year.
- (40) In order to ensure consistency in the treatment of ongoing conformity clearance procedures, the time periods provided for in Article 34(3) and 34(4) of this Regulation, should not apply to those procedures, for which the communication in accordance with Article 11(1) of Regulation (EC) No 885/2006 is sent before 1 January 2015.
- (41) Since Chapter IV of Title VII of Regulation (EU) No 1306/2013 on transparency applies to payments made from the financial year 2014 onwards, the relevant provisions of this Regulation should apply to those payments.

- (42) With a view to allowing Member States sufficient time for implementation, the information transmitted in accordance with Annex II, columns V1 and V2, should be provided starting with financial year 2016.
- (43) The measures provided for in this Regulation are in accordance with the opinion of the Committee on the Agricultural Funds,

HAS ADOPTED THIS REGULATION:

CHAPTER I

PAYING AGENCIES AND OTHER BODIES

Article 1

Procedure for the accreditation of paying agencies

1. Member States shall designate an authority at ministerial level responsible for:
 - (a) the issuing, reviewing and withdrawing of accreditation of paying agencies;
 - (b) carrying out the tasks assigned to the competent authority under this Chapter.
2. The competent authority shall, by way of a formal act, decide on the issuing or, after review, the withdrawal of the accreditation of the paying agency on the basis of an examination of the accreditation criteria referred to in Article 1(2) of Delegated Regulation (EU) No 907/2014 ('the accreditation criteria'). The competent authority shall inform the Commission of accreditations and withdrawals of accreditations without delay.
3. The competent authority shall appoint an audit body to carry out an examination before any accreditation is granted (pre-accreditation review). The audit body shall be an audit authority, or other public or private organisation or organisational unit of an authority with the requisite proficiency, skills and capacity to carry out audits. The audit body shall be independent from the paying agency to be accredited.

The examination (pre-accreditation review) to be carried out by the audit body shall cover, in particular:

- (a) the procedures and systems in place for the authorisation and execution of payments;
- (b) the division of duties and the adequacy of internal and external control in respect of transactions financed by the European Agricultural Guarantee Fund (EAGF) and the European Agricultural Fund for Rural Development (EAFRD), hereinafter together referred to as 'the Funds';
- (c) the extent to which the procedures and systems put in place are apt to safeguard the Union budget including risk-based anti-fraud measures;
- (d) the security of information systems;
- (e) the maintenance of accounting records.

The audit body shall prepare a report detailing the audit work carried out, the results of that work and its assessment as to whether the paying agency complies with the accreditation criteria. The report shall be provided to the competent authority which shall then issue the accreditation act where it is satisfied that the paying agency complies with the accreditation criteria.

4. Where the competent authority considers that the paying agency does not comply with the accreditation criteria, it shall inform the paying agency of the specific conditions it is required to fulfil before accreditation may be granted.

Pending the implementation of any necessary changes in order to fulfil such specific conditions, accreditation may be granted provisionally for a period to be determined taking into account the severity of the problems identified, which shall not exceed 12 months. In duly justified cases, the Commission may, upon request of the Member State concerned, grant an extension of that period.

5. The information provided for in point (a) of the first subparagraph of Article 102(1) of Regulation (EU) No 1306/2013 shall be communicated immediately after the paying agency is first accredited and in any case before any expenditure effected by it is charged to the Funds. That information shall be accompanied by declarations and documents concerning:

- (a) the responsibilities vested in the paying agency;
- (b) the allocation of responsibilities between the departments of the paying agency;
- (c) the relationship of the paying agency with other bodies, public or private, which are responsible for implementing any measures under which the paying agency charges expenditure to the Funds;
- (d) the procedures by which claims by beneficiaries are received, verified, and validated, and by which expenditure is authorised, paid and accounted for;
- (e) the provisions concerning the security of information systems;
- (f) the report of the pre-accreditation review carried out by the audit body referred to in paragraph 3.

6. The Commission shall inform the Committee on the Agricultural Funds of paying agencies accredited in each Member State.

Article 2

Review of accreditation

1. The competent authority shall keep the paying agencies for which it is responsible under constant supervision, on the basis of, in particular, the certificates and reports drawn up by the certification body referred to in Article 9 of Regulation (EU) No 1306/2013, and shall follow-up on any deficiencies identified.

Every three years, the competent authority shall report in writing to the Commission on its supervision of paying agencies and monitoring of their activities. The report shall include a review of the paying agencies' continuous compliance with the accreditation criteria, together with a summary of the actions taken to remedy the deficiencies. The competent authority shall confirm whether a paying agency for which it is responsible continues to comply with the accreditation criteria.

2. Member States shall establish a system that ensures that any information suggesting that a paying agency does not comply with the accreditation criteria is communicated to the competent authority without delay.

3. Where the competent authority has determined that an accredited paying agency no longer respects one or more of the accreditation criteria in a manner that is liable to hinder the fulfilment of the tasks set out in Article 1(1) of Delegated Regulation (EU) No 907/2014, the competent authority shall put the paying agency's accreditation under probation without delay. It shall draw up a plan including actions and deadlines to remedy the deficiencies found within a period to be determined according to the severity of the problem, which shall not exceed 12 months from the date on which the accreditation is put under probation. In duly justified cases, the Commission may, upon request of the Member State concerned, grant an extension of that period.

4. The competent authority shall inform the Commission of its decision to place a paying agency's accreditation under probation, of the plan drawn up pursuant to paragraph 3 and, subsequently, of the progress in the implementation of such plans.

5. If the accreditation is withdrawn, the competent authority shall without delay accredit another paying agency which fulfils the conditions laid down in Article 7(2) of Regulation (EU) No 1306/2013 to ensure that payments to beneficiaries are not interrupted.

6. Where the Commission finds that the competent authority has not complied with its obligation to draw up a remedial plan pursuant to paragraph 3 or that the paying agency continues to be accredited without having fully implemented such a plan within the determined period, it shall request the competent authority to withdraw the accreditation of that paying agency unless the necessary changes are made within a period to be determined by the Commission according to the severity of the problem. In such a situation, the Commission may decide to pursue the deficiencies through the conformity clearance procedure in accordance with Article 52 of Regulation (EU) No 1306/2013.

Article 3

Management declaration

Without prejudice to the special provisions on declarations of expenditure and revenue relating to public storage referred to in Article 12, expenditure and assigned revenue declared by paying agencies in respect of a given month shall correspond to payments and receipts actually effected during that month.

That expenditure and revenue shall be entered in the accounts of the EAGF budget in respect of financial year N.

However:

(a) expenditure which may be paid prior to the implementation of the provision permitting it to be wholly or partially borne by the EAGF may be declared only:

Each paying agency shall use the same method throughout the financial year.

3. Expenditure and assigned revenue declared in accordance with paragraph 1 may incorporate corrections to the amounts declared for previous months in the same financial year.

4. Payment orders which are not executed and payments debited to the account, then re-credited, shall be shown in the accounts as deductions from expenditure in respect of the month during which the failure to execute or the cancellation is reported to the paying agency.

5. Where payments due under the EAGF are encumbered by claims, they shall be deemed to have been effected in their entirety for the purpose of applying paragraph 1:

- (a) on the date of the payment of the sum due to the beneficiary, if the claim is less than the expenditure settled;
- (b) on the date of set-off, if the expenditure is less than or equal to the claim.

6. Cumulative data relating to expenditure and assigned revenue that can be charged to a specific financial year, to be submitted to the Commission by 27 October at the latest, may be corrected only in the annual accounts to be sent to the Commission in accordance with point (c)(iii) of the first subparagraph of Article 102(1) of Regulation (EU) No 1306/2013.

Where the Member State concerned fails to respond to the request for additional information within the period set in that request or if the response is considered unsatisfactory or indicates that the applicable rules have not been complied with or that Union funds have been improperly used, the Commission may suspend or reduce payments in accordance with Article 41 of Regulation (EU) No 1306/2013.

5. Expenditure declared in respect of a period may contain corrections to data declared in respect of the preceding declaration periods of the same financial year.

Correction to expenditure and assigned revenue to be charged to the financial year not introduced in the declarations mentioned in the paragraphs 2(a), (b) and (c) may be corrected only in the annual accounts to be sent to the Commission in accordance with point (c)(iii) of the first subparagraph of Article 102(1) of Regulation (EU) No 1306/2013.

Article 23

Calculation of the amount to be paid

1. The Union contribution to be paid in respect of the eligible public expenditure shall be calculated for each measure and for each reference period on the basis of the financing plan as referred to in point (h) of Article 8(1) of Regulation (EU) No 1305/2013 in force on the first day of that period. The calculation shall take account of the corrections to the Union contribution as declared in the declaration of expenditure for that period.
2. Without prejudice to the ceiling provided for in Article 34(2) of Regulation (EU) No 1306/2013, where the combined total of the Union contribution paid to the rural development programme exceeds the total programmed for a rural development measure, the amount to be paid shall be reduced to the amount programmed for that measure. Any Union contribution excluded as a result may be paid later provided that an adjusted financing plan has been submitted by the Member State and accepted by the Commission.
3. The Union contribution shall be paid by the Commission, subject to resource availability, into the account(s) opened by each Member State.

Each Member State shall notify the Commission of the account name or numbers in accordance with the format made available to it by the Commission.

5. Data on financial transactions shall be communicated, entered and updated in the information systems referred to in paragraph 1 under the responsibility of paying agencies, by paying agencies themselves or by bodies to which that function has been delegated, where applicable via the coordinating bodies accredited in accordance with Article 7(4) of Regulation (EU) No 1306/2013.

6. Where a document or procedure provided for in Regulation (EU) No 1306/2013 or Commission acts adopted under that Regulation require the signature of an authorised person or the approval of a person at one or more of the stages of that procedure, the information systems set up for the communication of such documents must make it possible to identify each person unambiguously and provide reasonable assurance that the contents of the documents, including as regards the stages of the procedure, cannot be altered, in accordance with Union legislation. As regards the declarations of expenditure and the management declaration annexed to the annual accounts referred to in points (c)(i) and (iii) of the first subparagraph of Article 102(1) of Regulation (EU) No 1306/2013, the documents sent electronically shall also be kept in their original form by the paying agencies or, where applicable, by the coordinating bodies accredited in accordance with Article 7(2) and (4) of that Regulation.

7. The electronic and digitised documents shall be kept for the whole of the period provided for in Article 32.

8. Where there is a malfunction in an information system or no stable connection, the Member State may, with the prior approval of the Commission, send the documents in another form, under the conditions laid down by the Commission.

3. The Commission shall supply free of charge to the authorised agents of the Member States the satellite images which it has acquired. Those agents must observe the provisions on copyright set out in the contracts with the suppliers and return the images on completion of the work.

4. If the total requests received by Member States exceed the budget available for the application of Article 21 of Regulation (EU) No 1306/2013, the Commission shall decide on a limitation of the satellite images to be provided, aiming at the most efficient use of the available resources.

Article 33

Financial clearance

1. The Commission's decision on the clearance of accounts referred to in Article 51 of Regulation (EU) No 1306/2013 shall determine the amounts of expenditure effected in each Member State during the financial year concerned which shall be recognised as being chargeable to the Funds on the basis of the accounts referred to in Article 29 of this Regulation and any reductions and suspensions under Articles 41 of Regulation (EU) No 1306/2013.

The decision shall also determine the amounts to be charged to the Union and to the Member State concerned pursuant to Article 54(2) of Regulation (EU) No 1306/2013.

For the EAFRD, the amount determined by the clearance of accounts decision shall include the funds which are re-usable by reallocation by the Member State concerned pursuant to the second paragraph of Article 56 of Regulation (EU) No 1306/2013.

2. As regards the EAGF, the amount which, as a result of the clearance of accounts decision, is recoverable from or payable to each Member State shall be established by deducting the monthly payments in respect of the financial year concerned from the expenditure recognised for the same year in accordance with paragraph 1. The Commission shall deduct that amount from or add it to the monthly payment relating to the expenditure effected in the second month following the clearance of accounts decision.

As regards the EAFRD, the amount which, as a result of the clearance of accounts decision, is recoverable from or payable to each Member State shall be established by deducting the intermediate payments in respect of the financial year concerned from the expenditure recognised for the same year in accordance with paragraph 1.

The Commission shall deduct that amount from or add it to the first payment for which the declaration of expenditure is submitted by the Member State after the decision pursuant to Article 51 of Regulation (EU) No 1306/2013 has been adopted.

3. The Commission shall communicate to the Member State concerned the results of its verification of the information supplied, together with any amendments it proposes, by 30 April following the end of the financial year at the latest.

4. If, for reasons attributable to the Member State concerned, the Commission is unable to clear the accounts of a Member State before 31 May of the following year, the Commission shall notify that Member State of the additional inquiries it proposes to undertake pursuant to Article 47 of Regulation (EU) No 1306/2013.

5. Paragraphs 1 to 4 shall apply, *mutatis mutandis*, to assigned revenues within the meaning of Article 43 of Regulation (EU) No 1306/2013.

Article 34

Conformity clearance

1. In order to determine what amounts are to be excluded from Union financing, when finding that expenditure has not been incurred in conformity with Union rules, the Commission shall use its own findings and shall take into account the information made available by Member States, provided that the latter information is provided within the time limits set by the Commission in the framework of the conformity clearance procedure carried out in accordance Article 52 of Regulation (EU) No 1306/2013 and in conformity with this Article.

2. When, as a result of any inquiry, the Commission considers that expenditure was not effected in compliance with Union rules, it shall communicate its findings to the Member State concerned, specifying the corrective measures needed to ensure future compliance with those rules, and indicating the provisional level of financial correction which at that stage of the procedure it considers corresponds to its findings. That communication shall also schedule a bilateral meeting within four months after expiry of the period for reply by the Member State. The communication shall make reference to this Article.

The Member State shall reply within two months of receipt of the communication. In its reply the Member State shall have the opportunity, in particular, to:

- (a) demonstrate to the Commission that the actual extent of the non-compliance or the risk for the Funds is less than what was indicated by the Commission;
- (b) inform the Commission of the corrective measures it has undertaken to ensure compliance with Union rules and the effective date of their implementation.

In justified cases, the Commission may, upon reasoned request of the Member State, authorise an extension of the two month period by a maximum of two months. The request shall be addressed to the Commission before the expiry of that period.

If the Member State considers that a bilateral meeting is not required, it shall inform the Commission accordingly in its reply to the communication mentioned above.

3. In the bilateral meeting both parties shall endeavour to come to an agreement as to the measures to be taken as well as to the evaluation of the gravity of the infringement and of the financial damage caused to the Union budget.

The Commission shall within 30 working days of the bilateral meeting draw up the minutes and send them to the Member State. The Member State may send its observations to the Commission within 15 working days after receipt of the minutes.

The Commission shall within six months after sending the minutes of the bilateral meeting formally communicate its conclusions to the Member State on the basis of the information received in the framework of the conformity clearance procedure. That communication shall evaluate the expenditure to be excluded from Union financing under Article 52 of Regulation (EU) No 1306/2013 and Article 12 of Delegated Regulation (EU) No 907/2014. The communication shall make reference to Article 40(1) of this Regulation.

4. Where the Member State has made use of the conciliation procedure referred to in Article 40, the Commission shall communicate its conclusions to the Member State no later than six months after:

- (a) the receipt of the Conciliation Body report; or
- (b) the receipt of additional information from the Member State within the deadline referred to in the second subparagraph of Article 40(3), provided that the conditions set out in paragraph 6 of this Article are met.

5. In order to apply paragraphs 3 and 4 within the respective time periods, the Commission shall have available all information relevant at that particular step of the procedure. Where the Commission deems it lacks information, it may at any time within the time periods set out in paragraphs 3 and 4:

- (a) ask for additional information from the Member State, to which the Member State shall reply within two months of receipt of the communication; and/or
- (b) inform the Member State of its intention to carry out an additional audit mission to conduct the necessary verifications.

In that case, the time periods referred to in paragraphs 3 and 4 shall start again either on the receipt by the Commission of the requested additional information or from the last day of the additional audit mission.

6. When evaluating the expenditure to be excluded from Union financing, the information communicated by the Member State after the Commission's formal communication referred to in the second subparagraph of paragraph 3 may only be taken into account:

- (a) where it is necessary to avoid the gross overestimation of the financial damage caused to the Union budget; and
- (b) if the late transmission of the information is duly justified by external factors and does not jeopardise the timely adoption by the Commission of the decision pursuant to Article 52 of Regulation (EU) No 1306/2013.

7. The Commission, after having communicated its conclusions to the Member States in accordance with Article 34 paragraph 3 or 4 of this Regulation, shall adopt, where appropriate, one or more decisions under Article 52 of Regulation (EU) No 1306/2013 in order to exclude from Union financing expenditure affected by the non-compliance with Union rules. The Commission may pursue consecutive conformity clearance procedures until the Member State has actually implemented the corrective measures.

8. As regards the EAGF, the deductions from the Union financing shall be made by the Commission from the monthly payments relating to the expenditure effected in the second month following the decision pursuant to Article 52 of Regulation (EU) No 1306/2013.

As regards the EAFRD, the deductions from Union financing shall be made by the Commission from the payment for which the declaration of expenditure is submitted by the Member State after the decision pursuant to Article 52 of Regulation (EU) No 1306/2013 has been adopted.

However, at the Member State's request and after consultation of the Committee on the Agricultural Funds, the Commission may adopt a decision setting a different date for the deductions or authorising their reimbursement in instalments where this is warranted by the materiality of the deductions included in an implementing act adopted on the basis of Article 52 of Regulation (EU) No 1306/2013.

9. In duly justified cases to be notified to the Member State concerned, the Commission may extend the time periods set out in paragraphs 3 and 4.

10. Paragraphs 1 to 9 shall apply, *mutatis mutandis*, to assigned revenues within the meaning of Article 43 of Regulation (EU) No 1306/2013.

Article 35

Decision not to start or pursue a conformity clearance inquiry

1. The Commission may decide not to start or pursue a conformity clearance inquiry in accordance with Article 52 of Regulation (EU) No 1306/2013 where it expects that the possible financial correction, for the non-compliance identified as a result of an inquiry referred to in paragraph 2 of Article 34, would not exceed EUR 50 000 and 2 % of the relevant expenditure or the amounts to be recovered.

2. Where the Commission reduces the monthly payments in accordance with Article 41(1) of Regulation (EU) No 1306/2013, it may decide not to start or pursue a conformity clearance inquiry in accordance with Article 52 of that Regulation, provided that the Member State concerned has not expressed its objection to the application of this paragraph in the framework of the procedure provided for in Article 41(1) of that Regulation.

Article 36

Conciliation Body

For the purpose of the conformity clearance procedure provided for in Article 52 of Regulation (EU) No 1306/2013, a Conciliation Body shall be established. It shall perform the following tasks:

- (a) to examine any matter referred to it by a Member State which has received a formal communication from the Commission pursuant to the second subparagraph of Article 34(3) of this Regulation, including an evaluation of expenditure which the Commission intends to exclude from Union financing;
- (b) to try to reconcile the divergent positions of the Commission and the Member State concerned;
- (c) at the end of its examination, to draw up a report on the results of its reconciliation efforts, making any remarks it deems useful should all or some of the points of dispute remain unresolved.

Article 37

Composition of the Conciliation Body

1. The Conciliation Body shall be composed of at least five members selected among eminent persons offering every guarantee of independence and who are highly qualified in matters regarding the financing of the common agricultural policy, including rural development, or in the practice of financial audit.

They must be nationals of different Member States.

2. The chairperson, the members and the substitute members shall be appointed by the Commission for an initial term of office of three years after consultation of the Committee on the Agricultural Funds.

The terms of office may be renewed for a year at a time only, the Committee on the Agricultural Funds having been informed. However, if the chairperson to be appointed is already a member of the Conciliation Body, the initial term of office as chairperson shall be three years.

The names of the chairperson, the members and the substitute members shall be published in the 'C' series of the *Official Journal of the European Union*.

3. The members of the Conciliation Body shall be remunerated having regard to the time which they are required to dedicate to the task. Costs shall be compensated in accordance with the rules in force for Commission staff.

4. After expiry of the term of office, the chairperson and the members shall remain in office until they are replaced or their term of office is renewed.

5. The term of office of members who no longer meet the conditions required for the accomplishment of their duties with the Conciliation Body or who, for whatever reason, are unavailable for an indeterminate period may be terminated by the Commission after consultation of the Committee on the Agricultural Funds.

In that case, the member concerned shall be replaced for the remainder of the period for which that member was appointed by a substitute member, the Committee on the Agricultural Funds being informed.

If the chairperson's term of office is terminated, the member who is to perform the chairperson's duties for the remainder of the period for which the chairperson was appointed shall be appointed by the Commission after consultation of the Committee on the Agricultural Funds.

Article 38

Independence of the Conciliation Body

1. The members of the Conciliation Body shall carry out their duties independently, neither seeking nor accepting instructions from the Commission, any government or body.

The members shall not take part in the work of the Conciliation Body or sign a report if, in a previous office, they have been personally involved in the matter at issue.

2. Without prejudice to Article 287 of the Treaty, the members shall not disclose any information acquired by them in the course of their work for the Conciliation Body. Such information shall be confidential and covered by the obligation of professional secrecy.

Article 39

Working arrangements

1. The Conciliation Body shall meet at the headquarters of the Commission. The chairperson shall prepare and organise the work. In the chairperson's absence, and without prejudice to the first subparagraph of Article 37(5), the most senior member shall take the chair.

The secretariat of the Conciliation Body shall be provided by the Commission.

2. Without prejudice to the second subparagraph of Article 38(1), reports shall be adopted by an absolute majority of members present, the quorum for deliberations being three.

The reports shall be signed by the chairperson and members who have taken part in the deliberations. They shall be co-signed by the secretariat.

*Article 40***Conciliation procedure**

1. A Member State may refer a matter to the Conciliation Body within 30 working days of receipt of the Commission's formal communication referred to in the second subparagraph of Article 34(3) by sending a reasoned request for conciliation to the secretariat of the Conciliation Body.

The procedure to be followed and the address of the secretariat shall be notified to the Member States through the Committee on the Agricultural Funds.

2. A request for conciliation shall only be admissible where the amount envisaged to be excluded from the Union financing according to the Commission's communication either:

(a) exceeds EUR 1 million;

or

(b) represents at least 25 % of the Member State's total annual expenditure under the budget items concerned.

In addition, if during the preceding discussions the Member State claimed and demonstrated that the matter is one of principle relating to the application of Union rules, the chairperson of the Conciliation Body may declare a request for conciliation to be admissible. However, such a request shall not be admissible if it relates solely to a matter of legal interpretation.

3. The Conciliation Body shall conduct its investigations as informally and promptly as possible, basing itself solely on the evidence available to the Commission at the time when formal conclusions are communicated in accordance with Article 34(3) and giving the Commission and the national authorities concerned a fair hearing.

However, if the Member State considers it necessary to present in its request for conciliation information which has not yet been communicated to the Commission, the Conciliation Body may invite the Commission to assess that new information only if the conditions set out in Article 34(6) are met. The information shall be communicated to the Commission at the latest two months after the report referred to in point (c) of Article 36 has been sent.

4. Where, within four months of a case being referred to it, the Conciliation Body is not able to reconcile the positions of the Commission and the Member State, the conciliation procedure shall be deemed to have failed.

The report referred to in point (c) of Article 36 shall state the reasons why the positions could not be reconciled. It shall indicate whether any partial agreement was reached during the proceedings and whether the Conciliation Body invites the Commission to assess new information in accordance with the second subparagraph of paragraph 3.

The report shall be sent to:

(a) the Member State concerned;

(b) the Commission, for examination before communicating its conclusions to the Member State;

(c) the other Member States in the framework of the Committee on the Agricultural Funds.

Article 41

Reduction of on-the-spot checks

1. Member States may decide to reduce the minimum level of on-the-spot checks, in accordance with Article 59(5) of Regulation (EU) No 1306/2013, where all of the following conditions are met:

- (a) the certification body has, in accordance with Article 9 of Regulation (EU) No 1306/2013, delivered an opinion validating both that the internal control system is functioning properly and that the error rate for the population concerned was below the materiality threshold of 2,0 % for at least the two consecutive financial years preceding the year in which the reduced control rate is intended to apply;
- (b) the Commission has not informed the Member State concerned that it cannot accept the opinion referred to in point (a) of this paragraph provided by the certification body in the context of Article 9 of Regulation (EU) No 1306/2013; and

This Chapter shall apply in all cases where the sectoral agricultural legislation provides for a security, whether or not the particular term 'security' is used.

This Chapter shall not apply to securities given to ensure payment of import and export duties referred to in Council Regulation (EEC) No 2913/92 ⁽¹⁾.

Article 49

e-Administration

Communications, documents and securities may be produced, processed, and managed by using information technology (IT) on condition that the systems applicable are managed under the officially approved quality and security protocols fit for those systems.

⁽¹⁾ Council Regulation (EEC) No 2913/92 of 12 October 1992 establishing the Community Customs Code (OJ L 302, 19.10.1992, p. 1).

Such print-outs may be replaced by an electronic message between the issuing authority and the beneficiary or the competent authority, on condition that the issuing authority provides in an officially approved certification protocol ensuring the genuineness of the message.

Article 50

Force majeure time limits

1. This Article shall apply when a specific Regulation refers to it.
2. A request for recognition of a case of *force majeure* shall not be admissible if it is received by the competent authority more than 30 calendar days after:

3. Operators shall, to the competent authority's satisfaction, provide proof of the circumstances which they consider to constitute *force majeure* within 181 calendar days of the expiry of the period in which the obligation had to be fulfilled completely. Operators may be granted further time if they are unable to produce proof within that time limit despite having acted with all due diligence to obtain and forward it.
4. Member States shall notify the Commission of the cases of *force majeure* they have recognised, providing the relevant information of each case.

SECTION 2

Form of securities

Article 51

Form

1. A security may be given:
 - (a) as a cash deposit as referred to in Article 19(2) and (3) of Delegated Regulation (EU) No 907/2014; and/or
 - (b) by providing a guarantor in accordance with Article 21 of Delegated Regulation (EU) No 907/2014.
2. At the discretion of the competent authority, a security may be given by:
 - (a) pledging cash deposits in a bank;
 - (b) pledging recognised claims against a public body or public funds, which are due and payable and against which no other claim has precedence; and/or

3. The competent authority may impose additional terms for accepting securities of the type listed in paragraph 2.

Article 52

Negotiable collateral

1. Collateral pledged in accordance with point (c) of Article 51(2) shall, at the time the security is given, have a disposable value of at least 115 % of the value of the security required.

2. A competent authority may accept a security as referred to in point (c) of Article 51(2) only if the party offering it undertakes, in writing, either to give an additional security or to replace the original security should the disposable value of the security in question have been for a period of three months below 105 % of the value of the security required. That written undertaking shall not be necessary where national law already so provides. The competent authority shall regularly review the value of such security.

3. The disposable value of a security as referred to in point (c) of Article 51(2) shall be assessed by the competent authority, taking into account any costs of disposal.

4. The disposable value of securities shall be assessed using the last available quotation.

5. The party giving the security shall, at the request of the competent authority, provide proof of its disposable value.

Article 53

(b) where the replacement security is of a type listed in Article 51(2).

2. A block security may be replaced by another block security on condition that the new block security covers at least that part of the original block security assigned at the time of replacement to ensure fulfilment of one or more obligations still outstanding.

3. As soon as part of a block security is assigned to a particular obligation, the balance of the block security remaining shall be noted.

SECTION 3

Release and forfeiture

Article 54

Partial release

Where specific Union rules do not specify a minimum quantity, the competent authority may itself restrict the number of partial releases of any one security and may specify a minimum sum for any such release.

Before releasing all or part of a security the competent authority may require that a written request for release be provided.

In the case of securities covering more than 100 % of the sum required to be secured, that part of the security exceeding 100 % shall be released when the remainder of the sum secured is finally released or forfeited.

Article 55

Forfeiture

1. Once the competent authority is aware of circumstances giving rise to forfeiture of the security, in whole or in part, it shall without delay demand the party required to meet the obligation to pay the sum forfeited, allowing up to 30 days from the day of receipt of demand for payment.

Where payment has not been made at the end of that period, the competent authority shall:

- (a) without delay clear any security of the type described in Article 51(1)(a) to the appropriate account;

- (c) without delay take steps to:
 - (i) convert the securities described in Article 51(2)(b) and (c) into money sufficient to recover the sum due;
 - (ii) clear pledged cash deposits referred to in Article 51(2)(a) to its own account.

The competent authority may without delay clear any security of the type described in Article 51(1)(a) to the appropriate account without first requiring the person concerned to effect payment.

2. Without prejudice to paragraph 1,

- (a) where the decision to forfeit a security is taken but on appeal is subsequently postponed in accordance with national law, the party concerned shall pay interest on the sum actually forfeited over the period starting 30 days from the day of receipt of the demand for payment as referred to in paragraph 1 and ending on the day prior to the payment of the sum actually forfeited;
- (b) where following the outcome of the appeal procedure the party concerned is asked to pay within 30 days the sum forfeited, for the purposes of calculating interest the Member State may consider payment to be made on the 20th day following the date of such request;
- (c) the rate of interest applicable is calculated in accordance with national law, but shall in no case be lower than the interest rate applicable in case of recovery of national amounts;
- (d) paying agencies shall deduct the interest paid from EAGF or EAFRD expenditure in accordance with Regulation (EU) No 1306/2013;
- (e) Member States may claim periodically an increase of the security in respect of the interest involved.

3. Where a security has been forfeited and the amount already credited to the Funds and, following the outcome of an appeal procedure, the sum forfeited in whole or in part, including interest at a rate in accordance with national law, is to be repaid, the sum to be repaid shall be borne by the Funds, unless the repayment of the security is attributable to the negligence or serious mistake of administrative authorities or other bodies of the Member State.

SECTION 4

Member States shall keep available for the Commission, for each year, the total number and sum of securities forfeited, whatever stage of the procedure set out in Article 55 has been reached, distinguishing in either case between those credited to the national budgets and those credited to the budget of the Union.
