## ANNEX

Description of the goods	Classification (CN code)	Reasons
(1)	(2)	(3)
<p>A knitted brassière (61 % nylon, 20 % elastane, 12 % cotton, 7 % viscose), with adjustable broad padded shoulder straps, centrally positioned over the breasts, with shaped cups and elastication at the back part of the base.</p> <p>There is an embroidered design on the shoulder straps and cups and a decorative bow at the centre front.</p> <p>The article is closed by means of an adjustable 'hook and eye fastening'.</p> <p>The brassière has a lining in the cups, with side openings for the insertion of padding for the enhancement of breasts (aesthetic purposes) or for the insertion of breast forms following a mastectomy.</p> <p>See images (*).</p>	6212 10 90	<p>Classification is determined by general rules 1 and 6 for the interpretation of the Combined Nomenclature and by the wording of CN codes 6212, 6212 10 and 6212 10 90.</p> <p>The article has the objective characteristics (the form and the construction) of a brassière of heading 6212, which includes brassières of all kinds (see also the Harmonised System Explanatory Notes to heading 6212, second paragraph (1)).</p> <p>Although the article can also be worn by women following a mastectomy, classification under heading 9021 as an orthopaedic appliance or as a part or accessory of an artificial part of the body is excluded because, at the time of importation, the objective characteristics of the product are those of a brassière of heading 6212 and do not give any indication of the final use (for aesthetic or medical purposes).</p> <p>The side openings do not make the brassière a product of heading 9021 as they can serve both for the insertion of breast forms following a mastectomy and for the insertion of padding for the enhancement of breasts (aesthetic purposes). Similarly, the broad shoulder straps, centrally positioned over the breasts are a common feature for bigger cup brassières of heading 6212.</p> <p>Therefore, the article is to be classified under CN code 6212 10 90 as a brassière.</p>
