

**COUNCIL IMPLEMENTING REGULATION (EU) 2018/1912****of 4 December 2018****amending Implementing Regulation (EU) No 282/2011 as regards certain exemptions for intra-Community transactions**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2006/112/EC of 28 November 2006 on the common system of value added tax <sup>(1)</sup>, and in particular Article 397 thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) In its communication of 7 April 2016 on an action plan on VAT, the Commission announced its intention to put forward a proposal for a definitive value added tax (VAT) system in relation to cross-border business-to-business trade between Member States. The Council, in its conclusions of 8 November 2016, invited the Commission to propose in the meantime certain improvements to the Union VAT rules for cross-border transactions, inter alia, for the purposes of exemptions in respect of intra-Community transactions.
- (2) Directive 2006/112/EC sets out a number of conditions for the exemption of supplies of goods from VAT in the context of certain intra-Community transactions. One of those conditions is that the goods have to be dispatched or transported from one Member State to another.
- (3) However, the divergent approach amongst Member States in the application of those exemptions for cross-border transactions has created difficulties and legal uncertainty for businesses. This is contrary to the objective of enhancing intra-Community trade and to the abolition of the fiscal borders. It is therefore important to specify and harmonise the conditions under which the exemptions can apply.
- (4) As cross-border VAT fraud is primarily linked to the exemption for intra-Community supplies, it is necessary to specify certain circumstances in which goods should be considered as having been dispatched or transported from the territory of the Member State of supply.
- (5) In order to provide a practical solution for businesses and also to provide assurance for tax administrations, two rebuttable presumptions should be introduced in Council Implementing Regulation (EU) No 282/2011 <sup>(2)</sup>.
- (6) The call-off stock simplification arrangements should be accompanied by appropriate recording obligations in order to ensure their correct application.
- (7) Implementing Regulation (EU) No 282/2011 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:
