COMMISSION DELEGATED REGULATION (EU) 2019/442

of 12 December 2018

amending and correcting Delegated Regulation (EU) 2017/587 to specify the requirement for prices to reflect prevailing market conditions and to update and correct certain provisions

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Regulation (EU) No 648/2012 ⁽¹⁾, and in particular Article 4(6), Article 14(7), Article 22(4) and Article 23(3) thereof,

Whereas:

- (1) Commission Delegated Regulation (EU) 2017/587 ⁽²⁾ sets out transparency requirements for trading venues and systematic internalisers in respect of shares, depositary receipts, exchange-traded funds, certificates and other similar financial instruments. In particular, Delegated Regulation (EU) 2017/587 specifies that prices quoted by systematic internalisers reflect prevailing market conditions, as required by Article 14(3) of Regulation (EU) No 600/2014, where those prices are close in price, at the time of publication, to quotes of equivalent sizes for the same financial instrument on the most relevant market in terms of liquidity. Systematic internalisers may therefore provide quotes that are not subject to the minimum price increment ('tick size') with which trading venues are to comply.
- (2) The ability of systematic internalisers to provide quotes using price increments smaller than those available to trading venues may result in marginally better prices available to investors. Those quotes, however, undermine the overall quality of the liquidity available, the efficient valuation and pricing of financial instruments, and the level playing field between trading venues and systematic internalisers. This is most relevant for shares and depositary receipts which are subject to a wider range of tick sizes than other financial instruments.
- (3) To ensure effective price formation, the overall quality of the liquidity available and the efficient valuation of shares and depositary receipts, prices quoted by systematic internalisers for those instruments should only be deemed to reflect prevailing market conditions where those prices are subject to minimum price increments corresponding to the tick sizes applicable to prices published by trading venues.
- (4) Regulation (EU) 2016/1033 of the European Parliament and of the Council ⁽³⁾ removes securities financing transactions from the scope of the transparency provisions for trading venues and systematic internalisers. It is therefore necessary to remove references to securities financing transactions from Delegated Regulation (EU) 2017/587.
- (5) Delegated Regulation (EU) 2017/587 should therefore be amended accordingly.

⁽¹⁾ OJ L 173, 12.6.2014, p. 84.

⁽²⁾ Commission Delegated Regulation (EU) 2017/587 of 14 July 2016 supplementing Regulation (EU) No 600/2014 of the European Parliament and of the Council on markets in financial instruments with regard to regulatory technical standards on transparency requirements for trading venues and investment firms in respect of shares, depositary receipts, exchange-traded funds, certificates and other similar financial instruments and on transaction execution obligations in respect of certain shares on a trading venue or by a systematic internaliser (OJ L 87, 31.3.2017, p. 387).

⁽³⁾ Regulation (EU) 2016/1033 of the European Parliament and of the Council of 23 June 2016 amending Regulation (EU) No 600/2014 on markets in financial instruments, Regulation (EU) No 596/2014 on market abuse and Regulation (EU) No 909/2014 on improving securities settlement in the European Union and on central securities depositories (OJ L 175, 30.6.2016, p. 1).

- (6) A number of provisions of Delegated Regulation (EU) 2017/587 diverge from the draft regulatory technical standards on which that Regulation is based ⁽⁴⁾. To the extent that those divergences are errors that affect the substance of those provisions, they should be corrected.
- (7) This Regulation is based on the draft regulatory technical standards submitted by the European Securities and Markets Authority ('ESMA') to the Commission.
- (8) In accordance with Article 37 of Regulation (EU) No 1095/2010 of the European Parliament and of the Council ⁽⁵⁾, ESMA has conducted open public consultations on the draft regulatory technical standards on which this Regulation is based, analysed the potential related costs and benefits and requested the opinion of the Securities and Markets Stakeholder Group,
