INTERINSTITUTIONAL AGREEMENTS

INTERINSTITUTIONAL AGREEMENT

of 20 May 2021

between the European Parliament, the Council of the European Union and the European Commission on a mandatory transparency register

THE EUROPEAN PARLIAMENT, THE COUNCIL OF THE EUROPEAN UNION AND THE EUROPEAN COMMISSION

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 295 thereof,

Having regard to the Treaty establishing the European Atomic Energy Community, and in particular Article 106a thereof,

Whereas:

- (1) The European Parliament, the Council of the European Union and the European Commission ('the signatory institutions') maintain an open, transparent and regular dialogue with representative associations and civil society in accordance with the Treaty on European Union (TEU), and in particular Article 11(1) and (2) thereof.
- (2) That dialogue enables stakeholders to present their views on decisions that may affect them and hence to contribute effectively to the evidence base on which policy proposals are made. Engaging with stakeholders enhances the quality of decision-making by providing channels for external views and expertise to be given.
- (3) Transparency and accountability are essential for maintaining the trust of Union citizens in the legitimacy of the political, legislative and administrative processes of the Union.
- (4) The signatory institutions recognise the importance of coordinating their approach through the adoption of a joint framework for their cooperation, in order to further promote interest representation that is transparent and ethical.
- (5) Transparency concerning interest representation is especially important in order to allow citizens to follow the activities and be aware of the potential influence of interest representatives, including influence exercised through financial support and sponsorship. Such transparency is best ensured by means of a code of conduct which contains the rules and principles to be observed by interest representatives that sign up to a transparency register (the 'register').
- (6) In view of the positive experience with the transparency register for organisations and self-employed individuals engaged in EU policy-making and policy implementation established by the agreement between the European Parliament and the European Commission of 16 April 2014 ⁽¹⁾ ('the 2014 Agreement'), the signatory institutions consider that the scope of the 2014 Agreement should be expanded.
- (7) It is necessary to make the register mandatory by putting in place, by means of individual decisions adopted by each of the signatory institutions, measures of equivalent effect that make registration of interest representatives in the register a necessary precondition for carrying out certain types of interest representation activities.

⁽¹⁾ Agreement between the European Parliament and the European Commission on the transparency register for organisations and self-employed individuals engaged in EU policy-making and policy implementation (OJ L 277, 19.9.2014, p. 11.).

- (8) In order to further strengthen the joint framework and build on the progress made in establishing a common transparency culture, the signatory institutions should publish on the website of the register conditionality and complementary transparency measures that they put in place to encourage registration, such as dedicated mailing lists, the recommendation that certain decision-makers meet only registered interest representatives, or the publication of information on meetings between certain decision-makers and interest representatives.
- (9) In order to promote this Agreement beyond the signatory institutions, it should provide for arrangements that allow Union institutions, bodies, offices and agencies, other than the signatory institutions, and Member States' permanent representations that voluntarily wish to apply the operating principles of the joint framework to benefit from the assistance of the secretariat of the register and its helpdesk support.
- (10) In order to avoid an unnecessary administrative burden and in line with current practice as regards registration, activities carried out by interest representatives exclusively on behalf of an association or network of which they are part should be considered to be activities of that network or association.
- (11) Activities of public authorities of Member States, as well as of any association or network of such public authorities that acts on their behalf at Union, national or subnational level, should not be covered by this Agreement, although associations and networks of public authorities at Union, national or subnational level engaging in interest representation activities should be allowed to register.
- (12) The practice of adopting an annual report on the functioning of the register should be maintained as a tool to ensure appropriate visibility for the coordinated approach of the signatory institutions and to bolster citizens' trust. The scope of the annual report should be expanded to cover conditionality and complementary transparency measures put in place by the signatory institutions.
- (13) The functioning of the register should not impinge on the competences of any of the signatory institutions or affect their respective powers of internal organisation.
- (14) In the exercise of their respective powers of internal organisation, the signatory institutions should delegate to the secretariat and the management board of the register the power to act on their behalf for the adoption of individual decisions concerning applicants and registrants, in accordance with this Agreement. The signatory institutions should be co-defendants in any legal action brought before the Court of Justice of the European Union against final decisions of the management board of the register that adversely affect applicants or registrants.
- (15) The signatory institutions should act in mutual sincere cooperation in implementing this Agreement.
- (16) Any of the signatory institutions should be able to pursue other good governance and transparency policies outside the framework of this Agreement, to the extent that such policies do not interfere with the implementation of and the objectives pursued by this Agreement.
- (17) This Agreement is without prejudice to the exercise of rights under Article 11(4) TEU, concerning the European citizens' initiative, and Article 227 of the Treaty on the functioning of the European Union (TFEU), concerning the right to petition the European Parliament,

AGREE AS FOLLOWS:

4.4. The Secretariat may open an investigation on its own initiative in the light of information that a registrant may be ineligible.

4.5. Where the Secretariat opens an investigation on its own initiative, it shall notify the registrant concerned and ask the registrant to provide a reasoned response within 20 working days.

4.6. The Secretariat shall take into account any reasoned response received under point 4.5, gather any relevant information, and draft a report on its findings.

4.7. Where the report finds that the registrant concerned is ineligible, the Secretariat shall notify the registrant accordingly. That notification may also contain:

- (a) instructions to remedy the ineligibility within 20 working days of receipt of the notification; and
- (b) a formal warning that measures may be imposed if the ineligibility is not remedied or recurs.

4.8. The Secretariat shall declare the registrant concerned eligible and close the investigation, where one of the following applies:

6. Right to be heard

The registrant shall have the possibility to make known their own views in writing before any decision establishing ineligibility is taken.

8. Measures

- 8.1. Where the Secretariat removes a registration under point 7.2 due to it having established that the ineligibility relates to non-observance, it may also, where appropriate in the light of the seriousness of the non-observance:
- (a) prohibit the interest representative concerned from registering again for a period of between 20 working days and two years; and
 - (b) publish the measure taken on the website of the register.
