1. In the context of enlarging the customs union the provisions of GATT Article XXIV.6 oblige the EC to enter into negotiations with third countries having negotiating rights in any of the acceding Members in order to agree on compensatory adjustment if the adoption of the EC's external tariff regime results in an increase in tariff beyond the level for which the acceding country has bound itself at the WTO, whilst taking 'due account of reductions of duties on the same tariff line made by other constituents of the customs union upon its formation'.
