In our opinion, the accounts of the Agency for the year ended 31 December 2016 present fairly, in all material respects, the financial position of the Agency at 31 December 2016, the results of its operations, its cash flows, and the changes in net assets for the year then ended, in accordance with its Financial Regulation and with accounting rules adopted by the Commission's accounting officer. These are based on internationally accepted accounting standards for the public sector.

Payments*Opinion on the legality and regularity of payments underlying the accounts*

7. In our opinion, payments underlying the accounts for the year ended 31 December 2016 are legal and regular in all material respects.

Responsibilities of management and those charged with governance

8. In accordance with Articles 310 to 325 of the TFEU and the Agency's Financial Regulation, management is responsible for the preparation and presentation of the accounts on the basis of internationally accepted accounting standards for the public sector and for the legality and regularity of the transactions underlying them. This responsibility includes the design, implementation and maintenance of internal controls relevant to the preparation and presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them. The Agency's management bears the ultimate responsibility for the legality and regularity of the transactions underlying the accounts.

9. In preparing the accounts, management is responsible for assessing the Agency's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

10. Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's responsibilities for the audit of the accounts and underlying transactions

11. Our objectives are to obtain reasonable assurance about whether the accounts of the Agency are free from material misstatement and the transactions underlying them are legal and regular and to provide, on the basis of our audit, the European Parliament and the Council or other respective discharge authorities with a statement of assurance as to the reliability of the accounts and the legality and regularity of the transactions underlying them. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit will always detect a material misstatement or non-compliance when it exists. These can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these accounts.

12. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the accounts and the legality and the regularity of the transactions underlying them. The procedures selected depend on the auditor's judgment, including an assessment of the risks of material misstatement of the accounts and of material non-compliance of the underlying transactions with the requirements of the legal framework of the European Union, whether due to fraud or error. In making those risk assessments, internal controls relevant to the preparation and fair presentation of the accounts and legality and regularity of underlying transactions, are considered in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management, as well as evaluating the overall presentation of the accounts.

13. For revenue, we verify the subsidy received from the Commission and assess the Agency's procedures for collecting fees and other income.

14. For expenditure, we examine payment transactions when expenditure has been incurred, recorded and accepted. This examination covers all categories of payments other than advances at the point they are made. Advance payments are examined when the recipient of funds provides justification for their proper use and the Agency accepts the justification by clearing the advance payment, whether in the same year or later.

15. The comments which follow do not call the Court's opinion into question.

COMMENTS ON BUDGETARY MANAGEMENT

16. The Agency carried over 1,1 million euro, i.e. 48 % (2015: 0,9 million euro, i.e. 52 %) of committed appropriations for Title III (expenditure linked to the Agency's operations). They mainly relate to IT services and other studies contracted but not yet carried out or finished at the year end. Of the carry-overs made from 2015 to 2016, the Agency cancelled 0,2 million euro, i.e. 17 % indicating weak planning of needs.
