**Notice of initiation of a partial interim review of the anti-dumping measures applicable to imports
of threaded tube or pipe cast fittings, of malleable cast iron, originating in the People's Republic of
China and Thailand**

(2017/C 162/07)

The European Commission ('the Commission') has received a request for a partial interim review pursuant to Article 11(3) of Regulation (EU) 2016/1036 of the European Parliament and of the Council of 8 June 2016 on protection against dumped imports from countries not members of the European Union ⁽¹⁾ ('the basic Regulation').

1. Request for review

The request for review was lodged by Hebei Yulong Casting Co., Ltd ('the applicant'), a Chinese exporting producer of threaded tube or pipe cast fittings of malleable cast iron, for imports originating in the People's Republic of China.

As the measures also apply to imports originating in Thailand, the Commission has decided on its own initiative to initiate the review for imports originating in Thailand.

The review is limited to the examination of the product scope as regards the clarification of whether certain product types fall within the scope of the anti-dumping measures applicable to imports of certain of threaded tube or pipe cast fittings, of malleable cast iron, originating in the People's Republic of China and Thailand ('the countries concerned').

2. Product under review

The product subject to this review is threaded tube or pipe cast fittings, of malleable cast iron, excluding bodies of compression fittings using ISO DIN 13 metric thread and malleable iron threaded circular junction boxes without having a lid ('the product under review'), currently falling within CN code ex 7307 19 10 (TARIC code 7307 19 10 10).

3. Existing measures

The measures currently in force are a definitive anti-dumping duty imposed by Council Implementing Regulation (EU) No 430/2013 ⁽²⁾.

4. Grounds for the review

The applicant requests the exclusion of certain threaded tube or pipe cast fittings of malleable cast iron from the scope of the current anti-dumping measures. The products alleged to be excluded are:

- bodies of compression fittings using DIN 28601 thread, and
- cross-shaped fittings with two unthreaded central through holes.

⁽¹⁾ OJ L 176, 30.6.2016, p. 21.

⁽²⁾ Council Implementing Regulation (EU) No 430/2013 of 13 May 2013 imposing a definitive anti-dumping duty and collecting definitively the provisional duty imposed on imports of threaded tube or pipe cast fittings, of malleable cast iron, originating in the People's Republic of China and Thailand and terminating the proceeding with regard to Indonesia (OJ L 129, 14.5.2013, p. 1).

The request pursuant to Article 11(3) is based on prima facie evidence provided by the applicant that the basic physical, technical and/or chemical characteristics of the products to be excluded significantly differ from those of the product under review. The same evidence is considered applicable to the product under review from both countries concerned.

5. Procedure

Having determined, after informing the Member States, that sufficient evidence exists to justify the initiation of a partial interim review limited to the examination of the product scope as regards the clarification of whether certain product types fall within the scope of the anti-dumping measures applicable to imports of the product under review, the Commission hereby initiates a review in accordance with Article 11(3) of the basic Regulation.
