## **COUNCIL DECISION**

**on the position to be adopted on behalf of the European Union in the Partnership Council established by the Comprehensive and Enhanced Partnership Agreement between the European Union and the European Atomic Energy Community and their Member States, of the one part, and the Republic of Armenia, of the other part, as regards the adoption of decisions on the rules of procedure of the Partnership Council, the Partnership Committee and those of specialised subcommittees or any other body**

## EXPLANATORY MEMORANDUM

### **1. SUBJECT MATTER OF THE PROPOSAL**

This proposal concerns a decision on the position to be adopted on the Union's behalf in the Partnership Council established by the EU- Armenia Comprehensive and Enhanced Partnership Agreement ('CEPA' or 'the Agreement'), in connection with the adoption of the rules of procedure of the Partnership Council and of the Partnership Committee and the establishment of sub-committees and other bodies.

### **2. CONTEXT OF THE PROPOSAL**

#### **2.1. The EU-Armenia Comprehensive and Enhanced Partnership Agreement**

The CEPA aims to enhance the comprehensive political and economic partnership and cooperation between the EU and Armenia, based on common values and close links, including by increasing the participation of the Republic of Armenia in policies, programmes and agencies of the European Union. It creates a strong enabling framework for enhanced political dialogue on all areas of mutual interest, promoting the development of close political relations.

The CEPA sets out general principles and objectives for EU-Armenia relations and creates an institutional structure for the implementation of the Agreement.

It was applied provisionally from 1 June 2018.

#### **2.2. The Partnership Council**

The Partnership Council is established by Article 362 of the Agreement. It supervises and regularly reviews the implementation of the Agreement.

The Partnership Council consists of representatives of the Parties at ministerial level and meets at regular intervals, at least once a year, and when circumstances require. The Partnership Council may meet in any configuration, by mutual agreement. It adopts its own rules of procedure.

The Partnership Council takes decisions within the scope of the Agreement in cases provided for therein. The decisions are binding upon the Parties, which are to take appropriate measures to implement them. The Partnership Council may also make recommendations. It adopts its decisions and recommendations by agreement between the Parties, subject to the completion of the Parties' respective internal procedures.

#### **2.3. The Partnership Committee**

The Partnership Committee is established by Article 363 of the Agreement. It assists the Partnership Council in the performance of its duties and functions, and prepares the meetings of the Partnership Council.

The Partnership Committee has the power to adopt decisions in areas in which the Partnership Council has delegated powers to it in the cases provided for in the Agreement. Those decisions are binding upon the Parties, which are to take appropriate measures to implement them. The Partnership Committee adopts its decisions by agreement between the Parties, subject to the completion of the Parties' respective internal procedures.

It is composed of representatives of the Parties, in principle at senior official level. It is chaired alternately by a representative of the EU or of the Republic of Armenia. It normally meets at least once a year. Its rules of procedure are adopted by the Partnership Council.

## **2.4. Envisaged act of the Partnership Council**

The Partnership Council is to adopt a decision on its own rules of procedure and those of the Partnership Committee, as well as on the establishment of sub-committees and other bodies.

The purpose of the envisaged act is to adopt, in accordance with Articles 362(4) and 363(4) of the Agreement, rules of procedure governing the functioning of the Partnership Council and of the Partnership Committee, and to establish sub-committees and other bodies to allow for implementation of the CEPA.

## **3. POSITION TO BE ADOPTED ON BEHALF OF THE UNION**

The position to be adopted on behalf of the Union should enable the adoption of the rules of procedure of the Partnership Council and of the Partnership Committee.

## **4. LEGAL BASIS**

### **4.1. Procedural legal basis**

#### *4.1.1. Principles*

Article 218(9) of the Treaty on the Functioning of the European Union (TFEU) provides for decisions establishing ‘the positions to be adopted on the Union’s behalf in a body set up by an agreement, when that body is called upon to adopt acts having legal effects, with the exception of acts supplementing or amending the institutional framework of the agreement’.

The notion of ‘acts having legal effects’ includes acts that have legal effects by virtue of the rules of international law governing the body in question. It also includes instruments that do not have a binding effect under international law, but that are ‘capable of decisively influencing the content of the legislation adopted by the EU legislature’<sup>1</sup>.

#### *4.1.2. Application to the present case*

The Partnership Council and the Partnership Committee are bodies established by the CEPA.

The acts set out in the annex to this Decision constitute acts having legal effects, because Article 362(6) of the Agreement empowers the Partnership Council to adopt decisions that are binding on the parties. The acts do not supplement or amend the institutional framework of the Agreement.

Therefore, the procedural legal basis for the proposed Decision is Article 218(9) TFEU.

### **4.2. Substantive legal basis**

#### *4.2.1 Reasons for the amended proposal*

On 29 November 2018, the High Representative and the Commission adopted the Joint proposal for a Council Decision on the position to be adopted on behalf of the European Union in the Partnership Council established by the CEPA between the European Union and the European Atomic Energy Community and their Member States, of the one part, and the Republic of Armenia, of the other part, as regards the adoption of decisions on the rules of procedure of the Partnership Council, the Partnership Committee and those of specialised subcommittees or any other body ('the Joint Proposal'). The Joint Proposal was based on Article 37 TEU and Articles 91, 100(2), 207 and 209 TFEU in conjunction with Article 218(9) TFEU. In light of the Court ruling in case C-244/17 Commission v Council (Kazakhstan), which most recently applied the centre of gravity test for the determination of

the legal basis of Union acts on international agreements, and for the reasons explained below, the legal bases of the proposed Decision should be amended and should include Articles 91, 100(2), 207 and 209 TFEU in conjunction with Article 218(9) TFEU.

#### *4.2.2. Principles*

The substantive legal basis for a decision under Article 218(9) TFEU depends primarily on the objective and content of the envisaged act in respect of which a position is adopted on behalf of the Union. If the envisaged act pursues two aims or has two components and if one of those aims or components is identifiable as the main one, whereas the other is merely incidental, the decision under Article 218(9) TFEU must be founded on a single substantive legal basis, namely that required by the main or predominant aim or component.

With regard to an envisaged act that simultaneously pursues a number of objectives, or that has several components, which are inseparably linked without one being incidental to the other, the substantive legal basis of a decision under Article 218(9) TFEU will have to include, exceptionally, the various corresponding legal basis.

It is equally noted that it is not the procedure that defines the legal basis of a measure but the legal basis of a measure that determines the procedure to be followed in adopting it.

#### *4.2.3. Application to the present case*

The Rules of procedure of the Partnership Council and Partnership Committee concern the general functioning of a body set up on the basis of an agreement. Therefore, the field within which the envisaged decision falls must be determined in the light of the Agreement as a whole .

The main objective and content of the envisaged act relate to development cooperation (Article 209 TFEU) and trade (Article 207 TFEU). In addition, given that some provisions related to trade in transport services in the Trade Part of the CEPA are not covered by Article 207, Articles 91, 100(2) TFEU should also be added.

The limited number of CFSP provisions are not such as to constitute a distinct aim or component. Rather, they are incidental to the CEPA predominant component. Therefore, they do not require a separate legal basis. This is the case despite the fact that the Council Decision on the signing of the Agreement was based also on Article 37 TEU (see Council Decision 2018/104 of 20 November 2017). The assessment has changed in light of the Court ruling in case C-244/17 Commission v Council (Kazakhstan).

It is to be noted that the number and nature of the CFSP provisions in CEPA is comparable to those of the Agreement with Kazakhstan and of other agreements on which decisions based on non-CFSP legal bases were adopted after the Kazakhstan judgment.

## **5. CONCLUSION**

In the light of the above, the legal basis of the proposed Decision should be ~~Article 37 TEU~~ and Articles 91, 100(2), 207 and 209 TFEU in conjunction with Article 218(9) TFEU and the proposal must be made by the Commission alone. The High Representative of the Union for Foreign Affairs and Security Policy has been consulted and agrees on this.
