**Calls for proposals and related activities under the 2018-2020 work programme under Horizon 2020 — the Framework Programme for Research and Innovation (2014-2020) and under the 2018 work programme under the Research and Training Programme of the European Atomic Energy Community (2014-2018) complementing Horizon 2020***(2017/C 368/05)*

Notice is hereby given of the launch of calls for proposals and related activities under the 2018-2020 work programme under Horizon 2020 — the Framework Programme for Research and Innovation (2014-2020) and under the 2018 work programme under the Research and Training Programme of the European Atomic Energy Community (2014-2018) complementing Horizon 2020.

The Commission has adopted by Decisions C(2017) 7123, and C(2017) 7124 of 27 October 2017 two work programmes which include calls for proposals and related activities.

These are subject to the availability of the appropriations provided for in the draft budget for the corresponding years by the budgetary authority or, if the budget for a specific year is not adopted, as provided for in the system of provisional twelfths.

These work programmes, including deadlines and budgets for the activities, are available through the Participant Portal website (<http://ec.europa.eu/research/participants/portal>) along with information on the modalities of the calls and related activities, and guidance for applicants on how to submit proposals. All this information will be updated as necessary on the same Participant Portal.

Proposals can be submitted at this stage only against topics marked '2018' in the calls for proposals shown on the Participant Portal. Information on when proposals can be submitted against topics marked '2019' and '2020' will be provided at a later stage on the Participant Portal.
