

New national side of euro coins intended for circulation

(2019/C 352/17)

National side of the new commemorative 2-euro coin intended for circulation and issued by Slovenia

Euro coins intended for circulation have legal tender status throughout the euro area. For the purpose of informing the public and all parties who handle the coins, the Commission publishes a description of the designs of all new coins ⁽¹⁾. In accordance with the Council conclusions of 10 February 2009 ⁽²⁾, euro-area Member States and countries that have concluded a monetary agreement with the European Union providing for the issuing of euro coins are allowed to issue commemorative euro coins intended for circulation, provided that certain conditions are met, particularly that only the 2-euro denomination is used. These coins have the same technical characteristics as other 2-euro coins, but their national face features a commemorative design that is highly symbolic in national or European terms.

Issuing country: Slovenia

Subject of commemoration: The 100th anniversary of the foundation of the University of Ljubljana

Description of the design: The University of Ljubljana's logo is the core of the design. On the left side the University's façade above the solid square of its logo is replaced with the inscription '100 LET UNIVERZE V LJUBLJANI'. The design's background is textured in order to achieve a larger impact of the inscription with the solid square. On the lower part of the right side is the inscription 'SLOVENIJA 2019'.

The coin's outer ring depicts the 12 stars of the European flag.

Estimated number of coins to be issued: 1 000 000

Estimated date of issue: Fourth quarter of 2019

⁽¹⁾ See OJ C 373, 28.12.2001, p. 1 for the national faces of all the coins issued in 2002.
