COMMISSION OF THE EUROPEAN COMMUNITIES

Brussels, 21.2.2008
COM(2008) 92 final

2008/0040 (CNS)

Proposal for a

COUNCIL DECISION

on the signature and provisional application of the Agreement between the European Community and the Republic of Kazakhstan on certain aspects of air services

(presented by the Commission)

EXPLANATORY MEMORANDUM

1) CONTEXT OF THE PROPOSAL

- **Grounds for and objectives of the proposal**

Following the judgements of the Court of Justice in the so-called “Open Skies” cases, on 5 June 2003 the Council granted the Commission a mandate to open negotiations with third countries on the replacement of certain provisions in existing agreements with a Community agreement¹ (the “horizontal mandate”). The objectives of such agreements are to give all EU air carriers non-discriminatory access to routes between the Community and third countries, and to bring bilateral air service agreements between Member States and third countries in line with Community law.

- **General context**

International aviation relations between Member States and third countries have traditionally been governed by bilateral air services agreements between Member States and third countries, the Annexes to such agreements and other related bilateral or multilateral arrangements.

Traditional designation clauses in Member States’ bilateral air services agreements infringe Community law. They allow a third country to reject, withdraw or suspend the permissions or authorisations of an air carrier that has been designated by a Member State but that is not substantially owned and effectively controlled by that Member State or its nationals. This has been found to constitute discrimination against Community carriers established in the territory of a Member State but owned and controlled by nationals of other Member States. This is contrary to Article 43 of the Treaty which guarantees nationals of Member States who have exercised their freedom of establishment the same treatment in the host Member State as that accorded to nationals of that Member State.

There are further issues, such as aviation fuel taxation, tariffs introduced by third country air carriers on intra-Community routes, or obligatory commercial agreements between airlines where compliance with Community law should be ensured through amending or complementing existing provisions in bilateral air services agreements between Member States and third countries.

- **Existing provisions in the area of the proposal**

The provisions of the Agreement supersede or complement the existing provisions in the fifteen bilateral air services agreements between Member States and the Republic of Kazakhstan.

- **Consistency with the other policies and objectives of the Union**

The Agreement will serve a fundamental objective of the Community external aviation policy by bringing existing bilateral air services agreements in line with Community

¹ Council Decision 11323/03 of 5 June 2003 (restricted document)

law.

2) CONSULTATION OF INTERESTED PARTIES AND IMPACT ASSESSMENT

- **Consultation of interested parties**

Consultation methods, main sectors targeted and general profile of respondents

Member States as well as the industry were consulted throughout the negotiations.

Summary of responses and how they have been taken into account

Comments made by Member States and the industry have been taken into account.

3) LEGAL ELEMENTS OF THE PROPOSAL

- **Summary of the proposed action**

In accordance with the mechanisms and directives in the Annex to the "horizontal mandate", the Commission has negotiated an agreement with the Republic of Kazakhstan that replaces certain provisions in the existing bilateral air services agreements between Member States and the Republic of Kazakhstan. Article 2 of the Agreement replaces the traditional designation clauses with a Community designation clause, permitting all Community carriers to benefit from the right of establishment. Articles 4 and 5 of the Agreement address two types of clauses concerning matters of Community competence. Article 4 deals with the taxation of aviation fuel, a matter which has been harmonised by Council Directive 2003/96/EC restructuring the Community framework for the taxation of energy products and electricity, and in particular Article 14 (2) thereof. Article 5 (Pricing) resolves conflicts between the existing bilateral air services agreements and Council Regulation No 2409/92 on fares and rates for air services which prohibits third country carriers from being price leaders on air services for carriage wholly within the Community. Article 6 brings provisions in bilateral agreements which are clearly anti-competitive (obligatory commercial agreements between airlines) in line with EU competition law.

- **Legal basis**

EC Treaty Art. 80(2), 300(2)

- **Subsidiarity principle**

The proposal is entirely based on the "horizontal mandate" granted by the Council taking into account the issues covered by Community law and bilateral air services agreements.

- **Proportionality principle**

The Agreement will amend or complement provisions in bilateral air services agreements only to the extent necessary to ensure compliance with Community law.

- **Choice of instruments**

The Agreement between the Community and the Republic of Kazakhstan is the most efficient instrument to bring all existing bilateral air services agreements between Member States and the Republic of Kazakhstan into conformity with Community law.

4) BUDGETARY IMPLICATION

The proposal has no implication for the Community budget.

5) ADDITIONAL INFORMATION

- **Simplification**

The proposal provides for simplification of legislation.

The relevant provisions of bilateral air services agreements between Member States and the Republic of Kazakhstan will be superseded or complemented by provisions in one single Community agreement.

- **Detailed explanation of the proposal**

In accordance with the standard procedure for the signature and conclusion of international agreements, the Council is asked to approve the decisions on the signature and provisional application and on the conclusion of the Agreement between the European Community and the Republic of Kazakhstan on certain aspects of air services and to designate the persons authorised to sign the Agreement on behalf of the Community.

ANNEX

AGREEMENT

between the European Community and the Republic of Kazakhstan

on certain aspects of air services

THE EUROPEAN COMMUNITY

of the one part, and

the Republic of Kazakhstan

of the other part

(hereinafter referred to as ‘the Parties’)

NOTING that bilateral air service agreements have been concluded between [several] Member States of the European Community and the Republic of Kazakhstan containing provisions contrary to Community law,

NOTING that the European Community has exclusive competence with respect to several aspects that may be included in bilateral air service agreements between Member States of the European Community and third countries,

NOTING that under European Community law Community air carriers established in a Member State have the right to non-discriminatory access to air routes between the Member States of the European Community and third countries,

HAVING REGARD to the agreements between the European Community and certain third countries providing for the possibility for the nationals of such third countries to acquire ownership in air carriers licensed in accordance with European Community law,

RECOGNISING that certain provisions of the bilateral air service agreements between Member States of the European Community and the Republic of Kazakhstan, which are contrary to European Community law, must be brought into conformity with it in order to establish a sound legal basis for air services between the European Community and the Republic of Kazakhstan and to preserve the continuity of such air services,

NOTING that provisions of the bilateral air service agreements between Member States of the European Community and the Republic of Kazakhstan, which are not contrary to European Community law, do not need to be amended or replaced,

NOTING that it is not a purpose of the European Community, as part of these negotiations, to increase the total volume of air traffic between the European Community and the Republic of Kazakhstan, to affect the balance between Community air carriers and air carriers of the Republic of Kazakhstan, or to negotiate amendments to the provisions of existing bilateral air service agreements concerning traffic rights.

NOTING that the bilateral air services agreements listed in Annex 1 are based on the general principle that the designated airlines of the contracting parties shall have fair and equal opportunities in operating the agreed services on the specified routes, and that it is not a purpose of this Agreement to affect this principle;

NOTING that under European Community law air carriers may not, in principle, conclude agreements which may affect trade between Member States of the European Community and which have as their object or effect the prevention, restriction or distortion of competition,

RECOGNISING that provisions in bilateral air service agreements concluded between Member States of the European Community and the Republic of Kazakhstan which i) require or favour the adoption of agreements between undertakings, decisions by associations of undertakings or concerted practices that prevent, distort or restrict competition between air carriers on the relevant routes; or ii) reinforce the effects of any such agreement, decision or concerted practice; or iii) delegate to air carriers or other private economic operators the responsibility for taking measures that prevent, distort or restrict competition between air carriers on the relevant routes may render ineffective the competition rules applicable to undertakings,

HAVE AGREED AS FOLLOWS:

ARTICLE 1

General provisions

1. For the purposes of this Agreement, 'Member States' shall mean Member States of the European Community.
2. References in each of the agreements listed in Annex 1 to nationals of the Member State that is a party to that agreement shall be understood as referring to nationals of the Member States of the European Community.
3. References in each of the agreements listed in Annex 1 to air carriers or airlines of the Member State that is a party to that agreement shall be understood as referring to air carriers or airlines designated by that Member State.

 - iv. the air carrier is already authorised to operate under a bilateral agreement between the Republic of Kazakhstan and another Member State of the European Union, and
 - v. Kazakhstan can demonstrate that, by exercising traffic rights on a route that includes a point in that other Member State of the European Union, the air carrier would be circumventing restrictions on the traffic rights imposed by that other agreement referred to in point iv.
