Subject: Common Provisions Regulation
- Progress report

I. INTRODUCTION

1. On 29 May 2018, the Commission adopted the proposal for the Common Provisions Regulation (CPR)¹. The original CPR sets out common provisions for seven shared management funds: the Cohesion Fund, the European Maritime and Fisheries Fund, the European Regional Development Fund, the European Social Fund Plus, the Asylum and Migration Fund, the Border Management and Visa Instrument and the Internal Security Fund.

¹ Doc. 9511/18 + ADD 1.

2. The CPR was presented to the Structural Measures Working Party in June 2018 during the Bulgarian Presidency. The detailed examination of the CPR took place under the Austrian and the Romanian Presidencies. In order to make the discussions more effective and efficient, work within the Council on the CPR was divided in thematic blocks. The Permanent Representatives Committee endorsed (partial) mandates for negotiations with the European Parliament on the various CPR blocks² on 17 December 2018 under Austrian Presidency, and on 15 February, 3 and 17 April, and 29 May 2019 during the Romanian Presidency.
3. On 14 January 2020, together with the proposal for establishing the Just Transition Fund (JTF), the Commission proposed various amendments to the CPR³ in order to embed the JTF as a new fund under the umbrella rules of the CPR. On 28 May 2020, following the COVID-19 outbreak, and as part of the revised MFF 2021-27 and of the Recovery Package, the Commission proposed various amendments to the Cohesion policy legislative package 2021-2027, including additional amendments to the CPR⁴. Both amended Commission proposals for the CPR were presented to the Structural Measures Working Party on 4 June, during the Croatian Presidency, followed by detailed examination on 15 June. The Structural Measures Working Party discussed the Presidency compromise proposals on the amended CPR at its meetings on 3, 9 and 16 July, under the German Presidency. On 22 July 2020, the Permanent Representatives Committee endorsed a (partial) mandate for negotiations with the European Parliament as regards both amended Commission proposals for the CPR⁵.
4. On 5 October 2020, Coreper endorsed an updated partial mandate for negotiations on the CPR⁶, to take account of the European Council Conclusions adopted in the special meeting of the European Council of 17, 18, 19, 20 and 21 July 2020 and of all related elements included therein.

II. STATE OF PLAY OF INTER-INSTITUTIONAL NEGOTIATIONS

5. During the German Presidency, 13 technical meetings and 5 political trilogues on the CPR have taken place. Progress on the negotiations in the last months has paved the way to a provisional political agreement reached between Council and Parliament at the last political trilogue on 1 December 2020 on all the Articles of the Regulation, as well as on Annex XXII on allocation methodology and various elements of Annexes III and IV. The results of the negotiations are included in the Annex to this note.
6. Remaining technical work on the recitals and on part of the Annexes of the CPR is to be finalised as soon as possible during the Portuguese Presidency.
7. In the past months, substantial progress has been made during the inter-institutional negotiations with the European Parliament. Moreover, the Structural Measures Working Party has been regularly informed and consulted about the progress on the negotiations. Following the Structural Measures Working Party on 7 December 2020 as well as informal contacts with delegations, **the Presidency is of the view that, based on the principle that "nothing is agreed until everything is agreed", a balanced compromise text has emerged which has been supported by a majority of Member States.**

III. CONCLUSION

8. The Permanent Representatives Committee is, therefore, invited to take note of the progress made and acknowledge the results achieved on the negotiations with the European Parliament on the Common Provisions Regulation, as set out in the Annex to this note;
