Note to readers

Apart from the titles, a full translation of written questions with answers tabled during the sixth parliamentary term is not available in the 22 official languages.

P and E questions are translated by Parliament into the 11 'old' languages and into the author's language if it is one of the 2004 and 2007 enlargement languages.

As regards answers to questions, the situation is more complicated:

- answers prepared by the Commission are supplied only in the author's language and in either EN or FR, as requested;
- the Council gives answers only in the 11 EU official languages of the period before 2004.

In the light of this situation, readers seeking details of the substance of questions and answers should go to Parliament's website (Europarl) and, more specifically, the 'Parliamentary questions' heading: <http://www.europarl.europa.eu/QP-WEB/home.jsp>

Should the language version the reader is seeking not be available, Europarl will propose an alternative.
