  2. The present supplement follows the subdivision adopted in the 29th complete edition. Reference can be made to the legend of this edition.
  3. This supplement covers the period up to 31 December 2010.
  4. The modifications in comparison with the 29th complete edition are indicated in column 4 in the following way:
    - ‘(add.)’ means a new position introduced into the common catalogue,
