BELGIUM

Project No	Project description
------------	---------------------

Wallonie

Investment projects in the industrial, handicraft or service sector costing 10 million European units of account or more

79/10/01/003		Creation: creating a factory producing glass fibres for heat and acoustical insulation
--------------	--	--

Investment projects in the industrial, handicraft or service sector costing less than 10 million European units of account

79/10/02/001		Creation: research and development centre for consumer products
79/10/02/002	001	Services/extension: purchase and renovation of a retail sales store
	002	Industrial modernization/extension: industrial baker and confectioner

Infrastructure investment projects costing less than 10 million European units of account

79/10/04/001	001	Roadwork for an industrial estate: third phase levelling (Luxembourg)
	002	Roadwork for an industrial research site: drainage and water distribution; creation of secondary roads(Liège)
	003	Roadwork for an industrial estate: internal roads, drainage, water supply to zone II (Hainaut)
	004	Roadwork for an industrial estate: roads and drainage, first instalment (Hainaut)
	005	Roadwork for an industrial estate: roads, drainage, water distribution (Hainaut)
	006	Roadwork for an industrial estate: road levelling, drainage, water supply (Hainaut)
79/10/04/002	001	Extension: road works in an industrial estate; road works, drainage, water supply (Hainaut)
	002	Improvement: road works in an industrial estate (Hainaut)
	003	New equipment: road works in an industrial estate, water supply to concerns, building a pumping station with reservoir (Liège)
	004	Improvement: road works in an industrial estate: water supply to concerns (Liège)

Infrastructure investment projects costing less than 10 million European units of account and covered by Article 3 (2) of Council Directive, 75/268/EEC on mountain and hill farming and farming in certain less-favoured areas

79/10/06/001		New equipment: first instalment water supply (Luxembourg)
79/10/06/002	001	New equipment: high and low tension electrical supply for seven rural districts (Luxembourg)
	002	New equipment: high tension electrical supply for two rural districts (Luxembourg)

DENMARK

Project No	Project description
------------	---------------------

Bornholm

Investment projects in the industrial, handicraft or service sector costing less than 10 millions European units of account

79/01/02/001	001	Extension: clinkers, fireproof materials, stoneware piping and the like
	002	Extension: folding and stacking machines for laundries

Jylland

Investment projects in the industrial, handicraft or service sector costing less than 10 millions European units of account

79/01/02/002	001	Extension: aluminium sections and piping
	002	Extension: shrimp/prawn processing
79/01/02/003	001	Extension: plastic products for use in hospitals
	002	Extension: pressure diecast products
79/01/02/004	001	Extension: plastic fittings for sewage and waste pipes
	002	Creation: steel beams and steel buildings, machine rooms and storage halls
	003	Extension: developing apparatus and other machines for graphic industries
	004	Creation: soluble bone protein, edible bone phosphate and edible fat
	005	Creation: light dimming systems and light fittings
	006	Extension: fish processing
	007	Creation: bottle tops and tins
	008	Creation: roof-tiles and bricks
	009	Extension: printed forms
	010	Extension: measuring equipment for use in nuclear medicine
	011	Extension: pigmeat and beef cutting plant and rental of cold storage and refrigeration plant
	012	Creation: rustproof plating
	013	Extension: photographic reproduction cameras, offset printing equipment, plate makers, photo-copiers etc.
	014	Creation: photographic reproduction cameras, offset printing equipment, plate makers, photo-copiers etc. (cont'd)
016	Extension: welders	
017	Extension: synthetic needleloom felt	
018	Extension: insulation materials	
019	Extension: processing of fish for human consumption	
020	Extension: boiled sweets and rock	
021	Extension: builders' hardware	
022	Creation: filleting plant for flatfish	

Project No	Project description	
79/01/02/005	001	Extension: semi-trailers, fodder trucks, cranes
	002	Extension: agricultural machinery for soil preparation
	003	Extension: office and canteen chairs
	005	Extension: pneumatic appliances for ventilation and transport
	006	Extension: juice concentrates and popcorn
	007	Extension: fish processing

*Greenland***Infrastructure investment projects costing 10 million European units of account or more**

78/01/03/001	New construction: airport (Godthåb)
--------------	-------------------------------------

Infrastructure investment projects costing less than 10 million European units of account

79/01/04/001	001	Modernization/improvement: conversion to service flats (Narssaq)
	002	Modernization/improvement: conversion and restoration of control room (Narssaq)
	003	Modernization: power station: construction work (Narssaq)
	004	New construction: power station, engineering and electrical work (Narssaq)
	005	New construction: electricity cables (Narssaq)
	006	New construction: hangar (Narssaq)
	007	New construction: transit hall (Narssaq)
	008	Modernization/improvement: storage facilities (Narssaq)
	009	New construction: hydrants, heliport (Christianshåb)
	010	New construction: hydrants, heliport (Upernavik)
79/01/04/002	001	New construction: ring link-up (Julianehåb)
	002	New construction: electricity supply centre, stage 4 (Godthåb)
	003	New construction: power station (Godthåb)
	004	New construction: power station and distribution network (Sukkertoppen)
	005	New construction: power station (Sukkertoppen)
	006	New construction: new power station, site development, stage 1 (Holsteinborg)
	007	Extension: power station – construction work, engineering and electrical work (Angmagssalik)
	008	New construction: waste heat plant, including piping (Julianehåb)
	009	New construction: waste heat plant – power station (Godthåb)
	010	New construction: district heating pipe – power station (Godthåb)
	011	New construction: waste heat plant and piping, stages 1 and 2 (Egedesminde)
79/01/04/003	001	New construction: extension of main water conduit (Julianehåb)
	002	Extension: extension of barrage and pretreated water conduit (Narssaq)
	003	New construction: extension of main water conduit (Frederikshåb)
	005	New construction: water pipe to industrial plant (Frederikshåb)
	006	New construction: extension of main water conduit (Holsteinborg)
	007	New construction: extension of main water conduit (Christianshåb)

Project No	Project description
79/01/04/004	001 New construction: airport area water supply (Godthåb) 002 New construction: enclosure of airport (Godthåb) 003 New construction: aircraft fuel installation (Godthåb) 004 New construction: instrument landing system (Godthåb) 005 New construction: airport equipment (Godthåb)
79/01/04/005	002 New construction: timber barn with shop (Holsteinsborg) 003 New construction: harbour warehouse, 2nd stage, refrigeration (Godthavn) 004 New construction: town warehouse with shop (Umanak) 005 New construction: settlement tank installation (Thule) 006 New construction: unheated storage hall (Angmagssalik) 007 New construction: settlement tank installation (Angmagssalik) 008 New construction: settlement tank installation (Angmagssalik)
79/01/04/006	001 New construction: quay (Nanortalik) 002 New construction: quay (Julianehåb) 003 Extension: landing-stage for schooners (Frederikshåb) 004 New construction: improvement of docking conditions (Chirstianshåb) 005 New construction: landing-stage for unloading lighters (Umanak) 006 New construction: landing-stage for schooners (Upernavik)
79/01/04/007	New construction: hangar and workshop facilities (Godthåb)
79/01/04/008	001 INUKSAT project (telecommunications) (Godthåb, Egedesminde, Upernavik, Scorebysund) 002 VHF coastal stations (ship's radio and emergency services) (Julianehåb, Godthåb, Holsteinborg, Egedesminde)
79/01/04/009	001 New construction: hangar (Narsarsuaq) 002 Modernization/improvement: mooring for ocean-going ships (Nanortalik)

	003	Modernizing, improvement: electrical supply (Ascoli Piceno)
	005	Modernizing, improvement: aqueduct (Ascoli Piceno)
	006	Modernizing, improvement: sewage disposal and purification (Ascoli Piceno)
	007	Modernizing, improvement: incinerators for disposal of town waste (Ascoli Piceno)
	008	Modernizing, improvement: electrification plant (Ascoli Piceno)
	009	Modernizing, improvement: sewage disposal and purification (Ascoli Piceno)
	010	Modernizing, improvement: sewage disposal and purification (Ascoli Piceno)
	011	Modernizing, improvement: natural gas distribution for handicraft, small industry and town settlement (Ascoli Piceno)
	012	Extension and modernizing: local roads linking with industrial areas (Ascoli Piceno)
	013	Extension and modernizing: aqueducts for joint use (Ascoli Piceno)
	014	New construction, extension and modernizing: transport and distribution of energy supply for production (industrial) use (Ascoli Piceno)

Project No	Project description	
79/05/04/020 (cont'd)	015	New construction: sewage plant and related purification (Ascoli Piceno)
	016	New construction: sewage disposal and purification plant (Ascoli Piceno)
	017	New construction: commune aqueduct (commune owned) (Ascoli Piceno)

Infrastructure investment projects costing less than 10 million European units of account and covered by Article 3 (2) of Council Directive 75/268/EEC on mountain and hill farming and farming in certain less-favoured areas

79/05/06/006	001	New construction: sewage disposal and related purification (Ascoli Piceno)
	002	New construction: sewage disposal and purification plant (Ascoli Piceno)
	003	New construction: rural aqueducts (Ascoli Piceno)
	004	New construction: rural aqueducts (Ascoli Piceno)
79/05/06/007		New construction: commune roads (Ascoli Piceno)

Lazio

Investment projects in the industrial, handicraft or service sector costing less than 10 million European units of account

79/05/02/004	001	Creation: engineering works
	002	Creation: bed springs and galvanized metals
	003	Creation: reconstructing, transforming and repairing industrial vehicles
	004	Creation: metal processing
	005	Creation: typolithography
	006	Extension: pressure smelting machinery
	007	Creation: building materials in plastic and iron
	008	Creation: drawing room furniture
	009	Creation: food preserves in pickle and vegetable oil
	010	Creation: spectacles and sunglasses
	011	Creation: ice cream cones and polyethylene envelopes and bags
	012	Creation: printing materials
	013	Extension: hunting and shooting ammunition and components
	014	Extension: polyethylene bottles and raw materials for detergents and liquid detergents
	015	Creation: connecting rods, other mechanical parts
	016	Creation: printed circuits for electronics
	017	Extension: polyesteril wrappings
	018	Extension: copper rods and straps
	019	Extension: forging track links for farm tractors and mechanical diggers
	020	Creation: wood fittings
	021	Creation: piping for farm use, industrial and shopping bags
	023	Creation: printing, lithography, map printing
	024	Extension: piston engines, crankshafts and diesel motor rods
	025	Creation: chemical products for home use
	026	Creation: chemical derivatives
	027	Extension: meat preserving and processing
	028	Creation: railway material, track bolts and sleeper screws

Project No	Project description	
79/05/02/004 (cont'd)	029	Creation: processing and preserving pickled vegetables
	030	Creation: processing meat and pig meat
	031	Creation: cement products
	032	Creation: filters for artificial insemination
	033	Extension: machinery and plant for chemical and shipbuilding industry
	034	Creation: plastic containers and processing plastic materials generally
	035	Extension: metal work, mechanical processing, shutters for electric motors, galvanizing
	036	Extension: extruded aluminium shapes
	037	Creation: making and repairing printing machinery
	038	Extension: electronic equipment
	039	Creation: electronic equipment
	040	Creation: show cases and ice boxes
	041	Creation: chemical and galvanizing treatment of metals
	042	Creation: gamma ray treatment of medical instruments
	043	Creation: electrical and electrical health equipment – 372
	044	Extension: ceramic floor and wall covering – 248.3
	045	Creation: producing paper and cardboard – 473.2
	046	Creation: assembling and repairing caravans and trailers – 352
	047	Extension: sanitary equipment – 372
	048	Creation: fish processing and preserving – 415
	049	Creation: finished mechanical processing and electrical mountings – 343
	050	Extension: gypsum prefabricated boards – 243.3
	051	Extension: prefabricated parts in reinforced concrete for industrial buildings and economic and social housing – 243.2
	052	Creation: filing cabinets and card index holders – 316.6
	053	Creation: trousers, skirts, tailor made, clothing for women – 453.2
	054	Creation: coats, jackets and other menswear – 453.3
	056	Extension: salting, processing, preserving meat – 412.2
	057	Creation: light and heavy metal work – 314.1
	058	Creation: electronic apparatus and systems for communications and navigation on board ship – 345.1

Campania

Investment projects in the industrial, handicraft or service sector costing less than 10 million European units of account

79/05/02/005	001	Extension: handles and locks for cars
	002	Extension: casseroles in stainless steel and aluminium, metal furnishings
	003	Creation: printed forms and stationery
	004	Creation: manufacture of domestic electrical appliances
	005	Extension: glass processing
	006	Creation: wood processing
	007	Extension: grease removers, paint removers, detergents
	008	Creation: plastic glass manufacture
	009	Creation: amusement park equipment and metal fixtures
	010	Creation: metal handicraft

Project No	Project description
79/05/02/005 (cont'd)	011 Creation: cement prefabricates
	012 Creation: wood fixtures
	015 Creation: technical rubber goods
	016 Creation: cardboard packaging
	017 Creation: plugs and capsules in metal
	018 Extension: wadding and felt
	019 Extension: enamel floor and wall tiles
	020 Creation: bottling petroleum liquid gas
	021 Creation: wood packaging
	023 Creation: tanning and dressing sheep and goat skins
	024 Creation: tanning and dressing sheep and goat skins
	026 Creation: wood processing
	027 Extension: sound insulation for motor vehicle covering
	029 Extension: waterproof sheathes
	030 Creation: tierods for shipbuilding and industrial use
	031 Extension: metal handicraft
	032 Creation: flattening and tempering glass
	033 Creation: car batteries
	034 Creation: zinc tubes for irrigation
	035 Extension: manufactures in reinforced concrete
	036 Extension: engineering plant presses for the steel industry
	037 Creation: typographical, lithographical and editorial printing
	038 Creation: smelting of aluminium and magnesium alloys for the aviation industry
	039 Extension: high power transformers and traction engines
	040 Extension: industrial vehicle and diesel engines, building and overhauling aircraft engines
	041 Extension: producing and processing blown and pressed glass
	043 Extension: light aircraft production
	044 Extension: toy pistols and caps in plastic
	045 Creation: extinguishers
	046 Creation: technical condensers and in metallicized plastic film
	047 Creation: iron handicraft and aluminium fastenings
	048 Creation: diestamping, cold stamping, assembling
	049 Creation: technical goods in thermoplastic resin
	050 Creation: producing porcelain parts for electronics
051 Extension: plastic hulls (for boats)	
052 Extension: electrical accumulators for motor vehicles	
053 Extension: constructing and repairing railway stock, repairing and maintaining armoured fighting vehicles	
054 Extension: concrete goods and PVC tubing	
055 Extension: bricks	
056 Extension: tobacco leaf processing	
057 Extension: metal boxes, print and dressing	

Infrastructure investment projects costing 10 million European units of account or more

78/05/03/014	New construction: equipping an industrial estate, first section roads, electricity, drainage, cleansing plant for waste water (Avellino)
79/05/03/012	New construction: rail link (Napoli and Caserta)

Project No	Project description	
Infrastructure investment projects costing less than 10 millions European units of account		
78/05/04/021	001	Drains and drainage system for rain water (Napoli)
	002	Peripheral road (Napoli)
	003	Water supply, sewers, purification plant and rail link (Salerno)
79/05/04/005	001	New construction: water supply works (Avellino)
	002	New construction: water supply works (Avellino)
	003	New construction: water supply works (Avellino and Benevento)
	004	New construction: water supply works (Caserta)
	005	New construction: water supply works (Salerno)
	006	New construction: water supply works (Salerno)
	007	New construction: water supply works (Salerno)
	008	New construction: water supply works (Frosinone)
79/05/04/010	001	New construction: sewage disposal plant, third section (Napoli)
	002	New construction: sewage disposal plant, first instalment (Caserta)
	003	New construction: sewage disposal plant, first instalment (Avellino)
	004	New construction: sewage disposal plant, first instalment (Salerno)
	005	New construction: purification plant and sewage disposal to serve several communes (Avellino)
	006	New construction: reinforcing drainage (Napoli)
	007	New construction: water supply and drainage network (Avellino)
	008	New construction: sewage disposal, first section (Avellino)
	009	New construction: sewage disposal, second section (Salerno)
	010	New construction: sewage disposal, first section (Benevento)
	011	New construction: constructing an external sewage trunk line for sewage disposal (Napoli)
	012	New construction: sewage disposal fourth section (Napoli)
	013	New construction: sewage disposal fourth section (Salerno)
	014	New construction: water supply and sewage disposal (Salerno)
	015	New construction: aqueduct for water supply (Salerno)
	016	New construction: aqueduct for water supply (Napoli)
	017	New construction: reinforcing water supply (Salerno)
	018	New construction: sewage disposal seventh section (Avellino)
	019	New construction: sewage disposal seventh section (Salerno)
	020	New construction: water supply (Napoli)
	021	New construction: water supply (Salerno)
	022	New construction: water supply and sewage disposal (Napoli)
	023	New construction: primary trunk lines for local sewage disposal – sixth section (Caserta)
	024	New construction: sewage disposal (Salerno)
	025	New construction: sewage trunk lines (Napoli)
	026	New construction: sewage disposal (Napoli)
	027	New construction: sewage disposal (Napoli)
	028	New construction: trunk lines for town sewage disposal (Napoli)
	029	New construction: sewage disposal (Salerno)
	030	New construction: water supply and sewage disposal (Caserta)
	031	New construction: sewage disposal first instalment (Napoli)
	032	New construction: seventh section (Caserta)

Project No	Project description
79/05/04/010 (cont'd)	033 New construction: sewage disposal (Napoli) 034 New construction: sewage disposal (Caserta) 035 New construction: sewage disposal first section (Napoli) 036 New construction: sewage disposal first section (Caserta) 037 New construction: sewage disposal first section (Caserta) 038 New construction: sewage disposal first section (Napoli) 039 New construction: sewage disposal first section (Caserta) 040 New construction: sewage disposal first section (Napoli) 041 New construction: water supply and sewage disposal (Napoli) 042 New construction: water supply and sewage disposal (Napoli) 043 New construction: sewage disposal (Napoli) 044 New construction: primary water supply (Napoli) 045 New construction: sewage disposal (Napoli) 046 New construction: last outflow section for sewage disposal (Napoli) 047 New construction: water supply, sewage disposal (Caserta) 048 New construction: sewage disposal (Napoli) 049 New construction: sewage disposal, third instalment (Caserta) 050 New construction: sewage disposal, third section (Napoli) 051 New construction: sewage disposal (Salerno) 052 New construction: sewage disposal (Salerno) 053 New construction: sewage disposal sixth instalment (Napoli) 054 New construction: sewage disposal (Avellino) 055 New construction: connecting main (Napoli)
79/05/04/040	001 New construction: road works (Caserta) 002 New construction: road works (Salerno) 003 New construction: water supply (Salerno)
79/05/04/042	002 New construction: completing IVth category harbour (Napoli) 004 New construction: completing IVth category harbour first section (Napoli) 005 New construction: completing IVth category harbour seventh section (Salerno) 006 New construction: completing IVth category harbour eighth section (Salerno) 007 New construction: completing IVth category harbour first section (Salerno) 008 New construction: completing IVth category harbour second section (Salerno) 009 New construction: completing IVth category harbour third section (Salerno) 010 New construction: completing IVth category harbour fourth section (Salerno) 011 New construction: completing IVth category harbour fifth section (Salerno) 012 New construction: completing IVth category harbour (Salerno) 013 New construction: completing tourist landing stage (fishing) (Salerno) 014 New construction: completing fishing harbour (Salerno) 015 New construction: finishing IVth category harbour (Salerno) 016 New construction: completing tourist fishing harbour, second section (Salerno) 017 New construction: completing tourist fishing harbour, third section (Salerno) 018 New construction: completing tourist fishing harbour, fourth section (Salerno)
79/05/04/058	001 Modernization: funicular railway (Napoli) 002 Modernization: funicular railway (Napoli) 005 New construction: trolley-bus line (Napoli)
79/05/04/063	001 New construction: irrigation: water reclamation (Avellino)

Project No	Project description	
79/05/04/063 (cont'd)	006	New construction: service road (Napoli)
	008	Extension and improvement: service road (Avellino)
	009	Improvement and finishing: service road (Napoli)
	012	New construction: viaduct (Benevento)
	013	Finishing: reclaimed mountain road (Caserta)
	015	Finishing: reclaimed mountain road (Caserta)
	016	New construction: service road first section (Caserta)
	017	New construction: forest service road first section (Caserta)
	024	Improvement: service water supply works (Avellino)
	026	New construction: forest service road (Salerno)
	027	Improvement: forest service road (Salerno)
	028	Finishing works: forest service road (Salerno)
	029	New construction: reclaimed mountain road (Salerno)
	031	Improvement: forest service road (Salerno)
	032	Improvement: aqueduct (Salerno)
	033	Improvement: forest service road (Salerno)
	036	New construction: rebuilding bridge (Salerno)
	037	Extension: forest service road first and second sections (Salerno)
	038	Extension: forest service road first and second sections (Salerno)
039	Finishing: forest service road (Salerno)	

*Apulia***Investment projects in the industrial, handicraft or service sector costing less than 10 million European units of account**

78/05/02/010	001	Creation: processing non-ferrous metal
	002	Extension: olive husk oil; refining vegetable oils
	003	Creation: sanitary and hygiene ware
	004	Creation: heat treatment of metals
	005	Creation: female underclothing
	006	Creation: tin strip boxes with metal stoppers
	007	Extension: sausage making; meat and meat product processing
79/05/02/013	001	Creation: fitted kitchens
	002	Creation: bread and dried confectionery
	003	Creation: processing fruit and vegetables
	004	Creation: grinding soft wheat meal degerminating maize
	005	Creation: wine production
	006	Creation: cold store
	007	Creation: repair and manufacture of machinery for railway equipment
	008	Creation: caterpillar tractors
	009	Creation: metal structures for industrial ovens
	010	Extension: steel wire derivatives
	011	Extension: wines and grape juices
012	Creation: mixing and bottling liquid petroleum gas	
013	Extension: smoothing, cutting, clipping cold rolled galvanized coils	

Project No	Project description	
79/05/02/013 (cont'd)	014	Creation: concrete products and conglomerates
	015	Creation: wood manufacture for furniture
	016	Creation: metal structures
	017	Creation: footwear
	018	Creation: metal structures and engineering equipment
	020	Creation: thermocoupling, switch panels, special mechanisms and sub groups
	021	Creation: ophthalmic lenses on prescription
	022	Extension: soft mattresses
	023	Creation: stone quarrying – Transistone
	024	Creation: sports footwear, children's slippers
	025	Creation: bathing costumes and shorts
	026	Extension: flooring and prefabricates
	027	Creation: footwear, and casual footwear
	028	Creation: tulle, net and like fabrics
	029	Creation: wooden seats
	030	Extension: switch panels and work for electrical installation
031	Creation: processing, transforming and preserving farm and food products	
032	Creation: wood packaging	

Infrastructure investment projects costing 10 million European units of account or more

79/05/03/002	New construction: multisector wharf in the industrial harbour (Taranto)
79/05/03/008	New installation: water and drainage network (Bari)
79/05/03/009	New construction: industrial port (harbour services and various plant) (Foggia)

Infrastructure investment projects costing less than 10 million European units of account

79/05/04/011	New construction: disposal and collection centres for solid urban waste (Lecce)

	032	New construction: roadworks (Matera)

Calabria

Investments projects in the industrial, handicraft or service sector costing less than 10 million European units of account

79/05/02/001	001	Creation: civil and industrial electrical engineering
	002	Creation: sawmill
	003	Extension: manufacture of clothing from leather
	004	Creation: manufacture of lime, calcium, hydrate and lime putty
	005	Creation: kitchen furniture in wood

Project No	Project description
Infrastructure investment projects costing 10 million European units of account or more	
79/05/03/005	New construction: fast road section 'C' (Regio Calabria)

Infrastructure investment projects costing less than 10 million European units of account

79/05/04/015	001	New construction: water mains (Cosenza)
	002	New construction: aqueduct (Catanzaro)
	003	New construction: water and drainage network (Cosenza)
	004	New construction: water and drainage network (Cosenza)
	005	New construction: drainage network (Cosenza)
	006	New construction: soundings for proposed assessments (Cosenza)
	007	New construction: water and drainage network (Catanzaro)
	008	New construction: water and drainage network (Reggio Calabria)
	009	New construction: water and drainage network (Cosenza)
	010	New construction: water and drainage network (Cosenza)
	011	New construction: water and drainage network (Reggio Calabria)
	012	New construction: drainage network (Cosenza)
	013	New construction: water supply (Catanzaro)
	014	New construction: water and drainage network (Catanzaro)
	015	New construction: water and drainage network (Cosenza)
	016	New construction: water and drainage network (Cosenza)
	017	New construction: solid waste (urban) disposal plant (Cosenza)
79/05/04/062	001	Improvement: roadworks (Cosenza)
	002	New construction: roadworks (Cosenza)
	003	New construction: roadworks (Cosenza)
	004	Improvement: roadworks (Cosenza)
	005	Improvement: road linking properties (Cosenza)
	006	Improvement: road linking properties (Cosenza)
	007	Extension: road linking properties (Cosenza)
	008	Extension: road linking properties (Cosenza)
	009	Extension/improvement: road (Cosenza)
	010	Extension/improvement: road linking properties (Cosenza)
	011	New construction: road for area development (Cantanzaro/Reggio Calabria)
	012	New construction and extension: road for area development (Catanzaro)
	013	New construction: roads for area development and social and technical infrastructure (Cosenza)
	014	Extension: roads, water mains (Cosenza)
	015	Extension: road for area development (Cosenza)
	016	Extension: road linking properties (Cosenza)
	017	Extension: road linking properties (Cosenza)
	018	New installation: water supply (springs) and mains for farming areas (Cosenza)
	019	Extension: roads for area development water only (Cosenza)
	020	New installation: water mains, storage pipes (Cosenza)
	021	New installation: water supply to farming areas road for area development (Cosenza)

Project No	Project description
79/05/04/062 (cont'd)	022 New construction: drainage covering (Cosenza)
	023 Improvement: irrigation works for farms (farm areas) (Cosenza)
	024 New construction: water supply for farming (areas) (Cosenza)
	025 Further development: enlarging the water pipeline for agricultural areas and settlements (Cosenza)
	026 New construction: drainage (Cosenza)
	027 New construction: waste water disposal (Cosenza)
	028 New construction/extension: water pipelines (mains) (Cosenza)
	029 New construction/extension: water main second instalment (Cosenza)
	030 Extension/improvement: farm access road (Cosenza)
	031 Extension/improvement: farm access road (Cosenza)
	032 Extension/improvement: farm access road (Cosenza)
	033 Extension/improvement: farm access road (Cosenza)
	034 Extension/improvement: farm access road (Cosenza)
	035 Extension/improvement: farm access road (Cosenza)
	036 Extension/improvement: farm access road (Cosenza)
	037 Extension/improvement: farm access road (Cosenza)
	038 Extension/improvement: farm access road (Cosenza)
	039 Extension/improvement: farm access road (Cosenza)
	040 New construction: road (Cosenza)
	041 Extension/improvement: farm access road (Cosenza)
	042 Extension/improvement: reservoir (Cosenza)
	043 New installation: water main for farm area (Cosenza)
	044 New measure: bolstering sites affected by landslide (Cosenza)
	045 New construction: water main for farm land (Cosenza)
	046 New construction: water supply protective works (Cosenza)
	047 Extension: riverside protective works (Cosenza)
	048 New installation: water supply protective works (Cosenza)
	049 New installation: water works controlling river current (Cosenza)
	050 Extension/improvement: farm access road (Cosenza)
	051 Modernizing/improvement: wire containment for road: remaking carriage way (Catanzaro)
	052 Extension: access road, water supply works irrigation works (Catanzaro)
	053 New construction: road (Catanzaro)
	054 New construction: water supply works, bolstering sites affected by landslide (Reggio Calabria)
	055 Modernizing/improvement: new arrangement for water mains and water works (Reggio Calabria)
	056 Modernizing/improvement: water supply works (Reggio Calabria)
	057 Extension: new arrangement for water mains (Reggio Calabria)
	058 Extension: road network (Reggio Calabria)
	059 Extension/improvement: agricultural roads (Reggio Calabria)
	060 New installation: water mains for farms and protective works (Reggio Calabria)
	061 New construction: water supply works (Reggio Calabria)
	062 Improvement/new construction: access roads to area (Reggio Calabria)
	063 New construction/extension: water works and treatment of poor soil (Reggio Calabria)
	064 New construction/extension: water works and treatment of poor soil (Reggio Calabria)
	065 Improvement: road for area development (Reggio Calabria)
	066 New construction/improvement: road improvement works (Reggio Calabria)

Project No	Project description

*Sicily***Investment projects in the industrial, handicraft or service sector costing less than 10 million European units of account**

79/05/02/006	<ul style="list-style-type: none"> 001 Creation: plastic containers 002 Creation: footwear 003 Creation: fixtures and manufactures in metal wood and PVC for building 004 Creation: biscuits and like products 005 Extension: processing of marble and coloured stone 006 Extension: cement prefabricates 007 Extension: diamond tools for cutting marble and stone 008 Extension: plastic 009 Extension: processing and preserving citrus fruit and vegetables and producing wooden boxes 010 Extension: concrete building products 011 Extension: adhesives and synthetic resins for building 012 Extension: manufactured asbestos cement products and plastic tubes 013 Creation: wooden doors, furniture, fixtures 014 Creation: installing, maintaining, repairs to telecommunications 015 Creation: meat processing and preserving 016 Creation: prefabricates in reinforced concrete and precompressed concrete 017 Extension: plastic containers 018 Creation: marble processing 019 Creation: furniture from wood components 020 Creation: processing and preserving horticultural products 021 Creation: metal tubes and manufactured products 022 Creation: citrus products 023 Extension: magnesium oxide 024 Creation: pallets 025 Creation: confectionery and food products 026 Creation: brick products 027 Creation: furnishings and accessories for baths 028 Creation: electric water heaters 029 Creation: wooden fixtures, bolts and doors 030 Creation: steel sheet, pressed, fretted, rolled 031 Creation: alcoholic distilled beverages 032 Creation: products in thermo plastic resin and thermo hardened 033 Creation: waxes and other chemical products from agriculture 034 Creation: processing and preserving citrus and horticultural products in general
--------------	---

Infrastructure investment projects costing 10 million European units of account or more

79/05/03/001	New construction: urban development, social and allied services – works completing water supply system – restructure of port (Caltanissetta and Agrigento)
79/05/03/004	New construction: sewage disposal and drainage water supply system – earthworks for bridge – purification and use of waste water – secondary roads (Siracusa)

Project No	Project description
79/05/03/007	New construction: outside aqueduct for urban district – urbanization and social services for urban district. Ethylene pipeline to industrial estates (Ragusa)
79/05/03/011	New construction: tangent road system (Catania)
79/05/03/014	New construction: degasification station (Messina)

Infrastructure investment projects costing less than 10 million European units of account

79/05/04/060	001	New construction: river defences (Agrigento and Caltanissetta)
	002	Extension: sea defences in a harbour (Agrigento)
	003	New construction: extension to an auxiliary harbour (Caltanissetta)
	005	Modernization/improvement: harbour facilities (Palermo)

Sardinia

Investment projects in the industrial, handicraft or service sector costing less than 10 million European units of account

79/05/02/014	002	Creation: shooting (sports) equipment
	003	Creation: constructing, assembling and repairing industrial plant
	004	Creation: prefabricated parts for building
	005	Extension: corks, cork soles, cork products
	006	Creation: repair of industrial machinery and precision instruments
	007	Creation: equipment for industrial vehicles and metal construction in general
	008	Creation: repair and overhaul of industrial and agricultural vehicles
	009	Creation: repair and overhaul of industrial vehicles
	010	Creation: projectors (cartridge) for Film Super 8
	011	Creation: prefabricated stairs in concrete
	013	Creation: processing sea salt
79/05/02/016		Extension: cheese making

Infrastructure investment projects costing less than 10 million European units of account

78/05/04/018	001	Factors for food processing (Cagliari)
