

Notice to users of the generalized tariff preferences

Taric codes

(90/C 196/04)

The generalized tariff preferences for 1990 provided in particular in Council Regulations (EEC) No 3896/89, (EEC) No 3897/89, (EEC) No 3898/89 and (EEC) No 3899/89 ⁽¹⁾ relate in many cases to products which do not constitute the complete coverage of combined nomenclature codes. In these cases, the CN code indicated in the annexes to the abovementioned Regulations is preceded by the term 'ex'.

By virtue of its powers under Article 6 of Council Regulation (EEC) No 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff ⁽²⁾, the Commission has created additional Community subdivisions of the combined nomenclature for these products within the framework of the integrated tariff of the European Communities (Taric). The Taric codes relating to these additional subdivisions are listed below, and are hereby brought to the notice of users of the generalized tariff preferences. These codes are subject to possible change.
