**COUNCIL REGULATION (EEC) No 1778/77**

of 26 July 1977

**concerning the application of the anti-dumping duty on ball bearings and tapered roller bearings, originating in Japan**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to Council Regulation (EEC) No 459/68 of 5 April 1968 on protection against dumping or the granting of bounties or subsidies by countries which are not members of the European Economic Community<sup>(1)</sup>, as last amended by Regulation (EEC) No 1411/77<sup>(2)</sup>, and in particular Article 17 thereof,

Having regard to the proposal made by the Commission after hearing the opinions expressed in the Advisory Committee set up under Regulation (EEC) No 459/68,

Whereas the Commission has received a complaint submitted in the name of the Community roller bearing industry setting out evidence as to the existence of the dumping of like products originating in Japan, as well as material injury resulting therefrom;

Whereas, since the information received indicated that the complaint was admissible and that defensive measures against dumping might be necessary, the Commission officially notified the representatives of the exporting country and the importers and exporters known to be concerned, published in the *Official Journal of the European Communities* of 13 November 1976 a notice of the initiation of an inquiry concerning imports of ball bearings, tapered roller bearings and parts thereof, originating in Japan<sup>(3)</sup> and commenced an examination of the matter in conjunction with the Member States;

Whereas, since preliminary examination of the matter showed that there was dumping and since there was sufficient evidence of injury and the interests of the

Community called for immediate intervention, the Commission, by Regulation (EEC) No 261/77<sup>(4)</sup>, imposed a provisional anti-dumping duty on ball bearings, tapered roller bearings and parts thereof, originating in Japan, which was extended by Regulation (EEC) No 944/77<sup>(5)</sup>;

Whereas, in the course of the examination of the matter, completed after the imposition of the provisional anti-dumping duty, the Commission gave interested parties the opportunity to make known their views in writing, heard the interested parties and gave to the parties directly concerned the opportunity orally to develop their views and to meet and to present opposing views and rebuttal arguments and carried out on-the-spot investigations in the major Japanese firms and in their subsidiaries in the Community;

Whereas, because of the multiplicity of types of the products concerned, this examination was based on a certain number of types representative of the price-structure of the products concerned;

Whereas the normal value of the products concerned was established on the basis of the actual domestic prices of those products in Japan;

Whereas, because of the association between the Japanese exporters and the majority of the importers in Europe, the export prices were constructed on the basis of the prices at which the imported products were first resold to an independent buyer, due allowance being made for costs and profits between importation and resale;

Whereas the price comparisons were made at the ex-factory level, and in respect of sales made at the same time, due allowance having been made, on their merits, for differences affecting price comparability and in particular for selling, credit, commission, advertising, transport, packing and ancillary costs and for

<sup>(5)</sup> OJ No L 112, 4. 5. 1977, p. 1.

differences in the conditions and terms of sale and in taxation ;

Whereas this examination of the matter shows that dumping has taken place, the margin of which varies considerably from transaction to transaction but, on the average, exceeds 15 % in the major part of the Community ;

Whereas, with regard to the existing injury to the industry concerned, the evidence available to the Commission shows that imports into the Community of the products concerned originating in Japan have considerably increased, since, from a level of approximately 5 500 tonnes in 1968 they increased to 15 600 tonnes in 1974 and 19 000 tonnes in 1975, this increase having continued in 1976 in most of the regions principally concerned ;

Whereas, moreover, these products are offered for sale on the Community market at prices which generally undercut the prices prevailing among Community producers of like products, and exercise a depressive effect on them ;

Whereas, as a result of this, the imports concerned have been able to acquire an average market share in the markets most particularly affected, that is, in the Federal Republic of Germany, in France and the United Kingdom, of 15 % for ball bearings and of 5 % for tapered roller bearings ; whereas the market share is considerably higher in one of the markets, where it represents 22 and 8 % respectively ; whereas for certain types, on which the Japanese market strategy is concentrated, this market share is considerably higher ;

Whereas this development has taken place to the detriment of the Community industry which is in a difficult situation, characterized by a reduction of approximately 10 % in production from 1974 to the first half of 1976 in the regions most affected, where the major part of the Community industry is established, by redundancies and short-time working for the staff of the undertakings concerned, and by a reduction in profits or the appearance of losses for the companies concerned ;

Whereas, therefore, the facts as finally established show that material injury has been caused to the Community industry and that, due consideration having been given to all factors which, taken together, affect the situation of this industry, the dumped imports are demonstrably the principal cause of such injury ;

Whereas, in the circumstances, the interests of the Community render necessary the imposition of a

definitive anti-dumping duty of 15 % on imports of ball bearings and tapered roller bearings of Japanese origin and for the definitive collection of the amounts secured by way of provisional duty in respect of the four major Japanese producers up to the rate mentioned above ;

Whereas, however, the four major Japanese producers have given undertakings to the Commission to revise their future prices ;

Whereas, in these circumstances, application of the definitive anti-dumping duty can be suspended ;

Whereas, however, it is necessary that the Commission closely monitor the observance of the undertakings and take immediate action if there is any violation or evasion or if the undertakings are withdrawn,

HAS ADOPTED THIS REGULATION :

#### *Article 1*

1. A definitive anti-dumping duty of 15 % is hereby imposed on the following goods, falling within heading No ex 84.62 of the Common Customs Tariff, originating in Japan, on the basis of the value declared in conformity with Regulation (EEC) No 375/69 <sup>(1)</sup> :

- ball bearings (NIMEXE code 84.62-11),
- tapered roller bearings (NIMEXE code 84.62-17).

The provisions in force for the collection of customs duties shall apply for the collection of this duty.

2. The application of this duty is hereby suspended without prejudice to Article 2 hereof.

#### *Article 2*

1. The Commission shall, in collaboration with the Member States, closely monitor the observance of the undertakings given by the major Japanese roller bearings producers to revise their prices and shall keep a close watch on import trends and developments on the Community market.

2. If the Commission finds that these undertakings are being evaded, are not being observed or have been withdrawn, it shall forthwith, after consulting the Member States within the Advisory Committee provided for in Article 12 of Regulation (EEC) No 459/68, convened within a period of five days, terminate the suspension of the application of the duty imposed under Article 1 hereof.

<sup>(1)</sup> OJ No L 52, 3. 3. 1969, p. 1.

*Article 3*

The amounts secured by way of provisional duty under the provisions of Regulation (EEC) No 261/77 extended by Regulation (EEC) No 944/77, in respect of products manufactured and exported by the following producers, shall be definitively collected to the extent that they do not exceed the rate of duty fixed in this Regulation :

Koyo Seiko Company Limited ; Nachi Fujikoshi Corporation ; NTN Toyo Bearing Company Limited ; Nippon Seiko K.K.

*Article 4*

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

**COUNCIL REGULATION (EEC) No 1779/77**

of 2 August 1977

**laying down interim conservation and management measures for herring fishing in the Irish Sea**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 103 thereof,

Having regard to the proposal from the Commission,

Whereas, in the interests of a coherent conservation and management policy, appropriate measures must be adopted for all herring stocks; whereas measures complementary to those laid down for herring fishing in the Irish Sea in Council Regulation (EEC) No 1672/77 of 25 July 1977 laying down interim measures for the conservation and management of certain herring stocks should therefore be adopted<sup>(1)</sup>;

Whereas the measures in question must be taken without delay in view of the risks which the current over-exploitation of fishery resources holds for Community supplies of certain species; whereas as an interim step measures complementary to those laid down in Regulation (EEC) No 350/77<sup>(2)</sup>, as last amended by Regulation (EEC) No 1417/77<sup>(3)</sup>, and in Regulation (EEC) No 1672/77 should be adopted on the basis of Article 103 of the Treaty, subject to their being included at a later date in the common agricultural policy;

Whereas Article 227 (5) (c) of the Treaty and Protocol 3 of the Act of Accession lay down the conditions under which the Treaty applies to the Isle of Man in particular,

HAS ADOPTED THIS REGULATION:

*Article 1*

Direct fishing for herring shall be prohibited for Community fishermen from 1 October to 19 November 1977 in the part of Division VII (a) (as defined by the International Council for the Exploration of the Sea) surrounding the Isle of Man and in that between the Isle of Man and the west coast of the United Kingdom.

This zone shall be delimited by a line running from Carmel Head (Anglesey) to the Chicken Rock Light

<sup>(1)</sup> OJ No L 186, 26. 7. 1977, p. 27.

<sup>(2)</sup> OJ No L 48, 19. 2. 1977, p. 28.

<sup>(3)</sup> OJ No L 160, 30. 6. 1977, p. 20.

(Calf of Man), thence running clockwise round the Isle of Man (at a distance of 12 miles from the baselines) as far as Point of Ayre (Isle of Man), then eastward to St Bees Head (United Kingdom).

*Article 2*

1. Without prejudice to Article 1 of this Regulation and Article 3 of Regulation (EEC) No 1672/77, the catch quotas allocated to each Member State on an annual basis for the direct fishing of herring in Division VII (a)<sup>(4)</sup> of the Irish Sea (as defined by the International Council for the Exploration of the Sea) shall be as follows for 1977:

France	190 tonnes
Ireland	1 000 tonnes
Netherlands	110 tonnes
United Kingdom	11 900 tonnes

2. Herring catches made in the zone referred to in paragraph 1 during the period from 1 January 1977 until the entry into force of this Regulation shall be counted against the quotas fixed under that paragraph.

*Article 3*

The Member States shall be authorized to catch herring as by-catches in the course of direct fishing for other species in the zone referred to in Article 2 up to a limit of 10 % by weight of catches of sprat and 5 % by weight of catches of Norwegian pout, of sand eels and other species during each voyage.

Such by-catches shall be counted against the quotas allocated to each Member State for that zone.

*Article 4*

The Member States shall take, as far as is possible, all necessary steps to ensure compliance with the provisions of this Regulation within the maritime waters under their sovereignty or jurisdiction, and covered by the Community rules on fisheries.

<sup>(4)</sup> Except for the part bounded:

— on the north by latitude 52° 30' North,

— on the south by latitude 52° 00' North,

— on the west by the Irish coast,

— on the east by the coast of the United Kingdom.

The checks carried out by the Member States shall be reported at regular intervals to the Commission.

In each case they shall mention the type and the nationality of the vessel, any infringements recorded, and measures taken as a result.

*Article 5*

This Regulation shall enter into force on the day following its publication in the *Official Journal of the European Communities*.

It shall apply until the entry into force of the Community rules for the conservation and management of fishery resources or, at the latest, until 31 December 1977.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 2 August 1977.

**fixing the import levies on white sugar and raw sugar**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar<sup>(1)</sup>, as last amended by Regulation (EEC) No 1110/77<sup>(2)</sup>, and in particular Article 15 (7) thereof,

Whereas the import levies on white sugar and raw sugar were fixed by Regulation (EEC) No 1436/77<sup>(3)</sup>, as last amended by Regulation (EEC) No 1777/77<sup>(4)</sup>;

Whereas it follows from applying the rules and other provisions contained in Regulation (EEC) No 1436/77 to the information at present available to the Commis-

sion that the levies at present in force should be altered as shown in the Annex to this Regulation,

HAS ADOPTED THIS REGULATION :

*Article 1*

The levies referred to in Article 15 (1) of Regulation (EEC) No 3330/74 are, in respect of white sugar and standard quality raw sugar, hereby fixed as shown in the Annex to this Regulation.
