COUNCIL REGULATION (EEC) No 3831/90

of 20 December 1990

applying generalized tariff preferences for 1991 in respect of certain industrial products originating in developing countries

THE COUNCIL OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament⁽¹⁾,

Having regard to the opinion of the Economic and Social Committee⁽²⁾,

Whereas, in accordance with its offer made within the context of the United Nations Conference on Trade and Development (UNCTAD), the European Economic Community opened generalized tariff preferences commencing in 1971, notably in respect of finished and semi-finished industrial products from developing countries; whereas the initial 10-year period of application of this system of preferences ended on 31 December 1980;

Whereas, however, the positive role played by this system in improving access for developing countries to the markets of the preference-giving countries was recognized at the ninth session of the UNCTAD Special Committee on Preferences; whereas it was there agreed that the objectives of the system of generalized preferences would not be fully achieved by the end of 1980, that consequently it should be prolonged beyond the initial period and that an overall review of the system has started in 1990;

Whereas in the interval before the results of this review are reached, the 1990 scheme of generalized preferences should be extended into 1991 as an interim measure, subject to a number of adaptations required by external circumstances;

Whereas, the Community has therefore decided to apply generalized tariff preferences, in the context of the conclusions agreed in UNCTAD in accordance with the intention expressed in the said Committee, in particular by all the preference-giving countries;

Whereas the temporary and non-binding nature of the system means that the offer can be withdrawn wholly or in part at a later date, thus maintaining the possibil-

ity of remedying any unfavourable situations which might arise following implementation of the system, including such situations in the African, Caribbean and Pacific States (ACP States);

Whereas, since the extension of its generalized tariff preferences scheme for a second 10-year period (1981 to 1990), the Community has decided to modify one of the fundamental characteristics of it to give the beneficiary countries a more equitable access to the preferential advantages; whereas, in order to attain this, the Community had decided to apply a preferential treatment which takes account of the particular situation of each of the beneficiaries and to proceed to a system of individual tariff ceilings for certain sensitive products; whereas the least-developed countries are not subject to ceilings; whereas, ever since then, the annual adaptations of the Community scheme have responded, for the most part, to the double imperative of the differentiation of the preferential advantages and of simplifications; whereas the identification of the products and the countries to treat selectively takes place with regard to the sensitivity of the sectors and to the Community market situation of the products in question as well as consideration of the degree of industrial development and the competitiveness of these countries;

Whereas preferential tariff treatment is applicable to industrial products of Chapters 25 to 49 and 64 to 97 of the Common Customs Tariff, with the exception of products:

- covered by the Treaty establishing the European Coal and Steel Community,
- contained in the list of primary products in part I of Annex II,
- entitled to exemption from customs duties in the Common Customs Tariff;

Whereas the tariff ceiling arrangements mentioned above must be applied in such a way as to differentiate between products in Annex I; whereas the tariff regimes necessary to implement these arrangements consist, on the one hand, of fixed duty-free amounts for products originating in the most competitive countries and, on the other hand, by means of ceilings for products in Annex I originating in other less competitive countries;

Whereas the other products covered by this Regulation should as a general rule, be made subject to surveillance for essentially statistical purposes;

⁽¹⁾ Opinion delivered on 18/19 December 1990 (not yet published in the Official Journal).

⁽²⁾ Opinion delivered on 20 November 1990 (not yet published in the Official Journal).

Whereas, since the intermediate revision of the scheme for the years 1986 to 1990, the Community has established that:

- the latter responds satisfactorily to the fixed objectives,
- the beneficiary countries continue, however, to use the preferential advantages in an unequal manner,
- the objectives of the scheme have been reached in certain cases by the most competitive beneficiary countries;

Whereas, on the basis of these considerations, the Community has decided:

- to maintain for the second half of the decade the fundamental characteristics of the scheme, notably the grant, within certain limits, of the total suspension of custom duties,
- to accentuate the differentiation of the preferential advantages from which the most competitive countries benefit and to enlarge at the same time the preferential access to the least competitive countries;

Whereas the products/countries, to which a 50 % reduction in preferential amounts applies, following the differentiation process started in 1986, are marked by two asterisks in Annex I to this Regulation;

Whereas the reasons that justified the differentiation remain valid and whereas the maintenance of preferential benefit for the most competitive countries is not justified and a redistribution of the supply is necessary; whereas it is appropriate to pursue the differentiation started in 1990 and to initiate the suppression of the preferential benefit for certain countries for five additional products per country, designated by a footnote, and which have previously been reduced by 50 %;

Whereas, however, in the multilateral trade negotiations, in accordance with paragraph 6 of the Tokyo Declaration, the Community reaffirmed that special treatment should, whenever possible, be granted to the least developed among the developing countries; whereas, therefore, preferential imports of products originating in the least developed of the developing countries listed in Annex IV to this Regulation should not be subject to fixed duty free amounts or Community tariff ceilings;

Whereas the unification of Germany leads to an increase in the level of consumption in the Community, and consequently the preferential amounts and the reference base should be increased by a flat rate;

Whereas it is necessary on account of the introduction of the Harmonized Commodity Description and Coding System in 1988 to take that year into account for the purpose of calculating the reference bases used in examining the situation of preferential imports of other products covered by this regulation;

Whereas the reference bases for 1991 correspond in general to 6 % of the total imports into the Community in 1988 of each of the products concerned originating in a third country; whereas products subject to reference bases corresponding to 2 % only of the said importations are indicated in part 3 of Annex II;

Whereas such tariff exemptions should be reserved for products originating in the countries or territories under consideration, the concept of 'originating products' being determined by Regulation (EEC) No 693/88 (1);

Whereas Hungary, Poland and Czechoslovakia have seen their economic situation decline to the point where they face similar problems to those countries to which the generalized preferences have applied in the past; whereas they should therefore benefit, on a transitional basis, from the system of generalized preferences in order to increase their export earnings with a view to stimulating their economic development, to promote their industrialization and to accelerate their rate of growth;

Whereas, on 8 November 1990, the Commission recommended to the Council that it authorize it to negotiate European Agreements with those three countries providing for the progressive establishment of a free-trade area; whereas, this being the case, those countries should benefit from the generalized preferential arrangements in 1991 until tariff concessions are granted under those Agreements;

(1) OJ No L 77, 22. 3. 1988, p. 1.

Whereas the economic situation of Bulgaria is similar to that of the three aforementioned countries; whereas it should therefore also benefit from the preferential arrangements in 1991;

Whereas the situation in Romania justifies treatment identical to that granted to the four countries referred to above; whereas equivalent preferential arrangements should consequently be established for that country in 1991;

Whereas it is appropriate to add to the list of beneficiary countries Mongolia, at the request of that country, and Namibia, which has gained its independence;

Whereas the Community preference arrangements applicable to Yugoslavia result exclusively from the Agreement between the Community and the Socialist Federal Republic of Yugoslavia (1);

Whereas the Republic of Korea does not treat the Community on an equal footing with other trade partners and whereas it has taken discriminatory measures in respect of the Community in the sphere of the protection of intellectual property; whereas, therefore, it is inappropriate that the Republic of Korea should benefit from the scheme of generalized tariff preferences as long as this situation continues;

Whereas, since 1 March 1986, the Kingdom of Spain and the Portuguese Republic have applied the Community system of generalized preferences, in compliance with Articles 178 and 365 of the Act of Accession;

Whereas, regarding the fixed duty-free amounts given in Annex I, the method of management was formerly based on an apportionment of most of the amounts between the Member States; whereas the analysis of the utilization of these volumes shows a state of differing situations among the Member States, one or two reaching their individual amounts very quickly, while others disposed of their unused quantities until the end of the exercise; whereas, regarding the fact that they are Community measures and with the view to the achievement of the internal market foreseen by the 'White Paper' for 1992, it is not appropriate to foresee an apportionment among Member States; whereas the new method of management is open, furthermore, to improve the utilization of the said fixed duty-free amounts in that it allows the covering of the needs there where they are seen; whereas it is appropriate, besides, to foresee the possibility for the Member States to effect drawings by reason of quantities corresponding to their needs; whereas it is appropriate in respect of certain highly sensitive products to administer the fixed duty-free amounts over successive periods of six months rather than over a single period of 12 months;

Whereas, in respect of these fixed duty-free amounts, it is necessary in particular to ensure equal and continuous access for all Community importers and to ensure uninterrupted application of the rate laid down for those amounts to all imports of the products concerned into all the Member States until the amounts are used up; whereas, to this end, and in the context of such an arrangement, the actual charges against the amounts could relate only to products entered for free circulation and accompanied by a certificate of origin;

Whereas, if any unused balance of a fixed duty free amount remains in one or other Member State, it is essential that that Member State returns it as soon as possible in order to prevent a part of that amount from remaining unused when it could be used in other Member States;

Whereas, in the case of the Community tariff ceilings listed in Annex I, the desired objectives may be attained by applying a method of administration based on the charging at Community level, against the above-mentioned ceilings, of imports of the products concerned as and when these products are entered for free circulation and are accompanied by a certificate of origin; whereas this method of administration must make provision for the reintroduction of the levying of customs duties, in accordance with the appropriate procedures, as soon as the said ceilings are reached at Community level;

Whereas, having regard to the rules applying to the repayment or remission of import or export duties, and in particular to Council Regulation (EEC) No 1430/79 (2) and Commission Regulation (EEC) No 3040/83 (3), a procedure should be laid down to regularize imports actually made within the fixed duty-free amounts and preferential tariff limits opened under this Regulation, and thus provision should be made for the Commission to be able to take appropriate measures; whereas, in order that these regularizations do not lead to tariff ceilings being considerably exceeded, it is appropriate to foresee at the same time that the Commission can take measures to stop the import charges;

Whereas, in the case of the products other than those listed in Annex I, provision should be made for the possibility of reintroducing the levying of customs duties in exceptional cases and in accordance with appropriate procedures and rules; whereas, taking into account the necessity of initiating the examination of certain economic factors relating to the importations of a specific product, it is appropriate that the reintroduction of the levying of custom duties is preceded by an appropriate exchange of information between the

Member States and the Commission and an exchange of views;

Whereas such methods of administration call for close and particularly rapid cooperation between Member States and the Commission; whereas such cooperation should be particularly close in view of the need for the Commission to be able to take appropriate measures to reintroduce the levying of customs duties when any of the ceiling are reached;

Whereas it is necessary to establish complete statistics on imports admitted in accordance with the provisions of the present Regulation and to apply to the collection, preparation and transmission of these statistics Council Regulations (EEC) No 1736/75 ⁽¹⁾ and (EEC) No 3367/87 ⁽²⁾;

Whereas, in order to ensure a better transparency of the system, it is necessary to publish both the annual charges recorded against the tariff measures and the tariff ceilings which have reached the 100 % level;

Whereas, for the purposes of applying this Regulation, the rates of conversion into national currencies of the value in ecus in which the preferential amounts are expressed shall be these fixed on the first working day of October 1989 and they shall remain in force from 1 January to 31 December 1990;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, all transactions concerning, in particular, the administration of fixed duty-free amounts may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1991 the duties of the Common Customs Tariff shall be totally suspended for products covered by this Regulation.

This Regulation applies to products of Chapters 25 to 49 and 64 to 97 of the Common Customs Tariff, with the exception of products:

- covered by the Treaty establishing the European Coal and Steel Community,
- contained in the list of basic products in part 1 of Annex II,
- entitled to exemption from customs duties in the Common Customs Tariff.

For the products of Annex I this tariff suspension shall be accorded within the framework of fixed duty-free amounts and ceilings. The other products covered by this Regulation shall, as a general rule, be subject to

statistical surveillance every three months on the reference base referred to in Article 8.

Spain and Portugal shall apply to the importation of the aforementioned products the customs duties established according to Articles 178 and 365 of the Act of Accession of 1985.

2. The preferences provided for in paragraph 1 shall apply solely:

- to each country or territory listed in column 4 of Annex I, for each of the products or groups of products listed in columns 2 and 3,
- for the same products or groups of products listed in Annex I to every other country or territory listed in Annex III, excepting Yugoslavia,
- to each of the countries or territories listed in Annex III, for other products. As regards Yugoslavia, preference is not granted to products subject to Community tariff ceilings within the framework of the Agreement between the Community and Yugoslavia.

The preferential benefit provided for in paragraph 1 is not applicable to countries listed in footnote (d) to Annex I or to countries listed in part 2 of Annex II for the products specified for those countries.

3. The preferences granted by this Regulation are suspended, on a temporary basis, for products originating in the Republic of Korea.

4. The admittance to the preferential benefit system established by this Regulation is subordinated to the definition of origin of the products which is determined by Regulation (EEC) No 693/88.

5. Fixed duty-free amounts, Community tariff ceilings and other tariff limits, shall be administered in accordance with the provisions set out below.

SECTION I

Provisions concerning the administration of fixed duty-free amounts relating to products listed in Annex I

Article 2

The total suspension of customs duties within the framework of the fixed duty-free amounts referred to in Article 1 (1) shall be granted to each country or territory listed in column 4 of Annex I, for the products specified in columns 2 and 3 against the name of the country or territory concerned, together with details in column 5 of the individual amount.

Article 3

The fixed duty-free amounts shall be administered by the Commission.

If an importer presents in a Member State a declaration of entry into free circulation, including a request for

⁽¹⁾ OJ No L 183, 14. 7. 1975, p. 3.

⁽²⁾ OJ No L 321, 11. 11. 1987, p. 3.

preferential benefit for a product, accompanied by a certificate of origin and subject to a fixed duty-free amount, and if this declaration is accepted by the customs authorities, the Member state concerned shall draw, by means of notification to the Commission, a quantity corresponding to its needs.

The requests for drawing, with the indication of the date of acceptance of the said declarations, must be communicated to the Commission without delay.

The drawings are granted by the Commission following the date of acceptance of the declaration of entry into free circulation by the customs authorities of the Member State concerned, to the extent that the balance of the said amount permits.

If a Member State does not use the quantities drawn, it shall return them as soon as possible to the corresponding fixed amount.

If the quantities requested corresponding to a certain date are greater than the available balance of the fixed duty free amount, allocation shall be made on a *pro rata* basis with respect to the requested quantities. Member States shall be informed by the Commission of the drawings made.

Article 4

1. The Commission shall keep account of the quantities drawn by the Member States in accordance with Article 3, and, on receiving the notifications of drawings, shall inform each of them of the extent to which the volumes opened have been used up. It shall ensure that the drawing which uses up any of these amounts is limited to the balance available and, to this end, specify the amount to the Member State which proceeds to the last drawing.

The fact that the fixed amounts have been exhausted shall forthwith be brought to the notice of Member States. This communication shall be the subject of a publication in the *Official Journal of the European Communities* ('C' Series).

2. The Member States shall take all the appropriate measures to ensure that the drawings that they effect pursuant to Article 3 may be charged without interruption against the fixed duty-free amounts.

Each Member State shall guarantee free access to these amounts to the importers of the products in question as far as the balance of the volumes opened permits.

Article 5

By 29 February 1992 at the latest, Member States shall notify the Commission of the final total of the quantities charged at 31 December 1991. Up to the limit of the balance remaining, and at the request of the Member States, the Commission shall authorize the Member States to make any necessary regularization of the quantities charged against imports actually made

during the period referred to in Article 1 (1). The Commission shall inform the other Member States thereof.

However, for the products appearing in Annex I, for which half-yearly fixed duty-free amounts have been fixed, the date on which the Member States shall notify the final total of quantities charged shall be:

- 31 August 1991 for the fixed amounts applicable from 1 January to 30 June 1991,
- 29 February 1992 for the fixed amounts applicable from 1 July to 31 December 1991.

SECTION II

Provisions concerning the administration of the Community tariff ceilings relating to products listed in Annex I and the reference base relating to products other than those listed in Annex I

Article 6

Subject to Articles 7 and 8 the preferential tariff ceiling arrangements shall be accorded for products in Annex I, to each of the countries or territories listed in Annex III, other than those listed in column 4 and Yugoslavia. The limits of these ceilings are specified in column 6 against each product or group of products.

Article 7

As soon as the individual ceilings, as fixed in accordance with Article 6 and which are laid down for imports into the Community of products originating in any of the countries or territories referred to in Article 1 (2), are reached at Community level, the levying of customs duties on imports of the products in question originating in each of the countries and territories concerned may be reintroduced until the end of the period referred to in Article 1 (1).

Article 8

Where the preferential importation of products other than those listed in Annex I, originating in one or more beneficiary countries, causes or threatens to cause economic difficulties in the Community, or in a region of the Community, the levying of customs duties may be reintroduced, once the Commission has had an appropriate exchange of information and an exchange of views with the Member States.

The reference base to be considered when examining the situation underlying the damage shall be, as a general rule, equal to 6% of the total imports into the Community, originating from third countries in 1988. The said reference base has been increased by 5%.

Article 9

1. The Commission shall reintroduce the levying of customs duties in respect of any of the countries or ter-

ritories referred to in Article 1 (2), under the conditions laid down in Articles 7 and 8, by means of a Regulation.

In the case of such reintroductions, Spain and Portugal shall reintroduce the levying of customs duties that they shall apply to third countries on the date in question.

2. By means of a Regulation, the Commission may, even after 31 December 1991, take measures to stop quantities being charged against one or other preferential tariff limit, if, particularly as a result of regularizations of imports actually made during the period referred to in Article 1 (1), these limits are exceeded.

The Member State which makes such regularization shall communicate the figures of import charges relating to this as and when it occurs to the Commission. The Commission, on receiving these communications, shall inform the other Member States thereof.

Article 10

Articles 7, 8 and 9 shall not apply to the imports in question originating in the countries set out in Annex IV.

SECTION III

General provisions

Article 11

1. For the purposes of the application of this Regulation, the rates of conversion into national currencies of the value in ecus in which the preferential amounts are expressed shall be those obtaining on 1 October 1990 and they shall remain in force from 1 January to 31 December 1991 (1).

2. Imports of the products in question shall be charged against the preferential tariff limits as and when the products are entered for free circulation, on the basis of the customs value of the said products, accompanied by a certificate of origin in accordance with the rules laid down in Article 1 (4).

3. Goods may be charged against a ceiling or other preferential tariff limit only if the certificate of origin referred to in paragraph 2 is submitted before the date on which the levying of duties is reintroduced.

4. The extent to which the fixed duty-free amounts, ceilings or other preferential tariff limits have been used up shall be determined at Community level on the basis of the imports charged in accordance with paragraph 2.

Article 12

1. The Member States shall, within six weeks of the end of each quarter at the latest, forward to the Statistical Office of the European Communities the relevant statistical data for the products entered for free circulation in the quarter concerned under generalized preferential treatment in accordance with the provisions of the present Regulation. This data, transmitted according to the codes of the combined nomenclature and, where applicable of the Taric, shall show the country of origin, value, quantity and any supplementary units as defined by Regulations (EEC) No 1736/75 and (EEC) No 3367/87.

2. However, in the case of products in Annex I subject to ceilings, the Member States shall forward to the Commission, at its request and by the 11th day of each month at the latest, the list of charges effected during the previous months.

At the Commission's request, when the level of 75 % of the ceiling is reached, the Member States shall forward to the Commission the lists of charges every 10 days; these lists shall be forwarded within five days from the end of each 10-day-period.

3. The Commission shall ensure the publication in the *Official Journal of the European Communities* ('C' Series) of the tariff ceilings as and when they reach 100 % utilization.

It shall see that the Statistical Office of the European Communities ensures the publication of the annual state of import charges.

Article 13

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 14

This Regulation shall enter into force on 1 January 1991.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 December 1990.

2516 90 10	Merely cut, by sawing or otherwise, into blocks or slabs of a rectangular (including square) shape, of a thickness not exceeding 25 cm
	Porphyry, syenite, lava, basalt, gneiss, trachyte and other similar hard rocks, merely cut, by sawing or otherwise, into blocks or slabs of a rectangular (including square) shape, of a thickness not exceeding 25 cm
2518 20 00	Calcined dolomite
2518 30 00	Agglomerated dolomite (including tarred dolomite)
	Natural steatite, whether or not roughly trimmed or merely cut, by sawing or otherwise, into blocks or slabs of a rectangular (including square) shape; talc
2526 20 00	Crushed or powdered
2530 40 00	Natural micaceous iron oxides
2804 61 00	Silicon
2804 69 00	

(1) Notwithstanding the rules for the interpretation of the combined nomenclature, the wording for the description of the products is to be considered as having no more than an indicative value, the coverage of the CN code being decisive within the context of this Annex.

Where ex CN codes are indicated, the CN code and corresponding description taken together are decisive.

CN code	Description
2805 11 00	Sodium
2805 19 00	Other
2805 21 00	Alkaline-earth metals
2805 22 00	Rare-earth metals, scandium and yttrium, whether or not intermixed or interalloyed
2805 30 10	Intermixtures or interalloys
2805 30 90	Other
2805 40 10	Mercury, in flasks of a net capacity of 34,5 kg (standard weight) of a fob value, per flask, not exceeding ECU 224
2818 20 00	Aluminium oxide
2818 30 00	Aluminium hydroxide
ex 2844 30 11	Cermets raw; waste and scrap
2844 30 19	Uranium depleted in U 235
ex 2844 30 51	Cermets raw; waste and scrap
2845 10 00	Heavy water (deuterium oxide)
2845 90 10	Deuterium and compounds of deuterium, hydrogen and compounds thereof, enriched in deuterium, mixtures and solutions containing these products, in which the ratio of deuterium atoms to the normal hydrogen atoms exceeds 1:5 000 in number (<i>Euratom</i>)
2905 43 00	Mannitol
2905 44 11	D-Glucitol (sorbitol)
2905 44 19	
2905 44 91	
2905 44 99	
3201 20 00	Wattle extract
3201 30 00	Oak or chestnut extract
3201 90 10	Sumach extract, vallonina extract
ex 3201 90 90	Other extracts of vegetable origin
3502 10 91	Egg albumin, dried (for example in sheets, scales, flakes, powder)
3502 10 99	Other (egg albumin)
3502 90 51	Milk albumin (lactalbumin), dried (for example in sheets, scales, flakes, powder)
3502 90 59	Other (milk albumin)
3502 90 70	Other
3505 10 10	Dextrins
3505 10 90	Other starches
3505 20 10	
3505 20 30	
3505 20 50	
3505 20 90	
3809 10 10	Prepared glazings and prepared dressings, with a basis of amylaceous substances, containing by weight of those substances
3809 10 30	
3809 10 50	
3809 10 90	
3823 60	Sorbitol other than that of subheading 2905 44
4104 10 91	Leather of bovine or equine animals, without hair on, other than leather of heading No 4108 or 4109: — Whole bovine skin leather, of a unit surface area not exceeding 28 square feet (2,6 m ²) — — Other — — — Not further prepared than tanned

CN code	Description
	Sheep or lamb skin leather, without wool on, other than leather of heading No 4108 or 4109
4105 11 91	Not further prepared than tanned or re-tanned
4105 11 99	
4105 12 10	
4105 12 90	
4105 19 10	
4105 19 90	
	Goat or kid skin leather, without hair on, other than leather of heading No 4108 or 4109
4106 11 90	Not further prepared than tanned or re-tanned
4106 12 00	
4106 19 00	
	Leather of other animals, without hair on, other than leather of heading No 4108 or 4109
4107 10 10	Not further prepared than tanned or re-tanned
4107 21 00	
4107 29 10	
4107 90 10	
4403 10 10	Poles of coniferous wood, injected or otherwise impregnated to any degree, not less than 6 mm nor more than 18 mm in length and with a circumference at the butt end of more than 45 cm but not more than 90 cm
4501	Natural cork, raw or simply prepared; waste cork, crushed, granulated or ground cork
7202 19 00	Ferro-alloys
7202 21 10	
7202 21 90	
7202 29 00	
7202 30 00	
7202 41 10

7202 93 00	
7202 99 30	
7202 99 80	
7601	Unwrought aluminium
7602 00 19	Aluminium waste and scrap — Waste — — Other (including factory rejects)

CN code	Description
7801	Unwrought lead
7901	Unwrought zinc
7903	Zinc dust powders and flakes
8101 10 00	Tungsten (wolfram) and articles thereof, including waste and scrap
8101 91 10	Unwrought, waste and scrap
8101 91 90	
8102 10 00	Molybdenum and articles thereof, including waste and scrap
8102 91 10	Powders
8102 91 90	Unwrought, waste and scrap
8103 10 10	Unwrought tantalum, waste and scrap
8103 10 90	
8104 11 00	Unwrought magnesium, waste and scrap
8104 19 00	
8107 10 00	Unwrought cadmium, waste and scrap
8108 10 10	Unwrought titanium
8108 10 90	Waste and scrap
8109 10 10	Unwrought zirconium
8109 10 90	Waste and scrap
8110 00 11	Unwrought antimony
8110 00 19	Waste and scrap
8111 00 11	Unwrought manganese
8111 00 19	Waste and scrap
8112 20 31	Chromium, other
8112 20 39	Germanium
8112 30 10	Unwrought, waste and scrap
8112 40 11	Vanadium
8112 40 19	Unwrought
8112 40 19	Waste and scrap
8112 91 10	Hafnium (celtium) unwrought; waste and scrap
8112 91 31	Niobium (columbium) rhenium
8112 91 31	Unwrought
8112 91 39	Waste and scrap
8112 91 90	Gallium, indium, thallium
8113 00 10	Unwrought cermets, waste and scrap

PART 2 (a)

List of products, not listed in Annex I and originating in China, to which preferences are not granted

CN code	Description
7606	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm

List of products, not listed in Annex I and originating in South Korea, to which preferences are not granted

CN code	Description	
6912 00 30	Ceramic tableware, kitchenware, other household articles and toilet articles of stone-ware	
7312	Stranded wire, ropes, cables, plaited bands, slings and the like, of iron or steel, not electrically insulated	
8215 10 10	Spoons, forks, ladles, skimmers, cake-servers, fish-knives, sugar tongs and similar kitchen or tableware — Sets of assorted articles containing at least one article plated with precious metal — — Of stainless steel — — Other sets of assorted articles — — Of stainless steel — Other — — Of other stainless steel	
8515 20 10		
8515 99 10		
9201 10 10		Upright pianos, new
9507 10 00		
9507 20 90	Fishing rods, fish-hooks and other line fishing tackle, fish landing nets, butterfly nets and similar nets, decoy 'birds' (other than those of heading No 9208 or 9705) and similar hunting or shooting requisities, excluding fish-hooks, not snelled	
9507 30 90		
9507 90 00		

List of products, not listed in Annex I and originating in Hong Kong, to which preferences are not granted

CN code	Description
8513	Portable electric lamps designed to function by their own source of energy (for example, dry batteries, accumulators, magnetos) other than lighting equipment of heading No 8512
9111	Watch cases and parts thereof
9502	Dolls representing only human beings
9504	Articles for funfair, table or parlour games, including pin-tables, billiards, special tables for casino games and automatic bowling alley equipment
9506 40	Articles and equipment for table tennis

- (a) Notwithstanding the rules for the interpretation of the combined nomenclature, the wording for the description of the products is to be considered as having no more than an indicative value, the coverage of the CN code being decisive within the context of this Annex.
Where ex CN codes are indicated, the CN code and corresponding description taken together are decisive.

PART 3 (a)

List of products subject to reference bases corresponding to 2 % (b)

CN code	Description
2833 22 00	Aluminium sulphates
ex 2903 19 00	Hexachloroethane
ex 2904 20 90	5-tert-Butyl-2,4,6-trinitro-m-xylene (musc-xylene)
2915 90 10	Lauric acid
2921 42 10	Halogenated, sulphonated, nitrated and nitrosated derivatives of aniline and their salts
2922 11 00	Monoethanolamine, diethanolamine and triethanolamine and their salts
2922 12 00	
2922 13 00	
ex 2922 50 00	D-p-hydroxy-phenylglycine
2924 29 90	Other cyclic amides
2926 10 00	Acrylonitril
2936 25 00	Vitamin B ₆ and its derivatives
2936 29 30	Vitamin H and its derivatives
3102 10 91	Other mineral or chemical fertilizers, nitrogenous
3102 10 99	
3102 21 00	
3102 29 10	
3102 29 90	
3102 50 90	
3102 60 00	
3102 70 00	
3102 90 90	
3204 11 00	Synthetic organic colouring matter and preparations based thereon, as specified in note 3 to this chapter
3204 12 00	
3204 13 00	
3204 14 00	
3204 15 00	
3204 16 00	
3204 17 00	
3204 19 00	
ex 3207 20 90	Other vitrifiable enamels and glazes, and similar preparations — — Other — — — Borosilicate of lead
3602 00 00	Prepared explosives, other than propellant powders
3605 00 00	Matches, other than pyrotechnic articles of heading No 3604
3901 10 90	Other polyethylene having a specific gravity of less than 0,94 Polyacetals, other polyethers and epoxide resins, in primary forms; polycarbonates, alkyd resins, polyallyl esters and other polyesters, in primary forms
3907 60 00	— Polyethylene terephthalate — Other polyesters
3907 99 00	— — Other
3920 20 21	Other plates, sheets, film, foil and strip, of plastics, non-cellular and not reinforced, laminated, supported or similarly combined with other materials:
3920 20 29	— of polymers of propylene
3920 20 71	
3920 20 79	
3920 20 90	
4421 90 99	Other articles of wood

(a) Notwithstanding the rules for the interpretation of the combined nomenclature, the wording for the description of the products is to be considered as having no more than an indicative value, the preferential scheme being determined, within the context of this Annex, by the coverage of the CN code. Where ex CN codes are indicated, the preferential scheme is to be determined by application of the CN code and corresponding description taken together.

(b) Reference bases have been increased by 5 %.

CN code	Description
6704	Wigs, false beards, eyebrows and eyelashes, switches and the like, of human or animal hair or of textile materials, articles of human hair not elsewhere specified or included
6907	Unglazed ceramic flags and paving, hearth or wall tiles; unglazed ceramic mosaic cubes and the like, whether or not on a backing
7113 11 00	Articles of jewellery and parts thereof, of precious metal or of metal clad with precious metal
7113 19 00	— Of precious metal whether not plated or clad with precious metal — — Of silver, whether or not plated or clad with other precious metal — — Of other precious metal, whether or not plated or clad with precious metal
7211 30 31	Flat-rolled products of iron or non-alloy steel, of a width of less than 600 mm

7212 60 99	
7307 19 10	Tube or pipe fittings (for example couplings, elbows, sleeves), of iron or steel: of malleable cast iron
ex 7310 29 90	Jerrycans, of a nominal capacity of 20 litres
7317 00	Nails, tacks, drawing pins, corrugated nails, staples (other than those of heading No 8305) and similar articles, of iron or steel, whether or not with heads of other material, but excluding such articles with heads of copper
7409	Copper plates, sheets and strip, of a thickness exceeding 0,15 mm
7606	Aluminium plates, sheets and strip, of a thickness exceeding 0,2 mm
7607	Aluminium foil (whether or not printed or backed with paper, paperboard, plastics or similar backing materials) of a thickness (excluding any backing) not exceeding 0,2 mm
8201 10 00	Spades and shovels
8473 10 00	Parts and accessories of the machines of heading No 8469
8473 29 00	Parts and accessories of the machines of heading No 8470 — — Other
8473 30 00	Parts and accessories of the machines of heading No 8471
8473 40 00	Parts and accessories of the machines of heading No 8472
8501 10 91	Electric motors and generators and electric generating sets and rotary converters, excluding synchronous motors of an output not exceeding 18 W
8501 10 93

8507 20 99	
8525 30 10	Television cameras
8525 30 91	
8525 30 99	
8533	Electrical resistors (including rheostats and potentiometers), other than heating resistors
8534 00	Printed circuits
8535	Electrical apparatus for switching or protecting electrical circuits, or for making connections to or in electrical circuits (for example, switches, fuses, lightning arresters, voltage limiters, surge suppressors, plugs, junction boxes)
8536	
8537	Boards, panels (including numerical control panels), consoles, desks, cabinets and other bases, equipped with two or more apparatuses of heading No 8535 or 8536, for electric control or the distribution of electricity, including those incorporating instruments of apparatus of Chapter 90, other than switching apparatus of heading No 8517

CN code	Description
8538	Parts suitable for use solely or principally with the apparatus of heading Nos 8535, 8536 or 8537 Thermionic, cold cathode or photocathode valves and tubes (for example, vacuum or vapour or gas filled valves and tubes, mercury arc rectifying valves and tube, cathode-ray tubes, television camera tubes): — Cathode-ray television picture tubes, including video monitor cathode-ray tubes: — — Black and white or other monochrome:
8540 12 90	— — — With a diagonal measurement of the screen exceeding 52 cm — Television camera tubes; image converters and intensifiers; other photo-cathode tubes:
8540 20 10	— — — Television camera tubes
8540 20 30	— — — Image converters or intensifiers
8540 20 90	— — — Other photo-cathode tubes — Microwave tubes (for example, magnetrons, klystrons, travelling wave tubes, carcinotrons), excluding grid-controlled tubes
8540 41 00	
8540 42 00	
8540 49 00	— Other valves and tubes
8540 81 00	
8540 89 11	
8540 89 19	
8540 89 90	
	Diodes, transistors and similar semiconductor devices; photosensitive semiconductor devices, including photovoltaic cells whether or not assembled in modules or made up into panels; light emitting diodes; mounted piezo-electric crystals: — Photosensitive semiconductor devices, including photovoltaic cells whether or not assembled in modules or made up into panels; light emitting diodes
8541 40 91	
8541 40 93	
8541 40 99	
8544 11 10	Winding wire — Of copper — — Varnished
8544 11 90	— — Other
8544 19 10	— Other
8544 19 90	— — Varnished — — — Other
8544 20 10	Co-axial cable and other co-axial electric conductors, ready for connectors to be fitted or already provided with connectors
8544 20 91	Other For high frequency
8544 20 99	Other
8544 30 90	Other ignition wiring sets and other wiring sets of a kind used in vehicles, aircraft or ships
8544 41 10	Other electric conductors, for a voltage not exceeding 80 V
8544 41 90	— Fitted with connectors
8544 49 11	— Insulated with plastic material
8544 49 19	— Insulated with other materials
8544 49 91	
8544 49 99	
8544 51 00	Other electric conductors, for a voltage exceeding 80 V but not exceeding 1 000 V — Fitted with connectors
8544 59 10	With individual conductor wires of a diameter exceeding 0,51 mm
8544 59 91	Other Insulated with rubber or other elastomers, including cross-linked materials
8544 59 93	Insulated with other plastic material
8544 59 99	Insulated with other materials
8544 60 11	Other electric conductors, for a voltage exceeding 1 000 V with copper conductors insulated with rubber or other elastomers, including cross-linked materials
8544 60 13	Insulated with other plastic material
8544 60 19	Insulated with other materials
8544 60 91	With other conductors
8544 60 93	
8544 60 99

COUNCIL REGULATION (EEC) No 3832/90**of 20 December 1990****applying generalized tariff preferences for 1991 in respect of textile products originating in developing countries**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, in particular Article 113,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament (1),

Having regard to the opinion of the Economic and Social Committee (2),

Whereas in accordance with its offer made within the context of the United Nations Conference on Trade and Development (UNCTAD), the European Economic Community opened generalized tariff preferences, commencing in 1971, notably in respect of finished and semi-finished industrial products from developing countries; whereas the initial 10-year period of application of this system of preferences ended on 31 December 1980;

Whereas the positive role played by this system in improving access for developing countries to the markets of the preference-giving countries was recognized at the ninth session of the UNCTAD Special Committee on Preferences; whereas it was there agreed that the objectives of the system of generalized preferences would not be fully attained by the end of 1980, that it should consequently be prolonged beyond the initial period and that an overall review of the system was started in 1990;

Whereas in the interval before the results of this review are reached, the 1990 scheme of generalized preferences should be extended into 1991 as an interim measure, subject to a number of adaptations required by external circumstances;

Whereas the Community has therefore decided to apply generalized tariff preferences, in the context of the conclusions agreed in UNCTAD in accordance with the intention expressed in the said Committee, in particular by all the preference-giving countries;

Whereas the temporary and non-binding nature of the system means that the offer can be withdrawn wholly

or in part at a later date, thus maintaining the possibility of remedying any unfavourable situations which might arise in the African, Caribbean and Pacific States (ACP States) as a result of the system's implementation;

Whereas, however, most of the preference-giving countries exclude textile products from preferential treatment; whereas, under the Community scheme of generalized preferences, these products have always been covered by special arrangements pursuant to which, for cotton textile and similar products, the preferences were originally granted in the form of duty-free ceilings only to those beneficiaries under the generalized preferences scheme which were signatories to the Long-Term Arrangement regarding International Trade in Cotton Textiles (LTA) or which undertook, *vis-à-vis* the Community, commitments similar to those existing under that Arrangement;

Whereas the Long-Term Arrangement has been replaced from 1980 onwards by the Arrangement regarding International Trade in Textiles (MFA), and the Community has therefore, in the case of products covered by the MFA, reserved preferences in the form of duty-free ceilings, for products originating in those countries or territories which signed Bilateral Agreements, in the framework of the MFA, providing for quantitative limitation of their exports of certain textile products to the Community, or in those countries which undertook similar commitments *vis-à-vis* the Community; whereas, such commitments have been undertaken by Bolivia, Chile, Costa Rica, Cuba, Ecuador, El Salvador, Honduras, Iran, Nicaragua, Paraguay and Venezuela; whereas for these products, it is therefore desirable that the Community should continue to apply the generalized tariff preferences on the basis of the same principles until the expiry of the MFA and the Bilateral Agreements concluded with certain supplier countries; whereas it should be provided that countries and territories accepting the renewal of such agreements or giving such commitments after the date of adoption of this Regulation and before 1 January 1990 will be accorded preferential treatment as from 1 February 1990 in respect of the entire volume provided for in this Regulation; whereas countries and territories which accept the renewal of the said agreements or enter into similar commitments after 1 January 1990 will be accorded preferential treatment from the first day of the second month following the date of commitment, in respect of a volume calculated in proportion to the period of the year from the first day of the month

(1) Opinion delivered on 18/19 December 1990 (not yet published in the Official Journal).

(2) Opinion delivered on 20 November 1990 (not yet published in the Official Journal).

following the date of the commitment until 31 December 1990; whereas, it is appropriate, in view of their highly sensitive nature, to open for certain categories included in Annex I equal six-monthly tariff quotas;

Whereas, in view of the special nature which trade in the products concerned may have, it would appear that the volumes of preferential imports should be determined in terms of tonnes, pieces, or pairs, as appropriate;

Whereas according to the case-law of the Court of Justice it would be illegal to allocate Community quotas among the Member States unless compelling circumstances of an administrative, technical or economic character make it impossible to do otherwise; whereas in addition in cases where allocation is decided upon a mechanism is to be provided so as to protect the integrity of the Common Customs Tariff;

Whereas certain economic and administrative constraints exist which justify in conformity with the Commission's proposal the continued allocation among the Member States of the Community quotas in the textile sector;

Whereas, in order to ensure that each of the countries or territories referred to above has access to the preferential volumes, quotas and separate tariff ceilings for each beneficiary should be specified for each category of products, and in view of the links which continue to exist with international control of trade in textiles, it is appropriate to allocate these quotas between the Member States according to the scale contained within the MFA framework, establishing for each of the Member States initial participation percentages as follows:

Benelux	9,5 %
Denmark	2,7 %
Germany	25,5 %
Greece	1,5 %
Spain	7,5 %
France	16,5 %
Ireland	0,8 %
Italy	13,5 %
Portugal	1,5 %
United Kingdom	21,0 %

Whereas, to take account of future import trends in the various Member States in respect of the tariff quotas given in Annex I and to mitigate any inadequacy in the initial allocation, the quotas should be divided into two tranches, the first being apportioned among Member States and the second held as a reserve to cover the subsequent requirements of Member States which have exhausted their initial shares;

Whereas, moreover, the reserve thus constituted tends to avoid making the system of utilization of the quota excessively rigid, to the detriment of each of the developing countries concerned, and contributes to achieving the aim already mentioned of improving the system of generalized preferences; whereas, to this end and to

accord importers in each Member State some degree of security, the first tranche of the Community quota should be fixed at 70 % of the quota volumes;

Whereas if, in the course of quota period, the Community reserve is almost fully used, it is essential that the Member States return to the said reserve all of the unused part of their shares, in order to ensure that part of a Community tariff quota does not remain unused in a Member State when it could be utilized in others; whereas it is appropriate for products which are not subject to six-monthly quotas, that these returns are made in two stages;

Whereas for other textile products and apparel listed in Annex II, it appears possible to grant the preferences to the countries or territories which are normally beneficiaries in the other industrial sectors;

Whereas, for jute and coir products, it was understood that the preferences would be granted only where special arrangements had been made with the exporting developing countries; whereas these arrangements have hitherto concerned India and Sri Lanka for coir products, and India and Thailand for jute products; whereas, it would be appear desirable to maintain also the preferential advantage to the least-developed countries in respect of jute and coir;

Whereas by Council Regulation (EEC) No 1672/89 ⁽¹⁾ the customs duties applicable under the Common Customs Tariff to yarn of CN code 5307 were reduced on a most-favoured nation basis to zero; whereas for the sake of greater clarity and administrative simplicity it is appropriate to exclude those products from Annex III;

Whereas Hungary, Poland and Czechoslovakia have seen their economic situation decline to the point where they face similar problems to those countries to which the generalized preferences have applied in the past; whereas they should therefore benefit, on a transitional basis, from the system of generalized preferences in order to increase their export earnings with a view to stimulating their economic development, to promote their industrialization and to accelerate their rate of growth;

Whereas, on 8 November 1990, the Commission recommended to the Council that it authorize it to negotiate European Agreements with those three countries providing for the progressive establishment of a free-trade area; whereas, this being the case, those countries should benefit from the generalized preferential arrangements in 1991 until tariff concessions are granted under those Agreements;

Whereas the economic situation of Bulgaria is similar to that of the three aforementioned countries; whereas

(1) . OJ No L 169, 19. 6. 1989, p. 1.

it should therefore also benefit from the preferential arrangements in 1991;

Whereas the situation in Romania justifies treatment identical to that granted to the four countries referred to above; whereas equivalent preferential arrangements should consequently be established for that country in 1991;

Whereas it is appropriate to add to the list of beneficiary countries Mongolia, at the request of that country, and Namibia, which has gained its independence;

Whereas the Republic of Korea does not treat the Community on an equal footing with other trade partners and whereas it has taken discriminatory measures in respect of the Community in the sphere of the protection of intellectual property; whereas therefore it is inappropriate that the Republic of Korea should benefit from the system of generalized tariff preferences as long as this situation continues;

Whereas the MFA agreement was renewed for a period of five years from 1 August 1986; whereas in the context of the five-yearly review of the system of generalized preferences scheme, the Community decided to initiate a revision of the textile scheme in 1987, with a view to in particular, an improvement thereof, a better distribution and management simplifications;

Whereas the preferential advantages are not used equally by beneficiary countries and it is necessary to ensure a more balanced usage of these advantages, particularly for the less competitive countries, in order to improve preferential access for these latter countries, it is necessary to institute a new phase of differentiation between beneficiary countries of the preferential benefits; this differentiation comprises withdrawal of the abovementioned advantages for certain product categories originating in the most competitive countries the criterion adopted being based on the competition capacity of the beneficiary country concerned, the capacity being expressed, for individual product categories, by that country's participation in total Community imports; whereas for the application of this criterion a 10 % share for the products listed in Annex I, and a 20 % share for the products listed in Annex II, of the total extra-EEC imports averaged over three years (1985, 1986, 1987) is taken; whereas it is necessary to make adjustments to this criterion, as far as the products listed in Annex I are concerned, when:

- the gross national product *per capita* of the country concerned is low and the country does not provide more than 5 % of total Community imports of textile products and apparel,
- the total exports of textile products of the country concerned comprise almost exclusively a single product;

Whereas particular measures are applicable, according to the sensitivity of products, to countries with a low gross national product *per capita* whose share in the total Community imports of textile products exceed 5 %;

Whereas the level of economic development of the country concerned has also been taken into account for these products;

Whereas, according to this method of calculation, for each beneficiary country except Hungary, Poland and the most competitive countries, the quantity opened corresponds in general to 1 % of total Community imports of the category of products in question; whereas for Hungary and Poland the quantity opened corresponds to 0,3 % of total Community imports with respect to certain highly sensitive categories of products and 0,5 % for other categories whereas for the most competitive countries the quantity opened corresponds to 0,1 % for imports of categories 1 to 8 and 0,2 % for imports of other categories;

Whereas the other textile products and apparel listed in Annex II can be attained by providing for each category of product individual tariff limits per beneficiary, corresponding in general to 5 % of total Community imports of the product categories in question; whereas allocation amongst Member States is not appropriate where Community measures are concerned;

Whereas the fixed duty-free amounts and ceilings meet this objective; whereas, as regards fixed duty free amounts, it is necessary to provide for Member States to effect drawings on the quantities opened by means of quantities corresponding to their needs;

Whereas, if a considerable balance remains in the fixed duty-free amounts in one or other Member State, it is essential that that Member State returns it as soon as possible in order to prevent a part of the Community amount from remaining unused in one Member State when it could be used in others; whereas, it is appropriate, in respect of certain sensitive products, for those returns to be effected in two stages;

Whereas the unification of Germany leads to an increase in the level of consumption in the Community, and consequently the preferential amounts should be increased by a flat-rate;

Whereas, in the multilateral trade negotiations, in accordance with paragraph 6 of the Tokyo Declaration, the Community reaffirmed that special treatment should be granted, wherever this is possible, to the least-developed developing countries appearing on the list in Annex VI;

Whereas the benefit of such preferential tariff treatment should be reserved for products originating in the coun-

tries or territories under consideration, the concept of 'originating products' being determined in accordance with Regulation (EEC) No 693/88 (1);

Whereas the Community preference arrangements applicable to Yugoslavia for textile products result exclusively from the provisions of the Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia (2);

Whereas, since 1 March 1986, the Kingdom of Spain and the Portuguese Republic have applied the Community system of generalized preferences, in compliance with Articles 178 and 365 of the Act of Accession;

Whereas, consequently, for 1991 the Community should open:

- for each of the categories of products covered by Annex I, tariff quotas allocated amongst the Member States for each of the countries and territories specified in column 5 of that Annex, and Community tariff ceilings at a zero rate of duty for each of the other countries and territories listed in Annex IV; the limits of the quantities opened are indicated in columns 6 and 7 or 8 of Annex I,
- for each category of products shown in Annex II and for each of the countries and territories specified in Annex V, excluding Yugoslavia, fixed amounts and Community tariff ceilings at a zero rate of duty; the limits of the quantities opened are specified in columns 6 and 7 of the said Annex II,
- in respect of the manufactured jute and coir products listed in Annex III, a total suspension of customs duties for the beneficiary countries specified in column 3 against each of the categories of products shown in column 2;

Whereas, as regards the Community tariff quotas allocated among the Member States, and the fixed duty-free amounts:

- it is necessary to guarantee to all importers equal and continuous access to the abovementioned quotas and fixed duty-free amounts and uninterrupted application of the rates laid down for them to all imports of the products concerned into all Member States until they have been used up,
- drawings against the quotas and fixed duty-free amounts can only be made for goods entered for free circulation accompanied by a certificate of origin;

Whereas, as regards the Community tariff ceilings the objectives sought may be achieved by applying a

method of administration based on the charging, at Community level, of imports of the products in question against the ceilings as and when these products are entered for free circulation and are accompanied by a certificate of origin; whereas this method of administration must make provision for the reintroduction of the levying of customs duties as soon as the said ceilings are reached at Community level;

Whereas the methods of administration for the products listed in Annexes I and II call for close and particularly rapid cooperation between Member States and the Commission, which must, in particular, be able to keep under observation the extent to which charges are made against the fixed duty free amounts and the ceilings and inform Member States thereof; whereas such cooperation should be particularly close in view of the need for the Commission to be able to take appropriate measures to reintroduce customs duties, when any of the ceilings is reached at Community level;

Whereas, having regard to the rules applying to the repayment or remission of import or export duties, and in particular to Council Regulation (EEC) No 1430/79 (3) and Commission Regulation (EEC) No 3040/83 (4), a procedure should be laid down to regularize imports actually made within the preferential tariff limits opened under this Regulation and thus provision should be made for the Commission to be able to take appropriate measures; whereas, in order to avoid such regularization causing excessive tariff ceiling overruns, provision should at the same time be made for the Commission to be able to terminate set-offs;

Whereas it is necessary to establish complete statistics on imports admitted in accordance with the provisions of this Regulation and to apply to the collection, preparation and transmission of these statistics Council Regulations (EEC) No 1736/75 (5) and No 3367/87 (6);

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the shares allocated to that economic union or drawings by it on a fixed duty-free amount may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1991, the Common Customs Tariff duties shall be:

(1) OJ No L 77, 22. 3. 1988, p. 1.

(2) OJ No L 147, 4. 6. 1981, p. 6; OJ No L 41, 14. 2. 1983, p. 1.

(3) OJ No L 175, 12. 7. 1979, p. 1.

(4) OJ No L 297, 29. 10. 1983, p. 13.

(5) OJ No L 183, 14. 7. 1975, p. 3.

(6) OJ No L 321, 11. 11. 1987, p. 3.

- totally suspended within the framework of tariff quotas, fixed duty-free amounts and Community tariff ceilings in respect of the products listed in Annexes I and II,
- totally suspended in respect of the jute and coir products listed in Annex III.

Spain and Portugal shall apply on the imports of products referred to above the customs duties established in accordance with Articles 178 and 365 of the 1985 Act of Accession.

2. The arrangements laid down in paragraph 1 shall apply only in respect of products originating in the countries and territories:

- indicated in column 5 of Annex I or listed in Annex VI, as regards the products in Annex I,
- listed in Annex V, as regards the products in Annex II, with the exception of Yugoslavia,
- indicated in column 4 of Annex III, for each of the category of products indicated in column 2.

3. The preferences granted by this Regulation are suspended, on a temporary basis, for products originating in the Republic of Korea.

4. Preferential entry as provided for in this Regulation shall be subject to conformity with the rules of the origin of products determined by Regulation (EEC) No 693/88.

5. The tariff quotas, fixed duty-free amounts, and tariff ceilings shall be administered in accordance with the following provisions:

SECTION I

Provisions concerning the administration of the Community tariff quotas

Article 2

1. The total suspension of customs duties within the framework of the Community tariff quotas referred to in Article 1 (1) concerns the categories of products in Annex I for each of which the volume of the quota is specified individually in that Annex with regard to certain beneficiary countries or territories of origin listed in column 5 of the same Annex.

2. The period for which the tariff quotas are opened shall be from 1 January to 31 December 1991, except when it is indicated in Annex I that they are opened as two equal, six-monthly quotas.

Article 3

1. A first tranche of 70 % of each of the Community tariff quotas listed in Annex I, the amount of which is shown in Annex I, shall be apportioned among the Member States in accordance with the following scale in percentages:

Benelux	9,5 %
Denmark	2,7 %
Germany	25,5 %
Greece	1,5 %
Spain	7,5 %
France	16,5 %
Ireland	0,8 %
Italy	13,5 %
Portugal	1,5 %
United Kingdom	21,0 %

2. Each Member State shall determine its own share by applying the appropriate percentage to the volumes indicated in Annex I rounding up the result to the next higher unit (kilogram, piece or pair) if necessary.

3. The second tranche of each of the tariff quotas shall constitute the reserve specified in each case in Annex I.

Article 4

Where a Member State has used all of its quota share it draws on the reserve in accordance with the procedures laid down in Article 8 relating to fixed duty-free amounts.

Article 5

1. When at least 80 % of the reserve of one of the tariff quotas, as defined in Article 3 (3), has been used up, the Commission shall inform the Member States thereof.

2. It shall also notify Member States in this case of the date from which drawings on the Community reserve must be made according to the provisions laid down in Article 8 relating to fixed duty-free amounts.

3. Within a time limit fixed by the Commission, following the date referred to in paragraph 2, each Member State shall be required to return to the reserve from its quota share the quantity or part of the quantity, in accordance with paragraphs 4 and 5, which has not been used within the meaning of Article 14 (1) on that date.

4. With respect to the tariff quotas in Annex I, except for the six-monthly tariff quotas, the quantity to be returned to the reserve shall be determined as follows:

- when paragraph 1 applies for the first time, one half of the quantity which has not been used,
- when paragraph 1 next applies, the whole remainder which has not been used.

5. With respect to the six-monthly quotas in Annex I the quantity to be returned shall be the whole quantity which has not been used.

Article 6

The Member States shall take all appropriate measures to ensure free access to the shares which have been allocated to them for importers of the products in question.

Article 7

By 29 February 1992 at the latest, Member States shall notify the Commission of the final total of the quantities charged and any balance of the shares still unused at 31 December 1991. Up to the limit of the balance remaining, and at the request of the Member States, the Commission shall authorize the Member States to make any necessary regularization of the quantities charged against imports actually made during the period referred to in Article 1 (1). The Commission shall inform the other Member States thereof.

However, for the products appearing in Annex I, for which half-yearly quotas have been fixed, the date on which the Member States shall notify the final total of quantities charged shall be:

- 31 August 1991 for the quotas applicable from 1 January to 30 June 1991,
- 29 February 1992 for the quotas applicable from 1 July to 31 December 1991.

SECTION II

Provisions concerning the administration of fixed duty-free amounts

Article 8

1. The total suspension of customs duties within the framework of the fixed duty-free amounts referred to in Article 1 (1) concerns the categories of products of Annex II, for each of which the volume of the amount is specified individually in column 6 of that Annex, with regard to the countries or territories specified in column 5 of the same Annex.

2. Fixed duty-free amounts shall be administered by the Commission. If an importer presents in a Member State a declaration of entry into free circulation, including a request for preferential benefit for a product

accompanied by a certificate of origin and subject to a fixed duty-free amount and if this declaration is accepted by the customs authorities the Member State concerned shall draw, by means of notification to the Commission, a quantity corresponding to its needs.

The requests for drawing, with the indication of the date of acceptance of the said declarations, must be communicated to the Commission without delay.

The drawings are granted by the Commission following the date of acceptance of the declaration of entry into free circulation by the customs authorities of the Member State concerned, to the extent that the balance of the said amount permits.

If a Member State does not use the quantities drawn, it shall return them as soon as possible to the corresponding fixed amount.

If the quantities requested corresponding to a certain date are greater than the available balance of the fixed duty-free amount, allocation shall be made on a *pro rata* basis with respect to the requested quantities. Member States shall be informed by the Commission of the drawings made.

Article 9

1. The Commission shall keep account of the quantities drawn by the Member States conforming to Article 9 and shall inform each of them as soon as it receives notification of the exhausting of the volumes opened. It shall ensure that the drawing which uses up any of these amounts is limited to the balance available and, to this end, specify the amount to the Member State which proceeds to the last drawing.

The fact that the fixed amounts have been exhausted shall forthwith be brought to the notice of Member States.

This communication shall be the subject of a publication in the *Official Journal of the European Communities* ('C' series).

2. The Member State shall take all the appropriate measures to ensure that the drawings that they effect pursuant to Article 8 may be charged without interruption against the fixed duty-free amounts.

Each Member state shall guarantee free access to these amounts to the importers of the products in question as far as the balance of the volumes opened permits.

SECTION III

Provisions concerning the administration of the Community tariff ceilings

Article 10

Subject to Articles 11 and 12, preferential tariff treatment shall be accorded for each category of products

subjected in Annexes I and II to individual ceilings within the limits of the quantities specified respectively:

- in column 8 of Annex I, to certain countries or territories specified in column 5 of this Annex or listed in Annex VI,
- in column 7 of Annex II, to certain countries or territories specified in column 5 of this Annex, with the exception of Yugoslavia.

Article 11

As soon as the individual ceilings determined in accordance with Article 10 are reached at the Community level, the levying of customs duties on imports of the products in question originating in each of the countries or territories concerned may at any time be reintroduced until the end of the period referred to in Article 1 (1).

Article 12

The Commission shall reintroduce, by means of a Regulation, the levying of customs duties in respect of any one of the countries and territories referred to in Article 1 (2), under the conditions laid down in Article 11.

In the case of such a reintroduction, Spain and Portugal shall reintroduce the levying of customs duties that they shall apply to third countries on the date in question.

By means of a Regulation, the Commission may, even after 31 December 1991, take measures to stop quantities being charged against the Community tariff ceilings if, particularly as a result of regularizations of imports actually made during the period referred to in Article 1 (1), these ceilings are exceeded.

The Member State which initiates such regularizations shall communicate to the Commission as and when the figures of import charges relating thereto. The Commission, on receiving these communications, shall inform the other Member States thereof.

SECTION IV

General provisions

Article 13

Articles 2, 8, 11 and 12 shall not apply to the countries listed in Annex VI.

Article 14

1. Imports of the products in question shall be charged against the quotas, the fixed duty-free amounts and the ceilings and the Community ceilings as and when the products are entered for free circulation and are accompanied by a certificate of origin pursuant to the rules referred to in Article 1 (4).

2. Goods may be charged against a quota, a duty-free fixed amount or a ceiling only if the certificate of origin referred to in paragraph 1 is presented before the date on which the levying of duties is reintroduced.

3. The extent to which the tariff quotas, fixed duty-free amounts and Community ceilings have been used up shall be determined at Community level on the basis of the imports charged in accordance with paragraph 1.

Article 15

1. The Member States shall, within six weeks of the end of each quarter at the latest, forward to the Statistical Office of the European Communities the relevant statistical data for the products entered for free circulation in the quarter concerned under generalized preferential treatment in accordance with the provisions of the present Regulation. This data, transmitted according to the codes of the combined nomenclature and where applicable of the Taric shall show the country of origin, value, quantity and any supplementary units as defined by Regulations (EEC) No 1736/75 and (EEC) No 3367/87.

2. However, in the case of products subject to quotas, the Member States shall, by the eleventh day of each month, at the latest, forward to the Commission the list of charges effected during the previous month.

In the case of products subject to ceilings, the Member States shall forward to the Commission, at its request and under the same conditions, the list of charges effected during the previous month.

At the Commission's request, when the level of 75 % of the ceiling is reached, the Member States shall forward to the Commission the lists of charges every 10 days; these lists shall be forwarded within five days from the end of each 10-day period.

3. The Commission shall ensure the publication in the *Official Journal of the European Communities* ('C' series) the tariff ceilings as and when they reach 100 % utilization.

It shall see that the Statistical Office of the European Communities ensures the publication of the annual state of import charges.

Article 16

The Member States and the Commission shall cooperate closely to ensure compliance with this Regulation.

Article 17

This Regulation shall enter into force on 1 January 1991.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 December 1990.

COUNCIL REGULATION (EEC) No 3833/90

of 20 December 1990

applying generalized tariff preferences for 1991 in respect of certain agricultural products originating in developing countries

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament (1),

Having regard to the opinion of the Economic and Social Committee (2),

Whereas within the context of UNCTAD, the European Economic Community offered to grant tariff preferences on certain agricultural products of Chapters I to 24 of the Common Customs Tariff which originate in developing countries: whereas the preferential treatment proposed in that offer consists, in respect of certain goods which are subject to the trade arrangements laid down in Regulation (EEC) No 3033/80 (3), of a reduction in the fixed component of the charge applicable to such goods by virtue of that Regulation, and, in respect of products which are subject to the single customs duty, of a reduction in such duty; whereas preferential imports of the products concerned should be effected in general without quantitative restrictions;

Whereas the positive role played by this system in improving access for developing countries to the markets of the preference-giving countries was recognized at the ninth session of the UNCTAD Special Committee on Preferences; whereas it was there agreed that the objectives of the system of generalized preferences would not be fully achieved by the end of 1980, that consequently it should be prolonged beyond the initial period; an overall review of the system has started in 1990;

Whereas it is desirable therefore that the Community continue to apply generalized tariff preferences, in the context of the conclusions reached in UNCTAD and in accordance with the intentions expressed in the said Committee in particular by all the preference-giving countries;

Whereas the temporary and non-binding nature of the system means that the offer may be withdrawn wholly or in part at a later stage, thus maintaining the possibility of remedying any unfavourable situations which might arise, including in the African, Caribbean and Pacific States (ACP States) following the implementation of the system;

Whereas experience from the application of the Community scheme in the first 15 years has shown that the scheme has to an appreciable extent achieved its intended objectives; whereas it is therefore appropriate to maintain its fundamental features, namely a reduction in customs duties without any restriction in the quantities imported for certain agricultural products listed in Annex II, and a reduction in customs duties within the limits of Community fixed reduced-duty amounts for preserved pineapples, extracts of coffee and tobacco;

Whereas, since 1 March 1986, the Kingdom of Spain and the Portuguese Republic have applied the Community system of generalized preferences, in compliance with Articles 178 and 365 of the Act of Accession;

Whereas in the multilateral trade negotiations, in accordance with paragraph 6 of the Tokyo Declaration, the Community reaffirmed that special treatment should, whenever possible, be granted to the least developed among the developing countries: whereas, therefore, the agricultural products listed in Annex IV, originating in the least-developed developing countries which appear in the list in Annex V to this Regulation, should be totally exempt from customs duties;

Whereas, having regard to the rules applying to the repayment or remission of import or export duties, and in particular to Council Regulation (EEC) No 1430/79 (4) and Commission Regulation (EEC) No 3040/83 (5), a procedure should be laid down to regularize imports actually made within the fixed reduced-duty amounts opened under this Regulation and thus provision should be made for the Commission to be able to take appropriate measures;

Whereas such methods of administration call for close and particularly rapid cooperation between the Member States and the Commission;

Whereas it is expedient that the Community should authorize the importation of the products referred to in Annex II, originating in the countries and territories

(1) Opinion delivered on 18/19 December 1990 (not yet published in the Official Journal).

(2) Opinion delivered on 20 November 1990 (not yet published in the Official Journal).

(3) OJ No L 323, 29. 11. 1988, p. 1.

(4) OJ No L 175, 12. 7. 1979, p. 1.

(5) OJ No L 297, 29. 10. 1983, p. 13.

listed in Annex III, subject to the customs duties given in respect of each of them, without quantitative limitations; whereas the benefit of such preferential terms should be reserved for products originating in the countries and territories under consideration, the concept of 'originating products' being adopted in accordance with Commission Regulation (EEC) No 693/88 (1);

Whereas Hungary, Poland and Czechoslovakia have seen their economic situation decline to the point where they face similar problems to those countries to which the generalized preferences have applied in the past; whereas they should therefore benefit, on a transitional basis, from the system of generalized preferences in order to increase their export earnings with a view to stimulating their economic development, to promote their industrialization and to accelerate their rate of growth;

Whereas, on 8 November 1990, the Commission recommended to the Council that it authorize it to negotiate European Agreements with those three countries providing for the progressive establishment of a free-trade area; whereas, this being the case, those countries should benefit from the generalized preferential arrangements in 1991 until tariff concessions are granted under those Agreements;

Whereas the economic situation of Bulgaria is similar to that of the three aforementioned countries; whereas it should therefore also benefit from the preferential arrangements in 1991;

Whereas the situation in Romania justifies treatment identical to that granted to the four countries referred to above; whereas equivalent preferential arrangements should consequently be established for that country in 1991;

Whereas it is appropriate to add to the list of beneficiary countries Mongolia, at the request of that country, and Namibia, which has gained its independence;

Whereas the unification of Germany leads to an increase in the level of consumption in the Community, and consequently certain preferential amounts should be increased;

Whereas the Republic of Korea does not treat the Community on an equal footing with other trade partners and whereas it has taken discriminatory measures in respect of the Community in the sphere of the protection of intellectual property; whereas therefore it is inappropriate that the Republic of Korea should benefit from the system of generalized tariff preferences as long as this practice continues;

Whereas it is necessary to establish complete statistics on imports admitted in accordance with the provisions of this Regulation and to apply to the collection, preparation and transmission of these statistics Council Regulations (EEC) No 1736/75 (2) and (EEC) No 3367/87 (3);

Whereas by Council Regulation (EEC) No 1672/89 (4) the customs duties applicable under the Common Customs Tariff to a number of tropical products were reduced on a most-favoured-nation basis; whereas for the sake of greater clarity and administrative simplicity it is appropriate to exclude from the lists of products in Annexes II and IV hereto those products which are the subject of a rate of customs duty on a most-favoured-nation basis equal to or lower than the rate of customs duty which would be applicable under the generalized tariff preferences;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any measure concerning the administration of the fixed reduced-duty amount shares allocated to that economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1991, the Common Customs Tariff duties shall be:

- partially suspended within the framework of global fixed reduced-duty amounts in respect of the products listed in Annex I,
- partially or totally suspended in respect of the products listed in Annex II,
- totally suspended in respect of the products listed in Annex IV.

Spain and Portugal shall apply on the imports of products referred to above the customs duties established in accordance with Articles 178 and 365 of the 1985 Act of Accession.

2. The arrangements laid down in paragraph 1 shall apply only in respect of products originating in the countries and territories:

- listed in Annex III, as regards the products in Annexes I and II,
- listed in Annex V, as regards the products in Annex IV.

3. The preferences granted by this Regulation are suspended, on a temporary basis, for products originating in the Republic of Korea.

The benefit of the fixed reduced-duty amounts opened for imports of unmanufactured tobaccos specified in Annex I is not granted for products originating in China.

(1) OJ No L 77, 22. 3. 1988, p. 1.

(2) OJ No L 183, 14. 7. 1975, p. 3.

(3) OJ No L 321, 11. 11. 1987, p. 3.

(4) OJ No L 169, 19. 6. 1989, p. 1.

4. Preferential entry as provided for in this Regulation shall be subject to conformity with the rules of the origin of products determined by Regulation (EEC) No 693/88.

Entry under the fixed reduced-duty amounts opened for imports of unmanufactured Virginia 'flue-cured' type tobaccos shall be subject to the production of a certificate of authenticity issued by one of the authorities listed in Annex II to Commission Regulation (EEC) No 4128/87⁽¹⁾.

Pisco and singani, listed in Annexes II and IV and falling within CN code ex 2208 90 51, and tequila falling within CN code ex 2208 90 53, shall qualify for the preferential system subject to the production of an attestation of authenticity in the certificate of origin and drawn up according to the procedure referred to in Regulation (EEC) No 693/88.

5. The fixed reduced-duty amounts and the partial or total suspensions of duties, without quantitative limitations, shall be administered in accordance with the following provisions.

SECTION I

Provisions concerning the administration of the global fixed reduced-duty amounts

Article 2

Community imports of the products listed in Annex I shall benefit from the customs duties specified for each product, within the framework of the fixed reduced-duty amounts, of which the volumes are specified in column 5 of that Annex.

Those imports which enjoy exemption from customs duties under other preferential tariff arrangements granted by the Community shall not be charged against these fixed reduced-duty amounts.

Article 3

The fixed reduced-duty amounts shall be administered by the Commission.

If an importer presents in a Member State a declaration of entry into free circulation, including a request for preferential benefit for a product, accompanied by a certificate of origin and subject to a fixed reduced-duty amount and if this declaration is accepted by the customs authorities, the Member State concerned shall draw, by means of notification to the Commission, a quantity corresponding to its needs.

The requests for drawings, with the indication of the date of acceptance of the said declarations, must be communicated to the Commission without delay.

The drawings are granted by the Commission following the date of acceptance of the declaration of entry into free circulation by the customs authorities of the Member State concerned, to the extent that the balance of the said amount permits.

If a Member State does not use the quantities drawn, it shall return them as soon as possible to the corresponding fixed amount.

If the quantities requested corresponding to a certain date are greater than the available balance of the fixed reduced-duty amount, allocation shall be made on a *pro rata* basis with respect to the requested quantities. Member States shall be informed by the Commission of the drawings made.

Article 4

1. The Commission shall keep account of the quantities drawn by the Member States conforming to Article 3 and shall inform each of them as soon as it receives notification of the exhausting of the volumes opened. It shall ensure that the drawing which uses up any of these fixed amounts is limited to the balance available and, to this end, specify the amount to the Member State which proceeds to the last drawing.

The fact that the fixed amounts have been exhausted shall forthwith be brought to the notice of Member States.

This communication shall be the subject of a publication in the *Official Journal of the European Communities* ('C' Series).

2. The Member States shall take all the appropriate measures to ensure that the drawings that they effect pursuant to Article 3 may be charged without interruption against the fixed reduced-duty amounts.

Each Member State shall guarantee free access to these fixed amounts to the importers of the products in question as far as the balance of the volumes opened permits.

Article 5

By 29 February 1992 at the latest, Member States shall notify the Commission of the final total of the quantities charged at 31 December 1991. Up to the limit of the balance remaining, and at the request of the Member States, the Commission shall authorize the Member States to make any necessary regularization of the quantities charged against imports actually made during the period referred to in Article 1 (1). The Commission shall inform the other Member States thereof.

⁽¹⁾ OJ No L 387, 31. 12. 1987, p. 1.

SECTION II

**Products of Chapters 1 to 24 of the Common Customs
Tariff imported without quantitative limitations***Article 6*

1. Community imports of the products listed in Annex II originating in the countries listed in Annex III shall benefit from the customs duties specified for each product, without prejudice to the levying of additional duties which may be applicable.

2. The products listed in Annex IV originating in the countries listed in Annex V shall be imported into the Community free of customs duties without prejudice to the levying of additional duties which may be applicable.

Article 7

Where the Commission finds that imports of products benefiting from the treatment provided for in Article 6 are imported into the Community in quantities or at prices which place or are likely to place Community producers of similar or directly competitive products at a serious disadvantage, the levying of customs duties applied within the Community may be reintroduced in whole or in part on imports of the products in question from the country or countries or territory or territories which are the cause of such disadvantage. Such measures may also be taken in the event of actual or potential serious disadvantage which is confined to a single region of the Community.

Article 8

1. The Commission may decide, by means of a Regulation, to reintroduce the levying of customs duties for a specified period, in order to ensure that Article 7 is applied.

2. Where action on the part of the Commission is requested by a Member State, the former shall give its decision within a period of not more than 10 working days from the date of receipt of the request and shall inform the Member State of this decision.

3. Each Member State may refer the measure taken by the Commission to the Council within a period of 10 working days following the date on which it was noti-

fied. The fact that the matter is referred to the Council shall not cause the measure to be suspended. The Council shall meet immediately. It may, acting on a qualified majority, amend or rescind the measure in question.

Article 9

Articles 7 and 8 shall prejudice neither the application of the safeguard clauses adopted under the common agricultural policy pursuant to Article 43 of the Treaty nor those adopted under the common commercial policy pursuant to Article 113 of the Treaty, or any other safeguard clauses which might possibly be applied.

SECTION III

General provisions*Article 10*

The Member States shall, within six weeks of the end of each quarter, at the latest, forward to the Statistical Office of the European Communities the statistical results for the products entered for free circulation in the reference quarter under a generalized preferential treatment in accordance with the provisions of the present Regulation. These results, transmitted according to the headings of the combined nomenclature and where applicable of the Taric shall show the country of origin, value, quantity and any supplementary units as defined by Regulations (EEC) No 1736/75 and (EEC) No 3367/87.

Article 11

The Commission shall see that the Statistical Office of the European Communities ensures the publication of the annual statements of set-off.

Article 12

Member States and the Commission shall cooperate closely to ensure compliance with this Regulation.

Article 13

This Regulation shall enter into force on 1 January 1991.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 December 1990.

For the Council
The President
G. RUFFOLO

(a) Notwithstanding the rules for the interpretation of the combined nomenclature, the wording for the description of the products is to be considered as having no more than an indicative value, the preferential scheme being determined, within the context of this Annex, by the coverage of the CN codes. Where ex CN codes are indicated, the preferential scheme is to be determined by application of the CN code and corresponding description taken together.

(b) Preferences are not to be granted in respect of products marked with one asterisk, originating in China.

(c) Preferences are not to be granted in respect of products marked with two asterisks, originating in Greenland or Poland.

(d) Agricultural products qualifying under the ordinary arrangements for exemption or total temporary suspension of the Common Customs Tariff are only token entries.

(e) Entry within this CN code is subject to conditions laid down in the relevant Community provisions.

(f) No AGR is levied.

COUNCIL REGULATION (EEC) No 3834/90**of 20 December 1990****reducing for 1991 the levies on certain agricultural products originating in developing countries**

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 thereof,

Having regard to the Act of Accession of Spain and Portugal, and in particular Articles 89 (2) and 234 (3) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament (1),

Whereas Hungary, Poland and Czechoslovakia have seen their economic situation decline to the point where they face similar problems to those countries to which the generalized preferences have applied in the past; whereas they should therefore benefit, on a transitional basis, from the system of generalized preferences in order to increase their export earnings with a view to stimulating their economic development, to promote their industrialization and to accelerate their rate of growth;

Whereas, on 8 November 1990, the Commission recommended to the Council that it authorize it to negotiate European Agreements with those three countries providing for the progressive establishment of a free-trade area; whereas, this being the case, those countries should benefit from the generalized preferential arrangements in 1991 until tariff concessions are granted under those Agreements;

Whereas the economic situation of Bulgaria is similar to that of the three aforementioned countries; whereas it should therefore also benefit from the preferential arrangements in 1991;

Whereas the situation in Romania justifies treatment identical to that granted to the four countries referred to above; whereas equivalent preferential arrangements should consequently be established for that country in 1991;

Whereas it is appropriate to add to the list of beneficiary countries Mongolia, at the request of that country, and Namibia, which has gained its independence;

Whereas, in view of the situation on agricultural markets both inside and outside the Community and taking account of the Community's interest in maintaining

harmonious relations in agricultural trade with developing countries, in particular in the context of the system of generalized preferences, adjustments should be made to certain specific aspects of the common organizations of the agricultural markets;

Whereas to this end a preference should be granted consisting, according to the product concerned, in a reduction of the import levy within the limits of a fixed quota;

Whereas the temporary and non-binding nature of the system of generalized preferences means that the offer may be withdrawn wholly or in part at a later stage, thus maintaining the possibility of remedying any unfavourable situations which might arise, including in the African, Caribbean and Pacific States (ACP States) following the implementation of the system;

Whereas, since 1 March 1986, the Kingdom of Spain and the Portuguese Republic have been applying the Community system of generalized preferences; whereas the levies applied on the import into those Member States of products subject to a common organization of the market shall be established in accordance with certain provisions of the Act of Accession;

Whereas it is expedient that the Community should authorize the importation of the products referred to in the Annex, originating in the countries and territories benefiting from the Community generalized system of preferences, subject to the levies given in respect of each of them; whereas the benefit of such preferential terms should be reserved for products originating in the countries and territories under consideration, the concept of 'originating products' being adopted in accordance with Regulation (EEC) No 693/88 (2);

Whereas the Republic of Korea does not treat the Community on an equal footing with other trade partners and whereas it has taken discriminatory measures in respect of the Community in the sphere of the protection of intellectual property; whereas therefore it is inappropriate that the Republic of Korea should benefit from the system of generalized tariff preferences as long as this practice continues;

Whereas all interested Community traders should be ensured equal and continuous access to the said fixed amount and the rate of the levy laid down for that final

(1) Opinion delivered on 18/19 December (not yet published in the Official Journal).

(2) OJ No L 77, 22. 3. 1988, p. 1.

amount should be applied consistently to all imports of the products in question into all Member States until the volumes laid down are exhausted;

Whereas the procedure for implementing this Regulation should be adopted in accordance with the procedure laid down in Article 24 of Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat ⁽¹⁾ or the corresponding procedure in other Regulations on the common organization of the market for the products concerned,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1991 a reduced levy shall apply to imports into the Community of the products listed in the Annex, subject to the conditions set out therein.

With regard to Spain and Portugal, the reduction provided for in the preceding subparagraph shall apply to the import charge applicable under the provisions of the 1985 Act of Accession.

2. The arrangements laid down in paragraph 1 shall apply only to products originating in the countries or territories listed in Annexes III and V to Council Regulation (EEC) No 3833/90 ⁽²⁾.

3. The preferences granted by this Regulation shall be suspended, on a temporary basis, for products originating in the Republic of Korea.

4. Preferential entry as provided for in this Regulation shall be subject to compliance with the rules of the origin of products determined by Commission Regulation (EEC) No 693/88.

5. The fixed reduced-levy amounts shall be administered in accordance with the following provisions.

Article 2

1. The products appearing in the Annex shall be entered for import into the Community subject to the reduced levies given in respect of each of them, within the framework of the fixed reduced-levy amounts, the volume of which is indicated in column 5 of the said Annex.

⁽¹⁾ OJ No L 282, 1. 11. 1975, p. 1.

⁽²⁾ See page 86 of this Official Journal.

2. Imports subject to a reduced levy under other Community preferential arrangements shall not be charged against the fixed amounts listed in the Annex.

Article 3

1. Without prejudice to the provisions of Article 1 (4), the detailed rules of application of Article 1 (1) shall be adopted in accordance with the procedure of Article 24 of Regulation (EEC) No 2759/75 or that of corresponding Articles of the other Regulations on the common organization of the market for the products concerned, in particular those ensuring the administration of the fixed amounts provided for in the Annex.

2. To that end a system of import certificates may be introduced for the products appearing in the Annex.

Article 4

If the Commission discovers that products covered by the arrangements laid down in Article 1 are being imported into the Community at such prices that they cause or threaten to cause serious injury to Community producers of like or directly competing products, the levies applied in the Community may be partly or completely re-established for the products concerned with regard to the countries or territories causing the injury. Such a measure may also be taken in the case of serious injury or the threat of serious injury to a specific region of the Community.

Article 5

1. In order to apply Article 4, the Commission may decide, by adopting a Regulation, to re-establish the normal levy for a given period.

2. Should a Member State ask the Commission to take such action, the Commission shall take a decision within a maximum of 10 working days of receipt of the request and shall inform the Member States of its decision.

3. Any Member State may refer to the Council the measure taken by the Commission within 10 working days following the day on which it was informed thereof. Such referral shall not have the effect of suspending the measure. The Council shall meet forthwith. It may, acting by a qualified majority, amend or cancel the measure in question within a period of 30 days from the date of referral.

Article 6

Articles 4 and 5 shall not prejudice the application of the safeguard clauses adopted pursuant to Article 43 of the Treaty within the framework of the common agricultural policy or pursuant to Article 113 of the Treaty within the framework of the common commercial

policy, or any other safeguard clauses which might possibly be applied.

Article 7

This Regulation shall enter into force on 1 January 1991.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 December 1990.

For the Council
The President
G. RUFFOLO

COUNCIL REGULATION (EEC) No 3835/90

of 20 December 1990

amending Regulations (EEC) No 3831/90, (EEC) No 3832/90 and (EEC) No 3833/90 in respect of the system of generalized tariff preferences applied to certain products originating in Bolivia, Colombia, Ecuador and Peru

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113, thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament ⁽¹⁾,

Having regard to the opinion of the Economic and Social Committee ⁽²⁾,

Whereas Regulations (EEC) No 3831/90 ⁽³⁾, (EEC) No 3832/90 ⁽⁴⁾ and (EEC) No 3833/90 ⁽⁵⁾ apply generalized tariff preferences for 1991 to certain industrial products, to textile products and certain agricultural products originating in the developing countries;

Whereas the Community applies to those countries, which included Bolivia, Colombia, Ecuador and Peru until 13 November 1990, preferential treatment by reference notably to their degree of development and competitiveness; whereas for the industrial and textile sector this gives rise to suspension of the duty within a quota and an individual tariff ceiling and to a reduction in the customs duty without any quantitative limit for agricultural products, with the exception of five products which are subject to a fixed amount at a reduced duty;

Whereas cocaine production is being developed in Bolivia, Colombia, Ecuador and Peru to the detriment of lawful agricultural production, the earnings from which enter those countries' economies; whereas this situation results in a substantial decline to those countries' export resources;

Whereas cocaine trafficking seriously undermines those countries' social integrity and impairs their economies to the point of jeopardizing and even setting back their development;

Whereas the Community has delivered a favourable opinion concerning the request for support for the

special cooperation programme presented by the Colombian Government; whereas, in order to increase the export earnings of the countries concerned and improve growth rates, they should be given increased aid, on an exceptional, temporary basis, by granting them a system of generalized tariff preferences consisting of exemption from quotas and ceilings and the according of duty-free treatment for industrial and textile products, and the according of duty-free treatment for a specified list of products in the agricultural sector; whereas this system should be granted to them for the period of the special programme, i.e. four years, without prejudice to the annual nature of the Community's generalized preferences scheme,

HAS ADOPTED THIS REGULATION:

Article 1

Articles 7, 8 and 9 of Regulation (EEC) No 3831/90 shall not apply to the imports in question from Bolivia, Colombia, Ecuador and Peru.

Article 2

Articles 2, 8, 11 and 12 of Regulation (EEC) No 3832/90 shall not apply to Bolivia, Colombia, Ecuador and Peru.

Article 3

1. From 1 January and until 31 December 1991, Common Customs tariff duties shall be totally suspended for products originating from Bolivia, Colombia, Ecuador and Peru listed in the Annex to this Regulation. Article 1 (4), and Articles 7 to 12 of Regulation (EEC) No 3833/90 shall, without prejudice to the levying of any supplementary duties that may apply, apply to those countries and to the products listed in the Annex to this Regulation.

2. Bolivia, Colombia, Ecuador and Peru shall be withdrawn from the list of countries given in Annex III to Regulation (EEC) No 3833/90. However, those countries shall benefit from the measures provided for in Article 1 (1) of Regulation (EEC) No 3834/90 reducing, for 1991, levies for certain agricultural products originating in developing countries ⁽⁶⁾.

Article 4

This Regulation shall enter into force on 1 January 1991.

COUNCIL

**DECISION OF THE REPRESENTATIVES OF THE GOVERNMENTS OF
THE MEMBER STATES OF THE EUROPEAN COAL AND STEEL
COMMUNITY, MEETING WITHIN THE COUNCIL**

of 20 December 1990

**applying generalized tariff preferences for 1991 in respect of certain steel products
originating in developing countries**

(90/672/ECSC)

THE REPRESENTATIVES OF THE GOVERNMENTS
OF THE MEMBER STATES OF THE EUROPEAN
COAL AND STEEL COMMUNITY, MEETING
WITHIN THE COUNCIL,

In agreement with the Commission,

HAVE DECIDED AS FOLLOWS:

Article 1

1. From 1 January to 31 December 1991, the customs duties applicable to the products listed in Annexes I and II shall be totally suspended within the framework of tariff quotas and ceilings.

Spain and Portugal shall apply on the imports of products referred to above the customs duties established in accordance with Articles 178 and 365 of the 1985 Act of Accession.

2. The arrangements provided for in paragraph 1 shall apply solely:

- to each of the countries or territories listed in column 4 of Annex I against each category of products listed in columns 2 and 3,
- to each of the other countries or territories listed in Annex III, with the exception of Romania, for the same categories of products,
- to each of the countries or territories listed in Annex III for the other categories of products in Annex II,

subject to observance of the concept of originating products.

However, the Community preference arrangements applicable to Yugoslavia shall result exclusively from the provisions contained in the Agreement with that country concerning ECSC products ⁽¹⁾.

3. The preferences granted by this Decision are suspended, on a temporary basis, for products originating in the Republic of Korea.

4. Preferential entry as provided for in this Decision shall be subject to conformity with the definition of the origin of products adopted in accordance with the procedure laid down in Article 14 of Regulation (EEC) No 802/68 ⁽²⁾ and contained in Regulation (EEC) No 693/88 ⁽³⁾.

5. The Community tariff quotas and ceilings shall be administered in accordance with the provisions set out below.

SECTION I

**Provisions concerning the administration of the
Community tariff quotas relating to products listed in
Annex I**

Article 2

The total suspension of customs duties within the limits of the Community tariff quotas referred to in Article 1 (1)

⁽¹⁾ OJ No L 41, 14. 2. 1983, p. 113; OJ No L 237, 26. 8. 1983, p. 1.

⁽²⁾ OJ No L 148, 28. 6. 1968, p. 1.

⁽³⁾ OJ No L 77, 22. 3. 1988, p. 1.

shall be accorded to each country or territory listed in column 4 of Annex I in respect of the products indicated against its name in columns 2 and 3 together with details in column 5 of the amount of the individual quotas.

Article 3

1. The Member States shall administer their tariff quotas in accordance with their own provisions.

2. The extent to which a Member State has used up its share shall be determined on the basis of imports of the goods in question which have been entered for free circulation, on the basis of the customs value of the said goods, and which are accompanied by a certificate of origin in accordance with the rules referred to in Article 1 (4).

Article 4

Each Member State shall reintroduce the levying of duties which have been suspended in respect of a country or territory listed in column 4 of Annex I as soon as it finds that the charges against its national quota of the products concerned originating in that country or territory have reached the amount laid down in column 6 of Annex I.

SECTION II

Provisions concerning the administration of the Community tariff ceilings relating to the products listed in Annexes I and II

Article 5

Subject to Articles 6 and 7, the preferential tariff ceiling arrangements shall be accorded:

- for products in Annex I, to each of the countries or territories listed in Annex III, other than Romania and those which may be listed in column 4 of Annex I, within the limits of the amounts specified in column 7 of Annex I, against each category of products,
- for products in Annex II, to the countries or territories listed in Annex III, considered individually, within the limits of a Community ceiling corresponding to 102 % of the highest maximum amount valid for 1980 under each of the preferential ceilings opened for that year.

Article 6

1. As soon as the individual ceilings fixed or calculated in accordance with the provisions of Article 5, which are laid down for imports into the Community,

under the conditions which it shall determine, of products originating in any of the countries or territories referred to in Article 1 (2), are reached at Community level, the Member States may at any time, at the request of any one of them or of the Commission and in respect of the whole of the Community, reintroduce the levying of the corresponding duties on imports of the products in question from each of the countries or territories concerned until the end of the period referred to in Article 1 (1).

2. Within the framework of the foregoing provisions, the Commission shall coordinate the procedures for reintroducing normal customs duties, in particular by notifying the date common to the whole of the Community and directly applicable in each Member State. This notification shall be published in the *Official Journal of the European Communities*.

3. However, paragraphs 1 and 2 shall not apply to the countries listed in Annex IV.

Article 7

The extent to which ceilings have been used up shall be determined at Community level on the basis of imports charged in the manner laid down in Article 8 (1) and (2).

SECTION III

General provisions

Article 8

1. Imports of the products in question shall be charged against the quota shares and Community ceilings as and when the products are entered for free circulation, on the basis of the customs value of the said products, and are accompanied by a certificate of origin in accordance with the rules laid down in Article 1 (4).

2. Goods may be charged against a ceiling or admitted under a tariff quota only if the certificate of origin referred to in paragraph 1 is presented before the date on which the levying of duties is reintroduced.

3. For the purposes of the application of this Decision, the rates of conversion into national currencies of the value in ecus in which the preferential amounts are expressed shall be those fixed on 1 October 1990 and they shall remain in force from 1 January to 31 December 1991 (1).

4. An amendment to the list of beneficiaries, in particular by the addition of new countries or territories, may entail a corresponding adjustment to Community tariff quotas or ceilings.

(1) OJ No C 247, 2. 10. 1990, p. 1.

Article 9

1. The Member States shall, within six weeks of the end of each quarter at the latest, forward to the Statistical Office of the European Communities the relevant statistical data for the products entered for free circulation in the quarter concerned under generalized preferential treatment in accordance with the provisions of the present Decision. This data, transmitted according to the codes of the combined nomenclature and, where applicable, of the TARIC, shall show the country of origin, value, quantity and any supplementary units as defined by Regulations (EEC) No 1736/75⁽¹⁾ and (EEC) No 3367/87⁽²⁾.

2. However, in the case of products in Annex I subject to ceilings, the Member States shall, by the 11th day of each month at the latest, forward to the Commission, at its request, the list of charges effected during the previous month.

At the Commission's request, when the level of 75 % of the ceiling is reached, the Member States shall forward these lists of charges to the Commission every 10 days;

these lists shall be forwarded within five days of the end of each 10-day period.

Article 10

The Member States shall, in close cooperation with the Commission, take all necessary measures to ensure that this Decision is applied.

Article 11

The Member States shall take all measures necessary for the implementation of this Decision.

Article 12

This Decision shall enter into force on 1 January 1991.

Done at Brussels, 20 December 1990.

(a) Notwithstanding the rules for the interpretation of the combined nomenclature, the wording for the description of the products is to be considered as having no more than an indicative value, the preferential scheme being determined, within the context of this Annex, by the coverage of the CN code. Where ex CN codes are indicated, the preferential scheme is to be determined by application of the CN code and corresponding description taken together.

(b) Preferences are not to be granted in respect of products marked with one asterisk, originating in Romania.
