**COUNCIL REGULATION (EC) No 1835/95**

of 24 July 1995

**opening and providing for the administration of Community tariff quotas for certain industrial, fishery and agricultural products and amending Regulation (EC) No 2878/94 opening and providing for the administration of Community tariff quotas for certain agricultural and industrial products (fourth series 1995)**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 28 thereof,

Having regard to the proposal from the Commission,

Whereas production in the Community of certain industrial products will remain in the course of 1995 unable to meet the specific requirements of the user industries in the Community; whereas, consequently, Community supplies of products of this type will depend to a considerable extent on imports from third countries; whereas the most urgent Community requirements for the products in question should be met immediately on the most favourable terms; whereas Community tariff quotas at reduced or zero duty should therefore be opened within the limits of appropriate volumes for a period up to 31 December 1995 and, for eels (order number 09.2701), for the period 1 July 1995 to 30 June 1996, taking account of the need not to disturb the markets for such products nor the starting up or development of Community production;

Whereas by Regulation (EC) No 2878/94<sup>(1)</sup> the Council opened, for 1995 Community tariff quotas for certain industrial and fishery products, and in particular for magnetrons (order number 09.2797) and for dianol 220 (order No 09.2859);

Whereas current economic data suggest that the Community demand for non-Community imports of the products in question could in the course of the year exceed the

volumes laid down in the above Regulation; whereas the volume of the quota in question should therefore be increased;

Whereas it is necessary, in particular, to ensure for all Community importers equal and uninterrupted access to the said quotas and to ensure the uninterrupted application of the rates laid down for the quotas to all imports of the products concerned into all Member States until the quotas have been used up;

Whereas the decision for the opening of autonomous tariff quotas should be taken by the Community; whereas, to ensure the efficiency of a common administration of these quotas, there is no reasonable obstacle to authorizing Member States to draw from the quota-volumes the necessary quantities corresponding to actual imports; whereas, however, this method of administration requires close cooperation between the Member States and the Commission and the latter must in particular be able to monitor the rate at which the quotas are used up and inform the Member States accordingly,

HAS ADOPTED THIS REGULATION:

*Article 1*

1. From the date of entry into force of this Regulation and until the date specified in the following table the customs duties applicable to imports into the Community of the products listed below shall be suspended at the levels and within the limits of the Community tariff quotas shown below:

Requests for drawings, indicating the date on which the entries were accepted, must be sent to the Commission without delay.

Drawings shall be granted by the Commission in chronological order of the dates on which the customs authorities of the Member States concerned accepted the entries for release for free circulation to the extent that the available balance so permits.
