JOINT ACTION

of 10 June 1996

adopted by the Council on the basis of Article J.3 of the Treaty on European Union, concerning action by the Union to support the electoral process in Bosnia and Herzegovina

(96/406/CFSP)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Articles J.3 and J.11 thereof,

Having regard to the conclusions of the Madrid European Council meeting on 15 and 16 December 1995.

Having regard to the Council's conclusions of 13 May 1996,

HAS ADOPTED THIS JOINT ACTION:

Article 1

This joint action is directed towards European Union support for the activities carried out by the OSCE, pursuant to the Paris Peace Agreements, in respect of elections in Bosnia and Herzegovina. It is consistent with the framework defined by the OSCE for the preparation, supervision and monitoring of the electoral process.

The action represents a strengthening of the support already given by the European Union to OSCE activities through the ECMM (European Community Monitoring Mission), through the Community's own action and by the Member States on a national basis. The ECMM provides comprehensive assistance to the OSCE's mission for the priority objective represented by the electoral process.

Article 2

The support referred to in Article 1 shall take the form of the provision of a contingent of European Union supervisors in the context of supervision of the elections conducted under the aegis of the OSCE.

Article 3

1. In order to cover the costs involved in attaining the objectives of the joint action, a sum of ECU 3 million shall be charged to the general budget of the European Communities for 1996.

2. The European Union's supervisors shall participate for a period of four weeks, within the framework of the OSCE's mission, in supervising the whole electoral process. Their supervision activities shall be financed from the amount referred to in paragraph 1.

The costs incurred by the participation of the supervisors of the European Union (e.g. per diem, subsistence costs, distinguishing clothing, training costs, transport in the region and return travel costs to the areas concerned, as well as insurance costs) shall be offset against that sum.

3. The expenditure financed from the amount referred to in paragraph 1 shall be managed in compliance with the Community's budgetary procedures and rules.

Article 4

The Council shall, if necessary, re-examine this joint action with a view to providing European Union support for the election-monitoring activities carried out under the aegis of the OSCE.

Article 5

The Council shall take stock of implementation of this joint action.

Article 6

This joint action shall enter into force on the day of its adoption.

It shall be published in the Official Journal.

COMMON POSITION

of 25 June 1996

defined by the Council on the basis of Article J.2 of the Treaty on European Union, relating to preparation for the Fourth Review Conference of the Convention on the prohibition of the development, production and stockpiling of bacteriological (biological) and toxin weapons and on their destruction (BTWC)

(96/408/CFSP)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Article J.2 thereof,

HAS DEFINED THE FOLLOWING COMMON POSITION:

Article 1

The objective of this common position shall be to strengthen compliance with the international system of non-proliferation of bacteriological (biological) and toxin weapons by promoting the universality of the Convention on the Prohibition of the development, production and stockpiling of bacteriological (biological) and toxin weapons and on their destruction (BTWC) and a successful conclusion of the negotiations aimed at reinforcing the BTWC with a legally binding and effective verification regime.

Article 2

- 1. For the purposes laid down in Article 1, Member States shall, in preparation for and on the occasion of the Fourth Review Conference of the BTWC, actively promote progress in the work of the ad hoc Group which was established by the Special Conference of the States Parties to the BTWC (Geneva, 19 to 30 September 1994) with the objective of considering appropriate measures, including verification measures, and of drafting proposals to strengthen the Convention, to be included in a legally binding instrument, to be submitted for the consideration of the States Parties.
- 2. Member States will accordingly seek maximum progress on verification measures in the context of the *ad hoc* Group and at the Review Conference. In particular, at the Review Conference they will seek:
- endorsement of the main results achieved by that time by the ad hoc Group,

DECISION OF THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES, MEETING WITHIN THE COUNCIL

of 25 June 1996

on the establishment of an emergency travel document

(96/409/CFSP)

THE REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES OF THE EUROPEAN UNION, MEETING WITHIN THE COUNCIL.

Conscious that the creation of a common format emergency travel document for issue by Member States to citizens of the Union in places where those citizens' Member State of origin has no permanent diplomatic or consular representation, or in other circumstances as are described in the rules set out in Annex II to this Decision, is in accordance with Article 8c of the Treaty establishing the European Community,

Considering that the establishment of a common emergency travel document is likely to provide genuine help to the citizens of the Union in distress,

Confident that the establishment of such a document will therefore provide a clear demonstration of the practical benefits of being a citizen of the Union,

HAVE DECIDED AS FOLLOWS:

Article 1

An emergency travel document shall be established, the uniform format of which is described in Annex I, which forms an integral part of this Decision.

The rules governing the issue of the emergency travel document and the security measures relating thereto are set out in Annexes II and III and form an integral part of this Decision. The rules and measures may be amended by unanimous agreement of the Member States; such amendments shall come into effect one month after their adoption unless a Member State requests re-examination at Ministerial level.

Article 2

This Decision shall take effect when all the Member States have notified the General Secretariat of the Council that the procedures required by their legal systems for the application of this Decision have been completed.

Article 3

This Decision shall be published in the Official Journal.

Done at Luxembourg, 25 June 1996.

ANNEX II

RULES GOVERNING THE ISSUE OF THE EMERGENCY TRAVEL DOCUMENT

- 1. An emergency travel document (ETD), the common format of which is shown in Annex I is a travel document which may be issued for a single journey to the applicant's Member State of origin, country of permanent residence or, exceptionally, another destination. It may be issued to nationals of Member States on the authority of the State of which the person is a national.
- 2. ETDs may be issued when all the following conditions are met:
 - (a) the recipient must be a national of a Member State whose passport or travel document has been lost, stolen or destroyed or is temporarily unavailable, and
 - (b) he/she is in the territory of a country where the person's Member State of origin has no accessible diplomatic or consular representation with the capacity to issue a travel document or, where that State is not otherwise represented, and
 - (c) clearance from the authorities of the person's Member State of origin has been obtained.
- 3. Applicants for ETDs should complete an application form and send it together with photocopies certified as true copies by the diplomatic post of any available proof of identity and nationality, to an authority designated to that effect of the applicant's Member State of origin. This need not necessarily be the nearest one if another authority in the area would be more appropriate. The issuing post will collect from the applicant and will retain such charges and fees as would normally be levied by them for issuing an emergency passport. Applicants with insufficient funds to cover other local related expenditure will receive, where appropriate, the necessary funds in accordance with instructions given by the Member State of origin at the time of the application.
- 4. An ETD should be made valid for barely longer than the minimum period required for completion of the journey for which it is issued. In calculating this period, allowances should be made for necessary overnight stops and for making travel connections.
- 5. For recording purposes, a photocopy of each document issued should be kept at the issuing post and another should be sent to the authority of the applicant's Member State of origin.
- 6. Each Member State may extend the application of these rules to other persons connected with it and whom it is willing to admit.

ANNEX III

SECURITY MEASURES FOR EMERGENCY TRAVEL DOCUMENTS

Emergency travel documents (ETDs) shall be produced and issued in compliance with the following security measures:

1. Size

open:

 18×13 cm,

folded:

9 × 13 cm.

2. Paper

ETDs shall be printed on security paper, free of optical brighteners (approximately 90 g/m²), using a standard 'CHAIN WIRES' watermark legally protected for the manufacturer of the document, with two invisible fibres (blue and yellow, SSI/05) fluorescent under ultraviolet light and reagents against chemical erasure.

3. Numbering system

Each Member State shall provide the documents with a centralized numbering system, combined with the initials of the issuing Member State, as follows:

Belgium	=	В	_	[00000]
Denmark	=	DK		[00000]
Germany	=	D		[00000]
Greece	=	GR		[00000]
Spain	=	E	_	[00000]
France	=	F	_	[00000]
Ireland	=	IRL	_	[00000]
Italy	=	I		[00000]
Luxembourg	=	L		[00000]
Netherlands	=	NL	_	[00000]
Austria	=	Α		[00000]
Portugal	=	P		[00000]
Finland	=	FIN	_	[00000]
Sweden	=	S		[00000]
United Kingdom	=	UK		[00000]

The number shall be printed in letterpress on pages 1 and 4 of the document, using OCR-B characters, in black colour with green fluorescence under UV light.

4. Attaching the bearer's photograph

The bearer's photograph must be securely attached to the document so as to prevent easy removal. The photograph shall be laminated in accordance with national practice, it being understood that Member States shall take the necessary steps to ensure an appropriate level of security for the document.

5. Entry of the bearer's personal details

There shall be a consistent approach to the entry of the bearer's personal details on the ETD form. These details shall be entered in either handwritten or typewritten form, and shall be covered with a laminate.

6. Seal of the issuing authority

When an ETD is issued, the seal of the issuing authority shall be affixed partly on the document and partly on the bearer's photograph.

7. Additional security features

ETDs shall have a guilloche protective background with indirect letterpress printing in four colours on the pages where data is to be entered with due consideration to iridescent printing.

The following printing technology shall be used:

- INTAGLIO, recto including text on page 1, latent image and microprint in blue reflex ink,

- OFFSET, recto and verso, in two colours and IRIS,
- 1st: text, in blue reflex,
- 2nd: antiscanner background, in light blue,
- 3rd: guilloche background with IRIS effect in two colours, green and violet, the second one with yellow fluorescence under UV light.

The inks used shall be copy-resistant and any attempt to make a colour copy shall result in clearly recognizable colour deviations. Moreover, at least one colour shall contain fluorescent agents. The inks shall also contain reagents against chemical erasure.

8. Printing forms

Multicoloured processed guilloche background printing forms specially designed for this document with integrated microtypes shall be used.

9. Storage of blank ETD forms

In order to minimize the risk of forgery or counterfeiting, all Member States shall ensure theft-proof storage of blank ETD forms.
