**DECISION No 507/2001/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL
of 12 March 2001**

concerning a set of actions relating to the trans-European network for the collection, production and dissemination of statistics on the trading of goods within the Community and between the Community and non-member countries (Edicom)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 285 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Acting in accordance with the procedure laid down in Article 251 of the Treaty ⁽²⁾,

Whereas:

- (1) The actions implemented pursuant to Council Decision 96/715/EC of 9 December 1996 on inter-administration telematic networks for statistics relating to the trading of goods between Member States (Edicom) ⁽³⁾ have made it possible to improve considerably the quality of intra-Community statistics.
- (2) Statistics for foreign trade and for trade within the Community are entering a new phase of development, characterised by growing and increasingly demanding user need for information.
- (3) It is necessary to meet the urgent need of the Economic and Monetary Union by the rapid provision of reliable and accurate macroeconomic statistics.
- (4) The modernisation of the trans-European network for the collection, production and dissemination of statistics on the trading of goods within the Community and between the Community and non-member countries should be a driving force in the development of these statistics.
- (5) Council Regulation (EEC) No 3330/91 of 7 November 1991 on the statistics relating to the trading of goods between Member States ⁽⁴⁾ (Intrastat) and Council Regulation (EC) No 1172/95 of 22 May 1995 on the statistics relating to the trading of goods by the Community

and its Member States with non-member countries ⁽⁵⁾ provide for increased use of automatic processing and electronic data transmission.

- (6) Simplification of the Intrastat system was a pilot project in the SLIM ('Simpler Legislation for the Internal Market') initiative launched in 1996; the measures for reducing the workload on statistical information providers, in particular SMEs, which have been approved by the European Parliament and the Council, should be continued.
- (7) The objectives of this Decision are adequate and compatible with those of Decisions No 1719/1999/EC ⁽⁶⁾ and No 1720/1999/EC ⁽⁷⁾ of the European Parliament and the Council on trans-European networks for the electronic interchange of data between administrations (IDA); account should also be taken of IDA decisions, in particular Article 11 of Decision No 1719/1999/EC, in implementing this Decision.
- (8) An ex-ante evaluation has been performed in accordance with the financial management rules, in order to focus the programme on the need for effectiveness in achieving the objectives and to incorporate budgetary constraints from the design phase of the programme onwards.
- (9) Since the objectives of the proposed action, namely the development and modernisation of the trans-European network for the collection, processing and dissemination of intra- and extra-Community trade statistics, cannot be sufficiently achieved by the Member States and can therefore, by reason of their scale, be better achieved at Community level, the Community may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty. In accordance with the principle of proportionality, as set out in that Article, this Decision does not go beyond what is necessary in order to achieve those objectives.

- (10) Council Regulation (EC) No 322/97 of 17 February 1997 on Community statistics ⁽¹⁾ provides the regulatory framework for the provisions of this Decision, particularly those relating to access to administrative data sources, statistical confidentiality and the principle of cost-effectiveness.
- (11) The measures necessary for the implementation of this Decision should be adopted in accordance with Council Decision 1999/468/EC of 28 June 1999 laying down the procedures for the exercise of implementing powers conferred on the Commission ⁽²⁾.
- (12) This Decision establishes a financial framework for the entire duration of the programme which is to be the principal point of reference for the budgetary authority, within the meaning of point 33 of the Interinstitutional Agreement of 6 May 1999 between the European Parliament, the Council and the Commission on budgetary discipline and improvement of the budgetary procedure ⁽³⁾,

- produce statistical information which is of better quality, less costly and available more quickly, in order to satisfy the requirements of Community policies;
 - produce statistical information that is relevant and appropriate to the new needs of users within the framework of Economic and Monetary Union and the changing international economic environment;
 - incorporate statistics on the trading of goods more effectively into the general statistical system at Community and international level and adapt them to changes in the administrative environment;
 - improve the service offered to administrations, suppliers and users of information, by providing them with all the available statistics and metadata relating to the trading of goods;

COMMISSION REGULATION (EC) No 510/2001
of 15 March 2001
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1255/1999 of 17 May 1999 on the common organisation of the market in milk and milk products ⁽¹⁾, as last amended by Regulation (EC) No 1670/2000 ⁽²⁾, and in particular Article 31(3) thereof,

Whereas:

(1) Article 31 of Regulation (EC) No 1255/1999 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund within the limits resulting from agreements concluded in accordance with Article 300 of the Treaty.

(2) Regulation (EC) No 1255/1999 provides that when the refunds on the products listed in Article 1 of the above-mentioned Regulation, exported in the natural state, are being fixed, account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade,
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination,
- the aims of the common organisation of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market,
- the limits resulting from agreements concluded in accordance with Article 300 of the Treaty, and
- the need to avoid disturbances on the Community market, and
- the economic aspect of the proposed exports.

(3) Article 31(5) of Regulation (EC) No 1255/1999 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that

when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices.

(4) Article 31(3) of Regulation (EC) No 1255/1999 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of the abovementioned Regulation according to destination.

(5) Article 31(3) of Regulation (EC) No 1255/1999 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; the amount of the refund may, however, remain at the same level for more than four weeks.

(6) In accordance with Article 16 of Commission Regulation (EC) No 174/1999 of 26 January 1999 on specific detailed rules for the application of Council Regulation (EC) No 804/68 as regards export licences and export refunds on milk and milk products ⁽³⁾, as last amended by Regulation (EC) No 2884/2000 ⁽⁴⁾; the refund granted for milk products containing added sugar is equal to the sum of the two components; one is intended to take account of the quantity of milk products and is calculated by multiplying the basic amount by the milk products content in the product concerned; the other is intended to take account of the quantity of added sucrose and is calculated by multiplying the sucrose content of the entire product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1(1)(d) of Council Regulation (EC) No 2038/1999 of 13 September 1999 on the common organisation of the markets in the sugar sector ⁽⁵⁾, however, this second component is applied only if the added sucrose has been produced using sugar beet or cane harvested in the Community.

- (7) Commission Regulation (EEC) No 896/84 ⁽¹⁾, as last amended by Regulation (EEC) No 222/88 ⁽²⁾, laid down additional provisions concerning the granting of refunds on the change from one milk year to another; those provisions provide for the possibility of varying refunds according to the date of manufacture of the products.
- (8) For the calculation of the refund for processed cheese provision must be made where casein or caseinates are added for that quantity not to be taken into account.
- (9) It follows from applying the rules set out above to the present situation on the market in milk and in particular to quotations or prices for milk products within the Community and on the world market that the refund should be as set out in the Annex to this Regulation.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

COMMISSION REGULATION (EC) No 511/2001**of 15 March 2001****fixing the export refunds on products processed from cereals and rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1666/2000 ⁽²⁾, and in particular Article 13(3) thereof,Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organization of the market in rice ⁽³⁾, as last amended by Regulation (EC) No 1667/2000 ⁽⁴⁾, and in particular Article 13(3) thereof,

Whereas:

(1) Article 13 of Regulation (EEC) No 1766/92 and Article 13 of Regulation (EC) No 3072/95 provide that the difference between quotations or prices on the world market for the products listed in Article 1 of those Regulations and prices for those products within the Community may be covered by an export refund.

(2) Article 13 of Regulation (EC) No 3072/95 provides that when refunds are being fixed account must be taken of the existing situation and the future trend with regard to prices and availabilities of cereals, rice and broken rice on the Community market on the one hand and prices for cereals, rice, broken rice and cereal products on the world market on the other. The same Articles provide that it is also important to ensure equilibrium and the natural development of prices and trade on the markets in cereals and rice and, furthermore, to take into account the economic aspect of the proposed exports, and the need to avoid disturbances on the Community market.

(3) Article 4 of Commission Regulation (EC) No 1518/95 ⁽⁵⁾, as amended by Regulation (EC) No 2993/95 ⁽⁶⁾, on the import and export system for products processed from cereals and from rice defines the specific criteria to be taken into account when the refund on these products is being calculated.

(4) The refund to be granted in respect of certain processed products should be graduated on the basis of the ash, crude fibre, tegument, protein, fat and starch content of the individual product concerned, this content being a particularly good indicator of the quantity of basic product actually incorporated in the processed product.

(5) There is no need at present to fix an export refund for manioc, other tropical roots and tubers or flours obtained therefrom, given the economic aspect of potential exports and in particular the nature and origin of these products. For certain products processed from cereals, the insignificance of Community participation in world trade makes it unnecessary to fix an export refund at the present time.

(6) The world market situation or the specific requirements of certain markets may make it necessary to vary the refund for certain products according to destination.

(7) The refund must be fixed once a month; whereas it may be altered in the intervening period.

(8) Certain processed maize products may undergo a heat treatment following which a refund might be granted that does not correspond to the quality of the product; whereas it should therefore be specified that on these products, containing pregelatinized starch, no export refund is to be granted.

(9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1(1)(d) of Regulation (EEC) No 1766/92 and in Article 1(1)(c) of Regulation (EC) No 3072/95 and subject to Regulation (EC) No 1518/95 are hereby fixed as shown in the Annex to this Regulation.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organization of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1666/2000 ⁽²⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) Article 13 of Regulation (EEC) No 1766/92 provides that the difference between quotations or prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund.
- (2) Regulation (EC) No 1517/95 of 29 June 1995 laying down detailed rules for the application of Regulation (EEC) No 1766/92 as regards the arrangements for the export and import of compound feedingstuffs based on cereals and amending Regulation (EC) No 1162/95 laying down special detailed rules for the application of the system of import and export licences for cereals and rice ⁽³⁾ in Article 2 lays down general rules for fixing the amount of such refunds.
- (3) That calculation must also take account of the cereal products content. In the interest of simplification, the refund should be paid in respect of two categories of 'cereal products', namely for maize, the most commonly used cereal in exported compound feeds and maize products, and for 'other cereals', these being eligible cereal products excluding maize and maize products. A

refund should be granted in respect of the quantity of cereal products present in the compound feedingstuff.

- (4) Furthermore, the amount of the refund must also take into account the possibilities and conditions for the sale of those products on the world market, the need to avoid disturbances on the Community market and the economic aspect of the export.
- (5) However, in fixing the rate of refund it would seem advisable to base it at this time on the difference in the cost of raw inputs widely used in compound feedingstuffs as the Community and world markets, allowing more accurate account to be taken of the commercial conditions under which such products are exported.
- (6) The refund must be fixed once a month; whereas it may be altered in the intervening period.
- (7) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the compound feedingstuffs covered by Regulation (EEC) No 1766/92 and subject to Regulation (EC) No 1517/95 are hereby fixed as shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 16 March 2001.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

**COMMISSION REGULATION (EC) No 520/2001
of 15 March 2001**

fixing the rates of the refunds applicable to certain cereal and rice-products exported in the form of goods not covered by Annex I to the Treaty

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92 of 30 June 1992 on the common organisation of the market in cereals ⁽¹⁾, as last amended by Regulation (EC) No 1666/2000 ⁽²⁾, and in particular Article 13(3) thereof,

Having regard to Council Regulation (EC) No 3072/95 of 22 December 1995 on the common organisation of the market in rice ⁽³⁾, as last amended by Regulation (EC) No 1667/2000 ⁽⁴⁾, and in particular Article 13(3) thereof,

Whereas:

- (1) Article 13(1) of Regulation (EEC) No 1766/92 and Article 13(1) of Regulation (EC) No 3072/95 provide that the difference between quotations of prices on the world market for the products listed in Article 1 of each of those Regulations and the prices within the Community may be covered by an export refund.
- (2) Commission Regulation (EC) No 1520/2000 of 13 July 2000 laying down common implementing rules for granting export refunds on certain agricultural products exported in the form of goods not covered by Annex I to the Treaty, and the criteria for fixing the amount of such refunds ⁽⁵⁾, as amended by Regulation (EC) No 2390/2000 ⁽⁶⁾, specifies the products for which a rate of refund should be fixed, to be applied where these products are exported in the form of goods listed in Annex B to Regulation (EEC) No 1766/92 or in Annex B to Regulation (EC) No 3072/95 as appropriate.
- (3) In accordance with the first subparagraph of Article 4(1) of Regulation (EC) No 1520/2000, the rate of the refund per 100 kilograms for each of the basic products in question must be fixed for each month.
- (4) The commitments entered into with regard to refunds which may be granted for the export of agricultural products contained in goods not covered by Annex I to the Treaty may be jeopardised by the fixing in advance of high refund rates. Whereas it is therefore necessary to take precautionary measures in such situations without, however, preventing the conclusion of long-term contracts. Whereas the fixing of a specific refund rate for the advance fixing of refunds is a measure which enables these various objectives to be met.

- (5) Now that a settlement has been reached between the European Community and the United States of America on Community exports of pasta products to the United States and has been approved by Council Decision 87/482/EEC ⁽⁷⁾, it is necessary to differentiate the refund on goods falling within CN codes 1902 11 00 and 1902 19 according to their destination.
- (6) Pursuant to Article 4(3) and (5) of Regulation (EC) No 1520/2000 provides that a reduced rate of export refund has to be fixed, taking account of the amount of the production refund applicable, pursuant to Council Regulation (EEC) No 1722/93 ⁽⁸⁾, as last amended by Commission Regulation (EC) No 87/1999 ⁽⁹⁾, for the basic product in question, used during the assumed period of manufacture of the goods.
- (7) Spirituous beverages are considered less sensitive to the price of the cereals used in their manufacture. However, Protocol 19 of the Act of Accession of the United Kingdom, Ireland and Denmark stipulates that the necessary measures must be decided to facilitate the use of Community cereals in the manufacture of spirituous beverages obtained from cereals. Accordingly, it is necessary to adapt the refund rate applying to cereals exported in the form of spirituous beverages.
- (8) It is necessary to ensure continuity of strict management taking account of expenditure forecasts and funds available in the budget.
- (9) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

COMMISSION DECISION

of 15 March 2001

amending for the second time Decision 2001/172/EC concerning certain protection measures with regard to foot-and-mouth disease in the United Kingdom

(notified under document number C(2001) 761)

(Text with EEA relevance)

(2001/209/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market ⁽¹⁾, as last amended by Directive 92/118/EEC ⁽²⁾, and in particular Article 10 thereof,

Whereas:

- (1) Following the reports of outbreaks of foot-and-mouth disease in the United Kingdom, the Commission adopted Decision 2001/172/EC concerning certain protection measures with regard to foot-and-mouth disease in the United Kingdom ⁽³⁾, as last amended by Decision 2001/190/EC ⁽⁴⁾.
- (2) An outbreak of foot-and-mouth disease has been declared in France.
- (3) The foot-and-mouth disease situation in certain parts of the Community is liable to endanger the herds in other parts of the Community in view of the potential mechanical spread of virus through movement of equidae from protection and surveillance zones established in accordance with Article 9 of Council Directive 85/511/EEC of 18 November 1985 introducing Community measures for the control of foot-and-mouth disease ⁽⁵⁾, as last amended by the Act of Accession of Austria, Finland and Sweden.
- (4) In accordance with Article 8 of Council Directive 90/426/EEC of 26 June 1990 on animal health conditions governing the movement and imports from third countries of equidae ⁽⁶⁾, as last amended by the Act of Accession of Austria, Finland and Sweden, equidae intended for intra-Community trade must be accompanied by a veterinary document.
- (5) Registered equidae must be accompanied by a veterinary attestation as provided for in Annex B of Directive 90/426/EEC, which does not disclose the place of destination. Equidae for breeding, production and slaughter must be accompanied by a health certificate as provided for in Annex C of that Directive, which allows controlling the movement of such animals from the place of dispatch to the place of destination.

⁽⁵⁾ OJ L 315, 26.11.1985, p. 11.

⁽⁶⁾ OJ L 224, 18.8.1990, p. 42.

- (6) Furthermore, in accordance with Article 6 of Directive 90/426/EEC certain Member States have implemented alternative control instruments and granted one another derogations from the requirement of veterinary certification for registered equidae.
- (7) The disease situation in certain parts of the Community requires reinforcing the control measures for foot-and-mouth disease taken by Member States by adopting, in close cooperation with the Member States, additional Community protective measures, notably those related to controlled movement of equidae from areas under restrictions to other Member States.
- (8) Therefore, it appears necessary to adapt the measures laid down in Decision 2001/172/EC to the current disease situation by amending this Decision for the second time.
- (9) The situation shall be reviewed at the meeting of the Standing Veterinary Committee scheduled for 20 March 2001 and the measures adapted where necessary.
- (10) The measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

A fifth paragraph is added to Article 11a of Decision 2001/172/EC as follows:

'5. The United Kingdom shall ensure that equidae dispatched from its territory to another Member State are accompanied by an animal health certificate in accordance with the model in Annex C of Directive 90/426/EEC, which shall only be issued for equidae that for the past 15 days prior to certification have not been in a protection and surveillance zone established in accordance with Article 9 of Directive 85/511/EEC.'

Article 2

Member States shall amend the measures which they apply to trade so as to bring them into compliance with this Decision. They shall immediately inform the Commission thereof.
