**COMMISSION REGULATION (EC) No 2029/2001  
of 16 October 2001**

**setting export refunds on products processed from fruit and vegetables other than those granted  
for added sugar**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

resulting from agreements concluded in accordance with Article 300 of the Treaty.

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2201/96 of 28 October 1996 on the common organisation of the market in products processed from fruit and vegetables <sup>(1)</sup>, as last amended by Regulation (EC) No 2699/2000 <sup>(2)</sup>, and in particular Article 16(3),

Whereas:

(1) Commission Regulation (EC) No 1429/95 <sup>(3)</sup>, as last amended by Regulation (EC) No 1962/2001 <sup>(4)</sup>, sets implementing rules for export refunds on products processed from fruit and vegetables.

(2) Article 16(1) of Regulation (EC) No 2201/96 states that, to the extent necessary to permit exports in economically significant quantities of the products referred to in Article 1(1)(a) of that Regulation, on the basis of prices for those products in international trade, the difference between those prices and prices in the Community may be covered by export refunds; Article 18(4) of Regulation (EC) No 2201/96 provides that, if the refund on sugar incorporated into the products listed in Article 1(1) is insufficient to allow export of the products, the refund fixed in accordance with Article 17 is to be applicable to those products.

(3) Article 17(2) of Regulation (EC) No 2201/96 states that refunds must be fixed with regard to the existing situation and outlook for prices for products processed from fruit and vegetables on the Community market and supply availability, on the one hand, and prices in international trade on the other hand. Account must also be taken of the costs indicated at (b) in that paragraph and of the economic aspect of the envisaged exports.

(4) Refunds are, pursuant to Article 16(1) of Regulation (EC) No 2201/96, to be set with due regard to the limits

(5) Article 17(3) of Regulation (EC) No 2201/96 states that prices on the Community market are to be determined taking account of those most favourable from the exportation standpoint; whereas international trade prices are to be determined account taken of the prices indicated in the second subparagraph of that paragraph.

(6) The international trade situation or the special requirements of certain markets may make it necessary to vary the refund on a given product depending on the destination of that product.

(7) Economically significant exports can be made at the present time of provisionally preserved cherries, peeled tomatoes, preserved cherries, prepared hazelnuts and some orange juices.

(8) Application of the rules mentioned above to the present and forecast market situation, in particular to prices of products processed from fruit and vegetables in the Community and in international trade, leads to the refund rates set in the Annex hereto.

(9) Pursuant to Article 16(2) of Regulation (EC) No 2201/96, the most efficient possible use should be made of the resources available without creating discrimination between traders. Therefore, care should be taken not to disturb the trade flows previously induced by the refund arrangements.

(10) Commission Regulation (EEC) No 3846/87 <sup>(5)</sup>, as last amended by Regulation (EC) No 1502/2001 <sup>(6)</sup>, establishes an agricultural product nomenclature for export refunds.

(11) Commission Regulation (EC) No 1291/2000 <sup>(7)</sup> lays down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products.

## COMMISSION DECISION

of 16 October 2001

**amending Council Decision 79/542/EEC drawing up a list of third countries from which the Member States authorise imports of bovine animals, swine, equidae, sheep and goats, fresh meat and meat products, in particular in relation to New Caledonia and the Islands of St Pierre and Miquelon**

(notified under document number C(2001) 3080)

(Text with EEA relevance)

(2001/731/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 72/462/EEC of 12 December 1972 on health and veterinary inspection problems upon importation of bovine, ovine and caprine animals and swine, fresh meat or meat products from third countries <sup>(1)</sup>, as last amended by Directive 97/79/EC <sup>(2)</sup>, and in particular Article 3 thereof,

Whereas:

- (1) Council Decision 79/542/EEC <sup>(3)</sup>, as last amended by Commission Decision 2001/117/EC <sup>(4)</sup>, draws up a list of third countries from which the Member States authorise imports of bovine animals, swine, equidae, sheep and goats, fresh meat and meat products.
- (2) It is opportune to clarify, with regard to the listing of countries in relation to the different species of live animals covered by the Decision, that the authorisation to import is conditional upon the existence for these countries and for such live animals of Community harmonised health conditions and veterinary certification, laid down in Community legislation under the provisions of Articles 8 and 11 of Council Directive 72/462/EEC. Therefore, it is necessary for transparency that only imports from those countries where harmonised rules have been laid down shall be mentioned in part 1 of the Annex to Decision 79/542/EEC as being authorised.
- (3) Following Community veterinary missions, it appears that New Caledonia and the Islands of St Pierre and Miquelon are covered by sufficiently well-structured and organised veterinary services.
- (4) New Caledonia has during the last 12 months been free from foot-and-mouth disease and rinderpest; no vaccinations have been carried out against any of these diseases for the past 12 months, and the importation of animals vaccinated against foot-and-mouth disease is forbidden.
- (5) New Caledonia can be included on the list of third countries from which Member States authorise the imports of meat from wild animals and can also be

listed for fresh meat and meat products of bovine animals.

- (6) The equine health situation is satisfactorily controlled by the veterinary services of St Pierre and Miquelon and, in particular, the country has been free from African horse sickness and Venezuelan equine encephalomyelitis for more than two years, and from dourine and glanders for more than six months.
- (7) St Pierre and Miquelon can be listed for equidae.
- (8) Since the adoption of Commission Decision 2001/611/EC of 20 July 2001 amending Decision 92/160/EEC with regard to the regionalisation of Mexico, amending Decisions 92/260/EEC, 93/195/EEC, 93/196/EEC and 93/197/EEC with regard to imports of equidae from Mexico and repealing Decisions 95/392/EC and 96/486/EC <sup>(5)</sup>, Member States may again authorise imports of certain categories of equidae from certain areas in Mexico. However, a reference to the regionalisation and to the prohibition on imports of equidae for slaughter was omitted in Decision 79/542/EEC, and this should be clarified.
- (9) Countries appearing in the list being identified according to the ISO codes used by the Community legislation for the nomenclature of countries and territories for the external trade, the provisional status of such codes should be specified whenever appropriate.
- (10) The Annex to Decision 79/542/EEC should be amended accordingly.
- (11) The measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:
