Article 4

General rules on importation and marketing

Unless otherwise provided for in this Agreement, importation and marketing shall be conducted in compliance with the laws and regulations applying in the territory of the Contracting Party concerned.

TITLE I

OENOLOGICAL PRACTICES AND PROCESSES AND PRODUCT SPECIFICATIONS

Article 5

Mutual recognition

1. The Community shall authorise the importation into the Community and the marketing in its territory for direct human consumption of all wines originating in South Africa and produced in accordance with one or more of the oenological practices or processes, compositional and other product specifications as referred to in point 1 of Annex I and in the Protocol.

2. South Africa shall authorise the importation into South Africa and the marketing in its territory for direct human consumption of all wines originating in the Community and produced in accordance with one or more of the oenological practices or processes, compositional and other product specifications as referred to in point 2 to Annex I and in the Protocol.

Article 6

New oenological practices — safeguard provisions

1. If one Contracting Party authorises for its wines an oenological practice or process which is not authorised by the other Contracting Party by virtue of Article 5, it may make a request to the other Contracting Party for authorisation. In this case, the Party making the request shall place at the disposal of the other Contracting Party an appropriate dossier including the information necessary for the evaluation of the request.

2. A request in accordance with paragraph 1 shall be evaluated in particular in terms of the following criteria:

- (a) requirements for protection of human health,
- (b) requirements for consumer protection,

(c) rules of good oenological practice, and in particular the requirement that the oenological practice or process in question does not involve an unacceptable change in the composition of the wine treated or a deterioration in the organoleptic characteristics thereof, and

(d) the adequacy of the requesting Contracting Party's internal regulations concerned.

3. Within a period of twelve months from the submission of the dossier referred to in paragraph 1, the Contracting Parties shall mutually decide whether, and subject to what prescriptions, the oenological practice or process in question can be included in Annex I or whether a supplementary evaluation period is necessary.

4. In the event that the Contracting Parties are unable to agree on what constitutes safe and acceptable oenological practices, the dispute settlement procedure set out in Article 23 may be invoked by either Contracting Party.

5. The Contracting Party to which the request for authorisation was made, having fulfilled the procedural requirements referred to in paragraphs 3 and 4, may refuse the authorisation if the dispute settlement body referred to in Article 23 has made a ruling that the oenological practice or process is not in conformity with the requirements referred to in paragraph 2.

6. Paragraphs 1 to 5 shall also apply in cases where one Contracting Party:

(a) requests the other Party to render less restrictive the prescriptions for an oenological practice or process referred to in Annex I, or

(b) intends, on other than health grounds, to prohibit an oenological practice or process or to render more restrictive the prescriptions for an oenological practice or process referred to in Annex I.

7. Where a Contracting Party as a result of new information or of a reassessment of existing information has detailed grounds for establishing that an authorised oenological practice or process or a compositional and another product specification as referred to in Article 5 endangers human health, it may temporarily suspend the authorisation or restrict the prescriptions regarding this practice or process listed in Annex I or in the Protocol. The other Contracting Party shall be informed of this at least four weeks before the suspension or restriction takes effect with an indication of the reasons which justify this decision. When the gravity of the danger so justifies, the suspension or restriction can be decided with immediate effect. In this case, the other Contracting Party shall be informed immediately with an indication of the reasons.

8. Where paragraph 7 is invoked, consultations between the Contracting Parties shall take place as soon as possible and in any event within two months, with a view to taking the appropriate measures as mutually decided. These measures may take the form of modifications to Annex I or to the Protocol. In the event that the Contracting Parties are unable to reach a decision, the dispute settlement procedure set out in Article 23 may be invoked by either Contracting Party.

9. The provisions of paragraph 4 shall apply without prejudice to the rights of the Contracting Parties under the WTO Agreement. However, during the evaluation period referred to in paragraph 3 or the dispute settlement procedure referred to in Article 23, the Parties waive their rights to rely on the relevant provisions of the WTO Agreement on consultations and dispute settlement.

TITLE II

RECIPROCAL PROTECTION OF WINE NAMES AND RELATED PROVISIONS ON DESCRIPTION AND PRESENTATION

Article 7

Principles

1. The Contracting Parties shall ensure, in accordance with this Agreement, the reciprocal protection of the names referred to in Article 8 which are used for the identification of wines originating in the territories of the Contracting Parties. For this purpose, each Contracting Party shall provide the appropriate legal means to ensure effective protection.

2. The protected names:

(a) with regard to Community names:

(i) are exclusively reserved in South Africa to the wines originating in the Community to which they apply, and

(ii) may not be used otherwise than under the conditions laid down in the laws and regulations of the Community;

(b) with regard to South African names:

(i) are exclusively reserved in the Community to the wines originating in South Africa to which they apply, and

(ii) may not be used otherwise than under the conditions laid down in the laws and regulations of South Africa.

3. The protection provided for in this Agreement shall prohibit in particular any use of indications protected by virtue of this Agreement for wines which are not originating in the geographical area indicated, even when:

- (a) the true origin of the wine is indicated;
- (b) the geographical indication is used in translation;
- (c) the indications are accompanied by expressions such as 'kind', 'type', 'style', 'imitation', 'method' or the like.

4. In the case of homonymous geographical indications:

- (a) where such indications protected by virtue of this Agreement are homonymous, protection shall be granted to each indication, provided it has been used traditionally and consistently and the consumer is not misled as to the true origin of the wine;
- (b) where such indications protected by virtue of this Agreement are homonymous with the name of a geographical area outside the territory of the Parties, the latter name may be used to describe and present a wine produced in the geographical area to which the name refers, provided the name is traditionally and consistently used, its use for that purpose is regulated by the country of origin and consumers are not misled into believing that the wine originates in the territory of the Party concerned.

5. The Contracting Parties may determine the practical conditions of use under which the homonymous names referred to in paragraph 4 will be differentiated from each other, taking into account the need to ensure equitable treatment of the producers concerned and that consumers are not misled.

6. The provisions of this Agreement shall in no way prejudice the right of any person to use, in the course of trade, their name or the name of their predecessor in business, except where such name is used in such a manner as to mislead consumers.

7. Nothing in this Agreement shall oblige a Contracting Party to protect a name of the other Contracting Party which is not or ceases to be protected in its country of origin or which has fallen into disuse in that country.

8. At the request of either of the two Parties, the Joint Committee referred to in Article 19 shall examine the cases to be settled on the basis of exchanged registers of South Africa and the Community and its Member States.

On the basis of this examination, the Parties shall agree not later than 30 September 2002 that:

- (a) a settlement has to be decided for a case if:
 - (i) a trademark of a product of one Party is identical with, or similar to a geographical indication or other name of the other Party protected under this Agreement, and

- (ii) the use of such trademarks of a product is misleading to the public as to the true place of origin of that product;

or

- (b) the case is to be considered as non-conflictual.

Where point (a) applies, the Parties shall agree on elimination and allow for a reasonable transitional period where coexistence is possible.

Article 8

Protected names

Without prejudice to Article 9 and the Protocol the following names are protected with regard to wines:

- (a) originating in the Community:
 - (i) references to the name of the Member State in which the wines originates,
 - (ii) the geographical indications referred to in Annex II;
- (b) originating in South Africa:
 - (i) the name 'South Africa' or other names used to indicate this country,
 - (ii) the geographical indications referred to in Annex II.

Article 9

Transitional provisions regarding port and sherry and related trademarks

Notwithstanding the protection provided for in Articles 7 and 8, the Contracting Parties agree to implement the provisions regarding Port and Sherry referred to in Annex X to the TDC Agreement which is comprehensive for all products currently using the 'Port' and 'Sherry' names.

Article 10

Exports

Without prejudice to Article 9, the Contracting Parties shall take the measures necessary to ensure that, in cases where wines originating in the Contracting Parties are exported and marketed outside of their territories, the protected names of one Contracting Party referred to in Article 8 are not used to describe and present a wine originating in the other Contracting Party.

*Article 11***Extension of protection**

To the extent that the relevant legislation of each Contracting Party so allows, the benefit of the protection given by this Agreement shall be extended to natural and legal persons, bodies corporate and to federations, associations and organisations of producers, traders or consumers whose headquarters are in the other Contracting Party.

*Article 12***Enforcement**

1. If the appropriate competent body designated in accordance with Article 16 becomes aware that the description or presentation of a wine, particularly on labels or in official or commercial documents or in advertising, is in breach of this Agreement, the Contracting Parties shall apply the necessary administrative measures and/or initiate legal proceedings as appropriate in order to combat unfair competition or to prevent in any other way the improper use of a protected name.

2. The measures and proceedings laid down in paragraph 1 shall be taken in particular in the following cases:

- (a) where the translation of descriptions provided for by Community or South African legislation into the language or languages of the other Contracting Party results in the appearance of a word which is liable to be misleading as to the origin, nature or quality of the wine thus described or presented;
- (b) where descriptions, trade marks, names, inscriptions or illustrations which directly or indirectly give false or misleading information as to the provenance, origin, nature, vine variety or material qualities of the wine appear on containers or packaging, in advertising, or in official or commercial documents relating to wines whose names are protected under this Agreement;
- (c) where, for packaging, containers are used which are misleading as to the origin of wines.

3. Paragraphs 1 and 2 shall be without prejudice to the possibilities of the persons and entities referred to in Article 11 to take appropriate actions in the Contracting Parties, including recourse to the courts.

*Article 13***Other internal legislation and international agreements**

Unless otherwise agreed between the Contracting Parties, this Agreement shall not preclude any more extensive protection afforded, now or in the future, to names protected by this

Agreement, by the Contracting Parties under their internal legislation or other international agreements.

TITLE III

IMPORT CERTIFICATION REQUIREMENTS*Article 14***Certification documents and analysis report**

1. The Contracting Parties shall authorise the importation in their respective territories of wines in accordance with the rules governing the import certification documents and analysis reports as provided for in the Protocol.

2. Subject to Article 15, each Contracting Party agrees not to submit the import of wine originating in the territory of the other Contracting Party to more restrictive import certification requirements than any of those introduced by this Agreement.

*Article 15***Safeguard provisions**

1. The Contracting Parties reserve the right to introduce temporary additional import certification requirements in response to legitimate public policy concerns, such as health or consumer protection or in order to act against fraud. In this case, the other Contracting Party shall be given adequate information in sufficient time to permit the fulfilment of the additional requirements.

2. The Contracting Parties agree that such requirements shall not extend beyond the period of time necessary to respond to the particular public policy concern in response to which they were introduced.

TITLE IV

MUTUAL ASSISTANCE BETWEEN ENFORCEMENT AUTHORITIES*Article 16***Enforcement authorities**

1. Each Contracting Party shall designate the bodies to be responsible for the application of this Agreement. Where a Contracting Party designates more than one competent body, it shall ensure the coordination of the work of those bodies. For this purpose, a single liaison authority shall be designated.

2. The Contracting Parties shall inform one another of the names and addresses of the bodies and authorities referred to in paragraph 1 not later than two months after this Agreement comes into force. There shall be close and direct cooperation between those bodies.

3. The bodies and authorities referred to in paragraph 1 shall seek ways of improving assistance to each other in the application of this Agreement in order to combat fraudulent practices.

Article 17

Infringement

1. If one of the bodies or authorities designated in accordance with Article 16 has reason to suspect that:

- (a) a wine being or having been traded between South Africa and the Community, does not comply with this Agreement or with provisions laid down in the laws and regulations of the Contracting Parties, and
- (b) this non-compliance is of particular interest to the other Contracting Party and could result in administrative measures or legal proceedings being taken,

it shall immediately inform the competent bodies and the liaison authority of the other Contracting Party.

2. The information to be provided in accordance with paragraph 1 shall be accompanied by official, commercial or other appropriate documents. There should also be an indication of what administrative measures or legal proceedings may, if necessary, be taken. PROTOCOL

THE CONTRACTING PARTIES HEREBY AGREE AS FOLLOWS:

- I. In relation to Article 2 of the Agreement, the product called 'Retsina' originating in the Community and produced in accordance with the Community rules shall be regarded, for the purpose of importing and marketing in South Africa, as 'grape-based alcoholic beverage' in terms of South African legislation. The normal import duties and other internal taxes applicable in South Africa on 'grape-based alcoholic beverage' shall apply.
- II. Without prejudice to the definition of the term 'originating' referred to in Article 3(a) of the Agreement, the Agreement also applies to wines falling under heading 2204 of the Harmonised System which are produced in South Africa from wines of different geographical origins provided that at least 85 % of the grapes used to produce the wine were harvested in South Africa. The Community shall authorise the import and marketing of these wines on its territory subject to the relevant labelling rules laid down under Community legislation and in accordance with point X of the protocol.
- III. Pursuant to the definition of 'vine varieties' referred to in Article 3(k) of the Agreement, the Contracting Parties agree to prohibit the import and marketing of wine obtained from the following varieties:
 - Clinton
 - Herbemont
 - Isabelle
 - Jacquez
 - Noah
 - Othello.
- IV. Pursuant to Article 4, the Contracting Parties agree, without prejudice to any more restrictive internal legislation, to allow the use of the name of a vine variety, or, where applicable, of a synonym, to describe and present a wine, even where the names of more than a single vine variety are used for the same wine, only under the following conditions:
 - (a) at least 85 % of the wine shall be obtained, after deduction of the quantity of the products used for possible sweetening, from the variety quoted;
 - (b) in the case where more than one variety is quoted, the wine shall be obtained, after deduction of the quantity of the products used for possible sweetening, from these varieties provided there is a minimum of 20 % of any named variety and the varieties be named in descending order of proportion;
 - (c) where the name of the variety or its synonym is composed of several words, such composite name or synonym shall be printed on the label, without the interposition of any other information, in uniform letters of the same size on one or more lines;
 - (d) the name shall not be used in such a manner as to mislead consumers on the origin of the wine. For this purpose the Contracting Parties may determine the practical conditions under which a name may be used.
- V. Pursuant to Article 4, the Contracting Parties agree to allow the use of a geographical indication to describe and present a wine only if the wine is wholly obtained from grapes harvested in this geographical unit. However, as regards a limited number of well demarcated and restricted production areas, the name of such an area may be used provided at least 85 % of the wine concerned is obtained from grapes harvested in that area.

- VI. Pursuant to Article 5(1) of the Agreement, the Community shall authorise, on a provisional basis until admission of this practice by the International Vine and Wine Organisation (OIV), the import and the marketing on its territory of wines originating in South Africa treated with dimethyl dicarbonate for stabilisation purposes under conditions laid down in South African rules. In the case of non-admission within a period of three years by the OIV, the authorisation shall be withdrawn after a transitional period of one further year.

FINAL ACT

The Plenipotentiaries,

of the EUROPEAN COMMUNITY

and

of the REPUBLIC OF SOUTH AFRICA

meeting at Paarl on 28 January 2002 for the signature of the Agreement between the European Community and the Republic of South Africa on trade in wine,

have adopted the Joint Declarations mentioned below and attached to this Final Act:

- Joint Declaration on the production of wine from non-*Vitis vinifera* varieties,
- Joint Declaration on the partial removal of volatile acidity through reverse osmosis processes,
- Joint declaration on Community assistance for the restructuring of the South African wines and spirits sector referred to in point 6 of Annex X to the TDC Agreement,
- Joint declaration on Article 9 of the Agreement,
- Joint declaration on the exchange of registers,
- Joint declaration;

and have taken note of the Declarations mentioned below and annexed to this Final Act:

- Declaration by South Africa on Article 8 of the Agreement,
- Declaration by South Africa on the use of sucrose, concentrated grape must or rectified concentrated grape must referred to in Annex I, point 2(32), to the Agreement,
- Declaration by the Community on the use of sucrose, concentrated grape must or rectified concentrated grape must referred to in Annex I, point 2(32), to the Agreement,
- Declaration by the Community on the use of vine variety names for describing South African wines,
- Declaration by the Community on blended South African wines,
- Declaration by the Community on 'Retsina'.

Done at Paarl, 28 January 2002.

JOINT DECLARATION**on the production of wine from non-*Vitis vinifera* varieties**

The Parties agree to put on the agenda of the first meeting of the Joint Committee referred to in Article 19 of the Agreement the question of vine varieties not belonging to the species *Vitis vinifera* aimed at identifying, on the basis of objective criteria and in addition to the varieties listed in Point III to the Protocol, those varieties which are not suitable, or alternatively, suitable for the production of wine.

JOINT DECLARATION**on the partial removal of volatile acidity through reverse osmosis processes**

South Africa agrees to use reverse osmosis based processes for the partial removal of volatile acidity only on an experimental basis until the OIV investigations in this regard have been completed and their resolutions have been published. However, the wine produced on an experimental basis shall not be exported to the Community. Thereafter, the conditions for the future use of these processes will be agreed between South Africa and the Community following the procedure laid down in Article 6 of the Agreement. Further, if the Community accepts this practice for use in producing wine in the Community, the Community is willing to include this practice in Annex I of the Agreement.

JOINT DECLARATION**on Community assistance for the restructuring of the South African wines and spirits sector referred to in point 6 of Annex X to the TDC Agreement**

The Parties agree that the South African Department of Trade and Industry will prepare the terms of reference and request resources from the Community Delegation in Pretoria for recruiting technical assistance to formulate a programme for the use of the EUR 15 millions set aside for the restructuring of their wines and spirit industry. The financial support for an agreed programme could take the shape of a targeted sector support programme if the South African Government so wishes.

JOINT DECLARATION**on Article 9 of the Agreement**

The Parties understand the provisions regarding Port and Sherry that the starting date of the transitional periods referred to in points 2 and 4 of the Attachment to Annex X to the TDC Agreement is 1 January 2000.

JOINT DECLARATION**on the exchange of registers**

Both Parties consider that the obligation stipulated in Article 7(8) of the Agreement to proceed to the examination of trade-marks before 30 September 2002 on the basis of an exchange of registers necessarily requires the European Community and South Africa to communicate the registers within a time-limit which enables Article 7(8) to be implemented.

JOINT DECLARATION

The Parties agree to call as soon as possible a Joint Committee referred to in Article 19 of the Agreement to consider all the technical issues raised during the last rounds of negotiations for which one of the Parties has expressed some concerns, and in particular the following issues:

1. The use of non-*Vitis vinifera* varieties,
2. Sulphur dioxide limits for certain wines originating in the Community,
3. Analysis of gas pressure for sparkling and semi-sparkling (perlé) wines,
4. Rules of the description and presentation of wines,
5. Addition of concentrated grape must or rectified concentrated grape must to increase the natural alcoholic strength of grapes, grape must or wine for South African wines.
6. Partial concentration by physical processes, including reverse osmosis, to increase the natural alcoholic strength of grape must or wine for South African wines.

DECLARATION BY SOUTH AFRICA

on Article 8 of the Agreement

South Africa hereby declares that it maintains its position in principle that the majority of names of Member States of the Community can not be protected as geographical indications in terms of the TRIPs Agreement.

DECLARATION BY SOUTH AFRICA

on the use of sucrose, concentrated grape must or rectified concentrated grape must referred to in Annex I, point 2(32) to the Agreement

South Africa agrees to allow the use of sucrose, concentrated grape must or rectified concentrated grape must for Community wines marketed in South Africa in order to increase the natural alcoholic strength of grapes, grape must or wine, under the condition that these additions will only be made in terms of the Community Regulations that apply on the date of the commencement of the Agreement.

DECLARATION BY THE COMMUNITY

on the use of sucrose, concentrated grape must or rectified concentrated grape must referred to in Annex I, point 2(32) to the Agreement

The Community takes note of the South African position on the use of sucrose, concentrated grape must or rectified grape must but has to reaffirm its right to amend the present system on an autonomous basis.

DECLARATION BY THE COMMUNITY

on the use of vine variety names for describing South African wines

The Commission of the European Community agrees to amend Annex IV to Commission Regulation (EEC) No 3201/90, not later than three months after the Agreement comes into force, to replace the vine variety names in point 1 'SOUTH AFRICA' by the following names which are currently approved in South Africa:

DECLARATION BY THE COMMUNITY**on blended South African wines**

The Community declares that until the specific implementing rules for labelling third country wines produced by blending different geographical origins are adopted, the Community shall authorise the import and marketing of wines referred to in point II of the Protocol to the Agreement provided the term 'Mixture of wine from South Africa and other countries' appears on the main label in lettering which is clear, legible, indelible and sufficiently large and clearly distinguishable from all other writing and designs on the label.

DECLARATION BY THE COMMUNITY**on 'Retsina'**

1. The Community considers that for the purpose of securing protection on the South African market, the importers of Community 'Retsina' in South Africa should register the name 'Retsina' as a certification trade-mark under South African law.
 2. In the light of this action, the Community will request under the appropriate procedures that 'Retsina' be included in the duty free tariff quota, which has been established on the South African market for wines originating in the EC.

hereinafter referred to as 'South Africa',

hereinafter referred to as 'the Contracting Parties',

RECOGNISING that the Contracting Parties have different internal requirements and definitions for spirits that should not be prejudiced by this Agreement,

RECALLING their obligations as parties to the Agreement establishing the World Trade Organisation (hereinafter referred to as the 'WTO Agreement'), and in particular the provisions of the Agreement on the Trade Related Aspects of Intellectual Property Rights (hereinafter referred to as 'the TRIPs Agreement'),

*Article 2***Scope and coverage**

This Agreement applies to spirits falling under heading 2208 of the International Convention on the Harmonised Commodity, Description and Coding System ('Harmonised System'), done at Brussels on 14 June 1983, which are produced in such a manner that they conform to the applicable legislation regulating the production of a particular type of spirit in the territory of a Contracting Party.

*Article 3***Definitions**

- (b) 'geographical indication' means an indication, including an 'Appellation of Origin', as defined in Article 22(1) of the TRIPs Agreement, which is recognised in the laws and regulations of a Contracting Party for the purpose of the identification of a spirit originating in the territory of that Contracting Party;
- (c) 'homonymous' means the same geographical indication or an indication so similar as to be likely to cause confusion, to denote different places, procedures or things;
- (d) 'description' means the words used to describe spirits on a label, or on the documents accompanying the transport of spirits, on commercial documents, particularly invoices and delivery notes, and in advertising, and 'describe' has a similar meaning;
- (e) 'labelling' means all descriptions and other references, signs, designs, geographical indications or trade marks which distinguish spirits and which appear on the container, including its sealing device or the tag attached to the container and the sheathing covering the neck of bottles;
- (f) 'Member State' means a Member State of the Community;
- (g) 'presentation' means the words or signs used on containers, including their closure, on the labelling and the packaging;

TITLE I

RECIPROCAL PROTECTION OF SPIRITS NAMES AND RELATED PROVISIONS ON DESCRIPTION AND PRESENTATION*Article 5***Principles**

1. The Contracting Parties shall ensure, in accordance with this Agreement, the reciprocal protection of the names referred to in Article 6 which are used for the identification of spirits originating in the territories of the Contracting Parties. For this purpose, each Contracting Party shall provide the appropriate legal means to ensure effective protection.

2. The protected names:

(a) with regard to Community names:

- (i) are exclusively reserved in South Africa to the spirits originating in the Community to which they apply, and
- (ii) may not be used otherwise than under the conditions laid down in the laws and regulations of the Community;

(b) with regard to South African names:

- (i) are exclusively reserved in the Community to the spirits originating in South Africa to which they apply, and
- (ii) may not be used otherwise than under the conditions laid down in the laws and regulations of South Africa.

3. The protection provided for in this Agreement shall prohibit in particular any use of indications protected by virtue of this Agreement for spirits which are not originating in the geographical area indicated, even when:

- (a) the true origin of the spirits is indicated;
- (b) the geographical indication is used in translation;
- (c) the indications are accompanied by expressions such as 'kind', 'type', 'style', 'imitation', 'method' or the like.

4. In the case of homonymous geographical indications:

- (a) where such indications protected by virtue of this Agreement are homonymous, protection shall be granted to each indication, provided it has been used traditionally and consistently and the consumer is not misled as to the true origin of the spirits;
- (b) where such indications protected by virtue of this Agreement are homonymous with the name of a geographical area outside the territory of the Parties, the latter name may be used to describe and present spirits produced in the geographical area to which the name refers, provided the name is traditionally and consistently used, its use for that purpose is regulated by the country of origin and consumers are not misled into believing that the spirit originates in the territory of the Party concerned.

5. The Contracting Parties may determine the practical conditions of use under which the homonymous names referred to in paragraph 4 will be differentiated from each other, taking into account the need to ensure equitable treatment of the producers concerned and that consumers are not misled.

6. The provisions of this Agreement shall in no way prejudice the right of any person to use, in the course of trade, their name or the name of their predecessor in business, except where such name is used in such a manner as to mislead consumers.

7. Nothing in this Agreement shall oblige a Contracting Party to protect a name of the other Contracting Party which is not or ceases to be protected in its country of origin or which has fallen into disuse in that country.

8. At the request of either of the two Parties, the Joint Committee referred to in Article 17 shall examine the cases to be settled on the basis of exchanged registers of South Africa and the Community and its Member States.

On the basis of this examination, the Parties shall agree not later than 30 September 2002 that:

- (a) a settlement has to be decided for a case if:

- (i) a trademark of a product of one Party is identical with, or similar to a geographical indication or other name of the other Party protected under this Agreement, and

- (ii) the use of such trademarks of a product is misleading to the public as to the true place of origin of that product;

or

- (b) the case is to be considered as non-conflictual.

Where point (a) applies, the Parties shall agree on elimination and allow for a reasonable transitional period where coexistence is possible.

Article 6

Protected names

The following names are protected with regard to spirits:

- (a) originating in the Community:
 - (i) references to the name of the Member State in which the spirits originates,
 - (ii) the geographical indications referred to in the Annex,
 - (iii) the specific denominations 'Grappa', 'Ouzo/Oùzo', 'Korn', 'Kornbrand', 'Jägertee', 'Jagertee', 'Jagatee' and 'Pacharan';
- (b) originating in South Africa:
 - (i) the name 'South Africa' or other names used to indicate this country,
 - (ii) the geographical indications referred to in the Annex.

Article 7

Transitional provisions regarding certain specific denominations

Notwithstanding the protection provided for in Articles 5 and 6, the Contracting Parties agree that, after a transitional period of 5 years, the denominations referred to in Article 6(a)(iii) will not be used to denominate any spirits produced in South Africa and the only products authorised to be sold under those denominations on the South African market will be those originating in the Community. This undertaking, including the verification of third country imports which it implies, will be implemented on a mutual understanding that the principle of the protection of such spirit denominations conforms to TRIPs rules.

*Article 8***Exports**

The Contracting Parties shall take the measures necessary to ensure that, in cases where spirits originating in the Contracting Parties are exported and marketed outside of their territories, the protected names of one Contracting Party referred to in Article 6 are not used to describe and present spirits originating in the other Contracting Party.

*Article 9***Extension of protection**

To the extent that the relevant legislation of each Contracting Party so allows, the benefit of the protection given by this Agreement shall be extended to natural and legal persons, bodies corporate and to federations, associations and organisations of producers, traders or consumers whose headquarters are in the other Contracting Party.

*Article 10***Enforcement**

1. If the appropriate competent body designated in accordance with Article 14 becomes aware that the description or presentation of spirits, particularly on labels or in official or commercial documents or in advertising, is in breach of this Agreement, the Contracting Parties shall apply the necessary administrative measures and/or initiate legal proceedings as appropriate in order to combat unfair competition or to prevent in any other way the improper use of a protected name.

2. The measures and proceedings laid down in paragraph 1 shall be taken in particular in the following cases:

- (a) where the translation of descriptions provided for by Community or South African legislation into the language or languages of the other Contracting Party results in the appearance of a word which is liable to be misleading as to the origin, nature or quality of the spirits thus described or presented;
- (b) where descriptions, trade marks, names, inscriptions or illustrations which directly or indirectly give false or misleading information as to the provenance, origin, nature, vine variety or material qualities of spirits appear on containers or packaging, in advertising, or in official or commercial documents relating to spirits whose names are protected under this Agreement;
- (c) where, for packaging, containers are used which are misleading as to the origin of spirits.

3. Paragraphs 1 and 2 shall be without prejudice to the possibilities of the persons and entities referred to in Article 9 to take appropriate actions in the Contracting Parties, including recourse to the courts.

*Article 11***Other internal legislation and international agreements**

Unless otherwise agreed between the Contracting Parties, this Agreement shall not preclude any more extensive protection afforded, now or in the future, to names protected by this Agreement, by the Contracting Parties under their internal legislation or other international agreements.

TITLE II

IMPORT CERTIFICATION REQUIREMENTS*Article 12***Certification documents and analysis report**

South Africa shall authorise the importation in its territory of spirits in accordance with the rules governing the import certification documents and analysis reports as provided for in its internal legislation.

*Article 13***Safeguard provisions**

1. The Contracting Parties reserve the right to introduce temporary additional import certification requirements in response to legitimate public policy concerns, such as health or consumer protection or in order to act against fraud. In this case, the other Contracting Party shall be given adequate information in sufficient time to permit the fulfilment of the additional requirements.

2. The Contracting Parties agree that such requirements shall not extend beyond the period of time necessary to respond to the particular public policy concern in response to which they were introduced.

TITLE III

MUTUAL ASSISTANCE BETWEEN ENFORCEMENT AUTHORITIES*Article 14***Enforcement authorities**

1. Each Contracting Party shall designate the bodies to be responsible for the application of this Agreement. Where a Contracting Party designates more than one competent body, it shall ensure the coordination of the work of those bodies. For this purpose, a single liaison authority shall be designated.

2. The Contracting Parties shall inform one another of the names and addresses of the bodies and authorities referred to in paragraph 1 not later than two months after this Agreement comes into force. There shall be close and direct cooperation between those bodies.

3. The bodies and authorities referred to in paragraph 1 shall seek ways of improving assistance to each other in the application of this Agreement in order to combat fraudulent practices.

Article 15

Infringement

1. If one of the bodies or authorities designated in accordance with Article 14 has reason to suspect that:

- (a) spirits being or having been traded between South Africa and the Community, does not comply with this Agreement or with provisions laid down in the laws and regulations of the Contracting Parties; and
- (b) this non-compliance is of particular interest to the other Contracting Party and could result in administrative measures or legal proceedings being taken;

it shall immediately inform the competent bodies and the liaison authority of the other Contracting Party.

2. The information to be provided in accordance with paragraph 1 shall be accompanied by official, commercial or other appropriate documents. There should also be an indication of what administrative measures or legal proceedings may, if necessary, be taken. The information shall include, in particular, the following details of the spirits concerned:

- (a) the producer and the person who has power of disposal over these spirits;
- (b) the composition of these spirits;
- (c) the description and presentation of these spirits; and

(d) inform each other of legislative measures, administrative measures and judicial decisions concerning the application of this Agreement and inform each other of measures adopted on the basis of such decisions.

Article 17

Joint Committee

1. A Joint Committee shall be established, consisting of representatives of the Community and South Africa. It shall meet at the request of one of the Contracting Parties and in accordance with the requirements for implementing the Agreement alternately in the Community and in South Africa convened at a time and place mutually determined by the Contracting Parties.

2. The Joint Committee shall see to the proper functioning of this Agreement and shall examine all questions which may arise in implementing it.

*Article 20***Failure to comply**

4. If, following the consultations provided for in paragraphs 1 and 3, the Contracting Parties have not reached agreement:

- (a) the Contracting Party which requested the consultations or which took the measures referred to in paragraph 3 may take appropriate protective measures so as to permit the proper application of this Agreement;

2. Within the framework of this Agreement, either of the Contracting Parties may put forward suggestions for widening the scope of their cooperation, taking into account the experience gained in its application.

3. South Africa recognises the importance that the Community attaches to its system of protection of 'traditional expressions'. The Community recognises that South Africa has fundamental concerns about the nature, scope and applicability of this system. The Contracting Parties agree to continue to work together on this issue in the context of the Wine and the Spirits Agreements bearing in mind the future outcome of multilateral negotiations in this area. The Contracting Parties agree to examine the objective, principles and application to certain specific cases of a system that would apply to the Parties. Any agreement arising out of this provision will be incorporated in this Agreement.

have adopted the Joint Declarations mentioned below and attached to this Final Act:

- Joint Declaration on the definitions referred to in Article 3,
- Joint Declaration on certification and analysis referred to in Article 12,
- Joint Declaration on bottle sizes and on the alcoholic strengths of spirits,

and have taken note of the Declaration mentioned below and annexed to this Final Act:

- Declaration by South Africa on the protection of country names referred to in Article 6.

Done at Paarl, 28 January 2002.

JOINT DECLARATION**on the definitions referred to in Article 3**

The Contracting Parties hereby declare that the terms 'produced entirely' and 'the entire distillation and maturation process' which appear in the definitions in Article 3(a) and (i) of the Agreement do not refer to the origin of the raw materials used in the production of a spirit drink.

JOINT DECLARATION**on certification and analysis referred to in Article 12**

The Contracting Parties hereby declare that the following parameters are subject to the analysis provided for under South Africa's rules on spirit import certification procedures:

1. Spirits other than those referred to points 2 and 3:
 - % of alcoholic strength by volume,
 - content of methyl alcohol per hectolitre of 100 % vol alcohol,
 - quantity of volatile substances per hectolitre of 100 % vol alcohol.
2. Blended whisky:
 - % of alcoholic strength by volume,
 - content of methyl alcohol per hectolitre of 100 % vol alcohol,

JOINT DECLARATION**on bottle sizes and on the alcoholic strengths of spirits**

The Contracting Parties hereby declare that bottle sizes and minimum alcoholic strengths by volume for release for human consumption of spirit drinks should not unnecessarily burden exporters in both Contracting Parties. They further declare that they will encourage further harmonisation.

JOINT DECLARATION**on the exchange of registers**

Both parties consider that the obligation stipulated in Article 5(8) of the Agreement to proceed to the examination of trade-marks before 30 September 2002 on the basis of an exchange of registers necessarily requires the European Community and South Africa to communicate the registers within a time-limit which enables Article 5(8) to be implemented.

DECLARATION BY SOUTH AFRICA**on the protection of country names referred to in Article 6**

South Africa hereby declares that it maintains its position in principle that the majority of names of Member States of the Community cannot be protected as geographical indications in terms of the TRIPs Agreement.

Paarl, 28 January 2002

Sir,

I refer to the Agreement between the European Community and the Republic of South Africa on trade in wine signed on 28 January 2002 and to the Agreement on Trade, Development and Cooperation between the European Community and its Member States, of the one part, and the Republic of South Africa, of the other part, the latter hereinafter being referred to as 'the TDC Agreement'.

In accordance with the understanding reached 'ad referendum' on 25 July 2001, concluding the negotiations for the Wine and Spirits Agreements, the TDC Agreement as applied provisionally since 1 January 2000 shall be amended as follows:

1. The last section of list 6 of Annex IV to the TDC Agreement shall read as follows:

'From the entry into force of the Agreement, the European Community will provide a duty free quota for bottled wines of 33,6 million litres. This amount will be adjusted by 5 % to a total of 35,3 million litres from 1 January 2002. However, in order to compensate for the fact that the quota was not opened in 2000 and 2001, the corresponding amount of 67,2 million litres will be added to the quota over a period of ten years, raising the total annual volume to 42,02 million litres for the years 2002 to 2011.'
