**COUNCIL REGULATION (EC) No 1905/2005****of 14 November 2005****amending Regulation (EC) No 297/95 on fees payable to the European Medicines Agency**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 297/95 of 10 February 1995 on fees payable to the European Agency for the Evaluation of Medicinal Products <sup>(1)</sup>, and in particular Article 12 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament <sup>(2)</sup>,

Whereas:

(1) Article 67(3) of Regulation (EC) No 726/2004 of the European Parliament and of the Council of 31 March 2004 laying down Community procedures for the authorisation, supervision and surveillance of medicinal products for human and veterinary use and establishing a European Medicines Agency <sup>(3)</sup>, stipulates that the revenue of the European Medicines Agency (hereinafter referred to as the Agency) shall consist of a contribution from the Community and fees paid by undertakings for obtaining and maintaining Community marketing authorisations and for other services provided by the Agency.

(2) Regulation (EC) No 726/2004 also provides for new tasks for the Agency. Furthermore, the existing tasks

have also been changed following amendments to Directive 2001/82/EC of the European Parliament and of the Council of 6 November 2001 on the Community code relating to veterinary medicinal products <sup>(4)</sup> and to Directive 2001/83/EC of the European Parliament and of the Council of 6 November 2001 on the Community code relating to medicinal products for human use <sup>(5)</sup>.

(3) In view of the experience gained since 1995, it is appropriate to maintain the general principles and overall structure of the fees, as well as the main operational and procedural provisions established by Regulation (EC) No 297/95. In particular, the calculation of the level of fees charged by the Agency should be based on the principle of the service actually provided and should be related to specific medicinal products. The proportionality between the fees and the assessment related costs of each application, as well as the provision of the service requested, should also be ensured.

(4) Regulation (EC) No 726/2004 lays down provisions for new post-authorisation activities to be carried out by the Agency. These tasks include the recording of the actual marketing of medicinal products authorised in accordance with Community procedures, the maintenance of marketing authorisation dossiers and of the various databases managed by the Agency, as well as the continuous follow-up of the risk-benefit balance of authorised medicinal products. In addition, it is necessary to reduce the Agency's dependence on fees related to new applications. The annual fee should therefore be increased by 10 % to accommodate those changes.

(5) New categories of fees have to be created to cover new, specific tasks now provided by the Agency, such as new types of scientific opinions related to a medicinal product.

<sup>(1)</sup> OJ L 35, 15.2.1995, p. 1. Regulation as last amended by Commission Regulation (EC) No 494/2003 (OJ L 73, 19.3.2003, p. 6).

<sup>(2)</sup> Not yet published in the Official Journal.

<sup>(3)</sup> OJ L 136, 30.4.2004, p. 1.

<sup>(4)</sup> OJ L 311, 28.11.2001, p. 1. Directive as last amended by Directive 2004/28/EC (OJ L 136, 30.4.2004, p. 58).

<sup>(5)</sup> OJ L 311, 28.11.2001, p. 67. Directive as last amended by Directive 2004/27/EC (OJ L 136, 30.4.2004, p. 34).

- (6) The Management Board of the Agency should be competent to specify provisions necessary for the application of this Regulation, on a proposal from the Executive Director and following a favourable opinion from the Commission. In particular, since the levels of fees laid down in this Regulation are set as maximum fees, the Management Board should establish, for certain services for which this is laid down in the Regulation, detailed classifications and lists of reduced fees.
- (7) The Executive Director should also keep the competence to decide, in exceptional circumstances, on reductions of the fees, in particular as regards certain cases related to specific medicinal products and where a reduction is necessary for imperative reasons of public or animal health. Likewise, the Executive Director should have the possibility to decide on exemptions from the obligation to pay a fee in the case of medicinal products for the treatment of rare diseases, for the treatment of diseases affecting minor animal species and for the addition of animal species in the case of the determination of maximum residue limits in accordance with the procedure laid down in Council Regulation (EEC) No 2377/90 of 26 June 1990 laying down a Community procedure for the establishment of maximum residue limits of veterinary medicinal products in foodstuffs of animal origin <sup>(1)</sup>.
- (8) In accordance with Article 70(2) of Regulation (EC) No 726/2004, the circumstances under which small and medium-sized enterprises may pay reduced fees, defer payment of the fee or receive administrative assistance are not to be covered by this Regulation.
- (9) In order to allow an immediate budgetisation, the fees should be due on the date of validation but should be payable within a certain number of days.
- (10) Provisions should be laid down to report on the implementation of this Regulation after experience has been gained and to review, if necessary, the level of the fees.
- (11) It is appropriate to include an indexation mechanism for automatically adjusting the fees in relation to official inflation rates indices.
- (12) For the sake of consistency, this Regulation should apply at the same time as the full entering into force of Regu-

lation (EC) No 726/2004. It should not apply to valid applications pending at the time of its application.

- (13) Regulation (EC) No 297/95 should therefore be amended accordingly,

## COMMISSION DECISION

of 15 November 2005

### amending Annexes I and II to Decision 2002/308/EC establishing lists of approved zones and approved farms with regard to one or more of the fish diseases viral haemorrhagic septicaemia (VHS) and infectious haematopoietic necrosis (IHN)

(notified under document number C(2005) 4394)

(Text with EEA relevance)

(2005/813/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 91/67/EEC of 28 January 1991 concerning the animal health conditions governing the placing on the market of aquaculture animals and products <sup>(1)</sup>, and in particular Articles 5 and 6 thereof,

Whereas:

(1) Commission Decision 2002/308/EC <sup>(2)</sup> establishes the lists of approved zones and approved fish farms situated in non-approved zones with regard to certain fish diseases.

(2) Italy has submitted the justifications for obtaining the status of approved zones, with regard to viral haemorrhagic septicaemia (VHS) and infectious haematopoietic necrosis (IHN), for certain zones in its territory. The documentation provided shows that those zones meet the requirements of Article 5 of Directive 91/67/EEC. They therefore qualify for the status of approved zones and should be added to the list of approved zones.

(3) Finland has submitted the justifications for obtaining the status of approved zones, with regard to viral haemorrhagic septicaemia (VHS) and infectious haematopoietic necrosis (IHN), for those parts of its territory not covered

by the special eradication measures implemented following the VHS outbreaks in certain coastal areas. Following a meeting between the Commission services and representatives from Finland on 5 July 2005, Finland withdrew the application with regard to VHS-freedom in the coastal areas. The documentation provided shows that with respect to IHN the entire territory, and with respect to VHS, the continental parts of the territory of Finland meets the requirements of Article 5 of Directive 91/67/EEC. These parts of Finland therefore qualifies for the status of approved zones for VHS and IHN and should be added to the list of approved zone.

(4) As the sources of some of the water catchment areas in Finland are in Russia, Finland should maintain a high level of surveillance in those water catchment areas in accordance with the programme approved by Commission Decision 2003/634/EC <sup>(3)</sup>, after approved status has been granted.

(5) Austria, France, Germany and Italy have submitted the justifications for obtaining the status of approved farms in non-approved zones, with regard to VHS and IHN, for certain farms in their territory. The documentation provided shows that those farms meet the requirements of Article 6 of Directive 91/67/EEC. They therefore qualify for the status of approved farms in a non-approved zone and should be added to the list of approved farms.

(6) Italy has notified the presence of IHN in two farms previously considered free of that disease. However, the farms remain free from VHS. Those farms should therefore no longer appear in Decision 2002/308/EC as free of IHN.

<sup>(1)</sup> OJ L 46, 19.2.1991, p. 1. Directive as last amended by Regulation (EC) No 806/2003 (OJ L 122, 16.5.2003, p. 1).

<sup>(2)</sup> OJ L 106, 23.4.2002, p. 28. Decision as last amended by Decision 2005/475/EC (OJ L 176, 8.7.2005, p. 30).

<sup>(3)</sup> OJ L 220, 3.9.2003, p. 8. Decision as last amended by Decision 2005/770/EC (OJ L 291, 5.11.2005, p. 33).

(7) Decision 2002/308/EC should therefore be amended accordingly.

(8) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

2. Annex II is replaced by the text in Annex II to this Decision.

*Article 2*

This Decision is addressed to the Member States.

HAS ADOPTED THIS DECISION:

Done at Brussels, 15 November 2005.

*Article 1*

Decision 2002/308/EC is amended as follows:

1. Annex I is replaced by the text in Annex I to this Decision;

## COMMISSION DECISION

of 18 November 2005

**adopting Community import decisions for certain chemicals pursuant to Regulation (EC) No 304/2003 of the European Parliament and of the Council and amending Decision 2000/657/EC**

(Text with EEA relevance)

(2005/814/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Regulation (EC) No 304/2003 of the European Parliament and of the Council of 28 January 2003 concerning the export and import of dangerous chemicals <sup>(1)</sup>, and in particular the first subparagraph of Article 12(1) thereof,After consulting the Committee established by Article 29 of Council Directive 67/548/EEC of 27 June 1967 on the approximation of laws, regulations and administrative provisions relating to the classification, packaging and labelling of dangerous substances <sup>(2)</sup>,

Whereas:

- (1) Under Regulation (EC) No 304/2003 the Commission is required to decide on behalf of the Community, whether or not to permit the import into the Community of each chemical subject to the Prior Informed Consent (PIC) procedure.
- (2) The United Nations Environment Programme (UNEP) and the Food and Agriculture Organization (FAO) have been appointed to provide secretariat services for the operation of the PIC procedure established by the Rotterdam Convention on the Prior Informed Consent (PIC) procedure for certain hazardous chemicals and pesticides in international trade; the Convention was approved, on behalf of the Community, by Council Decision 2003/106/EC <sup>(3)</sup>.
- (3) The Commission, acting as common designated authority, is required to forward decisions on chemicals to the Secretariat of the Convention, on behalf of the Community and its Member States.

(4) The chemicals tetraethyl lead and tetramethyl lead have been added to the PIC procedure, as industrial chemicals. The Commission has received information about both chemicals in the form of a single decision guidance document. Both chemicals are severely restricted at Community level since their use as anti-knock agents in petrol is effectively banned, subject to minor exemptions, by Directive 98/70/EC of the European Parliament and of the Council of 13 October 1998 relating to the quality of petrol and diesel fuels and amending Council Directive 93/12/EEC <sup>(4)</sup>. An import decision should therefore be taken accordingly.

(5) The chemical parathion has also been added to the PIC procedure, as a pesticide, for which the Commission has received information from the Secretariat in the form of a decision guidance document.

(6) Parathion falls within the scope of Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market <sup>(5)</sup>. By Commission Decision 2001/520/EC of 9 July 2001 concerning the non-inclusion of parathion in Annex I to Council Directive 91/414/EEC and the withdrawal of authorisations for plant protection products containing this active substance <sup>(6)</sup>, parathion was excluded from Annex I to Directive 91/414/EEC and authorisations for plant protection products containing it had to be withdrawn by 8 January 2002. Parathion had previously been included in the interim PIC procedure to the extent that certain severely hazardous pesticide formulations containing parathion were listed in Annex III to the Convention, which was reflected in the response form set out in the Annex to Commission Decision 2000/657/EC of 16 October 2000 adopting Community import decisions for certain chemicals pursuant to Council Regulation (EEC) No 2455/92 concerning the export and import of certain dangerous chemicals <sup>(7)</sup>. The entry for parathion in Annex III to the Convention needs to be replaced by an entry covering parathion in all its forms. A new import decision should therefore be taken.

<sup>(1)</sup> OJ L 63, 6.3.2003, p. 1. Regulation as last amended by Commission Regulation (EC) No 775/2004 (OJ L 123, 27.4.2004, p. 27).

<sup>(2)</sup> OJ 196, 16.8.1967, p. 1. Directive as last amended by Commission Directive 2004/73/EC (OJ L 152, 30.4.2004, p. 1).

<sup>(3)</sup> OJ L 63, 6.3.2003, p. 27.

<sup>(4)</sup> OJ L 350, 28.12.1998, p. 58. Directive as last amended by Regulation (EC) No 1882/2003 of the European Parliament and of the Council (OJ L 284, 31.10.2003, p. 1).

<sup>(5)</sup> OJ L 230, 19.8.1991, p. 1. Directive as last amended by Commission Directive 2005/34/EC (OJ L 125, 18.5.2005, p. 5).

<sup>(6)</sup> OJ L 187, 10.7.2001, p. 47.

<sup>(7)</sup> OJ L 275, 27.10.2000, p. 44. Decision as last amended by Decision 2005/416/EC (OJ L 147, 10.6.2005, p. 1).

- (7) Decision 2000/657/EC should therefore be amended accordingly,

HAS DECIDED AS FOLLOWS:

*Article 1*

1. The decision on the import of the chemical tetraethyl lead, as set out on the form for importing country responses in Annex I, is adopted.

2. The decision on the import of the chemical tetramethyl lead, as set out on the form for importing country responses in Annex II, is adopted.

*Article 2*

The decision on the import of parathion as set out in the Annex to Decision 2000/657/EC is replaced by the import decision set out on the form for importing country responses in Annex III to this Decision.

Done at Brussels, 18 November 2005.
