COMMISSION REGULATION (EC) No 1010/2009**of 22 October 2009****laying down detailed rules for the implementation of Council Regulation (EC) No 1005/2008 establishing a Community system to prevent, deter and eliminate illegal, unreported and unregulated fishing**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

be set out in accordance with Articles 6(1), 8(3) and 49(1) of Regulation (EC) No 1005/2008.

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1005/2008 of 29 September 2008 establishing a Community system to prevent, deter and eliminate illegal, unreported and unregulated fishing ⁽¹⁾, and in particular Articles 6(3), 8(3), 9(1), 12(4), 12(5), 13(1), 16(1), 16(3), 17(3), 20(4), 49(1), 52 thereof,

After consulting the European Data Protection Supervisor,

Whereas:

- (1) Regulation (EC) No 1005/2008 provides for the adoption of detailed rules and measures to implement the provisions it sets out.
- (2) In accordance with Articles 6(3) and 16(1) of Regulation (EC) No 1005/2008 the period of three working days set out for the prior notification of landings or transshipments in port and for the submission of catch certificates before the estimated time of arrival of fishery products at the place of entry into the territory of the Community may be modified in the light of certain factors. These factors include: the type of fishery product; the distance between the fishing ground, landing places and ports where the vessels in question are registered or listed; the distance to the place of entry into the territory of the Community; the transport means used. Fresh fishery products and consignments arriving by air, road or rail require a shorter period than three working days.
- (3) Consistency should be ensured in documents transmitted in relation to prior notification of landings and transshipments, landing and transshipment declarations and sighting reports. For that reason formats for these must

- (4) Article 9(1) and Article 17(3) of Regulation (EC) No 1005/2008 provide that Member States shall carry out port inspections of at least 5 % of landing and transshipment operations by third country fishing vessels as well as verifications deemed necessary to ensure that the provisions of the Regulation are correctly applied, in accordance with benchmarks determined on the basis of risk management and on the basis of national or Community risk management criteria. It is appropriate to lay down common risk management criteria for checking, inspection and verification activities in order to allow timely risk analyses and global assessments of relevant control information. The common criteria aim at ensuring a harmonised approach to inspection and verification in all Member States and to establish a level playing field for all operators.

- (5) Article 52 of Regulation (EC) No 1005/2008 provides that measures necessary for implementing the provisions of that Regulation are to be adopted in accordance with the Committee procedure. Given the fact that the Community should take account of possible capacity constraints for the proper implementation of the certification scheme, it is deemed necessary to adapt the scheme for some fishery products obtained by small fishing vessels, introducing the possibility of a simplified catch certificate. In the absence of a general definition of small scale fisheries certain specific criteria should be laid down under which the validation of a simplified catch certificate may be requested by the exporter. These criteria should take account in the first instance of the limited capacity of the fishing vessels concerned, in relation to which the obligation to apply the standard catch certification scheme would constitute a disproportionate burden.

- (6) Article 13(1) of Regulation (EC) No 1005/2008 provides for the recognition of catch documentation schemes agreed and in force in the framework of regional fisheries management organisations (hereinafter referred to as RFMO) in so far as they comply with the requirements of the Regulation. Some of these schemes can be recognised as complying with the requirements of Regulation (EC) No 1005/2008, while others are subject to additional conditions.

⁽¹⁾ OJ L 286, 29.10.2008, p. 1.

- (7) Economic operators who fulfil the conditions for obtaining the status of approved economic operator should be able to benefit from a simplified procedure when importing fishery products into the territory of the Community. It is necessary to establish common conditions in all Member States for the granting, amendment or withdrawal of approved economic operators' certificates, or for suspension or revocation of the status of approved economic operator, and rules on the application for and issuing of approved economic operators' certificates.
- (8) Article 12(4) of Regulation (EC) No 1005/2008 provides for an administrative cooperation between the Commission and third countries in areas pertaining to the implementation of the catch certification provisions. Within the framework of Article 20(4) of Regulation (EC) No 1005/2008, the catch certificate may be established, validated or submitted by electronic means or may be replaced by electronic traceability systems ensuring the same level of control by authorities, in agreement with flag States. These administrative arrangements with flag States shall be regularly updated and Member States and the public shall be informed in due time.
- (9) According to Article 51(2) of Regulation (EC) No 1005/2008 a system shall be established for mutual assistance between the Member States, with third countries and the Commission. Such administrative cooperation is essential to ensure that the Community catch certification scheme can be applied properly and that IUU fishing is properly investigated and sanctioned. Rules should therefore be drawn up for a systematic exchange of information either on request or spontaneously, and for the possibility to request enforcement measures and administrative notification by another Member State. Practical procedures should be laid down for exchanging information and requesting assistance. However, these provisions are not such as to affect the application in the Member States of rules on judicial cooperation in criminal cases.
- (10) The protection of individuals with regard to the processing of personal data by the Member States is governed by Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data ⁽¹⁾. The protection of individuals with regard to the processing of personal data by the Commission is governed by Regulation (EC) No 45/2001 of the European Parliament and of the Council of

18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data ⁽²⁾, in particular as regards to the requirements of confidentiality and security of processing, the transfer of personal data from the national systems of Member States to the Commission, the lawfulness of processing, and the rights of data subjects to information, access to and rectification of their personal data.

- (11) Annex I of Regulation (EC) No 1005/2008, which lists the products excluded from the definition of 'fishery products', may be reviewed annually in accordance with Article 12(5), on the basis of information gathered under Chapters II, III, IV, V, VIII, X and XII. Hence, on the basis of the information gathered under the cooperation provided for in Article 20(4), Annex I shall be amended accordingly.
- (12) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fisheries and Aquaculture,

HAS ADOPTED THIS REGULATION:

Having regard to Council Regulation (EC) No 1290/2005 of 21 June 2005 on the financing of the common agricultural policy ⁽¹⁾, and in particular Article 3(3) thereof,

Whereas:

(1) Article 4(1)(d) of Commission Regulation (EC) No 884/2006 of 21 June 2006 laying down detailed rules for the application of Council Regulation (EC) No 1290/2005 as regards the financing by the European Agricultural Guarantee Fund (EAGF) of intervention measures in the form of public storage operations and the accounting of public storage operations by the paying agencies of the Member States ⁽²⁾ provides, in the context of public storage operations, for the financing of the depreciation of the products stored in public intervention.

(2) Points 1, 2 and 3 of Annex VIII to Regulation (EC) No 884/2006 lay down the method for calculating the depreciation. The depreciation percentage at the time of the buying-in of the agricultural products must not exceed the difference between the buying-in price and the foreseeable disposal price for each of these products. That percentage must be fixed for each product before the beginning of each accounting year. The Commission may also restrict the depreciation at the time of buying-in to a fraction of this depreciation percentage, but that fraction may not be less than 70 % of the overall depreciation.

(3) Coefficients for certain products to be applied by the intervention agencies to the monthly buying-in values of those products in the 2010 accounting year should therefore be fixed, to enable the agencies to establish the depreciation amounts.

(4) The measures provided for in this Regulation are in accordance with the opinion of the Committee on the Agricultural Funds,

HAS ADOPTED THIS REGULATION:

Article 1

In respect of the products listed in the Annex hereto which, having been bought in by public intervention, are stored or taken over by the intervention agencies between 1 October 2009 and 30 September 2010, the intervention agencies shall apply to the values of the products bought in every month the depreciation coefficients set out in the Annex.

Article 2

The expenditure amounts, calculated by taking account of the depreciation referred to in Article 1 of this Regulation, shall be notified to the Commission under the declarations established in accordance with Commission Regulation (EC) No 883/2006 ⁽³⁾.

Article 3

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

It shall apply from 1 October 2009.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 1012/2009

of 26 October 2009

fixing the interest rates to be used for calculating the costs of financing intervention measures comprising buying-in, storage and disposal for the 2010 EAGF accounting year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1290/2005 of 21 June 2005 on the financing of the common agricultural policy ⁽¹⁾, and in particular Article 3(3) thereof,

Whereas:

(1) Article 4(1)(a) of Commission Regulation (EC) No 884/2006 of 21 June 2006 laying down detailed rules for the application of Council Regulation (EC) No 1290/2005 as regards the financing by the European Agricultural Guarantee Fund (EAGF) of intervention measures in the form of public storage operations and the accounting of public storage operations by the paying agencies of the Member States ⁽²⁾ provides that expenditure relating to the financial costs incurred by Member States in mobilising funds to buy in products is to be determined in accordance with the methods set out in Annex IV to that Regulation on the basis of a uniform interest rate for the Community.

(2) The uniform interest rate for the Community is the average of the three-month and twelve-month forward Euribor rates recorded in the six months preceding the notification from the Member States provided for in point I.1 of Annex IV to Regulation (EC) No 884/2006, with a weighting of one third and two thirds respectively. That rate must be fixed at the beginning of each accounting year of the European Agricultural Guarantee Fund (EAGF).

(3) However, if the interest rate notified by a Member State is lower than the uniform interest rate fixed for the Community, in accordance with the second subparagraph of point I.2 of Annex IV to Regulation (EC) No 884/2006 a specific interest rate is fixed for that Member State.

(4) Furthermore, in accordance with the third subparagraph of point I.2 of Annex IV to Regulation (EC) No 884/2006, in the absence of any notification from a

Member State, in the form and by the deadline mentioned in the first subparagraph, the interest rate borne by that Member State shall be considered to be 0 %. In the situation where a Member State declares that it did not bear any interest costs because it did not have agricultural products in public storage during the reference period, the uniform interest rate fixed by the Commission applies to that Member State. Denmark, Latvia, Luxembourg, Malta, Portugal and Romania have declared that they did not bear any interest costs as they did not have any agricultural products in public storage during the reference period.

(5) Given the Member States' notifications to the Commission, the interest rates applicable for the 2010 EAGF accounting year should be fixed taking the various factors into account.

(6) The measures provided for in this Regulation are in accordance with the opinion of the Committee on the Agricultural Funds,

HAS ADOPTED THIS REGULATION:

Article 1

For expenditure relating to the financial costs incurred by Member States in mobilising funds to buy in products chargeable to the 2010 accounting year of the European Agricultural Guarantee Fund (EAGF), the interest rates provided for in Annex IV to Regulation (EC) No 884/2006 in accordance with Article 4(1)(a) of that Regulation shall be:

(a) 0,0 % in the case of the specific interest rate applicable in Cyprus and Estonia;

(b) 0,5 % in the case of the specific interest rate applicable in Germany and Finland;

(c) 0,6 % in the case of the specific interest rate applicable in Ireland, Italy and Sweden;

(d) 1,0 % in the case of the specific interest rate applicable in Austria;

⁽¹⁾ OJ L 209, 11.8.2005, p. 1.

⁽²⁾ OJ L 171, 23.6.2006, p. 35.

- (e) 1,1 % in the case of the specific interest rate applicable in Belgium;
- (f) 1,5 % in the case of the uniform interest rate for the Community applicable to the other Member States.

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Union*.

It shall apply from 1 October 2009.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EC) No 1013/2009**of 26 October 2009****amending and correcting Regulation (EC) No 2535/2001 laying down detailed rules for applying Council Regulation (EC) No 1255/1999 as regards the import arrangements for milk and milk products and opening tariff quotas**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation) ⁽¹⁾, and in particular Articles 134, 144(1) and 192, in conjunction with Article 4 thereof,

Whereas:

(1) Article 19(3) of Commission Regulation (EC) No 2535/2001 ⁽²⁾ requires the importers to indicate certain elements on the composition of the cheeses, imported under the quotas referred to in Article 5 of that Regulation, in the import declaration. Consequently the competent authorities of the Member States have to notify the actual composition of certain cheeses, in case that certain contents exceed those referred to in Annex XIII to that Regulation. Although the information provided for in these notifications is useful, it is not indispensable for the market management. It is therefore appropriate, with a view on simplification and to alleviate the administrative burden on traders and national administrations, to delete Article 19(3) as well as Annex XIII to that Regulation.

(2) Article 14(1)(a) of Regulation (EC) No 2535/2001 provides, as a general rule, that licence applications for imports during the period from 1 January to 30 June, under the quotas referred to under Chapter I of Title 2, may be lodged only from 20 to 30 November of the preceding year. For imports of butter from New Zealand as referred to in Article 34 of that Regulation, Article 34a(3) provides for the first 10 days of November to lodge licence applications for imports during the period from 1 January to 30 June and Article 35a(2) provides for a deadline for the communication from the Member States of the names and the addresses of the applicants, which takes account of the period set out in Article 34a(3). With a view on harmonisation and simplification, it is appropriate to extend the general rule to import licence applications for the New Zealand butter quota. Articles 34a and 35a should be amended accordingly.

(3) The text of paragraph 1 of Article 39 of Regulation (EC) No 2535/2001, which was erroneously skipped by Commission Regulation (EC) No 2020/2006 ⁽³⁾, amending Regulation (EC) No 2535/2001 should be reintroduced.

(4) Regulation (EC) No 2535/2001 should therefore be amended and corrected accordingly.

(5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for the Common Organisation of Agricultural Markets,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EC) No 2535/2001 is amended as follows:

1. paragraph 3 of Article 19 is deleted;
2. paragraph 3 of Article 34a is replaced by the following:

‘3. Licence applications may be lodged only in the periods set out in Article 14(1).’;
3. Article 35a is amended as follows:

(a) paragraph 1 is replaced by the following text:

‘1. At the latest on the fifth working day following the end of the period for lodging applications, Member States shall notify the Commission of the applications lodged for each of the products concerned.’;

(b) in paragraph 2 the second subparagraph is replaced by the following:

‘At the latest on the fifth working day following the end of the period for lodging applications, the Member States shall also communicate to the Commission the names and the addresses of the applicants, broken down by quota number. This notification shall be made by electronic means using the form made available to the Member States by the Commission.’;

'Article 39

1. For the purpose of monitoring quantities of New Zealand butter, account shall be taken of all quantities for which declarations of release for free circulation have been accepted during the quota period concerned.

2. Member States shall notify the Commission, by 31 January following the end of a given quota year, of the definitive monthly quantities and the total quantity for that quota year of products for which declarations of release for

free circulation have been accepted under the tariff quota referred to in paragraph 1 during the previous quota year.

3. The monthly communications shall be made by the 10th of the month following that during which the declarations of release for free circulation are accepted.';

DIRECTIVES

DIRECTIVE 2009/123/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

of 21 October 2009

amending Directive 2005/35/EC on ship-source pollution and on the introduction of penalties for infringements

(Text with EEA relevance)

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 80(2) thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Economic and Social Committee ⁽¹⁾,

After consulting the Committee of the Regions,

Acting in accordance with the procedure laid down in Article 251 of the Treaty ⁽²⁾,

Whereas:

(1) The purpose of Directive 2005/35/EC ⁽³⁾ and of this Directive is to approximate the definition of ship-source pollution offences committed by natural or legal persons, the scope of their liability and the criminal nature of penalties that can be imposed for such criminal offences by natural persons.

(2) On 23 October 2007 the Court of Justice of the European Communities annulled ⁽⁴⁾ Council Framework Decision 2005/667/JHA of 12 July 2005 to strengthen the criminal-law framework for the enforcement of the law against ship-source pollution ⁽⁵⁾, which had supplemented Directive 2005/35/EC with criminal-law measures. This Directive should fill the legal vacuum following the judgment.

(3) Criminal penalties, which demonstrate social disapproval of a different nature than administrative sanctions, strengthen compliance with the legislation on ship-source pollution in force and should be sufficiently severe to dissuade all potential polluters from any violation thereof.

(4) A consistent set of legislative measures has already been adopted at EU level to reinforce maritime safety and help prevent ship-source pollution. The legislation in question is addressed to flag States, ship owners and charterers, classification societies, port States and coastal States. The existing system of sanctions for illicit ship-source discharges of polluting substances, supplementing that legislation, needs to be further strengthened by the introduction of criminal penalties.

(5) Common rules on criminal penalties make it possible to use more effective methods of investigation and effective cooperation within and between Member States.

(6) The Member States should also apply effective, proportionate and dissuasive penalties to legal persons throughout the Community because frequently ship-source pollution offences are committed in the interest of legal persons or for their benefit.

(7) The applicability of Directive 2005/35/EC should not be subject to exceptions other than those set out in this Directive. Therefore, certain categories of natural and legal persons, such as cargo owners or classification societies should be included in the scope of that Directive.

(8) This Directive should oblige Member States to provide in their national legislation for criminal penalties in respect of those discharges of polluting substances to which this Directive applies. This Directive should not create obligations regarding the application of such penalties or any other available system of law enforcement, to individual cases.

⁽¹⁾ OJ C 77, 31.3.2009, p. 69.

⁽²⁾ Opinion of the European Parliament of 5 May 2009 (not yet published in the Official Journal) and Council Decision of 14 September 2009.

⁽³⁾ OJ L 255, 30.9.2005, p. 11.

⁽⁴⁾ Case C-440/05 Commission v Council, ECR [2007] I-9097.

⁽⁵⁾ OJ L 255, 30.9.2005, p. 164.

(9) Under this Directive, illicit ship-source discharges of polluting substances should be regarded as a criminal offence as long as they have been committed with intent, recklessly or with serious negligence and result in deterioration in the quality of water. Less serious cases of illicit ship-source discharges of polluting substances that do not cause deterioration in the quality of water need not be regarded as criminal offences. Under this Directive such discharges should be referred to as minor cases.

(10) Given the need to ensure a high level of safety and protection of the environment in the maritime transport sector, as well as the need to ensure the effectiveness of the principle whereby the polluting party pays for the damage caused to the environment, repeated minor cases, which do not individually but in conjunction result in deterioration in the quality of water, should be regarded as a criminal offence.

(11) This Directive is without prejudice to other liability systems for damage caused by ship-source pollution under Community, national or international law.

(12) Jurisdiction with regard to criminal offences should be established in accordance with the national law of Member States and in accordance with their obligations under international law.

(13) Member States should provide information to the Commission on the implementation of this Directive, in order to enable the Commission to evaluate its effect.

(14) Since the objectives of this Directive cannot be sufficiently achieved by the Member States acting alone, by reason of the cross-border damage which may be caused by the behaviour concerned, and, by reason of scale and effects of the proposed action, can therefore be better achieved at Community level, the Community may adopt measures, in accordance with the principle of subsidiarity, as set out in Article 5 of the Treaty. In accordance with the principle of proportionality, as set out in that Article, this Directive does not go beyond what is necessary in order to achieve those objectives.

(15) This Directive respects fundamental rights and complies with the principles recognised by Article 6 of the Treaty on European Union and reflected in the Charter of Fundamental Rights of the European Union.

(16) In accordance with point 34 of the Interinstitutional Agreement on better law-making⁽¹⁾, Member States are encouraged to draw up, for themselves and in the interest

of the Community, their own tables, illustrating, as far as possible, the correlation between this Directive and the transposition measures, and to make them public.

(17) Directive 2005/35/EC should therefore be amended accordingly,

HAVE ADOPTED THIS DIRECTIVE:

Article 1

Amendments to Directive 2005/35/EC

A separate subscription must be taken out for each language version.

In accordance with Council Regulation (EC) No 920/2005, published in Official Journal L 156 of 18 June 2005, the institutions of the European Union are temporarily not bound by the obligation to draft all acts in Irish and publish them in that language. Irish editions of the Official Journal are therefore sold separately.

Subscriptions to the Supplement to the Official Journal (S Series — tendering procedures for public contracts) cover all 23 official language versions on a single multilingual CD-ROM.

On request, subscribers to the *Official Journal of the European Union* can receive the various Annexes to the Official Journal. Subscribers are informed of the publication of Annexes by notices inserted in the *Official Journal of the European Union*.
