DIRECTIVES

COMMISSION DIRECTIVE 2010/38/EU

of 18 June 2010

amending Council Directive 91/414/EEC to include sulfuryl fluoride as active substance

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market ⁽¹⁾, and in particular Article 6(1) thereof,

Whereas:

(1) In accordance with Article 6(2) of Directive 91/414/EEC the United Kingdom received on 29 July 2002 an application from Dow AgroScience for the inclusion of the active substance sulfuryl fluoride in Annex I to Directive 91/414/EEC. Commission Decision 2004/131/EC ⁽²⁾ confirmed that the dossier was 'complete' in the sense that it could be considered as satisfying, in principle, the data and information requirements of Annexes II and III to Directive 91/414/EEC.

(2) For that active substance, the effects on human health and the environment have been assessed, in accordance with the provisions of Article 6(2) and (4) of Directive 91/414/EEC, for the uses proposed by the applicant. The rapporteur Member State submitted a draft assessment report on 29 October 2004.

(3) The assessment report was peer reviewed by the Member States and the European Food Safety Authority (EFSA) and presented to the Commission on 17 December 2009 ⁽³⁾. The draft review report was reviewed by the Member States and the Commission within the Standing Committee on the Food Chain and Animal Health and was finalised on 12 March 2010 in the format of the Commission review report for sulfuryl fluoride.

(4) It has appeared from the various examinations made that plant protection products containing sulfuryl fluoride may be expected to satisfy, in general, the requirements laid down in Article 5(1)(a) and (b) and Article 5(3) of Directive 91/414/EEC, in particular with regard to the uses which were examined and detailed in the Commission review report. It is therefore appropriate to include sulfuryl fluoride in Annex I to that Directive, in order to ensure that in all Member States the authorisations of plant protection products containing this active substance may be granted in accordance with the provisions of that Directive.

(5) Without prejudice to that conclusion, it is appropriate to obtain further information on certain specific points. Article 6(1) of Directive 91/414/EEC provides that the inclusion of a substance in Annex I may be subject to conditions. It is appropriate, as regards sulfuryl fluoride, to require that the notifier submit further information on milling processing conditions necessary to ensure that residues of fluoride ion in cereals do not exceed the natural background levels, on tropospheric concentrations of sulfuryl fluoride and on estimates of sulfuryl fluoride atmospheric lifetime.

(6) Without prejudice to the obligations defined by Directive 91/414/EEC as a consequence of including an active substance in Annex I, Member States should be allowed a period of 6 months after inclusion to review existing provisional authorisations of plant protection products containing sulfuryl fluoride to ensure that the requirements laid down by Directive 91/414/EEC, in particular in its Article 13 and the relevant conditions set out in Annex I, are satisfied. Member States should transform existing provisional authorisations into full authorisations, amend them or withdraw them in accordance with the provisions of Directive 91/414/EEC. By derogation from the above deadline, a longer period should be provided for the submission and assessment of the complete Annex III dossier of each plant protection product for each intended use in accordance with the uniform principles laid down in Directive 91/414/EEC.

⁽²⁾ OJ L 37, 10.2.2004, p. 34.

⁽³⁾ *The EFSA Journal* 2010; 8(1):1441. [66 pp.], Conclusion on the peer review of the pesticide risk assessment of the active substance sulfuryl fluoride (finalised: 17 December 2009).

(7) It is therefore appropriate to amend Directive 91/414/EEC accordingly.

- (8) The measures provided for in this Directive are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DIRECTIVE:

Article 1

Annex I to Directive 91/414/EEC is amended as set out in the Annex to this Directive.

Article 2

Member States shall adopt and publish by 28 February 2011 at the latest the laws, regulations and administrative provisions necessary to comply with this Directive. They shall forthwith communicate to the Commission the text of those provisions and a correlation table between those provisions and this Directive.

They shall apply those provisions from 1 March 2011.

When Member States adopt those provisions, they shall contain a reference to this Directive or shall be accompanied by such a reference on the occasion of their official publication. Member States shall determine how such reference is to be made.

Article 3

1. Member States shall in accordance with Directive 91/414/EEC, where necessary, amend or withdraw existing authorisations for plant protection products containing sulfuryl fluoride as active substance by 28 February 2011. By that date, they shall in particular verify that the conditions in Annex I to that Directive relating to sulfuryl fluoride are met, with the exception of those identified in part B of the entry concerning the active substance, and that the holder of the authorisation has, or has access to, a dossier satisfying the requirements of Annex II to that Directive in accordance with the conditions of Article 13(2) of that Directive.

2. By way of derogation from paragraph 1, for each authorised plant protection product containing sulfuryl fluoride as

either the only active substance or as one of several active substances all of which were listed in Annex I to Directive 91/414/EEC by 31 August 2010 at the latest, Member States shall re-evaluate the product in accordance with the uniform principles provided for in Annex VI to Directive 91/414/EEC, on the basis of a dossier satisfying the requirements of Annex III to that Directive and taking into account part B of the entry in Annex I to that Directive concerning sulfuryl fluoride. On the basis of that evaluation, they shall determine whether the product satisfies the conditions set out in Article 4(1)(b), (c), (d) and (e) of Directive 91/414/EEC.

Following that determination Member States shall:

- (a) in the case of a product containing sulfuryl fluoride as the only active substance, where necessary, amend or withdraw the authorisation by 29 February 2012 at the latest; or
- (b) in the case of a product containing sulfuryl fluoride as one of several active substances, where necessary, amend or withdraw the authorisation by 29 February 2012 or by the date fixed for such an amendment or withdrawal in the respective Directive or Directives which added the relevant substance or substances to Annex I to Directive 91/414/EEC, whichever is the latest.

Article 4

This Directive shall enter into force on 1 September 2010.

Article 5

This Directive is addressed to the Member States.

Done at Brussels, 18 June 2010.

The President

José Manuel BARROSO

COMMISSION DECISION

of 18 June 2010

exempting the Banque de France from the application of Regulation (EC) No 1060/2009 of the European Parliament and of the Council on credit rating agencies

(notified under document C(2010) 3853)

(Text with EEA relevance)

(2010/342/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies ⁽¹⁾, and in particular Article 2(4) thereof,

Having regard to the request submitted by France,

Whereas:

(1) On 27 November 2009, France submitted to the Commission a request pursuant to Article 2(4) of Regulation (EC) No 1060/2009 concerning the exemption of the credit ratings issued by the Banque de France from the application of Regulation (EC) No 1060/2009.

(2) The Banque de France is regulated in France by the 'Code monétaire et financier' as modified by Loi No 2008-776 of 4 August 2008 ⁽²⁾. Article L.141-6 of the 'Code monétaire et financier' allows the Banque de France to receive all necessary information from market participants to develop its essential functions. The 'Contrat de service public entre l'Etat et la Banque de France' ⁽³⁾ (hereafter 'the Contract'), renewed every 3 years, explicitly mentions the issuing of credit ratings by the Banque de France as one of the activities that the Banque de France is to ensure.

(3) The Banque de France has established its own code of conduct ⁽⁴⁾ (hereafter 'the Code') essentially based on the Code of Conduct Fundamentals for credit rating agencies issued by the International Organisation of Securities Commissions (IOSCO).

(4) Pursuant to point (d) of Article 2(2) of Regulation (EC) No 1060/2009 four elements need to be assessed in order to exempt the credit ratings produced by the Banque de France from the application of that Regulation:

(5) First, credit ratings may not be paid for by the rated entity. Point 1.3 of the Code provides that the Banque de France does not receive any remuneration from the rated entities with regard to the credit rating related to them and of which they are informed. Point 2.2 of the Code specifies that the users (credit institutions clients of the FIBEN — 'Fichier Bancaire des Entreprises') of the credit ratings are the ones paying for the service in accordance to a published rate.

(6) Second, credit ratings may not be disclosed to the public. Point 1.5 of the Code provides that the credit ratings are not to be made public. The access is legally restricted to certain categories of actors listed in the Code and which have to be identified by the Banque of France before having access to the credit rating.

(7) Third, credit ratings must be issued in accordance with the principles, standards and procedures which ensure the adequate integrity and independence of credit rating activities as provided for by Regulation (EC) No 1060/2009. The provisions of the 'Code monétaire et financier', in particular Articles L.142-9, and L.164-2 ensure that analysts and agents working in the Banque de France are bound by the professional secrecy principle and by rules on conflicts of interest included in the professional ethics rules and in the financial ethical code of the Banque de France approved by the Minister of 'l'Economie, des Finances et de l'Industrie'. Moreover, the staff regulations of the Banque de France contain provisions aiming explicitly to prevent the agents from being or from remaining in situations of conflict of interests. The Banque de France is subject to internal control mechanisms, being exercised by an Independent Ethics Officer and his staff in charge of checking the application of the ethical code or through the collegial structure which is fully incorporated into the organisation of the management of the Banque de France, which constitute an effective means to enforce the compliance with these rules on integrity and independence. As these requirements are embedded in law, sanctions can be imposed in case of non-compliance. In

addition, the Code establishes the necessary rules on procedures and sets the appropriate standards to ensure: (i) the integrity and quality of the credit rating process (including the formalisation of the decisional circuit, traceability of the decisions and quality control process), (ii) the relevant transparency and communication procedures (including rules of access to credit ratings, publication of the methods and evolution of the credit rating activities) and (iii) the measures to prevent any conflict of interest (including the due diligence to be observed by the analysts, the functioning of the national and regional rating committees).

- (8) Fourth, credit ratings must not relate to financial instruments issued by the respective central banks' Member States. Point 1.1 of the Code provides that the credit ratings produced by the Banque de France relate to non-financial firms. They relate to firms established in the French metropolitan territory and in the French 'départements d'Outre-Mer' covered by the 'Institut d'émission des départements d'outre-mer' (IEDOM). The Contract provides that the credit ratings produced by the Banque de France relate to firms. Therefore, the Banque de France does not issue credit ratings related to the public offering of financial instruments issued by the State of France, nor by other Member State.
- (9) In view of the factors examined in recitals 2 to 8, the conditions laid down in point (d) of Article 2(2) of Regulation (EC) No 1060/2009 can be considered to be met by the Banque de France in respect of the issuing of credit ratings.

(10) Therefore, Regulation (EC) No 1060/2009 should not apply to the issuing of credit ratings by the Banque de France.

(11) The measures provided for in this Decision are in accordance with the opinion of the European Securities Committee,

HAS ADOPTED THIS DECISION:

Article 1

The Banque de France falls within the scope of point (d) of Article 2(2) of Regulation (EC) No 1060/2009.

Regulation (EC) No 1060/2009 shall not apply to credit ratings issued by the Banque de France.

This Decision is addressed to the Member States.
