## COMMISSION REGULATION (EU) No 524/2011

of 26 May 2011

**amending Annexes II and III to Regulation (EC) No 396/2005 of the European Parliament and of the Council as regards maximum residue levels for biphenyl, deltamethrin, ethofumesate, isopyrazam, propiconazole, pymetrozine, pyrimethanil and tebuconazole in or on certain products**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 396/2005 of the European Parliament and of the Council of 23 February 2005 on maximum residue levels of pesticides in or on food and feed of plant and animal origin and amending Council Directive 91/414/EEC<sup>(1)</sup>, and in particular Article 14(1)(a) thereof,

Whereas:

(1) For deltamethrin, ethofumesate, propiconazole, pymetrozine and pyrimethanil maximum residue levels (MRLs) were set in Annex II and Part B of Annex III to Regulation (EC) No 396/2005. For tebuconazole, MRLs were set in Part A of Annex III to Regulation (EC) No 396/2005. For isopyrazam no MRLs were set before in any of the Annexes to Regulation (EC) No 396/2005, so the default value of 0.01 mg/kg applied. Up to now, for biphenyl no specific MRLs were set nor was the substance included in Annex IV to Regulation (EC) No 396/2005. Biphenyl was formerly used as a plant protection product. In accordance with Article 18(1)(b) Regulation (EC) No 396/2005 the default MRL of 0.01 mg/kg is to apply to all products listed in Annex I thereto.

(2) In the context of a procedure, in accordance with Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market<sup>(2)</sup>, for the authorisation of the use of a plant protection product containing the active substance pymetrozine on spinach, purslane and beet leaves an application was made under Article 6(1) of Regulation (EC) No 396/2005 for modification of the existing MRLs.

(3) As regards deltamethrin, such an application was made for the use on potatoes. As regards ethofumesate, such an application was made for the use in herbal infusions for leaves and flowers and thyme. As regards isopyrazam, such an application was made for the use on several cereals. As regards propiconazole, such an application was made for the use on table and wine grapes, and apples. As regards pyrimethanil, such an application was made for the use on peas with pods. As regards tebuconazole, such an application was made for the use on various citrus fruit.

(4) In accordance with Article 8 of Regulation (EC) No 396/2005, these applications were evaluated by the Member States concerned and the evaluation reports were forwarded to the Commission.

(5) As regards biphenyl, the Commission received information from Germany and business operators showing the presence of biphenyl on fresh herbs and herbal infusions containing pesticide residues higher than the default MRL. Germany submitted an evaluation report and informed that due to the ubiquitous presence of this substance from various sources it is impossible to produce herbs, tea rose hips, spices and herbal infusions containing residues of biphenyl complying with the MRL. Referring to the procedure described in Article 16(1) (a) of Regulation (EC) No 396/2005 Germany made an application for temporary MRLs to enable the placing on the market of the affected products.

(6) The European Food Safety Authority, hereinafter 'the Authority', assessed the applications and the evaluation reports, examining in particular the risks to the consumer and where relevant to animals and gave reasoned opinions on the proposed MRLs<sup>(3)</sup>. It forwarded these opinions to the Commission and the Member States and made them available to the public.

- (7) The Authority concluded in its reasoned opinions that all requirements with respect to data were met and that the modifications to the MRLs requested by the applicants were acceptable with regard to consumer safety on the basis of a consumer exposure assessment for 27 specific European consumer groups. It took into account the most recent information on the toxicological properties of the substances. Neither the lifetime exposure to these substances via consumption of all food products that may contain these substances, nor the short term exposure due to extreme consumption of the relevant crops showed that there is a risk that the acceptable daily intake (ADI) or the acute reference dose (ARfD) is exceeded.
- (8) For biphenyl the Authority recommended only to raise the MRLs for which data demonstrated that this was necessary. It also advised that because of analytical problems in some cases it might not be possible to enforce the existing MRL and suggested that the lowest limit of analytical determination (LOD) for these crops might be raised. This was confirmed by information obtained from the EU reference laboratory.
- (9) Based on the reasoned opinions and statement of the Authority and taking into account the factors relevant

to the matter under consideration, the appropriate modifications to the MRLs fulfil the requirements of Article 14(2) of Regulation (EC) No 396/2005.

- (10) Regulation (EC) No 396/2005 should therefore be amended accordingly.
- (11) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health and neither the European Parliament nor the Council has opposed them,

HAS ADOPTED THIS REGULATION:

*Article 1*

Annexes II and III to Regulation (EC) No 396/2005 are amended in accordance with the Annex to this Regulation.

*Article 2*

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

## COUNCIL DECISION

**of 23 May 2011**

**concerning the allocation of funds decommitted from projects under the ninth and previous European Development Funds for development cooperation in Southern Sudan**

(2011/315/EU)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 217 thereof,

Having regard to the proposal from the European Commission,

Having regard to the Internal Agreement between Representatives of the Governments of the Member States, meeting within the Council, on the Financing of Community Aid under the Multiannual Financial Framework for the period 2008 to 2013 in accordance with the ACP-EC Partnership Agreement and on the allocation of financial assistance for the Overseas Countries and Territories to which Part Four of the EC Treaty applies<sup>(1)</sup>, and in particular Article 1(4) and Article 6 thereof,

Whereas:

(1) Southern Sudan is expected to formally declare its independence from the North on 9 July 2011, as a result of a self-determination referendum held in application of the 2005 Comprehensive Peace Agreement.

(2) In the post-independence phase, the newly created State of South Sudan ('South Sudan') will have to cope with numerous humanitarian and socioeconomic challenges in a context of reduced governance capacity and political fragility. In these circumstances, external aid is likely to become all the more important to assist South Sudan in fighting extreme poverty, empowering local communities and delivering early peace dividends to the population.

(3) South Sudan is expected to request accession, soon after its independence, to the Partnership Agreement between the Members of the African, Caribbean and Pacific group of States, of the one part, and the European Community and its Member States, of the other part, signed in Cotonou on 23 June 2000<sup>(2)</sup>, as last amended in Ouagadougou on 23 June 2010<sup>(3)</sup>. However, it will take time before the tenth European Development Fund ('EDF')

funding becomes effectively available following accession, thus entailing the risk of a financing gap during that period.

(4) In its Decision 2010/406/EU of 12 July 2010 concerning the allocation of the funds decommitted from projects under the ninth and previous European Development Funds (EDF) for the purpose of addressing the needs of the most vulnerable population in Sudan<sup>(4)</sup>, the Council decided on a first allocation of EUR 150 million for the purpose of addressing the needs of the most vulnerable populations in Sudan. Of that amount, EUR 85 million has been earmarked already for Southern Sudan. Such an amount is however considered insufficient to cope with the immense needs of state- and capacity-building, as well as the development needs for the majority of the population.

(5) In order to bridge the remaining financing gap, it is appropriate to allocate for the benefit of the population and public institutions in Southern Sudan more funds decommitted from the ninth and previous EDFs.

(6) Those decommitted funds should be used to support the implementation of the Three Year Southern Sudan Development Plan (2011 to 2013), on the basis of financing decisions to be adopted by the Commission. Provision should also be made to cover the cost of support measures.

(7) For the purpose of simplification, the funds should be managed in accordance with the implementation arrangements applicable for the tenth EDF.

HAS ADOPTED THIS DECISION:

### Article 1

1. An amount of EUR 200 million of funds decommitted from projects under the ninth and previous European Development Funds ('EDF') shall be allocated for development cooperation in Southern Sudan and 3 % of that amount shall be allocated for support expenditure by the Commission.

<sup>(4)</sup> OJ L 189, 22.7.2010, p. 14.

2. The funds set out in paragraph 1 shall be managed in accordance with the implementation arrangements applicable for the tenth EDF.

*Article 2*

This Decision shall enter into force on the day following that of its adoption.
