Having regard to Regulation (EU) No 952/2013 of the European Parliament and of the Council of 9 October 2013 laying down the Union Customs Code ⁽¹⁾, and in particular Article 57(4) and Article 58(2) thereof,

Whereas:

- (1) In order to ensure uniform application of the Combined Nomenclature annexed to Council Regulation (EEC) No 2658/87 ⁽²⁾, it is necessary to adopt measures concerning the classification of the goods referred to in the Annex to this Regulation.
- (2) Regulation (EEC) No 2658/87 has laid down the general rules for the interpretation of the Combined Nomenclature. Those rules apply also to any other nomenclature which is wholly or partly based on it or which adds any additional subdivision to it and which is established by specific provisions of the Union, with a view to the application of tariff and other measures relating to trade in goods.
- (3) Pursuant to those general rules, the goods described in column (1) of the table set out in the Annex should be classified under the CN code indicated in column (2), by virtue of the reasons set out in column (3) of that table.
- (4) It is appropriate to provide that binding tariff information issued in respect of the goods concerned by this Regulation which does not conform to this Regulation may, for a certain period, continue to be invoked by the holder in accordance with Article 34(9) of Regulation (EU) No 952/2013. ANNEX

Description of the goods	Classification (CN code)	Reasons
(1)	(2)	(3)
<p>A flexible tubing consisting of a layer of knitted man-made fabric (85 % nylon, 15 % elasthane) on the outer side and a gel-like lining made of a non-cellular plastic material on the inner side. The flexible tubing comes in different lengths (between 65 and 150 mm) and diameters (between 15 and 30 mm). The product is presented to be used to relieve pressure and friction pain on sensitive fingers, fingernails, toes or toenails. The length of the product can be adapted by cutting it. The product is put up for retail sale.</p>	6307 90 10	<p>Classification is determined by general rules 1 and 6 for the interpretation of the Combined Nomenclature, Note 1 to Chapter 63 and the wording of CN codes 6307, 6307 90 and 6307 90 10. Classification under heading 3005 is excluded as the goods do not have the character of a wadding, gauze, bandages or similar articles, put up in forms or packings for retail sale for medical purposes. Classification under Chapter 39 as plastics and articles thereof is excluded, in accordance with Note 2(p) to that Chapter, as the goods are made of textile fabrics of heading 5903 (textile fabrics, impregnated, coated, covered or laminated with plastics). The goods are produced in the finished state, ready for use, and as such are made-up textile articles in accordance with Note 7(b) to Section XI. Although the goods consist of textile fabrics of heading 5903 (textile fabrics, impregnated, coated, covered or laminated with plastics), classification in Chapter 59 is excluded in accordance with Note 8(a) to Section XI, because Chapter 59 does not apply to made-up goods within the meaning of Note 7 to the same Section. Heading 6307 applies to other made-up articles of any textile fabric within the meaning of Note 1 to Chapter 63, provided they are not included in other headings of Section XI. It also covers articles in the length that can be adapted by cutting them to the desired length and that are made-up within the meaning of Note 7 to Section XI (see also the Harmonized System Explanatory Notes to heading 6307, first and third paragraph). Consequently, the goods are to be classified under CN code 6307 90 10 as other made-up textile articles.</p>

COMMISSION REGULATION (EU) 2020/192**of 12 February 2020****amending Annexes II and III to Regulation (EC) No 396/2005 of the European Parliament and of the Council as regards maximum residue levels for prochloraz in or on certain products****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 396/2005 of the European Parliament and of the Council of 23 February 2005 on maximum residue levels of pesticides in or on food and feed of plant and animal origin and amending Council Directive 91/414/EEC ⁽¹⁾, and in particular Article 14(1)(a) and Article 49(2) thereof,

Whereas:

- (1) For prochloraz, maximum residue limits (MRLs) were set in Annex II and Part B of Annex III to Regulation (EC) No 396/2005.
- (2) For that active substance, the European Food Safety Authority ('the Authority') submitted a reasoned opinion on the existing MRLs in accordance with Article 12(1) of Regulation (EC) No 396/2005 ⁽²⁾. The Authority proposed to change the residue definition to the sum of prochloraz, BTS 44595 (M201-04) and BTS 44596 (M201-03), expressed as prochloraz. The Authority identified a risk for consumers concerning the MRLs for citrus fruits, kiwi, bananas, mangoes, pineapples and bovine liver. It is therefore appropriate to lower these MRLs to the Limit of Determination (LOD) or the level identified by the Authority. The Authority recommended lowering the MRLs for garlic, shallots, lettuces and salad plants, purslanes, herbs and edible flowers, peas, linseeds, sunflower seeds, rapeseeds/canola seeds, barley, oat, rice, rye, wheat, coffee beans, herbal infusions from flowers, leaves and herbs and roots, spices, sugar beet roots, bovine (fat, kidney), equine fat and poultry liver. As there is no risk for consumers, the MRLs for those products should be set in Annex II to Regulation (EC) No 396/2005 at the level identified by the Authority. The Authority concluded that concerning the Codex maximum residue levels (CXLs) for kumquats, litchis/lychees, passionfruits/maracujas, prickly pears/cactus fruits, star apples/cainitos, American persimmons/Virginia kaki, avocados, papayas, Granate apples/pomegranates, cherimoyas, guavas, breadfruits, durians and soursops/guanabanas, some information was not available in relation to the new residue definition and that further consideration by risk managers was required. As there is no risk for consumers, the MRLs for those products should be set in Annex II to Regulation (EC) No 396/2005 at the level of the existing CXLs. These MRLs will be reviewed; the review will take into account the information available within two years from the publication of this Regulation.
- (3) As regards products on which the use of the plant protection products concerned is not authorised, and for which no import tolerances or CXLs exist, MRLs should be set at the specific limit of determination or the default MRL should apply, as provided for in Article 18(1)(b) of Regulation (EC) No 396/2005.
- (4) The Commission consulted the European Union reference laboratories for residues of pesticides as regards the need to adapt certain limits of determination. As regards several substances, those laboratories concluded that for certain commodities technical development requires the setting of specific limits of determination.
- (5) Based on the reasoned opinions of the Authority and taking into account the factors relevant to the matter under consideration, the appropriate modifications to the MRLs fulfil the requirements of Article 14(2) of Regulation (EC) No 396/2005.
- (6) Through the World Trade Organisation, the trading partners of the Union were consulted on the new MRLs and their comments have been taken into account.

- (7) Regulation (EC) No 396/2005 should therefore be amended accordingly.
- (8) In order to allow for the normal marketing, processing and consumption of products, this Regulation should provide for a transitional arrangement for products which have been produced before the modification of the MRLs and for which information shows that a high level of consumer protection is maintained.
- (9) A reasonable period should be allowed to elapse before the modified MRLs become applicable in order to permit Member States, third countries and food business operators to prepare themselves to meet the new requirements which will result from the modification of the MRLs.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

Annexes II and III to Regulation (EC) No 396/2005 are amended in accordance with the Annex to this Regulation.

Article 2

As regards the active substance prochloraz in and on all products except citrus fruits, kiwi, bananas, mangoes, pineapples and bovine liver, Regulation (EC) No 396/2005 as it stood before being amended by this Regulation shall continue to apply to products which were produced in the Union or imported into the Union before 4 September 2020.

Article 3

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 4 September 2020.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION IMPLEMENTING REGULATION (EU) 2020/193**of 12 February 2020****laying down technical information for the calculation of technical provisions and basic own funds for reporting with reference dates from 31 December 2019 until 30 March 2020 in accordance with Directive 2009/138/EC of the European Parliament and of the Council on the taking-up and pursuit of the business of Insurance and Reinsurance****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2009/138/EC of the European Parliament and of the Council of 25 November 2009 on the taking-up and pursuit of the business of Insurance and Reinsurance (Solvency II) ⁽¹⁾, and in particular the third subparagraph of Article 77e(2) thereof,

Whereas:

- (1) In order to ensure uniform conditions for the calculation of technical provisions and basic own funds by insurance and reinsurance undertakings for the purposes of Directive 2009/138/EC, technical information on relevant risk-free interest rate term structures, fundamental spreads for the calculation of the matching adjustment and volatility adjustments should be laid down for every reference date.
- (2) Insurance and re-insurance undertakings should use the technical information, which is based on market data related to the end of the last month preceding the first reporting reference date to which this Regulation applies. On 9 January 2020, the European Insurance and Occupational Pensions Authority provided the Commission with the technical information related to end of December 2019 market data. That information was published on 9 January 2020 in accordance with Article 77e(1) of Directive 2009/138/EC.
- (3) Given the need for the immediate availability of the technical information, it is important that this Regulation enters into force as a matter of urgency.
- (4) For prudential reasons it is necessary that insurance and reinsurance undertakings use the same technical information for calculating technical provisions and basic own funds irrespective of the date on which they report to their competent authorities. This Regulation should therefore apply from the first reporting reference date to which this Regulation applies.
- (5) To provide legal certainty as soon as possible, it is duly justified on imperative grounds of urgency related to the availability of the relevant risk-free interest rate term structure that measures provided for in this Regulation be adopted in accordance with Article 8, in conjunction with Article 4, of Regulation (EU) No 182/2011 of the European Parliament and of the Council ⁽²⁾,

HAS ADOPTED THIS REGULATION:

Article 1

1. Insurance and reinsurance undertakings shall use the technical information referred to in paragraph 2 when calculating technical provisions and basic own funds for reporting with reference dates from 31 December 2019 until 30 March 2020.
2. For each relevant currency, the technical information used to calculate the best estimate in accordance with Article 77 of Directive 2009/138/EC, the matching adjustment in accordance with Article 77c of that Directive and the volatility adjustment in accordance with Article 77d of that Directive shall be the following:
 - (a) the relevant risk-free rate term structures set out in Annex I;
 - (b) the fundamental spreads for the calculation of the matching adjustment set out in Annex II;

⁽¹⁾ OJ L 335, 17.12.2009, p. 1.

⁽²⁾ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

- (c) for each relevant national insurance market, the volatility adjustments set out in Annex III.

Article 2

This Regulation shall enter into force on the day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 31 December 2019.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 12 February 2020.

COMMISSION IMPLEMENTING REGULATION (EU) 2020/194**of 12 February 2020****laying down detailed rules for the application of Council Regulation (EU) No 904/2010 as regards the special schemes for taxable persons supplying services to non-taxable persons, making distance sales of goods and certain domestic supplies of goods**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EU) No 904/2010 of 7 October 2010 on administrative cooperation and combating fraud in the field of value added tax ⁽¹⁾, and in particular points (a) and (b) of Article 47l thereof,

Whereas:

- (1) Chapter 6 of Title XII of Council Directive 2006/112/EC ⁽²⁾, which provides for special schemes for taxable persons supplying certain services, has been amended by Council Directive (EU) 2017/2455 ⁽³⁾ and Council Directive (EU) 2019/1995 ⁽⁴⁾ to enlarge the special schemes. The measures necessary to comply with those two amending Directives are to apply from 1 January 2021.
- (2) Regulation (EU) No 904/2010 lays down rules for administrative cooperation and the fight against fraud in the field of value added tax (VAT). Articles 47b, 47c, 47d and 47e of that Regulation concern the exchange of certain information relating to the special schemes provided for in Chapter 6 of Title XII of Directive 2006/112/EC. In particular, those Articles provide for the exchange of identification details and VAT return details and for the exchange of any subsequent changes to those details. Those Articles are applicable from 1 January 2021.
- (3) To ensure that the information referred to in those Articles is exchanged in a uniform manner, it is necessary to adopt the technical details for such exchanges, including a common electronic message. This would also allow for the uniform development of the technical and functional specifications, as they would follow a regulated framework.
- (4) Certain information such as the exclusion from the special schemes, the voluntary cessation or the change of Member State of identification should also be exchanged, without delay, in a uniform manner in order to allow Member States to monitor the correct application of the special schemes and to combat fraud. To that end, common arrangements for the electronic exchange of such information should be provided.
- (5) In order to keep the administrative burden on taxable persons to a minimum, it is necessary to establish certain requirements for the electronic interface that will make it easier for taxable persons to submit identification information and VAT returns. Member States are not prevented from providing additional functionalities to further reduce the administrative burden.
- (6) It is necessary to make it clear what specific information is required to be submitted in cases where no supplies falling under the special schemes are made in a particular period.
- (7) With a view to enabling Member States and taxable persons to refer to VAT returns in an unambiguous way in subsequent communications, including communications on the payment of the tax, the Member State of identification should allocate a unique reference number to each VAT return.
- (8) This Regulation should apply from the day from which Articles 47b, 47c, 47d and 47e of Regulation (EU) No 904/2010 apply.

⁽¹⁾ OJ L 268, 12.10.2010, p. 1.

⁽²⁾ Council Directive 2006/112/EC of 28 November 2006 on the common system of value added tax (OJ L 347, 11.12.2006, p. 1).

⁽³⁾ Council Directive (EU) 2017/2455 of 5 December 2017 amending Directive 2006/112/EC and Directive 2009/132/EC as regards certain value added tax obligations for supplies of services and distance sales of goods (OJ L 348, 29.12.2017, p. 7).

⁽⁴⁾ Council Directive (EU) 2019/1995 of 21 November 2019 amending Directive 2006/112/EC as regards provisions relating to distance sales of goods and certain domestic supplies of goods (OJ L 310, 2.12.2019, p. 1).

- (9) Commission Implementing Regulation (EU) No 815/2012 ⁽⁵⁾ lays down detailed rules under Articles 44 and 45 of Regulation (EU) No 904/2010 concerning the exchange of information relating to the special schemes for telecommunications, broadcasting or electronic services. Those Articles are applicable for the period from 1 January 2015 to 31 December 2020. Implementing Regulation (EU) No 815/2012 should therefore be repealed with effect from 1 January 2021. However, it should continue to apply until 10 February 2024 as regards the submission of and corrections to VAT returns in respect of supplies of services covered by either of the special schemes referred to in that Implementing Regulation that were carried out before 1 January 2021.
- (10) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Administrative Cooperation,

HAS ADOPTED THIS REGULATION:
