ANNEX

In Annex I to Regulation (EU) 2017/1770 under heading 'List of natural or legal persons, entities and bodies referred to in Article 2a', entries 3, 4 and 5 are replaced by the following:

3. MAHRI SIDI AMAR BEN DAHA (alias: a) Yoro Ould Daha b) Yoro Ould Daya c) Sidi Amar Ould Daha d) Yoro)

Designation: Deputy chief of staff of the regional coordination of the Mécanisme opérationnel de coordination (MOC) in Gao

Date of birth: 1 Jan. 1978

Place of birth: Djebock, Mali

Nationality: Mali

National identification no: 11262/1547

Address: Golf Rue 708 Door 345, Gao, Mali

Date of UN designation: 10 July 2019 (amended on 19 Dec. 2019, 14 Jan. 2020, 5 Oct. 2022)

Other information: Mahri Sidi Amar Ben Daha is a leader of the Lehmar Arab community of Gao and military chief of staff of the pro-governmental wing of the Mouvement Arabe de l'Azawad (MAA), associated to the Plateforme des mouvements du 14 juin 2014 d'Alger (Plateforme) coalition. Listed pursuant to paragraphs 1 to 3 of Security Council resolution 2374 (2017) (Travel Ban, Asset Freeze). Reportedly deceased in February 2020.

Additional information

Mahri Sidi Amar Ben Daha is being listed pursuant to paragraph 8 (b) of resolution 2374 (2017) for actions taken that obstruct, or that obstruct by prolonged delay, or that threaten the implementation of the Agreement.

Ben Daha was a high-ranking officer of the Islamic police operating in Gao when the Mouvement pour l'unicité et le jihad en Afrique de l'Ouest (MUJAO) (QDe.134) controlled the town from June 2012 to January 2013. Ben Daha currently is deputy chief of staff of the regional coordination of the Mécanisme opérationnel de coordination (MOC) in Gao.

On 12 November 2018, the Plateforme in Bamako declared not to participate in forthcoming regional consultations, scheduled to be held from 13 to 17 November in accordance with the March 2018 roadmap agreed upon by all parties to the Peace and reconciliation Agreement in March 2018. The next day, in Gao, a coordination meeting was held by the military chief of staff of the Ganda Koy component of Coordination des mouvements et fronts patriotiques de résistance (CMFPR)-Plateforme, with representatives the MAA-Plateforme, to prevent the consultations to take place. The blockade was coordinated with Plateforme leadership in Bamako, the MAA-Plateforme, as well as Member of Parliament Mohamed Ould Mataly.

From 14 to 18 November 2018, dozens of MAA-Plateforme combatants together with those of the CMFPR factions obstructed the holding of regional consultations. Operating under the instruction and with the participation of Ben Daha, at least six pick-up truck vehicles from the Mouvement Arabe de l'Azawad (MAA-Plateforme) were positioned in front of the Gao governorate and its vicinity. Two MOC vehicles attributed to MAA-Plateforme were also observed at the scene.

On 17 November 2018, an incident took place between armed elements blocking access to the governorate and a FAMA patrol passing by the area, but was diffused before it could escalate and constitute a cease-fire violation. On 18 November 2018, a total of twelve vehicles and armed elements lifted the blockade of the governorate following a latest round of negotiations with the governor of Gao.

On 30 November 2018, Ben Daha organised an inter-Arab meeting in Tinfanda to discuss security and administrative restructuring. The meeting also included sanctioned individual Ahmoudou Ag Asriw (MLi.001) whom Ben Daha supports and defends.

Therefore, through effectively blocking discussions on key provisions of the Peace and Reconciliation Agreement related to the reform of the territorial structure of northern Mali, Ben Daha has obstructed the implementation of the Peace and Reconciliation Agreement. In addition, Ben Daha supports an individual identified as threatening the implementation of the Agreement through his involvement in ceasefire violations and organised criminal activity.

4. **MOHAMED BEN AHMED MAHRI (alias: a) Mohammed Rougi b) Mohamed Ould Ahmed Deya c) Mohamed Ould Mahri Ahmed Daya d) Mohamed Rougie e) Mohamed Rougy f) Mohamed Rouji)**

Date of birth: 1 Jan. 1979

Place of birth: Tabankort, Mali

Nationality: Mali

Passport no: a) AA00272627 b) AA0263957 c) AA0344148, issued on 21 March 2019 (date of expiration: 20 March 2024)

Address: Bamako, Mali

Date of UN designation: 10 July 2019 (amended on 19 Dec. 2019, 14 Jan. 2020, 5 Oct. 2022)

Other information: Mohamed Ben Ahmed Mahri is a businessman from the Arab Lehmar community in Gao region who previously collaborated with the Mouvement pour l'unicité et le Jihad en Afrique de l'Ouest (MUJAO) (QDe.134). Listed pursuant to paragraphs 1 to 3 of Security Council resolution 2374 (2017) (Travel Ban, Asset Freeze).

Photo available for inclusion in the INTERPOL-UN Security Council Special Notice. INTERPOL-UN Security Council Special Notice web link:

<https://www.interpol.int/en/How-we-work/Notices/View-UN-Notices-Individuals>

Additional information

Mohamed Ben Ahmed Mahri is being listed pursuant to paragraph 8 (c) of resolution 2374 (2017) for acting for or on behalf of or at the direction of or otherwise supporting or financing individuals and entities identified in paragraphs 8 (a) and (b) of resolution 2374 (2017), including through the proceeds from organised crime, including the production and trafficking of narcotic drugs and their precursors originating in or transiting through Mali, the trafficking in persons and the smuggling of migrants, the smuggling and trafficking of arms as well as the trafficking in cultural property.

Between December 2017 and April 2018, Mohamed Ben Ahmed Mahri commanded a trafficking operation of over 10 tons of Moroccan cannabis, moved in cooling trucks through Mauritania, Mali, Burkina Faso and Niger. In the night of 13 to 14 June 2018 a quarter of the shipment was confiscated in Niamey, while a rival group had allegedly stolen the remaining three quarters during the night of 12 and 13 April 2018.

In December 2017, Mohamed Ben Ahmed Mahri was in Niamey with a Malian national to prepare the operation. The latter was arrested in Niamey after he had flown in from Morocco with two Moroccan and two Algerian Nationals on 15 and 16 April 2018 to try and recuperate stolen cannabis. Three of his associates were also arrested, including a Moroccan national, who had been sentenced in Morocco in 2014 to five months imprisonment for drug trafficking.

Mohamed Ben Ahmed Mahri commands trafficking of cannabis resin to Niger straight through northern Mali, making use of convoys led by members of the Groupe d'autodéfense des Touaregs Imghad et leurs allies (GATIA), including sanctioned individual Ahmoudou Ag Asriw (MLi.001). Mohamed Ben Ahmed Mahri compensates Asriw for the use of these convoys. These convoys frequently generate clashes with competitors associated with the Coordination des Mouvements de l'Azawad (CMA).

Using his financial gains made in narcotics trafficking, Mohamed Ben Ahmed Mahri lends his support to terrorist armed groups, notably the sanctioned entity Al-Mourabitoun (QDe.141), attempting to bribe officials to release arrested combatants and facilitating fighters to integrate in the Mouvement Arabe pour l'Azawad (MAA) Plateforme.

Therefore, through the proceeds from organised crime, Mohamed Ben Ahmed Mahri supports an individual identified under paragraph 8(b) of resolution 2374 (2017) as threatening the implementation of the Agreement on Peace and Reconciliation in Mali, in addition to a terrorist group designated under resolution 1267.

5. MOHAMED OULD MATALY

Designation: Member of Parliament

Date of birth: 1958

Nationality: Mali

Passport no: a) D9011156, b) AA0260156, issued on 3 August 2018 (date of expiration: 2 August 2023)

Address: a) Golf Rue 708 Door 345, Gao, Mali b) Almoustarat, Gao, Mali

Date of UN designation: 10 July 2019 (amended on 19 Dec. 2019, 14 Jan. 2020, 5 Oct. 2022)

Other information: Mohamed Ould Mataly is the former Mayor of Bourem and current Member of Parliament for Bourem's constituency, part of the *Rassemblement pour le Mali* (RPM, President Ibrahim Boubacar Keita's political party). He is from the Lehmar Arab community and an influential member of the pro-governmental wing of the *Mouvement Arabe de l'Azawad* (MAA), associated to the *Plateforme des mouvements du 14 juin 2014 d'Alger* (*Plateforme*) coalition. Listed pursuant to paragraphs 1 to 3 of Security Council resolution 2374 (2017) (Travel Ban, Asset Freeze).

Photo available for inclusion in the INTERPOL-UN Security Council Special Notice. INTERPOL-UN Security Council Special Notice web link:

<https://www.interpol.int/en/How-we-work/Notices/View-UN-Notices-Individuals>

Additional information

Mohamed Ould Mataly is being listed pursuant to paragraph 8 (b) of resolution 2374 (2017) for actions taken that obstruct, or that obstruct by prolonged delay, or that threaten the implementation of the Agreement.

On 12 November 2018, the *Plateforme* in Bamako declared not to participate in forthcoming regional consultations, scheduled to be held from 13 to 17 November in accordance with the March 2018 roadmap agreed upon by all parties to the Peace and reconciliation Agreement in March 2018. The next day, in Gao, a coordination meeting was held by the military chief of staff of the *Ganda Koy* component of *Coordination des mouvements et fronts patriotiques de résistance* (CMFPR)-*Plateforme*, with representatives the MAA-*Plateforme*, to prevent the consultations to take place. The blockade was coordinated with *Plateforme* leadership in Bamako, the MAA-*Plateforme*, as well as Member of Parliament Mohamed Ould Mataly.

His close associate Mahri Sidi Amar Ben Daha, alias Yoro Ould Daha, who resides in his property in Gao, participated in the blockade of the venue of the consultation at the Governor's office during this period.

Furthermore, on 12 July 2016 Ould Mataly was also one of the instigators of demonstrations hostile to the implementation of the Agreement.

Therefore, through effectively blocking discussions on key provisions of the Peace and Reconciliation Agreement related to the reform of the territorial structure of northern Mali, Ould Mataly has obstructed and caused delays to the implementation of the Peace and Reconciliation Agreement.

Lastly, Ould Mataly has pleaded for the release of members of his community captured in counter-terrorist operations. Through his involvement in organised crime and association with terrorist armed groups, Mohamed Ould Mataly threatens the implementation of the Agreement.'

COMMISSION DELEGATED REGULATION (EU) 2022/2181**of 29 June 2022****supplementing Regulation (EU) 2021/1139 of the European Parliament and of the Council on the European Maritime, Fisheries and Aquaculture Fund as regards the starting dates and time periods for the inadmissibility of applications for support**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2021/1139 of the European Parliament and of the Council of 7 July 2021 establishing the European Maritime, Fisheries and Aquaculture Fund and amending Regulation (EU) 2017/1004 ⁽¹⁾, and in particular Article 11(4) thereof,

Whereas:

- (1) An application for support from the European Maritime, Fisheries and Aquaculture Fund (EMFAF) submitted by an operator will be inadmissible for an identified period of time if the competent authority has determined the occurrence of the situations referred to in Article 11(1) and (3) of Regulation (EU) 2021/1139.
- (2) To ensure the conditional nature of EMFAF support, it is appropriate to lay down the necessary provisions ensuring that operators applying for EMFAF support comply with the admissibility conditions for EMFAF support in relation to all fishing vessels under their effective control.
- (3) Article 11(4) of Regulation (EU) 2021/1139 empowers the Commission to adopt delegated acts identifying the threshold for triggering, and the period of time of the inadmissibility, which should be proportionate to the nature, gravity, duration and repetition of the serious infringements, offences or fraud committed, and should be of at least 1 year's duration. The Commission should monitor the rules for the inadmissibility of applications for support established in this act to ensure that all situations referred to in Article 11(1) and (3) of Regulation (EU) 2021/1139 are covered.
- (4) It is therefore necessary to lay down rules for calculating the duration and identifying the relevant starting and ending dates of the inadmissibility period and the conditions for increasing or reducing that period. It is also appropriate to lay down rules on revising the inadmissibility period where further serious infringements are committed by an operator during the inadmissibility period.
- (5) An automatic trigger of inadmissibility for EMFAF funds is also necessary in the case of certain serious infringements that are particularly damaging due to their nature and seriousness.

⁽¹⁾ OJ L 247, 13.7.2021, p. 1.

- (6) It is also appropriate to lay down rules for triggering inadmissibility and calculating the duration of the inadmissibility period in cases where a single operator owns or controls more than one fishing vessel. These rules should ensure that EMFAF support for other vessels of the operator does not indirectly benefit fishing vessels that were used to commit serious infringements
- (7) In accordance with Article 92(4) of Council Regulation (EC) No 1224/2009 ⁽²⁾, if no other serious infringement is committed within 3 years of the date of the last serious infringement, all points should be deleted. Consequently, infringement points remain present on an operator's licence for at least 3 years. In order to ensure continuity with the system in place as well as proportionality and legal certainty, only serious infringements committed as from 1 January 2013 in accordance with Article 92 of Regulation (EC) No 1224/2009 and for which assigned points have not been deleted from an operator's licence should be taken into account when calculating the inadmissibility period.
- (8) In accordance with Article 47 of Council Regulation (EC) No 1005/2008 ⁽³⁾, legal persons shall be held liable for serious infringements where such infringements have been committed for their benefit by any natural person, acting either individually or as part of an organ of the legal person.
- (9) Rules should be laid down to ensure fair treatment of operators who become new owners of fishing vessels following a sale or other type of transfer of ownership while at the same time not undermining the Union system for control, inspection and enforcement laid down in Regulation (EC) No 1224/2009 on fisheries control, which is necessary to achieve the objectives of the CFP. Should an operator's fishing licence be permanently withdrawn due to the frequency and gravity of the infringements committed, access to EMFAF support should be refused until the end of the period of eligibility of expenditure for an EMFAF contribution laid down in Article 63(2) of Regulation (EU) 2021/1060 of the European Parliament and of the Council ⁽⁴⁾ in order to safeguard the financial interests of the Union and of its taxpayers. Such inadmissibility should apply even if according to the calculation method laid down in this Regulation the inadmissibility period ends before the end of the eligibility period.
- (10) Article 11(4) of Regulation (EU) 2021/1139 empowers the Commission to adopt delegated acts on the arrangements for recovering the aid granted if serious infringements or environmental offences occurred during the period referred to in Article 11(2) of that Regulation. It is therefore necessary to lay down arrangements for recovering the aid granted.
- (11) To enable the prompt application of the measures provided for in this Regulation, and given the importance of ensuring harmonised and equal treatment of operators in all Member States from the start of the programming period, this Regulation should enter into force on the day following that of its publication and should apply from the first day of the period of eligibility of expenditure for an EMFAF contribution, namely 1 January 2021. Such retroactive application does not affect the principle of legal certainty and protection of legitimate expectations,

⁽²⁾ Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Union control system for ensuring compliance with the rules of the common fisheries policy, amending Regulations (EC) No 847/96, (EC) No 2371/2002, (EC) No 811/2004, (EC) No 768/2005, (EC) No 2115/2005, (EC) No 2166/2005, (EC) No 388/2006, (EC) No 509/2007, (EC) No 676/2007, (EC) No 1098/2007, (EC) No 1300/2008, (EC) No 1342/2008 and repealing Regulations (EEC) No 2847/93, (EC) No 1627/94 and (EC) No 1966/2006, (OJ L 343, 22.12.2009, p. 1).

⁽³⁾ Council Regulation (EC) No 1005/2008 of 29 September 2008 establishing a Community system to prevent, deter and eliminate illegal, unreported and unregulated fishing, amending Regulations (EEC) No 2847/93, (EC) No 1936/2001 and (EC) No 601/2004 and repealing Regulations (EC) No 1093/94 and (EC) No 1447/1999, (OJ L 286, 29.10.2008, p. 1).

⁽⁴⁾ Regulation (EU) 2021/1060 of the European Parliament and of the Council of 24 June 2021 laying down common provisions on the European Regional Development Fund, the European Social Fund Plus, the Cohesion Fund, the Just Transition Fund and the European Maritime, Fisheries and Aquaculture Fund and financial rules for those and for the Asylum, Migration and Integration Fund, the Internal Security Fund and the Instrument for Financial Support for Border Management and Visa Policy (OJ L 231, 30.6.2021, p. 159).

CHAPTER III

COMMON PROVISIONS

*Article 7***Determination of the threshold triggering inadmissibility and of the duration of inadmissibility**

1. If an operator has committed or is held liable for any of the actions referred to in Articles 3, 4, 5 and 6, the Member State concerned shall determine if the threshold triggering inadmissibility is reached. This determination shall be carried out by the Member State pursuant to column (a) of Annexes I, II, III or IV to this Regulation.
2. If the Member State concerned has determined pursuant to paragraph 1 that the threshold triggering inadmissibility is reached, it shall then determine the corresponding duration of inadmissibility pursuant to:
 - (a) column (b) of Annexes I, II, III or IV to this Regulation; and
 - (b) where applicable, columns (c) and (d) of Annexes I or III to this Regulation.

*Article 8***Determination of threshold triggering inadmissibility where the operator owns or controls more than one fishing vessel**

1. If an operator owns or controls more than one fishing vessel, the inadmissibility period of an application for support submitted by that operator shall be determined separately for each individual fishing vessel, in accordance with Article 3 or Article 4.
2. In addition, applications for support submitted by that operator shall also be inadmissible:
 - (a) if applications in relation to more than half of the fishing vessels owned or controlled by that operator are inadmissible for support pursuant to Article 3 or Article 4, or

- (b) as a result of sanctions for serious infringements imposed by the Member States in accordance with Article 45 of Regulation (EC) No 1005/2008.

*Article 11***Arrangements for recovering aid**

1. If any of the situations referred to in Article 11(1) of Regulation (EU) 2021/1139 occur between the date the operator submitted the application and 5 years after the final payment, the support paid from EMFAF relating to that application shall be subject to a financial correction by the Member State concerned in accordance with Article 44 of Regulation (EU) 2021/1139 and Article 103(1) of Regulation (EU) 2021/1060.
2. The amount to be recovered shall be proportionate to the nature, gravity, duration and repetition of the situations referred to in Article 11(1) of Regulation (EU) 2021/1139.

COMMISSION DELEGATED REGULATION (EU) 2022/2182**of 30 August 2022****amending Delegated Regulation (EU) 2017/1798 as regards the lipid and magnesium requirements for total diet replacement for weight control****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 609/2013 of the European Parliament and of the Council of 12 June 2013 on food intended for infants and young children, food for special medical purposes and total diet replacement for weight control and repealing Council Directive 92/52/EEC, Commission Directives 96/8/EC, 1999/21/EC, 2006/125/EC and 2006/141/EC, Directive 2009/39/EC of the European Parliament and of the Council and Commission Regulations (EC) No 41/2009 and (EC) No 953/2009 ⁽¹⁾, and in particular Article 11(2) thereof,

Whereas:

- (1) Commission Delegated Regulation (EU) 2017/1798 ⁽²⁾ lays down, inter alia, specific compositional requirements for total diet replacement for weight control that are based on the latest scientific advice ⁽³⁾ of the European Food Safety Authority ('the Authority') on the matter.
- (2) Delegated Regulation (EU) 2017/1798 provides that total diet replacement for weight control is to contain at least 11g linoleic acid and 1,4 g alpha-linolenic acid for the total daily ration and that it is not to contain more than 250 mg of magnesium for the total daily ration, as set out in points 4.1, 4.2 and 6 of Annex I to that Regulation.
- (3) On 7 November 2019, the Commission received a request, accompanied by a list of new scientific evidence, from Total Diet & Meal Replacements Europe for the revision of the compositional requirements of linoleic acid, alpha-linolenic acid and magnesium in Delegated Regulation (EU) 2017/1798. On 10 March 2020, the Commission requested the Authority to assess the submitted scientific evidence together with any other relevant new scientific evidence available and, if necessary, to update the conclusions of its latest scientific opinion ⁽⁴⁾ as regards the minimum levels of linoleic acid and alpha-linolenic acid as well as the maximum level of magnesium in total diet replacement for weight control.
- (4) In its statement of 15 April 2021 on the additional scientific evidence in relation to the essential composition of total diet replacement for weight control ⁽⁵⁾, the Authority concluded that there is no need to add linoleic acid to total diet replacement for weight control, as the amount released from the adipose tissue during weight loss when consuming total diet replacement for weight control is sufficient to cover the adequate intake for linoleic acid. The Authority further concluded that, while around 40 % of the adequate intake of alpha-linolenic acid could be provided by the release of alpha-linolenic acid from the adipose tissue during weight loss in overweight or obese individuals consuming total diet replacement for weight control, a minimum of 0,8 g/day needs to be supplied by total diet replacement for weight control in order to meet the adequate intake for alpha-linolenic acid. The Authority also

⁽²⁾ Commission Delegated Regulation (EU) 2017/1798 of 2 June 2017 supplementing Regulation (EU) No 609/2013 of the European Parliament and of the Council as regards the specific compositional and information requirements for total diet replacement for weight control (OJ L 259, 7.10.2017, p. 2).

concluded that an increase of the total maximum magnesium content in total diet replacement for weight control to 350 mg/day is not of concern. Even if magnesium may induce diarrhoea, the likelihood that magnesium-induced diarrhoea would occur as a result of such intake at a severity that may be considered of concern for overweight or obese individuals consuming total diet replacement for weight control is low, considering that those individuals more often suffer from constipation than diarrhoea.

- (5) On the basis of the conclusions of the Authority, and in order to take into account scientific progress, it is appropriate to abolish the requirement on linoleic acid in Delegated Regulation (EU) 2017/1798, to lower the minimum alpha-linolenic acid content required under that Delegated Regulation and to increase the maximum magnesium content permitted for those products.
- (6) Annex I to Delegated Regulation (EU) 2017/1798 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

Article 1

Annex I to Delegated Regulation (EU) 2017/1798 is amended in accordance with the Annex to this Regulation.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

(3) in point 6, the second paragraph is replaced by the following:

'Total diet replacement for weight control products shall not contain more than 350 mg of magnesium for the total daily ration.'

COMMISSION IMPLEMENTING REGULATION (EU) 2022/2183**of 8 November 2022****amending Annexes V and XIV to Implementing Regulation (EU) 2021/404 as regards the entries for Canada, the United Kingdom and the United States in the lists of third countries authorised for the entry into the Union of consignments of poultry, germinal products of poultry and fresh meat of poultry and game birds****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2016/429 of the European Parliament and of the Council of 9 March 2016 on transmissible animal diseases and amending and repealing certain acts in the area of animal health ('Animal Health Law') ⁽¹⁾, and in particular Articles 230(1) and 232(1) and (3) thereof,

Whereas:

- (1) Regulation (EU) 2016/429 requires that consignments of animals, germinal products and products of animal origin must come from a third country or territory, or zone or compartment thereof, listed in accordance with Article 230(1) of that Regulation in order to enter the Union.
- (2) Commission Delegated Regulation (EU) 2020/692 ⁽²⁾ lays down the animal health requirements with which consignments of certain species and categories of animals, germinal products and products of animal origin from third countries or territories, or zones thereof, or compartments thereof, in the case of aquaculture animals, must comply with in order to enter the Union.
- (3) Commission Implementing Regulation (EU) 2021/404 ⁽³⁾ establishes the lists of third countries, or territories, or zones or compartments thereof, from which the entry into the Union of the species and categories of animals, germinal products and products of animal origin falling within the scope of Delegated Regulation (EU) 2020/692 is permitted.
- (4) More particularly, Annexes V and XIV to Implementing Regulation (EU) 2021/404 set out the lists of third countries, or territories, or zones thereof authorised for the entry into the Union, respectively, of consignments of poultry, germinal products of poultry, and of fresh meat from poultry and game birds.
- (5) Canada notified the Commission of ten outbreaks of highly pathogenic avian influenza in poultry in the provinces of Alberta (2), British Columbia (2), Manitoba (2), Ontario (1), Quebec (1) and Saskatchewan (2) in Canada, confirmed between 26 September 2022 and 13 October 2022 by laboratory analysis (RT-PCR).
- (6) Furthermore, the United Kingdom notified the Commission of 41 outbreaks of highly pathogenic avian influenza in poultry in the counties of Anglesey (2), Cheshire (1), Devon (1), Essex (2), Lancashire (2), Lincolnshire (2), Norfolk (25), Suffolk (2), West Essex (1), and Yorkshire (2) in England, United Kingdom and on Orkney Islands (1), Scotland, United Kingdom, confirmed between 9 October 2022 and 26 October 2022 by laboratory analysis (RT-PCR).

⁽¹⁾ OJ L 84, 31.3.2016, p. 1.

⁽²⁾ Commission Delegated Regulation (EU) 2020/692 of 30 January 2020 supplementing Regulation (EU) 2016/429 of the European Parliament and of the Council as regards rules for entry into the Union, and the movement and handling after entry of consignments of certain animals, germinal products and products of animal origin (OJ L 174, 3.6.2020, p. 379).

⁽³⁾ Commission Implementing Regulation (EU) 2021/404 of 24 March 2021 laying down the lists of third countries, territories or zones thereof from which the entry into the Union of animals, germinal products and products of animal origin is permitted in accordance with Regulation (EU) 2016/429 of the European Parliament and of the Council (OJ L 114, 31.3.2021, p. 1).

- (7) Additionally, the United States notified the Commission of 18 outbreaks of highly pathogenic avian influenza in poultry located in the states of Alaska (1), California (1), Colorado (1), Florida (2), Kansas (3), Minnesota (1), Nebraska (1), Nevada (1), Pennsylvania (1) South Dakota (1) and Utah (5), United States, confirmed between 7 October 2022 and 25 October 2022 by laboratory analysis (RT-PCR).
- (8) Following those outbreaks of highly pathogenic avian influenza, the veterinary authorities of Canada, the United Kingdom and the United States established a control zone of at least 10 km around the affected establishments and implemented a stamping-out policy in order to control the presence of highly pathogenic avian influenza and limit the spread of that disease.
- (9) Canada, the United Kingdom and the United States have submitted information to the Commission on the epidemiological situation on their territory and the measures they have taken to prevent the further spread of highly pathogenic avian influenza. That information has been evaluated by the Commission. On the basis of that evaluation and in order to protect the animal health status of the Union, the entry into the Union of consignments of poultry, germinal products of poultry, and fresh meat of poultry and game birds from the areas under restrictions established by the veterinary authorities of Canada, the United Kingdom and the United States due to the recent outbreaks of highly pathogenic avian influenza should no longer be authorised.
- (10) Furthermore, Canada has submitted updated information on the epidemiological situation on its territory in relation to four outbreaks of highly pathogenic avian influenza in a poultry establishment in the provinces of British Columbia (1), Alberta (1), Ontario (1) and Quebec (1), Canada, which were confirmed respectively on 8 June 2022, 12 April 2022, 26 April 2022 and 14 April 2022.
- (11) Canada has also submitted information on the measures they have taken to prevent the further spread of that disease. In particular, following these outbreaks of highly pathogenic avian influenza, Canada has implemented a stamping out policy in order to control and limit the spread of that disease, and have also completed the requisite of cleaning and disinfection following the implementation of the stamping out policy on the infected poultry establishments on their territories.
- (12) The Commission has evaluated the information submitted by Canada and concluded that the highly pathogenic avian influenza outbreaks in poultry establishments have been cleared and that there is no longer any risk associated with the entry into the Union of poultry commodities from the zones of Canada from which the entry into the Union of poultry commodities was suspended due to those outbreaks.
- (13) Annexes V and XIV to Implementing Regulation (EU) 2021/404 should be therefore amended to take account of the current epidemiological situation as regards highly pathogenic avian influenza in Canada, the United Kingdom and the United States.
- (14) Taking into account the current epidemiological situation in Canada, the United Kingdom and the United States as regards highly pathogenic avian influenza and the serious risk of its introduction into the Union, the amendments to be made to Implementing Regulation (EU) 2021/404 by this Regulation should take effect as a matter of urgency.
- (15) Commission Implementing Regulation (EU) 2022/2061 ⁽⁴⁾ amended Part 1 of Annex V and Part 1 of Annex XIV to Implementing Regulation (EU) 2021/404 by adding the row US-2.296, defining one affected zone in the entries for the United States in Annex V and in Annex XIV. As one error has been detected concerning the date of confirmation of the related outbreak, the rows for the zone US-2.296 in these Annexes should be corrected accordingly. This correction should apply from the date of application of Implementing Regulation (EU) 2022/2061.
- (16) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

⁽⁴⁾ Commission Implementing Regulation (EU) 2022/2061 of 24 October 2022 amending Annexes V and XIV to Implementing Regulation (EU) 2021/404 as regards the entries for the United Kingdom and the United States in the lists of third countries authorised for the entry into the Union of consignments of poultry, germinal products of poultry and fresh meat of poultry and game birds (OJ L 276, 26.10.2022, p. 69).

6. MAHRI SIDI AMAR BEN DAHA (alias: a) Yoro Ould Daha b) Yoro Ould Daya c) Sidi Amar Ould Daha d) Yoro)

Designation: Deputy chief of staff of the regional coordination of the Mécanisme opérationnel de coordination (MOC) in Gao

Date of birth: 1 Jan. 1978

Date of UN designation: 10 July 2019 (amended on 19 Dec. 2019, 14 Jan. 2020, 5 Oct. 2022)

Other information: Mahri Sidi Amar Ben Daha is a leader of the Lehmar Arab community of Gao and military chief of staff of the pro-governmental wing of the Mouvement Arabe de l'Azawad (MAA), associated to the Plateforme des mouvements du 14 juin 2014 d'Alger (Plateforme) coalition. Additional information

Mahri Sidi Amar Ben Daha is being listed pursuant to paragraph 8 (b) of resolution 2374 (2017) for actions taken that obstruct, or that obstruct by prolonged delay, or that threaten the implementation of the Agreement.

Ben Daha was a high-ranking officer of the Islamic police operating in Gao when the Mouvement pour l'unicité et le jihad en Afrique de l'Ouest (MUJAO) (QDe.134) controlled the town from June 2012 to January 2013. Ben Daha currently is deputy chief of staff of the regional coordination of the Mécanisme opérationnel de coordination (MOC) in Gao.

On 12 November 2018, the Plateforme in Bamako declared not to participate in forthcoming regional consultations, scheduled to be held from 13 to 17 November in accordance with the March 2018 roadmap agreed upon by all parties to the Peace and reconciliation Agreement in March 2018. The next day, in Gao, a coordination meeting was held by the military chief of staff of the Ganda Koy component of Coordination des mouvements et fronts patriotiques de résistance (CMFPR)-Plateforme, with representatives the MAA-Plateforme, to prevent the consultations to take place. The blockade was coordinated with Plateforme leadership in Bamako, the MAA-Plateforme, as well as Member of Parliament Mohamed Ould Mataly.

From 14 to 18 November 2018, dozens of MAA-Plateforme combatants together with those of the CMFPR factions obstructed the holding of regional consultations. Operating under the instruction and with the participation of Ben Daha, at least six pick-up truck vehicles from the Mouvement Arabe de l'Azawad (MAA-Plateforme) were positioned in front of the Gao governorate and its vicinity. Two MOC vehicles attributed to MAA-Plateforme were also observed at the scene.

On 17 November 2018, an incident took place between armed elements blocking access to the governorate and a FAMA patrol passing by the area, but was diffused before it could escalate and constitute a cease-fire violation. On 18 November 2018, a total of twelve vehicles and armed elements lifted the blockade of the governorate following a latest round of negotiations with the governor of Gao.

On 30 November 2018, Ben Daha organised an inter-Arab meeting in Tinfanda to discuss security and administrative restructuring. The meeting also included sanctioned individual Ahmoudou Ag Asriw (MLi.001) whom Ben Daha supports and defends.

Therefore, through effectively blocking discussions on key provisions of the Peace and Reconciliation Agreement related to the reform of the territorial structure of northern Mali, Ben Daha has obstructed the implementation of the Peace and Reconciliation Agreement. In addition, Ben Daha supports an individual identified as threatening the implementation of the Agreement through his involvement in ceasefire violations and organised criminal activity.

Additional information

Mohamed Ben Ahmed Mahri is being listed pursuant to paragraph 8 (c) of resolution 2374 (2017) for acting for or on behalf of or at the direction of or otherwise supporting or financing individuals and entities identified in paragraphs 8 (a) and (b) of resolution 2374 (2017), including through the proceeds from organised crime, including the production and trafficking of narcotic drugs and their precursors originating in or transiting through Mali, the trafficking in persons and the smuggling of migrants, the smuggling and trafficking of arms as well as the trafficking in cultural property.

Between December 2017 and April 2018, Mohamed Ben Ahmed Mahri commanded a trafficking operation of over 10 tons of Moroccan cannabis, moved in cooling trucks through Mauritania, Mali, Burkina Faso and Niger. In the night of 13 to 14 June 2018 a quarter of the shipment was confiscated in Niamey, while a rival group had allegedly stolen the remaining three quarters during the night of 12 and 13 April 2018.

In December 2017, Mohamed Ben Ahmed Mahri was in Niamey with a Malian national to prepare the operation. The latter was arrested in Niamey after he had flown in from Morocco with two Moroccan and two Algerian Nationals on 15 and 16 April 2018 to try and recuperate stolen cannabis. Three of his associates were also arrested, including a Moroccan national, who had been sentenced in Morocco in 2014 to five months imprisonment for drug trafficking.

Mohamed Ben Ahmed Mahri commands trafficking of cannabis resin to Niger straight through northern Mali, making use of convoys led by members of the Groupe d'autodéfense des Touaregs Imghad et leurs allies (GATIA), including sanctioned individual Ahmoudou Ag Asriw (MLi.001). Mohamed Ben Ahmed Mahri compensates Asriw for the use of these convoys. These convoys frequently generate clashes with competitors associated with the Coordination des Mouvements de l'Azawad (CMA).

Using his financial gains made in narcotics trafficking, Mohamed Ben Ahmed Mahri lends his support to terrorist armed groups, notably the sanctioned entity Al-Mourabitoun (QDe.141), attempting to bribe officials to release arrested combatants and facilitating fighters to integrate in the Mouvement Arabe pour l'Azawad (MAA) Plateforme.

Therefore, through the proceeds from organised crime, Mohamed Ben Ahmed Mahri supports an individual identified under paragraph 8(b) of resolution 2374 (2017) as threatening the implementation of the Agreement on Peace and Reconciliation in Mali, in addition to a terrorist group designated under resolution 1267.

Additional information

Mohamed Ould Mataly is being listed pursuant to paragraph 8 (b) of resolution 2374 (2017) for actions taken that obstruct, or that obstruct by prolonged delay, or that threaten the implementation of the Agreement.

On 12 November 2018, the *Plateforme* in Bamako declared not to participate in forthcoming regional consultations, scheduled to be held from 13 to 17 November in accordance with the March 2018 roadmap agreed upon by all parties to the Peace and reconciliation Agreement in March 2018. The next day, in Gao, a coordination meeting was held by the military chief of staff of the Ganda Koy component of *Coordination des mouvements et fronts patriotiques de résistance* (CMFPR)-*Plateforme*, with representatives the MAA-*Plateforme*, to prevent the consultations to take place. The blockade was coordinated with *Plateforme* leadership in Bamako, the MAA-*Plateforme*, as well as Member of Parliament Mohamed Ould Mataly.

His close associate Mahri Sidi Amar Ben Daha, alias Yoro Ould Daha, who resides in his property in Gao, participated in the blockade of the venue of the consultation at the Governor's office during this period.
