**Notice of initiation of an anti-dumping proceeding concerning imports of stainless steel fasteners and parts thereof originating in the People's Republic of China, Indonesia, Malaysia, the Philippines, Taiwan, Thailand and Vietnam**

(2004/C 212/02)

The Commission has received a complaint pursuant to Article 5 of Council Regulation (EC) No 384/96 <sup>(1)</sup> (the basic Regulation), alleging that imports of stainless steel fasteners and parts thereof originating in the People's Republic of China, Indonesia, Malaysia, the Philippines, Taiwan, Thailand and Vietnam (the countries concerned), are being dumped and are thereby causing material injury to the Community industry.

### 1. Complaint

The complaint was lodged on 15 July 2004 by the European Industrial Fastener Institute (EiFi) (the complainant) on behalf of producers representing a major proportion of the total Community production of stainless steel fasteners and parts thereof.

### 2. Product

The product allegedly being dumped is stainless steel fasteners and parts thereof, i.e. bolts, nuts and screws of stainless steel which are used to mechanically join two or more elements originating in the People's Republic of China, Indonesia, Malaysia, the Philippines, Taiwan, Thailand and Vietnam (the product concerned), normally declared within CN codes 7318 12 10, 7318 14 10, 7318 15 30, 7318 15 51, 7318 15 61, 7318 15 70 and 7318 16 30. These CN codes are only given for information.

### 3. Allegation of dumping

The allegation of dumping in respect of Malaysia, Taiwan and Thailand is based on a comparison of normal value established on the basis of domestic prices, with the export prices of the product concerned to the Community.

The allegation of dumping for Indonesia and the Philippines is based, in the absence of sufficient sales in the domestic market, on a comparison of a constructed normal value with the export prices of the product concerned to the Community.

In view of the provisions of Article 2(7) of the basic Regulation, the complainant established normal value for the People's Republic of China and Vietnam on the basis of the price in a market economy country, which is mentioned in point 5.1(d) of this notice. The allegation of dumping is based on a comparison of normal value, thus calculated, with the export prices of the product concerned when sold for export to the Community.

On this basis, the dumping margins calculated are significant for all exporting countries concerned.

### 4. Allegation of injury

The complainant has provided evidence that imports of the product concerned from the People's Republic of China, Indonesia, Malaysia, the Philippines, Taiwan, Thailand and Vietnam have increased overall in absolute terms and in terms of market share.

It is alleged that the volumes and the prices of the imported product concerned have, among other consequences, had a negative impact on the level of prices charged by the Community industry, resulting in substantial adverse effects on the financial situation, capacity utilisation and employment of the Community industry.

### 5. Procedure

Having determined, after consulting the Advisory Committee, that the complaint has been lodged by or on behalf of the Community industry and that there is sufficient evidence to justify the initiation of a proceeding, the Commission hereby initiates an investigation pursuant to Article 5 of the basic Regulation.

#### 5.1. Procedure for the determination of dumping and injury

The investigation will determine whether the product concerned originating in the People's Republic of China, Indonesia, Malaysia, the Philippines, Taiwan, Thailand and Vietnam is being dumped and whether this dumping has caused injury.

##### (a) Sampling

In view of the apparent large number of parties involved in this proceeding, the Commission may decide to apply sampling in accordance with Article 17 of the basic Regulation.

##### (i) Sampling for exporters/producers in the People's Republic of China and Taiwan

In order to obtain the information it deems necessary for the selection of the sample of importers, the Commission will, in addition, contact any known associations of importers.

#### (iii) Sampling for Community producers

In view of the large number of Community producers supporting the complaint, the Commission intends to investigate injury to the Community industry by applying sampling.

In order to enable the Commission to select a sample, all Community producers are hereby requested to provide the following information on their company or companies within the time limit set in point 6(b)(i) of this notice:

- name, address, e-mail address, telephone, and fax, and/or telex numbers and contact person,
- the total turnover in euro of the company during the period 1 July 2003 to 30 June 2004,

- any other relevant information that would assist the Commission in the selection of the sample,
- an indication of whether the company or companies agree to their inclusion in the sample, which implies replying to a questionnaire and accepting an on-the-spot investigation of their response.

(iv) Final selection of the samples

All interested parties wishing to submit any relevant information regarding the selection of the sample must do so within the time limit set in point 6(b)(ii) of this notice.

The Commission intends to make the final selection of the samples after having consulted the parties concerned that have expressed their willingness to be included in the sample.

Companies included in the samples must reply to a questionnaire within the time limit set in point 6(b)(iii) of this notice and must cooperate within the framework of the investigation.

If sufficient cooperation is not forthcoming, the Commission may base its findings, in accordance with Articles 17(4) and 18 of the basic Regulation, on the facts available.

(b) Questionnaires

In order to obtain the information it deems necessary for its investigation, the Commission will send questionnaires to the sampled Community industry and to any association of producers in the Community, to the sampled exporters/producers in the People's Republic of China and Taiwan, to the exporters/producers in Indonesia, Malaysia, the Philippines, Thailand and Vietnam, to any association of exporters/producers, to the sampled importers, to any association of importers named in the complaint, and to the authorities of the exporting countries concerned.

- (i) Exporters/producers in Indonesia, Malaysia, the Philippines, Thailand and Vietnam

All such interested parties should contact the Commission forthwith by fax, but not later than the time limit set out in point 6(a)(i) of this notice, in order to find out whether they are listed in the complaint and, if necessary, request a questionnaire, given that the time limit set in point 6(a)(ii) of this notice applies to all such interested parties.

- (ii) Exporters/producers claiming an individual margin in the People's Republic of China and Taiwan

Exporters/producers in the People's Republic of China and Taiwan claiming an individual margin, with a view to the application of Articles 17(3) and 9(6) of the basic Regulation, must submit a completed questionnaire within the time limit set in point 6(a)(ii) of this notice. They therefore have to request a questionnaire within the time limit set in point 6(a)(i) of this notice. However, such parties should be aware that if sampling is applied to exporters/producers, the Commission may nonetheless decide not to calculate an individual margin for them, if the number of exporters/producers is so large that individual examination would be unduly burdensome and would prevent the timely completion of the investigation.

(c) Collection of information and holding of hearings

All interested parties are hereby invited to make their views known, submit information other than questionnaire replies and to provide supporting evidence. This information and supporting evidence has to reach the Commission within the time limit set in point 6(a)(ii) of this notice.

Furthermore, the Commission may hear interested parties, provided that they make a request showing that there are particular reasons why they should be heard. This request must be made within the time limit set in point 6(a)(iii) of this notice.

(d) Selection of the market economy country

In accordance with Article 2(7)(a) of the basic Regulation, it is envisaged to choose India as an appropriate market economy country for the purpose of establishing normal value in respect of the People's Republic of China and Vietnam. Interested parties are hereby invited to comment on the appropriateness of this choice within the specific time limit set in point 6(c) of this notice.

(e) *Market economy status*

For those producers in the People's Republic of China and Vietnam who claim and provide sufficient evidence that they operate under market economy conditions, i.e. that they meet the criteria laid down in Article 2(7)(c) of the basic Regulation, normal value will be determined in accordance with Article 2(7)(b) of the basic Regulation. Producers intending to submit duly substantiated claims must do so within the specific time limit set in point 6(d) of this notice. The Commission will send claim forms to all producers in the People's Republic of China and Vietnam who have either been included in the sample or named in the complaint and to any association of exporters/producers named in the complaint, as well as to the authorities of the People's Republic of China and Vietnam.

5.2. *Procedure for assessment of Community interest*

In accordance with Article 21 of the basic Regulation and in the event that the allegations of dumping and injury caused thereby are substantiated, a decision will be reached as to whether the adoption of anti-dumping measures would not be against the Community interest. For this reason the Community industry, importers, their representative associations, representative users and representative consumer organisations, provided that they prove that there is an objective link between their activity and the product concerned, may, within the general time limits set in point 6(a)(ii) of this notice, make themselves known and provide the Commission with information. The parties which have acted in conformity with the precedent sentence may request a hearing setting the particular reasons why they should be heard within the time limit set in point 6(a)(iii) of this notice. It should be noted that any information submitted pursuant to Article 21 will only be taken into account if supported by factual evidence at the time of submission.

6. *Time limits*(a) *General time limits*

- (i) For parties to request a questionnaire or other claim forms

All interested parties should request a questionnaire or claim form as soon as possible, but not later than 10 days after the publication of this notice in the *Official Journal of the European Union*.

(iii) *Hearings*

All interested parties may also apply to be heard by the Commission within the same 40 day time limit.

(b) *Specific time limit in respect of sampling*

- (i) The information specified in point 5.1(a)(i), 5.1(a)(ii) and 5.1(a)(iii) concerning samples should reach the Commission within 15 days of the date of publication of this notice in the *Official Journal of the European Union*, given that the Commission intends to consult parties concerned that have expressed their willingness to be included in the sample on its final selection within a period of 21 days of the publication of this notice in the *Official Journal of the European Union*.
- (ii) All other information relevant for the selection of the sample as referred to in 5.1(a)(iv) must reach the Commission within a period of 21 days of the publication of this notice in the *Official Journal of the European Union*.

(c) *Specific time limit for the selection of the market economy country*

Parties to the investigation may wish to comment on the appropriateness of India which, as mentioned in point 5.1(d) of this notice, is envisaged as a market-economy country for the purpose of establishing normal value in respect of the People's Republic of China and Vietnam. These comments must reach the Commission within 10 days of the date of publication of this notice in the *Official Journal of the European Union*.

(d) *Specific time limit for submission of claims for market economy status and/or individual treatment*

Duly substantiated claims for market economy status (as mentioned in point 5.1(e) of this notice) and/or individual treatment pursuant to Article 9(5) of the basic Regulation must reach the Commission within 15 days of the date publication of this notice in the *Official Journal of the European Union*.

## 7. Written submissions, questionnaire replies and correspondence

All submissions and requests made by interested parties must be made in writing (not in electronic format, unless otherwise specified and must indicate the name, address, e-mail address, telephone and fax, and/or telex numbers of the interested party). All written submissions, including the information requested in this notice, questionnaire replies and correspondence provided by interested parties on a confidential basis shall be labelled as 'Limited' <sup>(1)</sup> and, in accordance with Article 19(2) of the basic Regulation, shall be accompanied by a non-confidential version, which will be labelled 'For inspection by interested parties'.

Where it is found that any interested party has supplied false or misleading information, the information shall be disregarded and use may be made of the facts available. If an interested party does not cooperate or cooperates only partially, and findings are therefore based on facts available in accordance with Article 18 of the basic Regulation, the result may be less favourable to that party than if it had cooperated.
