## NOTICE OF OPEN COMPETITION

EPSO/AD/372/19

ADMINISTRATORS IN THE FIELD OF AUDIT (AD 5/AD 7)

(2019/C 156 A/01)

**Deadline for registration: 12 June 2019 at 12.00 (midday), CET**

The European Personnel Selection Office (EPSO) is organising an open competition, based on qualifications and tests, to draw up reserve lists from which the institutions of the European Union, primarily the European Commission in Brussels and the European Court of Auditors in Luxembourg, may recruit new members of the civil service as '**administrators**' (function group AD).

This notice of competition and its annexes form the legally binding framework for this selection procedure.

Please see ANNEX III for the general rules governing open competitions.

**Number of successful candidates sought:**

**Grade AD 5: 84**

**Grade AD 7: 37**

This notice covers two grades. **You may only apply to one.** You must make your choice when you apply online and you will not be able to change it after you have validated your online application form. However, **under certain conditions** described under point 3) **Eligibility checks**, your application to grade AD 7 may be reassigned by the selection board into grade AD 5.

**WHAT TASKS CAN I EXPECT TO PERFORM?**

This competition is being held to recruit Administrators in the field of audit.

In the European Union (EU) institutions, Administrators mostly support decision-makers.

The auditors of the EU institutions undertake a variety of audits depending on the institution and service to which they are attached and these may be external, internal and ex-post control audit. The types of audits conducted may include financial, performance and compliance ones, or a combination of these.

In particular, auditors provide assurance to the management of the organisation by undertaking audits in a broad range of EU policy areas examining compliance with laws and regulations and value for money.

They assess how well risks are being managed, the organisation is being governed and internal processes are working. The scope and nature of audits can vary significantly and cover various administrative and operational processes.

They also provide assurance and advisory services in all operational fields of the EU and as such may be required to operate in various EU Member States and third countries during their career.

Auditors also provide consulting services, advising management on how to improve management and control systems and processes.

Please see ANNEX I for more information about the typical duties to be performed.

#### **AMI ELIGIBLE TO APPLY?**

You must meet ALL of the following general and specific conditions on the closing date for online applications:

##### **1) General conditions:**

- Enjoy full rights as a citizen of a Member State of the EU
- Meet any obligations under national laws on military service
- Meet the character requirements for the duties concerned

##### **2) Specific conditions – languages:**

You must have knowledge of **at least 2 official EU languages**; one at minimum C1 level (thorough knowledge) and the other at minimum B2 level (satisfactory knowledge).

Please note that the minimum levels required above must apply to each linguistic ability (speaking, writing, reading and listening) requested in the application form. These abilities reflect those of the *Common European Framework of Reference for Languages* (<https://europass.cedefop.europa.eu/en/resources/european-language-levels-cefr>).

In this notice of competition we will refer to the languages as:

- Language 1: language used for the computer-based Multiple-Choice Question tests
- Language 2: language used for the selection based on qualifications (Talent Screener), for the assessment centre tests and for communication between EPSO and the candidates who have submitted a valid application.

Language 1 must be different from language 2.

#### **Language 2 must be English or French.**

Candidates are informed that the language 2 options in this competition have been defined in line with the interests of the services, which require new recruits to be immediately operational and capable of communicating effectively in their daily work. Otherwise the efficient functioning of the institutions could be severely impaired.

As regards the Commission, while knowledge of additional languages may be an advantage, most audit departments have recourse to English or French for the following reasons:

- the functions carried out by auditors imply frequent contacts with different services within the Commission, including the analysis of documents produced by these services and oral or written interactions with members of staff. Evidence shows that the written production on which auditors would have to rely for carrying out their duties is produced mainly in English or French;
- the activities carried out in the field of this competition imply frequent contacts in a large number of Member States, notably those receiving EU funding, or third countries, either with public authorities or with legal or natural persons. English and French are the most used languages to communicate with those countries and carry out the duties of auditors. Moreover, contacts with external stakeholders are established mainly in English and French;
- in addition, exchanges with the Court of Auditors and more generally peers within the international audit community and European networks, which are essential for institutional cooperation, continuous training and professional development, take place mainly in English or French.

Pursuant to the Court of Auditors Decision No 22-2004 on rules for the translation of documents for Court, Groups and Administrative Committee (CA) meetings, the Court's drafting/pivot languages are English and French. In this way, administrators assigned to audit tasks will always be able to prepare draft documents or letters, apply and consult internal documents, and communicate as part of their audit tasks with in-house colleagues, audited parties and external experts, without having to go through a third party or use translation services. This meets the need for efficiency, effectiveness and economy.

The language choice is therefore service-oriented and consequently, a successful candidate not having a satisfactory knowledge of one of these two languages would not be immediately operational.

Consequently, in balancing the interests and needs of the services and the abilities of candidates, and given the particular field of this competition, it is legitimate to organise tests in both these languages so as to ensure that all candidates, whatever their language 1, are able to work in at least one of these two official languages. To ensure equal treatment for all candidates, everyone — including those whose language 1 is one of the two — must take some tests in their language 2, chosen from among these two. Assessing specific competencies in this way allows the institutions to evaluate candidates' ability to be immediately operational in an environment that closely matches the reality they would face on the job.

### 3) *Specific conditions - qualifications and work experience:*

— *For grade AD 5:*

1. A level of education which corresponds to completed university studies of **at least 3 years** attested by a diploma in the field of audit, economics, accounting, finance, law, business administration and/or informatics.

**or**

2. A professional qualification of an equivalent level to the afore-mentioned studies in the field of audit, economics, accounting, finance, law, business administration and/or informatics.

— For grade AD 7:

1. A level of education which corresponds to completed university studies of **at least 4 years** attested by a diploma, followed by **a minimum of 6 years' relevant professional experience**, of which **at least 3 years** in the field of audit (internal or external, including IT audit).

**or**

2. A professional qualification of an equivalent level to the studies mentioned in point 1 above, followed by **a minimum of 6 years' relevant professional experience**, of which **at least 3 years** in the field of audit (internal or external, including IT audit).

**or**

3. A level of education which corresponds to completed university studies of **at least 3 years** attested by a diploma, followed by **a minimum of 7 years' relevant professional experience**, of which **at least 4 years** in the field of audit (internal or external, including IT audit).

**or**

4. A professional qualification of an equivalent level to the studies mentioned in point 3 above, followed by **a minimum of 7 years' relevant professional experience**, of which **at least 4 years** in the field of audit (internal or external, including IT audit).

Please see ANNEX IV for examples of minimum qualifications

#### HOW WILL I BE SELECTED?

##### 1) *Application process*

When completing your application form, you will have to select a language 1 and a language 2. You will have to select your language 1 from among any of the 24 official EU languages and your language 2 from among English and French. You will also be asked to confirm your eligibility for the competition and provide further information **relevant to the competition** (for example: diplomas, work experience and answers to field-related questions (Talent Screener)).

You can select any of the 24 official EU languages when completing your application form, except for the **Talent Screener** section which **must be completed in your language 2** for the following reasons: the Talent Screener is subject to a comparative assessment by the Selection Board, it is used as a reference document by the Board during the field-related interview at the assessment centre, and is used for recruitment purposes if a candidate is successful. It is therefore in the interests of the services and the candidates to complete the Talent Screener in Language 2.

Please note that your whole application form will be accessed by the Selection Board (during the competition) and by the HR services of the European Institutions (for recruitment in case you are a successful candidate) who work in a limited number of vehicular languages. In case you succeed in the competition and your name is placed on the reserve list, you will be asked to provide a translation of the application form into language 2 (English or French) to the recruiting services if you have used another language for filling in the application form.

By validating your application form you declare on your honour that you meet all the conditions mentioned under the section 'Am I eligible to apply?' Once you have validated your application form, you will no longer be able to make any changes. It is your responsibility to ensure that you complete and validate your application **within the deadline**.

## 2) Computer-based Multiple-Choice Question (MCQ) tests

If the number of candidates **exceeds a certain threshold** for each grade, as defined by the director of EPSO acting as Appointing Authority, all candidates who validated their application form by the deadline will be invited to sit a series of computer-based MCQ tests in one of EPSO's accredited centres.

Unless instructed otherwise, **you must book** an appointment for the MCQ tests following the instructions received from EPSO. Typically you will be offered several dates on which you can sit the tests, in various locations. The booking and testing periods **are limited**.

If the number of candidates **is below the threshold**, these tests will be held at the assessment centre (point 5) instead.

The computer-based MCQ tests will be organised as follows:

Tests	Language	Questions	Duration	Pass mark
Verbal reasoning	Language 1	20 questions	35 min	10/20
Numerical reasoning	Language 1	10 questions	20 min	Numerical + abstract combined: 10/20
Abstract reasoning	Language 1	10 questions	10 min	

These tests are eliminatory and do not count towards the other tests held at the assessment centre.

## 3) Eligibility checks

The eligibility requirements laid down in the section 'Am I eligible to apply?' above will be checked against the data provided in candidates' online applications. EPSO will check whether you meet the general eligibility conditions while the Selection Board will check compliance with the specific eligibility conditions under the sections 'Education and Training', 'Professional Experience' and 'Language Skills' of the candidates' online application.

There are 2 possible scenarios:

- If the computer-based MCQ tests **are organised upfront**, the files of the candidates will be checked for eligibility in descending order of the marks obtained in those tests until the number of eligible candidates reaches a certain threshold defined for each grade before the tests by the director of EPSO acting as Appointing Authority. The other files will not be checked.
- If the computer-based MCQ tests **are not organised upfront**, the files of all candidates who validated their application form by the deadline will be checked for eligibility.

**Grade AD 7 candidates:** during the check for eligibility, the selection board may reassign your application to grade AD 5 if you meet the following conditions:

- if the MCQ tests were organised upfront, you reached one of the **highest total scores** for grade AD 7, and
- according to the data given in your application you **do not meet the eligibility requirements** for grade AD 7 but you do meet those for grade AD 5, and

- you **gave your consent** for reassignment to grade AD 5 when you applied, and
  
- if the MCQ tests were organised upfront, you reached one of the **highest total scores** also for grade AD 5.

In that case, you will be considered as candidate to grade AD 5 for the rest of the procedure.

Any such reassignment will take place before the selection based on qualifications takes place and will be made on the basis of the information given in your online application. Candidates whose marks are below the threshold set for grade AD 7 will not be considered for transfer to grade AD 5.

#### 4) **Selection based on qualifications (Talent Screener)**

In order to allow the selection board to carry out an objective assessment of the comparative merits of all candidates in a structured way, all candidates in the same grade must answer the same set of questions in the 'Talent Screener' section of the application form in language 2. The selection based on qualifications will be carried out, **only for those candidates deemed eligible** as described above in point 3, using **solely** the information provided in this Talent Screener section. **You should therefore include all relevant information in your Talent Screener answers, even if already mentioned in other sections of your application form.** The questions are based on the selection criteria included in this notice.

Please see ANNEX II for the list of criteria.

To carry out the selection based on qualifications, the Selection Board will first assign each **selection criterion** a weighting that reflects its relative importance (1 to 3) and each of the candidate's responses will be awarded between 0 and 4 points. The points are multiplied by the weighting for each criterion and added up to identify those candidates whose profiles best match the duties to be performed.

Only the candidates with the highest total marks at the selection based on qualifications will go through to the next stage.

#### 5) **Assessment centre**

**A maximum of 3 times** the number of successful candidates sought for each grade will be invited to this phase. If you meet the eligibility requirements according to the data in your online application and if you scored one of the **highest overall marks** for the selection based on qualifications, you will be invited to attend an assessment centre for 1 or 2 days, most probably in **Brussels**, where you will take tests held in your **language 2**.

If the computer-based MCQ tests described in point 2 were **not organised upfront**, you will sit them at the assessment centre. These tests are eliminatory and the marks obtained will not be added to the marks of the other assessment centre tests in the calculation of your total score.

Unless instructed otherwise, you will have to bring a USB key containing scanned copies of your supporting documents to your assessment centre. EPSO will download your files during your assessment centre tests and return the USB key to you on the same day.

Eight general competencies, as well as the field-related competencies required for this competition, will be tested at the assessment centre through **four tests** (general competency-based interview, field-related interview, group exercise, and case study) as described in the following matrices:

Competency	Tests	
1. Analysis and problem-solving	Group exercise	Case study
2. Communication	Case study	General competency-based interview
3. Delivering quality and results	Case study	General competency-based interview
4. Learning and development	Group exercise	General competency-based interview
5. Prioritising and organising	Group exercise	Case study
6. Resilience	Group exercise	General competency-based interview
7. Working with others	Group exercise	General competency-based interview
8. Leadership	Group exercise	General competency-based interview

**Pass marks:** 3/10 per competency and 40/80 in total

Competency	Test	Pass mark
Field-related competencies	Field-related interview	50/100

#### 6) **Reserve list**

After checking candidates' supporting documents and qualifications (Talent Screener), the Selection Board will draw up a **reserve list** for each grade — until the number of successful candidates sought is reached — of those eligible candidates who have obtained all pass marks as well as the highest overall marks following the assessment centre. Names will be listed alphabetically.

The reserve lists and the competency passports, giving qualitative feedback from the Selection Board, of successful candidates will be made available to the EU institutions for recruitment procedures and future career development. Inclusion on a reserve list **does not confer any right to or guarantee of** recruitment.

#### **EQUAL OPPORTUNITIES AND SPECIAL ADJUSTMENTS**

EPSO endeavours to apply equal opportunities, treatment and access to all candidates.

If you have a disability or a medical condition that may affect your ability to sit the tests, please indicate this in your application form and let us know the type of special adjustments you need.

Discover more about our equal opportunities policy and procedure to request special adjustments on our website ([https://epso.europa.eu/how-to-apply/equal-opportunities\\_en](https://epso.europa.eu/how-to-apply/equal-opportunities_en)) and in the General rules annexed to this notice (under point 1.3. Equal opportunities and special adjustments).

**WHEN AND WHERE CAN I APPLY?**

In order to apply, you will first need to create an EPSO account. Please note that you must create only one account for all EPSO applications.

Apply online on the EPSO website <http://jobs.eu-careers.eu> by:

**12 June 2019 at 12.00 (midday), CET.**

---

## ANNEX I

**DUTIES**

This open competition is being held to recruit Administrators (AD 5/AD 7) in the field of audit.

The main duties may include, but are not limited to:

- Developing a good understanding and knowledge of the business processes of auditees;
- Performing audit risk assessments as part of the planning process;
- Undertaking performance, compliance and value for money audits in a broad range of EU policy areas and business processes;
- Performing preliminary analysis aimed at determining objectives and scope of audit engagements;
- Undertaking systems based and substantive testing to assess the effectiveness of the auditee's risk management, governance and internal control processes;
- Validating audit findings with the auditee;
- Communicating audit findings, risks and recommendations through clear and concise draft/final reports;
- Providing advisory/consultancy services made at the request of management;
- Conducting follow-up audits to ensure recommendations have been effectively implemented in practice.

In addition to the above, grade AD 7 successful candidates may be required to:

- Plan appropriate audit procedures to meet the objectives of the audit engagements;
- Lead audit assignments allocating tasks within the audit team;
- Supervise the audit work carried out by the audit team members.

End of ANNEX I, [click here](#) to return to main text

---

## ANNEX II

**SELECTION CRITERIA**

The Selection Board considers the following criteria for the selection based on qualifications:

**For grade AD 5:**

1. A recognised internal, external audit (including IT audit) / accountancy certification or professional qualification;
2. Professional internal or external audit experience of at least 1 year;
3. Professional experience of at least 1 year in IT auditing;
4. Experience in developing audit methodology (excluding audit engagements) or in providing audit training courses;
5. Professional experience of at least 1 year in auditing EU-funded expenditure/programmes;
6. Professional experience in consultancy services (excluding audit engagements);
7. Professional experience in one or more of the following fields: accounting, internal control, financial management, banking and finance, informatics and/or project management;
8. Practical application of Computer Assisted Audit Techniques (CAATs).

**For grade AD 7:**

1. A recognised internal, external audit (including IT audit)/accountancy certification or professional qualification;
2. Professional internal or external audit experience of at least 1 year, in addition to the experience required under point 3 '**Specific conditions — qualifications and work experience**' of the notice of competition);
3. Professional experience of at least 1 year in IT auditing;
4. Experience in developing audit methodology (excluding audit engagements) or in providing audit training courses;
5. Professional experience of at least 1 year in auditing EU-funded expenditure/programmes;
6. Professional experience in consultancy services (excluding audit engagements);

7. Professional experience in one or more of the following fields: accounting, internal control, financial management, banking and finance, informatics and/or project management;
8. Practical application of Computer Assisted Audit Techniques (CAATs);
9. Professional experience of at least 2 years in leading an audit team.

End of ANNEX II, [click here](#) to return to main text

---

## ANNEX III

## GENERAL RULES GOVERNING OPEN COMPETITIONS

## GENERAL INFORMATION

Any reference, in the framework of selection procedures organised by EPSO, to a person of a specific gender must be deemed also to constitute a reference to a person of any other gender.

Where candidates tie for the last available place at any stage of the competition, they will all go through to the next stage of the competition. Any re-admitted candidates following a successful appeal will also be invited to the next stage.

Where candidates tie for the last available place on the reserve list, they will all be included on the reserve list. Any re-admitted candidates following a successful appeal at this stage of the procedure will also be added to the reserve list.

## 1. WHO CAN APPLY?

1.1. *General and specific conditions*

The general and specific conditions (including knowledge of languages) for each field or profile are indicated in the section 'Am I eligible to apply?'

Specific conditions regarding qualifications, professional experience and knowledge of languages vary depending on the profile requested. In your application, you should include as much information as possible regarding your qualifications and professional experience (where required) as described in the section 'Am I eligible to apply?' of this notice **that is relevant to the duties**.

- (a) **Diplomas and/or certificates:** Diplomas, whether issued in EU or non-EU countries, must be recognised by an official EU Member State body, e.g. an EU Member State's education ministry. The Selection Board will allow for differences between education systems.

For post-secondary education and technical, professional or specialist training, indicate the subjects covered, the duration and whether it was full-time, part-time or an evening class.

- (b) **Professional experience** (if required) will be taken into account only if it is relevant to the required duties and:

- constitutes genuine and effective work;
- is remunerated;
- involves a subordinate relationship or the supply of a service; and
- subject to the following conditions:
  - **voluntary work:** if remunerated and involving similar weekly hours and duration to a regular job;

- **traineeships:** if remunerated;
  
- **compulsory military service:** completed before or after the required diploma for a period not exceeding the statutory duration in your Member State;
  
- **maternity/paternity/adoption leave:** if covered by an employment contract;
  
- **doctorate:** for a maximum of 3 years, provided the doctorate was actually obtained, and whether or not the work was remunerated; and
  
- **part-time work:** calculated *pro rata* on the basis of the number of hours worked, e.g. half-time for 6 months would count as 3 months.

### 1.2. **Supporting documents**

At different steps of the selection procedure, you will need to provide an official document proving your citizenship (e.g. passport or identity card) which must be valid on the closing date of your application (closing date of the first part of your application in the case of a 2-part application scenario).

All periods of professional activity must be covered by originals or certified photocopies of:

- **documents from former and current employer(s)** stating the nature and level of duties performed, and start and end dates, with the official header and stamp of the company, and the name and signature of the person in charge; or
  
- **employment contract(s) and first and last pay slips**, with a detailed description of the duties performed;
  
- (for non-salaried work, e.g. self-employed, liberal professions) **invoices or order forms** detailing the work performed or any other relevant official supporting documents;
  
- (for conference interpreters where professional experience is required) documents attesting **the number of days**, and **languages interpreted** from and into, relating specifically to conference interpreting.

In general, no supporting documents are required to prove your knowledge of languages, except for some linguist or specialist profiles.

You may be asked for additional information or documents at any stage of the procedure. EPSO will inform you of what supporting documents you need to provide and when.

### 1.3. **Equal opportunities and special adjustments**

If you have a disability or a medical condition that may hinder your ability to sit the tests, please indicate this in your application form and let us know the type of special adjustments you need. If a disability or condition develops after you have validated your application, you must inform EPSO as soon as possible using the information indicated below.

Please note that you will have to send a certificate from your national authority or a medical certificate to EPSO in order for your request to be taken into consideration. Your supporting documents will be examined, so that reasonable accommodation can be made where required.

Should you encounter any accessibility issues, or should you require more information, please contact the EPSO-accessibility team by:

— email (EPSO-accessibility@ec.europa.eu);

— fax (+32 22998081); or

— post:

European Personnel Selection Office (EPSO)  
EPSO accessibility  
Avenue de Cortenbergh/Kortenberglaan 25  
1049 Bruxelles/Brussel  
BELGIQUE/BELGIË

## 2. BY WHOM WILL I BE ASSESSED?

A Selection Board is appointed to compare candidates and select the best ones on the basis of their competencies, aptitudes and qualifications in the light of the requirements set out in this notice of competition. Its members also decide on the difficulty of the competition tests and approve their content on the basis of proposals made by EPSO.

To ensure the Selection Board's independence, it is strictly forbidden for candidates or anyone outside the board to attempt to contact any of its members, except in the context of tests which require direct interaction between the candidates and the board.

Candidates who wish to state their case or assert their rights must do so in writing, addressing their correspondence intended for a Selection Board to EPSO, which will pass it on to the board. Any direct or indirect intervention by candidates that does not comply with these procedures is forbidden and may result in disqualification from the competition.

The existence of a family relationship or a hierarchical link between a candidate and a Selection Board member, in particular, gives rise to a conflict of interest. Selection Boards are asked to declare any such situations to EPSO immediately when they become aware of them. EPSO will evaluate each case individually and take the appropriate measures. The non-respect of the above mentioned rules could make Selection Board members liable to disciplinary action and result in disqualification from the competition for candidates (see section 4.4).

The names of the Selection Board members are published on the EPSO website ([www.eu-careers.eu](http://www.eu-careers.eu)) before the beginning of the assessment centre/phase.

## 3. COMMUNICATION

### 3.1. *Communication with EPSO*

You should consult your EPSO account **at least twice a week** to keep track of your progress during the competition. If you are prevented from doing so because of a technical problem on EPSO's side, you must notify EPSO immediately and exclusively via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)).

EPSO reserves the right not to supply information that is already clearly stated in this notice of competition, its annexes or on the EPSO website, including under 'frequently asked questions'.

In all correspondence relating to an application, please mention your **name** as given in your EPSO account, your **application number** and the **reference number of the selection procedure**.

EPSO applies the principles of the code of good administrative behaviour [https://ec.europa.eu/info/about-european-union/principles-and-values/ethics-and-integrity/code-conduct-eu-staff\\_en](https://ec.europa.eu/info/about-european-union/principles-and-values/ethics-and-integrity/code-conduct-eu-staff_en) (as published in the *Official Journal*). Accordingly, EPSO reserves the right to cease any improper (i.e. repetitive, abusive and/or irrelevant) correspondence.

### 3.2. **Access to information**

Candidates have specific rights of access to certain information concerning them individually, granted in the light of the obligation to state reasons, in order to allow for an appeal against rejection decisions.

This obligation to state reasons must be balanced with the confidentiality of the Selection Board proceedings, which ensures the boards' independence and the objectivity of the selection. Due to confidentiality, attitudes adopted by members of Selection Boards regarding the individual or comparative assessments of candidates cannot be disclosed.

These access rights are specific to candidates in an open competition and legislation on public access to documents may not confer on them rights broader than those specified in this section.

#### 3.2.1. *Automatic disclosure*

You will **automatically receive** the following information via your EPSO account after each stage of the selection process organised for a given competition:

- **MCQ tests:** your results and a grid with your answers and the correct answers by reference number/letter. Access to **the text of the questions and answers is explicitly excluded**;
- **eligibility:** whether you were admitted; if not, the eligibility conditions that were not met;
- **Talent Screener:** your results and a grid with the question weightings, the points awarded for your answers and your total score;
- **preliminary tests:** your results;
- **intermediate tests:** your results if you are not amongst the candidates invited to the next phase;
- **assessment centre/phase:** if you are not disqualified, your competency passport showing your overall marks for each competency and the Selection Board's comment providing quantitative and qualitative feedback on your performance at the assessment centre/phase.

As a rule, EPSO does not communicate to candidates any source texts or test assignments, as these are intended for re-use in future competitions. For certain tests, however, it may exceptionally publish the source texts or assignments on its website if:

- the tests have been completed;
- the results have been established and communicated to candidates; and

— the source texts/assignments are not intended for reuse in future competitions.

### 3.2.2. *Information on request*

You may request an **uncorrected** copy of your answers in written tests where the content is **not intended for reuse** in future competitions. This explicitly excludes answers to e-tray exercises and case studies.

Your corrected answer papers and the details of the marking, in particular, are covered by the secrecy of Selection Board proceedings and **will not be disclosed**.

EPSO endeavours to make as much information available to candidates as possible, in accordance with the obligation to state reasons, the confidential nature of Selection Board proceedings and the rules on the protection of personal data. All requests for information will be evaluated in light of these obligations.

Any requests for information should be submitted via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)) within 10 calendar days of the day your results were published in your EPSO account.

## 4. COMPLAINTS AND ISSUES

### 4.1. *Technical and organisational issues*

If, at any stage of the selection procedure, you encounter a serious technical or organisational problem, in order to allow us to investigate the issue and take corrective measures, **please inform EPSO exclusively** via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)).

In all correspondence, please mention your **name** (as given in your EPSO account), your **application number** and the **reference number of the selection procedure**.

**If the problem occurs at a test centre**, please:

- alert the invigilators immediately so that a solution can be investigated at the centre itself. In any case, ask them to record your complaint in writing; and
- contact EPSO no later than 3 calendar days after your tests via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)) with a brief description of the problem.

For **problems occurring outside test centres** (e.g. mainly concerning the test booking process), please follow the instructions in your EPSO account and on EPSO's website or contact EPSO immediately via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)).

For issues with your application, you must contact EPSO immediately and in any case before the deadline for applications via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en)). Queries sent less than 5 working days before the deadline for applications might not be answered before the deadline.

### 4.2. *Internal review procedures*

#### 4.2.1. *Error in the computer-based multiple choice questions (MCQs)*

The MCQ database is subject to permanent in-depth quality control by EPSO and Selection Boards.

If you believe that an error in one or more of the MCQs affected your ability to answer, you are entitled to ask for the question(s) to be reviewed by the Selection Board (under the 'neutralisation' procedure).

Under this procedure, the Selection Board may decide to cancel the question containing the error and to redistribute the points among the remaining questions of the test. Only those candidates who received that question will be affected by the recalculation. The marking of the tests remains as indicated in the relevant sections of this notice of competition.

Arrangements for complaints about the MCQ tests are as follows:

- **procedure:** please contact EPSO **only via the EPSO website** ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en));
- **language:** in the Language 2 you chose for the competition in question;
- **deadline:** within **3 calendar** days of the date of your computer-based tests;
- **additional information:** describe what the question was about (content) in order to identify the question(s) concerned, and explain the nature of the alleged error as clearly as possible.

**Requests received after the deadline or that do not clearly describe the contested question(s) and alleged error will not be taken into account.**

In particular, complaints merely pointing out alleged issues of translation, and which do not clearly specify the problem, will not be taken into account.

**The same review procedure applies with regard to errors in the e-tray exercise.**

#### 4.2.2. *Requests for review*

You can request a review of any **decision** taken by the Selection Board or EPSO that establishes your results and/or determines whether you can proceed to the next stage of the competition or are excluded.

Requests for review may be based on:

- a material irregularity in the competition process; and/or
- non-compliance, by the Selection Board or EPSO, with the Staff Regulations, the notice of competition, its annexes and/or case law.

Please note that you are not allowed to challenge the validity of the Selection Board's assessment of the quality of your performance in a test or the relevance of your qualifications and professional experience. This assessment is a value judgment made by the board and your disagreement with the board's evaluation of your tests, experience and/or qualifications does not prove that it has made an error. Requests for review submitted on this basis will not lead to a positive outcome.

Arrangements for requests for review are as follows:

- **procedure:** please contact EPSO only via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en));
- **language:** in the Language 2 you chose for the competition in question;
- **deadline:** within **10 calendar days** of the date on which the contested decision was published in your EPSO account;

— **additional information:** indicate clearly the decision you wish to contest and on what grounds.

**Requests received after the deadline will not be taken into account.**

You will receive an acknowledgment of receipt within 15 working days. The body which took the contested decision (either the Selection Board or EPSO) will analyse and decide on your request and you will receive a reasoned reply as soon as possible.

**If the outcome is positive, you will be re-entered in the selection process at the stage at which you were excluded**, regardless of how far the competition has progressed in the meantime.

#### 4.3. *Other forms of contestation*

##### 4.3.1. *Administrative complaints*

As a candidate in an open competition, you have the right to address an administrative complaint to the Director of EPSO acting as the appointing authority.

You may submit a complaint against a decision, or lack thereof, that directly and immediately affects your legal status as a candidate, only if the rules governing the selection procedure have clearly been infringed. **The Director of EPSO cannot overturn a value judgment made by a Selection Board** (see section 4.2.2).

Arrangements for administrative complaints are as follows:

— **procedure:** please contact EPSO only via the EPSO website ([https://epso.europa.eu/help\\_en](https://epso.europa.eu/help_en));

— **language:** in the Language 2 you chose for the competition in question;

— **deadline:** within **3 months** of notification of the contested decision or of the date by which a decision should have been made;

— **additional information:** indicate clearly the decision you wish to contest and on what grounds.

**Requests received after the deadline will not be taken into account.**

##### 4.3.2. *Judicial appeals*

As a candidate in an open competition, you have the right to submit a judicial appeal to the General Court, under Article 270 of the Treaty on the Functioning of the European Union and Article 91 of the Staff Regulations.

Note that appeals against decisions taken by EPSO rather than by the Selection Board will not be admissible before the General Court unless an administrative complaint under Article 90(2) of the Staff Regulations has first been made (see section 4.3.1). In particular, this is the case with the decisions concerning the general eligibility criteria, which are taken by EPSO not the Selection Board.

Arrangements for judicial appeals are as follows:

- **procedure:** please consult the website of the General Court (<http://curia.europa.eu/jcms/>).

#### 4.3.3. *European Ombudsman*

All EU citizens and residents can make a complaint to the European Ombudsman.

**Before you submit a complaint to the Ombudsman, you must first make the appropriate administrative approaches to the institutions and bodies concerned** (see sections 4.1-4.3).

Making a complaint to the Ombudsman does not extend the deadlines for lodging administrative complaints or judicial appeals.

Arrangements for complaints to the Ombudsman are as follows:

- **procedure:** please consult the website of the European Ombudsman (<http://www.ombudsman.europa.eu/>).

#### 4.4. *Disqualification from the selection procedure*

You may be disqualified at any stage in a selection procedure if EPSO finds that you:

- have created more than one EPSO account;
- have applied to incompatible fields or profiles;
- do not meet all the eligibility conditions;
- made false declarations or declarations unsupported by the appropriate documents;
- have failed to book or sit one or more of your tests;
- have cheated during the tests;
- did not declare in your application form the languages required in this Notice of Competition, or did not declare the minimum level(s) required for those languages;
- attempted to contact a member of the Selection Board in an unauthorised manner;
- failed to inform EPSO of a possible conflict of interest with a Selection Board member;

- submitted your application in a language other than that/those specified in this notice of competition (allowances may be made regarding the use of another language for proper nouns, official titles and job titles as indicated in the supporting documents or labels/titles of diplomas); and/or
- signed or wrote a distinctive mark on anonymously marked written or practical tests.

Candidates for recruitment by the EU institutions must show the highest possible integrity. Fraud or attempted fraud may render you liable to penalty and compromise your eligibility for future competitions.
