## EUROPEAN COMMISSION

**Commission notice concerning the application of the transitional rules of origin providing for diagonal cumulation between the applying Contracting Parties <sup>(1)</sup> in the pan-Euro-Mediterranean (PEM) zone**

(2022/C 202/01)

For the purpose of the application of diagonal cumulation of origin among the applying Contracting Parties, the applying Contracting Parties concerned notify each other, through the European Commission, of the origin rules in force with the other applying Contracting Parties.

It is recalled that diagonal cumulation (of working, processing and/or materials) can only be applied if the applying Contracting Parties of final manufacture and of final destination have concluded free trade agreements, containing identical rules of origin, with all the applying Contracting Parties participating in the acquisition of originating status.

Products originating in an applying Contracting Party which has not concluded an agreement with the applying Contracting Parties of final manufacture and/or of final destination shall be treated as non-originating.

Based on the notifications made by the applying Contracting Parties to the European Commission, the tables attached specify:

Table 1 – a simplified overview of cumulation possibilities on 1 April 2022.

Table 2 – the date from which diagonal cumulation becomes applicable.

In Table 1, an 'X' marks the existence between 2 partners of a free trade agreement containing rules of origin allowing cumulation based on the transitional rules of origin. To use diagonal cumulation with a third partner, an 'X' should be present in all the intersection of the table between the 3 partners.

In Table 2, the dates mentioned refer to the date of application of diagonal cumulation on the basis of Article 8 of Appendix A to each protocol on rules of origin between the applying Contracting Parties. In that case the date is preceded by '(T)'.

A list of applying Contracting Parties having opted to extend the application of Article 7(3) of the transitional rules provided by Appendix A to the bilateral protocols on rules of origin on importation of products falling within Chapters 50 to 63 unilaterally is contained in Annex I

The codes for the applying Contracting Parties listed in the tables are given here below.

<sup>(1)</sup> 'applying Contracting Party' means a Contracting Party to the PEM Convention that incorporates the PEM transitional rules of origin in its bilateral preferential trade agreements with another Contracting Party to the PEM Convention

COUNCIL DECISION

of 16 May 2022

**adopting the Council's position on draft amending budget No 3 of the European Union for the  
financial year 2022**

(2022/C 202/02)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 314 thereof, in conjunction with the Treaty establishing the European Atomic Energy Community, and in particular Article 106a thereof,

Having regard to Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012<sup>(1)</sup>, and in particular Article 44 thereof,

Whereas:

- the Union's budget for the financial year 2022 was definitively adopted on 24 November 2021<sup>(2)</sup>;
- on 22 April 2022, the Commission submitted a proposal containing draft amending budget No 3 to the general budget for the financial year 2022;
- the Council needs to proceed without delay with the adoption of its position on draft amending budget No 3 to the general budget for 2022, which would contribute to the financing, in the Member States, of the first reception and registration costs of people fleeing Ukraine as a consequence of the Russian aggression against Ukraine. It is therefore justified to provide for an exception to the eight-week period referred to in Article 4 of Protocol No 1 on the role of national Parliaments in the European Union, annexed to the Treaty on European Union, to the Treaty on the Functioning of the European Union and to the Treaty establishing the European Atomic Energy Community.

HAS DECIDED AS FOLLOWS:
