

**New national sides of euro circulation coins**

(2014/C 410/06)

Euro circulation coins have legal tender status throughout the euro area. The Commission publishes all new euro coin designs <sup>(1)</sup> with a view to informing all parties required to handle coins in the course of their work as well as the public at large.

Spain has updated the design of the Spanish national face of the 1 and 2 euro coins to be produced from 2015 in order to illustrate the change in the position of the Head of State. 1 and 2 euro coins from previous years featuring the old Spanish national face will remain valid. The designs on the other denominations remain unchanged.
