PROCEDURES RELATING TO THE IMPLEMENTATION OF THE COMMON
COMMERCIAL POLICY

EUROPEAN COMMISSION

**Notice of initiation of a partial interim review of the anti-dumping measures applicable to imports
of certain tube and pipe fittings of iron or steel originating, inter alia, in the Republic of Korea**

(2015/C 58/08)

The European Commission ('the Commission') has received a request for a partial interim review pursuant to Article 11(3) of Council Regulation (EC) No 1225/2009 of 30 November 2009 on protection against dumped imports from countries not members of the European Community ⁽¹⁾ ('the basic Regulation').

1. Request for review

The request for review was lodged by TK Corporation ('the applicant'), an exporting producer from the Republic of Korea ('the country concerned').

The partial interim review is limited in scope to the examination of dumping as far as the applicant is concerned.

2. Product under review

The product subject to this review is tube and pipe fittings (other than cast fittings, flanges and threaded fittings), of iron or steel (not including stainless steel), with a greatest external diameter not exceeding 609,6 mm, of a kind used for butt-welding or other purposes, originating, inter alia, in the Republic of Korea ('the product under review'), currently falling within CN codes ex 7307 93 11, ex 7307 93 19 and ex 7307 99 80.

3. Existing measures

The measures currently in force are a definitive anti-dumping duty imposed by Commission Implementing Regulation (EU) No 1283/2014 ⁽²⁾.

4. Grounds for the review

The request pursuant to Article 11(3) of the basic Regulation is based on *prima facie* evidence, provided by the applicant, that, as far as the applicant is concerned, and as far as dumping is concerned, the circumstances on the basis of which the existing measures were imposed have changed and that these changes are of a lasting nature.

The applicant alleges that circumstances have changed since the investigation leading to the determination of the level of the existing measures and that they are of a lasting nature since they relate to changes both in the structure of the Korean domestic market and TK Corporation's export sales to the Union. The applicant also claims a change in its cost and organisational structure following a significant expansion of its production capacities.

⁽¹⁾ OJ L 343, 22.12.2009, p. 51.

⁽²⁾ Commission Implementing Regulation (EU) No 1283/2014 of 2 December 2014 imposing a definitive anti-dumping duty on imports of certain tube and pipe fittings, of iron or steel, originating in the Republic of Korea and Malaysia following an expiry review pursuant to Article 11(2) of Council Regulation (EC) No 1225/2009 (OJ L 347, 3.12.2014, p. 17).

Furthermore, the applicant provided *prima facie* evidence showing that the continued imposition of the measures at their current levels is no longer necessary to counteract the injurious dumping. A comparison of the applicant's own domestic prices and its export prices to customers in the Union indicates that the dumping margin appears to be lower than the current level of the measures.

Therefore, the applicant alleges that the continued imposition of the measures at the existing level, which was based on the level of injury previously established, appears to be no longer necessary to offset the effects of injurious dumping as previously established.

5. Procedure

Having determined, after informing the Member States, that sufficient evidence exists to justify the initiation of a partial interim review limited to the examination of dumping as far as the applicant is concerned, the Commission initiates a review in accordance with Article 11(3) of the basic Regulation.

The investigation will assess the need for the amendment, maintaining or repealing of the existing measures in respect of the applicant.

5.1. Investigating the exporting producer concerned

In order to obtain information it deems necessary for its investigation with regard to the applicant, the Commission will send a questionnaire to the applicant.

The applicant must submit the completed questionnaire within 37 days of the date of publication of this Notice in the *Official Journal of the European Union*, unless otherwise specified.

6. Non-cooperation

In cases where any interested party refuses access to or does not provide the necessary information within the time limits, or significantly impedes the investigation, findings, affirmative or negative, may be made on the basis of facts available, in accordance with Article 18 of the basic Regulation.

Where it is found that any interested party has supplied false or misleading information, the information may be disregarded and use may be made of facts available.

If an interested party does not cooperate or cooperates only partially and findings are therefore based on facts available in accordance with Article 18 of the basic Regulation, the result may be less favourable to that party than if it had cooperated.

Failure to give a computerised response shall not be deemed to constitute non-cooperation, provided that the interested party shows that presenting the response as requested would result in an unreasonable extra burden or unreasonable additional cost. The interested party should immediately contact the Commission.

7. Hearing Officer

Interested parties may request the intervention of the Hearing Officer for trade proceedings. The Hearing Officer acts as an interface between the interested parties and the Commission investigation services. A request for a hearing with the Hearing Officer should be made in writing and should specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this Notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within specific deadlines set by the Commission in its communication with the parties.

The Hearing Officer will also provide opportunities for a hearing involving parties to take place which would allow different views to be presented and rebuttal arguments offered on issues pertaining, among other things, to dumping.
