

**Notice of initiation of a partial interim review of the anti-dumping measures applicable to imports of biodiesel originating in the United States of America, as extended to imports consigned from Canada, whether declared as originating in Canada or not**

(2015/C 162/10)

The European Commission ('the Commission') has received a request for a partial interim review pursuant to Articles 11(3) and 13(4) of Council Regulation (EC) No 1225/2009 of 30 November 2009 on protection against dumped imports from countries not members of the European Community <sup>(1)</sup> ('the basic Regulation').

### 1. Request for review

The request for review was lodged by DSM Nutritional Products ('the applicant'), an exporting producer from Canada ('the country concerned').

The review is limited in scope to the examination of the possibility of granting an exemption from the anti-dumping measures applicable to imports of biodiesel originating in the United States of America, as extended to imports consigned from Canada, whether declared as originating in Canada or not, as far as the applicant is concerned.

### 2. Product under review

The product subject to this review is fatty-acid mono-alkyl esters and/or paraffinic gasoil obtained from synthesis and/or hydro-treatment, of non-fossil origin, commonly known as 'biodiesel', in pure form or in a blend containing by weight more than 20 % of fatty-acid mono-alkyl esters and/or paraffinic gasoil obtained from synthesis and/or hydro-treatment, of non-fossil origin, originating in the United States of America or consigned from Canada, whether declared as originating in Canada or not ('the product under review'), currently falling within CN codes ex 1516 20 98, ex 1518 00 91, ex 1518 00 99, ex 2710 19 43, ex 2710 19 46, ex 2710 19 47, ex 2710 20 11, ex 2710 20 15, ex 2710 20 17, ex 3824 90 92, ex 3824 90 93, 3826 00 10 and ex 3826 00 90.

### 3. Existing measures

The measures currently in force are a definitive anti-dumping duty imposed by Council Regulation (EC) No 599/2009 <sup>(2)</sup>, and extended to imports consigned from Canada, whether declared as originating in Canada or not, and to imports of biodiesel in a blend containing by weight 20 % or less of biodiesel originating in the United States of America by Council Implementing Regulation (EU) No 444/2011 <sup>(3)</sup> ('the existing measures').

### 4. Grounds for the review

The request pursuant to Articles 11(3) and 13(4) of the basic Regulation is based on *prima facie* evidence, provided by the applicant, demonstrating that the applicant is a genuine producer of the product under review able to produce the entire quantity that it has shipped to the Union since the start of the investigation period of the anti-circumvention investigation leading to the imposition of the existing measures.

Furthermore, the applicant alleges that it is not related to any exporting producers subject to the existing measures, and that it is not circumventing the existing measures.

### 5. Procedure

## 6. Non-cooperation

In cases where any interested party refuses access to or does not provide the necessary information within the time limits set out in the basic Regulation, or significantly impedes the investigation, findings, affirmative or negative, may be made on the basis of facts available, in accordance with Article 18 of the basic Regulation.

Where it is found that any interested party has supplied false or misleading information, the information shall be disregarded and use may be made of facts available, in accordance with Article 18 of the basic Regulation.

If an interested party does not cooperate or cooperates only partially and findings are therefore based on facts available in accordance with Article 18 of the basic Regulation, the result may be less favourable to that party than if it had cooperated.

Failure to give a computerised response shall not be deemed to constitute non-cooperation, provided that the interested party shows that presenting the response as requested would result in an unreasonable extra burden or unreasonable additional cost. The interested party should immediately contact the Commission.

The Hearing Officer may organise a hearing with an individual interested party and mediate to ensure that the interested parties' rights of defence are being fully exercised.

A request for a hearing with the Hearing Officer should be made in writing and should specify the reasons for the request. For hearings on issues pertaining to the initial stage of the investigation the request must be submitted within 15 days of the date of publication of this Notice in the *Official Journal of the European Union*. Thereafter, a request to be heard must be submitted within specific deadlines set by the Commission in its communication with the parties.

The Hearing Officer will also provide opportunities for a hearing involving parties to take place which would allow different views to be presented and rebuttal arguments offered on issues pertaining, among other things, to the possibility of granting the exemption to the applicant.
