**COUNCIL REGULATION (EEC) No 2800/79
of 10 December 1979**

opening and providing for the administration of a Community preferential ceiling for certain petroleum products refined in Turkey and establishing Community supervision of imports thereof

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas, pending the entry into force of the Supplementary Protocol signed in Ankara on 30 June 1973 containing the adjustments to be made to the Agreement establishing an association between the European Economic Community and Turkey and to the Additional Protocol⁽¹⁾ consequent on the accession of new Member States, the Community has undertaken, in an Interim Agreement⁽²⁾ which runs only for a limited period prior to the entry into force of this Supplementary Protocol, which is applicable until 31 December 1974 but which has been extended for 1980 in accordance with the terms laid down in Article 13 thereof, to implement certain provisions of the Supplementary Protocol relating to trade in goods; whereas under Article 6 of the Interim Agreement amending the first paragraph of the Sole Article of Annex 1 to the Additional Protocol, the Community must totally suspend the customs duties applicable to certain petroleum products falling within Chapter 27 of the Common Customs Tariff, refined in Turkey, within the limit of an annual Community tariff quota of 340 000 tonnes; whereas, for the products concerned a provisional adjustment should be made to these tariff preferences, consisting essentially of substituting for the Community tariff quota a Community ceiling which amounts, after successive increases, to 458 000 tonnes, above which the customs duties applicable to third countries may be reintroduced;

Whereas the application of the ceiling requires that the Community should be regularly informed of the trend of imports of these products refined in Turkey; whereas imports of these products should therefore be subject to a system of supervision;

Whereas this objective may be attained by means of an administrative procedure based on setting off imports of the products in question against the ceiling, at Community level, as and when these products are submitted to the customs authorities under cover of declarations that they have been made available for free circulation; whereas this administrative procedure must make provision for the reintroduction of the Common Customs Tariff duty as soon as the said ceiling has been reached at Community level;

Whereas this administrative procedure requires close and very rapid cooperation between the Member States and the Commission, which must be able to monitor the amounts set off against the ceiling and keep the Member States informed thereof; whereas this cooperation must be all the closer to enable the Commission to take adequate measures to reintroduce the Common Customs Tariff duty whenever the ceiling is reached,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1980 the Common Customs Tariff duties shall, subject to Article 2, be totally suspended for the petroleum products, refined in Turkey, specified below, within a limit of a Community ceiling of 458 000 tonnes:

COUNCIL REGULATION (EEC) No 2801/79
of 10 December 1979

opening, allocating and providing for the administration of Community tariff quotas for certain textile products falling within heading Nos 55.05 and 55.09 and subheading ex 58.01 A of the Common Customs Tariff and originating in Turkey (1980)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas, pending the entry into force of the Supplementary Protocol signed in Ankara on 30 June 1973 containing the adjustments to be made to the Agreement establishing an Association between the European Economic Community and Turkey and to the Additional Protocol⁽¹⁾ consequent on the accession of new Member States, the Community has undertaken, in an Interim Agreement⁽²⁾ which runs only for the period prior to the entry into force of this Supplementary Protocol which is applicable until 31 December 1974 but which has been extended for 1980 in accordance with the terms laid down in Article 13 thereof, to implement certain provisions of the Supplementary Protocol relating to trade in goods; whereas, under Article 6 of this Interim Agreement amending Article 1 of Annex 2 to the Additional Protocol, the Community must reduce by 75 % the customs duties on imports from Turkey of certain textile products falling within heading Nos 55.05 and 55.09 of the Common Customs Tariff, within the limit of annual Community tariff quotas of 390 tonnes for cotton yarn and 1 390 tonnes for woven fabrics of cotton; whereas the abovementioned Article 6 allocates these Community tariff quotas as follows:

— for cotton yarn:

300 tonnes to the Community as originally constituted, 40 tonnes to Denmark, 10 tonnes to Ireland and 40 tonnes to the United Kingdom;

— for woven fabrics of cotton:

1 000 tonnes to the Community as originally constituted, 20 tonnes to Denmark, 10 tonnes to Ireland and 360 tonnes to the United Kingdom;

Whereas Article 14 of the said Supplementary Protocol only provides for such an allocation of tariff quotas between the Community as originally

constituted and the three new Member States until 1 July 1977; whereas, moreover, following the end of the transitional period laid down in Article 39 of the Act of Accession, it is necessary to create a common system of administration of the tariff quotas concerned, consisting in each case of the opening of a single quota divided between all the Member States according to the usual criteria and the creation of a single Community reserve, open to all Member States;

Whereas it is desirable to provide for a provisional adjustment of the tariff advantages for these goods consisting of a total suspension of the customs duties of the Common Customs Tariff and an increase in the quotas; whereas the volumes of the quotas to be opened for 1980 are therefore 1 077 tonnes for cotton yarn and 2 536 tonnes for other woven fabrics of cotton;

Whereas pursuant to Article 1 of Annex 2 to the Additional Protocol together with Article 2 of the Interim Agreement, for the duration of 1980 in particular, the Community must partially reduce the duties applicable in respect of third countries to carpets, carpeting and rugs, knotted (made up or not) of wool or of fine animal hair (excluding hand-made carpets, carpeting and rugs) imported from Turkey; whereas it also appears advisable to improve this tariff advantage provisionally by means of a total suspension of the duties applicable to the products in question within a Community tariff quota fixed at a provisional level of 194 tonnes for 1980 and allocated in accordance with the same percentages as those adopted for 1979;

Whereas, it is necessary to guarantee to all Community importers equal and uninterrupted access to the abovementioned quotas and uninterrupted application of the rate laid down for those quotas to all imports of the product concerned into all Member States until the quota has been used up; whereas in the light of the principles mentioned above, the Community nature of the quotas can best be respected by allocating the Community tariff quotas among the Member States; whereas, in order to reflect most accurately the actual development of

⁽¹⁾ OJ No L 293, 29. 12. 1972, p. 4.

⁽²⁾ OJ No L 277, 3. 10. 1973, p. 2.

the market in the product concerned, such allocation shall be in proportion to the needs of the Member States, assessed by reference both to the statistics of each State's imports from Turkey over a representative period and to the economic outlook for the quota period concerned; whereas, in spite of the limited need for imports from Turkey of the products concerned, as shown by the statistics for

the majority of the Member States the Community character of the tariff quotas concerned should be safeguarded by making provisions to cover needs which might arise in these Member States;

Whereas imports into the various Member States from Turkey were as follows during the last three years for which complete statistics are available:

	1976		1977		1978	
	tonnes	%	tonnes	%	tonnes	%
<i>Cotton yarn</i>						
Benelux	13 648	18.31	9 427	18.40	12 565	17.50

United Kingdom	90	2.92	124	5.09	192	11.83
	3 078		2 437		1 623.4	

Whereas in view of these figures and foreseeable market trends for the products concerned during 1980, the initial shares may be fixed approximately at the following percentages:

	<i>Cotton yarn</i>	<i>Other woven fabrics of cotton</i>
Benelux	16.16	20.08
Denmark	8.71	1.80
Germany	35.86	15.05
France	4.29	22.55
Ireland	2.27	0.92
Italy	23.99	7.50
United Kingdom	8.72	32.10

Whereas in order to take into account the uncertainty of the import trends for the products concerned in the Member States, the quota volumes should be divided into two instalments, the first instalment being allocated to the Member States, and the second held as a reserve intended ultimately to cover the requirements

of those Member States which have used up their initial shares; whereas, in order to ensure a certain degree of security to importers, the first instalment should be determined at a relatively high level, which, under present circumstances, may be about 80 % of each quota volume;

Whereas the initial quota shares of the Member States may be used up at different times; whereas, in order to take this fact into account and avoid any break in continuity, it is important that any Member State having used up almost the whole of one of its initial quota shares should draw an additional quota share from the corresponding reserve; whereas, this must be done by each Member State as and when each of its additional quota shares is almost entirely used up, and repeated as many times as each of the reserves allows; whereas each of the initial and additional quota shares must be available for use until the end of the quota period; whereas this method of administration calls

for close cooperation between Member States and the Commission, which must, in particular, be able to observe the extent to which the quota amount is used and inform Member States thereof;

Whereas, at a specified date in the quota period, a considerable balance remains in one or other Member State it is essential that that Member State pays a percentage of it back into the corresponding reserve, in order to prevent a part of one or other of the Community quotas from remaining unused in one Member State when it could be used in others;

Whereas the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united in and represented by the Benelux Economic Union, all transactions concerning the administration of shares granted to the abovementioned economic union may be carried out by any one of its members,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1980, Community tariff quotas shall be opened for the following products coming from Turkey, as shown below:

CCT heading No	Description	Quota (tonnes)
55.05	Cotton yarn, not put up for retail sale	1 077

hair, shall be shared among the Member States; the shares which, subject to Article 5 shall be valid until 31 December 1980, shall be as follows:

(in tonnes)

2. The second instalment of each quota, amounting to 245, 492 and 35 tonnes respectively, shall make up the corresponding reserve.

Article 3

1. If 90 % or more of one of any Member State's initial shares, as laid down in Article 2 (1) or 90 % of that share less the amount returned into the corresponding reserve, where Article 5 has been applied, has been used up, that Member State shall without delay, by notifying the Commission, draw a second share in the quota equal to 15 % of its initial share, rounded up to the next unit where appropriate, to the extent that the amount in the reserve allows.

2. If, after one or other of its initial shares has been used up, 90 % or more of the second share drawn by one of the Member States has been used up, that Member State shall, in the manner provided for in paragraph 1, draw a third share equal to 7.5 % of its initial share.

3. If, after one or other of its second shares has been used up, 90 % or more of the third share drawn by a Member State has been used up, the latter shall, in the same manner, draw a fourth share equal to the third.

This procedure shall be followed until the reserve has been exhausted.

4. Notwithstanding paragraphs 1, 2 and 3, Member States may draw smaller shares than those fixed in those paragraphs if there is reason to believe that those shares might not be used up. They shall inform the Commission of their reasons for applying this paragraph.

Article 4

Each of the additional shares drawn pursuant to Article 3 shall be valid until 31 December 1980.

Article 5

The Member States shall return to the reserve, not later than 1 October 1980, the unused portion of their initial share which, on 15 September 1980, is in excess of 20 % of the initial amount. They may return a greater portion if there are grounds for believing that such portion may not be used in full.

Member States shall, not later than 1 October 1980, notify the Commission of the total imports of the products concerned effected under the Community quotas up to and including 15 September 1980, and, where appropriate the proportion of each of their initial shares that they are returning to each of the reserves.

Article 6

The Commission shall keep account of the shares opened by Member States in accordance with Articles 2 and 3, and shall inform each of them of the extent to which the reserves have been used as soon as it receives the notifications.

It shall, not later than 5 October 1980, notify the Member States of the state of each of the reserves after the return of shares pursuant to Article 5.

It shall ensure that any drawing which uses up a reserve is limited to the balance available and, for this purpose, shall specify the amount thereof to the Member State which makes the final drawing.

Article 7

1. Member States shall take all measures necessary to ensure that, when additional shares are drawn pursuant to Article 3, it is possible for imports to be counted without interruption against their accumulated shares of the Community tariff quotas.

2. Member States shall ensure for importers of the products concerned established in their territory free access to the shares allocated to them.

3. Member States shall charge imports of the said goods against their shares as and when the goods are entered with customs authorities for free circulation.

4. The extent to which the Member States' shares have been used up shall be established on the basis of imports counted in accordance with paragraph 3.

Article 8

On receipt of a request from the Commission, Member States shall inform it of imports of the products concerned actually charged against their shares.

Article 9

The Member States and the Commission shall cooperate closely in order to ensure that this Regulation is respected.

Article 10

This Regulation shall enter into force on 1 January 1980.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

COMMISSION REGULATION (EEC) No 2804/79
of 13 December 1979

fixing minimum levies on the importation of olive oil and levies on the importation of other olive oil sector products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats⁽¹⁾, as last amended by Regulation (EEC) No 590/79⁽²⁾, and in particular Article 16 (2) thereof,

Having regard to Council Regulation (EEC) No 2749/78 of 23 November 1978 on trade in oils and fats between the Community and Greece⁽³⁾, and in particular Article 5 (2) thereof,

Having regard to Council Regulation (EEC) No 1514/76 of 24 June 1976 on imports of olive oil originating in Algeria⁽⁴⁾, as amended by Regulation (EEC) No 2761/78⁽⁵⁾, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1521/76 of 24 June 1976 on imports of olive oil originating in Morocco⁽⁶⁾, as last amended by Regulation (EEC) No 2761/78, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1508/76 of 24 June 1976 on imports of olive oil originating in Tunisia⁽⁷⁾, as amended by Regulation (EEC) No 2761/78, and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1180/77 of 17 May 1977 on imports into the Community of certain agricultural products originating in Turkey⁽⁸⁾, as amended by Regulation (EEC) No 2766/78⁽⁹⁾, and in particular Article 10 (2) thereof,

Having regard to Council Regulation (EEC) No 1620/77 of 18 July 1977 laying down detailed rules for the importation of olive oil from Lebanon⁽¹⁰⁾,

Whereas by Regulation (EEC) No 3131/78 of 28 December 1978⁽¹¹⁾ the Commission decided to use the tendering procedure to fix levies on olive oil;

Whereas Article 3 of Regulation (EEC) No 2751/78 of 23 November 1978 laying down general rules for fixing the import levy on olive oil by tender⁽¹²⁾ specifies that the minimum levy rate shall be fixed for each of the products concerned on the basis of the situation on the world or Greek markets and the Community market and of the levy rates indicated by tenderers;

Whereas in the collection of the levy account should be taken of the provisions in the Agreements between the Community and certain third countries; whereas in particular the levy applicable for those countries must be fixed taking as a basis for calculation the levy to be collected on imports from the other third countries;

Whereas application of the rules recalled above to the levy rates indicated by tenderers on 10 and 11 December 1979 leads to the minimum levies being fixed as indicated in Annex I to this Regulation;

Whereas the import levy on olives falling within subheadings 07.01 N II and 07.03 A II of the Common Customs Tariff and on products falling within subheadings 15.17 B I and 23.04 A II of the Common Customs Tariff must be calculated from the minimum levy applicable on the olive oil contained in these products; whereas, however, the levy charged for olive oil may not be less than an amount equal to 8 % of the value of the imported product, such amount to be fixed at a standard rate; whereas application of these provisions leads to the levies being fixed as indicated in Annex II to this Regulation,

HAS ADOPTED THIS REGULATION:

COMMISSION REGULATION (EEC) No 2805/79

of 13 December 1979

fixing the export refunds on malt

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organiza-
tion of the market in cereals⁽¹⁾, as last amended by
Regulation (EEC) No 1547/79⁽²⁾, and in particular the
fourth subparagraph of Article 16 (2) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75
provides that the difference between quotations or
prices on the world market for the products listed in
Article 1 of those Regulations and prices for those
products within the Community may be covered by
an export refund;

Whereas Article 2 of Council Regulation (EEC) No
2746/75 of 29 October 1975 laying down general
rules for granting export refunds on cereals and
criteria for fixing the amount of such refunds⁽³⁾,
provides that when refunds are being fixed account
must be taken of the existing situation and the future
trend with regard to prices and availabilities of cereals
on the Community market on the one hand and
prices for cereals and cereal products on the world
market on the other; whereas the same Article
provides that it is also important to ensure equili-
brium and the natural development of prices and
trade on cereal markets and, furthermore, to take into
account the economic aspect of the proposed exports,
and the need to avoid disturbances on the Commu-
nity market;

Whereas Council Regulation (EEC) No 2744/75 of 29
October 1975 on the import and export system for
products processed from cereals and from rice⁽⁴⁾, as
last amended by Regulation (EEC) No 2245/78⁽⁵⁾,
defines the specific criteria to be taken into account
when the refund on these products is being calcu-
lated;

Whereas it follows from applying these detailed rules
to the present situation on the market in products
processed from cereals and rice that the export refund
should be fixed at an amount which will cover the
difference between Community prices and world
market prices;

Whereas the world market situation or the specific
requirements of certain markets may make it neces-
sary to vary the refund for certain products according
to destination;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2.25 %, a rate of exchange based on
their effective parity;
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each
of these currencies recorded for a given period in
relation to the Community currencies referred to
in the previous indent;

Whereas the refund must be fixed once a month;
whereas it may be altered in the intervening period;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on malt listed in Article 1 (d) of
Regulation (EEC) No 2727/75 subject to Regulation
(EEC) No 2744/75 shall be as set out in the Annex
hereto.

Article 2

This Regulation shall enter into force on 14
December 1979.

COMMISSION REGULATION (EEC) No 2806/79

of 13 December 1979

on the exchange between the Member States and the Commission of certain information concerning pigmeat and repealing Regulation (EEC) No 2330/74

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat⁽¹⁾, as last amended by Regulation (EEC) No 1423/78⁽²⁾, and in particular Article 22 thereof,

Whereas Article 22 of Regulation (EEC) No 2759/75 provides that the Member States and the Commission shall communicate to each other the information necessary for implementing that Regulation; whereas it is necessary, if the information required to operate the organized market is to be available on a standard basis and in due time, to define in detail the obligations of the Member States as regards the communication of information;

Whereas the application of the intervention measures provided for in Article 3 of Regulation (EEC) No 2759/75 requires precise knowledge of the market; whereas, in order to achieve the highest degree of comparability, the prices for slaughtered pigs to be taken into account should be those for all important grades on the Community scale for grading pig carcasses as set out in Council Regulation (EEC) No 2760/75⁽³⁾ at the marketing stage as defined in Commission Regulation (EEC) No 1229/72⁽⁴⁾ and on the markets listed in the Annex to Council Regulation (EEC) No 2762/75⁽⁵⁾; whereas, in particular, for the purposes of the regular review referred to in Article 3 of Council Regulation (EEC) No 2765/75⁽⁶⁾ and in order that intervention measures may be prepared in sufficient time, such information must be available regarding piglet prices as will enable future changes in the market to be assessed; whereas, however, Italy is at present not in a position to provide all the information required;

Whereas it may occur that quotations are not received by the Commission; whereas a situation must be avoided where the lack of a quotation causes an abnormal evolution in the market prices calculated by the Commission; whereas the missing quotation or

quotations should be replaced by the last quotation available; whereas the use of the last quotation available is no longer possible after a certain period without quotations, which may lead to the presumption of an abnormal situation in the market concerned;

Whereas in order to obtain a view of the market which is as accurate as possible it is desirable that regular information on the other products of the pigmeat sector is available to the Commission, as well as other information which Member States have at their disposal;

Whereas this Regulation incorporates the provisions of Commission Regulation (EEC) No 2330/74⁽⁷⁾, as last amended by Regulation (EEC) No 1188/77⁽⁸⁾; whereas Regulation (EEC) No 2330/74 may therefore be repealed;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:

Article 1

1. The Member States shall communicate to the Commission at the latest on the Thursday of each week concerning the preceding week:

- (a) the quotations as determined in accordance with Regulation (EEC) No 2760/75 per 100 kilograms of pig carcass of commercial grade II at the marketing stage as defined in Regulation (EEC) No 1229/72 and recorded in the markets listed in the Annex to Regulation (EEC) No 2762/75;
- (b) the representative quotations for piglets per head of an average live weight of approximately 20 kilograms.

2. Where one or more quotations are not received by the Commission the latter shall take into account the last quotation available. Where a quotation or quotations are missing for the third consecutive week, the Commission shall no longer take that or those quotations into account.

Article 2

The Member States shall communicate to the Commission once a month for the preceding month the average market price for pig carcasses for commercial grades E to IV as specified in Annex I to Regulation (EEC) No 2760/75.

However, as regards Italy, the information referred to in the preceding subparagraph shall be communicated only with effect from 1 January 1983.

Article 3

The Member States shall, at the Commission's request, communicate the following information, where available concerning products covered by Regulation (EEC) No 2759/75:

- (a) market prices in Member States for products imported from non-member countries;

Article 4

The Commission shall evaluate the information transmitted by the Member States and shall communicate it to the Management Committee for Pigmeat.

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Whereas Commission Regulation (EEC) No 2524/79⁽³⁾ postponed the dates fixed for wine deliveries from the 1978/79 wine-growing year by deferring until 31 December 1979 the final date for the delivery of wine for distillation; whereas, in order to make clear that this postponement does not preclude those producers who are eligible therefor from availing themselves of intervention measures for the 1979/80 wine-growing year, it should be stated that the reference period referred to in Article 12 of

COMMISSION REGULATION (EEC) No 2810/79
of 13 December 1979
fixing the export refunds on milk and milk products

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products⁽¹⁾, as last amended by Regulation (EEC) No 1761/78⁽²⁾, and in particular Article 17 (4) thereof,

Having regard to the opinion of the Monetary Committee,

Whereas Article 17 of Regulation (EEC) No 804/68 provides that the difference between prices in international trade for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 876/68 of 28 June 1968 laying down general rules for granting export refunds on milk and milk products and criteria for fixing the amount of such refunds⁽³⁾, as amended by Regulation (EEC) No 2429/72⁽⁴⁾, provides that when the refunds on the products listed in Article 1 of Regulation (EEC) No 804/68, exported in the natural state, are being fixed account must be taken of:

- the existing situation and the future trend with regard to prices and availabilities of milk and milk products on the Community market and prices for milk and milk products in international trade;
- marketing costs and the most favourable transport charges from Community markets to ports or other points of export in the Community, as well as costs incurred in placing the goods on the market of the country of destination;
- the aims of the common organization of the market in milk and milk products which are to ensure equilibrium and the natural development of prices and trade on this market;

— the need to avoid disturbances on the Community market; and

— the economic aspect of the proposed exports;

Whereas Article 3 (1) of Regulation (EEC) No 876/68 provides that when prices within the Community are being determined account should be taken of the ruling prices which are most favourable for exportation, and that when prices in international trade are being determined particular account should be taken of:

- (a) prices ruling on third country markets;
- (b) the most favourable prices in third countries of destination for third country imports;
- (c) producer prices recorded in exporting third countries, account being taken, where appropriate, of subsidies granted by those countries; and
- (d) free-at-Community-frontier offer prices;

Whereas Article 4 of Regulation (EEC) No 876/68 provides that the world market situation or the specific requirements of certain markets may make it necessary to vary the refund on the products listed in Article 1 of Regulation (EEC) No 804/68 according to destination;

Whereas Article 5 (1) of Regulation (EEC) No 876/68 provides that the list of products on which export refunds are granted and the amount of such refunds should be fixed at least once every four weeks; whereas the amount of the refund may, however, remain at the same level for more than four weeks;

Whereas Article 2 of Commission Regulation (EEC) No 1098/68 of 27 July 1968 on detailed rules for the application of export refunds on milk and milk products⁽⁵⁾, as last amended by Regulation (EEC) No 37/75⁽⁶⁾, provides that the refund on products falling within subheading 04.02 B is equal to the sum of two

components, the first representing the quantity of milk products and the second representing the quantity of added sucrose; whereas, however, the latter component applies only if the added sucrose was produced from beet or cane harvested within the Community;

Whereas for the products falling within subheading 04.02 B II a) or 04.02 B II b) 1 with a fat content not exceeding 9.5 % by weight, the first component referred to above is fixed for 100 kilograms of the whole product; whereas, for the other products falling within subheading 04.02 B, this component is calculated by multiplying the basic amount by the milk product content of the product in question; whereas this basic amount is the refund on one kilogram of milk products contained in the product;

Whereas the second component is calculated by multiplying the sucrose content of the product by the basic amount of the refund valid on the day of exportation for the products listed in Article 1 (1) (d) of Council Regulation (EEC) No 3330/74 of 19 December 1974 on the common organization of the market in sugar⁽¹⁾, as last amended by Regulation (EEC) No 1396/78⁽²⁾;

Whereas, if the refund system is to operate normally, refunds should be calculated on the following basis:

- in the case of currencies which are maintained in relation to each other at any given moment within a band of 2.25 %, a rate of exchange based on their effective parity;
- for other currencies, an exchange rate based on the arithmetic mean of the spot market rates of each of these currencies recorded for a given period in relation to the Community currencies referred to in the previous indent;

Whereas the special conditions concerning the payment of the refund for skimmed-milk powder for

use as feed in the country of destination were laid down in Regulation (EEC) No 2054/76⁽³⁾, as last amended by Regulation (EEC) No 2949/78⁽⁴⁾;

Whereas the level of refund for cheeses is calculated for products intended for direct consumption; whereas the cheese rinds and cheese wastes are not products intended for this purpose; whereas, to avoid any confusion in interpretation, it should be specified that there will be no refund for these products which fall within heading No 04.04;

Whereas it follows from applying these detailed rules to the present situation on the market in milk and milk products, and in particular to prices for these products within the Community and on the world market, that the refund should be as set out in the Annex hereto;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

1. The export refunds referred to in Article 17 of Regulation (EEC) No 804/68 on products exported in the natural state shall be as set out in the Annex hereto.

COMMISSION REGULATION (EEC) No 2811/79
of 13 December 1979

fixing the export refunds on cereals and on wheat or rye flour, groats and meal

THE COMMISSION OF THE EUROPEAN
COMMUNITIES,

Having regard to the Treaty establishing the European
Economic Community,

Having regard to Council Regulation (EEC) No
2727/75 of 29 October 1975 on the common organ-
ization of the market in cereals⁽¹⁾, as last amended by
Regulation (EEC) No 1547/79⁽²⁾, and in particular the
first sentence of the fourth subparagraph of Article 16
(2) thereof,

Having regard to the opinion of the Monetary
Committee,

Whereas Article 16 of Regulation (EEC) No 2727/75
provides that the difference between quotations or
prices on the world market for the products listed in
Article 1 of that Regulation and prices for those
products in the Community may be covered by an
export refund;

Whereas Article 2 of Council Regulation No (EEC)
No 2746/75 of 29 October 1975 laying down general
rules for granting export refunds on cereals and
criteria for fixing the amount of such refunds⁽³⁾,
provides that when refunds are being fixed account
must be taken of the existing situation and the future
trend with regard to prices and availabilities of cereals
on the Community market on the one hand and
prices for cereals and cereal products on the world
market on the other; whereas the same article
provides that it is also important to ensure equi-
librium and the natural development of prices and
trade on cereal markets and, furthermore, to take into
account the economic aspect of the proposed exports
and the need to avoid disturbances on the Commu-
nity market;

Whereas Article 3 of Regulation (EEC) No 2746/75
defines the specific criteria to be taken into account
when the refund on cereals is being calculated;

Whereas these specific criteria are defined, as far as
wheat and rye flour, groats and meal are concerned, in
Article 4 of Regulation (EEC) No 2746/75; whereas,
furthermore, when the refund on these products is
being calculated, account must be taken of the quanti-
ties of cereals required for their manufacture; whereas

these quantities were fixed in Regulation No 162/
67/EEC⁽⁴⁾, as amended by Regulation (EEC) No
1607/71⁽⁵⁾;

Whereas the world market situation or the specific
requirements of certain markets may make it neces-
sary to vary the refund for certain products according
to destination;

Whereas the refund must be fixed once a month;
whereas it may be altered in the intervening period;

Whereas, if the refund system is to operate normally,
refunds should be calculated on the following basis:

- in the case of currencies which are maintained in
relation to each other at any given moment within
a band of 2.25 %, a rate of exchange based on
their effective parity;
- for other currencies, an exchange rate based on the
arithmetic mean of the spot market rates of each
of these currencies recorded for a given period in
relation to the Community currencies referred to
in the previous indent;

Whereas it follows from applying the detailed rules
set out above to the present situation on the market in
cereals, and in particular to quotations or prices for
these products within the Community and on the
world market, that the refunds should be as set out in
the Annex hereto;

Whereas the measures provided for in this Regulation
are in accordance with the opinion of the Manage-
ment Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

The export refunds on the products listed in Article 1
(a), (b) and (c) of Regulation (EEC) No 2727/75,
exported in the natural state, shall be as set out in the
Annex hereto.

Article 2

This Regulation shall enter into force on 14
December 1979.
