of 19 December 1994

on the conclusion of the Europe Agreement between the European Communities and their Member States, of the one part, and the Republic of Bulgaria, of the other part

(94/908/ECSC, EC, Euratom)

THE COUNCIL OF THE EUROPEAN UNION,

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Coal and Steel Community and in particular Article 95 thereof,

Having regard to the Treaty establishing the European Community, and in particular Article 238, in conjunction with the second sentence of Article 228 (2) and the second subparagraph of Article 228 (3) thereof,

Having regard to the Treaty establishing the European Atomic Energy Community, and in particular the second paragraph of Article 101 thereof,

After consultation of the Consultative Committee and the unanimous agreement of the Council,

Having regard to the assent of the European Parliament ⁽¹⁾,

Having regard to the approval of the Council granted pursuant to Article 101 of the Treaty establishing the European Atomic Energy Community,

Whereas it is necessary to conclude the Europe Agreement between the European Communities and their Member States, of the one part, and the Republic of Bulgaria, of the other part, signed in Brussels on 8 March 1993 in order to achieve the objectives of the Community set out in particular in Articles 2 and 3 of the Treaty establishing the European Coal and Steel Community; whereas the Treaty has not made provision for all the cases covered by this Decision,

HAVE DECIDED AS FOLLOWS:

Article 1

The Europe Agreement between the European Communities and their Member States, of the one part, and the Republic of Bulgaria, of the other part, together with the Protocols, the exchanges of letters and the

declarations relating thereto, is hereby approved on behalf of the European Community, the European Coal and Steel Community and the European Atomic Energy Community.

The texts referred to in the first paragraph are attached to this Decision.

Article 2

1. The position to be adopted by the Community in the Association Council shall be determined in accordance with the relevant provisions of the Treaties establishing the European Communities by the Council, on a proposal from the Commission, or, where appropriate, by the Commission.

2. In accordance with Article 106 of the Agreement referred to in Article 1 the President of the Council shall preside over the Association Council and shall present the Community's position. A representative of the Commission shall preside over the Association Committee, in accordance with its rules of procedure, and shall present the Community's position.

Article 3

The President of the Council shall give the notification provided for in Article 124 of the Agreement referred to in Article 1 on behalf of the European Community. The President of the Commission shall give such notification on behalf of the European Coal and Steel Community and the European Atomic Energy Community.

EUROPE AGREEMENT

establishing an association between the European Communities and their Member States, of the one part, and the Republic of Bulgaria, of the other part

THE KINGDOM OF BELGIUM,

THE KINGDOM OF DENMARK,

THE FEDERAL REPUBLIC OF GERMANY,

THE HELLENIC REPUBLIC,

THE KINGDOM OF SPAIN,

THE FRENCH REPUBLIC,

IRELAND,

THE ITALIAN REPUBLIC,

THE GRAND DUCHY OF LUXEMBOURG,

THE KINGDOM OF THE NETHERLANDS,

THE PORTUGUESE REPUBLIC,

THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND,

Contracting Parties to the Treaty establishing the EUROPEAN ECONOMIC COMMUNITY, the Treaty establishing the EUROPEAN COAL AND STEEL COMMUNITY, and the Treaty establishing the EUROPEAN ATOMIC ENERGY COMMUNITY, hereinafter referred to as 'Member States', and

The EUROPEAN ECONOMIC COMMUNITY, the EUROPEAN ATOMIC ENERGY COMMUNITY and the EUROPEAN COAL AND STEEL COMMUNITY, hereinafter referred to as 'the Community',

of the one part,

and THE REPUBLIC OF BULGARIA, hereinafter referred to as 'Bulgaria',

of the other part,

CONSIDERING the importance of the traditional links existing between the Community, its Member States and Bulgaria and the common values that they share,

RECOGNIZING that the Community and Bulgaria wish to strengthen these links and to establish close and long lasting relations, based on mutual interest and reciprocity, which would allow Bulgaria to take part in the process of European integration, thus strengthening and widening the relations established in the past notably by the Agreement on Trade and Commercial and Economic Cooperation, signed on 8 May 1990,

CONSIDERING the opportunities for a relationship of a new quality offered by the emergence of a new democracy in Bulgaria,

CONSIDERING the commitment of the Community and its Member States and of Bulgaria to strengthening the political and economic freedoms which constitute the very basis of the association,

RECOGNIZING the fundamental character of the democratic changes in Bulgaria, taking place in a peaceful manner and aimed at building a new political and economic system, based on the rule of law and human rights, political pluralism, and a pluralist multi-party system involving free and democratic elections and the creation of the legislative and economic conditions, necessary for the development of a market economy, as well as the need to continue and complete that process with the assistance of the Community,

CONSIDERING the firm commitment of the Community and its Member States and of Bulgaria to the rule of law and human rights, including those of persons belonging to minorities, and to the full implementation of all other principles and provisions contained in the Final Act of the Conference on Security and Cooperation in Europe (CSCE), the concluding documents of Vienna and Madrid, the Charter of Paris for a new Europe, as well as to the principles and provisions of the European Energy Charter,

WILLING to promote improved contacts among their citizens as well as the free flow of information and ideas, as agreed by the Parties in the framework of the CSCE,

CONSCIOUS of the importance of this Agreement to establishing and enhancing in Europe a system of stability based on cooperation, with the Community as one of the cornerstones,

BELIEVING that a link should be made between full implementation of association, on the one hand, and continuation of the actual accomplishment of Bulgaria's political, economic and legal reforms on the other hand, as well as the introduction of the factors necessary for cooperation and the actual rapprochement between the Parties' systems, notably in the light of the conclusions of the CSCE Bonn Conference,

DESIROUS of establishing regular political dialogue on bilateral and international issues of mutual interest to enhance and complete the association,

TAKING ACCOUNT of the Community's willingness to provide decisive support for the completion of the transition towards a market economy in Bulgaria and to help Bulgaria cope with the economic and social consequences of structural readjustment,

TAKING ACCOUNT furthermore of the Community's willingness to set up instruments of cooperation and economic, technical and financial assistance on a global and multiannual basis,

CONSIDERING the commitment of the Community and Bulgaria to free trade, and in particular in respect of the General Agreement on Tariffs and Trade principles,

BEARING in mind the economic and social disparities between the Community and Bulgaria and thus recognizing that the objectives of this association should be reached through appropriate provisions of this Agreement,

CONVINCED that this Agreement will create a new climate for their economic relations and in particular for the development of trade and investment, instruments which are indispensable for economic restructuring and technological modernization of the Bulgarian economy,

DESIROUS of establishing cultural cooperation and developing exchanges of information,

RECOGNIZING the fact that Bulgaria's ultimate objective is to become a member of the Community, and that this association, in the view of the Parties, will help Bulgaria to achieve this objective,

HAVE DECIDED to conclude this Agreement and to this end have designated as their plenipotentiaries,

THE KINGDOM OF BELGIUM:

Robert URBAIN,

Minister for Foreign Trade and European Affairs;

THE KINGDOM OF DENMARK:

Jørgen ØSTRØM MØLLER,

State Secretary for Foreign Affairs;

THE UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND:

Douglas HURD,
Secretary of State for Foreign and Commonwealth Affairs;

THE EUROPEAN ECONOMIC COMMUNITY, THE EUROPEAN ATOMIC ENERGY COMMUNITY
AND THE EUROPEAN COAL AND STEEL COMMUNITY:

Niels HELVEG PETERSEN,
Minister for Foreign Affairs of the Kingdom of Denmark, President-in-Office of the Council of the
European Communities;

Sir Leon BRITTAN,
Member of the Commission of the European Communities;

Hans VAN DEN BROEK,
Member of the Commission of the European Communities;

THE REPUBLIC OF BULGARIA:

Luben BEROV,
Prime Minister and Minister for Foreign Affairs;

WHO, having exchanged their full powers, formed in good and due form,

HAVE AGREED AS FOLLOWS:

Article 1

1. An association is hereby established between the Community and its Member States on the one part, and Bulgaria on the other part.

2. The objectives of this association are:

— to provide an appropriate framework for the political dialogue between the Parties allowing the development of close political relations,

- to establish gradually a free trade area between the Community and Bulgaria covering substantially all trade between them,
- to promote the expansion of trade and the harmonious economic relations between the Parties and so to foster the dynamic economic development and prosperity in Bulgaria,
- to provide a basis for economic, financial, cultural and social cooperation, as well as for the Community's assistance to Bulgaria,
- to support Bulgaria's efforts to develop its economy and to complete the transition into a market economy,
- to provide an appropriate framework for the gradual integration of Bulgaria into the Community. To this end new rules, policies and practices will be established in compliance with market mechanisms, and Bulgaria shall work towards fulfilling the necessary requirements in this respect,
- to set up institutions suitable to make the association effective.

TITLE I

POLITICAL DIALOGUE

Article 2

A regular political dialogue shall be established between the Parties which they intend to develop and intensify. It shall accompany and consolidate the rapprochement between the Community and Bulgaria, support the political and economic changes underway in that country and contribute to the establishment of new links of solidarity and new forms of cooperation. The political dialogue and cooperation, based on shared values and aspirations:

- will facilitate Bulgaria's full integration into the community of democratic nations and progressive rapprochement with the Community. The economic rapprochement provided for in this Agreement will lead to greater political convergence,
- will bring about better mutual understanding and an increasing convergence of positions on international issues, and in particular on those matters likely to have substantial effects on one or the other Party,
- will enable each Party to consider the position and interests of the other in their respective decision-making process,
- will contribute to the rapprochement of the Parties' positions on security issues and will enhance security and stability in the whole of Europe.

Article 3

1. Meetings as appropriate shall take place between the President of the European Council and the President of the Commission of the European Communities on one side and the President of the Republic of Bulgaria on the other.

2. At ministerial level, political dialogue shall take place within the Association Council. This shall have general responsibility for all matters which the Parties might wish to put to it.

Article 4

Other procedures and mechanisms for political dialogue shall be set up by the Parties, and in particular in the following forms:

- meetings at senior official level (political directors) between officials of Bulgaria on the one hand, and the Presidency of the Council of the European Communities and the Commission of the European Communities, on the other,
- taking full advantage of all diplomatic channels between the Parties, including appropriate contacts in the bilateral as well as multilateral field, such as the UN, CSCE meetings and other multilateral fora,
- including Bulgaria in the group of countries receiving regular information on the issues dealt with by the European Political Cooperation as well as exchanging information with a view to achieving the objectives set out in Article 2,
- any other means which would contribute to consolidating, developing and stepping up this dialogue.

Article 5

Political dialogue at parliamentary level shall take place within the framework of the Parliamentary Association Committee.

TITLE II

GENERAL PRINCIPLES

Article 6

Respect for the democratic principles and human rights established by the Helsinki Final Act and the Charter of Paris for a New Europe inspires the domestic and external policies of the Parties and constitutes an essential element of the present association.

Article 7

1. The association includes a transitional period of a maximum duration of 10 years divided into two successive stages, each in principle lasting five years. The first stage shall begin when the Agreement enters into force.

2. The Association Council, bearing in mind that the principles of the market economy are essential to the

present association, shall proceed regularly to examine the application of the Agreement and Bulgaria's accomplishment in the process leading to a market economy system on the basis of the principles established in the preamble.

3. During the course of the 12 months preceding the expiration of the first stage, the Association Council shall meet to decide the transition to the second stage as well as on any possible changes to be brought about as regards measures concerning the implementation of the dispositions governing the second stage. In doing this, it will take into account the results of the examination mentioned in paragraph 2.

4. The two states envisaged under 1, 2 and 3 do not apply to Title III.

TITLE III

FREE MOVEMENT OF GOODS

Article 8

1. The Community and Bulgaria shall gradually establish a free trade area in a transitional period lasting a maximum of 10 years starting from the entry into force of this Agreement, in accordance with the provisions of this Agreement and in conformity with those of the General Agreement on Tariffs and Trade (GATT).

2. The combined nomenclature of goods shall be applied to the classification of goods for imports into the Community. The Bulgarian Customs Tariff shall be applied to the classification of goods for imports into Bulgaria.

3. For each product, the basic duty to which the successive reductions set out in this Agreement are to be applied shall be that actually applied *erga omnes* on the day preceding the entry into force of the Agreement.

4. If, after the entry into force of the Agreement, any tariff reduction is applied on an *erga omnes* basis, in particular, reductions resulting from the tariff agreement concluded as a result of the GATT Uruguay Round, such reduced duties shall replace the basic duties referred to in paragraph 3 as from that date when such reductions are applied.

5. The Community and Bulgaria shall communicate to each other their respective basic duties.

CHAPTER I

Industrial products

Article 9

1. The provisions of this chapter shall apply to products originating in the Community and in Bulgaria listed in Chapters 25 to 97 of the combined nomenclature and of the Bulgarian Customs Tariff with the exception of the products listed in Annex I.

2. The provisions of Articles 10 to 14 included do not apply to products mentioned in Articles 16 and 17.

Article 10

1. Customs duties on imports applicable in the Community to products originating in Bulgaria other than those listed in Annexes IIa, IIb and III shall be abolished on the entry into force of the Agreement.

2. Customs duties on imports applicable in the Community to products originating in Bulgaria which are listed in Annex IIa shall be progressively abolished in accordance with the following timetable:

- on the date of entry into force of the Agreement, each duty shall be reduced to 50 % of the basic duty,
- one year after the date of entry into force of the Agreement, the remaining duties shall be eliminated.

Customs duties on imports applicable in the Community to products originating in Bulgaria listed in Annex IIb shall be progressively reduced, from the date of entry into force of the Agreement, by annual reductions of 20 % of the basic duty so as to arrive at total abolition by the end of the fourth year after the date of entry into force of the Agreement.

3. The products of Bulgarian origin listed in Annex III shall benefit from a suspension of customs duties on imports within the limits of annual Community tariff quotas or ceilings increasing progressively in accordance with the conditions defined in that Annex so as to arrive at a complete abolition of customs duties on imports of the products concerned at the end of the fifth year at the latest.

At the same time, the customs duties on imports to be applied to import quantities when the quotas have been exhausted or when the levying of customs duties has been reintroduced with respect to products covered by a tariff ceiling, shall be progressively dismantled from the entry into force of the Agreement by annual reductions of 15 % of the basic duty. By the end of the fifth year, remaining duties shall be abolished.

4. Quantitative restrictions on imports to the Community and measures having an equivalent effect shall be abolished on the date of entry into force of the Agreement with regard to the products originating in Bulgaria.

Article 11

1. Customs duties on imports applicable in Bulgaria to products originating in the Community which are listed in Annex IV shall be abolished on the date of entry into force of the Agreement.

2. Customs duties on imports applicable in Bulgaria to products originating in the Community which are listed in Annex V shall be progressively reduced in accordance with the following timetable:

- one year after the entry into force of the Agreement, each duty shall be reduced to 80 % of the basic duty,
- three years after the entry into force of the Agreement, each duty shall be reduced to 40 % of the basic duty,
- five years after the entry into force of the Agreement, the remaining duties shall be eliminated.

3. Customs duties on imports applicable in Bulgaria to products originating in the Community which are listed in Annex VI shall be progressively reduced in accordance with the following timetable:

- three years after the entry into force of the Agreement, each duty shall be reduced to 80 % of the basic duty,
- five years after the entry into force of the Agreement, each duty shall be reduced to 60 % of the basic duty,
- six years after the entry into force of the Agreement, each duty shall be reduced to 45 % of the basic duty,
- seven years after the entry into force of the Agreement, each duty shall be reduced to 30 % of the basic duty,
- eight years after the entry into force of the Agreement each duty shall be reduced to 15 % of the basic duty,
- nine years after the entry into force of the Agreement, the remaining duties shall be eliminated.

4. Quantitative restrictions on imports into Bulgaria of products originating in the Community and measures having an equivalent effect shall be abolished upon entry into force of the Agreement, except for those listed in Annex VII which shall be abolished in accordance with the timetable provided for in that Annex.

Article 12

The provisions concerning the abolition of customs duties on imports shall also apply to customs duties of a fiscal nature.

Article 13

1. The Community shall abolish in its imports from Bulgaria any charges having an effect equivalent to customs duties on imports upon the entry into force of the Agreement.

2. Bulgaria shall abolish in its imports from the Community any charges having an equivalent effect to customs duties on imports upon entry into force of the Agreement, except for those listed in Annex VIII, which shall be abolished in accordance with the timetable provided in that Annex.

Article 14

1. The Community and Bulgaria shall progressively abolish between them at the latest by the end of the fifth year after entry into force of the Agreement any customs duties on exports and charges having equivalent effect.

2. Quantitative restrictions on exports to Bulgaria and any measures having equivalent effect shall be abolished by the Community on the entry into force of the Agreement.

3. Quantitative restrictions on exports to the Community and any measures having equivalent effect shall be abolished by Bulgaria upon entry into force of

the Agreement, with the exception of those listed in Annex IX, which shall be abolished at the latest by the end of the fifth year after the entry into force of the Agreement.

Article 15

Each Party declares its readiness to reduce its customs duties in trade with the other Party more rapidly than is provided for in Articles 10 and 11 of its general economic situation and the situation of the economic sector concerned so permit.

The Association Council may make recommendations to this effect.

Article 16

Protocol 1 lays down the arrangements applicable to the textile products referred to therein.

Article 17

Protocol 2 lays down the arrangements applicable to products covered by the Treaty establishing the European Coal and Steel Community.

Article 18

1. The provisions of this chapter do not preclude the retention by the Community of an agricultural component in the duties applicable to products listed in Annex X in respect of products originating in Bulgaria.

2. The provisions of this chapter do not preclude the introduction of an agricultural component by Bulgaria in the duties applicable to the products listed in Annex X in respect of products originating in the Community.

CHAPTER II

Agriculture

Article 19

1. The provisions of this chapter shall apply to agricultural products originating in the Community and in Bulgaria.

2. The term 'agricultural products' means the products listed in Chapters 1 to 24 of the combined nomenclature and of the Bulgarian Customs Tariff and the products listed in Annex I, but excluding fishery products as defined by Regulation (EEC) No 3687/91 on the common organization of the market in fishery products.

Article 20

Protocol 3 lays down the trade arrangements for processed agricultural products which are listed in such protocol.

Article 21

1. The Community shall abolish at the date of entry into force of the Agreement the quantitative restrictions on imports of agricultural products originating in Bulgaria maintained by virtue of Council Regulation (EEC) No 3420/83 in the form existing on the date of signature hereof.

2. The agricultural products originating in Bulgaria listed in Annex XI shall benefit, upon the date of entry into force of the Agreement, from the reduction of customs duties and levies within the limits of Community quotas and upon the conditions provided in the same Annex.

3. Agricultural products originating in the Community listed in Annex XIIa shall be imported into Bulgaria free of quantitative restrictions.

Agricultural products originating in the Community listed in Annex XIIb shall be subject to the quantitative restrictions set out in that Annex.

4. The Community and Bulgaria shall grant each other the concessions referred to in Annexes XIII and XIV, on a harmonious and reciprocal basis, in accordance with the conditions laid down therein.

5. Taking account of the volume of trade in agricultural products between them, of their particular sensitivity, of the rules of the Common Agricultural Policy of the Community, of the rules of the agricultural policy in Bulgaria, of the role of agriculture in Bulgaria's economy, and of the consequences of the multilateral trade negotiations under the General Agreement on Tariffs and Trade, the Community and Bulgaria shall examine in the Association Council, product by product and on an orderly and reciprocal basis, the possibilities of granting each other further concessions.

Article 22

Notwithstanding other provisions of this Agreement, and in particular Article 31, if, given the particular sensitivity of the agricultural markets, imports of products originating in one Party, which are the subject of concessions granted in Article 21, cause serious disturbance to the markets in the other Party, both

Parties shall enter into consultations immediately to find an appropriate solution. Pending such a solution, the Party concerned may take the measures it deems necessary.

CHAPTER III

Fisheries

Article 23

The provisions of this chapter shall apply to fishery products originating in the Community and in Bulgaria, which are covered by Regulation (EEC) No 3687/91.

Article 24

The provisions of Article 21 (5) shall apply *mutatis mutandis* to fishery products.

CHAPTER IV

Common provisions

Article 25

The provisions of this chapter shall apply to trade in all products, except where otherwise provided herein or in Protocols 1, 2 or 3.

Article 26

1. No new customs duties on imports or exports or charges having equivalent effect shall be introduced, nor shall those already applied be increased, in the trade between the Community and Bulgaria from the date of entry into force of the Agreement.

2. No new quantitative restrictions on imports or exports or measure having equivalent effect shall be introduced, nor shall those existing be made more restrictive, in the trade between the Community and Bulgaria from the date of entry into force of the Agreement.

3. Without prejudice to the concessions granted under Article 21, the provisions of paragraphs 1 and 2 of this Article shall not restrict in any way the pursuance of the respective agricultural policies of Bulgaria and the Community or the taking of any measures under such policies.

Article 27

1. The two Parties shall refrain from any measure or practice of an internal fiscal nature establishing, whether

directly or indirectly, discrimination between the products of one Party and like products originating in the territory of the other Party.

2. Products exported to the territory of one of the two Parties may not benefit from repayment of internal taxation in excess of the amount of direct or indirect taxation imposed on them.

Article 28

1. This Agreement shall not preclude the maintenance or establishment of customs unions, free trade areas or arrangements for frontier trade except in so far as they alter the trade arrangements provided for in this Agreement.

2. Consultations between the Parties shall take place within the Association Council concerning agreements establishing such customs unions or free trade areas and, where requested, on other major issues related to their respective trade policies with third countries. In particular in the event of a third country acceding to the Community, such consultations shall take place so as to ensure that account can be taken of the mutual interests of the Community and Bulgaria stated in this Agreement.

Article 29

Exceptional measures of limited duration which derogate from the provisions of Articles 11 and 26 (1) may be taken by Bulgaria in the form of increased customs duties.

These measures may only concern infant industries, or certain sectors undergoing restructuring or facing serious difficulties, particularly where these difficulties produce important social problems.

Customs duties on imports applicable in Bulgaria to products originating in the Community introduced by these measures may not exceed 25% *ad valorem* and shall maintain an element of preference for products originating in the Community. The total value of imports of the products which are subject to these measures may not exceed 15% of total imports from the Community of industrial products as defined in Chapter I, during the last year for which statistics are available.

These measures shall be applied for a period not exceeding five years, unless a longer duration is authorized by the Association Council. They shall cease to apply at the latest at the expiration of the transitional period.

No such measures can be introduced in respect of a product if more than three years have elapsed since the elimination of all duties and quantitative restrictions or charges or measures having an equivalent effect concerning that product.

Bulgaria shall inform the Association Council of any exceptional measures it intends to take and, at the

request of the Community, consultations shall be held in the Association Council on such measures and the sectors to which they apply before they are applied. When taking such measures, Bulgaria shall provide the Association Council with a schedule for the elimination of the customs duties introduced under this Article. This schedule shall provide for a phasing out of these duties starting at the latest two years after their introduction at equal annual rates. The Association Council may decide on a different schedule.

Article 30

If one of the Parties finds that dumping is taking place in trade with the other Party within the meaning of Article VI of the General Agreement on Tariffs and Trade, it may take appropriate measures against this practice in accordance with the Agreement relating to the application of Article VI of the General Agreement on Tariffs and Trade, with related internal legislation and with the conditions and procedures laid down in Article 34.

Article 31

Where any product is being imported in such increased quantities and under such conditions as to cause, or threaten to cause:

- serious injury to domestic producers of like or directly competitive products in the territory of one of the Parties, or
- serious disturbances in any sector of the economy or difficulties which could bring about serious deterioration in the economic situation of a region,

the Community or Bulgaria, whichever is concerned, may take appropriate measures under the conditions and in accordance with the procedures laid down in Article 34.

Article 32

Where compliance with the provisions of Articles 14 and 26 leads to:

- (i) re-export towards a third country against which the exporting Party maintains, for the product concerned, quantitative export restrictions, export duties or measures having equivalent effect;
- or
- (ii) a serious shortage, or threat thereof, of a product essential to the exporting Party,

and where the situations above referred to give rise, or are likely to give rise, to major difficulties for the exporting Party, that Party may take appropriate measures under the conditions and in accordance with

the procedures laid down in Article 34. The measures shall be non-discriminatory and be eliminated when conditions no longer justify their maintenance.

Article 33

The Member States and Bulgaria shall progressively adjust any State monopolies of a commercial character so as to ensure that, by the end of the fifth year following the entry into force of this Agreement, no discrimination regarding the conditions under which goods are procured and marketed exists between nationals of the Member States and of Bulgaria. The Association Council will be informed of the measures adopted to implement this objective.

Article 34

1. In the event of the Community or Bulgaria subjecting imports of products liable to give rise to the difficulties referred to in Article 31 to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows, it shall inform the other Party.

2. In the cases specified in Articles 30, 31 and 32, before taking the measures provided for therein or, in cases to which paragraph 3 (d) applies, as soon as possible, the Community or Bulgaria, as the case may be, shall supply the Association Council with all relevant information, with a view to seeking a solution acceptable to the two Parties.

In the selection of measures, priority must be given to those which least disturb the functioning of this Agreement.

The safeguard measures shall be notified immediately to the Association Council and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolitions as soon as circumstances permit.

3. For the implementation of paragraph 2, the following provisions shall apply:

- (a) As regards Article 31, the difficulties arising from the situation referred to in that Article shall be referred for examination to the Association Council, which may take any decision needed to put an end to such difficulties.

If the Association Council or the exporting Party has not taken a decision putting an end to the difficulties or no other satisfactory solution has been reached within 30 days of the matter being referred, the importing Party may adopt the appropriate measures to remedy the problem. These measures must not exceed the scope of what is necessary to remedy the difficulties which have arisen.

- (b) As regards Article 30, the Association Council shall be informed of the dumping case as soon as the

authorities of the importing Party have initiated an investigation. When no end has been put to the dumping or no other satisfactory solution has been reached within 30 days of the matter being referred to the Association Council, the importing Party may adopt the appropriate measures.

- (c) As regards Article 32, the difficulties arising from the situations referred to in that Article shall be referred for examination to the Association Council.

The Association Council may take any decision needed to put an end to the difficulties. If it has not taken such a decision within 30 days of the matter being referred to it, the exporting Party may apply appropriate measures on the exportation of the product concerned.

- (d) Where exceptional circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Community or Bulgaria, whichever is concerned, may, in the situations specified in Articles 30, 31 and 32, apply forthwith the precautionary and provisional measures strictly necessary to deal with the situation, and the Association Council will be informed immediately.

Article 35

Protocol 4 lays down rules of origin for the application of tariff preferences foreseen in this Agreement.

Article 36

This Agreement shall not preclude prohibitions or restrictions on imports, exports or goods in transit justified on grounds of public morality, public policy or public security; the protection of health and life of humans, animals or plants; the protection of the exhaustible natural resources; the protection of national treasures of artistic, historic or archaeological value or the protection of intellectual, industrial and commercial property or rules relating to gold and silver. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the Parties.

Article 37

Protocol 5 lays down the specific provisions to apply to trade between Bulgaria of the one part and Spain and Portugal of the other part.

TITLE IV

MOVEMENT OF WORKERS, ESTABLISHMENT, SUPPLY OF SERVICES

CHAPTER I

Movement of workers

Article 38

1. Subject to the conditions and modalities applicable in each Member State:

- the treatment accorded to workers of Bulgarian nationality, legally employed in the territory of a Member State shall be free from any discrimination based on nationality, as regards working conditions, remuneration or dismissal, as compared to its own nationals,
- the legally resident spouse and children of a worker legally employed in the territory of a Member State, with the exception of seasonal workers and of workers coming under bilateral Agreements in the sense of Article 42, unless otherwise provided by such Agreements, shall have access to the labour market of that Member State, during the period of that worker's authorized stay of employment.

2. Bulgaria shall, subject to the conditions and modalities applicable in that country, accord the treatment referred to in paragraph 1 to workers who are nationals of a Member State and are legally employed in its territory as well as to their spouse and children who are legally resident in the said territory.

Article 39

1. With a view to coordinating social security systems for workers of Bulgarian nationality, legally employed in the territory of a Member State and for the members of their family, legally resident there, and subject to the conditions and modalities applicable in each Member State,

- all periods of insurance, employment or residence completed by such workers in the various Member States shall be added together for the purpose of pensions and annuities in respect of old age, invalidity and death and for the purpose of medical care for such workers and such family members,

- any pensions or annuities in respect of old age, death, industrial accident or occupational disease, or of invalidity resulting therefrom, with the exception of non-contributory benefits, shall be freely transferable at the rate applied by virtue of the law of the debtor Member State or States,
- the workers in question shall receive family allowances for the members of their family as defined above.

2. Bulgaria shall accord to workers who are nationals of a Member State and legally employed in its territory, and to members of their families legally resident there, treatment similar to that specified in the second and third indents of paragraph 1.

Article 40

1. The Association Council shall by decision adopt the appropriate provisions to implement the objective set out in Article 39.

2. The Association Council shall by decision adopt detailed rules for administrative cooperation providing the necessary management and control guarantees for the application of the provisions referred to in paragraph 1.

Article 41

The provisions adopted by the Association Council in accordance with Article 40 shall not affect any rights or obligations arising from bilateral Agreements linking Bulgaria and the Member States where those Agreements provide for more favourable treatment of nationals of Bulgaria or of the Member States.

Article 42

1. Taking into account the labour market situation in the Member State, subject to its legislation and to the respect of rules in force in that Member State in the area of mobility of workers,

- the existing facilities for access to employment for Bulgarian workers accorded by Member States under bilateral Agreements ought to be preserved and if possible improved,
- the other Member States shall consider favourably the possibility of concluding similar Agreements.

2. The Association Council shall examine granting other improvements including facilities of access for professional training, in conformity with rules and procedures in force in the Member States, and taking account of the labour market situation in the Member States and in the Community.

Article 43

During the second stage referred to in Article 7, or earlier if so decided, the Association Council shall examine further ways of improving the movement of workers, taking into account *inter alia* the social and economic situation in Bulgaria and the employment situation in the Community. The Association Council shall make recommendations to such end.

Article 44

In the interest of facilitating the restructuring of labour resources resulting from the economic restructuring in Bulgaria, the Community shall provide technical assistance for the establishment of a suitable social security system in Bulgaria as set out in Article 89.

CHAPTER II

Establishment

Article 45

1. Each Member State shall grant, from entry into force of the Agreement, for the establishment of Bulgarian companies and nationals and for the operation of Bulgarian companies and nationals established in its territory, a treatment no less favourable than that accorded to its own companies and nationals, save for matters referred to in Annex XVa.

2. Bulgaria shall

- (i) grant, from entry into force of the Agreement, for the establishment of Community companies and nationals a treatment no less favourable than that accorded to its own companies and nationals, save for the sectors and matters referred to in Annexes XVb and XVc, where such treatment shall be granted at the latest by the end of the transitional period referred to in Article 7;
- (ii) grant, from entry into force of the Agreement, in the operation of Community companies and nationals established in Bulgaria a treatment no less favourable than that accorded to its own companies and nationals.

3. The provisions contained in paragraph 2 of this Article shall not apply to the matters listed in Annex XVd.

4. Bulgaria shall, during the transitional period referred to in paragraph 2 (i), not adopt any new regulations or measures which introduce discrimination

as regards the establishment of Community companies and nationals in its territory in comparison to its own companies and nationals.

5. For the purposes of this Agreement

(a) '*establishment*' shall mean

(i) as regards nationals, the right to take up and pursue economic activities as self-employed persons and to set up and manage undertakings, in particular companies, which they effectively control. Self-employment and business undertakings by nationals shall not extend to seeking or taking employment in the labour market or confer a right of access to the labour market of the other Party. The provisions of this chapter do not apply to those who are not exclusively self-employed;

(ii) as regards companies, the right to take up and pursue economic activities by means of the setting up and management of subsidiaries, branches and agencies;

(b) '*subsidiary*' of a company shall mean a company which is effectively controlled by the first company;

(c) '*economic activities*' shall in particular include activities of an industrial character, activities of a commercial character, activities of craftsmen and activities of the professions.

6. The Association Council shall, during the transitional period referred to in paragraph 2 (i), examine regularly the possibility of accelerating the granting of national treatment in the sectors referred to in Annexes XVb and XVc and the inclusion of areas or matters listed in Annex XVd within the scope of application of the provisions of paragraph 2 (i) of this Article. Amendments may be made to these Annexes by decision of the Association Council.

Following the expiration of the transitional period referred to in paragraph 2 (i), the Association Council may exceptionally, upon request by Bulgaria, and if the necessity arises, decide to prolong the duration of exclusion of certain areas or matters listed in Annexes XVb and XVc for a limited period of time.

Article 46

1. Subject to the provisions of Article 45 with the exception of financial services described in Annex XVb, each Party may regulate the establishment and operation of companies and nationals on its territory, in so far as these regulations do not discriminate against companies and nationals of the other Party in comparison to its own companies and nationals.

2. In respect of financial services, described in Annex XVb, this Agreement does not prejudice the right of the Parties to adopt measures necessary for the conduct of the Party's monetary policy, or for prudential grounds in order to ensure the protection of investors, depositors, policy holders, or persons to whom a fiduciary duty is owed, or to ensure the integrity and stability of the financial system. These measures shall not discriminate on grounds of nationality against companies and nationals of the other Party in comparison to its own companies and nationals.

Article 47

In order to make it easier for Community nationals and Bulgarian nationals to take up and pursue regulated professional activities in Bulgaria and the Community respectively, the Association Council shall examine which steps are necessary to be taken to provide for the mutual recognition of qualifications. It may take all necessary measures to that end.

Article 48

The provisions of Article 46 do not preclude the application by a Party of particular rules concerning the establishment and operation in its territory of branches and agencies of companies of another Party not incorporated in the territory of the first Party, which are justified by legal or technical differences between such branches and agencies as compared to branches and agencies of companies incorporated in its territory, or, as regards financial services, for prudential reasons. The difference in treatment shall not go beyond what is strictly necessary as a result of such legal or technical differences, or, as regards financial services, described in Annex XVb, for prudential reasons.

Article 49

1. A 'Community company' and a 'Bulgarian company' respectively shall, for the purpose of this Agreement, mean a company or a firm set up in accordance with the laws of a Member State or of Bulgaria respectively and having its registered office, central administration, or principle place of business in the territory of the Community or Bulgaria respectively. However, should the company or firm, set up in accordance with the laws of a Member State or of Bulgaria respectively, have only its registered office in the territory of the Community or Bulgaria respectively, its operations must possess a real and continuous link with the economy of one of the Member States or Bulgaria respectively.

2. With regard to international maritime transport, a national or a shipping company of the Member States or

of Bulgaria, respectively established outside the Community or Bulgaria respectively and controlled by nationals of a Member State, or Bulgarian nationals respectively, shall also be beneficiaries of the provisions of this chapter and Chapter III of this title, if their vessels are registered in that Member State or in Bulgaria respectively in accordance with their respective legislations.

3. A 'Community national' and a 'Bulgarian national' respectively shall, for the purpose of this Agreement, mean a natural person who is a national of one of the Member States or of Bulgaria respectively.

4. The provisions of this Agreement shall not prejudice the application by each Party of any measure necessary to prevent the circumvention of its measures concerning third country access to its market, through the provisions of this Agreement.

Article 50

For the purpose of this Agreement 'financial services' shall mean those activities described in Annex XVb. The Association Council may extend or modify the scope of Annex XVb.

Article 51

During the first five years following the date of entry into force of this Agreement, or for the sectors referred to in Annex XVb and XVc during the transitional period referred to in Article 7, Bulgaria may introduce measures which derogate from the provisions of this chapter as regards the establishment of Community companies and nationals if certain industries:

- are undergoing restructuring, or
- are facing serious difficulties, particularly where these entail serious social problems in Bulgaria, or
- face the elimination or a drastic reduction of the total market share held by Bulgarian companies or nationals in a given sector or industry in Bulgaria, or
- are newly emerging industries in Bulgaria.

Such measures:

- (i) shall cease to apply at the latest two years after the expiration of the fifth year following the date of entry into force of this Agreement; and
- (ii) shall be reasonable and necessary in order to remedy the situation; and

- (iii) shall only relate to establishments in Bulgaria to be created after the entry into force of such measures and shall not introduce discrimination concerning the operations of Community companies or nationals already established in Bulgaria at the time of introduction of a given measure compared to Bulgarian companies or nationals.

The Association Council may exceptionally, upon request by Bulgaria, and if the necessity arises, decide to prolong the period referred to in indent (i) for a given sector for a limited period of time not exceeding the duration of the transitional period referred to in Article 7.

While devising and applying such measures, Bulgaria shall grant whenever possible to Community companies and nationals a preferential treatment, and in no case a treatment less favourable than that accorded to companies or nationals from any third country.

Prior to the introduction of these measures, Bulgaria shall consult the Association Council and shall not put them into effect before a one month period following the notification to the Association Council of the concrete measures to be introduced by Bulgaria, except where the threat of irreparable damage requires the taking of urgent measures in which case Bulgaria shall consult the Association Council immediately after their introduction.

Upon the expiration of the fifth year following the entry into force of the Agreement, or for the sectors referred to in Annexes XVb and XVc upon expiration of the transitional period referred to in Article 7, Bulgaria may introduce such measures only with the authorization of the Association Council and under conditions determined by the latter.

Article 52

1. The provisions of this chapter shall not apply to air transport services, inland-waterways transport services and maritime cabotage transport services.
2. The Association Council may make recommendations for improving establishment and operations in the areas covered by paragraph 1.

Article 53

1. Notwithstanding the provisions of Chapter I of this title, the beneficiaries of the rights of establishment granted by Bulgaria and the Community respectively shall be entitled to employ, or have employed by one of their subsidiaries, in accordance with the legislation in force in the host country of establishment, in the territory of Bulgaria and the Community respectively, employees who are nationals of Community Member States and Bulgaria

respectively, provided that such employees are key personnel as defined in paragraph 2, and that they are employed exclusively by such beneficiaries or their subsidiaries. The residence and work permits of such employees shall only cover the period of such employment.

2. Key personnel of the beneficiaries of the rights of establishment, herein referred to as 'organization', are:

(a) senior employees of an organization who primarily direct the management of the organization, receiving general supervision or direction principally from the board of directors or shareholders of the business, including:

- directing the organization or a department or sub-division of the organization,
- supervising and controlling the work of other supervisory, professional or managerial employees,
- having the authority personally to engage and dismiss or recommend engaging, dismissing or other personnel actions.

(b) persons employed by an organization who possess high or uncommon:

- qualifications referring to a type of work or trade requiring specific technical knowledge,
- knowledge essential to the organization's service, research equipment, techniques or management.

These may include, but are not limited to, members of accredited professions.

Each such employee must have been employed by the organization concerned for at least one year preceding the detachment by the organization.

Article 54

1. The provisions of this chapter shall be applied subject to limitations justified on grounds of public policy, public security or public health.

2. They shall not apply to activities which in the territory of each party are connected, even occasionally, with the exercise of official authority.

Article 55

Companies which are controlled and exclusively owned jointly by Bulgarian companies or nationals and Community companies or nationals shall also be beneficiaries of the provisions of this chapter and Chapter III of this title.

CHAPTER III

Supply of services between the Community and Bulgaria

Article 56

1. The Parties undertake in accordance with the provisions of this chapter to take the necessary steps to allow progressively the supply of services by Community or Bulgarian companies or nationals who are established in a Party other than that of the person for whom the services are intended taking into account the development of the services sectors in the Parties.

2. In step with the liberalization process mentioned in paragraph 1, and subject to the provisions of Article 59 (1), the Parties shall permit the temporary movement of natural persons providing the service or who are employed by the service provider as key personnel as defined in Article 53 (2), including natural persons who are representatives of a Community or Bulgarian company or national and are seeking temporary entry for the purpose of negotiating for the sale of services or entering into Agreements to sell services for that service provider, where those representatives will not be engaged in making direct sales to the general public or in supplying services themselves.

3. The Association Council shall take the measures necessary to implement progressively the provisions of paragraph 1 of this Article.

Article 57

With regard to supply of transport services between the Community and Bulgaria, the following replaces the provisions of Article 56:

1. With regard to international maritime transport, the Parties undertake to apply effectively the principle of unrestricted access to the market and traffic on a commercial basis.

(a) The above provision does not prejudice the rights and obligations under the United Nations Code of Conduct for Liner Conferences, as applied by one or the other Contracting Party to this Agreement.

Non-conference liners will be free to operate in competition with a conference as long as they adhere to the principle of fair competition on a commercial basis.

(b) The Parties affirm their commitment to a freely competitive environment as being an essential feature of the dry and liquid bulk trade.

2. In applying the principles of point 1, the Parties shall:

- (a) not introduce cargo sharing clauses in future bilateral agreements with third countries, other than in those exceptional circumstances where liner shipping companies from one or other Party to this Agreement would not otherwise have an effective opportunity to ply for trade to and from the third country concerned;
 - (b) prohibit cargo sharing arrangements in future bilateral agreements concerning dry and liquid bulk trade;
 - (c) abolish, upon entry into force of the Agreement, all unilateral measures, administrative, technical and other obstacles which could have restrictive or discriminatory effects on the free supply of services in international maritime transport.
3. With a view to assuring a coordinated development and progressive liberalization of transport between the Parties adapted to their reciprocal commercial needs, the conditions of mutual market access in air transport and in inland transport shall be dealt with by special transport Agreements to be negotiated between the Parties after the entry into force of the Agreement.
4. Prior to the conclusion of the Agreements referred to in paragraph 3, the Parties shall not take any measures or actions which are more restrictive or discriminatory as compared to the situation existing on the day preceding the day of entry into force of the Agreement.
5. During the transitional period, Bulgaria shall progressively adapt its legislation including administrative, technical and other rules to that of the Community legislation existing at any time in the field of air and inland transport in so far as it serves liberalization purposes and mutual access to markets of the Parties and facilitates the movement of passengers and of goods.
6. In step with the common progress in the achievement of the objectives of this chapter, the Association Council shall examine ways of creating the conditions necessary for improving freedom to provide air and inland transport services.

Article 58

The provisions of Article 54 shall apply to the matters covered by this chapter.

CHAPTER IV

General provisions

Article 59

1. For the purpose of Title IV, nothing in the Agreement shall prevent the Parties from applying their laws and regulations regarding entry and stay, work, labour conditions and establishment of natural persons and supply of services, provided that, in so doing, they do not apply them in a manner as to nullify or impair the benefits accruing to any Party under the terms of a specific provision of the Agreement. The above provision does not prejudice the application of Article 54.

2. The provisions of Chapters II, III and IV of Title IV shall be adjusted by decision of the Association Council in the light of the result of the negotiations on services taking place in the Uruguay Round and in particular to ensure that under any provision of this Agreement a Party grants to the other Party a treatment no less favourable than that accorded under the provisions of a future General Agreement on Trade and Services (GATS).

Pending Bulgaria's accession to a future GATS Agreement, and without prejudice to any decisions the Association Council may take,

- (i) the Community shall grant to Bulgarian companies and nationals a treatment no less favourable than that accorded under the provisions of a future GATS Agreement to companies and nationals of other members of that Agreement;
- (ii) Bulgaria shall grant Community companies and nationals a treatment no less favourable than that accorded by Bulgaria to companies and nationals from any third country.

3. The exclusion of Community companies and nationals established in Bulgaria in accordance with the provisions of Chapter II of Title IV from public aid granted by Bulgaria in the areas of public education services, health-related and social services and cultural services shall, for the duration of the transitional period referred to in Article 7, be deemed compatible with the provisions of Title IV and with the competition rules referred to in Title V.

TITLE V

PAYMENTS, CAPITAL, COMPETITION AND OTHER ECONOMIC PROVISIONS,
APPROXIMATION OF LAWS

CHAPTER I

Current payments and movement of capital

Article 60

The Parties undertake to authorize, in freely convertible currency, any payments on the current account of balance of payments to the extent that the transactions underlying the payments concern movements of goods, services, or persons between the Parties which have been liberalized pursuant to this Agreement.

Article 61

1. With regard to transactions on the capital account of balance of payments, from entry into force of the Agreement, the Member States and Bulgaria respectively shall ensure the free movement of capital relating to direct investments made in companies formed in accordance with the laws of the host country and investments made in accordance to the provisions of Chapter II of Title IV, and the liquidation or repatriation of these investments and of any profit stemming therefrom.

Notwithstanding the above provision, such free movement, liquidation and repatriation shall be ensured by the end of the first stage referred to in Article 7 for all investments linked to establishment of Community nationals establishing in Bulgaria as self-employed persons pursuant to Chapter II of Title IV.

2. Without prejudice to paragraph 1, the Member States, as from the entry into force of the Agreement, and Bulgaria as from the end of the fifth year following the entry into force of the Agreement, shall not introduce any new foreign exchange restrictions on the movement of capital and current payments connected therewith between residents of the Community and Bulgaria and shall not make the existing arrangements more restrictive.

3. The provisions of paragraphs 1 and 2 shall not prevent Bulgaria from applying restrictions on outward investments by Bulgarian nationals and companies. However, the liquidation or repatriation of investments made in Bulgaria and of any profit stemming therefrom shall not be affected.

4. The Parties shall consult each other with a view to facilitating the movement of capital between the Community and Bulgaria in order to promote the objectives of this Agreement.

Article 62

1. During the five years following the date of entry into force of the Agreement, the Parties shall take measures permitting the creation of the necessary conditions for the further gradual application of Community rules on the free movement of capital.

2. By the end of the fifth year from the entry into force of the Agreement, the Association Council shall examine ways of enabling Community rules on the movement of capital to be applied in full.

Article 63

With reference to the provisions of this chapter, and notwithstanding the provisions of Article 65, until a full convertibility of Bulgarian currency in the meaning of Article VIII of the International Monetary Fund (IMF) is introduced, Bulgaria may in exceptional circumstances apply exchange restrictions connected with the granting or taking up of short and medium-term credits to the extent that such restrictions are imposed on Bulgaria for the granting of such credits and are permitted according to Bulgaria's status under the IMF.

Bulgaria shall apply these restrictions in a non-discriminatory manner. They shall be applied in such a manner as to cause the least possible disruption to this Agreement. Bulgaria shall inform the Association Council promptly of the introduction of such measures and of any changes therein.

CHAPTER II

Competition and other economic provisions

Article 64

1. The following are incompatible with the proper functioning of this Agreement, in so far as they may affect trade between the Community and Bulgaria:

- (i) all Agreements between undertakings, decisions by associations of undertakings and concerted practices between undertakings which have as their object or effect the prevention, restriction or distortion of competition;
- (ii) abuse by one or more undertakings of a dominant position in the territories of the Community or of Bulgaria as a whole or in a substantial part thereof;

(iii) any public aid which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods.

2. Any practices contrary to this Article shall be assessed on the basis of criteria arising from the application of the rules of Articles 85, 86, and 92 of the Treaty establishing the European Economic Community.

3. The Association Council shall, within three years of the entry into force of the Agreement, adopt the necessary rules for the implementation of paragraphs 1 and 2.

4. (a) For the purposes of applying the provision of paragraph 1, point (iii), the Parties recognize that during the first five years after the entry into force of the Agreement, any public aid granted by Bulgaria shall be assessed taking into account the fact that Bulgaria shall be regarded as an area identical to those areas of the Community described in Article 92 (3) (a) of the Treaty establishing the European Economic Community. The Association Council shall, taking into account the economic situation of Bulgaria, decide whether that period should be extended by further periods of five years.

(b) Each Party shall ensure transparency in the area of public aid, *inter alia* by reporting annually to the other Party on the total amount and the distribution of the aid given and by providing, upon request, information on aid schemes. Upon request by one Party, the other Party shall provide information on particular individual cases of public aid.

5. With regard to products referred to in Chapters II and III of Title III:

- the provision of paragraph 1 (iii) does not apply,
- any practices contrary to paragraph 1 (i) should be assessed according to the criteria established by the Community on the basis of Articles 42 and 43 of the Treaty establishing the European Economic Community and in particular of those established in Council Regulation No 26/1962.

6. If the Community or Bulgaria considers that a particular practice is incompatible with the terms of paragraph 1, and:

- is not adequately dealt with under the implementing rules referred to in paragraph 3, or
- in the absence of such rules, and if such practice causes or threatens to cause serious prejudice to the

interest of the other Party or material injury to its domestic industry, including its services industry,

it may take appropriate measures after consultation within the Association Council or after 30 working days following referral for such consultation.

In the case of practices incompatible with paragraph 1 (iii) of this Article, such appropriate measures may, where the General Agreement on Tariffs and Trade applies thereto, only be adopted in conformity with the procedures and under the conditions laid down by the General Agreement on Tariffs and Trade and any other relevant instrument negotiated under its auspices which are applicable between the Parties.

7. Notwithstanding any provisions to the contrary adopted in conformity with paragraph 3, the Parties shall exchange information taking into account the limitations imposed by the requirements of professional and business secrecy.

8. This Article shall not apply to the products covered by the Treaty establishing the European Coal and Steel Community which are the subject of Protocol 2.

Article 65

1. The Parties shall endeavour to avoid the imposition of restrictive measures including measures relating to imports for balance of payments purposes. In the event of their introduction, the Party having introduced the same shall present to the other Party a time schedule for their removal.

2. Where one or more Member States or Bulgaria is in serious balance of payments difficulties, or under imminent threat thereof, the Community or Bulgaria, as the case may be, may, in accordance with the conditions established under the General Agreement on Tariffs and Trade, adopt restrictive measures, including measures relating to imports, which shall be of limited duration and may not go beyond what is necessary to remedy the balance of payments situation. The Community or Bulgaria, as the case may be, shall inform the other Party forthwith.

3. Any restrictive measures shall not apply to transfers related to investments and in particular to the repatriation of amounts invested or reinvested and of any kind of revenues stemming therefrom.

Article 66

With regard to public undertakings and undertakings to which special or exclusive rights have been granted, the Association Council shall ensure that, as from the third year from the date of entry into force of the Agreement, the principles of the Treaty establishing the European Economic Community, notably Article 90, and the

principles of the concluding document of the April 1990 Bonn meeting of the Conference on Security and Cooperation in Europe (notably entrepreneurs' freedom of decision) are upheld.

Article 67

1. Bulgaria shall continue to improve the protection of intellectual, industrial and commercial property rights in order to provide, by the end of the fifth year after the entry into force of the Agreement, for a level of protection similar to that existing in the Community, including comparable means of enforcing such rights.

2. Within the same time, Bulgaria shall apply to accede to the Munich Convention on the Grant of European Patents of 5 October 1973. Bulgaria shall also accede to the other multilateral convention(s) on intellectual, industrial and commercial property rights (referred to in paragraph 1 of Annex XVI) to which Member States are Parties, or which are *de facto* applied by Member States.

Article 68

1. The Parties consider the opening up of the award of public contracts on the basis of the principles of non-discrimination and reciprocity, in particular in the GATT context, to be a desirable objective.

2. The Bulgarian companies as defined in Article 49 shall be granted access to contract award procedures in the Community pursuant to Community procurement rules under a treatment no less favourable than that accorded to Community companies as of the entry into force of the Agreement.

Community companies as defined in Article 49 shall be granted access to contract award procedures in Bulgaria under a treatment no less favourable than that accorded to Bulgarian companies at the latest at the end of the transitional period referred to in Article 7.

Community companies established in Bulgaria under the provisions of Chapter II of Title IV in the form of subsidiaries as described in Article 45 and in the forms described in Article 55 shall have upon entry into force of the Agreement access to contract award procedures under a treatment no less favourable than that accorded to Bulgarian companies. Community companies established in Bulgaria in the form of branches and agencies as described in Article 45 shall be granted such treatment at the latest by the end of the transitional period.

The Association Council shall periodically examine the possibility for Bulgaria to introduce access to award

procedures in Bulgaria for all Community companies prior to the end of the transitional period.

3. As regards establishment, operations, supply of services between the Community and Bulgaria, as well as employment and movement of labour linked to the fulfilment of public contracts, the provisions of Articles 38 to 59 are applicable.

CHAPTER III

Approximation of laws

Article 69

The Parties recognize that an important condition for Bulgaria's economic integration into the Community is the approximation of Bulgaria's existing and future legislation to that of the Community. Bulgaria shall endeavour to ensure that its legislation will be gradually made compatible with that of the Community.

Article 70

The approximation of laws shall extend to the following areas in particular: customs law, company law, banking law, company accounts and taxes, intellectual property, protection of workers at the workplace, financial services, rules on competition, protection of health and life of humans, animals and plants, consumer protection, indirect taxation, technical rules and standards, nuclear law and regulation, transport and the environment.

Article 71

The Community shall provide Bulgaria with technical assistance for the implementation of these measures, which may include *inter alia*:

- the exchange of experts,
- the provision of early information especially on relevant legislation,
- organization of seminars,
- training activities,
- aid for the translation of Community legislation in the relevant sectors.

TITLE VI

ECONOMIC COOPERATION

Article 72

1. The Community and Bulgaria shall establish economic cooperation aimed at contributing to Bulgaria's development and growth potential. Such cooperation shall strengthen existing economic links on the widest possible foundation, to the benefit of both Parties.

2. Policies and other measures will be designed to bring about economic and social development of Bulgaria and will be guided by the principle of sustainable development. These policies should ensure that environmental considerations are also fully incorporated from the outset and that they are linked to the requirements of harmonious social development.

3. To this end, the cooperation should focus in particular on policies and measures related to industry including investment, agriculture and agro-industrial sector, energy, transport, telecommunications, regional development and tourism.

4. Special attention shall be devoted to measures capable of fostering cooperation between the countries of central and eastern Europe with a view to a harmonious development of the region.

Article 73

Industrial cooperation

1. Cooperation shall seek to promote the following in particular:

- industrial cooperation between economic operators of both sides, with the particular objective of strengthening the private sector,
- Community participation in Bulgaria's efforts in both public and private sectors to modernize and restructure its industry, which will effect the transition from a centrally planned system to a market economy under conditions which ensure that the environment is protected,
- the restructuring of individual sectors; in this context the Association Council will examine in particular the problems affecting the sector of coal and steel and the conversion of the defence industry,
- the establishment of new undertakings in areas offering potential for growth, particularly in branches

of light industry, consumer goods and market services,

— transfer of technology and know-how.

2. Industrial cooperation initiatives shall take into account priorities determined by Bulgaria. The initiatives should seek in particular to establish a suitable framework for undertakings, to improve management know-how and to promote transparency as regards markets and conditions for undertakings, and will include technical assistance where appropriate.

Article 74

Investment promotion and protection

1. Cooperation shall aim at maintaining and, if necessary, improving a legal framework and a favourable climate for private investment and its protection, both domestic and foreign, which is essential to economic and industrial reconstruction and development in Bulgaria. The cooperation shall also aim to encourage and promote foreign investment and privatization in Bulgaria.

2. The particular aims of cooperation shall be:

- the conclusion, where appropriate, by the Member States and Bulgaria of agreements for the promotion and protection of investment,
- the conclusion, where appropriate, of agreements between Member States and Bulgaria to avoid double taxation,
- to implement suitable arrangements for the transfer of capital,
- to proceed with deregulation and to improve economic infrastructure,
- to exchange information on investment opportunities in the form of trade fairs, exhibitions, trade weeks and other events,
- to exchange information on laws, regulations and administrative practices in the field of investment.

3. Bulgaria shall honour the rules on trade related aspects of investment measures (TRIMs), once these have been adopted within the GATT.

*Article 75***Agro and industrial standards and conformity assessment**

1. The Parties shall cooperate with the aim to reduce differences in the fields of standardization and conformity assessment procedures.
2. To this end, the cooperation shall seek:
 - to promote the use of Community technical regulations and European standards and conformity assessment procedures,
 - where appropriate, to conclude agreements on mutual recognition in these fields,
 - to encourage Bulgaria's active and regular participation in the work of specialized organizations (CEN, Cenelec, ETSI, EOTC),
 - to support Bulgaria in the European measurement and testing programmes,
 - to promote the exchange of technical and methodological information in the field of quality control and production process.
3. The Community will provide Bulgaria with technical assistance where appropriate.

*Article 76***Cooperation in science and technology**

1. The Parties shall promote cooperation in research and technological development activities. They shall devote special attention to the following:
 - the exchange of information on each other's science and technology policies,
 - the organization of joint scientific meetings (seminars and workshops),
 - joint R&D activities aimed at encouraging scientific progress and the transfer of technology and know-how,
 - training activities and mobility programmes for researchers and specialists from both sides,
 - the development of an environment conducive to research and the application of new technologies and adequate protection of intellectual property of the results of research,
 - participation of Bulgaria in the Community programmes in accordance with paragraph 3.

Technical assistance shall be provided where appropriate.

2. The Association Council shall determine the appropriate procedures for developing cooperation.

3. Cooperation under the Community's framework programme in the field of research and technological development shall be implemented according to specific arrangements to be negotiated and concluded in accordance with the legal procedures of each Party.

*Article 77***Education and training**

1. Cooperation shall aim at a harmonious development of human resources and at raising the level of general education and professional qualifications in Bulgaria, both in public and private sectors, taking into consideration the priorities of Bulgaria. Institutional frameworks and plans of cooperation will be established (building on the European Training Foundation, when established, and the Tempus programme). Participation of Bulgaria in other Community programmes shall also be considered in this context.
2. The cooperation shall focus in particular on the following areas:
 - reform of the education and training system in Bulgaria,
 - initial training, in-service training and retraining, including the training of public and private sector executives and senior civil servants, particularly in priority areas to be determined,
 - cooperation between universities, cooperation between universities and firms, and mobility for teachers, students, administrators and young people,
 - promoting teaching in the field of European Studies within the appropriate institutions,
 - mutual recognition of periods of studies and diplomas,
 - teaching Community languages and the Bulgarian language,
 - training translators and interpreters and promoting the use of Community linguistic norms and terminology.

*Article 78***Agriculture and the agro-industrial sector**

1. Cooperation in this area shall have as its aim the modernization, restructuring and privatization of agriculture and the agro-industrial sector in Bulgaria. It shall endeavour notably to:
 - develop private farms and distribution channels, methods of storage, marketing, management etc.,

- modernize the rural infrastructure (transport, water supply, telecommunications),
- improve land-use planning, including construction and urban planning,

1. The Parties shall cooperate with the aim of achieving full compatibility between the systems of consumer protection in Bulgaria and the Community.

2. To this end, cooperation shall comprise, within existing possibilities:

- the exchange of information and experts,
- access to Community databases,
- training operations and technical assistance.

Article 94

Customs

1. The aim of cooperation shall be to guarantee compliance with all the provisions scheduled for adoption in connection with trade and to achieve the approximation of Bulgaria's customs system to that of the Community, thus helping to ease the steps towards liberalization planned under this Agreement.

2. Cooperation shall include the following in particular:

- the exchange of information,
- the development of appropriate infrastructure of crossing points between the Parties,
- the introduction of the single administrative document and the combined nomenclature by Bulgaria,
- the interconnection between the transit systems of the Community and Bulgaria,
- the simplification of inspections and formalities in respect of the carriage of goods,

- the organization of seminars and training periods,
- support in the introduction of modern customs information systems.

Technical assistance shall be provided where appropriate.

3. Without prejudice to further cooperation foreseen in this Agreement, and in particular Article 97, the mutual assistance between administrative authorities in customs matters of the Parties shall take place in accordance with the provisions of Protocol 6.

Article 95

Statistical cooperation

1. Cooperation in this area shall have as its aim the development of an efficient statistical system to provide, in a rapid and timely fashion, the reliable statistics needed to support and monitor the process of economic reform and contribute to the development of private enterprise in Bulgaria.

2. The Parties shall cooperate in particular:

- to strengthen Bulgaria's statistical apparatus,
- to bring about harmonization with international (and particularly Community) methods, standards and classifications,
- to provide the data needed to maintain and monitor economic reform,
- to provide private-sector economic operators with the appropriate macro-economic and micro-economic data,
- to guarantee the confidentiality of data,
- to exchange statistical information.

3. Technical assistance shall be provided by the Community as appropriate.

Article 96

Economics

1. The Community and Bulgaria will facilitate the process of economic reforms and integration by cooperating to improve understanding of the fundamentals of their respective economies and the devising and implementing of economic policy in market economies.

2. To these ends the Community and Bulgaria will:

- exchange information on macro-economic performance and prospects and on strategies for development
- analyse jointly economic issues of mutual interest, including the framing of economic policy and the instruments for implementing it,
- through the programme of Action for Cooperation in Economics (ACE) in particular, encourage extensive cooperation among economists and managers in the Community and Bulgaria, in order to expedite the transfer of know-how for the drafting of economic policies, and provide for wide dissemination of the results of policy-relevant research.

Article 97

Drugs

1. The cooperation is in particular aimed at increasing the efficiency of policies and measures to counter the supply and illicit traffic of narcotic drugs and psychotropic substances and to reduce the abuse of these products.

2. The Parties shall agree on the necessary methods of cooperation to attain these objectives, including the modalities of the implementation of common actions. Their actions will be based on consultation and close coordination over the objectives and the policy measures in the fields targeted in paragraph 1.

3. Cooperation between the Parties will comprise technical and administrative assistance which could deal in particular with the following areas:

- the drafting and implementation of national legislation,
- the creation or strengthening of institutions and information centres and of social and health centres,
- increasing the efficiency of the institutions engaged in combating illicit drug trafficking,
- the training of personnel and research,
- the prevention of diversion of precursors and other essential chemicals used for the purpose of illicit manufacture of narcotic drugs or psychotropic substances, by establishing suitable standards equivalent to those adopted by the Community and relevant international bodies, in particular the Chemical Action Task Force (CATF).

The Parties may agree to include other areas.

TITLE VII

CULTURAL COOPERATION

Article 98

Taking into account the Solemn Declaration on European Union, the Parties undertake to promote, encourage and facilitate cultural cooperation. Where appropriate, the Community's cultural cooperation programmes or those of one or more Member States may be extended to Bulgaria and further activities of interest to both sides developed.

This cooperation may notably cover:

— exchange of non-commercial works of art and artists,

— film production and film industry, taking into account the cooperation in the audiovisual sector as envisaged in Article 92,

— translation of literary works,

— conservation and restoration of monuments and sites (architectural and cultural heritage),

— training for those dealing with cultural affairs,

— the organization of European-oriented cultural events.

TITLE VIII

FINANCIAL COOPERATION

Article 99

In order to achieve the objectives of this Agreement and in accordance with Articles 100, 101, 103 and 104, without prejudice to Article 102, Bulgaria shall benefit from temporary financial assistance from the Community in the form of grants and loans, including loans from the European Investment Bank according to the provisions of Article 18 of the Statute of the Bank, to accelerate the economic transformation of Bulgaria and to help Bulgaria to cope with the economic and social consequences of structural readjustment.

Article 100

This financial assistance shall be covered:

— either within the framework of the Operation Phare foreseen in Council Regulation (EEC) No 3906/89, as amended, on a multiannual basis, or within a new financial multiannual framework established by the Community following consultations with Bulgaria and taking into account the considerations set out in Articles 103 and 104 of this Agreement,

— by the loans provided by the European Investment Bank until the expiry date of the availability thereof; following consultations with Bulgaria the Community shall fix the maximum amount and period of availability of loans from the European Investment Bank for Bulgaria for subsequent years.

Article 101

The objectives and the areas of the Community's financial assistance shall be laid down in an indicative programme to be agreed between the two Parties. The Parties shall inform the Association Council.

Article 102

1. The Community shall, in case of special need, taking into account the G-24's guidelines for action and the availability of all financial resources, on request by Bulgaria and in coordination with international financial institutions, in the context of the G-24, examine the possibility of granting temporary financial assistance:

— to support measures with the aim to introduce and maintain the convertibility of the Bulgarian currency,

— to support medium-term stabilization and structural adjustment efforts, including balance of payments assistance.

2. This financial assistance is subject to Bulgaria's presentation of IMF supported programmes in the context of the G-24, as appropriate, for convertibility and/or for restructuring its economy, to the Community's acceptance thereof, to Bulgaria's continued adherence to

these programmes and, as an ultimate objective, to rapid transition to reliance on finance from private sources.

3. The Association Council will be informed of the conditions under which this assistance will be provided and of the respect of the obligations undertaken by Bulgaria concerning such assistance.

Article 103

The Community financial assistance shall be evaluated in the light of the needs which arise and of Bulgaria's development level, and taking into account established priorities and the absorption capacity of Bulgaria's

economy, the ability to repay loans and progress towards a market economy system and restructuring in Bulgaria.

Article 104

In order to permit optimum use of the resources available, the Parties shall ensure that Community contributions are made in close coordination with those from other sources such as the Member States, other countries, including the G-24, and international financial institutions, such as the International Monetary Fund, the International Bank for Reconstruction and Development and the European Bank for Reconstruction and Development.

TITLE IX

INSTITUTIONAL, GENERAL AND FINAL PROVISIONS

Article 105

An Association Council is hereby established which shall supervise the implementation of this Agreement. It shall meet at ministerial level once a year and when circumstances require. It shall examine any major issues arising within the framework of the Agreement and any other bilateral or international issues of mutual interest.

to take decisions in the cases provided for therein. The decisions taken shall be binding on the Parties which shall take the measures necessary to implement the decisions taken. The Association Council may also make appropriate recommendations.

It shall draw up its decisions and recommendations by Agreement between the two Parties.

Article 106

1. The Association Council shall consist of the members of the Council of the European Communities and members of the Commission of the European Communities, on the one hand, and of members appointed by the Government of Bulgaria, on the other.

2. Members of the Association Council may arrange to be represented, in accordance with the conditions to be laid down in its rules of procedure.

3. The Association Council shall establish its rules of procedure.

4. The Association Council shall be presided in turn by a member of the Council of the European Communities and a member of the Government of Bulgaria, in accordance with the provisions to be laid down in its rules of procedure.

5. Where appropriate, the European Investment Bank will take part, as an observer, in the work of the Association Council.

Article 107

The Association Council shall, for the purpose of attaining the objectives of the Agreement, have the power

Article 108

1. Each of the two Parties may refer to the Association Council any dispute relating to the application or interpretation of this Agreement.

2. The Association Council may settle the dispute by means of a decision.

3. Each Party shall be bound to take the measures involved in carrying out the decision referred to in paragraph 2.

4. In the event of it not being possible to settle the dispute in accordance with paragraph 2, either Party may notify the other of the appointment of an arbitrator; the other Party must then appoint a second arbitrator within two months. For the application of this procedure, the Community and the Member States shall be deemed to be one Party to the dispute.

The Association Council shall appoint a third arbitrator.

The arbitrators' decisions shall be taken by majority vote.

Each Party to the dispute must take the steps required to implement the decision of the arbitrators.

Article 109

1. The Association Council shall be assisted in the performance of its duties by an Association Committee composed of representatives of the members of the Council of the European Communities and of members of the Commission of the European Communities on the one hand and of representatives of the Government of Bulgaria on the other, normally at senior civil servant level.

In its rules of procedure the Association Council shall determine the duties of the Association Committee, which shall include the preparation of meetings of the Association Council and how the Committee shall function.

2. The Association Council may delegate to the Association Committee any of its powers. In this event the Association Committee shall take its decisions in accordance with the conditions laid down in Article 107.

Article 110

The Association Council may decide to set up any other special committee or body that can assist it in carrying out its duties.

In its rules of procedure, the Association Council shall determine the composition and duties of such committees or bodies and how they shall function.

Article 111

An Association Parliamentary Committee is hereby established. It shall be a forum for members of the Bulgarian Parliament and the European Parliament to meet and exchange views. It shall meet at intervals which it shall itself determine.

Article 112

1. The Association Parliamentary Committee shall consist of members of the European Parliament, on the one hand, and of members of the Bulgarian Parliament, on the other.

2. The Association Parliamentary Committee shall establish its rules of procedure.

3. The Association Parliamentary Committee shall be presided in turn by each the European Parliament and the Bulgarian Parliament, in accordance with the provisions to be laid down in its rules of procedure.

Article 113

The Association Parliamentary Committee may request relevant information regarding the implementation of this Agreement from the Association Council, which shall then supply the Committee with the requested information.

The Association Parliamentary Committee shall be informed of the decisions of the Association Council.

The Association Parliamentary Committee may make recommendations to the Association Council.

Article 114

Within the scope of this Agreement, each Party undertakes to ensure that natural and legal persons of the other Party have access free of discrimination in relation to its own nationals to the competent courts and administrative organs of the Parties to defend their individual rights and their property rights, including those concerning intellectual, industrial and commercial property.

Article 115

Nothing in this Agreement shall prevent a Contracting Party from taking any measures:

- (a) which it considers necessary to prevent the disclosure of information contrary to its essential security interests;
- (b) which relate to the production of, or trade in, arms ammunition or war materials or to research, development or production indispensable for defence purposes, provided that such measures do not impair the conditions of competition in respect of products not intended for specifically military purposes;
- (c) which it considers essential to its own security in the event of serious internal disturbances affecting the maintenance of law and order, in time of war or serious international tension constituting threat of war or in order to carry out obligations it has accepted for the purpose of maintaining peace and international security.

Article 116

1. In the fields covered by this Agreement and without prejudice to any special provisions contained therein:

- the arrangements applied by Bulgaria in respect of the Community shall not give rise to any discrimination between the Member States, their nationals, or their companies or firms,
- the arrangements applied by the Community in respect of Bulgaria shall not give rise to any discrimination between Bulgarian nationals or its companies or firms.

2. The provisions of paragraph 1 are without prejudice to the right of the Parties to apply the relevant

provisions of their fiscal legislation to tax payers who are not in identical situations as regards their place of residence.

Article 117

Products originating in Bulgaria shall not enjoy more favourable treatment when imported into the Community than that applied by Member States among themselves.

The treatment granted to Bulgaria under Title IV and Chapter I of Title V shall not be more favourable than that accorded by Member States among themselves.

Article 118

1. The Parties shall take any general or specific measures required to fulfil their obligations under the Agreement. They shall see to it that the objectives set out in the Agreement are attained.

2. If either Party considers that the other Party has failed to fulfil an obligation under the Agreement, it may take appropriate measures. Before so doing, except in cases of special urgency, it shall supply the Association Council with all relevant information required for a thorough examination of the situation with a view to seeking a solution acceptable to the Parties.

In the selection of measures, priority must be given to those which least disturb the functioning of the Agreement. These measures shall be notified immediately to the Association Council and shall be the subject of consultations within the Association Council if the other Party so requests.

Article 119

This Agreement shall not, until equivalent rights for individuals and economic operators have been achieved under this Agreement, affect rights assured to them through Agreements binding one or more Member States, on the one hand, and Bulgaria, on the other, except for sectors of Community competence and without prejudice to Member States' obligations resulting from this Agreement in sectors of their competence.

Article 120

Protocols 1, 2, 3, 4, 5, 6, 7 and 8, and Annexes I to XVI shall form an integral part of this Agreement.

Article 121

This Agreement is concluded for an unlimited period.

Either Party may denounce this Agreement by notifying the other Party. This Agreement shall cease to apply six months after the date of such notification.

Article 122

This Agreement shall apply, on the one hand, to the territories in which the Treaties establishing the European Economic Community, the European Atomic Energy Community and the European Coal and Steel Community are applied and under the conditions laid down in those Treaties and, on the other hand, to the territory of the Republic of Bulgaria.

Article 123

This Agreement is drawn up in duplicate in the Danish, Dutch, English, French, German, Italian, Spanish, Greek, Portuguese and Bulgarian languages, each of these texts being equally authentic.

Article 124

This Agreement will be approved by the Parties in accordance with their own procedures.

This Agreement shall enter into force on the first day of the second month following the date on which the Parties notify each other that the procedures referred to in the first paragraph have been completed.

Upon its entry into force, the Agreement shall replace the Agreement between the European Economic Community, the European Atomic Energy Community and Bulgaria on trade and economic and commercial cooperation signed in Brussels on 8 May 1990.

Article 125

1. In the event that, pending the completion of the procedures necessary for the entry into force of this Agreement, the provisions of certain parts of this Agreement, in particular those relating to the movement of goods, are put into effect in 1993 by means of an Interim Agreement between the Community and Bulgaria, the Contracting Parties agree that, in such circumstances for the purposes of Title III, Articles 64 and 67 of this Agreement and Protocol 1, 2, 3, 4, 5, 6 and 7 hereto, the terms 'date of entry into force of the Agreement' shall mean

— the date of entry into force of the Interim Agreement in relation to obligations taking effect on that date, and

— 1 January 1993 in relation to obligations taking effect after the date of entry into force by reference to the date of entry into force.

2. In the case of entry into force after 1 January, the provisions of Protocol 7 shall apply.

7212 50 73	— — — Plated or coated with chromium oxides or with chromium and chromium oxides (CN)
7212 50 75	— — — Plated or coated with copper (CN)
7212 50 85	— — — Lead-coated (CN)
7212 50 91	— — — Plated or coated with chromium or nickel (CN)
	— — — Plated or coated with aluminium (CN)
7212 50 93	— — — — Plated or coated with aluminium-zinc alloy (CN)
7212 50 97	— — — — Other (CN)
7212 50 98	— — — — Other (CN)
7215 10 00	
7216 60 00	
ex 7217 11 00	
	— — — With a maximum cross-sectional dimension of 0,8 mm or more (CN)
7217 11 91	— — — — Containing indentations, ribs, grooves or other deformations produced during the rolling process (CN)
7217 11 99	— — — — Other (CN)

ex 7217 12 00	
7217 12 10	— — — With a maximum cross-sectional dimension of less than 0,8 mm (CN)
ex 7217 19 00	
7217 19 10	— — — With a maximum cross-sectional dimension of less than 0,8 mm (CN)
ex 7218 90 00	
	— — Of rectangular (including square) cross-section (CN)
	— — — — Of a width measuring less than twice the thickness, containing by weight (CN)
7218 90 30	— — — — Less than 2,5 % of nickel (CN)
	— — Other (CN)
	— — — Forged (CN)
7218 90 91	— — — — Of circular or polygonal cross-section (CN)
7218 90 99	— — — — Other (CN)
ex 7219 90 00	
	— — Other (CN)
7219 90 91	— — — Containing by weight 2,5 % or more of nickel (CN)
7219 90 99	— — — Containing by weight less than 2,5 % of nickel (CN)
ex 7220 20 00	
	— — Of a width not exceeding 500 mm (CN)
	— — — Of a thickness of 3 mm or more, containing by weight (CN)
7220 20 31	— — — — 2,5 % or more of nickel (CN)
7220 20 39	— — — — Less than 2,5 % of nickel (CN)
	— — — Of a thickness exceeding 0,35 mm but less than 3 mm, containing by weight (CN)
7220 20 51	— — — — 2,5 % or more of nickel (CN)
7220 20 59	— — — — Less than 2,5 % of nickel (CN)

*Annex to Annexes XIb and XIIIb***Minimum import price arrangement for certain soft fruit for processing**

1. Minimum import prices are fixed for each marketing year for the following products:

CN code	Description
0810 10 10	Strawberries, from 1 May to 31 July
0810 10 90	Strawberries, from 1 August to 30 April

0810 30 10	Blackcurrants
0810 30 30	Red currants
0811 20 31	Raspberries

The minimum import prices are fixed by the Community in consultation with Bulgaria, taking into consideration the price evolution, imported quantities and market development in the Community.

2. The minimum import prices shall be respected in accordance with the following criteria:
- during each three-month period of the marketing year the average unit value for each product listed in paragraph 1, imported into the Community, shall not be lower than the minimum import price for that product,
 - during any two-week period the average unit value for each product listed in paragraph 1, imported into the Community, shall not be lower than 90 % of the minimum import price for that product, in so far as the quantities imported during this period are not less than 4 % of normal annual imports.
3. In the event of failure to observe one of these criteria, the Community may introduce measures ensuring that the minimum import price is respected for each consignment of the product concerned imported from Bulgaria.

Article 2

1. Customs duties on imports applicable in the Community to textile products falling within Section XI (Chapters 50 to 63) of the combined nomenclature and originating in Bulgaria in accordance with Protocol 4 of the Agreement shall be reduced in order to arrive at their elimination at the end of a period of six years starting from the entry into force of the Agreement, as follows:

- upon entry into force of the Agreement, to five-sevenths of the basic duty,
- at the start of the third year, to four-sevenths of the basic duty,
- at the start of the fourth year, to three-sevenths of the basic duty,
- at the start of the fifth year, to two-sevenths of the basic duty,
- at the start of the sixth year, to one-seventh of the basic duty,
- at the start of the seventh year the remaining duties shall be eliminated.

2. Customs duties on imports applicable in Bulgaria to textile products falling within Section XI (Chapters 50 to 63) of the Bulgarian Customs Tariff and originating in the Community in accordance with Protocol 4 of the Agreement shall be progressively eliminated as provided for in Article 11 of the Agreement.

3. The customs duties applicable to compensating products imported into the Community which originate in Bulgaria within the meaning of Protocol 4 of the Agreement, and which result from operations in Bulgaria in accordance with Council Regulation (EEC) No 636/82, shall be eliminated on the date of the entry into force of the Agreement.

4. The provisions of Articles 12 and 13 of the Agreement shall apply to trade in textile products between the Parties.

Article 3

1. From the date of the entry into force of the Agreement until the entry into force of the Protocol referred to in paragraph 2 below, the quantitative arrangements and other related issues regarding exports of textile products originating in Bulgaria to the Community shall continue to be governed by the Bilateral Agreement on trade in textile products between the Community and Bulgaria, initialled on 11 July 1986 and applied provisionally since 1 January 1987, as amended by the exchange of letters initialled in Brussels on 21 November 1991 and by the exchange of letters initialled in Brussels on 18 December 1992. The Parties agree to amend as necessary the aforementioned Bilateral Agreement on trade in textile products to take account of the Community's policy on textiles after 1 January 1993.

The Parties agree that, as regards exports to the Community of textiles products originating in Bulgaria, Article 26 (2) and Article 31 of the Agreement shall not apply during the period of application of the aforementioned Bilateral Agreement on trade in textile products.

2. Bulgaria and the Community hereby undertake to negotiate a new Protocol on quantitative arrangements and other related issues on their trade in textile products as soon as possible, taking into account the future regime governing international trade in textile products under discussion in the multilateral negotiations in Geneva. The modalities and period during which non-tariff barriers shall be eliminated will be determined in the new Protocol. The period shall be equal to half the integration period to be decided in the Uruguay Round negotiations starting from 1 January 1994 and it shall not be shorter than five years starting from 1 January 1993 or from the entry into force of the Agreement, if later. The new Protocol shall follow on the expiration of the agreement on textile products referred to in paragraph 1 above.

3. Taking into account the development of textile trade between the Parties, the degree of access of textile exports originating in the Community to Bulgaria and the results of the multilateral trade negotiations of the Uruguay Round, provision will be made in the new Protocol for a substantial improvement of the regime applied to imports into the Community regarding import levels, growth rates, flexibility for quantitative limitations and elimination of certain quantitative limitations after a case-by-case examination. Notwithstanding Article 26 (2) and Article 31 of the Agreement, provision for a specific textiles safeguard mechanism shall also be made in the new Protocol. Such a mechanism shall not be globally more restrictive than the safeguard mechanism provided for in the textile Agreement referred to in paragraph 1 above.

4. Quantitative restrictions and measures of equivalent effect on imports of Community textile products into Bulgaria shall be abolished over the same period as is envisaged for the elimination of quantitative restrictions and measures of equivalent effect on imports of Bulgarian textile products into the Community.

Article 4

From the entry into force of the Agreement, no new quantitative restrictions or measures having equivalent effect shall be imposed except as provided for under the Agreement and its Protocols. In no case shall non-tariff barriers be applied in trade in textile products between the Community and Bulgaria after the transitional period provided for in Article 7 of the Agreement.

PROTOCOL 2

on ECSC products

Article 1

This Protocol applies to products listed in Annex I to this Protocol.

CHAPTER I

ECSC steel products

Article 2

Customs duties on imports applicable in the Community on ECSC steel products originating in Bulgaria shall be progressively abolished in accordance with the following timetable:

1. each duty shall be reduced to 80 % of the basic duty on the date of entry into force of the Agreement;
2. further reductions to 60, 40, 20 and 0 % of the basic duty shall be made at the beginning of the second, third, fourth and fifth years respectively after the entry into force of the Agreement.

Article 3

1. Customs duties on imports applicable in Bulgaria to ECSC steel products originating in the Community which are listed in Annex II to this Protocol shall be abolished on the date of entry into force of the Agreement.

2. Customs duties on imports applicable in Bulgaria to ECSC steel products originating in the Community which are listed in Annex III to this Protocol shall be progressively reduced in accordance with the following timetable:

- one year after the entry into force of the Agreement, each duty shall be reduced to 80 % of the basic duty,
- three years after the entry into force of the Agreement, each duty shall be reduced to 40 % of the basic duty,
- five years after the entry into force of the Agreement the remaining duties shall be eliminated.

3. Customs duties on imports applicable in Bulgaria to ECSC steel products originating in the Community which are listed in Annex IV to this Protocol shall be progressively reduced in accordance with the following timetable:

- three years after the entry into force of the Agreement, each duty shall be reduced to 80 % of the basic duty,
- five years after the entry into force of the Agreement, each duty shall be reduced to 60 % of the basic duty,
- six years after the entry into force of the Agreement, each duty shall be reduced to 45 % of the basic duty,

— seven years after the entry into force of the Agreement, each duty shall be reduced to 30 % of the basic duty,

— eight years after the entry into force of the Agreement, each duty shall be reduced to 15 % of the basic duty,

— nine years after the entry into force of the Agreement the remaining duties shall be eliminated.

Article 4

1. Quantitative restrictions and measures having equivalent effect on imports into the Community of ECSC steel products originating in Bulgaria shall be abolished on the date of the entry into force of the Agreement.

2. Quantitative restrictions and measures of equivalent effect on imports into Bulgaria of ECSC steel products originating in the Community shall be abolished on the date of the entry into force of the Agreement.

Article 5

If, during a period equal to the derogation for subsidies pursuant to Article 9 (4) and given the particular sensitivity of the steel markets, imports of specific steel products originating in one Party cause or threaten to cause serious injury to domestic producers of like products or serious disturbances to the steel markets of the other Party, both Parties shall enter into consultations immediately to find an appropriate solution. Pending such a solution and notwithstanding other provisions of the Agreement and in particular Articles 31 and 34, when exceptional circumstances require immediate action, the importing Party may adopt forthwith quantitative or other solutions strictly necessary to deal with the situation, in accordance with its international and multilateral obligations.

CHAPTER II

ECSC coal products

Article 6

Customs duties on imports applicable in the Community on ECSC coal products originating in Bulgaria shall be progressively abolished in accordance with the following timetable:

1. on 1 January 1994 each duty shall be reduced to 50 % of the basic duty;
2. on 31 December 1995 the remaining duties shall be eliminated.

Article 7

Customs duties on imports applicable in Bulgaria to ECSC coal products originating in the Community shall be progressively abolished as provided for in Article 11 of the Agreement:

- for products listed in Annex II to this Protocol customs duties shall be abolished on the date of entry into force of the Agreement,
- for products listed in Annex IV to this Protocol customs duties shall be progressively reduced in accordance with Article 11 (3) of the Agreement.

Article 8

1. Quantitative restrictions and measures having equivalent effect applicable in the Community to ECSC coal products originating in Bulgaria shall be abolished at the latest one year after the entry into force of the Agreement, with the exception of those concerning the products and the regions described in Annex V, which shall be abolished at the latest four years after the entry into force of the Agreement.

2. Quantitative restrictions and measures having equivalent effect on imports applicable in Bulgaria to ECSC coal products originating in the Community shall be abolished upon entry into force of the Agreement.

CHAPTER III

Common provisions

Article 9

1. The following are incompatible with the proper functioning of the Agreement, in so far as they may affect trade between the Community and Bulgaria:

- (i) all agreements of cooperative or concentrative nature between undertakings, decisions by associations of undertakings and concerted practices between undertakings which have as their object or effect the prevention, restriction or distortion of competition;
- (ii) abuse by one or more undertakings of a dominant position in the territories of the Community or of Bulgaria as a whole or in a substantial part thereof;
- (iii) public aid in any form whatsoever except derogations allowed pursuant to the ECSC Treaty.

2. Any practices contrary to this Article should be assessed on the basis of criteria arising from the application of the rules of Articles 65 and 66 of the Treaty establishing the ECSC, of Articles 85 and 86 of the Treaty establishing the EEC and the rules on State aids, including the secondary legislation.

3. The Association Council shall, within three years of the entry into force of the Agreement, adopt the necessary rules for the implementation of paragraphs 1 and 2.

4. The Contracting Parties recognize that during the first five years after the entry into force of the Agreement, and by derogation from paragraph 1 (iii) of this Article, Bulgaria may exceptionally, as regards ECSC steel products, grant public aid for restructuring purposes, provided that:

- it leads to the viability of the benefiting firms under normal market conditions at the end of the restructuring period,
- the amount and intensity of such aid are strictly limited to what is absolutely necessary in order to restore such viability and are progressively reduced,
- the restructuring programme is linked to a global rationalizing and reduction of overall production capacity in Bulgaria.

5. Each Party shall ensure transparency in the area of public aid by a full and continuous exchange of information to the other Party, including amount, intensity and purpose of the aid and detailed restructuring plan.

6. If the Community or Bulgaria considers that a particular practice is incompatible with the terms of paragraph 1 as amended by paragraph 4 of this Article, and

- is not adequately dealt with under the implementing rules referred to in paragraph 3, or
- in the absence of such rules and if such practice causes or threatens to cause prejudice to the interests of the other Party or material injury to its domestic industry,

the affected Party may take appropriate measures if no solution is found within 30 days of the day the official request was introduced.

In the case of practices incompatible with paragraph 1 (iii) of this Article, such appropriate measures may only cover measures adopted in conformity with the procedures and under the conditions laid down by the General Agreement on Tariffs and Trade and any other relevant instrument negotiated under its auspices which are applicable between the Parties.

Article 10

The provisions of Articles 12, 13 and 14 of the Agreement shall apply to trade between the partners in ECSC products.

Article 11

The Parties agree that one of the special bodies established by the Association Council shall be a Contact Group which will discuss the implementation of this Protocol.

PROTOCOL 3

on trade between Bulgaria and the Community in processed agricultural products not covered by Annex II to the EEC Treaty

Article 1

1. The Community shall grant the tariff concessions referred to in Annex I for processed agricultural products originating in Bulgaria. In the case of the goods referred to in Annex II, however, reductions of the variable components shall be granted within the quantity limits established by the Community.

2. During 1996, Bulgaria shall grant tariff concessions determined in accordance with this Protocol for the processed agricultural products referred to in Annex III.

3. The Association Council may:

- add to the list of processed agricultural products referred to in this Protocol,
- increase the quantities of processed agricultural products eligible for the tariff concessions established by this Protocol.

4. The Association Council may replace the concessions referred to in paragraph 1 with a system of compensatory amounts with no quantity limits, established on the basis of the differences found between the prices on the Community and Bulgarian markets of the agricultural products actually used to produce the processed agricultural products covered by this Protocol. The Association Council shall draw up a list of the products to which the compensatory amounts are applicable and a list of basic products. It shall adopt general implementing rules to that end.

Article 2

For the purposes of the Articles which follow, the definitions given below shall apply:

- 'goods': the processed agricultural products referred to in this Protocol,
- 'agricultural component of the levy or duty': the part of the levy or duty corresponding to the quantity of agricultural products incorporated into the processed product and deducted from the levy or duty applicable when such agricultural products are imported unprocessed,
- 'non-agricultural component of the levy or duty': the part of the levy or duty remaining when the agricultural component is deducted from the total levy or duty,

— 'basic products': the agricultural products considered as having been used in the production of goods within the meaning of Regulation (EEC) No 3033/80,

— 'base quantity': the quantity of a basic product calculated in the manner stipulated in Article 6 of Regulation (EEC) No 3033/80 and which is used to determine the variable component applicable to goods of a given type, in accordance with the terms of the same Regulation.

Article 3

1. From the date this Agreement enters into force, the Community shall phase out the non-agricultural component of the duty in accordance with the timetable set out in Annex I. Where appropriate, there shall be no quantity limit.

2. The Community applies to imports from Bulgaria an agricultural component calculated on the basis below:

- (a) for the goods for which Annex I stipulates a variable component (MOB), the latter shall be identical to that applying in the case of third countries;
- (b) for the goods for which Annex I stipulates a reduced variable component (MOBR), the level of the latter shall be calculated by reducing the base quantities of the basic products for which a levy reduction is granted by 20 % in 1993, 40 % in 1994 and 60 % from 1995. In the case of other basic products, the corresponding reductions, for the same years, shall be 10, 20 and 30 %.

This reduction of the variable component shall be granted within the limits of the tariff quotas established in Annex II. For the quantities in excess of those quotas, the variable component applying to all third countries shall be restored.

3. In accordance with the procedure described in Article 1 (3), the variable components of goods, which are or will be included in Annex I, shall be replaced by reduced variable components if they are applied and in conformity with paragraph 2, if those goods are added to Annex III.

Article 4

1. Bulgaria shall reduce progressively its import duties on the goods listed in Annex III in accordance with a

timetable established by the Association Council. Those reductions shall be initiated in 1996 and be completed by 1 January 2000.

2. From the time at which the Agreement enters into force until 31 December 1996, Bulgaria shall apply to the goods referred to in Annex III the rates of duty in force on 28 February 1993. However, if reform of the Bulgarian agricultural policy causes the agricultural component of the duty to increase, Bulgaria shall inform the Association Council accordingly, which may agree to an increase in the rate of duty concerned which corresponds to the size of the agricultural component.

3. The duties applicable from 1 January 2000 may not exceed the equivalence of the duties applicable to the agricultural products incorporated in those goods in respect of the quantities of those agricultural products needed for the processing of the goods.

Article 5

The reduction of the variable components referred to in Article 3 shall apply only from 1 May 1993.

PROTOCOL 4

concerning the definition of the concept of originating products and methods of administrative cooperation

TITLE I

Article 3

DEFINITION OF THE CONCEPT OF ORIGINATING PRODUCTS

Wholly obtained products

Article 1

Origin Criteria

For the purpose of implementing the Agreement, and without prejudice to the provisions of Article 2 of this Protocol, the following products shall be considered as:

1. *products originating in the Community:*

- (a) products wholly obtained in the Community, within the meaning of Article 3;
- (b) products obtained in the Community in the manufacture of which products other than those referred to in (a) are used, provided that the said products have undergone sufficient working or processing within the meaning of Article 4;

2. *products originating in Bulgaria:*

- (a) products wholly obtained in Bulgaria, within the meaning of Article 3;
- (b) products obtained in Bulgaria in the manufacture of which products other than those referred to in (a) are used, provided that the said products have undergone sufficient working or processing within the meaning of Article 4.

Article 2

Bilateral cumulation

1. Notwithstanding Article 1 (1) (b), materials originating in Bulgaria within the meaning of this Protocol shall be considered as materials originating in the Community and it shall not be necessary that such materials have undergone sufficient working or processing there, provided, however, that they have undergone working or processing going beyond that described in Article 4 (3) of this Protocol.

2. Notwithstanding Article 1 (2) (b), materials originating in the Community within the meaning of this Protocol shall be considered as originating in Bulgaria and it shall not be necessary that such materials have undergone sufficient working or processing there, provided, however, that they have undergone working or processing going beyond that described in Article 4 (3) of this Protocol.

1. Within the meaning of Article 1 (1) (a) and (2) (a), the following shall be considered as wholly obtained either in the Community or in Bulgaria:

- (a) mineral products extracted from their soil or from their seabed;
- (b) vegetable products harvested there;
- (c) live animals born and raised there;
- (d) products from live animals raised there;
- (e) products obtained by hunting or fishing conducted there;
- (f) products of sea fishing and other products taken from the sea by their vessels;
- (g) products made aboard their factory ships exclusively from products referred to in subparagraph (f);
- (h) used articles collected there fit only for the recovery of raw materials;
- (i) waste and scrap resulting from manufacturing operations conducted there;
- (j) goods produced there exclusively from the products specified in subparagraphs (a) to (i).

2. The term 'their vessels' in paragraph 1 (f) shall apply only to vessels:

- which are registered or recorded in Bulgaria or in a Member State of the Community,
- which sail under the flag of Bulgaria or of a Member State of the Community,
- which are owned to an extent of at least 50 % by nationals of Bulgaria or of Member States of the Community, or by a company with its head office in one of these States or in Bulgaria, of which the manager or managers, chairman of the board of directors or the supervisory board, and the majority of the members of such boards are nationals of Bulgaria or of Member States of the Community and

of which, in addition, in the case of partnerships or limited companies, at least half the capital belongs to these States, to Bulgaria, to their public bodies or to their nationals,

- of which the master and officers are nationals of Bulgaria or of Member States of the Community,
- of which at least 75 % of the crew are nationals of Bulgaria or of Member States of the Community.

3. The terms 'Bulgaria' and 'the Community' shall also cover the territorial waters which surround Bulgaria and the Member States of the Community.

Sea-going vessels, including factory ships on which the fish caught is worked or processed, shall be considered as part of the territory of the Community or of Bulgaria provided that they satisfy the conditions set out in paragraph 2.

Article 4

Sufficiently processed products

1. For the purposes of Article 1, non-originating materials are considered to be sufficiently worked or processed when the product obtained is classified in a heading which is different from that in which all the non-originating materials used in its manufacture are classified, subject to paragraphs 2 and 3.

The expressions 'chapters' and 'headings' used in this Protocol shall mean the chapters and the headings (four-digit codes) used in the nomenclature which makes up the Harmonized Commodity Description and Coding System (hereinafter referred to as the 'Harmonized System' or HS). The expression 'classified' shall refer to the classification of a product or material under a particular heading.

2. For a product mentioned in columns 1 and 2 of the list in Annex II, the conditions set out in column 3 for the product concerned must be fulfilled instead of the rule in paragraph 1.

(a) Where in the list in Annex II a percentage rule is applied in determining the originating status of a product obtained in the Community or in Bulgaria, the value added by the working or processing shall correspond to the ex works price of the product obtained, less the value of third-country materials imported into the Community or Bulgaria.

(b) The term 'value' in the list in Annex II shall mean the customs value at the time of the import of the non-originating materials used or, if this is not known and cannot be ascertained, the first ascertainable price paid for these materials in the territory concerned.

Where the value of the originating materials used needs to be established, the provisions of the above subparagraph shall be applied *mutatis mutandis*.

(c) The term 'ex works price' in the list in Annex II shall mean the price paid for the product obtained to the manufacturer in whose undertaking the last working or processing is carried out, provided the price includes the value of all the materials used in manufacture, minus any internal taxes which are, or may be, repaid when the product obtained is exported.

(d) 'Customs value' shall be understood as the value determined in accordance with the Agreement on Implementation of Article VII of the General Agreement on Tariffs and Trade, established in Geneva on 12 April 1979.

3. For the purpose of implementing paragraphs 1 and 2, the following shall be considered as insufficient working or processing to confer the status of originating products, whether or not there is a change of heading:

(a) operations to ensure the preservation of products in good condition during transport and storage (ventilation, spreading out, drying, chilling, placing in salt, sulphur dioxide or other aqueous solutions, removal of damaged parts, and like operations);

(b) simple operations consisting of removal of dust, sifting or screening, sorting, classifying, matching (including the making-up of sets of articles), washing, painting, cutting up;

(c) (i) changes of packaging and breaking up and assembly of consignments;

(ii) simple placing in bottles, flasks, bags, cases, boxes, fixing on cards or boards etc., and all other simple packaging operations;

(d) affixing marks, labels and other like distinguishing signs on products or their packaging;

(e) simple mixing of products, whether or not of different kinds, where one or more components of the mixture do not meet the conditions laid down in this Protocol to enable them to be considered as originating either in the Community or in Bulgaria;

(f) simple assembly of parts of articles to constitute a complete article;

(g) a combination of two or more operations specified in subparagraphs (a) to (f);

(h) slaughter of animals.

*Article 5***Neutral elements**

In order to determine whether a product originates in the Community or in Bulgaria, it shall not be necessary to establish the origin of electrical power, fuel, plant and equipment and machines and tools used to obtain such product nor of materials which do not enter into their final composition.

*Article 6***Accessories, spare parts and tools**

Accessories, spare parts and tools dispatched with a piece of equipment, machine, apparatus or vehicle which are part of the normal equipment and included in the price thereof or are not separately invoiced are regarded as one with the piece of equipment, machine, apparatus or vehicle in question.

*Article 7***Sets**

Sets, as defined in General Rule 3 of the Harmonized System, shall be regarded as originating when all component articles are originating products. Nevertheless, when a set is composed of originating and non-originating articles, the set as a whole shall be regarded as originating provided that the value of the non-originating articles does not exceed 15 % of ex works price of the set.

*Article 8***Direct transport**

1. The preferential treatment provided for under this Agreement applies only to products or materials which are transported between the territories of the Community and of Bulgaria without entering any other territory. However, goods originating in Bulgaria or in the Community and constituting one single consignment which is not split up may be transported through territory other than that of the Community or Bulgaria, with, should the occasion arise, transshipment or temporary warehousing in such territory, provided that the goods have remained under the surveillance of the customs authorities in the country of transit or of warehousing and that they have not undergone operations other than unloading, reloading or any operation designed to preserve them in good condition.

2. Evidence that the conditions referred to in paragraph 1 have been fulfilled shall be supplied to the responsible customs authorities by the production of:

- (a) a single transport document issued in the exporting country covering the passage through the country of transit;

- (b) or a certificate issued by the customs authorities of the country of transit:

- giving an exact description of the goods,
- stating the dates of unloading and reloading of the goods or of the embarkation or disembarkation, identifying the ships or other means of transport used, and
- certifying the conditions under which the goods remained in the transit country;

- (c) or failing these, any substantiating documents.

*Article 9***Territorial requirement**

The conditions set out in this Title relative to the acquisition of originating status must be fulfilled without interruption in the Community or in Bulgaria except as provided for in Article 2.

If originating products exported from the Community or Bulgaria to another country are returned, except in so far as provided for in Article 2, they must be considered as non-originating unless it can be demonstrated to the satisfaction of the customs authorities that:

- the goods returned are the same goods as those exported, and
- they have not undergone any operation beyond that necessary to preserve them in good condition while in that country.

TITLE II**PROOF OF ORIGIN***Article 10***Movement certificate EUR.1**

Evidence of originating status of products, within the meaning of this Protocol, shall be given by a movement certificate EUR.1, a specimen of which appears in Annex III to this Protocol.

*Article 11***Normal procedure for the issue of certificates**

1. A movement certificate EUR.1 shall be issued only on application having been made in writing by the exporter or, under the exporter's responsibility, by his authorized representative. Such application shall be made on a form, a specimen of which appears in Annex III to this Protocol, which shall be completed in accordance with this Protocol.

Applications for movement certificates EUR.1 must be preserved for at least two years by the customs authorities of the exporting State.

2. The exporter or his representative shall submit with his request any appropriate supporting document proving that the products to be exported are such as to qualify for the issue of a movement certificate EUR.1.

He shall undertake to submit, at the request of the appropriate authorities, any supplementary evidence they may require for the purpose of establishing the correctness of the originating status of the products eligible for preferential treatment and shall undertake to agree to any inspection of his accounts and to any check on the processes of the obtaining of the above products carried out by the said authorities.

Exporters must keep for at least two years the supporting documents referred to in this paragraph.

3. A movement certificate EUR.1 may be issued only where it can serve as the documentary evidence required for the purpose of implementing the agreement.

4. The movement certificate EUR.1 shall be issued by the customs authorities of a Member State of the European Economic Community if the goods to be exported can be considered as products originating in the Community within the meaning of Article 1 (1) of this Protocol. The movement certificate EUR.1 shall be issued by the customs authorities of Bulgaria if the goods to be exported can be considered as products originating in Bulgaria within the meaning of Article 1 (2) of this Protocol.

5. Where the cumulation provisions of Article 2 are applied, the customs authorities of the Member States of the Community or of Bulgaria may issue movement certificates EUR.1 under the conditions laid down in this Protocol if the goods to be exported can be considered as products originating in the Community or Bulgaria within the meaning of this Protocol and provided that the goods covered by the movement certificates EUR.1 are in the Community or in Bulgaria.

In these cases, the movement certificates EUR.1 shall be issued subject to the presentation of the proof of origin previously issued or made out. This proof of origin must be kept for at least two years by the customs authorities of the exporting State.

6. Since the movement certificate EUR.1 constitutes the documentary evidence for the application of the preferential tariff arrangements laid down in the Agreement, it shall be the responsibility of the customs authorities of the exporting country to take any steps necessary to verify the origin of the goods and to check the other statements on the certificate.

7. For the purpose of verifying whether the conditions for issuing EUR.1 certificates have been met, the customs authorities shall have the right to call for any documentary evidence or to carry out any check which they consider appropriate.

8. It shall be the responsibility of the customs authorities of the exporting State to ensure that the forms referred to in paragraph 1 are duly completed. In particular, they shall check whether the space reserved for the description of the products has been completed in such a manner as to exclude all possibility of fraudulent additions. To this end, the description of the products must be indicated without leaving any blank lines. Where the space is not completely filled a horizontal line must be drawn below the last line of the description, the empty space being crossed through.

9. The date of issue of the movement certificate must be indicated in the part of the certificate reserved for the customs authorities.

10. A movement certificate EUR.1 shall be issued by the customs authorities of the exporting State when the products to which it relates are exported. It shall be made available to the exporter as soon as actual export has been effected or ensured.

Article 12

Long-term certificates EUR.1

1. Notwithstanding the provisions of Article 11 (10), a movement certificate EUR.1 may be issued by the customs authorities of the exporting State when only part of the products to which it relates are exported, in the case of a certificate covering a series of exportations of the same products from the same exporter to the same importer, over a maximum period of one year from the date of issue, hereinafter referred to as an 'LT certificate'.

2. LT certificates shall be issued, in accordance with the provisions of Article 11, at the discretion of the customs authorities of the exporting State and according to their own judgment of the need for this procedure, only where the originating status of the goods to be exported is expected to remain unchanged for the period of validity of the LT certificate. If any goods are no longer covered by the LT certificate, the exporter shall immediately inform the customs authorities who issued the certificate.

3. Where the LT certificate procedure applies, the customs authorities of the exporting State may prescribe the use of EUR.1 certificates bearing a distinctive sign by which they may be identified.

4. Box 11 'Customs endorsement' of the EUR.1 certificate must be endorsed as usual by the customs authorities of the exporting State.

5. One of the following phrases shall be entered in box 7 of the EUR.1 certificate:

'CERTIFICADO LT VÁLIDO HASTA EL ...'

'LT-CERTIFICAT GYLDIGT INDIL ...'

'LT-CERTIFICATE GÜLTIG BIS ...'

'ΠΙΣΤΟΠΟΙΗΤΙΚΟ LT ΙΣΧΥΟΝ ΜΕΧΡΙ ...'

'LT -CERTIFICATE VALID UNTIL ...'

'CERTIFICAT LT VALABLE JUSQU'AU ...'

'CERTIFICATO LT VALIDO FINO AL ...'

'LT-CERTIFICAAT GELDIG TOT EN MET ...'

'LT-CERTIFICADO VALIDO ATÉ ...'

'LT-CERTIFICAT VALIDEN DO ...'

(date indicated in Arabic numerals).

6. Reference is not required in box 8 and box 9 of the LT certificate to the marks and numbers and number and kind of packages and the gross weight (kg) or other measures (litres, m³, etc.). Box 8 must, however, contain a description and designation of the goods which is sufficiently precise to allow for their identification.

7. Notwithstanding Article 17, the LT certificate must be submitted to the customs office of import at or before the first importation of any goods to which it relates. When the importer carries out the customs clearance at several customs offices in the State of importation, the customs authorities may require him to produce a copy of the LT certificate to all of those offices.

8. Where an LT certificate has been submitted to the customs authorities, the evidence of the originating status of the imported goods shall, during the validity of the LT certificate, be given by invoices which satisfy the following conditions:

(a) when an invoice includes both goods originating in the Community or Bulgaria and non-originating goods, the exporter shall distinguish clearly between these two categories;

(b) the exporter shall state on each invoice the number of the LT certificate which covers the goods and the date of expiry of the certificate and the names of the country or countries in which the goods originate.

The statement on the invoice made by the exporter of the number of the LT certificate with the indication of the country of origin shall constitute a declaration that the goods fulfil the conditions laid down in this Protocol for the acquisition of preferential origin status in trade between the Community and Bulgaria.

The customs authorities of the exporting State may require that the entries which, under the above provisions, must appear on the invoice, be supported by the manuscript signature followed by the name of the signatory in clear script;

(c) the description and the designation of the goods on the invoice shall be in sufficient detail to show clearly

that the goods are also listed on the LT certificate to which the invoice refers;

(d) the invoices can be made out only for the goods exported during the period of validity of the relevant LT certificate. They may however be produced at the customs office of importation within four months of their being made out by the exporter.

9. In the framework of the LT certificate procedure, invoices which satisfy the conditions of this Article may be made out and/or transmitted using telecommunications or electronic data-processing methods. Such invoices shall be accepted by the customs of the importing State as evidence of the originating status of the goods imported in accordance with the procedures laid down by the customs authorities there.

10. Should the customs authorities of the exporting State identify that a certificate and/or invoice issued under the provisions of this Article is invalid in relation to any goods supplied, they shall immediately notify the customs authorities of the importing State of the facts.

11. The provisions of this Article shall not prejudice application of the rules of the Community, the Member States and Bulgaria on customs formalities and the use of customs documents.

Article 13

Issue of EUR.1 retrospectively

1. In exceptional circumstances a movement certificate EUR.1 may also be issued after export of the products to which it relates if it was not issued at the time of export because of errors or involuntary omissions or special circumstances.

2. For the implementation of paragraph 1, the exporter must in the written application:

— indicate the place and date of export of the products to which the certificate relates,

— certify that no movement certificate EUR.1 was issued at the time of export of the products in question, and state the reasons.

3. The customs authorities may issue a movement certificate EUR.1 retrospectively only after verifying that the information supplied in the exporter's application agrees with that in the corresponding file.

Certificates issued retrospectively must be endorsed with one of the following phrases:

'NACHTRÄGLICH AUSGESTELLT', 'DÉLIVRÉ A POSTERIORI', 'RILASCIATO A POSTERIORI', 'AFGEGEVEN A POSTERIORI', 'ISSUED RETROSPECTIVELY', 'UDSTEDT EFTERFØLGENDE', 'ΕΚΔΟΘΕΝ ΕΚ ΤΩΝ ΥΣΤΕΡΩΝ', 'EXPEDIDO A POSTERIORI', 'EMITIDO A POSTERIORI', 'ISADEN A POSTERIORI'.

4. The endorsement referred to in paragraph 3 shall be inserted in the 'Remarks' box on the movement certificate EUR.1.

Article 14

Issue of a duplicate EUR.1

1. In the event of the theft, loss or destruction of a movement certificate EUR.1, the exporter may apply in writing to the customs authorities which issued it for a duplicate made out on the basis of the export documents in their possession.

2. The duplicate issued in this way must be endorsed with one of the following words:

'DUPLIKAT', 'DUPLICATA', 'DUPLICATO',
'DUPLICAAT', 'DUPLICATE', 'DUPLIKAT',
'ΑΝΤΙΓΡΑΦΟ', 'DUPLICADO', 'SEGUNDA VÍA',
'DUBLICAT'.

3. The endorsement referred to in paragraph 2 shall be inserted in the 'Remarks' box on the movement certificate EUR.1.

4. The duplicate, which must bear the date of issue of the original movement certificate EUR.1, shall take effect as from that date.

Article 15

Simplified procedure for the issue of certificates

1. By way of derogation from Articles 11, 12 and 14 of this Protocol, a simplified procedure for the issue of EUR.1 movement certificates can be used in accordance with the following provisions.

2. The customs authorities in the exporting State may authorize any exporter, hereinafter referred to as 'approved exporter', making frequent shipments for which EUR.1 movement certificates may be issued and who offers, to the satisfaction of the competent authorities, all guarantees necessary to verify the originating status of the products, not to submit to the customs office of the exporting State at the time of export either the goods or the application for an EUR.1 certificate relating to those goods, for the purpose of obtaining an EUR.1 certificate under the conditions laid down in Article 11 of this Protocol.

3. The authorization referred to in paragraph 2 shall stipulate, at the choice of the competent authorities, that box 11 'Customs endorsement' of the EUR.1 movement certificate must:

- (a) either be endorsed beforehand with the stamp of the competent customs office of the exporting State and the signature, which may be a facsimile, of an official of that office; or
- (b) be endorsed by the approved exporter with a special stamp which has been approved by the customs authorities of the exporting State and corresponds to the specimen given in Annex V of this Protocol. Such stamp may be pre-printed on the forms.

4. In the cases referred to in paragraphs 3 (a), one of the following phrases shall be entered in box 7 'Remarks' of the EUR.1 movement certificate:

'PROCEDIMIENTO SIMPLIFICADO', 'FORENKLET PROCEDURE', 'VEREINFACHTES VERFAHREN', 'ΑΠΛΟΥΣΤΕΥΜΕΝΗ ΔΙΑΔΙΚΑΣΙΑ', 'SIMPLIFIED PROCEDURE', 'PROCÉDURE SIMPLIFIÉE', 'PROCEDURA SEMPLIFICATA', 'VEREENVOUDIGDE PROCEDURE', 'PROCEDIMENTO SIMPLIFICADO', 'OPROSTENA PROCEDURA'.

5. Box 11 'Customs endorsement' of the EUR.1 certificate shall be completed if necessary by the approved exporter.

6. The approved exporter shall, if necessary, indicate in box 13 'Request for verification' of the EUR.1 certificate the name and address of the authority competent to verify such certificate.

7. Where the simplified procedure is applied, the customs authorities of the exporting State may prescribe the use of EUR.1 certificates bearing a distinctive sign by which they may be identified.

8. In the authorization referred to in paragraph 2 the competent authorities shall specify in particular:

- (a) the conditions under which the applications for EUR.1 certificates are to be made;
- (b) the conditions under which these applications are to be kept for at least two years;
- (c) in the cases referred to in paragraph 3 (b) the authority competent to carry out the subsequent verification referred to in Article 27 of this Protocol.

9. The customs authorities of the exporting State may declare certain categories of goods ineligible for the special treatment provided for in paragraph 2.

10. The customs authorities shall refuse the authorization referred to in paragraph 2 to exporters who do not offer all the guarantees which they consider necessary. The competent authorities may withdraw the authorization at any time. They must do so where the approved exporter no longer satisfies the conditions or no longer offers these guarantees.

11. The approved exporter may be required to inform the competent authorities, in accordance with the rules which they lay down, of the goods to be dispatched by him, so that such authorities may make any verification they think necessary before the departure of the goods.

12. The customs authorities of the exporting State may carry out any check on approved exporters which they consider necessary. Such exporters must allow this to be done.

13. The provisions of this Article shall be without prejudice to the application of the rules of the Community, the Member States and Bulgaria concerning customs formalities and the use of customs documents.

Article 16

Replacement of certificates

1. It shall at any time be possible to replace one or more movement certificates EUR. 1 by one or more other certificates provided that this is done by the customs office or other competent authorities responsible for controlling the goods.

2. When products which originate in the Community or in Bulgaria and are imported into a free zone under cover of an EUR.1 certificate undergo treatment or processing, the authorities concerned must issue a new EUR.1 certificate at the exporter's request if the treatment of processing undergone is in conformity with the provisions of this Protocol.

3. The replacement certificate shall be regarded as a definite movement certificate EUR.1 for the purposes of the application of this Protocol, including the provisions of this Article.

4. The replacement certificate shall be issued on the basis of a written request from the re-exporter, after the authorities concerned have verified the information supplied in the applicant's request. The date and serial number of the original movement certificate EUR.1 shall be given in box 7.

Article 17

Validity of certificates

1. A movement certificate EUR.1 must be submitted, within four months of the date of issue by the customs authorities of the exporting State, to the customs office of the importing State where the products are entered.

2. Movement certificates EUR.1 which are submitted to the customs authorities of the importing State after the final date of presentation specified in paragraph 1 may be accepted for the purpose of applying preferential treatment, where the failure to submit the certificates by the final date set is due to reasons of *force majeure* or exceptional circumstances.

3. In other cases of belated presentation, the customs authorities of the importing State may accept the certificates where the products have been submitted to them before the said final date.

Article 18

Exhibitions

1. Products sent from the Community or Bulgaria for exhibition in a country other than Bulgaria or a Member State of the Community and sold after the exhibition for importation into Bulgaria or the Community shall benefit on importation from the provisions of the Agreement on condition that the products meet the requirements of this Protocol entitling them to be recognized as originating in the Community or in Bulgaria and provided that it is shown to the satisfaction of the customs authorities that:

- (a) an exporter has consigned these products from the Community or Bulgaria to the country in which the exhibition is held and has exhibited them there;
- (b) the products have been sold or otherwise disposed of by that exporter to someone in the Community or Bulgaria;
- (c) the products have been consigned during the exhibition or immediately thereafter to the Community or Bulgaria in the state in which they were sent for exhibition;
- (d) the products have not, since they were consigned for exhibition, been used for any purpose other than demonstration at the exhibition.

2. A movement certificate EUR.1 must be produced to the customs authorities in the normal manner. The name and address of the exhibition must be indicated thereon. Where necessary, additional documentary evidence of the nature of the products and the conditions under which they have been exhibited may be required.

3. Paragraph 1 shall apply to any trade, industrial, agricultural or crafts exhibition, fair or similar public show or display which is not organized for private purposes in shops or business premises with a view to the sale of foreign products, and during which the products remain under customs control.

Article 19**Submission of certificates**

Movement certificates EUR.1 shall be submitted to the customs authorities in the importing State in accordance with the procedures laid down by that State. The said authorities may require a translation of a certificate. They may also require the import declaration to be accompanied by a statement from the importer to the effect that the products meet the conditions required for the implementation of the Agreement.

Article 20**Importation by instalments**

Without prejudice to Article 4 (3) of this Protocol, where, at the request of the person declaring the goods at the customs, a dismantled or non-assembled article falling within Chapter 84 or 85 of the Harmonized System is imported by instalments on the conditions laid down by the competent authorities, it shall be considered to be a single article and a movement certificate may be submitted for the whole article upon import of the first instalment.

Article 21**Preservation of certificates**

Movement certificates EUR.1 shall be preserved by the customs authorities of the importing State in accordance with the rules in force in that State.

Article 22**Form EUR.2**

1. Notwithstanding Article 10, the evidence of originating status, within the meaning of this Protocol, for consignments containing only originating products and whose value does not exceed ECU 5 110 per consignment, may be provided by a form EUR.2, a specimen of which appears in Annex IV to this Protocol.

2. The form EUR.2 shall be completed and signed by the exporter or, under the exporter's responsibility, by his authorized representative in accordance with this Protocol.

3. A form EUR.2 shall be completed for each consignment.

4. The exporter who applied for the form EUR.2 shall submit at the request of the customs authorities of the exporting State all supporting documents concerning the use of this form.

5. Articles 17, 19 und 21 shall apply *mutatis mutandis* to form EUR.2.

Article 23**Discrepancies**

The discovery of slight discrepancies between the statements made in the movement certificate EUR.1 or in the form EUR.2 and those made in the documents submitted to the customs office for the purpose of carrying out the formalities for importing the products shall not *ipso facto* render the document null and void if it is duly established that it corresponds to the products submitted.

Article 24**Exemptions from proof of origin**

1. Products sent as small packages from private persons to private persons or forming part of travellers' personal luggage shall be admitted as originating products without requiring the production of a movement certificate EUR.1 or the completion of form EUR.2, provided that such products are not imported by way of trade and have been declared as meeting the conditions required for the application of the agreement, and where there is no doubt as to the veracity of such declaration.

2. Imports which are occasional and consist solely of products for the personal use of the recipients or travellers or their families shall not be considered as imports by way of trade if it is evident from the nature and quantity of the products that no commercial purpose is in view.

Furthermore, the total value of these products must not exceed ECU 365 in the case of small packages or ECU 1 025 in the case of the contents of travellers' personal luggage.

Article 25**Amounts expressed in ecu**

1. Amounts in the national currency of the exporting State equivalent to the amounts expressed in ecu shall be fixed by the exporting State and communicated to the other Parties to this Agreement. When the amounts are more than the corresponding amounts fixed by the importing State, the latter shall accept them if the goods are invoiced in the currency of the exporting State or of another of the countries mentioned in Article 2 of this Protocol.

If the goods are invoiced in the currency of another Member State of the Community, the importing State shall recognize the amount notified by the country concerned.

2. Up to and including 30 April 1993, the ecu to be used in any given national currency shall be the equivalent in that national currency of the ecu as at 3 October 1990. For each successive period of two years, it shall be the equivalent in that national currency of the

ecu as at the first working day in October in the year immediately preceding that two-year period.

TITLE III

ARRANGEMENTS FOR ADMINISTRATIVE COOPERATION

Article 26

Communication of stamps and addresses

The customs authorities of the Member States and of Bulgaria shall provide each other, through the Commission of the European Communities, with specimen impressions of stamps used in their customs offices for the issue of EUR.1 certificates and with the addresses of the customs authorities responsible for issuing movement certificates EUR.1 and for verifying those certificates and forms EUR.2.

Article 27

Verification of movement certificates EUR.1 and of forms EUR.2

1. Subsequent verification of movement certificates EUR.1 and of forms EUR.2 shall be carried out at random or whenever the customs authorities of the importing State have reasonable doubts as to the authenticity of the document or the accuracy of the information regarding the true origin of the products in question.

2. For the purpose of the subsequent verification of movement certificates EUR.1, the customs authorities of the exporting State must keep copies of the certificates, as well as any export documents referring to them, for at least two years.

3. In order to ensure the proper application of this Protocol, Bulgaria and the Member States of the Community shall assist each other, through their respective customs administrations, in checking the authenticity of movement certificates EUR.1, including those issued pursuant to Article 11 (5), and the forms EUR.2 and the accuracy of the information concerning the actual origin of the products concerned.

4. For the purpose of implementing paragraph 1, the customs authorities of the importing State shall return the movement certificate EUR.1 or form EUR.2, or a photocopy thereof, to the customs authorities of the exporting State, giving, where appropriate, the reasons of form or substance for an enquiry.

The relevant commercial documents, or a copy thereof, shall be attached to the certificate EUR.1 or form EUR.2 and the customs authorities shall forward any

information that has been obtained suggesting that the particulars given on the said certificate or the said form are inaccurate.

5. If the customs authorities of the importing State decide to suspend execution of the provisions of the Agreement while awaiting the results of the verification, they shall offer to release the products to the importer subject to any precautionary measures judged necessary.

6. The customs authorities of the importing State shall be informed of the results of the verification as soon as possible. These results must be such as to make it possible to determine whether the disputed movement certificate EUR.1 or form EUR.2 apply to the products in question and whether those products can, in fact, qualify for the application of the preferential arrangements.

If in cases of reasonable doubt there is no reply within 10 months of the date of the verification request, or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, the requesting authorities shall refuse, except in the case of *force majeure* or exceptional circumstances, any benefit from the preferential treatment laid down in the Agreement.

7. Disputes which cannot be settled between the customs authorities of the importing State and those of the exporting State, or which raise a question as to the interpretation of this Protocol, shall be submitted to the Customs Cooperation Committee.

8. In all cases the settlement of disputes between the importer and the customs authorities of the importing State shall be under the legislation of the said State.

9. Where the verification procedure or any other available information appears to indicate that the provisions of this Protocol are being contravened, the Community or Bulgaria shall in its own initiative or at the request of the other Party carry out appropriate enquiries or arrange for such enquiries to be carried out with due urgency to identify and prevent such contraventions, and for this purpose the Community or Bulgaria may invite the participation of the other Party in these enquiries.

10. Where the verification procedure or any other available information appears to indicate that the provisions of this Protocol are being contravened, the products would be accepted as originating products under this Protocol only after completion of such aspects of administrative cooperation set down in this Protocol which may have been activated, including in particular the verification procedure.

Likewise, products would be refused treatment as originating products under this Protocol only after the completion of the verification procedure.

Article 28**Penalties**

Penalties shall be imposed on any person who draws up, or causes to be drawn up, a document which contains incorrect particulars for the purpose of obtaining preferential treatment for products.

Article 29**Free zones**

The Member States and Bulgaria shall take all necessary steps to ensure that products traded under cover of a movement certificate EUR.1, which in the course of transport use a free zone situated in their territory, are not substituted by other goods and that they do not undergo handling other than normal operations designed to prevent their deterioration.

TITLE IV**CEUTA AND MELILLA****Article 30****Application of the Protocol**

1. The term 'Community' used in this Protocol does not cover Ceuta or Melilla. The term 'products originating in the Community' does not cover products originating in these zones.

2. This Protocol shall apply *mutatis mutandis* to products originating in Ceuta and Melilla, subject to particular conditions set out in Article 31.

Article 31**Special conditions**

1. The following provisions shall apply instead of Article 1 and references to that Article shall apply *mutatis mutandis* to this Article.

2. Providing they have been transported directly in accordance with the provisions of Article 8, the following shall be considered as:

1. products originating in Ceuta and Melilla:
 - (a) products wholly obtained in Ceuta and Melilla;
 - (b) products obtained in Ceuta and Melilla in the manufacture of which products other than those referred to in (a) are used, provided that:
 - (i) the said products have undergone sufficient working or processing within the meaning of Article 4 of this Protocol; or that
 - (ii) those products are originating in Bulgaria or the Community within the meaning of this Protocol, provided that they have been submitted to working or processing which

goes beyond the insufficient working or processing referred to in Article 4 (3);

2. products originating in Bulgaria:

- (a) products wholly obtained in Bulgaria;
- (b) products obtained in Bulgaria in the manufacture of which products other than those referred to in (a) are used, provided that:
 - (i) the said products have undergone sufficient working or processing within the meaning of Article 4 of this Protocol; or that
 - (ii) those products are originating in Ceuta and Melilla or the Community within the meaning of this Protocol, provided that they have been submitted to working or processing which goes beyond the insufficient working or processing referred to in Article 4 (3).

3. Ceuta and Melilla shall be considered as a single territory.

4. The exporter or his authorized representative shall enter 'Bulgaria' and 'Ceuta and Melilla' in box 2 of movement certificates EUR.1. In addition, in the case of products originating in Ceuta and Melilla, this shall be indicated in box 4 of movement certificates EUR.1.

5. The Spanish customs authorities shall be responsible for the application of this Protocol in Ceuta and Melilla.

TITLE V**FINAL PROVISIONS****Article 32****Amendments to the Protocol**

The Association Council shall examine at two-yearly intervals, or whenever Bulgaria or the Community so request, the application of the provisions of this Protocol, with a view to making any necessary amendments or adaptations.

Such examination shall take into account in particular the participation of the Contracting Parties in free trade zones or customs unions with third countries.

Article 33**Customs cooperation committee**

1. A customs cooperation committee shall be set up, charged with carrying out administrative cooperation with a view to the correct and uniform application of this Protocol and with carrying out any other task in the customs field which may be entrusted to it.

2. The committee shall be composed, on the one hand, of experts of the Member States and of officials of the departments of the Commission of the European Communities who are responsible for customs questions and, on the other hand, of experts nominated by Bulgaria.

Article 34

Petroleum products

The products set out in Annex VI shall be temporarily excluded from the scope of this Protocol. Nevertheless, the arrangements regarding administrative cooperation shall apply, *mutatis mutandis*, to these products.

Article 35

Annexes

The Annexes to this Protocol shall form an integral part thereof.

Article 36

Implementation of the Protocol

The Community and Bulgaria shall each take the steps necessary to implement this Protocol.

Article 37

Goods in transit or storage

The provisions of the Agreement may be applied to goods which comply with the provisions of this Protocol and which on the date of entry into force of the Agreement are either in transit or are in the Community or in Bulgaria in temporary storage in bonded warehouses or in free zones, subject to the submission to the customs authorities of the importing State, within four months of that date, or a certificate EUR.1 endorsed retrospectively by the competent authorities of the exporting State together with the documents showing that the goods have been transported directly.

LIST OF ANNEXES

Annex I:	Notes
Annex II:	List of working and processing within the meaning of Article 4 (2)
Annex III:	Specimen of movement certificate EUR.1
Annex IV:	Specimen of form EUR.2
Annex V:	Specimen impression of the stamp referred to in Article 15 (3) (b)
Annex VI:	List of products referred to in Article 34

ANNEX I

NOTES

Foreword

These notes shall apply, where appropriate, to all manufactured products using non-originating materials, even if they are not subject to specific conditions contained in the list in Annex II but are subject instead to the change of heading rule set out in Article 4 (1).

Note 1

- 1.1. The first two columns in the list describe the product obtained. The first column gives the heading number or chapter number used in the Harmonized System and the second column gives the description of goods used in that system for that heading or chapter. For each entry in the first two columns a rule is specified in column 3. Where, in some cases, the entry in the first column is preceded by an 'ex', this signifies that the rule in column 3 or 4 applies only to the part of that heading or chapter as described in column 2.
- 1.2. Where several heading numbers are grouped together in column 1 or a chapter number is given and the description of products in column 2 is therefore given in general terms, the adjacent rule in column 3 applies to all products which, under the Harmonized System, are classified in headings of the chapter or in any of the headings grouped together in column 1.
- 1.3. Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rule in column 3.

Note 2

- 2.1. The term 'manufacture' covers any kind of working or processing including 'assembly' or specific operations. However, see Note 3.5 below.
- 2.2. The term 'material' covers any ingredient, raw material, component or part, etc., used in the manufacture of the product.
- 2.2. The term 'product' refers to the product being manufactured, even if it is intended for later use in another manufacturing operation.
- 2.3. The term 'goods' covers both materials and products.

Note 3

- 3.1. In the case of any heading not in the list or any part of a heading that is not in the list, the 'change of heading' rule set out in Article 4 (1) applies. If a 'change of heading' condition applies to any entry in the list, then it is contained in the rule in column 3.
- 3.2. The working or processing required by a rule in column 3 has to be carried out only in relation to the non-originating materials used. The restrictions contained in a rule in column 3 likewise apply only to the non-originating materials used.
- 3.3. Where a rule states that 'materials of any heading' may be used, materials of the same heading as the product may also be used, subject, however, to any specific limitations which may also be contained in the rule. However, the expression 'manufacture from materials of any heading, including other materials of heading No ...' means that only materials classified in the same heading as the product of a different description than that of the product as given in column 2 of the list may be used.
- 3.4. If a product made from non-originating materials which has acquired originating status during manufacture by virtue of the change of heading rule or its own list rule is used as a material in the process of manufacture of another product, then the rules applicable to the product in which it is incorporated does not apply to it.

For example:

An engine of heading No 8407, for which the rule states that the value of the non-originating materials which may be incorporated may not exceed 40 % of the ex works price, is made from 'other alloy steel roughly shaped by forging' of heading No 7224.

If this forging has been forged in the country concerned from a non-originating ingot then the forging has already acquired origin by virtue of the rule for heading No ex 7224 in the list. It can then count as originating in the value calculation for the engine regardless of whether it was produced in the same factory or another. The value of the non-originating ingot is thus not taken into account when adding up the value of the non-originating materials used.

- 3.5. Even if the change of heading rule or the other rules contained in the list are satisfied, a product shall not acquire originating status if the processing carried out, taken as a whole, is insufficient within the meaning of Article 4 (3).
- 3.6. The unit of qualification for the application of the origin rules shall be the particular product which is considered as the basic unit when determining classification using the nomenclature of the Harmonized System. In the case of sets of products which are classified by virtue of General Rule 3 for the interpretation of the Harmonized System, the unit of qualification shall be determined in respect of each item in the set: this provision is equally applicable to sets of heading Nos 6308, 8206 and 9605.

Accordingly, it follows that:

- when a product composed of a group or assembly of articles is classified under the terms of the Harmonized System in a single heading, the whole constitutes the unit of qualification,
- when a consignment consists of a number of identical products classified under the same heading of the Harmonized System, each product must be taken individually when applying the origin rules,
- where, under General Rule 5 of the Harmonized System, packing is included with the product for classification purposes, it shall be included for the purposes of determining origin.

Note 4

- 4.1. The rule in the list represents the minimum amount of working or processing required and the carrying out of more working or processing also confers originating status; conversely, the carrying out of less working or processing cannot confer origin. Thus if a rule says that non-originating material at a certain level of manufacture may be used, the use of such material at an earlier stage of manufacture is allowed and the use of such material at a later stage is not.
- 4.2. When a rule in the list specifies that a product may be manufactured from more than one material, this means that any one or more materials may be used. It does not require that all be used.

For example:

The rule for fabrics says that natural fibres may be used and that chemical materials, among other materials, may also be used. This does not mean that both have to be used; one can use one or the other or both.

If, however, a restriction applies to one material and other restrictions apply to other materials in the same rule, then the restrictions only apply to the materials actually used.

For example:

The rule for sewing machines specifies that both the thread tension mechanism used and the zigzag mechanism used must originate; these two restrictions only apply if the mechanisms concerned are actually incorporated into the sewing machine.

- 4.3. When a rule in the list specifies that a product must be manufactured from a particular material, the condition obviously does not prevent the use of other materials which, because of their inherent nature, cannot satisfy the rule.

For example:

The rule for heading No 1904 which specifically excludes the use of cereals or their derivatives does not prevent the use of mineral salts, chemicals and other additives which are not produced from cereals.

For example:

In the case of an article made from non-woven materials, if the use of only non-originating yarn is allowed for this class of article, it is not possible to start from non-woven cloth — even if non-woven cloths cannot normally be made from yarn. In such cases, the starting material would normally be at the stage before yarn — that is the fibre stage.

See also Note 7.3 in relation to textiles.

- 4.4. If in a rule in the list two or more percentages are given for the maximum value of non-originating materials that can be used, then these percentages may not be added together. The maximum value of all the non-originating materials used may never exceed the highest of the percentages given. Furthermore, the individual percentages must not be exceeded in relation to the particular materials they apply to.

Note 5

- 5.1. The term 'natural fibres' is used in the list to refer to fibres other than artificial or synthetic fibres and is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, the term 'natural fibres' includes fibres that have been carded, combed or otherwise processed but not spun.
- 5.2. The term 'natural fibres' includes horsehair of heading No 0503, silk of heading Nos 5002 and 5003 as well as the wool fibres, fine or coarse animal hair of heading Nos 5101 to 5105, the cotton fibres of heading Nos 5201 to 5203 and other vegetable fibres of heading Nos 5301 to 5305.
- 5.3. The terms 'textile pulp', 'chemical materials' and 'paper-making materials' are used in the list to describe the materials not classified in Chapters 50 to 63, which can be used to manufacture artificial, synthetic or paper fibres or yarns.
- 5.4. The term 'man-made staple fibres' is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of headings Nos 5501 to 5507.

Note 6

- 6.1. In the case of the products classified within those headings in the list to which a reference is made to this Note, the conditions set out in column 3 of the list shall not be applied to any basic textile materials used in their manufacture which, taken together, represent 10 % or less of the total weight of all the basic textile materials used (but see also Notes 6.3 and 6.4).
- 6.2. However, this tolerance may only be applied to mixed products which have been made from two or more basic textile materials.

The following are the basic textile materials:

- silk,
- wool,
- coarse animal hair,
- fine animal hair,
- horsehair,
- cotton,
- paper-making materials and paper,
- flax,
- true hemp,
- jute and other textile bast fibres,
- sisal and other textile fibres of the genus *Agave*,
- coconut, abaca, ramie and other vegetable textile fibres,
- synthetic man-made filaments,
- artificial man-made filaments,
- synthetic man-made staple fibres,
- artificial man-made staple fibres.

For example:

A yarn of heading No 5205 made from cotton fibres of heading No 5203 and synthetic staple fibres of heading No 5506 is a mixed yarn. Therefore, non-originating synthetic staple fibres that do not satisfy

the origin rules (which require manufacture from chemical materials or textile pulp) may be used up to a weight of 10 % of the yarn.

For example:

A woollen fabric of heading No 5112 made from woollen yarn of heading No 5107 and synthetic yarn of staple fibres of heading No 5509 is a mixed fabric. Therefore synthetic yarn which does not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) or woollen yarn that does not satisfy the origin rules (which require manufacture from natural fibres, not carded or combed or otherwise prepared for spinning) or a combination of the two may be used up to a weight of 10 % of the fabric.

For example:

Tufted textile fabric of heading No 5802 made from cotton yarn of heading No 5205 and cotton fabric of heading No 5210 is only a mixed product if the cotton fabric is itself a mixed fabric being made from yarns classified in two separate headings or if the cotton yarns used are themselves mixtures.

For example:

If the tufted textile fabric concerned had been made from cotton yarn of heading No 5205 and synthetic fabric of heading No 5407, then, obviously, the yarns used are two separate basic textile materials and the tufted textile fabric is accordingly a mixed product.

For example:

A carpet with tufts made from both artificial yarns and cotton yarns and with a jute backing is a mixed product because three basic textile materials are used. Thus, any non-originating materials that are at a later stage of manufacture than the rule allows may be used, provided their total weight taken together does not exceed 10 % of the weight of the textile materials in the carpet. Thus, both the jute backing and/or the artificial yarns could be imported at that stage of manufacture, provided the weight conditions are met.

- 6.3. In the case of fabrics incorporating 'yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped' this tolerance is 20 % in respect of this yarn.
- 6.4. In the case of fabrics incorporating strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of an adhesive between two films of plastic film, this tolerance is 30 % in respect of this strip.

Note 7

- 7.1. In the case of those textile products which are marked in the list by a footnote referring to this note, textile materials with the exception of linings and interlinings which do not satisfy the rule set out in the list in column 3 for the made-up products concerned may be used provided that they are classified in a heading other than that of the product and that their value does not exceed 8 % of the ex works price of the product.
- 7.2. Any non-textile trimmings and accessories or other materials used which contain textiles do not have to satisfy the conditions set out in column 3 even though they fall outside the scope of Note 4.3.
- 7.3. In accordance with Note 4.3, any non-originating non-textile trimmings and accessories or other product, which do not contain any textiles, may, anyway, be used freely where they cannot be made from the materials listed in column 3.

For example:

If a rule in the list says that for a particular textile item, such as a blouse, yarn must be used, this does not prevent the use of metal items, such as buttons, because they cannot be made from textile materials.

- 7.4. Where a percentage rule applies, the value of trimmings and accessories must be taken into account when calculating the value of the non-originating materials incorporated.

ANNEX II

**LIST OF WORKING OR PROCESSING REQUIRED TO BE CARRIED OUT ON NON-ORIGINATING
MATERIALS IN ORDER THAT THE PRODUCT MANUFACTURED CAN OBTAIN ORIGINATING
STATUS**

HS heading No	Description of product	Working or processing carried out on non-originating materials that confers originating status
(1)	(2)	(3)
0201	Meat of bovine animals, fresh or chilled	Manufacture from materials of any heading except meat of bovine animals, frozen of heading No 0202
0202	Meat of bovine animals, frozen	Manufacture from materials of any heading except meat of bovine animals, fresh or chilled of heading No 0201
0206	Edible offal of bovine animals, swine, sheep, goats, horses, asses, mules or hinnies, fresh, chilled or frozen	Manufacture from materials of any heading except carcasses of headings Nos 0201 to 0205
0210	Meat and edible meat offal, salted, in brine, dried or smoked; edible flours and meals of meat or meat offal	Manufacture from materials of any heading except meat and offal of heading Nos 0201 to 0206 and 0208 or poultry liver of heading No 0207
0302 to 0305	Fish, other than live fish	Manufacture in which all the materials of Chapter 3 used must already be originating
0402, 0404 to 0406	Dairy products	Manufacture from materials of any heading except milk or cream of heading No 0401 or 0402
0403	Buttermilk, curdled milk and cream, yoghurt, kephir and other fermented or acidified milk and cream, whether or not concentrated or containing added sugar or other sweetening matter or flavoured or containing added fruit or cocoa	Manufacture in which: <ul style="list-style-type: none"> — all the materials of Chapter 4 used must already be originating, — any fruit juice (except those of pineapple, lime or grapefruit) of heading No 2009 used must be originating, and — the value of any materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product
0408	Birds' eggs, not in shell and egg yolks, fresh, dried, cooked, by steaming or by boiling in water, moulded, frozen or otherwise preserved, whether or not containing added sugar or other sweetening matter	Manufacture from materials of any heading except birds' eggs of heading No 0407
ex 0502	Prepared pigs', hogs' or boars' bristles and hair	Cleaning, disinfecting, sorting and straightening of bristles and hair
ex 0506	Bones and horn-cores unworked	Manufacture in which all the materials of Chapter 2 used must already be originating

(1)	(2)	(3)
0710 to 0713	Edible vegetables, frozen or dried, provisionally preserved except for heading Nos ex 0710 and ex 0711	Manufacture in which all the vegetable materials used must already be originating
ex 0710	Sweet corn (uncooked or cooked by steaming or boiling in water), frozen	Manufacture from fresh or chilled sweet corn
ex 0711	Sweet corn, provisionally preserved	Manufacture from fresh or chilled sweet corn
0811	<p>Fruit and nuts, uncooked or cooked by steaming or boiling in water, frozen, whether or not containing added sugar or other sweetening matter:</p> <p>— Containing added sugar</p> <p>— Other</p>	<p>Manufacture in which the value of any materials of Chapter 17 used does not exceed 30 % of the value of the ex works price of the product</p> <p>Manufacture in which all the fruit or nuts used must already be originating</p>
0812	Fruit and nuts provisionally preserved (for example, by sulphur dioxide gas, in brine, in sulphur water or in other preservative solutions), but unsuitable in that state for immediate consumption	Manufacture in which all the fruit or nuts used must already be originating
0813	Fruit, dried, other than that of heading Nos 0801 to 0806; mixtures of nuts or dried fruits of this chapter	Manufacture in which all the fruit or nuts used must already be originating
0814	Peel of citrus fruit or melons (including watermelons), fresh, frozen, dried or provisionally preserved in brine, in sulphur water or in other preservative solutions	Manufacture in which all the fruit or nuts used must already be originating
ex Chapter 11	Products of the milling industry; malt, starches; inulin; wheat gluten, except for heading No ex 1106	Manufacture in which all the cereals, edible vegetables, roots and tubers of heading No 0714 or fruit used must already be originating
ex 1106	Flour and meal of the dried, shelled leguminous vegetables of heading No 0713	Drying and milling of leguminous vegetables of heading No 0708
1301	Lac; natural gums, resins, gum-resins and balsams	Manufacture in which the value of any materials of heading No 1301 used may not exceed 50 % of the ex works price of the product

(1)	(2)	(3)
ex 1302	Mucilages and thickeners derived from vegetable products, modified	Manufacture from non-modified mucilages and thickeners
1501	<p>Lard; other pig fat and poultry fat, rendered, whether or not pressed or solvent-extracted:</p> <ul style="list-style-type: none"> — Fats from bones or waste — Other 	<p>Manufacture from materials of any heading except those of heading No 0203, 0206 or 0207 or bones of heading No 0506</p> <p>Manufacture from meat or edible offal of swine of heading No 0203 or 0206 or of meat and edible offal of poultry of heading No 0207</p>
1502	<p>Fats of bovine animals, sheep or goats, raw or rendered, whether or not pressed or solvent-extracted:</p> <ul style="list-style-type: none"> — Fats from bones or waste — Other 	<p>Manufacture from materials of any heading except those of heading No 0201, 0202, 0204 or 0206 or bones of heading No 0506</p> <p>Manufacture in which all the animal materials of Chapter 2 used must already be originating</p>
1504	<p>Fats and oils and their fractions, of fish or marine mammals, whether or not refined, but not chemically modified:</p> <ul style="list-style-type: none"> — Solid fractions of fish oils and fats and oils of marine mammals — Other 	<p>Manufacture from materials of any heading including other materials of heading No 1504</p> <p>Manufacture in which all the animal materials of Chapters 2 and 3 used must already be originating</p>
ex 1505	Refined lanolin	Manufacture from crude wool grease of heading No 1505
1506	<p>Other animal fats and oils and their fractions, whether or not refined, but not chemically modified:</p> <ul style="list-style-type: none"> — Solid fractions — Other 	<p>Manufacture from materials of any heading including other materials of heading No 1506</p> <p>Manufacture in which all the animal materials of Chapter 2 used must already be originating</p>
ex 1507 to 1515	<p>Fixed vegetable oils and their fractions, whether or not refined, but not chemically modified:</p> <ul style="list-style-type: none"> — Solid fractions, except for that of Jojoba oil — Other, except for: <ul style="list-style-type: none"> — Lung oil; myrtle wax and Japan wax — Those for technical or industrial uses other than the manufacture of foodstuffs for human consumption 	<p>Manufacture from other materials of heading Nos 1507 to 1515</p> <p>Manufacture in which all the vegetable materials used must already be originating</p>

(1)	(2)	(3)
ex 1516	Animal or vegetable fats and oils and their fractions, re-esterified, whether or not refined but not further prepared	Manufacture in which all the animal and vegetable materials used must already be originating
ex 1517	Edible liquid mixtures of vegetable oils of heading Nos 1507 to 1515	Manufacture in which all the vegetable materials used must already be originating
ex 1519	Industrial fatty alcohols having the character of artificial waxes	Manufacture from materials of any heading including fatty acids of heading No 1519
1601	Sausages and similar products, of meat, meat offal or blood; food preparations based on these products	Manufacture from animals of Chapter 1
1602	Other prepared or preserved meat, meat offal or blood	Manufacture from animals of Chapter 1
1603	Extracts and juices of meat, fish or crustaceans, molluscs or other aquatic invertebrates	Manufacture from animals of Chapter 1. However, all fish, crustaceans, molluscs or other aquatic invertebrates used must already be originating
1604	Prepared or preserved fish; caviar and caviar substitutes prepared from fish eggs	Manufacture in which all the fish or fish eggs used must already be originating
1605	Crustaceans, molluscs and other aquatic invertebrates, prepared or preserved	Manufacture in which all the crustaceans, molluscs or other aquatic invertebrates used must already be originating
ex 1701	Cane or beet sugar and chemically pure sucrose, in solid form, flavoured or coloured	Manufacture in which the value of any materials of Chapter 17 used does not exceed 30 % of the ex works price of the product
1702	<p>Other sugars, including chemically pure lactose, maltose, glucose and fructose, in solid form; sugar syrups not containing added flavouring or colouring matter; artificial honey, whether or not mixed with natural honey; caramel:</p> <p>— Chemically pure maltose and fructose</p> <p>— Other sugars in solid form, flavoured or coloured</p> <p>— Other</p>	<p>Manufacture from materials of any heading including other materials of heading No 1702</p> <p>Manufacture in which the value of any materials of Chapter 17 used does not exceed 30 % of the ex works price of the product</p> <p>Manufacture in which all the materials used must already be originating</p>
ex 1703	Molasses resulting from the extraction or refining of sugar, flavoured or coloured	Manufacture in which the value of any materials of Chapter 17 used does not exceed 30 % of the ex works price of the product
1704	Sugar confectionery (including white chocolate), not containing cocoa	Manufacture in which all the materials used are classified in a heading other than that of the product, provided the value of any other materials of Chapter 17 used does not exceed 30 % of the ex works price of the product

(1)	(2)	(3)
1806	Chocolate and other food preparations containing cocoa	Manufacture in which all the materials used are classified in a heading other than that of the product, provided the value of any materials of Chapter 17 used does not exceed 30 % of the ex works price of the product
1901	<p>Malt extract; food preparations of flour, meal, starch or malt extract, not containing cocoa powder or containing cocoa powder in a proportion by weight of less than 50 %, not elsewhere specified or included; food preparations of goods of heading Nos 0401 to 0404, not containing cocoa powder or containing cocoa powder in a proportion by weight of less than 10 %, not elsewhere specified or included:</p> <ul style="list-style-type: none"> — Malt extract — Other 	<p>Manufacture from cereals of Chapter 10</p> <p>Manufacture in which all the materials used are classified in a heading other than that of the product, provided the value of any materials of Chapter 17 used does not exceed 30 % of the ex works price of the product</p>
1902	Pasta, whether or not cooked or stuffed (with meat or other substances) or otherwise prepared, such as spaghetti, macaroni, noodles, lasagne, gnocchi, ravioli, cannelloni; couscous, whether or not prepared	Manufacture in which all the cereals (except durum wheat), meat, meat offal, fish, crustaceans or molluscs used must already be originating
1903	Tapioca and substitutes therefor prepared from starch, in the form of flakes, grains, pearls, siftings or in similar forms	Manufacture from materials of any heading except potato starch of heading No 1108
1904	<p>Prepared foods obtained by the swelling or roasting of cereals or cereal products (for example, corn flakes); cereals, other than maize (corn), in grain form, pre-cooked or otherwise prepared:</p> <ul style="list-style-type: none"> — Not containing cocoa: <ul style="list-style-type: none"> — Cereals, other than maize (corn), in grain form, pre-cooked or otherwise prepared — Other — Containing cocoa 	<p>Manufacture from materials of any heading. 1905	Bread, pastry, cakes, biscuits and other bakers' wares, whether or not containing cocoa; communion wafers, empty cachets of a kind suitable for pharmaceutical use, sealing wafers, rice paper and similar products	Manufacture from materials of any heading, except those of Chapter 11

(1)	(2)	(3)
2001	Vegetables, fruit nuts and other edible parts of plants, prepared or preserved by vinegar or acetic acid	Manufacture in which all the fruit, nuts or vegetables used must already be originating
2002	Tomatoes prepared or preserved otherwise than by vinegar or acetic acid	Manufacture in which all the tomatoes used must already be originating
2003	Mushrooms and truffles, prepared or preserved otherwise than by vinegar or acetic acid	Manufacture in which all the mushrooms or truffles used must already be originating
2004 and 2005	Other vegetables prepared or preserved otherwise than by vinegar or acetic acid, frozen or not frozen	Manufacture in which all the vegetables used must already be originating
2006	Fruit, nuts, fruit-peel and other parts of plants, preserved by sugar (drained, glacé or crystallized)	Manufacture in which the value of any materials of Chapter 17 used does not exceed 30 % of the ex works price of the product
2007	Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, being cooked preparations, whether or not containing added sugar or other sweetening matter	Manufacture in which the value of any materials of Chapter 17 used must not exceed 30 % of the ex works price of the product
2008	Fruit, nuts and other edible parts of plants otherwise prepared or preserved, whether or not containing added sugar or other sweetening matter or spirit, not elsewhere specified or included:	
	— Fruit and nuts cooked otherwise than by steaming or boiling in water, not containing added sugar, frozen	Manufacture in which all the fruit and nuts used must already be originating
	— Nuts, not containing added sugar or spirits	Manufacture in which the value of the originating nuts and oil seeds of heading Nos 0801, 0802 and 1202 to 1207 used exceeds 60 % of the ex works price of the product
	— Other	Manufacture in which all the materials used are classified in a heading other than that of the product, provided the value of any materials of Chapter 17 used does not exceed 30 % of the ex works price of the product
ex 2009	Fruit juices (including grape must), unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter	Manufacture in which all the materials used are classified in a heading other than that of the product, provided the value of any materials of Chapter 17 used does not exceed 30 % of the ex works price of the product
ex 2101	Roasted chicory and extracts, essences and concentrates thereof	Manufacture in which all the chicory used must already be originating
ex 2103	— Sauces and preparations therefor; mixed condiments and mixed seasonings	Manufacture in which all the materials used are classified in a heading other than that of the product. However, mustard flour or meal or prepared mustard may be used
	— Prepared mustard	Manufacture from mustard flour or meal

(1)	(2)	(3)
ex 2104	<p>— Soups and broths and preparations therefor</p> <p>— Homogenized composite food preparations</p>	<p>Manufacture from materials of any heading, except prepared or preserved vegetables of heading Nos 2002 to 2005</p> <p>The rule for the heading in which the product would be classified in bulk shall apply</p>
ex 2106	Sugar syrups, flavoured or coloured	Manufacture in which the value of any materials of Chapter 17 used must not exceed 30 % of the ex works price of the product
2201	Waters, including natural or artificial mineral waters and aerated waters, not containing added sugar or other sweetening matter nor flavoured; ice and snow	Manufacture in which all the water used must already be originating
2202	Waters, including mineral waters and aerated waters, containing added sugar or other sweetening matter or flavoured, and other non-alcoholic beverages, not including fruit or vegetable juices of heading No 2009	Manufacture in which all the materials used are classified in a heading other than that of the product, provided the value of any materials of Chapter 17 used does not exceed 30 % of the ex works price of the product and any fruit juice used (except for pineapple, lime and grapefruit juices) must already be originating
ex 2204	Wine of fresh grapes, including fortified wines, and grape must with the addition of alcohol	Manufacture from other grape must
2205 ex 2207, ex 2208 and ex 2209	The following, containing grape materials: vermouth and other wine of fresh grapes flavoured with plants or aromatic substances; ethyl alcohol and other spirits, denatured or not; spirits, liqueurs and other spirituous beverages; compound alcoholic preparations of a kind used for the manufacture of beverages; vinegar	Manufacture from materials of any heading, except grapes or any material derived from grapes
ex 2208	Whiskies of an alcoholic strength by volume of less than 50 % vol	Manufacture in which the value of any cereal based spirits used does not exceed 15 % of the ex works price of the product
ex 2303	Residues from the manufacture of starch from maize (excluding concentrated steeping liquors), of a protein content, calculated on the dry product, exceeding 40 % by weight	Manufacture in which all the maize used must already be originating
ex 2306	Oil cake and other solid residues resulting from the extraction of olive oil, containing more than 3 % of olive oil	Manufacture in which all the olives used must already be originating
2309	Preparations of a kind used in animal feeding	Manufacture in which all the cereals, sugar or molasses, must or milk used must already be originating
2402	Cigars, cheroots, cigarillos and cigarettes, of tobacco or of tobacco substitutes	Manufacture in which at least 70 % by weight of the unmanufactured tobacco or tobacco refuse of heading No 2401 used must already be originating

(1)	(2)	(3)
ex 2403	Smoking tobacco	Manufacture in which at least 70 % by weight of the unmanufactured tobacco or tobacco refuse of heading No 2401 used must already be originating
ex 2504	Natural crystalline graphite, with enriched carbon content, purified and ground	Enriching of the carbon content, purifying and grinding of crude crystalline graphite
ex 2515	Marble, merely cut by sawing or otherwise into blocks or slabs of a rectangular (including square) shape, of a thickness not exceeding 25 cm	Cutting, by sawing or otherwise, of marble (even if already sawn) of a thickness exceeding 25 cm
ex 2516	Granite porphyry, basalt, sandstone and other monumental and building stones, merely cut by sawing or otherwise, into blocks or slabs of a rectangular (including square) shape, of a thickness not exceeding 25 cm	Cutting, by sawing or otherwise, of stones (even if already sawn) of a thickness exceeding 25 cm
ex 2518	Calcined dolomite	Calcination of dolomite not calcined
ex 2519	Crushed natural magnesium carbonate (magnesite), in hermetically sealed containers, and magnesium oxide, whether or not pure, other than fused magnesia or dead-burned (sintered) magnesia	Manufacture in which all the materials used are classified in a heading other than that of the product. However, natural magnesium carbonate (magnesite) may be used
ex 2520	Plasters specially prepared for dentistry	Manufacture in which the value of all the materials used does not exceed 50 % of the ex works price of the product
ex 2524	Natural asbestos fibres	Manufacture from asbestos concentrate
ex 2525	Mica powder	Grinding of mica or mica waste
ex 2530	Earth colours, calcined or powdered	Calcination or grinding of earth colours
ex 2707	Oils in which the weight of the aromatic constituents exceeds that of the non-aromatic constituents, being oils similar to mineral oils obtained by distillation of high temperature coal tar, of which more than 65 % by volume distils at a temperature of up to 250 °C (including mixtures of petroleum spirit and benzole), for use as power or heating fuels	These are Annex VI products
2709 to 2715	Mineral oils and products of their distillation; bituminous substances; mineral waxes	These are Annex VI products
ex Chapter 28	Inorganic chemicals; organic or inorganic compounds of precious metals, of rare earth metals, of radioactive elements or of isotopes; except for heading Nos ex 2811 and ex 2833 for which the rules are set out below	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex works price of the product
ex 2811	Sulphur trioxide	Manufacture from sulphur dioxide
ex 2833	Aluminium sulphate	Manufacture in which the value of all the materials used does not exceed 50 % of the ex works price of the product

(1)	(2)	(3)
ex Chapter 29	Organic chemicals, except for heading Nos ex 2901, ex 2902, ex 2905, 2915, ex 2932, 2933 and 2934, for which the position is set out below	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex works price of the product
ex 2901	Acyclic hydrocarbons for use as power or heating fuels	These are Annex VI products
ex 2902	Cyclanes and cyclenes (other than azulenes), benzene, toluene, xylenes, for use as power or heating fuels	These are Annex VI products
ex 2905	Metal alcoholates of alcohols of this heading and of ethanol or glycerol	Manufacture from materials of any heading, including other materials of heading No 2905. However, metal alcoholates of this heading may be used, provided their value does not exceed 20 % of the ex works price of the product
2915	Saturated acyclic monocarboxylic acids and their anhydrides, halides, peroxides and peroxyacids; their halogenated, sulphonated, nitrated or nitrosated derivatives	Manufacture from materials of any heading. However, the value of all the materials of heading Nos 2915 and 2916 used may not exceed 20 % of the ex works price of the product
ex 2932	<ul style="list-style-type: none"> — Internal ethers and their halogenated, sulphonated, nitrated or nitrosated derivatives — Cyclic acetals and internal hemiacetals and their halogenated, sulphonated, nitrated or nitrosated derivatives 	<p>Manufacture from materials of any heading. ex Chapter 32	Tanning or dyeing extracts; tannins and their derivatives; dyes, pigments and other colouring matter; paints and varnishes; putty and other mastics; inks; except for heading Nos ex 3201 and 3205, for which the rules are set out below	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex works price of the product
ex 3201	Tannins and their salts, ethers, esters and other derivatives	Manufacture from tanning extracts of vegetable origin
3205	Colour lakes; preparations as specified in Note 3 to this chapter based on colour lakes ⁽¹⁾	Manufacture from materials of any heading, except heading Nos 3202 and 3204 provided the value of any materials classified within heading No 3205 does not exceed 20 % of the ex works price of the product
ex Chapter 33	Essential oils and resinoids; perfumery, cosmetic or toilet preparations; except for heading No 3301, for which the rule is set out below	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex works price of the product
3301	Essential oils (terpeneless or not), including concretes and absolutes; resinoids; concentrates of essential oils in fats, in fixed oils, in waxes or the like, obtained by enfleurage or maceration; terpenic by-products of the deterpenation of essential oils; aqueous distillates and aqueous solutions of essential oils	Manufacture from materials of any heading, including materials of a different 'group' ⁽²⁾ within this heading. However, materials of the same group may be used, provided their value does not exceed 20 % of the ex works price of the product
ex Chapter 34	Soap, organic surface-active agents, washing preparations, lubricating preparations, artificial waxes, prepared waxes, polishing or scouring preparations, candles and similar articles, modelling pastes, 'dental waxes' and dental preparations with a basis of plaster; except for heading Nos ex 3403 and 3404, for which the position is set out below	Manufacture in which all the materials used are classified within a heading other than that of the product. However, materials classified within the same heading may be used provided their value does not exceed 20 % of the ex works price of the product
ex 3403	Lubricating preparations containing petroleum oils or oils obtained from bituminous minerals, provided they represent less than 70 % by weight	These are Annex VI products
ex 3404	Artificial waxes and prepared waxes: — With a basis of paraffin, petroleum waxes, waxes obtained from bituminous minerals, slack wax or scale wax	These are Annex VI products

⁽¹⁾ Note 3 to Chapter 32 says that these preparations are those of a kind used for colouring any material or used as ingredients in the manufacturing of colouring preparations, provided they are not classified within another heading in Chapter 32.

⁽²⁾ A 'group' is regarded as any part of the heading separated from the rest by a semi-colon.

ex 8431	Parts for road rollers	Manufacture in which the value of all the materials used does not exceed 40 % of the ex works price of the product
8439	Machinery for making pulp of fibrous cellulosic material or for making or finishing paper or paperboard	<p>Manufacture:</p> <ul style="list-style-type: none"> — in which the value of all the materials used does not exceed 40 % of the ex works price of the product, and — where, within the above limit, the materials classified within the same heading as the product are only used up to a value of 25 % of the ex works price of the product
8441	Other machinery for making up paper pulp, paper or paperboard, including cutting machines of all kinds	<p>Manufacture:</p> <ul style="list-style-type: none"> — in which the value of all the materials used does not exceed 40 % of the ex works price of the product, and — where, within the above limit, the materials classified within the same heading as the product are only used up to a value of 25 % of the ex works price of the product
8444 to 8447	Machines of these headings for use in the textile industry	Manufacture in which the value of all the materials used does not exceed 40 % of the ex works price of the product
ex 8448	Auxiliary machinery for use with machines for heading Nos 8444 and 8445	Manufacture in which the value of all the materials used does not exceed 40 % of the ex works price of the product
8452	<p>Sewing machines, other than book sewing machines of heading No 8440; furniture, bases and covers specially designed for sewing machines; sewing machine needles:</p> <ul style="list-style-type: none"> — Sewing machines (lock stitch only) with heads of a weight not exceeding 16 kg without motor or 17 kg with motor — Other 	<p>Manufacture:</p> <ul style="list-style-type: none"> — in which the value of all the materials used does not exceed 40 % of the ex works price of the product, — where the value of all of the non-originating materials used in assembling the head (without motor) does not exceed the value of the originating materials used, and — the thread tension, crochet and zigzag mechanisms used are already originating <p>Manufacture in which the value of all the materials used does not exceed 40 % of the ex works price of the product</p>
8456 to 8466	Machine-tools and machines and their parts and accessories of heading Nos 8456 to 8466	Manufacture in which the value of all the materials used does not exceed 40 % of the ex works price of the product

(1)	(2)	(3)
8469 to 8472	Office machines (for example, typewriters, calculating machines, automatic data-processing machines, duplicating machines, stapling machines)	Manufacture in which the value of all the materials used does not exceed 40 % of the ex works price of the product
8480	Moulding boxes for metal foundry; mould bases; moulding patterns; moulds for metal (other than ingot moulds), metal carbides, glass, mineral materials, rubber or plastics	Manufacture in which the value of all the materials used does not exceed 50 % of the ex works price of the product
8484	Gaskets and similar joints of metal sheeting combined with other material or of two or more layers of metal; sets or assortments of gaskets and similar joints, dissimilar in composition, put up in pouches, envelopes or similar packings	Manufacture in which the value of all the materials used does not exceed 40 % of the ex works price of the product
8485	Machinery parts, not containing electrical connectors, insulators, coils, contacts or other electrical features, not specified or included elsewhere in this chapter	Manufacture in which the value of all the materials used does not exceed 40 % of the ex works price of the product
ex Chapter 85	Electrical machinery and equipment and parts thereof; sound recorders and reproducers, television image and sound recorders and reproducers and parts and accessories of such articles; except for those falling within the following headings or parts of headings for which the rules are set out below: 8501, 8502, ex 8518, 8519 to 8529, 8535 to 8537, 8542, 8544 to 8546 and 8548	Manufacture: — in which the value of all the materials used does not exceed 40 % of the ex works price of the product, and — where, within the above limit, the materials classified within the same heading as the product are only used up to a value of 5 % of the ex works price of the product
8501	Electric motors and generators (excluding generating sets)	Manufacture: — in which the value of all the materials used does not exceed 40 % of the ex works price of the product, and — where, within the above limit, the materials classified within heading No 8503 are only used up to a value of 5 % of the ex works price of the product
8502	Electric generating sets and rotary converters	Manufacture: — in which the value of all the materials used does not exceed 40 % of the ex works price of the product, and — where, within the above limit, the materials classified within heading No 8501 or 8503, taken together, are only used up to a value of 5 % of the ex works price of the product
ex 8518	Microphones and stands therefor; loudspeakers, whether or not mounted in their enclosures; audio-frequency electric amplifiers; electric sound amplifier sets	Manufacture: — in which the value of all the materials used does not exceed 40 % of the ex works price of the product, — where the value of all the non-originating materials used does not exceed the value of the originating materials used

PROTOCOL 5

CHAPTER I

Specific provisions relating to trade between Spain and Bulgaria*Article 1*

The provisions of the Agreement relating to trade in Title III shall be amended as follows in order to take account of the measures and undertakings listed in the Act of Accession of the Kingdom of Spain to the European Communities (hereinafter called 'the Act of Accession').

Article 2

Under the Act of Accession, Spain shall not grant to products originating in Bulgaria more favourable treatment than it provides for imports originating or in free circulation in other Member States.

Article 3

1. Duties applied by the Kingdom of Spain to agricultural products as defined in Article 19 of the Agreement originating in Bulgaria and listed in Annexes XI and XIII of the Agreement shall be progressively aligned with those applied by the Community of Ten in accordance with the procedure and timetables set out in Articles 75 (2) and (3) of the Act of Accession.

2. Levies applied by the Kingdom of Spain to agricultural products referred to in Article 21 (2) of the Agreement originating in Bulgaria and listed in Annex XI, and to the agricultural component of products referred to in Protocol 3 originating in Bulgaria, will be the levies applied each year by the Community of Ten adjusted by the accession compensatory amounts as set out in the Act of Accession.

Article 4

The implementation by Spain of the undertakings covered by Article 10 (4) of the Agreement shall take place at the time set for the remaining Member States always provided that Bulgaria has been removed from the scope of Regulations (EEC) No 1765/82 and (EEC) No 3420/83 on import arrangements for products originating in State-trading countries.

Article 5

Quantitative restrictions may be applied to imports into Spain of products originating in Bulgaria until 31 December 1995 in respect of the products listed in Annex A.

Article 6

Application of the provisions of this Protocol shall be without prejudice to Council Regulation (EEC) No 1911/91 of 26 June 1991 on the application of the provisions of Community law to the Canary Islands or Council Decision 91/314/EEC of 26 June 1991 setting up a programme of options specific to the remote and insular nature of the Canary Islands (Poseican).

CHAPTER II

Specific provisions relating to trade between Portugal and Bulgaria*Article 7*

The provisions of the Agreement relating to trade in Title III shall be amended as follows in order to take account of the measures and undertakings listed in the Act of Accession of the Portuguese Republic to the European Communities (hereinafter called 'the Act of Accession').

Article 8

Under the Act of Accession Portugal shall not grant Bulgaria more favourable treatment than is provided for imports originating in other Member States.

Article 9

1. The duties applicable by the Portuguese Republic to industrial products originating in Bulgaria and referred to in Article 4 of the Agreement and in Protocols 1 and 2 and to the non-agricultural components of products included in Protocol 3 shall be phased out according to the procedure and timetables set forth in this Article.

2. Tariff dismantling shall take as its basic starting point the duties actually applied by the Portuguese Republic in its trade with the Community of Ten on 1 January 1985; from the entry into force of the Agreement, duties shall be aligned on those applied by the Community of Ten.

However, for products referred to in Annex XXXI of the Act of Accession tariff dismantling shall be carried out according to the same timetable and start from the duties actually applied by the Portuguese Republic in its trade with third countries on 1 January 1985.

Article 10

1. The duties applied by the Portuguese Republic to agricultural products as defined in Article 19 of the

Agreement originating in Bulgaria and listed in Annexes XII and XIII of the Agreement shall be progressively aligned with those applied by the Community of Ten in accordance with the procedure and timetables set out below in this Article.

2. For agricultural products other than those referred to in paragraph 3 of this Article the Portuguese Republic shall reduce its tariffs from those actually applied by it in its trade with third countries on 1 January 1985. Each year the difference between those and those applied by the Community of Ten shall be reduced in accordance with the following timetable:

- from entry into force of the Agreement, the difference shall be reduced to 27,2 % of the original difference,
- on 1 January 1994, the difference shall be reduced to 18,1 % of the original difference,
- on 1 January 1995, the difference shall be reduced to 9 % of the original difference,
- from 1 January 1996, the Portuguese Republic shall apply the same duties as the Community of Ten.

3. The Portuguese Republic shall apply a duty to the agricultural products referred to in Regulations (EEC) No 136/66, (EEC) No 804/68, (EEC) No 805/68, (EEC) No 1035/72, (EEC) No 2727/75, (EEC) No 2759/75, (EEC) No 2771/75, (EEC) No 2777/75, (EEC) No 1418/76 and

(EEC) No 822/87, which reduces the difference between the duty actually applied on 31 December 1990 and the preferential duty in accordance with the following timetable:

- from the entry into force of the Agreement, the difference shall be reduced to 49,9 % of the initial difference,
- on 1 January 1994, the difference shall be reduced to 33,2 % of the initial difference,
- on 1 January 1995, the difference shall be reduced to 16,5 % of the initial difference.

Portugal shall apply preferential rates in full from 1 January 1996.

Article 11

The implementation by Portugal of the undertakings covered by Article 10 (4) of the European Agreement shall take place at the time set for the remaining Member States always provided that Bulgaria has been removed from the scope of Regulations (EEC) No 1765/82 and (EEC) No 3420/83 on import arrangements for products originating in State-trading countries.

Article 12

Quantitative restrictions may be applied to imports into Portugal of products originating in Bulgaria until 31 December 1995 in respect of the products listed in Annex B.

PROTOCOL 6

on mutual assistance in customs matters

Article 1

Definitions

For the purposes of this Protocol:

- (a) *customs legislation*: shall mean provisions applicable in the territories of the Contracting Parties governing the import, export, transit of goods and their placing under any other customs procedure, including measures of prohibition, restriction and control adopted by the said Parties;
- (b) *customs duties*: shall mean all duties, taxes, fees or/and other charges which are levied and collected in the territories of the Contracting Parties, in application of customs legislation, but not including fees and charges which are limited in amount to the approximate costs of services rendered;
- (c) *applicant authority*: shall mean a competent administrative authority which has been appointed by a Contracting Party for this purpose and which makes a request for assistance in customs matters;
- (d) *requested authority*: shall mean a competent administrative authority which has been appointed by a Contracting Party for this purpose and which receives a request for assistance in customs matters;
- (e) *contravention*: shall mean any violation of the customs legislation as well as any attempted violation of such legislation.

Article 2

Scope

1. The Contracting Parties shall assist each other, in the manner and under the conditions laid down in this Protocol, in ensuring that customs legislation is correctly applied, in particular by the prevention, detection and investigation of contraventions of this legislation.
2. Assistance in customs matters, as provided for in this Protocol, applies to any administrative authority of the Contracting Parties which is competent for the application of this Protocol. It shall not prejudice the rules governing mutual assistance in criminal matters. Nor shall it cover information obtained under powers exercised at the request of the judicial authority, unless those authorities so agree.

Article 3

Assistance on request

1. At the request of the applicant authority, the requested authority shall furnish it with all relevant information to enable it to ensure that customs legislation is correctly applied, including information regarding

operations noted or planned which contravene or would contravene such legislation.

2. At the request of the applicant authority, the requested authority shall inform it whether goods exported from the territory of one of the Contracting Parties have been properly imported into the territory of the other Party, specifying, where appropriate, the customs procedure applied to the goods.

3. At the request of the applicant authority, the requested authority shall take the necessary steps to ensure that a surveillance is kept on:

- (a) natural or legal persons of whom there are reasonable grounds for believing that they are contravening or have contravened customs legislation;
- (b) movement of goods notified as possibly giving rise to substantial contraventions of customs legislation;
- (c) means of transport for which there are reasonable grounds for believing that they have been, are or may be used in the contravening of customs legislation.

Article 4

Spontaneous assistance

The Contracting Parties shall within their competences provide each other with assistance if they consider that to be necessary for the correct application of customs legislation, particularly when they obtain information pertaining to:

- operations which have contravened, contravene or would contravene such legislation and which may be of interest to other Contracting Parties,
- new means or methods employed in realizing such operations,
- goods known to be subject to substantial contravention of customs legislation on import, export, transit or any other customs procedure.

Article 5

Delivery/Notification

At the request of the applicant authority, the requested authority shall in accordance with its legislation take all necessary measures in order:

- to deliver all documents,
- to notify all decisions,

falling within the scope of this Protocol to an addressee, residing or established in its territory. In such a case Article 6 (3) is applicable.

Article 6

Form and substance of requests for assistance

1. Requests pursuant to the present Protocol shall be made in writing. Documents necessary for the execution of such requests shall accompany the request. When required because of the urgency of the situation, oral requests may be accepted, but must be confirmed in writing immediately.
2. Requests pursuant to paragraph 1 of this Article shall include the following information:
 - (a) the applicant authority making the request;
 - (b) the measure requested;
 - (c) the object of and the reason for the request;
 - (d) the laws, rules, and other legal elements involved;
 - (e) indications as exact and comprehensive as possible on the natural or legal persons being the target of the investigations;
 - (f) a summary of the relevant facts, except in cases provided for in Article 5.
3. Requests shall be submitted in an official language of the requested authority or in a language acceptable to such authority.
4. If a request does not meet the formal requirements, its correction or completion may be demanded; the ordering of precautionary measures may, however, take place.

Article 7

Execution of requests

1. In order to comply with a request for assistance, the requested authority or, when the latter cannot act on its own, the administrative department to which the request has been addressed by this authority, shall proceed, within its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Contracting Party, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out.
2. Requests for assistance will be executed in accordance with the laws, rules, and other legal instruments of the requested Contracting Party.
3. Duly authorized officials of a Contracting Party may, with the agreement of the other Contracting Party involved and within the conditions laid down by the latter, obtain from the offices of the requested authority or other authority for which the requested authority is responsible, information relating to the contravention of customs legislation which the applicant authority needs for the purposes of this Protocol.

4. Officials of a Contracting Party may, with the agreement of the other Contracting Party, be present at enquiries carried out in the latter's territory.

Article 8

Form in which information is to be communicated

1. The requested authority shall communicate results of enquiries to the applicant authority in the form of documents, certified copies of documents, reports and the like.
2. The documents provided for in paragraph 1 may be replaced by computerized information produced in any form for the same purpose.

Article 9

Exceptions to the obligation to provide assistance

1. The Contracting Parties may refuse to give assistance as provided for in this Protocol, where to do so would:
 - (a) be likely to prejudice sovereignty, public policy (l'ordre public), security or other essential interests; or
 - (b) involve currency or tax regulations other than regulations concerning customs duties; or
 - (c) violate an industrial, commercial or professional secret.
2. Where the applicant authority asks for assistance which it would itself be unable to provide if so asked, it shall draw attention to that fact in its request. It shall then be left to the requested authority to decide how to respond to such a request.
3. If assistance is withheld or denied, the decision and the reasons therefor must be notified to the applicant authority without delay.

Article 10

Obligation to observe confidentiality

1. Any information communicated in whatsoever form pursuant to this Protocol shall be of a confidential nature. It shall be covered by the obligation of official secrecy and shall enjoy the protection extended under the relevant laws applicable in the Contracting Party which received it and the corresponding provisions applying to the Community authorities.
2. Nominative data shall not be transmitted whenever there are reasonable grounds to believe that the transfer or the use made of the data transmitted would be contrary to the basic legal principles of one of the Parties, and, in particular, if the person concerned would suffer undue disadvantages. Upon request, the receiving Party shall inform the furnishing Party of the use made of the information supplied and of the results achieved.

3. Nominative data may only be transmitted to customs authorities and, in the case of need for prosecution purposes, to public prosecution and judicial authorities. Other persons or authorities may obtain such information only upon previous authorization by the furnishing authority.

4. The furnishing Party shall verify the accuracy of the information to be transferred. Whenever it appears that the information supplied was inaccurate or to be deleted, the receiving Party shall be notified without delay. The latter shall be obliged to carry out the correction or deletion.

5. Without prejudice to cases of prevailing public interest, the person concerned may obtain, upon request, information on the data stores and the purpose of this storage.

Article 11

Use of information

1. Information obtained shall be used solely for the purposes of this Protocol and may be used within each Contracting Party for other purposes only with the prior written consent of the administrative authority which furnished the information and shall be subject to any restrictions laid down by that authority. These provisions are not applicable to information concerning offences relating to narcotic drugs and psychotropic substances. Such information may be communicated to other authorities directly involved in the combating of illicit drug traffic, within the limits of Article 2.

2. Paragraph 1 shall not impede the use of information in any judicial or administrative proceedings subsequently instituted for failure to comply with customs legislation.

3. The Contracting Parties may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Protocol.

Article 12

Experts and witnesses

An official of a requested authority may be authorized to appear, within the limitations of the authorization granted, as expert or witness in judicial or administrative proceedings regarding the matters covered by this Protocol in the jurisdiction of another Contracting Party, and produce such objects, documents or authenticated

copies thereof, as may be needed for the proceedings. The request for an appearance must indicate specifically on what matter and by virtue of what title or qualification the official will be questioned.

Article 13

Assistance expenses

The Contracting Parties shall waive all claims on each other for the reimbursement of expenses incurred pursuant to this Protocol, except, as appropriate, for expenses to experts and witnesses and to interpreters and translators who are not dependent upon public services.

Article 14

Implementation

1. The management of this Protocol shall be entrusted to the central customs authorities of Bulgaria on the one hand, and the competent services of the Commission and, where appropriate, the customs authorities of the Community Member States on the other. They shall decide on all practical measures and arrangements necessary for its application, taking into consideration rules in the field of data protection. They may recommend to the competent bodies amendments which they consider should be made to this Protocol.

2. The Contracting Parties shall consult each other and subsequently keep each other informed of the detailed rules of implementation which are adopted in accordance with the provisions of this Article.

Article 15

Complementarity

1. This Protocol shall complement and not impede application of any agreements on mutual assistance which have been concluded or may be concluded between individual or several Community Member States and Bulgaria. Nor shall it preclude more extensive mutual assistance granted under such agreements.

2. Without prejudice to Article 11, these agreements do not prejudice Community provisions governing the communication between the competent services of the Commission and the customs authorities of the Member States of any information obtained in customs matters which could be of Community interest.

PROTOCOL 7**on concessions with annual limits**

The Parties agree that if the Agreement comes into force after 1 January in any year, any concession given within the limits of annual quantities will be adjusted pro rata with the exception of those Community concessions contained in Annexes III and XI.

In respect of Annexes III and XI, products for which import certificates have been issued under the EEC Council Regulations applying generalized tariff preferences between 1 January and the entry into force of the Agreement will be counted against the tariff quota or tariff ceiling quantities contained in such Annexes.

PROTOCOL 8**on transboundary watercourses**

The Contracting Parties,

recalling the principles governing in particular:

- the Convention on the protection and use of transboundary watercourses and international lakes,
- the Convention on environmental impact assessment in a transboundary context,
- the Convention on transboundary effects of industrial accidents,
- the Ramsar Convention;

Whereas Article 81 of the Agreement, which deals with environmental cooperation, provides the framework on which the Parties' initiatives in the field of cooperation across borders may be developed further by means of programmes of common interest;

Whereas management of the water of transboundary rivers is one of the areas of cooperation listed in Article 81 of the Agreement;

Have agreed in the common interest of the Parties to set up with the financial assistance of the Community under the relevant provisions of Title VIII of the Agreement a system to monitor the quality and the quantity of water in their cross-boundary rivers with a view to:

- reducing the pollution level of the water of transboundary rivers to an adequate extent ensuring the ecologically sound use in the economy and endeavour to prevent all other forms of pollution of such water, and in particular pollution resulting from possible accidents,
- establishing an early warning system to cope with floods or dangerous levels of water pollution in such rivers,
- promoting with joint efforts the combat against soil erosion due to transboundary watercourses,
- promoting rational use of water resources from transboundary rivers in conformity with the provisions of the Convention on the protection and use of transboundary watercourses and international lakes,
- promoting the effective protection of flora and fauna at the estuary of the transboundary rivers on their respective territories.

JOINT DECLARATIONS

1. *Article 8 (3)*

The Parties declare that the expression 'duties actually applied' means as regards Bulgaria the MFN rate of duty applied (customs duties and in the case of products listed in Annex VIII charges having an equivalent effect to customs duties) and as regards the Community the duties listed in the customs tariff (autonomous, conventional, as well as the 'permanent' tariff suspensions and quotas that are shown therein). Where, however, temporary duty suspensions are applied by reason of a specific purpose, or for specific quantities or consignments, such suspensions shall not be considered as 'duties actually applied'. The Parties shall inform each other on the day preceding the date of entry into force of the Agreement of the list of products subject to such temporary duty suspensions.

2. *Article 8 (4)*

The Community and Bulgaria confirm that where a reduction of duties is effected by way of a suspension of duties made for a particular period of time, such reduced duties shall replace the basic duties only for the period of such suspension, and that whenever a partial suspension of duties is made, the preferential margin between the Parties will be preserved.

3. *Article 10 (3), second paragraph*

The Parties declare that the reduced duties calculated in accordance with the provisions of this Agreement, are to be rounded off to the first decimal place of rounding up, when the second decimal place is 5, 6, 7, 8 or 9, and rounding down, when it is 0, 1, 2, 3 or 4.

4. *Article 21 (4)*

The Community and Bulgaria, pending the conclusion of the Uruguay Round negotiations in the framework of the General Agreement on Tariffs and Trade and extending for one year the 1990 Agreement, agree to enter into negotiations during the second half of 1993 to reach a mutually agreeable solution on the extension of the 1990 Agreement on sheep and sheepmeat especially on:

- the respect of the sensitive periods,
- the suspension of the duty,
- the price surveillance procedure.

5. *Article 21 (4)*

The Community and Bulgaria agree to negotiate in the interest of concluding:

- an Agreement between the Republic of Bulgaria and the European Economic Community on the reciprocal protection of the names of wines and control of wine,
- an Agreement regarding the establishment of reciprocal tariff concessions for wines providing that these observe the Community's and Bulgaria's import regulations, particularly in the area of oenological practices and certificates.

Both Parties shall make best efforts to ensure that these Agreements enter into force at the same time as the Interim Agreement.

6. *Article 38 (1)*

It is understood that the concept 'conditions and modalities applicable in each Member State' includes Community rules where appropriate.

7. *Article 38*

It is understood that the notion 'children' is defined in accordance with national legislation of the host country concerned.

8. *Article 39*

It is understood that the notion 'members of their family' is defined in accordance with the national legislation of the host country concerned.

9. *Chapter II of Title IV*

Without prejudice to the provisions of Chapter II of Title IV, the Parties agree that treatment of the nationals or companies of one Party shall be considered to be less favourable than that accorded to those of the other Party if such treatment is either formally or *de facto* less favourable than the treatment accorded to those of the other Party.

10. *Chapter II of Title IV*

It is understood that 'branches' and 'agencies' as referred to in Chapter II of Title IV are not legal persons and do not imply 'commercial representation' as referred to in Article 4 of the Bulgarian Law of 1992 on the economic activity of foreign persons and on the protection of foreign investments.

11. *Article 45 (2) (ii)*

The Parties agree that the provisions of Article 45 (2) (ii) do not affect the application of Bulgarian legislation as listed in Annex XVc concerning the acquisition by a Community company or national of majority participation in existing companies in the areas listed in this Annex, whether or not the Community company or national is already established in the territory of Bulgaria.

12. *Article 57 (3)*

The Parties declare that the Agreements referred to in Article 57 (3) should aim at the highest possible extension of the transport regulations and policies applicable in the Community and in the Member States to the relation between the Community and Bulgaria in the field of transport.

13. *Article 59*

The sole fact of requiring a visa for natural persons of certain Parties and not for those of others shall not be regarded as nullifying or impairing benefits under a specific commitment.

14. *Article 60*

Whenever the Association Council is called upon to take measures for further liberalization in the areas of services or persons, it shall also determine for which transactions related to such measures payments are to be authorized in freely convertible currency.

15. *Article 64*

The Parties shall not make an improper use of provisions on professional secrecy to prevent the disclosure of information in the field of competition.

16. *Article 67*

The Parties agree that for the purpose of this Association Agreement 'intellectual, industrial and commercial property' is to be given a similar meaning as in Article 36 of the EEC Treaty and includes in particular protection of copyright and neighbouring rights, patents, industrial designs, trade marks and service marks, topographies of integrated circuits, software, geographical indications as well as protection against unfair competition and protection of undisclosed information on know-how.

17. *Article 110*

The Parties agree that the Association Council, in accordance with Article 110 of the Agreement, will examine the creation of a consultative mechanism composed of members of the Economic and Social Committee of the Community and the corresponding partners of Bulgaria.

18. *Protocol 1 to the Agreement*

The Parties confirm their intention to start negotiating the new Protocol on quantitative arrangements provided for in Article 3 (2) of Protocol 1 before the end of 1992.

19. *Articles 5 and 9 (4) of Protocol 2 to the Agreement*

The Community and Bulgaria declare that Articles 5 and 9 (4) of Protocol 2 cannot be considered as a precedent in Bulgaria's negotiations for accession to the General Agreement on Tariffs and Trade or to the Multilateral Trade Organization which could emerge from the Uruguay Round negotiations.

20. *Protocol 4 to the Agreement*

The Community and Bulgaria confirm their readiness to consider at a later stage in the Association Council the possibility of regional cumulation which Poland, Hungary and Czechoslovakia, and with Romania, in the light of progress made in fulfilling the appropriate technical and administrative conditions.

21. *Article 5 of Protocol 6 to the Agreement*

The Contracting Parties stress that the reference which is made in Article 5 of Protocol 6 to their own legislation may cover, where appropriate, an international commitment they could have contracted, such as the Convention on the service abroad of judicial and extrajudicial documents in civil or commercial matters, concluded in The Hague on 15 November 1965.

22. *Protocol 8 to the Agreement*

It is understood that the assistance from the Community for the implementation of Protocol 8 shall be without prejudice to the overall financial assistance provided for under Title VIII.

AGREEMENT

in the form of an exchange of letters between the European Community and Bulgaria concerning transit

A. Letter from the Community

Sir,

The following was agreed between the Community and Bulgaria:

1. The Parties shall not take any measures which would adversely affect the situation resulting from implementation of the bilateral agreements concluded between the Member States of the Community and Bulgaria, and in particular the number of authorizations, weight and dimensions of vehicles and applicable duties.
2. The Community and Bulgaria hereby agree that, where transit conditions in the territory of the former Federal Socialist Republic of Yugoslavia should fail to return to normal, they will examine and, where necessary, agree on modifications to the undertakings referred to under 1. above in order to facilitate Community transit.

Bulgaria and the Community shall conclude a bilateral agreement on transport.

Pending the conclusion of such an agreement, any changes concerning the arrangements outlined above will be decided by common agreement.

I should be obliged if you would confirm that your Government is in agreement with the above.

Please accept, Sir, the assurance of my highest consideration.

B. Letter from Bulgaria

Sir,

I have the honour to acknowledge receipt of your letter of today's date which reads as follows:

'The following was agreed between the Community and Bulgaria:

1. For the Government of Bulgaria

AGREEMENT

in the form of an exchange of letters between the European Community and Bulgaria
concerning inland transport infrastructure

A. Letter from the Community

Sir,

I have the honour to confirm that the Community, as stated during the negotiation of the Europe Agreement between the Community and its Member States, of the one part, and Bulgaria, of the other part, is fully apprised of the infrastructure and environmental problems facing Bulgaria in the transport sector and that it shall provide, as appropriate, under the financial arrangements set up by the Europe Agreement, financing for the upgrading of inland transport infrastructure, including road, rail, inland waterway and combined transport infrastructure.

I take note of the fact that Bulgaria has expressed an urgent need for financial assistance to adapt its inland transport infrastructure to the increased volume of traffic transiting its territory.

The Parties agree that they shall endeavour, initially under the terms of the existing trade and cooperation agreement, to find the means which will enable them to contribute to the upgrading of the said infrastructure, in particular to the modernization and construction of railway lines and motorways between Kulata and Sofia and between Sofia and Vidin, and to the modernization of the infrastructure of the Danube waterway and its international connections, without prejudice to the appraisal of projects in accordance with the procedures in force.

I should be obliged if you would confirm that your Government is in agreement with the above.

Please accept, Sir, the assurance of my highest consideration.

AGREEMENT

**in the form of an exchange of letters between the European Community and Bulgaria
concerning certain arrangements for live bovine animals**

A. Letter from the Community

Sir,

I have the honour to refer to the discussions held in the context of the Europe Agreement negotiations between the Community and Bulgaria concerning the trade arrangements applicable to certain agricultural products.

I hereby confirm that the Community will take the necessary measures to allow Bulgaria full access to the import arrangements for live bovine animals as established by Article 13 of Council Regulation (EEC) No 805/68, under the same conditions as Hungary, Poland and Czechoslovakia, upon the entry into force of this Agreement.

Should forecasts reveal that imports into the Community might exceed 425 000 head of cattle, thereby presenting a risk of serious disturbances on the Community beef and veal market, the Community reserves the right to adopt the appropriate management measures referred to in Council Regulation (EEC) No 1157/92 and in the Europe Agreements with Hungary, Poland and Czechoslovakia without prejudice to any other rights conferred upon it by the Agreement. In this context, imports of live bovine animals not covered by the estimates referred to in Article 13 of Council Regulation (EEC) No 805/68 or by the Europe Agreements must be limited to calves not exceeding a live weight by 80 kilograms.

I should be obliged if you would confirm that your Government is in agreement with the above.

Please accept, Sir, the assurance of my highest consideration.

AGREEMENT

in the form of an exchange of letters between the European Community and Bulgaria concerning certain provisions applying to pigs and poultry

A. Letter from the Community

Sir,

I have the honour to refer to the discussions held in the context of the Europe Agreement negotiations between the Community and Bulgaria concerning the trade arrangements applicable to certain agricultural products.

I hereby confirm that the Community will notify the Bulgarian authorities before applying additional levies in the pig and poultry sectors to products listed in Annexes XIa and XIIIa to the Europe Agreement and originating in Bulgaria. The Parties will consult within five working days with a view to exchanging any information that might help the Community reach a decision on the need for such measures.

I should be obliged if you would confirm that your Government is in agreement with the above.

Please accept, Sir, the assurance of my highest consideration.

AGREEMENT

in the form of an exchange of letters between the European Community and Bulgaria concerning the recognition of regionalization of African swine fever in the Kingdom of Spain

A. Letter from Bulgaria

Sir,

I have the honour to refer to the discussions concerning trade arrangements for certain agricultural products between the Community and Bulgaria which have taken place in the framework of the negotiations of the Europe Agreement.

I hereby confirm that Bulgaria accepts to recognize that the territory of the Kingdom of Spain, with the exception of the provinces of Badajoz, Huelva, Sevilla and Córdoba, is free from African swine fever, under the same terms as foreseen in Council Decision 89/21/EEC of 14 December 1988, as modified by the Community Decision 91/112/EEC of 12 February 1991.

Bulgaria accepts this derogation without prejudice to all other requirements foreseen by the Bulgarian veterinary legislation.

I should be obliged if you would confirm the agreement of the Community to the contents of this letter.

Please accept, Sir, the assurance of my highest consideration.

For the Community

UNILATERAL DECLARATIONS BY THE COMMUNITY

1. *Article 21 (4)*

The Community declares its agreement to maintain, for a further five-year period and under the same conditions, the preferential regime for certain cheeses set out in Regulation (EEC) No 1767/82.

2. *Article 21 (4)*

In order to allow the Bulgarian industry to adapt to the requirements of Regulation (EEC) No 690/92, the Community accepts a transitional period of 18 months. During that period sheep cheeses originating in Bulgaria and imported into the Community shall be accepted with a content of cows' milk of up to 3 %.

3. *Article 2 (3) of Protocol 1 to the Agreement*

The Community confirms that the treatment given to Bulgaria under the provisions of Article 2 (3) of Protocol 1 is the same in its substance as that given in the Protocols agreed with Poland, Hungary and the CSFR, and that in principle any future amendment of Council Regulation (EEC) No 636/82 shall apply in a uniform way to each of the five countries of central and eastern Europe.

4. *Articles 9 (1) (iii) and 9 (4) of Protocol 2 to the Agreement*

The Community confirms its understanding that the references to public aids in Articles 9 (1) (iii) and 9 (4) imply the exclusion of transport subsidies acting as direct or indirect subsidies to the steel industry.

5. *Article 9 (4) of Protocol 2 to the Agreement*

It is understood that the possibility of an exceptional extension of the five-year period is strictly limited to the particular case of Bulgaria and does not impair the position of the Community in relation to other cases nor prejudice international commitments. The possible derogation foreseen in paragraph 4 takes into account the particular difficulties of Bulgaria in restructuring the steel sector and the fact that this process has been launched very recently.

UNILATERAL DECLARATIONS BY BULGARIA

1. *Article 14 (3)*

In conformity with Article 26 (1), Bulgaria confirms that the export taxes mentioned in Annex IX, should they be introduced, shall not have a more restrictive effect than the system of non-automatic licences and export ceilings.

2. *Article 21 (3)*

Bulgaria will make every endeavour to increase the quantities of tobacco covered by quantitative restrictions foreseen in Annex XIIb in parallel with the negotiations in the wine sector.

3. *Article 45 (3) in connection with Annex XVd*

The prohibition on acquisition of land does not affect the possibility for acquisition of ownership title on a building erected on that land. The landowner can, according to the Bulgarian Property Act, grant to a third person the right to erect a building on his land and that third person becomes the owner of the building. The landowner can transfer, separately from the land, the ownership on an already existing building.

4. *Article 59*

Bulgaria undertakes to negotiate actively its accession to the GATT and to the other agreements embodied in the Multilateral Trade Organization which will emerge from the Uruguay Round negotiations, within a time frame compatible with the progressive implementation of the Association.

5. *Article 67*

Bulgaria confirms that under its new patent law, a treatment no less favourable than that accorded to any third country under any bilateral agreement, including that between Bulgaria and the United States of America signed in April 1991, shall be granted to Community Member States' nationals, in particular in the field of transitional patent protection.

6. *Letter from the Bulgarian Government to the Community*

The Government of Bulgaria declares that it will not invoke the provisions of Protocol 2 on ECSC products, in particular Article 9, so as not to call into question the compatibility with this Protocol of the agreements made by the Community coal industry with the electricity companies and the steel industry to secure the sale of Community coal.

7. *Protocol 3*

Bulgaria will make best efforts to increase the quantities of ice-cream covered by the quantitative restriction foreseen in Annex XIIb with a view to abolishing it in parallel with the negotiations with the wine sector.
