**REGULATION (EC) No 647/2005 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL
of 13 April 2005**

amending Council Regulations (EEC) No 1408/71 on the application of social security schemes to employed persons, to self-employed persons and to members of their families moving within the Community and (EEC) No 574/72 laying down the procedure for implementing Regulation (EEC) No 1408/71

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Articles 42 and 308 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Economic and Social Committee ⁽¹⁾,

After consulting the Committee of the Regions,

Acting in accordance with the procedure laid down in Article 251 of the Treaty ⁽²⁾,

Whereas:

(1) Certain amendments should be made to Regulations (EEC) No 1408/71 ⁽³⁾ and (EEC) No 574/72 ⁽⁴⁾, in order to take account of recent developments in the of the Court of Justice of the European Communities, to facilitate the application of those Regulations and to reflect changes in the social security legislation of the Member States.

⁽¹⁾ OJ C 80, 30.3.2004, p. 118.

⁽²⁾ Opinion of the European Parliament of 11 March 2004 (not yet published in the Official Journal), Council Common Position of 15 November 2004 (OJ C 38 E, 15.2.2005, p. 21) and Position of the European Parliament of 8 March 2005 (not yet published in the Official Journal).

⁽³⁾ OJ L 149, 5.7.1971, p. 2. Regulation updated by Regulation (EC) No 118/97 (OJ L 28, 30.1.1997, p. 1), as last amended by Regulation (EC) No 631/2004 of the European Parliament and of the Council (OJ L 100, 6.4.2004, p. 1) and repealed with effect from the date of entry into force of the implementing Regulation by Regulation (EC) No 883/2004 of the European Parliament and of the Council (OJ L 166, 30.4.2004, p. 1).

⁽⁴⁾ OJ L 74, 27.3.1972, p. 1. Regulation as last amended by Regulation (EC) No 631/2004.

(2) In order to take account of recent developments in, the conclusions of judgments should be drawn, particularly in the cases of *Johann Franz Duchon v Pensionsversicherungsanstalt der Angestellten* ⁽⁵⁾ and *Office national de l'emploi v Calogero Spataro* ⁽⁶⁾.

(3) The judgments in *Friedrich Jauch v Pensionsversicherungsanstalt der Arbeiter* and *Ghislain Leclere, Alina Deaconescu v Caisse nationale des prestations familiales* ⁽⁷⁾, concerning the classification of special non-contributory cash benefits require, for reasons of legal safety, that the two cumulative criteria to be taken into account be specified so that such benefits can feature in Annex IIa to Regulation (EEC) No 1408/71. On this basis, there is a case for revising the Annex, taking into account legislative amendments in the Member States affecting this type of benefits, which are subject to specific coordination given their mixed nature. In addition, it is important to specify the transitional provisions relating to the benefit which was the subject of the judgment in the *Jauch* case in order to protect the rights of beneficiaries.

(4) On the basis of the case-law relating to the relationships between Regulation (EEC) No 1408/71 and the provisions of bilateral social security agreements, it is necessary to review Annex III to that Regulation. The entries in part A of Annex III are only justified in two cases: where they are more favourable to migrant workers ⁽⁸⁾, or where they relate to specific and exceptional situations, usually linked to historical circumstances. In addition, it is not appropriate to accept entries in part B

⁽⁵⁾ Judgment in Case C-290/00 [2002] ECR I-3567.

⁽⁶⁾ Judgment in Case C-170/95 [1996] ECR I-2921.

⁽⁷⁾ Judgments in Case C-215/99 [2001] ECR I-1901 and Case C-43/99 [2001] ECR I-4265.

⁽⁸⁾ The principle of the most favourable treatment has been recalled by the ECJ in its Judgments in Case C-227/89 [1991] ECR I-323, Case C-475/93 [1995] ECR I-3813, Case C-75/99 [2000] ECR I-9399 and Case C-277/99 [2002] ECR I-1261.

except where exceptional and objective situations justify a derogation from Article 3(1) of that Regulation and from Articles 12, 39 and 42 of the Treaty ⁽¹⁾.

- (5) In order to facilitate the application of Regulation (EEC) No 1408/71, there should be certain provisions concerning, on the one hand, civil servants and persons treated as such and, on the other, members of the travelling or flying personnel of an undertaking which operates international transport services for passengers or goods by rail, road, air or inland waterway, and also to specify the methods for determining the average amount to take into account in the context of Article 23 of that Regulation.
- (6) The revision of Annex IIa to Regulation (EEC) No 1408/71 will lead to the removal of some existing entries and, taking into account legislative amendments in some Member States, to the inclusion of certain new entries. In the latter case, it is then for these Member States to consider the need for transitional arrangements or bilateral solutions to address the situation of persons whose acquired rights may be affected as a consequence,

to in paragraph 1, and which guarantee the persons concerned a minimum subsistence income having regard to the economic and social situation in the Member State concerned;

or

- (ii) solely specific protection for the disabled, closely linked to the said person's social environment in the Member State concerned,

and

- (b) where the financing exclusively derives from compulsory taxation intended to cover general public expenditure and the conditions for providing and for calculating the benefits are not dependent on any contribution in respect of the beneficiary. However, benefits provided to supplement a contributory benefit shall not be considered to be contributory benefits for this reason alone;

and

- (c) which are listed in Annex IIa.;

**REGULATION (EC) No 648/2005 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL
of 13 April 2005
amending Council Regulation (EEC) No 2913/92 establishing the Community Customs Code**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Articles 26, 95, 133 and 135 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Economic and Social Committee ⁽¹⁾,

Acting in accordance with the procedure laid down in Article 251 of the Treaty ⁽²⁾,

Whereas:

(1) Council Regulation (EEC) No 2913/92 ⁽³⁾ lays down the rules for the customs treatment of goods that are imported or to be exported.

(2) It is necessary to establish an equivalent level of protection in customs controls for goods brought into or out of the customs territory of the Community. In order to achieve this objective, it is necessary to establish an equivalent level of customs controls in the Community and to ensure a harmonised application of customs controls by the Member States, which have principal responsibility for applying these controls. Such controls should be based upon commonly agreed standards and risk criteria for the selection of goods and economic operators in order to minimise the risks to the Community and its citizens and to the Community's trading partners. Member States and the Commission should therefore introduce a Community-wide risk management framework to support a common approach so that priorities are set effectively and resources are allocated efficiently with the aim of maintaining a proper balance between customs controls and the facilitation of legitimate trade. Such a framework should also provide for common criteria and harmonised requirements for authorised economic operators and ensure a harmonised

application of such criteria and requirements. The establishment of a risk management framework common to all Member States should not prevent Member States from controlling goods by spot-checks.

(3) Member States should grant the status of authorised economic operator to any economic operator that meets common criteria relating to the operator's control systems, financial solvency and compliance record. The status of authorised economic operator, once granted by one Member State, should be recognised by the other Member States, but does not confer the right to benefit automatically in the other Member States from simplifications provided for in the customs rules. However, the other Member States should allow the use of simplifications by authorised economic operators provided they meet all the specific requirements for use of the particular simplifications. In considering a request to use simplifications, the other Member States need not repeat the evaluation of the operator's control systems, financial solvency or compliance record, which will already have been completed by the Member State that granted the operator the status of authorised economic operator, but should ensure that any other specific requirements for use of the particular simplification are met. The use of simplifications in other Member States may also be coordinated by agreement between the customs authorities concerned.

(4) Simplifications under the customs rules should continue to be without prejudice to customs controls as defined within the Community Customs Code, notably relating to safety and security. Such controls are the responsibility of the customs authorities and, while the status of authorised economic operator should be recognised by those authorities as a factor during risk analysis and in the granting of any facilitation to the economic operator with regard to controls relating to safety and security, the right to control should remain.

(5) Risk-related information on import and export goods should be shared between the competent authorities of the Member States and the Commission. To this end, a common, secure system should be set up, enabling the competent authorities to access, transfer and exchange this information in a timely and effective manner. Such information may also be shared with third countries where an international agreement so provides.

⁽¹⁾ OJ C 110, 30.4.2004, p. 72.

⁽²⁾ Opinion of the European Parliament of 20 April 2004 (not yet published in the Official Journal), Council Common Position of 29 November 2004 (OJ C 38 E, 15.2.2005, p. 36) and Position of the European Parliament of 23 February 2005 (not yet published in the Official Journal).

⁽³⁾ OJ L 302, 19.10.1992, p. 1. Regulation as last amended by the 2003 Act of Accession.

- (6) The conditions under which information provided by economic operators to customs may be disclosed to other authorities in the same Member State, other Member States, to the Commission, or to authorities in third countries should be specified. For this purpose, it should be clearly indicated that Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data ⁽¹⁾ and Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data ⁽²⁾ apply to the processing of personal data by the competent authorities as well as by any other authority receiving data pursuant to the Community Customs Code.
- (7) In order to allow for appropriate risk-based controls, it is necessary to establish the requirement of pre-arrival or pre-departure information for all goods brought into or out of the customs territory of the Community, except for goods passing through by air or ship without a stop within this territory. Such information should be available before the goods are brought into or out of the customs territory of the Community. Different time-frames and rules may be set according to the type of goods, of transport or of economic operator or where international agreements provide for special security arrangements. In order to avoid security loopholes, this requirement should also be introduced with regard to goods brought into or out of a free zone.
- (8) Regulation (EEC) No 2913/92 should therefore be amended accordingly,

HAVE ADOPTED THIS REGULATION

Article 1

- poses a threat to the Community's security and safety, to public health, to the environment or to consumers.

(26) "Risk management" means the systematic identification of risk and implementation of all measures necessary for limiting exposure to risk. This includes activities such as collecting data and information, analysing and assessing risk, prescribing and taking action and regular monitoring and review of the process and its outcomes, based on international, Community and national sources and strategies.;

'Section 1A

Authorised economic operators

Article 5a

1. Customs authorities, if necessary following consultation with other competent authorities, shall grant, subject to the criteria provided for in paragraph 2, the status of "authorised economic operator" to any economic operator established in the customs territory of the Community.

An authorised economic operator shall benefit from facilitations with regard to customs controls relating to security and safety and/or from simplifications provided for under the customs rules.

The status of authorised economic operator shall, subject to the rules and conditions laid down in paragraph 2, be recognised by the customs authorities in all Member States, without prejudice to customs controls. Customs authorities shall, on the basis of the recognition of the status of authorised economic operator and provided that the requirements relating to a specific type of simplification provided for in Community customs legislation are fulfilled, authorise the operator to benefit from that simplification.

2. The criteria for granting the status of authorised economic operator shall include:

- an appropriate record of compliance with customs requirements,
- a satisfactory system of managing commercial and, where appropriate, transport records, which allows appropriate customs controls,
- where appropriate, proven financial solvency, and
- where applicable, appropriate security and safety standards.

The committee procedure shall be used to determine the rules:

- for granting the status of authorised economic operator,
- for granting authorisations for the use of simplifications,
- for establishing which customs authority is competent to grant such status and authorisations,
- for the type and extent of facilitations that may be granted in respect of customs controls relating to security and safety, taking into account the rules for common risk management,
- for consultation with, and provision of information to, other customs authorities;

and the conditions under which:

- an authorisation may be limited to one or more Member States,
- the status of authorised economic operator may be suspended or withdrawn, and
- the requirement of being established in the Community may be waived for specific categories of authorised economic operator, taking into account, in particular, international agreements.;

3. Article 13 shall be replaced by the following:

'Article 13

1. Customs authorities may, in accordance with the conditions laid down by the provisions in force, carry out all the controls they deem necessary to ensure that customs rules and other legislation governing the entry, exit, transit, transfer and end-use of goods moved between the customs territory of the Community and third countries and the presence of goods that do not have Community status are correctly applied. Customs controls for the purpose of the correct application of Community legislation may be carried out in a third country where an international agreement provides for this.

2. Customs controls, other than spot-checks, shall be based on risk analysis using automated data processing techniques, with the purpose of identifying and quantifying the risks and developing the necessary measures to assess the risks, on the basis of criteria developed at national, Community and, where available, international level.

The committee procedure shall be used for determining a common risk management framework, and for establishing common criteria and priority control areas.

Member States, in cooperation with the Commission, shall establish a computer system for the implementation of risk management.

3. Where controls are performed by authorities other than the customs authorities, such controls shall be performed in close coordination with the customs authorities, wherever possible at the same time and place.

4. In the context of the controls provided for in this Article, customs and other competent authorities, such as veterinary and police authorities, may communicate data received, in connection with the entry, exit, transit, transfer and end-use of goods moved between the customs territory of the Community and third countries and the presence of goods that do not have Community status, between each other and to the customs authorities of the Member States and to the Commission where this is required for the purposes of minimising risk.

Communication of confidential data to the customs authorities and other bodies (e.g. security agencies) of third countries shall be allowed only in the framework of an international agreement and provided that the data protection provisions in force, in particular Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 on the protection of individuals with regard to the processing of personal data and on the free movement of such data (*) and Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data (**) are respected.

(*) OJ L 281, 23.11.1995, p. 31. Directive as amended by Regulation (EC) No 1882/2003 (OJ L 284, 31.10.2003, p. 1).

(**) OJ L 8, 12.1.2001, p. 1.

4. Article 15 shall be replaced by the following:

'Article 15

All information which is by nature confidential or which is provided on a confidential basis shall be covered by the duty of professional secrecy. It shall not be disclosed by the competent authorities without the express permission of the person or authority providing it. The communication of information shall, however, be permitted where the competent authorities are obliged to do so pursuant to the provisions in force, particularly in connection with legal proceedings. Any disclosure or communication of information shall fully comply with prevailing data protection provisions, in particular Directive 95/46/EC and Regulation (EC) No 45/2001.;

Customs authorities may allow the summary declaration to be lodged at another customs office, provided that this office immediately communicates or makes available electronically the necessary particulars to the customs office of entry.

Customs authorities may accept, instead of the lodging of the summary declaration, the lodging of a notification and access to the summary declaration data in the economic operator's computer system.

3. The summary declaration shall be lodged before the goods are brought into the customs territory of the Community.

4. The committee procedure shall be used to establish:

- the time limit by which the summary declaration is to be lodged before the goods are brought into the customs territory of the Community,
- the rules for exceptions from, and variations to, the time limit referred to in the first indent, and
- the conditions under which the requirement for a summary declaration may be waived or adapted,

in accordance with the specific circumstances and for particular types of goods traffic, modes of transport and economic operators and where international agreements provide for special security arrangements.

Article 36b

1. The committee procedure shall be used to establish a common data set and format for the summary declaration, containing the particulars necessary for risk analysis and the proper application of customs controls, primarily for security and safety purposes, using, where appropriate, international standards and commercial practices.

2. The summary declaration shall be made using a data processing technique. Commercial, port or transport information may be used, provided that it contains the necessary particulars.

Customs authorities may accept paper-based summary declarations in exceptional circumstances, provided that they apply the same level of risk management as that applied to summary declarations made using a data processing technique.

3. The summary declaration shall be lodged by the person who brings the goods, or who assumes responsibility for the carriage of the goods into the customs territory of the Community.

4. Notwithstanding the obligation of the person referred to in paragraph 3, the summary declaration may be lodged instead by:

5. The person referred to in paragraphs 3 and 4 shall, at his request, be authorised to amend one or more particulars of the summary declaration after it has been lodged. However, no amendment shall be possible after the customs authorities:

- (a) have informed the person who lodged the summary declaration that they intend to examine the goods; or
- (b) have established that the particulars in questions are incorrect; or
- (c) have allowed the removal of the goods.

Article 36c

1. The customs office of entry may waive the lodging of a summary declaration in respect of goods for which, before expiry of the time limit referred to in Article 36a(3) or (4), a customs declaration is lodged. In such case, the customs declaration shall contain at least the particulars necessary for a summary declaration and, until such time as the former is accepted in accordance with Article 63, it shall have the status of a summary declaration.

Customs authorities may allow the customs declaration to be lodged at a customs office of import different from the customs office of entry, provided that this office immediately communicates or makes available electronically the necessary particulars to the customs office of entry.

2. Where the customs declaration is lodged other than by use of data processing technique, the customs authorities shall apply the same level of risk management to the data as that applied to customs declarations made using a data processing technique.;

DECISION No 649/2005/EC OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

of 13 April 2005

amending Decision No 1419/1999/EC establishing a Community action for the European Capital of Culture event for the years 2005 to 2019

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 151 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the Committee of the Regions ⁽¹⁾,

Acting in accordance with the procedure laid down in Article 251 of the Treaty ⁽²⁾,

Whereas:

- (1) Decision No 1419/1999/EC of the European Parliament and of the Council of 25 May 1999 establishing a Community action for the European Capital of Culture event for the years 2005 to 2019 ⁽³⁾ is geared towards highlighting the wealth, diversity and shared characteristics of European cultures and towards contributing to improving European citizens' mutual knowledge.
- (2) Annex I to Decision No 1419/1999/EC sets out the chronological order in accordance with which the Member States can submit nominations for this event. That Annex is limited to the Member States at the time the Decision was adopted on 25 May 1999.
- (3) Article 6 of Decision No 1419/1999/EC states that that decision may be revised, in particular with a view to the future enlargement of the European Union.
- (4) In the light of the 2004 enlargement, it is important that the new Member States should likewise be able within a short period of time to submit nominations in the context of the European Capital of Culture event, without changing the order for the other Member States so that, from 2009 onwards and until the end of the current Community action, two capitals may be selected each year in the Member States.
- (5) Decision No 1419/1999/EC should therefore be amended,

HAVE DECIDED AS FOLLOWS:

Article 1

Decision No 1419/1999/EC is hereby amended as follows:

1. The following Recital shall be inserted:

'(12a) Whereas account should be taken of the financial consequences of this Decision in such a way as to ensure that there is adequate and appropriate Community funding for the designation of two European Capitals of Culture;'

2. Article 2(1) shall be replaced by the following:

'1. Cities in Member States shall be designated as European Capital of Culture, in turn, as set out on the list contained in Annex I. Up until 2008 inclusive, the designation shall apply to one city of the Member State appearing on the list. From 2009 onwards, the designation shall apply to one city of each of the Member States appearing on the list. The chronological order set out in Annex I may be altered by mutual agreement between the Member States concerned. Each Member State shall submit, in turn, its nomination of one or more cities to the European Parliament, the Council, the Commission and the Committee of the Regions. This nomination shall be submitted no later than four years before the event in question is due to begin and may be accompanied by a recommendation from the Member State concerned.'

3. Annex I shall be replaced by the text appearing in the Annex to this Decision.

Article 2

This Decision shall enter into force on the twentieth day following its publication in the *Official Journal of the European Union*.

It shall apply from 1 May 2004.
