Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1784/2003 of 29 September 2003 on the common organisation of the market in cereals ⁽¹⁾, and in particular Article 13(3) thereof,

Whereas:

and maize products, and for 'other cereals', these being eligible cereal products excluding maize and maize products. A refund should be granted in respect of the quantity of cereal products present in the compound feedingstuff.

- (4) Furthermore, the amount of the refund must also take into account the possibilities and conditions for the sale of those products on the world market, the need to avoid disturbances on the Community market and the economic aspect of the export.
- (5) The current situation on the cereals market and, in particular, the supply prospects mean that the export refunds should be abolished.

(1) Article 31(1) of Regulation (EC) No 1255/1999 provides that the difference between prices in international trade for the products listed in Article 1(a), (b), (c), (d), (e), and (g) of that Regulation and prices within the Community may be covered by an export refund.

(2) Commission Regulation (EC) No 1043/2005 of 30 June 2005 implementing Council Regulation (EC) No 3448/93 as regards the system of granting export refunds on certain agricultural products exported in the form of goods not covered by Annex I to the Treaty, and the criteria for fixing the amount of such refunds⁽²⁾, specifies the products for which a rate of refund is to be fixed, to be applied where these products are exported in the form of goods listed in Annex II to Regulation (EC) No 1255/1999.

(3) In accordance with the first paragraph of Article 14 of Regulation (EC) No 1043/2005, the rate of the refund per 100 kilograms for each of the basic products in question is to be fixed each month.

(4) However, in the case of certain milk products exported in the form of goods not covered by Annex I to the Treaty, there is a danger that, if high refund rates are fixed in advance, the commitments entered into in relation to

those refunds may be jeopardised. In order to avert that danger, it is therefore necessary to take appropriate precautionary measures, but without precluding the conclusion of long-term contracts. The fixing of specific refund rates for the advance fixing of refunds in respect of those products should enable those two objectives to be met.

(5) Article 15(2) of Regulation (EC) No 1043/2005 provides that, when the rate of the refund is being fixed, account is to be taken, where appropriate, of production refunds, aids or other measures having equivalent effect applicable in all Member States in accordance with the Regulation on the common organisation of the market in the product in question to the basic products listed in Annex I to Regulation (EC) No 1043/2005 or to assimilated products.

(6) Article 12(1) of Regulation (EC) No 1255/1999 provides for the payment of aid for Community-produced skimmed milk processed into casein if such milk and the casein manufactured from it fulfil certain conditions.

(7) Commission Regulation (EC) No 1898/2005 of 9 November 2005 laying down detailed rules for implementing Council Regulation (EC) No 1255/1999 as regards measures for the disposal of cream, butter and concentrated butter⁽³⁾, lays down that butter and cream at reduced prices should be made available to industries which manufacture certain goods.

(8) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:

Article 1

The rates of the refunds applicable to the basic products listed in Annex I to Regulation (EC) No 1043/2005 and in Article 1 of Regulation (EC) No 1255/1999, and exported in the form of goods listed in Annex II to Regulation (EC) No 1255/1999, shall be fixed as set out in the Annex to this Regulation.

COMMISSION REGULATION (EC) No 1016/2007**of 30 August 2007****fixing the rates of refunds applicable to certain products from the sugar sector exported in the form of goods not covered by Annex I to the Treaty**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 318/2006 of 20 February 2006 on the common organisation of the market in the sugar sector⁽¹⁾, and in particular Article 33(2)(a) and (4) thereof,

Whereas:

- (1) Article 32(1) and (2) of Regulation (EC) No 318/2006 provides that the differences between the prices in international trade for the products listed in Article 1(1)(b), (c), (d) and (g) of that Regulation and prices within the Community may be covered by an export refund where these products are exported in the form of goods listed in Annex VII to that Regulation.
- (2) Commission Regulation (EC) No 1043/2005 of 30 June 2005 implementing Council Regulation (EC) No 3448/93 as regards the system of granting export refunds on certain agricultural products exported in the form of goods not covered by Annex I to the Treaty, and the criteria for fixing the amount of such refunds⁽²⁾, specifies the products for which a rate of refund is to be fixed, to be applied where these products are exported in the form of goods listed in Annex VII to Regulation (EC) No 318/2006.
- (3) In accordance with the first paragraph of Article 14 of Regulation (EC) No 1043/2005, the rate of the refund per 100 kilograms for each of the basic products in question is to be fixed each month.

may not exceed the refund applicable to that product when exported without further processing.

- (5) The refunds fixed under this Regulation may be fixed in advance as the market situation over the next few months cannot be established at the moment.
- (6) The commitments entered into with regard to refunds which may be granted for the export of agricultural products contained in goods not covered by Annex I to the Treaty may be jeopardised by the fixing in advance of high refund rates. It is therefore necessary to take precautionary measures in such situations without, however, preventing the conclusion of long-term contracts. The fixing of a specific refund rate for the advance fixing of refunds is a measure which enables these various objectives to be met.
- (7) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

DECISIONS

COMMISSION

COMMISSION DECISION

of 29 August 2007

amending Annex IV to Council Directive 90/539/EEC as regards model veterinary certificates for intra-Community trade in poultry and hatching eggs to take account of certain public health requirements

(notified under document number C(2007) 3999)

(Text with EEA relevance)

(2007/594/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 90/539/EEC of 15 October 1990 on animal health conditions governing intra-Community trade in, and imports from third countries of, poultry and hatching eggs ⁽¹⁾, and in particular Article 34 thereof,

Having regard at Regulation (EC) No 882/2004 of the European Parliament and of the Council of 29 April 2004 on official controls performed to ensure the verification of compliance with feed and food law, animal health and animal welfare rules ⁽²⁾, and in particular Article 30(1)(b) thereof,

Whereas:

(1) Directive 90/539/EEC lays down animal health conditions governing intra-Community trade in, and

imports from third countries of, poultry and hatching eggs, including the condition that poultry and hatching eggs during transportation to the place of destination are to be accompanied by a veterinary certificate which conforms with the appropriate model certificates in Annex IV to that Directive.

(2) Those veterinary certificates provide for guarantees with regard to certain animal diseases. However, they do not contain any information with regard to public health, such as information on testing for certain zoonoses and zoonotic agents.

(3) Regulation (EC) No 2160/2003 of the European Parliament and of the Council of 17 November 2003 on the control of salmonella and other specified food-borne zoonotic agents ⁽³⁾ provides that the flocks of origin of poultry covered by that Regulation are to be tested for certain specified zoonoses and zoonotic agents prior to any dispatch from the food business of origin of live animals or hatching eggs. The date and the results of testing are to be included in the relevant veterinary certificates, provided for in Community legislation, from the dates indicated in Annex I to that Regulation. Those requirements apply to live breeding animals and hatching eggs from 1 January 2007 and are to apply to laying hens from 1 February 2008 and to broilers from 1 January 2009.

⁽¹⁾ OJ L 303, 31.10.1990, p. 6. Directive as last amended by Directive 2006/104/EC (OJ L 363, 20.12.2006, p. 352).

⁽²⁾ OJ L 165, 30.4.2004, p. 1, corrected by OJ L 191, 28.5.2004, p. 1. Regulation as last amended by Council Regulation (EC) No 1791/2006 (OJ L 363, 20.12.2006, p. 1).

⁽³⁾ OJ L 325, 12.12.2003, p. 1. Regulation as last amended by Regulation (EC) No 1791/2006.

- (4) Regulation (EC) No 882/2004 lays down requirement for the adoption of model health certificates to verify compliance with Community rules aiming at the prevention, elimination, or reduction to acceptable levels of risks to human and animal health. In the interests of coherence and simplicity of Community legislation, a single model certificate should, where appropriate, combine requirements concerning official certification of feed and food and other relevant requirements.
- (5) Taking account of the testing requirements for public health reasons pursuant to Regulation (EC) No 2160/2003, the animal health requirements of Directive 90/539/EEC, and the appropriateness to combine all certifications into a single model certificate, new model certificates for poultry and hatching eggs should be introduced in Community legislation and should replace the model certificates in Directive 90/539/EEC.
- (6) In October 2004 Denmark introduced the systematic prophylactic vaccination of poultry against Newcastle disease. Denmark should therefore no longer be listed as a country having an EC-approved non-vaccinating status for Newcastle disease in the model health certificates set out in Directive 90/539/EEC.
- (7) Commission Decision 2006/415/EC of 14 June 2006 concerning certain protection measures in relation to highly pathogenic avian influenza of the subtype H5N1 in poultry in the Community and repealing Decision 2006/135/EC ⁽¹⁾, Commission Decision 2006/563/EC of 11 August 2006 concerning certain protection measures in relation to highly pathogenic avian influenza of subtype H5N1 in wild birds in the Community and repealing Decision 2006/115/EC ⁽²⁾ and Commission Decision 2006/605/EC of 6 September 2006 on certain protection measures in relation to intra-Community trade in poultry intended for restocking of wild game supplies ⁽³⁾ lay down certain provisions concerning authorisations for movements of live poultry and hatching eggs from areas subject to certain restrictions.
- (8) In addition, Council Directive 2005/94/EC of 20 December 2005 on Community measures for the control of avian influenza and repealing Directive 92/40/EEC ⁽⁴⁾ provides for the approval of vaccination plans against avian influenza in certain Member States.
- (9) Taking account of those provisions of Decisions 2006/415/EC, 2006/563/EC, 2006/605/EC and Directive 2005/94/EC, certain amendments should be made to the current model veterinary certificates set out in Directive 90/539/EEC.
- (10) It is appropriate for the certificates to be presented in accordance with the standardised layout of veterinary certificates as set out in Commission Decision 2004/292/EC of 30 March 2004 on the introduction of the Traces system and amending Decision 92/486/EEC ⁽⁵⁾.
- (11) Commission Regulation (EC) No 599/2004 of 30 March 2004 concerning the adoption of a harmonised model certificate and inspection report linked to intra-Community trade in animals and products of animal origin ⁽⁶⁾ provides that the various veterinary certificates required in the context of intra-Community are to be presented on the basis of the harmonised model certificates annexed to that Regulation. Accordingly, it is necessary to harmonise the model veterinary certificates set out in Directive 90/539/EEC.
- (12) Directive 90/539/EEC should therefore be amended accordingly.
- (13) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,
- HAS ADOPTED THIS DECISION:
- Article 1*
- Annex IV to Directive 90/539/EEC is replaced by the text in the Annex to this Decision.
- Article 2*
- This Decision shall apply from 1 September 2007.
