## COUNCIL REGULATION (EU) No 1124/2010

of 29 November 2010

**fixing for 2011 the fishing opportunities for certain fish stocks and groups of fish stocks applicable in the Baltic Sea**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43(3) thereof,

Having regard to the proposal from the European Commission,

Whereas:

(1) According to Article 43(3) of the Treaty, the Council, on a proposal from the Commission, should adopt measures on the fixing and allocation of fishing opportunities.

(2) Council Regulation (EC) No 2371/2002 of 20 December 2002 on the conservation and sustainable exploitation of fisheries resources under the common fisheries policy<sup>(1)</sup> requires that measures governing access to waters and resources and the sustainable pursuit of fishing activities be established taking into account available scientific advice and, in particular, the report drawn up by the Scientific, Technical and Economic Committee for Fisheries (STECF).

(3) It is incumbent upon the Council to adopt measures on the fixing and allocation of fishing opportunities by fishery or group of fisheries, including certain conditions functionally linked thereto, as appropriate. Fishing opportunities should be distributed among Member States in such a way as to assure each Member State relative stability of fishing activities for each stock or fishery and having due regard to the objectives of the common fisheries policy established in Regulation (EC) No 2371/2002.

(4) The total allowable catches (TACs) should be established on the basis of the available scientific advice, by taking into account the biological and socioeconomic aspects whilst ensuring fair treatment between fishing sectors, as well as in light of the opinions expressed during the

consultation of stakeholders, in particular at the meetings with the Advisory Committee on Fisheries and Aquaculture and the concerned Regional Advisory Councils.

(5) For stocks subject to specific multiannual plans, the fishing opportunities should be established in accordance with the rules laid down in these plans. Consequently, catch limits and fishing effort limits for the cod stocks in the Baltic Sea should be established in accordance with the rules laid down in Council Regulation (EC) No 1098/2007 of 18 September 2007 establishing a multi-annual plan for the cod stocks in the Baltic Sea and the fisheries exploiting those stocks<sup>(2)</sup>.

(6) The use of fishing opportunities set out in this Regulation is subject to Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Community control system for ensuring compliance with the rules of the common fisheries policy<sup>(3)</sup> and in particular to Articles 33 and 34 thereof concerning the recording of catches and fishing effort and the notification of data on the exhaustion of fishing opportunities respectively. It is therefore necessary to specify the codes to be used by the Member States when sending data to the Commission relating to landings of stocks subject to this Regulation.

(7) In accordance with Article 2 of Council Regulation (EC) No 847/96 of 6 May 1996 introducing additional conditions for year-to-year management of TACs and quotas<sup>(4)</sup>, the stocks that are subject to the various measures referred to therein must be identified.

(8) To ensure the livelihood of Union fishermen, it is important to open these fisheries on 1 January 2011,

<sup>(1)</sup> OJ L 358, 31.12.2002, p. 59.

<sup>(2)</sup> OJ L 248, 22.9.2007, p. 1.

<sup>(3)</sup> OJ L 343, 22.12.2009, p. 1.

**COMMISSION REGULATION (EU) No 1125/2010****of 3 December 2010****determining the intervention centres for cereals and amending Regulation (EC) No 1173/2009**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation) <sup>(1)</sup>, and in particular Article 41 in conjunction with Article 4 thereof,

Whereas:

- (1) Annex I to Commission Regulation (EC) No 428/2008 of 8 May 2008 on determining the intervention centres for cereals <sup>(2)</sup> sets out the intervention centres for each Member State by cereal type, with the exception of durum wheat.
- (2) The Annex to Commission Regulation (EC) No 1173/2009 <sup>(3)</sup> lists the intervention centres for durum wheat and rice referred to in Article 2 of Commission Regulation (EC) No 670/2009 <sup>(4)</sup>.
- (3) Commission Regulation (EU) No 1272/2009 of 11 December 2009 laying down common detailed rules for the implementation of Council Regulation (EC) No 1234/2007 as regards buying-in and selling of agricultural products under public intervention <sup>(5)</sup> sets out the conditions to be complied with, from the 2010/2011 marketing year onwards, for the designation and approval of cereal intervention centres and their storage premises. Among these conditions, Article 3(1)(a)(i) of that Regulation provides that each cereal intervention centre must have a minimum storage capacity of 20 000 tonnes.
- (4) With effect from 1 July 2010, Regulation (EU) No 1272/2009 repeals Regulation (EC) No 670/2009 with regard to cereals.
- (5) With effect from 1 July 2010, the cereal intervention centres designated pursuant to Article 41 of Regulation (EC) No 1234/2007 must comply with the conditions laid down in Articles 2 and 3 of Regulation (EU) No

1272/2009. It is therefore appropriate to repeal Regulation (EC) No 428/2008 and to amend Regulation (EC) No 1173/2009.

- (6) In accordance with Article 55(1) of Regulation (EU) No 1272/2009, the Member States have sent the Commission a list of intervention centres for actual designation and a list of the storage premises attached to those centres which they have approved as fulfilling the minimum standards required by Community legislation. In cases where cereal production levels are low, or where estimates do not indicate any cereal sectors generating surpluses and intervention has not been used for a significant period, some Member States have not reported any cereal intervention centres.
- (7) In order to ensure that the public intervention scheme works efficiently, the Commission should designate intervention centres on the basis of their geographical location and publish a list of the storage premises attached thereto, together with all the information required by the operators involved in public intervention.
- (8) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for the Common Organisation of Agricultural Markets,

**COMMISSION REGULATION (EU) No 1126/2010****of 3 December 2010****amending Regulation (EC) No 1547/2007 as regards an extension of the transitional period for withdrawing the Republic of Cape Verde from the list of beneficiary countries of the special arrangement for least developed countries**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 732/2008 of 22 July 2008 applying a scheme of generalised tariff preferences for the period from 1 January 2009 to 31 December 2011 and amending Regulations (EC) No 552/97, (EC) No 1933/2006 and Commission Regulations (EC) No 1100/2006 and (EC) No 964/2007 <sup>(1)</sup>, and in particular Article 11(8) thereof,

Whereas:

- (1) The Republic of Cape Verde (hereinafter referred to as Cape Verde) is a beneficiary of the special arrangement for least-developed countries (also known as the Everything but Arms scheme, EBA) under the Union's scheme of generalised tariff preferences.
- (2) Article 11(8) of Regulation (EC) No 732/2008 provides for the withdrawal of a country from the special arrangement for least-developed countries, when that country is excluded by the United Nations from the list of the least developed countries. This Article also provides for the establishment of a transitional period of at least three years before the removal takes effect.
- (3) Cape Verde was excluded by the United Nations from the list of least-developed countries, with effect from 1 January 2008 <sup>(2)</sup>.
- (4) Commission Regulation (EC) No 1547/2007 <sup>(3)</sup> provides for Cape Verde's removal from the list of beneficiaries of the special arrangement for least developed countries

with effect from 1 January 2011 after the expiry of a three-year transitional period.

- (5) The transitional period granted under Regulation (EC) No 1547/2007, coming in a time of economic crisis, was marked by declining trade volumes that hampered Cape Verde's economic diversification efforts. Hence, this transitional period has not allowed the time necessary for Cape Verde to overcome the over-reliance on one key export sector and thus alleviate potential adverse effects of the removal from the EBA scheme. That period should therefore be extended until 1 January 2012.

- (6) The measures provided for in this Regulation are in accordance with the opinion of the Generalised Preferences Committee,

HAS ADOPTED THIS REGULATION:

*Article 1*

Article 1 of Regulation (EC) No 1547/2007 is replaced by the following:

## COMMISSION DIRECTIVE 2010/87/EU

of 3 December 2010

**amending Council Directive 91/414/EEC to include fenbuconazole as active substance and amending Decision 2008/934/EC**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 91/414/EEC of 15 July 1991 concerning the placing of plant protection products on the market <sup>(1)</sup>, and in particular Article 6(1) thereof,

Whereas:

(1) Commission Regulations (EC) No 451/2000 <sup>(2)</sup> and 1490/2002 <sup>(3)</sup> lay down the detailed rules for the implementation of the third stage of the programme of work referred to in Article 8(2) of Directive 91/414/EEC and establish a list of active substances to be assessed, with a view to their possible inclusion in Annex I to Directive 91/414/EEC. That list included fenbuconazole.

(2) In accordance with Article 11e of Regulation (EC) No 1490/2002 the applicant withdrew its support of the inclusion of that active substance in Annex I to Directive 91/414/EEC within two months from receipt of the draft assessment report. Consequently, Commission Decision 2008/934/EC of 5 December 2008 concerning the non-inclusion of certain active substances in Annex I to Council Directive 91/414/EEC and the withdrawal of authorisations for plant protection products containing these substances <sup>(4)</sup> was adopted on the non-inclusion of fenbuconazole.

(3) Pursuant to Article 6(2) of Directive 91/414/EEC the original notifier (hereinafter the applicant) submitted a new application requesting the accelerated procedure to be applied, as provided for in Article 14 to 19 of Commission Regulation (EC) No 33/2008 of 17 January 2008 laying down detailed rules for the

application of Council Directive 91/414/EEC as regards a regular and an accelerated procedure for the assessment of active substances which were part of the programme of work referred to in Article 8(2) of that Directive but have not been included into its Annex I <sup>(5)</sup>.

(4) The application was submitted to the United Kingdom, which had been designated rapporteur Member State by Regulation (EC) No 451/2000. The time period for the accelerated procedure was respected. The specification of the active substance and the supported uses are the same as were the subject of Decision 2008/934/EC. That application also complies with the remaining substantive and procedural requirements of Article 15 of Regulation (EC) No 33/2008.

(5) The United Kingdom evaluated the additional data submitted by the applicant and prepared an additional report. It communicated that report to the European Food Safety Authority (hereinafter 'the Authority') and to the Commission on 20 July 2009. The Authority communicated the additional report to the other Member States and the applicant for comments and forwarded the comments it had received to the Commission. In accordance with Article 20(1) of Regulation (EC) No 33/2008 and at the request of the Commission, the Authority presented its conclusion on fenbuconazole to the Commission on 18 March 2010 <sup>(6)</sup>. The draft assessment report, the additional report and the conclusion of the Authority were reviewed by the Member States and the Commission within the Standing Committee on the Food Chain and Animal Health and finalised on 28 October 2010 in the format of the Commission review report for fenbuconazole.

(6) It has appeared from the various examinations made that plant protection products containing fenbuconazole may be expected to satisfy, in general, the requirements laid down in Article 5(1)(a) and (b) of Directive 91/414/EEC, in particular with regard to the uses which have been

examined and detailed in the Commission review report. It is therefore appropriate to include fenbuconazole in Annex I, in order to ensure that in all Member States the authorisations of plant protection products containing this active substance can be granted in accordance with the provisions of that Directive.

- (7) Without prejudice to that conclusion, it is appropriate to obtain further information on certain specific points. Article 6(1) of Directive 91/414/EC provides that inclusion of a substance in Annex I may be subject to conditions. Therefore, it is appropriate to require that the applicant submit confirmatory data on residues of triazole derivative metabolites (TDMs) in primary crops, rotational crops and products of animal origin. To further refine the assessment of potential endocrine disrupting properties, it is appropriate to require that fenbuconazole be subjected to further testing as soon as OECD test guidelines on endocrine disruption, or, alternatively, Community agreed test guidelines exist.
- (8) A reasonable period should be allowed to elapse before an active substance is included in Annex I in order to permit Member States and the interested parties to prepare themselves to meet the new requirements which will result from the inclusion.
- (9) Without prejudice to the obligations defined by Directive 91/414/EEC as a consequence of including an active substance in Annex I, Member States should be allowed a period of six months after inclusion to review existing authorisations of plant protection products containing fenbuconazole to ensure that the requirements laid down by Directive 91/414/EEC, in particular in its Article 13 and the relevant conditions set out in Annex I, are satisfied. Member States should vary, replace or withdraw, as appropriate, existing authorisations, in accordance with the provisions of Directive 91/414/EEC. By derogation from the above deadline, a longer period should be provided for the submission and assessment of the complete Annex III dossier of each plant protection product for each intended use in accordance with the uniform principles laid down in Directive 91/414/EEC.
- (10) The experience gained from previous inclusions in Annex I to Directive 91/414/EEC of active substances assessed in the framework of Commission Regulation (EEC) No 3600/92 of 11 December 1992 laying down the detailed rules for the implementation of the first stage of the programme of work referred to in Article 8(2) of Council Directive 91/414/EEC concerning the placing of plant protection products on the market<sup>(1)</sup> has shown that difficulties can arise in interpreting the duties of holders of existing authorisations in relation to access to data. In order to avoid further difficulties it therefore appears necessary to clarify the duties of

the Member States, especially the duty to verify that the holder of an authorisation demonstrates access to a dossier satisfying the requirements of Annex II to that Directive. However, this clarification does not impose any new obligations on Member States or holders of authorisations compared to the directives which have been adopted until now amending Annex I.

- (11) It is therefore appropriate to amend Directive 91/414/EEC accordingly.
- (12) Commission Decision 2008/934/EC of 5 December 2008 concerning the non-inclusion of certain active substances in Annex I to Council Directive 91/414/EEC and the withdrawal of authorisations for plant protection products containing these substances provides for the non-inclusion of fenbuconazole and the withdrawal of authorisations for plant protection products containing that substance by 31 December 2011. It is necessary to delete the line concerning fenbuconazole in the Annex to that Decision.
- (13) It is therefore appropriate to amend Decision 2008/934/EC accordingly.
- (14) The measures provided for in this Directive are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DIRECTIVE:

#### *Article 1*

1. Member States shall in accordance with Directive 91/414/EEC, where necessary, amend or withdraw existing authorisations for plant protection products containing fenbuconazole as an active substance by 1 November 2011.

By that date they shall in particular verify that the conditions in Annex I to that Directive relating to fenbuconazole are met, with the exception of those identified in part B of the entry concerning that active substance, and that the holder of the authorisation has, or has access to, a dossier satisfying the requirements of Annex II to that Directive in accordance with the conditions of Article 13 of that Directive.

2. By way of derogation from paragraph 1, for each authorised plant protection product containing fenbuconazole as either the only active substance or as one of several active substances all of which were listed in Annex I to Directive 91/414/EEC by 30 April 2011 at the latest, Member States shall re-evaluate the product in accordance with the uniform principles provided for in Annex VI to Directive 91/414/EEC, on the basis of a dossier satisfying the requirements of Annex III to that Directive and taking into account part B of the entry in Annex I to that Directive concerning fenbuconazole. On the basis of that evaluation, they shall determine whether the product satisfies the conditions set out in Article 4(1)(b), (c), (d) and (e) of Directive 91/414/EEC.

Following that determination Member States shall:

- (a) in the case of a product containing fenbuconazole as the only active substance, where necessary, amend or withdraw the authorisation by 30 April 2015 at the latest; or
- (b) in the case of a product containing fenbuconazole as one of several active substances, where necessary, amend or withdraw the authorisation by 30 April 2015 or by the date fixed for such an amendment or withdrawal in the respective Directive or Directives which added the relevant substance or substances to Annex I to Directive 91/414/EEC, whichever is the latest.

*Article 5*

This Directive shall enter into force on 1 May 2011.

*Article 6*

This Directive is addressed to the Member States.

## COUNCIL IMPLEMENTING DECISION

of 29 November 2010

**amending Decision 2007/441/EC authorising the Italian Republic to apply measures derogating from Articles 26(1)(a) and 168 of Directive 2006/112/EC on the common system of value added tax**

(2010/748/EU)

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2006/112/EC of 28 November 2006 on the common system of value added tax <sup>(1)</sup>, and in particular Article 395(1) thereof,

Having regard to the proposal from the European Commission,

Whereas:

- (1) In a letter registered by the Commission's Secretariat-General on 18 February 2010, Italy requested an authorisation to extend a measure derogating from Article 26(1)(a) and Article 168 of Directive 2006/112/EC in order to continue to restrict the right of deduction in relation to expenditure on certain motorised road vehicles not wholly used for business purposes.
- (2) By letter dated 13 July 2010, the Commission informed the other Member States of Italy's request. By letter dated 15 July 2010, the Commission notified Italy that it had all the information necessary to consider the request.
- (3) Council Decision 2007/441/EC of 18 June 2007 authorising the Italian Republic to apply measures derogating from Articles 26(1)(a) and 168 of Directive 2006/112/EC on the common system of value added tax <sup>(2)</sup> authorises Italy to limit the right of deduction of value added tax (VAT) charged on expenditure on motorised road vehicles not wholly used for business purposes to 40 %. Decision 2007/441/EC provides that the use for private purposes of vehicles which have been subject to a right of deduction restriction under that Decision is not to be considered as a supply of services for consideration. Decision 2007/441/EC contains definitions of the vehicles and the expenditure included in the scope of that Decision and a list of vehicles which are explicitly excluded from the scope of that Decision.
- (4) In accordance with Article 6 of Decision 2007/441/EC, Italy submitted a report to the Commission covering the two first years of application of the Decision which

included a review of the percentage restriction. The information provided by Italy shows that a restriction of the right of deduction to 40 % still corresponds to the actual circumstances as regards the use for business or non-business purposes of the vehicles concerned. Italy should therefore be authorised to apply the measure during a further limited period, until 31 December 2013.

- (5) In the event Italy were to request a further extension beyond 2013, a new report should be submitted to the Commission together with that extension request by 1 April 2013.
- (6) On 29 October 2004, the Commission adopted a proposal for a Council Directive amending Directive 77/388/EEC with a view to simplifying value added tax obligations. The derogating measures provided for in this Decision should expire on the date of entry into force of that amending Directive, if that date is earlier than the date of expiry of the derogation measure set out in this Decision.
- (7) The derogation has no impact on the Union's own resources accruing from value added tax.
- (8) Decision 2007/441/EC should therefore be amended accordingly,

HAS ADOPTED THIS DECISION:

## Article 1

Decision 2007/441/EC is hereby amended as follows:

1. Article 6 is replaced by the following:

## ‘Article 6

Any request for the extension of the measures provided for in this Decision shall be submitted to the Commission by 1 April 2013.

Any request for extension of those measures shall be accompanied by a report which includes a review of the percentage restriction applied on the right to deduct VAT charged on expenditure on motorised road vehicles not wholly used for business purposes.’;

<sup>(1)</sup> OJ L 347, 11.12.2006, p. 1.

<sup>(2)</sup> OJ L 165, 27.6.2007, p. 33.

2. Article 7 is replaced by the following:

It shall apply from 1 January 2011.

*Article 7*

This Decision shall expire on the date of entry into force of Union rules determining the expenditure relating to motorised road vehicles which is not eligible for a full deduction of VAT, but on 31 December 2013 at the latest.’.

*Article 3*

This Decision is addressed to the Italian Republic.

Done at Brussels, 29 November 2010.

*Article 2*

This Decision shall take effect on the day of its notification.

**COMMISSION DECISION****of 2 December 2010****amending Decision 2007/453/EC as regards the BSE status of India, Peru, Panama and South Korea***(notified under document C(2010) 8352)***(Text with EEA relevance)****(2010/749/EU)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 999/2001 of the European Parliament and of the Council of 22 May 2001 laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies <sup>(1)</sup>, and in particular the third subparagraph of Article 5(2) thereof,

Whereas:

- (1) Regulation (EC) No 999/2001 lays down rules for the prevention, control and eradication of transmissible spongiform encephalopathies (TSEs) in animals. For that purpose, the bovine spongiform encephalopathy (BSE) status of Member States or third countries or regions thereof (countries or regions) is to be determined by classification into one of three categories depending on the BSE risk involved, namely a negligible BSE risk, a controlled BSE risk and an undetermined BSE risk.
- (2) The Annex to Commission Decision 2007/453/EC of 29 June 2007 establishing the BSE status of Member States or third countries or regions thereof according to their BSE risk <sup>(2)</sup> lists countries or regions according to their BSE risk status.
- (3) The World Organisation for Animal Health (OIE) plays a leading role in the categorisation of countries or regions according to their BSE risk. The list in the Annex to Decision 2007/453/EC takes account of Resolution No XXII — Recognition of the Bovine Spongiform Encephalopathy Status of Members — adopted by the OIE in May 2009 regarding the BSE status of Member States and third countries.

(4) In May 2010, the OIE adopted Resolution No 18 — Recognition of the Bovine Spongiform Encephalopathy Risk Status of Members. That Resolution recognised India and Peru as having a negligible BSE risk and Panama and South Korea as having a controlled BSE risk. The list in the Annex to Decision 2007/453/EC should therefore be amended to be brought into line with that Resolution as regards those third countries.

(5) Decision 2007/453/EC should therefore be amended accordingly.

(6) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS DECISION:

*Article 1*

The Annex to Decision 2007/453/EC is replaced by the text in the Annex to this Decision.

(2010/750/EU)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Commission Regulation (EC) No 27/2004 of 5 January 2004 laying down transitional detailed rules for the application of Council Regulation (EC) No 1257/1999 as regards the financing by the EAGGF Guarantee Section of rural development measures in the Czech Republic, Estonia, Cyprus, Latvia, Lithuania, Hungary, Malta, Poland, Slovenia and Slovakia <sup>(1)</sup> and in particular Article 3(4) thereof,

Having regard to Council Regulation (EC) No 1260/1999 of 21 June 1999 laying down general provisions on the structural funds <sup>(2)</sup>, and in particular Article 32(3) thereof,

Having regard to Council Regulation (EC) No 1257/1999 of 17 May 1999 on support for rural development from the European Agricultural Guidance and Guarantee Fund (EAGGF) and amending and repealing certain Regulations <sup>(3)</sup>, and in particular 47(3) thereof,

After consulting the Committee on the Agricultural Funds,

(1) Commission Decision 2009/984/EU <sup>(4)</sup> laid down the final balance to be paid or recovered at programme closure in the field of transitional rural development financed by the EAGGF of the Czech Republic, Hungary and Slovenia.

(2) On the basis of the annual accounts submitted by Estonia, Cyprus, Latvia, Lithuania, Malta, Poland and Slovakia concerning expenditure in the field of rural

development measures, accompanied by the information required, the accounts of the paying agencies referred to in Article 6(2) of Council Regulation (EC) No 1290/2005 of 21 June 2005 on the financing of the common agricultural policy <sup>(5)</sup>, have been cleared for the financial years 2005 <sup>(6)</sup>, 2006 <sup>(7)</sup>, 2007 <sup>(8)</sup>, 2008 <sup>(9)</sup> and 2009 <sup>(10)</sup>. The expenses incurred between 16 October 2008 and 30 June 2009 were declared in the 2009 annual accounts; thus, the clearance of accounts decisions referred to above clear the full expenditure incurred under these programmes.

(4) Article 32(3) of Regulation (EC) No 1260/1999 provides that the combined total payments which are made in respect of the programme, prior to the payment of the final balance, shall not exceed 95 % of the Community commitment for the programme.

(5) For the rural development expenditure covered by Article 3(4) of Regulation (EC) No 27/2004, the final balance to be paid or recovered shall be calculated on the basis of the latest clearance of accounts decision and additional information provided by Estonia, Cyprus, Latvia, Lithuania, Malta, Poland and Slovakia as per recital (6) hereafter.

(6) In the light of the closure of the Transitional Rural Development programmes, the Member States concerned were requested to provide information on the outstanding debts in respect of the programmes.
