- (b) to the category of wine for which it is protected for the European Union or to the class of wine for which it is protected for Switzerland, as indicated in Appendix 4.

(4) If traditional expressions listed in Appendix 4 are homonymous, protection shall be granted to each of the traditional expressions, provided that they are used in good faith and that, in practical conditions of use fixed by the Contracting Parties within the framework of the Committee, the fair and equitable treatment of the producers concerned is ensured and consumers are not misled.

(5) Where a traditional expression listed in Appendix 4 is homonymous with the name used for a wine-sector product not originating in the territory of one of the Parties, the latter name may be used to describe and present a wine-sector product, provided it is traditionally and consistently used, its use for that purpose is regulated by the country of origin and consumers are not misled about the exact origin of the wine concerned.

(6) This Annex shall in no way prejudice the right of any person to use, in the course of trade, that person's name or the name of that person's predecessor in business, except where such name is used in such a manner as to mislead the consumer.

(7) The registration of a trademark for a wine-sector product within the meaning of Article 2 which contains or consists of a traditional expression referred to in Appendix 4 shall, pursuant to the law of each Party, be refused or refused in part, either as a matter of course or at the request of an interested party, where the trademark in question does not concern wine-sector products that originate from the geographical area associated with the aforementioned traditional expression.

Article 11

Enforcement of protection

(2) In so far as the relevant legislation of the Parties permits, the protection afforded by this Annex shall extend to natural and legal persons, federations, associations and organisations of producers, traders and consumers whose head offices are located in the territory of the other Party.

(4) The measures and proceedings referred to in paragraph 3 shall be taken in particular in the following cases:

(b) where indications, trademarks, names, references or illustrations which directly or indirectly give false or misleading information as to the provenance, origin, type or material characteristics of the product appear on containers or packaging, in advertising or in official or commercial documents relating to a product whose name is protected under this Annex;
