Having regard to Decision (CFSP) 2022/578 of 8 April 2022 amending Decision 2014/512/CFSP concerning restrictive measures in view of Russia's actions destabilising the situation in Ukraine <sup>(1)</sup>,

Having regard to the joint proposal from the High Representative of the Union for Foreign Affairs and Security Policy and the European Commission,

Whereas:

It extends the list of controlled items which might contribute to Russia's military and technological enhancement or the development of its defence and security sector. It introduces additional import restrictions on certain goods from Russia, in particular on coal and other solid fossil fuels. It also introduces further export restrictions to Russia, in particular on jet fuel and other goods.
- (4) Decision (CFSP) 2022/578 also prohibits the award and continued execution of public contracts and concessions with Russian nationals and entities or bodies established in Russia.

## COUNCIL DECISION (CFSP) 2022/578

of 8 April 2022

### **amending Decision 2014/512/CFSP concerning restrictive measures in view of Russia's actions destabilising the situation in Ukraine**

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union and in particular Article 29 thereof,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

- (1) On 31 July 2014, the Council adopted Decision 2014/512/CFSP <sup>(1)</sup>.
- (2) The Union remains unwavering in its support for Ukraine's sovereignty and territorial integrity.
- (3) On 24 February 2022, the President of the Russian Federation announced a military operation in Ukraine and Russian armed forces began an attack on Ukraine. That attack is a blatant violation of the territorial integrity, sovereignty and independence of Ukraine.
- (4) In its conclusions of 24 February 2022, the European Council condemned in the strongest possible terms the Russian Federation's unprovoked and unjustified military aggression against Ukraine. By its illegal military actions, Russia is grossly violating international law and the principles of the UN Charter and undermining European and global security and stability. The European Council called for the urgent preparation and adoption of a further individual and economic sanctions package.
- (5) In its conclusions of 24 March 2022, the European Council stated that Russia's war of aggression against Ukraine grossly violates international law and is causing massive loss of lives and injury to civilians, and that the Union remains ready to close loopholes and target actual and possible circumvention of the restrictive measures already adopted, as well as to move quickly with further coordinated robust sanctions on Russia and Belarus, to effectively thwart Russian abilities to continue the aggression.
- (6) In view of the gravity of the situation, and in response to Russia's military aggression against Ukraine, it is appropriate to introduce further restrictive measures. In particular, it is appropriate to extend the prohibition on deposits to crypto-wallets, as well as to extend the prohibitions on the export of euro-denominated banknotes and on the sale of euro-denominated transferrable securities to all official currencies of the Member States. It is also appropriate to prohibit the award and continued execution of public contracts and concessions with Russian nationals and entities or bodies established in Russia. Furthermore, it is appropriate to prohibit the provision of support, including financing and financial assistance or any other benefit from a Union, Euratom or Member State programme to Russian publicly owned or controlled entities. It is also appropriate to introduce a prohibition on being a beneficiary, acting as trustee or in similar capacities for Russian persons and entities, as well as a prohibition on providing certain services to trusts. Moreover, it is appropriate to prohibit access to ports in the territory of the Union to vessels registered under the flag of Russia. It is also appropriate to restrict exports of jet fuel and other goods to Russia, as well as to introduce additional import restrictions on certain goods exported by or originating from Russia, including coal and other solid fossil fuels. Finally, it should also be prohibited to any road transport undertaking established in Russia to transport goods by road within the territory of the Union, including in transit.

<sup>(1)</sup> Council Decision 2014/512/CFSP of 31 July 2014 concerning restrictive measures in view of Russia's actions destabilising the situation in Ukraine (OJ L 229, 31.7.2014, p. 13).

- (7) It is also appropriate to extend the exemption from the prohibition to engage in transactions with certain State-owned entities to Switzerland, the European Economic Area and the Western Balkans. The Union expects the swift and full alignment of all countries in the region with EU restrictive measures, including those concerning Russia's actions destabilising the situation in Ukraine. Moreover, it is also appropriate to amend or introduce certain derogations in relation to the restrictions on dual-use goods and technologies, goods and technologies which might contribute to Russia's military and technological enhancement or the development of its defence and security sector, goods and technology suited for use in aviation or the space industry, jet fuel and fuel additives, and luxury goods.
- (8) Further action by the Union is needed in order to implement certain measures.
- (9) Decision 2014/512/CFSP should therefore be amended accordingly,
