COMMISSION OF THE EUROPEAN COMMUNITIES

COM(78) 460 final.

Brussels, 22 September 1978

Proposal for a
COUNCIL REGULATION (EEC)
temporarily and partially suspending the autonomous
Common Customs Tariff duties on certain types of
fish

(submitted to the Council by the Commission)

COM(78) 460 final.

EXPLANATORY MEMORANDUM

The Community's processing industry for fish is not sufficiently supplied with cod, haddock, and hake by Community fishermen. Denmark especially has become dependant on imports of these fish from third countries (see estimated indications for the first half-year 1979 in the annex to this explanatory memorandum). The Common Customs Tariff duties applicable to these fish (15/18%) reduce the competitiveness of the industry concerned compared with the prices of suppliers of finished products from third countries which are cheaper. Furthermore the rise in the prices should be met. For these reasons Denmark has requested a duty suspension for the fish in question.

Weighing the interests of Community fishermen and those of the Community's processing industry the Commission thinks that a duty suspension to a level of 10% is appropriate. The Commission therefore proposes in the attached Regulation that the present duty suspension which expires on 31 December 1978 should be prolonged for a new period of six months.
