NEGOTIATIONS FOR THE ACCESSION OF PORTUGAL

Twenty-first report on the examination
of Community secondary legislation

Supplement to the previous reports concerning
acts relating to the following fields:

INSTITUTIONAL AND GENERAL MATTERS
BUDGETARY MATTERS
EURATOM (EAEC acts)
RESEARCH and
SCIENTIFIC AND TECHNICAL INFORMATION (EEC and ECSC)
ENERGY (EEC and ECSC)

(Commission Communication to the Council)

COM(82) 429 final

I.

1. In continuation of the systematic examination of Community secondary legislation undertaken with the Portuguese Delegation in accordance with the brief received from the Council, the Commission has carried out an interim supplementary examination of the general acts adopted by the institutions of the European Communities in the following field:

- institutional and general matters,
- budgetary matters,
- Euratom (EAEC acts),
- research and scientific and technical information (EEC and ECSC),
- energy (EEC and ECSC)

This supplementary examination covered acts deliberately or accidentally omitted from the initial examination and questions not settled in the initial examination, and also new acts adopted subsequently in each of the fields in question which were in force on 31 December 1981.

As in the previous sector examinations, the Portuguese Delegation was also informed of all the acts adopted by the Council or the Commission in the fields in question which are not part of Community secondary legislation proper and are not legally binding on the Member States or their nationals (such as recommendations, resolutions and other internal decisions) but are of interest for the development or direction of Community activities and as such form part of the acquis communautaire.

2. Subject to the remarks made below, the results of the supplementary examination are set out in the two annexes to this report:

Annex I lists the new acts examined which do not require any technical adaptation to take account of Portugal's accession;

Annex II gives details of the technical adaptations which need to be made to certain acts and which will have to be specified in the accession instruments.

3. In the course of this interim supplementary examination it was found that certain acts which were in force at the time of the previous examinations of each of the fields in question - and which were accordingly included in the examinations - have since lapsed or have been amended by new acts adopted subsequently.

Any amendments which consequently need to be made to the technical adaptations set out in the conclusions of the reports embodying the results of the previous examinations are given in Annex II to this report in the form of corrections or additions to be made to the said previous results.

II.

An examination of the acts in question gives rise to the following additional remarks:

A. INSTITUTIONAL MATTERS AND BUDGETARY MATTERS

Subject to the remarks set out in the eleventh report on the examination of Community secondary legislation¹ and reiterated in the relevant statement by the Community delegation², the Commission's supplementary examination of the acts relating to these fields did not reveal any significant new problems which would have to be resolved in the framework of the substantive negotiations.

¹COM(80)908 final of 8 January 1981.

²CONF-P/17/81 of 20 May 1981.

B. EURATOM, RESEARCH AND ENERGY

1. The acts examined under the Euratom heading include the Council Decision of 16 December 1980 establishing the Advisory Committee for the Fusion Programme³, paragraph 14 of which contains provisions which will have to be adapted in the light of the participation of Portuguese delegates in the said Committee.

However, as this is an internal Council act, which does not form part of Community secondary legislation in the strict sense of the term, this adaptation will have to be carried out by an internal decision of the same type, which the Council will have to adopt after accession. Consequently, this act is not listed in either of the annexes to this report.

2. In the list of committees in respect of which provision will have to be made for complete renewal of membership upon Portugal's accession⁴, the following additional entry should be added:

- Advisory Committee on Industrial Research and Development established by Commission Decision 78/636/EEC of 29 June 1978 (OJ L 203, 27.7.1978, p. 36), as amended by Commission Decision 81/1/EEC of 19 December 1980 (OJ L 10, 10.1.1981, p. 18)

³See Doc. 4151/81 - ATO 103.

⁴See COM(80)548 final of 30 September 1980 (section II, point 3) and CONF-P/45/80 of 9 January 1981 (section 2, E point 3).

INSTITUTIONAL AND GENERAL MATTERS

I. Corrections and additions to be made to the adaptations specified in the results of the previous examination (see Annex II to the initial report)

1. In point 1 (concerning Council Regulation No 1 of 15 April 1958) of heading A (adaptations of a permanent nature, the wording of which can be given in the act of accession), it is necessary to:

- delete the square brackets around the reference to the Act of Accession of Greece and to add the following publication reference:

"(OJ L 291, 19.11.1979, p. 17)"

- delete the square brackets around the words indicated in the adaptations to Articles 4 and 5 of the said Regulation.

2. In heading B (adaptations of a permanent nature to be established at a later stage), the reference to certain acts in point 1 (Council Decisions 78/671/ECSC and 78/892/ECSC) should be replaced by the following:

1. Council Decision 80/988/ECSC of 20 October 1980 designating representative organizations required to draw up lists of candidates for the Consultative Committee of the ECSC.

(OJ L 283, 28.10.1980, p. 28)

as supplemented by:

- Council Decision 81/83/ECSC of 20 January 1981 designating Greek representative organizations required to draw up lists of candidates for the Consultative Committee of the ECSC.

(OJ L 58, 5.3.1981, p. 28)

(The adaptation indicated remains unchanged).

II. New adaptations
